Hi all, I am starting this thread for mostly my use for special spiritual material I discover. This post below is something that was posted to my forum from a spiritual leader who passed this world in 1944, who knew what was soon to come, these times now.

I **will** accept posts of a similar nature in this thread. I will remove any negative posts any any new age posts that are not of truth. There is a lot of "CIA" work going on in new age, under what the CIA calls their Council of Light program, which I label, the Council of the NOT SO Light. I will remove any channelings from those sites, even if some of the channeling be some truth. NOTHING from Mark Huber, Tara and Rama, or most of the Ashtar sites please.

The purpose of thread is not for discussion, just for the posting of quality spiritual material that those attracted to the truth of the changes coming can enjoy. I have another thread going of a similar nature, Discovering the Urantia Book, for UB material only. [[link to www.godlikeproductions.com](http://www.godlikeproductions.com)]

This piece is a wonderful description of the process that was being started maybe the late 1800's and gaining in intensity NOW, as so many of you here on GLP are aware of. Some are against it, and some are supportive of it. This is the promised judgement and all planets go thru these at intervals. This IS the prison world of Lucifer and this supporters and a lot of the galactic thugs.

It will be raised up, not only are we at the end of a cycle of time, the Mother is awake and fully self conscious, GAIA, and this planet can no longer be a prison world. It is also HER ascension, and not just that of man who choses to raise himself up. She has made the free will choice herself to move up.

Now, a statement regards the problems GLP has experienced of a legal nature about posts from the internet. As to genuine spiritual material GOD does not limit what can be posted, God does not use copyrights, and some day on earth we will not either. Thus the piece is posted in it's entirety with link to source.

Peter Deunov 1944 Prophecy

The Prophecy of Peter Deunov (Beinsa Douno)

The prophecy of Peter Deunov regarding the end of our civilization and the beginning of the Golden Age on Earth.

Also known under the spiritual name of Beinsa Douno, the Bulgarian Master Peter Deunov (1864-1944) was a being of a very high level of consciousness, at the same time an incomparable musician, that gave during his whole life an example of purity, wisdom, intelligence and creativity. For years he was established close to Sofia where he lived surrounded by numerous disciples, he, by his radiance awakened the spirituality of thousands of souls in Bulgaria as well as the rest of Europe.

Some days before his departure to the other world, he was in a profound mediumistic trance, he made an extraordinary prophecy in regards to our troubled epoch that we are crossing today, a prophecy about the "end of time" and the coming of a new Golden Age of humanity.

Here is this deeply moving testament. It is current and so vibrant that one doubts that these words were spoken almost 60 years ago.

"During the passage of time, the consciousness of man traversed a very long period of obscurity. This phase which the Hindus call "Kali Yuga", is on the verge of ending. We find ourselves today at the frontier between two epochs: that of Kali Yuga and that of the New Era that we are entering.

A gradual improvement is already occurring in the thoughts, sentiments and acts of humans, but everybody will soon be subjugated to divine Fire, that will purify and prepare them in regards to the New Era. Thus man will raise himself to a superior degree of consciousness, indispensable to his entrance to the New Life. That is what one understands by "Ascension".

Some decades will pass before this Fire will come, that will transform the world by bringing it a new moral. This immense wave comes from cosmic space and will inundate the entire earth. All those that attempt to oppose it will be carried off and transferred elsewhere.

Although the inhabitants of this planet do not all find themselves at the same degree of evolution, the new wave will be felt by each one of us. And this transformation will not only touch the Earth, but the ensemble of the entire Cosmos.

The best and only thing that man can do now is to turn towards God and improve himself consciously, to elevate his vibratory level, so as to find himself in harmony with the powerful wave that will soon submerge him.

The Fire of which I speak, that accompanies the new conditions offered to our planet, will rejuvenate, purify, reconstruct everything: the matter will be refined, your hearts will be liberated from anguish, troubles, incertitude, and they will become luminous; everything will be improved, elevated; the thoughts, sentiments and negative acts will be consumed and destroyed.

Your present life is a slavery, a heavy prison. Understand your situation and liberate yourself from it. I tell you this: exit from your prison! It is really sorry to see so much misleading, so much suffering, so much incapacity to understand where one's true happiness lies.

Everything that is around you will soon collapse and disappear. Nothing will be left of this civilization nor its perversity; the entire earth will be shaken and no trace will be left of this erroneous culture that maintains men under the yoke of ignorance. Earthquakes are not only mechanical phenomena, their goal is also to awaken the intellect and the heart of humans, so that they liberate themselves from their errors and their follies and that they understand that they are not the only ones in the universe.

Our solar system is now traversing a region of the Cosmos where a constellation that was destroyed left its mark, its dust. This crossing of a contaminated space is a source of poisoning, not only for the inhabitants of the earth, but for all the inhabitants of the other planets of our galaxy. Only the suns are not affected by the influence of this hostile environment. This region is called "the thirteenth zone"; one also calls it "the zone of contradictions". Our planet was enclosed in this region for thousands of years, but finally we are approaching the exit of this space of darkness and we are on the point of attaining a more spiritual region, where more evolved beings live.

The earth is now following an ascending movement and everyone should force themselves to harmonize with the currents of the ascension. Those who refuse to subjugate themselves to this orientation will lose the advantage of good conditions that are offered in the future to elevate themselves. They will remain behind in evolution and must wait tens of millions of years for the coming of a new ascending wave.

The earth, the solar system, the universe, all are being put in a new direction under the impulsion of Love. Most of you still consider Love as a derisory force, but in reality, it is the greatest of all forces! Money and power continue to be venerated as if the course of your life depended upon it. In the future, all will be subjugated to Love and all will serve it. But it is through suffering and difficulties that the consciousness of man will be awakened.

The terrible predictions of the prophet Daniel written in the bible relate to the epoch that is opening. There will be floods, hurricanes, gigantic fires and earthquakes that will sweep away everything. Blood will flow in abundance. There will be revolutions; terrible explosions will resound in numerous regions of the earth. There where there is earth, water will come, and there where there is water, earth will come. God is Love; yet we are dealing here with a chastisement, a reply by Nature against the crimes perpetrated by man since the night of time against his Mother; the Earth.

After these sufferings, those that will be saved, the elite, will know the Golden Age, harmony and unlimited beauty. Thus keep your peace and your faith when the time comes for suffering and terror, because it is written that not a hair will fall from the head of the just. Don't be discouraged, simply follow your work of personal perfection.

You have no idea of the grandiose future that awaits you. A New Earth will soon see day. In a few decades the work will be less exacting, and each one will have the time to consecrate spiritual, intellectual and artistic activities. The question of rapport between man and woman will be finally resolved in harmony; each one having the possibility of following their aspirations. The relations of couples will be founded on reciprocal respect and esteem. Humans will voyage through the different planes of space and breakthrough intergalactic space. They will study their functioning and will rapidly be able to know the Divine World, to fusion with the Head of the Universe.

The New Era is that of the sixth race. Your predestination is to prepare yourself for it, to welcome it and to live it. The sixth race will build itself around the idea of Fraternity. There will be no more conflicts of personal interests; the single aspiration of each one will be to conform himself to the

Law of Love. The sixth race will be that of Love. A new continent will be formed for it. It will emerge from the Pacific, so that the Most High can finally establish His place on this planet.

The founders of this new civilization, I call them "Brothers of Humanity" or also "Children of Love" They will be unshakeable for the good and they will represent a new type of men. Men will form a family, as a large body, and each people will represent an organ in this body. In the new race, Love will manifest in such a perfect manner, that today's man can only have a very vague idea.

The earth will remain a terrain favourable to struggle, but the forces of darkness will retreat and the earth will be liberated from them. Humans seeing that there is no other path will engage themselves to the path of the New Life, that of salvation. In their senseless pride, some will, to the end hope to continue on earth a life that the Divine Order condemns, but each one will finish by understanding that the direction of the world doesn't belong to them.

A new culture will see the light of day, it will rest on three principal foundations: the elevation of woman, the elevation of the meek and humble, and the protection of the rights of man.

The light, the good, and justice will triumph; it is just a question of time. The religions should be purified. Each contains a particle of the Teaching of the Masters of Light, but obscured by the incessant supply of human deviation. All the believers will have to unite and to put themselves in agreement with one principal, that of placing Love as the base of all belief, whatever it may be. Love and Fraternity that is the common base!

The earth will soon be swept by extraordinary rapid waves of Cosmic Electricity. A few decades from now beings who are bad and lead others astray will not be able to support their intensity. They will thus be absorbed by Cosmic Fire that will consume the bad that they possess. Then they will repent because it is written that "each flesh shall glorify God".

Our mother, the earth, will get rid of men that don't accept the New Life. She will reject them like damaged fruit. They will soon not be able to reincarnate on this planet; criminals included. Only those that possess Love in them will remain.

There is not any place on earth that is not dirtied with human or animal blood; she must therefore submit to a purification. And it is for this that certain continents will be immersed while others will surface. Men do not suspect to what dangers they are menaced by. They continue to pursue futile objectives and to seek pleasure. On the contrary those of the sixth race will be conscious of the dignity of their role and respectful of each one's liberty. They will nourish themselves exclusively from products of the vegetal realm. Their ideas will have the power to circulate freely as the air and light of our days.

The words "If you are not born again." apply to the sixth race. Read Chapter 60 of Isaiah it relates to the coming of the sixth race the Race of Love.

After the Tribulations, men will cease to sin and will find again the path of virtue. The climate of our planet will be moderated everywhere and brutal variations will no longer exist. The air will once again become pure, the same for water. The parasites will disappear. Men will remember their previous incarnations and they will feel the pleasure of noticing that they are finally liberated from their previous condition.

In the same manner that one gets rid of the parasites and dead leaves on the vine, so act the evolved Beings to prepare men to serve the God of Love. They give to them good conditions to grow and to develop themselves, and to those that want to listen to them, they say: "Do not be afraid! Still a little more time and everything will be all right; you are on the good path. May he that wants to enter in the New Culture study, consciously work and prepare."

Thanks to the idea of Fraternity, the earth will become a blessed place, and that will not wait. But before, great sufferings will be sent to awaken the consciousness. Sins accumulated for thousands of years must be redeemed. The ardent wave emanating from On High will contribute in liquidating the karma of peoples.

The liberation can no longer be postponed. Humanity must prepare itself for great trials that are inescapable and are coming to bring an end to egoism.

Under the earth, something extraordinary is preparing itself. A revolution that is grandiose and completely inconceivable will manifest itself soon in nature. God has decided to redress the earth, and He will do it!

It is the end of an epoch; a new order will substitute the old, an order in which Love will reign on earth."

Love is the highest motivation which man may utilize in his universe ascent. Love is the desire to do good to others-Urantia Book

Moral acts are those human performances which are characterized by the highest intelligence, directed by selective discrimination in the choice of superior ends as well as in the selection of moral means to attain these ends. Such conduct is virtuous. Supreme virtue, then, is wholeheartedly to choose to do the will of the Father in heaven. UB

The Pupil

By Peter Konstantinov Dеunov

I divide people into four categories: Old Testament people, New Testament people, the righteous, and pupils. I use these terms for lack of other more fitting words and because they arouse in men familiar images and ideas. These words express four great epochs in the development of man, four kinds of culture, four general group trends in human consciousness. You will find in the Old Testament the kind of views held by the Old Testament people.

You will find in the New Testament the views of the New Testament people. You may learn the conceptions of the righteous if you study our contemporary culture. The righteous are men of an established order of rights. But if you look for the path of the pupil, you will find it neither in the Old Testament nor in the New Testament, neither in the scientific nor the ethical systems of the present world.

The path of the pupil - this is the new concept that is being introduced today into the life of humanity.

In order to give a conception of the attitudes of these four categories in the world, I will give you the following explanation. First, you are an intelligent being whom the supersensible world sends to earth, giving you a body without asking you whether you want it or not. That is the attitude of the Old Testament man. Second, you are sent to earth, you are given a body, and you have the small amount of freedom to say where you want to go. This is the attitude of the New Testament man. Third, you are sent by the supersensible world to earth to study under the most favorable conditions, and you have, comparatively, greater freedom. This is the attitude of the righteous man. In the Old Testament life, you atone for your sins and suffer. In the New Testament life, you try to perfect yourself. In the life of the righteous, you help others, but when you come to the earth as a pupil, you begin to study the great science of Love.

In the life of Love, a man is truly self-determining, and at the same time he determines his relations to other men, and to the perfected beings.

All contradictions existing in the world derive from these four types of life, these four general streams that operate in the world. Applied to the human organism, they have the following correspondences: Old Testament life flows in the stomach and the intestines; New Testament life flows in the lungs and the sympathetic nervous system; the life of the righteous flows in the lower

layers of the brain; and the life of the pupil flows in the upper layers of the brain. This last occupies the best place. Therefore, the life of the pupil represents the highest ideal in man.

Many have tried to reconcile these streams of life, to eliminate the contradictions which arise as a natural consequence of them. But the results of these four types of life are in themselves not reconcilable. These streams cannot be isolated immediately. Their isolation or better, their full control, takes place gradually. It is attained only when the life of the pupil comes to its completion and attains its high goals.

The life of the pupil includes the values of all the four types of life, because these types of life in themselves are phases through which man must necessarily pass. The Old Testament people prepare the way for the New Testament people, and these prepare the way for the righteous, and the righteous prepare the path of the pupil, and the pupils prepare for the coming of the Kingdom of God on earth - to them belongs that difficult task. And when a man passes from the Old Testament life into the life of the New Testament, he takes with him everything of value from the former into the latter. Later, when he passes from the New Testament life into the life of the righteous, he takes into this third life everything of value from the second. Finally, everything of value from the life of the righteous is taken to the life of the pupil. In this way an inner connection is established among all people, an inner unity above and beyond the contradictions which are inherent in these four types of life.

The sources of these four types of life are various, and the conditions under which they develop differ. The pupil, after passing through all these four types of life as through a preparatory school, enters into entirely new conditions and draws life and strength from a new source. Christ spoke of this source when he said, "When the Spirit of Truth is come, he will teach you all things."

Once man enters on the path of the pupil, he assumes a new outlook on life entirely different from the conceptions of the Old Testament and New Testament people, and from those of the righteous as well. All men from these three categories still live only in the sphere of personal life - they do not yet live for the Whole.

Old Testament men seek wealth and property. They become embittered by the difficulties of life.

New Testament men seek sympathy and tenderness. The difficulties and sufferings of life make them hesitant and discouraged, and lead them into temptations.

The righteous seek honor and esteem. Contradictions hurt them and offend them. They have climbed to the highest peaks of personal life, and that is why they are so sensitive concerning their personal dignity. In everything they do, they seek acknowledgment, esteem, and honor.

Only the pupil seeks neither external wealth, nor sympathy and support, nor honor and esteem. Only the pupil does not become embittered, offended, or tempted. He gladly accepts the contradictions he meets in life, because he knows that they are the inevitable results of the four group streams of life. He accepts every contradiction as a problem of importance which he must solve.

He thinks and acts in this way, because he has passed through self-renunciations. He has set foot on the path of the pupil after he has rejected the life of the Old Testament man, the life of the New Testament man, and the life of the righteous.

Therefore, I say to you: Only the pupil learns; others simply occupy themselves.

Ordinary people fight one another, criticize one another, and moralize with one another. The pupil

never criticizes anyone, nor does he moralize with anyone. He does not occupy himself with the mistakes of others. They do not exist for him. For him exists only the right way to live - the life of Love. For the pupil, God is not the Jehovah of the Old Testament who judges and punishes people. For him, God is the God of Love, of Light, of Peace, and of Joy. These are also the qualities of a pupil.

And if you ask me what the ideal of a pupil is, I shall reply:

Love, Light, Peace, and Joy for all souls! This is not an ideal to be attained in eternity. It can be attained even now. I speak not of Wisdom and Truth - another epoch will come for them. They are not for the present age. At this time, pupils need Love, but not without light; they need light, but not without peace; they need peace, but not without joy. They need Love with light, light with peace, and peace with joy. All these are connected with one another.

Present-day people have within themselves neither peace nor joy. For that reason, when men of religion or of science speak of their experiences, their deductions and conclusions are ordinary and temporary.

When a pupil tells of a personal experience, it must be an experience of Love in which there is light; it must be an experience of light in which there is peace; it must be an experience of peace which brings joy to the soul.

The Love, the Light, the Peace, and the Joy of which I speak are not manifested in modern life in the lives of ordinary people. They are attributes of the pupil. Pupils are the only channels of these powers, they are their only interpreters in life.

Of course, I only touch upon those great realms into which the pupil enters. In truth, they constitute a great and vast science for the study of which ages of time are necessary.

Love is a beautiful, boundless world. It is a great thing for man to experience love in its developing and unceasing manifestations, beginning with the physical world, passing on to the spiritual and reaching to the Divine world.

A great thing it is for man to experience Light in all the forms which it creates. A great thing it is to experience Peace, to experience Joy.

These are realms through which the pupil must pass, which he must experience and investigate on his path, until he reaches the completion of his life as a pupil and begins to study thoroughly the great path of a Master.

Then at last he will attain that deep understanding of life, that deep understanding of the Love that operates in the world, the understanding of the reasons which cause the Great Masters to come down and work among men.

Love, Light, Peace, and Joy are fruits of the Divine Spirit. The pupil must be nourished by those fruits. The first fruit which he tastes is Love. The pupil must, without fail, taste of this fruit, because it contains eternal life.

And he who wishes to find eternal life - the life that flows from Love - must return to the tree of life. He must forsake the ways of the Old Testament man, of the New Testament man, and of the righteous, and follow the path of the pupil.

You know the words of Christ: "Go, sell all you have, and give it to the poor, and come, follow me."

And I say to you: "Go and give away the life of the Old Testament man, give away the life of the New Testament man, give away the life of the righteous, and then go to your Master! He will welcome you."

A Master has four great pupils in the world whom he loves best. And if these four pupils recommend you to him, he will accept you in his school. If Love recommends you to your Master, if Light recommends you, if Peace and Joy recommend you, he will accept you. He will open wide for you the doors of the school, he will bless you and acquaint you with the other pupils, and thereafter you will be a pupil of your Master.

But beware of going to your Master before you have given away your Old Testament and New Testament treasures, and your wealth of the righteous. If you go to him with all of the trifles and adornments belonging to those three types of life, if you go with all of your righteous dignity, the Great Master will only smile and close the door of the school to you.

A pupil must have only one comprehension of life. He who wishes to be a pupil must have only one conception about things.

A pupil may have only one Master in life.

Remember this great truth:

There is only one Master in the world and all masters have come from him.

There is only one Pupil in the world, and all pupils come from him.

The pupil must know that he can be loved only by him who teaches him - his Master. And the pupil can love only him who teaches him. Only the immortal is to be loved - only that which never loses its beauty, its intelligence, its kindness and goodness.

You may ask what are the first steps on the path of the pupil?

The rule is - the pupil must begin with love. Then he will proceed to light, and after that to peace and at last to joy.

The pupil will bring joy to his life as a solution to his problems. I speak not of the joy that is changeable, but of the joy of the pupil upon which nothing can cast a shadow, and which is never exhausted. That joy is the highest peak in the material world. No cloud can cover that peak, and the divine sun always shines on it. Never are there any storms on this peak - there reigns love, there reigns light, there reigns peace.

This is the natural path of a pupil: love, light, peace, and joy. A man might travel over all the world, he might knock on the doors of all schools, he might look for all the great Masters who bring the Divine Word, and they will all indicate to him this path. They all have the same divine idea about the path of the pupil which cannot be changed.

Everywhere he will be told that the first step in the life of the pupil is Love. When he begins to apply Love, the gates of his mind will be opened and the knowledge of past ages, as well as the knowledge of the present and the future, will begin to stream into him naturally.

Indeed, there is a greater path than that of the pupil, but only after a man reaches the end of the path of the pupil, will the great path of the Masters be opened before him. It is the path of Wisdom, which is the most difficult of all.

Love, light, peace, and joy - these are the stages on the path of the pupil.

When I speak of the pupil, I have in mind the ideal pupil. This pupil studies in this world and in the world of the unseen as well. He never leaves school - during the day he studies in the laboratory of the earth, and during the night he goes to his Master who teaches him theories. The next morning he returns to the earth in order to continue his practical work in the laboratory.

The ideal pupil knows that he is always a pupil - that he has been, is, and always will be one. And in the future, when the earth and the whole solar system finish their evolution, he will become a pupil in another, a greater school. Then he will have another name. The word "pupil" is too weak to express the profound idea hidden in this conception. In a more narrow sense, the word "pupil" implies one who studies here on the earth, in this restricted circle of life. He studies here, and will learn as much as the conditions of earthly life permit. He does not yet have a conscious connection with the supersensible world - when he goes to sleep in the evening, his conscious pupilage stops. Therefore, the "pupil", in the true sense of the word, is one who has already had real experience in the spiritual world, who has conscious connection with it.

The life of the pupil, after his consciousness is awakened, becomes a life of creation and of work - not a life of grace. Through grace he became a pupil, but now labor, effort, and work are required from him. A pupil will be tested and weighed for a long time before he is accepted into the kingdom of God. If he is found the least bit wanting, he will immediately be sent back.

Entrance into the kingdom of God depends on the knowledge and the wisdom of the pupil, and not on his love. One cannot enter the kingdom of God through grace.

Christ tells us what is required of the pupil in order to enter the kingdom of God and to obtain eternal life: "And this is life eternal, that they might know Thee the only true God, and Jesus Christ whom Thou has sent." The knowledge of God and of Christ is the condition for attaining eternal life. Only through this knowledge is eternal life attained. If knowledge does not bring eternal life, then it is of no use.

But in order to attain this, the pupil must learn to create as God creates.

How? In the first chapter of Genesis a symbolic picture is given of that process of creation which begins within the pupil after his consciousness is awakened.

Before that, however, the pupil will enter into the great silence, in which there is neither sound nor light. Then, from the depths of his soul he will call to the Unseen, Unknown God of Eternity, the Creator of all. He will call to Him with all his soul, with all his spirit, with all his mind and with all his heart, and he will say, "Lord, I wish to know You. You are the one Creator of all, and beside You there is no other God!" And if the pupil calls on God with that fullness, from somewhere in space, a small, microscopic light will shine forth and give him such joy that at once he will forget all of his suffering and sorrow. And from afar he will hear the voice of God, his Master, saying to him, "You wish to know me and to test me - be prepared, then, for work. This is the first day of your life. Your earth is unorganized and barren; darkness is over the deep. Separate the light from the darkness and begin to organize your earth. Say, 'let there be light!'"

And if the pupil is one of the chosen, he will say, "Let there be light !" and within him there will be light.

"Let there be light!" - this is the great aspiration to learn which is in the soul of the pupil.

Then the great days of creation will succeed one another in the life of the pupil, and he will begin

to construct his universe under the skillful guidance of his Master.

"Let there be light!"

Nice new version of the Lord's prayer near the end.

THE END- Arch Angel Uriel thru Hazel

That which has been promised is fulfilled. Fulfilment originates in the spirit and that has been accomplished. The moments shall now begin to turn into reality as events brandish your world that will leave indelible prints in its long and colorful history. The thermometer is now set at its highest and the heat will be experienced by many on your earth plane. For it is through this heat that the well needed cleansing shall in earnest begin.

The cycle peaks now and the pinnacle is conspicuous. As you take these last few steps on what has been an uphill climb with the end in sight, you will know that with every end, new beginning dawns. Let your end signal the rewards of a new tomorrow. We near the pinnacle of completion and at the peak of the mountain of this life rests a new ambience, a crater of goodness already present and waiting to be released in a fresh flow of energy that will cradle your new world.

Count the joys of today for those of tomorrow will be greater. Know thyself today for the uncovering of tomorrow shall bring wealth of certainty and you shall be reminded of aspects of thee that you long thought forgotten. For it is in the reminding that you shall reflect with deeper vision and begin to envisage the reality of your new day after the end of the old.

If you can listen with intent on that day you shall hear the applause from above as we welcome you to new abode and new vibration.

I have before this time requested that you say your good byes. Do not leave for tomorrow what you must do today for time shall creep upon you as a lion to its prey. Before you are aware, you

shall be in new pastures. Shed unwanted aspects of thee in readiness now. We are most present with thee at this time of great awakening. Close the doors beloveds, ensure that not even a peephole remains for now there must be no looking back. Regrets are yesteryear, hope bides its time to manifest within the glorious vision of tomorrow. Let your space rejoice in that joy. Know that for all, wherever some may go, new beginnings will be had, new opportunities present and a journey to continue in different energies. None shall die; there will only be a re establishment that all may be given fair chance to ascend. Be glad that the Mother shall return to the spice of her origin. The end bespeaks a time of great rejoicing.

The promise of the resurrection is being fulfilled before you now. Be vigilant. Join your hearts together to welcome the bright new tomorrow and give thanks to all that has passed for it has brought you to this point in your incarnation. Thank all who and which have contributed to your growth to date; for a new sequence is to begin wherein you shall utilize all you have learnt to take you forward in tune with higher resolve.

This is the END beloveds. The clock is short a few seconds of stopping. Prepare yourselves now. Go within and ensure that YOU are attired in your best wear, so that you glow with divine radiance. Prepare to give your best to others and let your mood delight in all that is spiritual. For this is your homecoming. Listen out as the celestial music begins that you may be ready to participate in the first dance of this your ascension parade.

Our Father, You who have dwelt within us in this incarnation, we give Thee thanks for Your perpetual presence and the continuous guidance of Your Light within, even in those times when we could not see or know. How we bless this our experience acknowledging that where we are now is a credit to the extent that we allowed you to manifest within and through our lives. We glorify in the sanctuary of our inner light as we take these last steps that will gain us entry into our new world. Be with us even and ever more that our inner awareness may assume a greater dimension of knowing and purpose as we transcend and transition into new grounds that will earn us and offer us opportunities to further bridge the divide between physical and spiritual. As we bid goodbye, we do so in love and gratitude and we look forward to creating spiritual sentiments going forward, that which last eternally.

I am Uriel come to redefine what the end means and to remind you that this promise is upon you now. Rejoice.

Uriel come in the light of Aton.

Thank you for this post! It warms my heart to hear only optimistic and only peaceful words on this site. You have completely restored my faith in this forum. You are truly appreciated. God Bless. I find it interesting that the path of the pupil is so obvious and so clear in it's approach to life, where-as 'the others' just scream warning signs and red flashing lights. I, like you, was not raised in a religious, or even spiritual, setting and have thus had to find my own way in that regard. I wouldn't trade my upbringing for anything because it has left me an open template, which makes it nigh impossible to converse or even convince many of the folks i interact with that Jesus' teachings are 'relevant' (I have to dumb it down sometimes because NECESSARY really brings the fire out of people, which can be good for them or get me punched, and has). The difficulty comes when people simply assume that because it was written in the bible, it is corrupt, out-dated, and irrelevant. The truth of the matter is, I have read many other spiritual books (on-and-off

Urantia reading for sure, I can't bring myself to one-shot that book, very intense stuff and sometimes hard to digest, but I cherish the experience) including native American Teachings, Taoist, Bhuddist, and snippets of the I-Ching. This may appear to be a self-centered post, but in a way I am looking for some recognition, and seeking some kind of human-to-guman gratification because, heck, I am human. I do believe that I am not alone in the venture of 'the pupil' and encourage all others on the path to continue and allow yourself to learn from the experience and know that there is no failure in this round. Failure only comes from accepting failure as just that and having it stain your soul, which is perfect and full of light at all times. Only your human side (pride, culture and ego) will accept failure and accept that you are not perfect in every way and that you are not doing as you are meant to be doing here on this planet, having this human-experience. You said it best, brother, Love is the answer, Love is the secret (not that it should be a secret), and Love is the next step, in every scenario. Thanks again for the post.

Ok, after a computer death, I am back up and collected the links to my threads here. So here's another lovely post and thanks to some of you here who posted your appreciation. Here's a piece on the Resurrection (called ascension by some) of Mother Gaia and her body. This ascension topic is about HER ascension into the light, and those that are ready for such personally may join her. GAIA is a living being, by that I mean her MIND, but of course the planet IS her body.

GAIA has become self conscious and thus self determining in her own right and she is ready for her personal ascension. She is a lovely soul and man must start understanding that she is as real as he is. This piece is from Father Melchizedek. Now many of you have heard that term Melchizedek. There is a huge group of created beings (angels as a general term for created beings), call the Melchizedeks of our university. The first Melchizedek created by Father and Mother God (Christ Michael and Nebadonia of our universe called Nebadon), is called the Father Melchizedek. He is a Father, as he then participates in the creation of the rest of the class of Melchizedeks with Michael and Nebadonia.

The channel of this piece is Hazel, who is herself an incarnate Melchizedek, and thus Father Melchizedek is one of her 3 "parents" from "heaven."

This is the Time of the Resurrection -

Father Melchizedek

The eyes of the Universe are on planet Shan as she begins this her ascent into life and light. Her resurrection has begun in the wake of momentous changes affecting the planet and all life. It is indeed a sight to behold from the celestial realms for she is rising. Her spiritual antenna is now extending beyond the surface of current dimension and she is picking up waves of cosmic energy which concurrently aids her resurrection. She is now being guided back to her light, a light that has been subdued by the tempers of darkness for too long. The dark has efforted to snuff out her light whilst keeping her in a state of comatose to use for their base purposes.

She is no longer beholden to serve as a prison planet to aid in the relighting of the dark ones. She has been liberated and through her liberation she will find her resurrection and eventual ascension.

The resurrection of the planet signifies the renewal of her light through the reclamation of her divinity as she reaches beyond her current state to merge in Oneness with her Creator. Her light is being allowed to shine again gloriously and this in itself is a celebration of resurrection. More cogently though is the ordination that she purposefully return to the Light which birthed her and thus in her resurrection she is granted a clean state in which to evolve as every life force in creation is expected to.

She is being plucked from the doldrums of darkness and shown the way to Light and Life. The planet has been existing in a culture of slavery as a servant who has been whipped, lashed assaulted, battered and bled under oppressive practices of those fallen. Well the Father has declared that she is free of servility and will be resurrected as a land of the living. The pall of death which hangs like a noose around the planet and her inhabitants has been removed and for the first time in ages she and those who resurrect with her will know what Life is.

The resurrection holds the promise that the spirit of man will take precedence over the flesh and man will see that life exist only in spirit and that all life has a spirit and all are linked by spirit back to the Source of All. Through the resurrection will come a new paradigm that transcends the comfort zone of man's senses that man may begin to understand that, that which is resurrected is not the flesh but the spirit which holds the light and that light must valiantly aspire to greater light until man no longer needs the experience of the flesh to facilitate him growing into his spirit. As the light within man, being his spirit, is renewed and reborn through the resurrection, so too shall the Truth. As the light of man resurrects he shall come into greater understanding of the Love principle and so too shall divine love within man be resurrected. As the light, love and truth within man is reborn so too shall the God within be resurrected.

Yes dear ones this is the time of the resurrection of the planet and those who choose to ascend into light and life. The resurrection will be a victory and reward of the light within all those who have laboured to maintain their frequency in support of the God incarnate. Their light will be resurrected, meaning brought into the full power of its life that the journey can be continued with alacrity and without further imposed impediment.

The planet's resurrection also involves her rising to her true identity, to be that which she was created to be, a jewel in the Fathers Kingdom. She will assume once again the title and reflection of the Emerald planet. No more will she or those who have chosen the light be lost in the swamp of purgatory created by the dark of your world. You will each resurrect to be who you are.

Make no mistake though children, resurrection is a choice. If only ones could appreciate the momentousness of these times and the great significance it has in the planetary cycle, ones will wish to partake in this rare occurrence.

The resurrection is a life line you can choose if you are ready to embrace change, if you are ready to assume the mantle of your true being and if you are ready to take on your true role as co-creator. Your resurrection signals a brand new beginning for you as individuals and for all on the planet who remain and those yet to come. This resurrection will enable ones who come, to continue their journey in an environment conducive to evolving further into light and acquiring, unhindered, greater cosmic awareness. This resurrection goes beyond freedom and renewal. It will set the stage for posterity and ensure that the will of the Father be done.

I wish you ones to understand that the resurrection is a gift as much as it is a choice and the Father's decision to extend the time as you know it to accommodate a fertile harvest was premised on him desiring that more of His children would have accepted the gift of the Resurrection and in so doing choose Light, Life and Love through a cosmic understanding.

Sadly it seems for many that their resurrection must be postponed to a time when they are more ready. It is with great compassion and love that I say this for we do not judge. Many of these ones have been caught in the mire imposed by the dark and have not been able to find their way out. They have become so programmed that they cannot differentiate true light from affected light. They too are sincerely loved and will find their way back with our help

I ask you ones to rejoice for this resurrection under way is a culmination of thousands of years in your understanding of God seeking to bring truth and enlightenment to man. Man has always been told of the cyclical changes to expect yet most ignore in disbelief. Well the resurrection is taking place before your very eyes and still many cannot see. But see they shall for matters are coming to a head now and the clock is soon to stop as the new one is rewound to kick start an era of new life.

The resurrection of the planet will see her assume mighty proportions and enhanced aesthetic qualities as creation takes on a new meaning. Her vibrancy will return as she sheds the pallor of pain and as you ones say she will be alive and kicking again. You children of the Light who have purposely chosen and been dedicated to your planet's resurrection and ascension and that of humanity, you shall receive your rewards. For eyes have not seen nor ears have heard that which the Father has in store for those who have been faithful to Him. The resurrection is your reward and holds rewards beyond your understanding for it shall present to you the gift of new resolve, enhanced abilities, restored memories, deeper connections with spirit and a pronounced feeling of Oneness with the Source. Your lives will be certainly enriched and man will live to grow and not to die.

Dear ones the resurrection that is now underway bears much significance and I ask that you see through your inner vision which will confer a long term perspective. This is the beginning of Life.

I am Father Melchizedek and I come to enlighten you on the different faces of the Resurrection whose clutches you are firmly within now. Be prepared to understand the depth of its meaning that when it has delivered you to a new state of being you are prepared to honour its bestowal. This is the Father's gift; congratulations to all who have had the foresight and courage to choose it.

May you all be blessed by the divine light of the Creator son, Aton, of the Lighted Source.

Christ Michael was the one (of a joint incarnation) of 2000 years ago that Paul labeled "Jesus Christ". He has been returned in craft since 1954, doing many things behind the scenes including his team that got the Internet going, amongst other necessities to raising up the knowledge available to this planetary peoples. Christ Michael is the CREATOR SON, and thus "God" of our universe that is called Nebadon. There are 700,000 universes and more coming into being. Each has it's own Creator Son, whose parentage is the Universal Father (of the entire creation), and the Eternal Son. He is NOT the Eternal Son of the misunderstood Trinity taught on planet earth as the Catholic church created it wrongly.

I say joint incarnation, because he shared the Body use, with Esu Immanuel Sananda Kumara, a very advanced soul who has earned God status himself, in fact that incarnation of 2000 years ago was his final accomplishment that earned him that status. The Universal Father commands, become perfect even as I am Perfect. There term "Sananda" is the title of that accomplishment, he is a perfected being. BOTH are returned now since 1954 in fact. But not sharing the same form this time.

Christ Michael, as the Creator Son of Nebadon, provides your initial creation so that you may journey his realms as part of your experience in finding God. Some of you on earth are ascending sons of God, meaning your soul comes out of the evolutionary process of this or other evolutionary planets, and others are incarnate Angels (create Sons) having experiences for various reasons. Some of you have earned your way back to "heaven" if you were one of the fallen ones that followed Lucifer, others of you are here for various learning or leadership/teaching roles on earth. There are many ascending Sons from the higher realms incarnate to help establish Light and Life on this planet. There was a whole group of ascending Sons who incarnated to establish the Internet that you are using to read here on GLP!

'I Am the Way, the Truth and the Life

By Christ Michael

Aug 27, 2010

'I Am the Way, the Truth and the Life.....-Christ Michael

"I Am the Way, the Truth and the Life. No man commeth unto the Father but by me"

This was a pivotal piece of teaching bequeathed by the Master Jesus when He walked your earth plane, yet man truly understood its meaning. Man was not sufficiently ready to receive this truth then and is scarcely ready to receive it now. Yet it is significant that during these auspicious times when the planet is about to enter a new cycle of life where dimensions anew are to be experienced and earned, man must awaken to a higher understanding of himself and he can only do so if he understands Me. Milestones have been achieved by mortals in terms of advancement, yet spiritually they fail to attune themselves to a great truth that if understood could change the tenor of their existence and path of soul evolution. I come again this day to effort to explain this

simple yet understated Truth.

I am the Way means that I am your ticket to a new destination. The ticket is only dispensed when a choice is knowingly made. You must choose Me through belief and active seeking and you will be given directions that will enable you to plot the coordinates that shall keep you on the path as you create an enduring alliance with Me. When you are able to make this choice you will clearly see that I Am the Way out of the illusion of mortality into the reality of immortality.

So we have primarily established that I Am the Way to eternal life. Yet eternal life can only be guaranteed for those who can find and free their inner God presence. It is I who shall direct you ones on the course that you must adopt to achieve this feat for first you must know Me before you can know yourself and be inclined to liberate that which is divine within you.

I would like to explore with you a different perspective of what it means when I say 'I AM the "Way".' The "Way" cannot be separated from the "Light" as the light brings clarity of purpose and engenders a clear path to the destiny of choice. The "Way" and the "Light" therefore go hand in hand. I say that the Way is the Light and I am the Way and therefore the Light.

Yet another perspective of the "Way" shall I offer to you. Did I not birth my creation from love, being the reason and root cause? Did I not create by way of electric light waves of motion from the stillness of my mind? Is it therefore not true to say that stillness motivated by love to create by light is the "Way"? Can you therefore not see that the "Way" is Love and Light and that when you choose Me you choose Love and Light? If Love and Light is the foundation of your earthly journey you will have found the "Way".

Did I not think my creation into being? Am I therefore not within my creation? Is the ultimate goal not to return to Source? If I am my creation and within my creation then the only way back to the Source is through Me. Does this make sense to you ones who need to rationalize ME?

I AM the Way, I AM the Light and I AM the Love manifested in my creation. I created from a point of stillness through Light motion. Does this not mean that if you choose the "Way" you too can create all which you desire to create? The "Way" enables you to reflect and be all that the "Way" is for are you not also the "Way" through Oneness with Me? The Way you shall become when you find and know Me.

I AM the Truth.

Man fights amongst himself seeking to have his truth rendered as superior to another. Yet hardly do men know what Truth is. You cannot know Truth unless you know Me- The "Way". For the "Way" shall always lead to the Truth. Man has belittled the Truth by tainting it with his personal agendas. The Truth is never influenced. It is impartial. It is inexplicable and beyond rationalization. The Truth must be known and that knowledge comes from knowing Me. Man's truth mostly is generated by that which is external, seldom reconcilable with his inner knowing and void of inner validation.

The TRUTH JUST IS AND IS JUST. That which is Truth knows only balance. It is as still, steadfast and immutable as the Creator. There lies no mystery or magic in Truth. I can say no more except to remind you that Truth emanates from within you because its origin is divine.

When you choose the "Way", you choose the Truth and it is the Truth when known and accepted that shall lead you to attain the divine promise of eternal life. For at this point in your understanding you shall accept without hesitation that I AM THE LIFE, that which is eternal and so shall you be also when you can know this.

Beloveds the life I speak of is not of mortal orientation. It is life immortal to which I refer. Life resides only in the spirit not the flesh. The spirit is All- its longevity is guaranteed by the promise of eternal life. Yet eternal life is always a choice as much as a gift/promise. For I will never force my children to choose Me; they must freely make this choice. I can say to you that many have chosen to be uncreated instead of choosing Life. I wish to emphasize that even in your sphere of reality which is earth plane, you are eternal. Mortal death is merely a transition to allow the soul to take stock in order to determine the next level of experience needed along its ascending path.

You on earth during your incarnation must understand that your life on earth does not give you the freedom to do that which you please without being accountable or responsible. You do not, contrary to popular belief have one life to live. When you can understand that I am the Life and so too are you, then you will realize in your incarnation that what you do will always impact on the evolution of your immortal soul.

So what do I mean when I say "No man commeth unto the Father but by me".

The ultimate goal as I reminded you earlier is the return to the Source of ALL. Yet those created by Me can only return to the Source by Me for I AM THE WAY.

You cannot bypass Me to get to the Source for I AND MY FATHER ARE ONE.

You cannot fudge your way to the Source without Me for I AND MY FATHER ARE ONE.

You cannot cajole your way to the Source without me for I AND MY FATHER ARE ONE.

You cannot say that Christ Michael does not exist and seek to make your way back to the Source for I AND MY FATHER ARE ONE.

You cannot believe in the Source and not in Me for I AND MY FATHER ARE ONE.

You cannot know of Me, denounce Me and choose the Source for I AND MY FATHER ARE ONE.

When you know me, see me and hear me you will see, hear and know the Father, the Source- the

Centre of All. I AND MY FATHER ARE ONE. You must become ONE WITH ME for I AM the Way to the Source.

My beloved children, it was a delight to once again effort to explain what this most crucial teaching means. I trust that I have brought clarity and ask that you ponder these words and see whether enlightenment dawns.

I am Christ Michael Aton, come this day to bring the word again and thank this my child for being the emissary of the truth.

Hazel

In light of yesterdays events, and all the other changes now presenting, PLEASE remember WHO YOU ARE and ACT in THAT.

Remember Who You Are- Christ Michael

These are my words to thee that you may know that you are that which I Am. How the tendency is that you forget, with excuse that your earthly lives create division in your thoughts, that you must separate the world you live in from the world you are from. You continue in your minds to live in a world which separates your earthly existence from your spiritual one when in truth there should be unification. I need each of you to bring the kingdom of God on earth and that can only be accomplished if you experience that kingdom within you. Then you shall appreciate that there is truly no separation and the infinite spirit resides where you do.

I am within thee and with thee and that is truly the end. I do not float above you like some ethereal distant being. I Am your centre, your very core. You ones keep creating an artificial distinction between what you call your 3 D life and where you would like to be. Can you not bring where you would like to be in the present through the I Am within? I speak not in terms of finite coordinates but in terms of your personal evolution; for your experiences can never hinder your growth only nurture it if you allow them to.

I am ever with thee and if you choose you can know Me as yourself. I am in fact your constant companion and when you can see from within you shall see and know My presence. Is it not prudent that you ones programme your minds to be consciously aware of this?

My children I shall remind you as many times as I deem necessary, for you must be the ones to live Me so that you can effectively teach others how to accomplish what you all think is a monumental task. Is it really a task to effort to be Me? Should it not be a relief to be Me? If you can perceive the being of Me in this way then your efforts shall be made with joy and knowing and not censured for the laborious task that you sometimes deem it to be.

If you could but remember who you are and seek in your moments to be yourselves your lives will graduate moment to moment in the sweet pleasure of my presence and there will be little possibility for you to forget. You will experience an automatic desire to harness My energy from within and you will progress your earthly tasks in and with delight and grace.

No task will be insurmountable if you will only recall the power that you are. To remember who you are you must know me and effort to keep the light of communion burning brightly lest it dims for want of perseverance. What you perceive as battles are my battles as I am within thee. If you rely on the rays of light within to provide guidance and assistance you shall receive that which you need to overcome your life's battles and crises.

I desire that you see your presence in the here and now as your test that you be prepared for the challenges ahead, which will enable you all to graduate into life and light. What will it profit you to seek that which is to come when you must first overcome that which is before you? That which I refer to is the impediments within each which precludes you from breaking through the barriers of a limited consciousness that you may experience higher consciousness. How can you deal with what impends if you cannot be who you are in the present?

My children, like a Father would, it is my duty to push you to attain your fullest potential. It is appreciated that in your incarnation there are many experiences beyond your liking. However if you can through the power within address these experiences in light the division which you create in your living will fall away.

Surely the task at hand requires that you reach for the light within which is your impenetrable armour. Your days are becoming shorter as you wait for the changes which loom. I am asking that you use these final hours to bind yourselves to the light within and consciously apply that light every moment. As you effort you shall be effectively programming yourself to live in that awareness that you are a light and that light is all powerful, unquenchable and victorious in all things. That light will create for you that which you desire to be. If you desire to reap the benefits of the fullness of your light you shall and your efforts will be a labour of love and not a burden.

You my little ones must abandon the excuses for they do not fit into the trajectory of My being and neither does it fit into yours. For excuses create your discomfort. It is very simple. If you desire be like Me you can. The Father within each shall lead you every moment if you would but ask.

The saying that you are God must follow with the doing that your actions and words may be aligned and your life be a living well of goodness which springeth from the source within. Beloveds it is in the here and now that you must find your balance. Don't you see that notwithstanding the impediments you face it is this environment that will truly offer you the opportunity to find your God light and be through your living, God.

The times ahead will require much from you and it will auger well for you if you can start or continue in the now to make every conceivable effort to have your God light shining all the time. Beloveds I am aware of the challenges that each of you face in your individual lives. How about you each make use of the God within with constancy and experience the miracle of you, the I Am within.

I wish you my children to see through panoramic vision and you can only do so if you see through your inner eyes, My eyes. I have not and never will deny you of that which you seek in My name that you may grow into Me. Wisdom and Presence is that which you are required to reap before you can be Me. How much do you desire this?

You should see an opportunity in every encounter with experiences as one to shine your God light. Strive to mitigate the effects of your less than harmonious ego and start seeing Me in all things. When you can do so you will be reminded every moment of who you are for every life force reflects Me.

This message to you my children is brought forth in the love of My being. Will you remember who you are that you may be that life which strums the chords of immortality and show through your living where God resides that others may be moved to find the God within and start their journey to be who they are?

My blessings I give to you my children. I delight in you and your experiences for I know that they give you opportunity to grow into Me . Will you not see your lives as a blessing and cherish each moment in the joy of knowing that through the I Am within you shall overcome.

I am Christ Michael and I come to remind you to 'Remember Who You Are'. When you remember who you are and walk in the light of your sovereignty I feel it and the joy that I experience is beyond expression for then I know that My little ones are well and truly on their way home.

I offer these words to encourage you so please accept them in the spirit of the offering

Christ Michael

Message: SEVERANCE FROM THE MISTLETOE SYNDROME

Seraphin through Rosie, 11th January 2010

R: Dearest Seraphin, we have crossed the threshold of another New Year which – although enjoyable in a way - was still in effect a dubious fusion of vague hopes for a better life against a background of intoxication and wasteful short-lived firework bonanzas. For me this seemed so periferal to what lies ahead. Though personal resolutions may have a longer effect, they hardly reflect the need for TOTAL OVERHAUL. In fact, the need for total overhaul is simply not recognised. We see the colourful, marginally attractive aspects of our world without examining the roots. Like the Australian mistletoe tree, crowned with flaming orange bloom, we do not think of overturning the soil and contemplating our roots. If we did, we would see that they do not take their

nourishment from the soil but that they have burrowed into the roots of neighbouring plants to drain off their sap ...

S: Yes, Beloved, your partiality for show has blinded you to the true nature of the apparatus you are dealing with, and of the parameters within which you live. The entire surface under your very feet is a finely tuned mesh of inter-related “roots”, each of which convey information to each other, each of which are connected on many levels. And whenever a new plant emerges – though it may be pristine in origin and pure in thought – it will be pulled into this mesh when it reaches a certain size and strength.

There may be patches of ground where a newly sprouted seedling may germinate in peace, temporarily out of reach (and in our analogy, this means out of the public eye) but if it grows anywhere in the direction of the already very well established and interconnected root system involving multiple plants, it is impossible to escape.

The mistletoe tree is a beautiful and powerful apparition which survives by nourishing itself NOT by taking sustenance from the soil around it but which survives largely by latching its roots into the roots systems of neighbouring plants and trees. It does not do much initial “processing” itself. This has already been accomplished by others. It simply sucks up its neighbour’s sap.

And I say to you: ASK YOURSELVES HOW YOU HAVE ACTED IN A PARASITICAL MANNER, HOW YOU HAVE UNWITTINGLY ALLOWED OTHERS TO PROVIDE YOU WITH “NOURISHMENT”, WITH ENTERTAINMENT, NEWS, FOODSTUFFS AND MEDICINES WITHOUT INDEPENDENTLY CONDUCTING RESEARCH AND MAKING A PRELIMINARY CRITICAL APPRAISAL?

What is in this “sap” which you lap up so unquestioningly? Where does it come from? Where do your food-stuffs, your shoes, your chairs, your shampoo, your fireworks, your car parts, your opinions, your convictions, your thoughts come from? With such a massive “root system”, this has become undiscernable.

You may have the appearance of growing big, strong and beautiful – you may have credentials, photos, honours, material goods to prove it (like the brilliant orange flowers of the mistletoe tree) but you are actually being sustained by myriad dubious underground sources of which you are largely unaware.

The time has come to make your own stance, put down your own roots, in total self-reliance, independent of old paradigms and convenient ready-made structures, growing independently and honestly, without succumbing to lucrative offers or compromising values to gain support.

So have your small, well-intentioned groups, with fire in their hearts, with visions for a new way of living, been seduced into joining mainstream intention, sacrificing independence for funding and status. Subsequently their energy is diluted. They lose momentum, becoming complacent and self-satisfied, joining the sluggishness of mass opinion, abdicating their sovereignty, relying on others for their existence, unable to free themselves from the dense mass of interconnected roots.

To relive the fire, the passion, the vision, there must be mass severance from the insidious root system and a shift towards independent thought and action. DO NOT WASTE YOUR TIME ABOUT THIS. LIVE YOUR TRUTH. SEVER THE CONNECTIONS AND ENTER INTO THE REALM OF CREATION IN ALIGNMENT WITH THE DIVINE.

We know how hard this is (and we can see you crying now Dearest as you write this) The situation is so entrenched and long-standing and appears to be almost “normal”. It is easier for us as we

look at this from the outside. We urge you to follow our suggestions to find your way into this creative realm – a place of ultimate fulfilment and repose – as soon as possible so that you too can soon see this situation “from the outside”. Then you will be in a position to build anew. For your efforts in this respect we thank and love you.

Release and Surrender-

Higher self of Hazel

This message is directed to those who know but seldom take action, those who suspect but whose reticence, inbred optimism or fallacious thinking prevents them from investigating and those who are bound and blinded by things of this world.

Global unity of hearts is necessary during these daunting times as the lessons become denser that man may in these final days learn the truth.

As the firmament moves so too shall the planet and in her ascension she shall find her release of all that has contained her for aeons.

She is currently releasing long accumulated toxins through her belly and expelling that which is caustic that she may attain her lightness. She is being purged and it is through this purgation that she will find her freedom and embrace her resurrection. Always has she submitted to the will of God and it is in her surrender that the glorious light will be reclaimed, that which has for too long been tempered in swathes of darkness.

This is the time for release and surrender. You are in the inevitable throes of the ascension and you are required to relieve yourself of limitations imposed by confined, erroneous thinking influenced by a diet of misinformation and lies. You must surrender to the light for only then will the decadence of darkness which paralyses you and your world raise its ugly head to disintegrate into oblivion. For you hold the power to overthrow the darkness through the energy of your thoughts. Yet the collective continues to dwell in ignorance and give credence to those ungodly energies by continuing to sustain its prowess.

You must release all that impedes your progress. Yet to effectively detach you must be open to and aware of the greater changes taking place. Only then will you be able to clearly understand that the current energies demand release from the individual to the collective. You will learn in days to come that you will fare better in your understanding and acceptance if you could use the current signs given to you as an indicator of what is transpiring.

You are required to take an objective view of your world as it is currently, to see and know that the end is portended by events already manifesting on your plane. Can you ones not see that the ghost of death hovers like blackbirds over waste? Yes dear ones I speak of death of all that is old, unclean, unnatural, ungodly, contaminated and beyond repair. In their death you ones shall find release; free to live your power and light without inhibition.

All that no longer serves the planet is being released. Seek out that which does not serve you and release it voluntarily and knowingly and affirm your readiness to embrace the truth so that your journey may continue on that premise.

Surrender to your true self and come to know the will of the ONE that clarity may belie your path. Remove the fetters that keep you bound to this dimension that you may find your buoyancy in higher vibrations. Release your spirit self and surrender to a higher knowing that you are in transition. You cannot stay bound as you are, for by the natural course of the planet's rise, you too must move. Will your move be ascending, lateral or descending? The choice is yours but move you shall!

Surrender to the higher authority and you shall find a natural, welcome release and in this release you shall experience relief and certainty. If you resist release and surrender you shall experience a greater sense of discomfort which will eventually manifest in confusion disbelief and resentment as events continue to unfold radically in your world.

Your world now pivots on its axis, geo-physically and on that of great rewarding change. You are inextricably a part of this change.

Release, Surrender and Rise; Surrender, Release and Rise; for it is only through your ability and willingness to do so that your future, your destiny shall be mapped in the ascending flow. What will it be?

Here are too GREAT pieces from Hazel today. Resolve, and Debate. print out and hang on your frig, or to ponder over coffee in the morning. For UB readers, Hazel is an INCARNATE Melchizedek. for Christians, there is a large group of Created Sons (angelics) called Melchizedek. One of them visited earth in the times of Abraham, as spoken of in the bible. Hazel is not that one.

RESOLVE- Higher Self teaching

Resolve is premised on your inner determination and decision, rooted in firmness, to undertake and achieve some goal or sustain some pattern of behaviour. That which you wish to harvest from your resolve will always involve CHANGE.

Resolve is that which a pre cursor to accomplishment is. Resolution, an extension of resolve is that which you ones tend to impose upon yourselves typically at the beginning of a new-year cycle. It is an affirmation of what you desire or intend to achieve. How many achieve their resolutions by the end of the year? Very few if truth be told. Why? Resolve diminishes as inspiration and motivation fades in the light of circumstances, external pressures or individual weaknesses.

Resolve requires effort fuelled by desire, perseverance rooted in discipline and inner support through the anchor and alignment with your inner character.

Resolve must be contextualised in the framework of mans' awareness of and awakening to the dire need for change. Yet his resolve must as a matter of course pertain to his vision- being that which he can see is necessary to change, alter or amend. For if he cannot see the need for change, how can he desire change and resolve to change or sustain that resolve.

Resolve is the intent prescribed by and through inner recognition NOT ego identity or ego desire. For resolve through the latter poisons the objective as it injects superficial needs and desires which will eventually clamour for physical attention thereby in time lessening the same resolve in which the need for change originated.

Resolve is the poised fulcrum which tenders the rays of discipline, belief, action and knowing that what it seeks will yield a harmonious outcome for self and all. True resolve emanates from the deepest life force within you which speaks its truth to you that your affirmation may stand up to inner scrutiny and approval. It is your inner resource which will confer the strength and light of resilience that your resolve may endure.

Man needs to gently prize himself away from individual orientation in thinking and start to see the whole that he may comprehend that his resolutions and resolve affects the mass consciousness of which he is merely a part. It will stand in mans' favour to put aside the more mundane resolutions and aim for higher ground.

RESOLVE to discover who you are starting from within.

RESOLVE to seek and know the truth of your mortal journey.

RESOLVE to know your inner god and cultivate a relationship with YOU

RESOLVE to reclaim your sovereign status and divine heritage and actively denounce the evil that grips your planet.

RESOLVE to renounce resignation and espouse pro action for the greatest good of all.

RESOLVE to be worthy caretakers and custodians of the temple God allows you to inhabit, being the Holy grounds of the planet you walk upon.

RESOLVE to live a life of balance.

RESOLVE to Be like God and Do as God would do.

RESOLVE to think and act within the energy of ONENESS as every thought, action and creation implicates and impacts the whole.

Resolve—Re- Solve. Using “resolve” many issues you face will be solved. Remember always that resolve without action leaves you in abeyance. Let your resolve assume a spiritual energy, for this energy will become the source of your inspiration thereby facilitating and sustaining the transformative mood which you must assume to manifest CHANGE.

WHERE THERE IS RESOLVE THERE WILL BE A WAY

In the bible it is recorded Jesus came not to bring peace but to set one against another. It meant for people to entertain DEBATE and grow from it. Debate, is of 4d! And it leads to the peace of 5d as people develop real thinking and sovereignty.-Candace

Debate

Higherself

Debate is essentially an engagement with another or others to verbally discuss views on various topics of interest shared between participants.

Why have I chosen this topic? There are too many fence sitters in your world, too many peace keepers who seek to justify not having a view or not espousing a cause for the sake of peace. Achieving peace in your world is essential and this can only be effected through change. Maintaining peace at the expense of its achievement is fruitless. It must be achieved before it can be maintained. To achieve a state of peace, be it inner peace or peace in the world, man must realise that change is necessary. There are many who realise and know it but are not prepared to take up the baton and encourage others to do the same.

Debate ignites excitement, triggers passion, stimulates thought processes, generates new, unheard yet cultured perspectives. It encourages man to open his mind, undertake research, explore new territories, set aside his reticence, apathy or non partisan attachment and begin to gravitate towards a cause, a case, a belief, a conviction. In this productive process each can distil a purpose that goes beyond self achievement.

Debate is not meant to create separation of ideas or confine ones to various groups in the bid to prove that one group's idea is superior to another or more credible than another or that victory of one over the other is the end goal. The objective should not be to sustain egos or prove one is right and another wrong. It should not incite vitriolic responses and polarise people. Debate should always be entered into with a view to enlightenment. One may never all at once be fully endeared to all the views of another, but may through the process and through the passage of time become enlightened because of the exchange which takes place. Truth should be the centring point of debate. This simply means that it should be the aim of the exercise, the goal.

There are many dogmas, doctrines and theories floating in your world which many have religiously latched onto and which provide security in belief. Yet seldom do ones who adopt these stop to ask or think whether the dogma, the doctrine or the theory holds any truth or offers the truth. They become stuck in what is accepted as mainstream. The dogma, doctrine or theory becomes man's truth without question. If truth is not the goal how can you find it. If security is the goal, whatever makes you feel secure will be your truth.

The time is here and now; for man will be given to truth which will surely breach his feelings of security and leave him feeling naked. Truth clothes dear ones, it provides the warmth of knowing. I fear that man will find himself bereft of his comforting beliefs that he has long held onto as they shatter in the light of truth that is to be given. It is not too late for man to awaken through a willingness to hear from those who can lead him to open his closed and fear-centred mind and see what is before him. It is not too late for man to see the need for change and commit to being a part of the revolution that will change the face, heart and soul of your world.

I exhort to all, in particular to those who fear, those who cower, those who resign themselves and those who cradle questionable beliefs, release the weight that holds you from progressing, be

willing to engage in discussion with those who seek to genuinely bring light to the world and seek higher guidance for discernment. These are the moments that you must make full use of; find your passion and courage and others who share your vision will be led to you that you may form a network that can grow exponentially that you may engender and create the inevitable changes that your world awaits

Ok this one thru Hazel includes Father Melchizedek. For UB readers the Father Melchizedek is the first created Melchizedek in a local universe, created by the Creator Son and Mother Spirit. Then the Creator Son, Mother Spirit and this Father Melchizedek create the rest of the order of Melchizedek. Nebadon has nearly 10 million at this time. They can and do incarnate at times. Hazel is the early name of one of these. Her Higher Self is her real self and so her higher self teachings are Melchizedek teaching and she often also carries the words of Father Melchizedek here. As in this one.

This piece was provided I think for a little argument going on my forum. New Agers have been falsely told all they have to do is BE and do nothing otherwise. This has hampered the star seeds on this planet, and others, who just be but don't DO. to BE is a VERB. I requires action. The argument was in part over a work by Keisha I took exception to. The "Be " topic. If you, as a reader are one confused by BE without DO, this piece by Hazel should handle the topic nicely.

A matter of interpretation or misinterpretation?- Father Melchizedek and Higher self

It is noteworthy the variance between ones' understanding of concepts and terminologies. Interpretation is mainly subjective as each tends through the influences of his/her conditioning and core values to assign meanings which meet these imperatives.

The mainstream views and projections have largely affected ones' interpretation and construction of age old terms and concepts. A very large dose of discernment is needed with the additional attempt of man to access his logical mind to exercise reason.

Too often there is the immature tendency to go with the general understanding, viewpoint or collective thought process without independent research or exploration. Man often treats knowledge as an acquisition that must be found in text, books or other external sources. The

beginning of knowledge is never himself but always sourced in something or someone outside him.

The cumulative effect often results in mans' short-sightedness which leads to lack of understanding of the whole. His vision goes no further than that which his outer eyes could see and his brain record, analyse and recall. His god-mind remains dormant for want of use. Have you ever wondered why man in the days when the Master Teacher walked the earth could not comprehend the teachings in the parables without explanation? Yes little ones, apart from a general un readiness on their part, it is because they sought to be told that which was truth rather than think and digest through their god-minds, that the answers they sought may be given. There is still in large a culture of "outer reality" meaning seeking that which is real and true outwardly.

Man needs to expand the horizon of his thinking, his thought patterns and structures. It is through his desire that he will begin to see concepts in a different light as the God light shines on his understanding taking him beyond the limits of accepted mortal abilities and showing him the way to a more erudite form of thinking.

It is the latter that will lead man to the truth and it is the truth that will bear him to his freedom that he may live his life in knowing and not in doubt.

Many espouse good intentions but have been sorely misled and have in seeking to follow the blind, themselves become blind to the truth, necessary to direct the course of their journey with assurance. Misinformation often flows from misinterpretation.

I wish to give you an example that will illustrate the lesson. A very well used term flouted by new agers in your world is that man must "BE" and in so being resist "Doing". For in the state of "Being" man "IS". Does it not have a rather poetic sound? Yet the meaning attached to the phrase "To BE" or "Just BE" is a rather cynical juxtaposition of mans' limited influences, consciousness and knowledge with copious yet varied interpretations.

Meanings have been prescribed to the phrase which bears little resemblance at all to its profound connotation.

To Be is a state which finds its origin in the Christ light, the One consciousness of which all are a part.

To BE simply speaking means that you must Be like God through the reflection of your inner god. BE the God within.

To BE entails being your true self by living your knowing, understanding and truth.

To Be is to allow the spirit within you to champion your thoughts, actions and works

To Be for you ones is to aim for mastery over and of self so that you gain ascended status and move into Christ consciousness. I use the word aim dear ones because how many can say that every moment in their journey they can BE by manifesting God. Being requires a great deal of commitment, mental and spiritual effort on your part. Which part of this explanation suggests that to Be requires inaction, inertia or apathy?

Can you Be without doing? It may appear so. Let us take the example of you in quiet communion with your god self. Through your connectedness you experience divine communion and though it appears that you are just being, you are most times down loading higher rebalancing energies and accessing information from a higher source. When the communion ends you feel rejuvenated,

centred and primed. Through that state of communion you were actively being refuelled. Stillness and motion is still not well understood in your world. They are integral to each other.

Certainly you must cultivate the ability to be still so that you can forge inner connections but this stillness must not be confused with "Being". In order that you may BE you must know how to be still that you may be taught what it means to BE.

Little ones when you can Be the God within, the reflection of serenity will always be your companion thus casting you in a radiant glow that you may be perceived as balanced, pure and connected. You will BE and be perceived as such by others through what you intrinsically reflect. Yet no man will know that through being you are constantly doing, through your efforts.

God is ever creating from a point of stillness. HE IS YET HE DOES. So too must you. You are on an ascending journey and this requires constant doing on your part, for progress will only be achieved through thoughtful action.

When you have attained certain mastery you will find it easier to Be the love essence that God IS. You will understand that love is always in action through doing, be it through a thought, energy projection or positive gesture towards another.

To Be is uplifting and venerating and demands being in and of service to others. When you seek to "Be or you are "Being" you will find yourself propelled to take whatever positive action needs be taken for the greatest good of all.

That which you do must always be within the context of your effort to BE like and manifest the God energy. Action that is not consonant with your desire will take you no further in your "being".

You must BECOME- BE COME like God to BE Like Him or BE ONE WITH HIM. Become is loaded with active intent and action. Do not be misguided that it is easy to BE, for you must go through the lessons and training to acquire the tools. You must be able to live in a state of connectedness with your Source and ALL, to BE.

Do not allow anyone to marginalise or downgrade the importance and necessity of the effort and discipline it requires to BE. Most cannot comprehend its significance.

Be the word of God instead of interpreters of the word. You shall be able to accomplish this when you know God and His truth. Even so, being the word means living it and there is no insouciance when one lives the word of God.

All thinking should flow from your God mind for only then will you be guided how to BE and what to do in furtherance of Being.

I AM Father Melchizedek and I come to say that the Meaning must always bear the Truth and the Truth need not be interpreted, just known.
Peace to thee.

Dear All

I was not sure where this message was going until he started to speak of Being and Doing. I asked why He chose to address this topic and He said to offer another healthy perspective. He asked that I include a poem that I did about 7 years ago. I did not even have it typed up. I had to look for it. So I share it below.

Love and Light
Hazel

Be Still
The voice of greatness speaks
Heard only in religious silence of mind's ear

Be Still
The face of greatness shines
Seen only in the light of searching eyes.

Be still
The hand of greatness moves
In promised fulfilment believers' hope

Be still
The smile of greatness glows
To warm and feed trusting hearts with faith

Be still
The rod and staff of greatness rests
To cover and to offer comfort's veil

Be still
The helmet, shield and sword of greatness lent
To shelter good, deliver evil's hold.

Be still
The ghost of greatness gloriously descends
And fills each knowing soul
The sacred gospel of its blessed peace.

Hazel's latest. Folks any of you that run across teachings of this sort, please feel free to post them. They should be teachings about growth of man's spirit sort of stuff in this thread. This one is from Hazel who is on the AH telepathic team, and I have some also by Rosie, who has recently come into this work with us too, but there are many fine other teachings from the higher realms that could be here. Some great ones on www.wisdomoftherays.com might be placed here for example.

Reason and Rightness- Higher self teaching

The type of "reason" I allude to is the sense of reason that you ones are expected and encouraged to exercise as you explore various portals offering learning on your mortal journey.

Reason is your ability to exercise judgement in order to arrive at a decision, conclusion or solution.

The term reason often conjures a limited construct of justification or excuses, something you give rather than an act or undertaking requiring deep thought and consideration.

Your world is predominantly predicated on the "proof criteria" meaning that every judgement is formed from the analysis of tangible evidence based on scientific reasoning. We see mans' ability to reason heavily influenced by the material and therefore he lacks the insight to exercise reason where there are intangibles. As he has been so programmed, his reasoning credentials suffer in his inability to grasp the finer points or broader factors to be considered when making decisions or forming view points.

Discernment is a necessary aspect of the practice of reason as you cannot reason in certain contexts without being discerning. Discernment is the key to truth for it will lead you to the correct door behind which wisdom awaits. When you find that receptacle of wisdom it becomes the light which feeds your inner sense of reason, thereby enabling your conclusion, judgement or decision to be based on truth and to reflect that which is truth. Your confidence will then grow as you begin to "feel" that you have made the right decision or reached the right conclusion. You see dear ones reason which is underpinned by wisdom (an intangible) will lead to rightness; but reason underpinned solely by material considerations or self interest will seldom if ever culminate in rightness.

Reason is a gift given to man by God. Yet to effectively use this gift you need experience attunement with the bestower for it is He who shall give to you the battery of wisdom to enable your inner sense of reason to operate at its sharpest frequency.

Reason without wisdom becomes like a gypsy, unsettled and moving from place to place hoping that one day a home will be found to its liking. In the process of roaming your sense or reason becomes groundless

Man must find his ability to reason, in his wisdom, and must acknowledge this as the starting point. For when he can do this he begins to know that what he reasons is what is right. The knowing will dawn upon him.

Man begrudges himself great discoveries because of his limited ability to reason and the finite resources he thinks available to him to exercise his sense of reason. If truth be told the reason why man is unable to reap the highest reward from his ability to "reason" is because he fears to explore that which he cannot see and so he remains confined within a limited school of thought. A paucity of understanding characterizes his world and so his conclusions are often erroneous. Mind programming by those who seek to keep man in a state of perpetual ignorance has dulled mans' ability to use his God given gift to ascend spiritually and scientifically.

Reason is the soul of rightness and if exercised as given above the soul remains vibrant; for rightness and the bid for it becomes addictive that man may ever more programme himself from within, the path to reason.

Here's a somewhat quieter piece of Les Visible that says a lot. this man always has a lot to say, very in your face most of the time. I was surprised to see this quiet one that says so much.

What if We all Just tried a Little Harder?

By Les Visible

J

Dog Poet Transmitting.....

My good friend Dr. Glenn Dormer is visiting me here in Italy and although the weather has been remarkable this winter, the last few days, the sun has been shining and upwards of 70 degrees. Weird things have been happening like they once did with regularity. Glenn's a clean freak, so he's in the kitchen a lot making it cleaner than it usually is because I am not a clean freak (grin). I try but it's sporadic. I just don't have that gene. I always thought it would be nice to have the money and make a couple of Indian (from India) people members of my family and give them a piece of everything I get just to help me keep my life together. Some people just like to keep a neat

household but I don't have the time. I'm busy working at all of whatever it is that I do and there are not enough hours in the day. That's a good thing.

Now I'm thinking that someone, somewhere, is thinking that visible wants to abuse people from the 3rd world. The truth is that visible loves Indian food and cooks it for himself anyway and it would be great to have people speaking musically around him and harassing him to keep his shit together. That's the truth and I'm not cheap; if I am anything at all. I would love an extended family.

Let's go back to Glenn for a moment. Glenn is an MD and is now becoming a psychiatrist and that has got to be fun for him being around me because my understanding about mental pathologies dwarfs his and he will be the first to admit it at this point, given the ones that he has, which I bust him on routinely (grin). There's nothing like spending time in high end, Guantanamo-like mental institutions that will give you a feel for crazy, if you're paying attention.

Anyway, Glenn is in the kitchen doing his thing yesterday and a plate just decides to explode while he's standing there. It defies all logic and reason that a plate would just commit suicide, without anyone touching it but that happens around me at least once a week and every visitor has seen examples of this sort of thing. So Glenn is a little freaked by this and I guess that's got to be interesting when you are about to become a psychiatrist. It's a good thing I'm not Hannibal Lecter.

My dog Poncho is here and he's got his own pathologies. He loves my car. He sits out there and protects it. His whole life is based on the chance to jump up into my lap or -and that is BIG OR; to go for a ride so that he can howl like a banshee when we pass a dog. I think that has freaked Glenn out more than anything. I know he's thinking that I should control my animal but Poncho has a small margin of being and I am indulgent. The sound doesn't bother me at all but it bothers everyone else. Susanne puts him in a box in the Touran because he truly does go ballistic.

I'm one of those people that understands what that dog needs. Who am I to deny him? He wouldn't hurt anyone if I let him out of the car but people are afraid of him for some reason, same with me and I'm not going to do anything either, unless I absolutely have to.

A couple of weeks ago two young thugs showed up at my house deep in the country and it was pretty apparent they were looking for opportunity. I could have gone a lot of ways with this. I could have been resistant, right from the getgo but I was truly curious what they thought they were up to. By the time we were done they didn't know what they were up to and they went walking away really quick. My only concern was that they would harm my boy Poncho but that wasn't in the mix anymore by that time. I won't give you the details because it makes me look good and I hate being responsible for that (grin).

It's not easy for me. So much is happening that I can't interpret or explain. Every day now is like some kind of godawful challenge that I always feel like I failed. In the end just having Poncho near me is the best I can do. I can truly say I will miss him when he's gone and sooner or later he will be but... I won't miss me; not at all. That's the one thing I am consistently trying to get rid of.

I'm going to break with tradition tonight on my radio show and have a guest in; cause I have a guest in and lets go back to that. I have a neighbor named Geno who lives across the way and he has at least twice my property and he works it all by himself. He's a real rustic and his English is non existent and my Italian is better but not up to the mark. We don't talk much but we like each other; all my neighbors are solid and decent people, which means we generally leave each other alone. Geno is in a lot of pain these days. I have seen that but not said anything but since Glenn showed up he came over and told me how bad his shoulder was hurting. Did he know that I have trained in the area of bodywork? I don't know.

I gave him some manipulation and now he is here every day since, because he does hurt a lot. I told him it would take six days to fix his problem but it's not going to fix his problem. It is just going to defer it because of his posture and his belly. How do I explain that to him? I do my best. He's already much better and you know... it's like that dog I picked up by the side of the road who turned out to be one of the smartest dogs I have ever seen... The Little Guy. Now he's the beloved pet of the best dog handler in Baden Wurttemberg. They made a whole book of pictures and tales about him, which must have cost them something and they gave it to Susanne and I as a gift.

I could have driven by that dog. I had an excuse. There was a man walking near him. I could have convinced myself that the dog was with him. But who would own a bedraggled little thing like that that couldn't even climb up on the sidewalk. It turned out he wasn't more than 5 weeks old. I said to myself, "You know visible, this is what makes you different" and I stopped and took that doggie home. Today I can say that that was one of my good moves. You should see this dog now. If we all gave the dogs in our life a better shot then we would be better people. But we're not. Are we? It doesn't seem like it because the world I hear about does not match my expectations; not hardly.

If we would just go the extra inch; forget mile, we would reap rewards beyond measure. I reap them every day, not that I actually appreciate it because I never meet my own expectations. I just don't ...but I have had a few bright moments where I have done the right thing and... my readers... my readers... it is all in our grasp if we were not such fucking lazy cowards. I know we don't mean to be. I know we all imagine ourselves as heroes and then curse ourselves in the night when our honesty proves to be too much for us to resist, when our conscience gets at us. I'm asking for a little more from all of you right now. I'm asking you to do what I am unable to do and have damned myself for. I'm asking you to be a little more like the man I wish I was. I'm asking you to show how I can be a better man and make all these words that I use, worth the time it took to write them.

It just is not easy and it hurts so much of the time but my pain is nothing compared to the pain of the people I see around me and I don't do as much as I could but maybe I am fooling myself about that because I can't do anything at all. I only live on borrowed power. Anything I do achieve occurs because I get out of the way. Anything else I might presume is just vanity.

Go the extra inch or yard, okay? I can't do this by myself. I can't do anything. I'm not asking for myself. I'm asking for you in your place. There has never been a time when your efforts will pay off so handsomely. If there was, it was ten's of thousands of years ago. You don't have to do anything for me. Do it for yourself. Don't spend the rest of your life regretting what you should have done, just do it when you have the chance. Do it for Poncho. Do it for The Little Guy. Do it for Black. Do it for your brother and your sister. You are never doing it for anyone but yourself in the end. You just don't know that until the end.

End Transmission.....

Seraphin thru Rosie

Message: **INSIDE THE CONCERT HALL**
Seraphin through Rosie, 8th February 2011

R: Dearest Seraphin, I have just been listening to a piece of meditative music – Sufi in origin, I think. It starts with a single low note which continues for twenty minutes. After a while, it is possible to discern that this is not one note but three notes, forming a minor chord. It sounds like a very deep undercurrent, strong and eternal in its direction and purpose. For me, this could be the underlying omnipresent force of divine creation. If we do not listen carefully, distracted by confusion on the surface, it can be overlooked, but it is always there.

In this piece, the chord is later joined by a few, intermittent plucks of a stringed instrument, almost like rain falling. These gradually increase in number and intensity, but they always harmonise with the original chord. For me, this sounds like the awakening of souls in tune with the sound of universal harmony.

The third element to appear is the rhythmical beating of drums. This appears to increase the pace of the music and provide additional structure, but actually nothing regarding the other two elements has changed. For me, this suggests the perceived acceleration of critical events surfacing consciously in our reality, whereas they have actually always been guided by a deep undercurrent. Through our own increased awareness, they are now simply becoming more visible and more comprehensible.

S: Yes, Dearest, the pace of change is now fast and furious. The few initial raindrops have now convened to form a storm so furious that we suddenly have to jump and change, adjusting our plans to accommodate them to our best advantage, and still the underlying heart of our mission beats regularly, with sublime peace, knowing its destination, (And if you tap into this deeper level, you will experience this peace also) undeterred by delays or hiccoughs, since the outcome is already determined. We are single-minded in our purpose: **TO SUPPORT AND FOSTER ALL SOULS ON THEIR WAY THROUGH THE ASCENSION PROCESS SO THAT THEY TOO CAN ONE DAY MERGE WITH THE INFINITE DIVINE CHORD, IN TURN ACTING AS A STABLE, SUPPORTIVE UNDERCURRENT FOR THOSE WHO FOLLOW.**

While the future of this planet will see a division of souls, and while it may seem to appear that this is an event of incomparable proportion and separation, it must be seen in a larger context - as a temporary parting of ways on an eternal journey, where paths criss-cross endlessly on many levels, to arrive at a place of harmony and integration.

Music is a fantastic method of expression for this process. The key and timing of the orchestral piece has been determined. The grand celestial accompanist provides the basic structure from the beginning to the end. **YOU ARE THE SOLOISTS, THE IMPROVISORS, THE ONES WHO DECIDE TO PLAY TOGETHER WITH ACUTE ATTENTION AND SYNCHONICITY, OR WHO WAIT IN THE WINGS: THE ONES WHO SING OR THE ONES WHO PREFER TO USE**

INSTRUMENTS TO CONVEY YOUR VOICE: THE ONES WHO PARTAKE OR THE ONES WHO LISTEN. And some will listen avidly, feeling every vibration. Others will partially absorb or reject. And then, of course, there are those who have not even entered the concert hall.

And I ask you: WHAT IS YOUR ROLE? PLAYING OR LISTENING? ARE YOU READY FOR THE ORCHESTRA TO START? ARE YOU IN THE AUDIENCE, IN A MODE OF CRITICAL APPRAISAL, IN A MODE OF WISHING TO BE DISTRACTED, IN A MODE OF UNBEARABLE BREATHLESS ANTICIPATION? ARE YOU EXPECTING TO BE BORED OR ENTERTAINED OR INSTRUCTED? ARE YOUR EARS FINELY ATTUNED TO EVERY NUANCE WHICH COMES YOUR WAY, KNOWING THAT YOUR INTERPRETATION IS YOUR INTERPRETATION, WATCHING WHAT EFFECT IT HAS ON YOU OWN EMOTIONAL STRINGS. Consider this, because the orchestra is playing for you. Without you, there would be no reason to play, other than for the pure pleasure of the player.

Or are you in the orchestra staff, conducting essential duties like putting out chairs and music scores, or tuning the piano? Will you clap when the musicians appear, or are you so engrossed in a conversation with your neighbour that you fail to notice when they walk onto the stage? Do you judge them by their fame, their description on the printed programme, by their appearance? Or do you close your eyes and concentrate on the subtle message of the music they play?

And I say, the music has already been playing for millennia, and the population of this earth is only just beginning to participate, appreciate and listen. The depth and beauty of this divine harmony will startle you, as it will surpass anything previously experienced or imagined. Take heart dearest children, and know that the tune of the mighty orchestra will reach all ears which long for the sound.

Lovely teaching about the FATHER. Christians, this consciousness he describes here IS your FATHER GOD, which you do NOT understand, most of you. And if you have a NORMAL MIND, he sends YOU a piece of HIMSELF, the Father Fragment, which is that thingy you have labeled the Holy Spirit. Which is FIRST PERSON of the Trinity and not the 3rd. The other Holy spirit is the Spirit of Truth, which is the comforter, and that is difficult to explain right now, but it's not 3rd person of the Trinity either. I have bolded a few places.

Understand I am not putting you down, dear christians, I am trying to raise you up! there is so much more! Note the "higher self" I bolded and underlined. You are seeking thru your incarnations in this time, to do what is taught in the Urantia Book, to fuse with your higher self, which IS your Father Fragment. That is YOUR ASCENSION. THAT IS WHAT IS MEANT by being written into

the BOOK OF LIFE, because eternal life is desired and then earned. You are not an eternal being UNTIL you make that UNION. when you make that UNION, you are then a real Son of God. Until then, you are a "faith" son of God. Unions often take place during the darkest of times on a planet, like NOW.. Go For it. How many of your pastors teach this?

The Love and how to Reach it.

Dog Poet Transmitting.....

'May your noses always be cold and wet'.

A lot of people are having a tough time. I'm having a tough time but it's a different kind of tough time than I am hearing about. My tough time, is being assailed by physical problems, over the last however many years and months, with what I hope is, 'the grand finale' of the present. The rest of you seem to be troubled by difficulties having to do with connecting to the source of your own best interest. I've got your solution but you need to apply it. What I'm going to talk about is an extension of this week's radio show.

For many years, I was confused and lacking integration with the will and intentions of the force that controls the whole of everything. There's a concept that has to be absorbed before you are going to make any real headway, in your quest for synchronization and access to the internal ticker tape of what is 'coming down'.

Everything in the universe is made out of the same thing. One's ability to tune into the vibration of anything and a knowledge of the means by which to alter that vibration, confers the power to change it into anything. In a certain way we already do this, when we fell a tree and it appears as a chair in a furniture store. We also do it when we refocus our attention on something new, which requires a change within us to bring it into manifestation. You actually become a different person. When you drink all the time, or snort cocaine every day, chase after money, fortune and sex, your consciousness takes on certain ubiquitous characteristics. Heroin junkies all over the world behave a certain way and even talk a certain way, no matter what the language may be. The state of your intention and focus, along with your behavior, defines the whole of your understanding and experiences.

One consciousness holds the universe together and streams it through time to a specific objective, which has all the other objectives woven into the whole. **This 'being', or consciousness, or whatever you want to call it, composes everything, rules everything, is aware of everything, both within and apart from it, forever and ever, amen.** If you are one of those people whose metaphorical butt hurts, your relationship is being defined in a way other than the original intent; unless you like that sort of thing. I don't mean to imply there isn't a certain amount of pleasure in the act because millions of people wouldn't do it otherwise; would they? Well, all ordinary death is suicide, so that bears thinking about too.

No 'human mind' can comprehend the nature or measurements of the interpenetrating consciousness. Anything you have ever read or been told is just a perspective and falls far short of the actual truth. No matter what, there is always more power in reserve than there is in manifestation. This consciousness knows itself as whatever it is existent in, while also knowing itself apart from it. **The purpose of existence, short and long term, is the fruit of the lessons of experience. The fruit of all experience is the awareness of the awareness within and once begun, it deepens without end. The point of creation is for creation to know itself as an expression of the creator.** (Candace: herein is a great brief explanation of the Eternal Son, 2nd person of the Trinity, NOT JESUS)

Therefore, this interpenetrating consciousness composes everything (makes everything out of itself), is conscious in everything, according to its state of being and apart from it, while intimately aware of it and also, outside of it. To say that life is created for the entertainment of the creator, motivated by a love incomprehensible, is not inaccurate.

Our present timescape is in a period known as The Kali Yuga. This is a time when darkness and ignorance have the upper hand in terms of appearances and also within the 'general mind' of the inhabitants. From one perspective, this is not a good time to be here. From another perspective, this is one of the best times to be here 'if' you are seeking to make progress in respect of union with your higher self. The fulfillment of this can only happen on this plane. It does not happen in Heaven or other places. This is a critical point to consider and understand.

The whole universe is held together and functions as a result of the 'attractive force'. This force is love and it has its degrees of awareness, according to whoever is employing it. What we call evil, are all the less than perfect applications of thought, speech and action, which fall short of the mark. In fact, sin is defined as, 'missing the mark'. It is not possible for a human being to hit the mark with any consistency and that is why it has to be accomplished by the interpenetrating consciousness 'through you'.

There is no possibility of acquiring the knowledge needed to perform or comprehend in any complete way. Those who have walked the path of knowledge must, no matter what they achieve, return to walk the path of love. Those walking the path of Love do not need to return for the knowledge. That is automatically conferred in the fulfillment of love.

The Hare Krishna people are not wrong in their understanding that the maha-mantra is the most expedient and safest course in (no, I am not a member of the Krishna consciousness movement in any exoteric way) The Kali Yuga. This maha-mantra recognizes all of the permutations of the divine, as it has expressed itself over time. Krishna is Christ and the similarity in the words should be a telling clue. Alternatively, constant practice of the presence or any sincere modality, that seeks union in utter surrender to the divine, will succeed.

In AA (no, I am not in AA) they tell you that you have to have a higher power. It can be a book, your dog, a person, place or thing but... you must have one. This gives you a medium in which to grow into an understanding of the interpenetrating consciousness. It adapts itself to your particular needs. Dogma, cant, scripture, traditions, rituals and practices, all have their place in an elementary period of learning. Once contact has been made, that contact provides all the things that these others cannot and which is why so many wars and conflicts come out of all the interpretations of them. The greatest enemies of incarnate truth are the religions that came after it.

Now we come to the means of the quickest and most definite route in the search for union with the interpenetrating consciousness. Love exerts a power over everything manifest and unmanifest,

including the divine. The divine is a slave to love, which is the truest expression of its own inner nature and whose depths and reaches have never been fathomed, nor ever will be. If you employ love; a keen burning desire for the interpenetrating consciousness, it will be compelled to come to you. You cannot fail and you will succeed in the shortest possible time.

Here is a motivation that might greatly assist in your desire to accomplish what presently confuses and often bores you as well. You cannot enjoy anything without the presence of the divine. You cannot understand anything; you cannot appreciate anything, you cannot master anything, you cannot be free of anything, or have any position or perspective where enjoyment can occur, sans the presence of the divine. The divine is the supreme enjoyer and must be present for you to get any of it at all; despite all hallucinations to the contrary. This is the curse of temporal riches and power, along with all of the things people seek in this world. It is a bitter pill but it is an inflexible thing. You are not going to get around it. Therefore, your supreme ambition should be to connect with the supreme personality, because everything you think you want can only be enjoyed or appreciated via the agency of the interpenetrating consciousness.

Possessing a connection to the source transforms the meanest jungle hut into a palace and a pleasure dome of infinite possibilities. Possessing this transforms every sense experience into the highest expression available. Possessing this grants you a friend and companion whose intention is to put you on equal footing with the grandest being of them all. Possessing this you need nothing else and anything you do need is on the way and will be experienced and understood in the right way and that includes the gamut of possible human experiences and everything past that as well. Fall in love, because everything and everyone you have ever loved is an expression of the interpenetrating consciousness. Everything you long for, or ever will long for, is an expression of the interpenetrating consciousness.

There is nothing you have known, or ever will know, that is not contained in the interpenetrating consciousness and that includes the deepest and most perfect appreciation of it. Fall in love. That's all you have to do. Fall in love and let it take over your thoughts and possess your heart until there is nothing else on your mind at any time. Fall in love and see what happens.

End Transmission.....

Message: THE PASSION OF CONTINUOUS COMMITMENT
Seraphin through Rosie, 13th February 2011

R: Dearest Seraphin: as so often recently, I have been wondering about the fate of our earth and her inhabitants, with such a massive transformation of unimaginable proportions lying ahead of us all. When I look at photos of our planet from space, my feelings of wonder at her immense size and beauty increase, paralleled by an overwhelming and somewhat fearful anticipation. While enjoying these amazing pictures, I simultaneously try and imagine the millions of people on the ground going about their daily lives, governed by the “matrix”, by an all-pervasive unseen force, but all this pales when I again look upon the huge areas of ocean, the mountain ranges, the huge plains and rivers.

S: Yes, Dearest, it would be well for everyone to hold this view of beloved Gaia in their hearts – a perspective which rises above their daily scenarios of petty arguments and struggles, their contemplations of what to wear, what menu to cook, what strategy to employ to impress, what avenue to choose to succeed. “Nature” is above these processes, functioning perfectly within the laws of God.

Nature wears her natural colours and garments. Trees do not strive to impress, water does not aim to succeed, seeds do not give parties when they germinate, flower or die. They are providers of life, air and food, and they receive no payment for the services they provide (and, as you said recently, a bird manages to get through life without spending a single Euro). They are not crowned with honours or medals for providing more than the next. They are not focus of media attention, neither do they cease to provide or retreat “on holiday” because they think they need a rest, neither do they “retire” because they have reached a certain age. They only stop when their natural cycle has come to an end, and they end without pomp or circumstance, without tears and regret.

Consider that the concepts of “work”, “play”, “holiday” and “retirement” are all vestiges of human invention, but which are considered an integral part of the human experience. The sharp divisions into “work” and “play” causes great discontent – unhappiness if there is too much of one and “not enough” of the other. Work in the sense of commitment to something beyond oneself, something commendable for the benefit of the community and mankind is admirable, but I ask you ones: CAN COMMITMENT END? IS NOT COMMITMENT FINAL? IS NOT CONTINUOUS COMMITMENT IN THE KNOWLEDGE THAT YOU ARE SERVING TO YOUR UTMOST CAPACITY A REASON FOR CONTINUOUS JOY? Can anyone who truly serves intend to break their commitment for pure pleasure or a “holiday” when they are already experiencing the PURE PLEASURE OF PURE SERVICE?

To those who are disheartened or bored I would say: engage in that which your heart desires, live intensely, and take well-earned breaks to ensure your rest, but be aware of your continuous duty to expand and excel at that which you have chosen (and if you have not chosen it, why have you let someone else do that for you?) and in which you delight, so that your enthusiasm and dedication inspires those around you. “Success” is merely a by-product of this core of continual enthusiasm.

Nature commits fully to her purpose. THERE ARE NO DEGREES OF COMMITMENT. YOU CANNOT BE A LITTLE BIT COMMITTED OR GREATLY COMMITTED. The immense body of Gaia has been providing with great dedication for humankind to the point of self-injury. It is with great regret that her dedication and beauty is spurned by the majority of her populace.

LOOK AT HER AND WONDER. TREAD HER FORESTS, CLIMB HER HILLS, SWIM IN THE WATERS WHICH SHE FREELY OFFERS AND IN TURN OFFER HER YOUR SERVICES. GIVE LOVE FREELY TO HER, FOR YOUR OWN FATES ARE INTERMINGLED, YOUR SUFFERINGS MUTUAL, AND YOUR JOYS ENTWINED.

Candace: The teaching about the upcoming WAVE is being put out by us, and probably some others too. In a way this WAVE starts off the ascension, it is the coming of Creator into this particular portion of his creation. It is spoken of in the bible but not understood at all. You will not miss it, it will be most obvious. my site now has several pieces up about, perhaps I will put them in this thread one by one. Here is Metatron thru Hazel today.

A Timely Reminder- Metatron

The journey's end nears and the purpose of your visit on this planet will soon become apparent as you don new attire in service to the One, in remembrance of the great cause, through the precipitous Wave upon thee. Humanity will awaken to the joy and splendour of He who birthed their very soul. Yet the margin of those who will not, for lack of inner fortitude remain great and it is these ones who shall shudder and tremble in the wake of their own fear born of earthly contrivance. The peril to these ones remains in the disbelief which accosts them and renders their understanding poor. Yet even those lowly in spirit will not avert the resplendence of what is to transpire in their universe of timely comprehension. For fears will be faced and dissolved whilst for others there shall be new resolve, new direction and limitless freedom. This is the fundamental shift which will occur in all souls to render a new awakening to immortality and timelessness. Those unfortunate in the awakening shall have to await another experience of this kind in a place and time not yet rendered.

The sequence is in fact non sequential for it shall be upon you like a heaving storm and the winds of change can be either destructive through perception, as those unprepared take new abode out of flesh; or constructive as those prepared and spiritually ready reap the signature of the Christed One penned on their very soul, as a brand new reality dawns upon their being of who they truly are. The grandeur of the occasion will surpass only itself as the mood of man changes in choice. This is the point when he shall knowingly and willingly choose to ring the bell of God throughout creation and reach within to keep the light of awareness at its highest frequency. The call is out now beloved ones, heed well for I am Metatron and I come through my sister to render this most important decree that the Wave is indeed upon you. Little did she know that this would be the content of this message. Let this be another reminder lest you forget through your ample waiting.

And Lo I say to you than not far yonder is this electricity that will sweep in heaving breaths to depolarise and join in unity the hearts that belong to God the Father that creation may be embraced and feel the persona of divinity clutch at their very being. This experience shall surmount all that you have so far partaken of. The gratitude which you shall experience in your

hearts at the time of joining will culminate in an experience of pure love that will forever thereafter be imprinted in the hearts and souls of those who have bequeathed unto the Father that which He has give to them- their very lives in Service. The resonance of His Mighty Presence shall assure hope for humanity. This is the FINAL PHASE . Go to prepare your hearts to receive the white light which will birth you into a new experience, a paradigmatic shift and purposeful accord. This is the time. Heed my words.

I AM Metatron

A Message from AA Zadkiel during these tumultuous times.

Genocide is being committed in all areas of your globe as man capitulates to his warring tendencies. Crimes against humanity and thus God are being inflicted in vain. Let this be your sign that the days of Sodom and Gomorrah be revisited that you may know what to expect. The truth stares at mankind yet the majority remain unmoved by the occurrences before them. Those who have partaken of the vice of war in interest of self shall soon feel the effects upon their very selves. All shall be accounted for.

The rising scale of combat is indicative of the inner disharmony which centres the very earth at this time. What is taking place is merely a mirror of what the earth is feeling. She is rebelling through her movement and so too the suppressed have assumed her energy and rebelling in turn against those who have manacled and controlled them from time immemorial. Discontent weighs heavily in the hearts and minds of men at this every moment and this must be purged, allowed for expression as part of the cleansing in preparation for the 'coming'. Benign energies will soon replace the malignant scourge that has seized at the very womb of the earth for too long and a great release will follow in the wake of spiritual malfeasance and perfidy by those who are the Judas' of spirit. Hope wanes for those who continue their mercenary exploitation of the masses.

Applause will rend the air as the merciful hand of the Creator reaches to unlock the prison gates that His children may find their freedom. The gates of "hell" shall part as the breath of God plots its coordinates to sweep away the vicious cycle of destruction.

You live now in the midst of grave terrestrial turmoil; but such is necessary at this time. All that is distinctly inimical to spiritual culture must now abate before the rising occurs. This is the time of the great divide before the interlude occurs.

Man must learn the ways of spirit and cease to condescend it in favour of his mortal reality. What is taking place at your current level is a natural result of mans' careless treatment of his very being. He must reap the consequences. The lessons face him yet he cannot learn; for he seeks survival at a basic level and cannot honour that which gave him life. He shall learn but his learning

shall be in the midst of his suffering which is inevitable. This is not God's decree; this is mans' chosen path and he must conquer his demons before he can find his spirit. Divine justice caters for all and each shall pass through the purification in his own way.

The quality of mans' way of life is lacking in spiritual measure. There is a gradual awakening within many to a higher level of understanding, yet in most cases this is marginal and insufficient to wrought real change without the assistance of your higher Brethren. The road is now narrow again and what appears to be dark will glow shortly in light as the celestial bulbs pave the way to a new age. There will be of certainty a dynamic retreat to the ten'dre of spirit.

In the awakening spirit lies a flowering bud that must be tended with pure love and allowed to unfold the blossom of its light in a supportive and enhancing environment. Mans' spirit cannot be fostered as it should in the current climate of darkness. This is supremely understood and the reason for the divine intervention at this time. The lowly shall rise in spiritual power and shall be the ones who bear the torch of God and Truth as the time of bondage meets its final hour.

For those who 'know' and for those who follow the truth let your inner fortitude during these final days cast out the residues of infiltrated thinking. Let go of any contaminated thoughts unconsciously harboured throughout the ages. In the wake of the great upheaval tend to thy thoughts and mind and seek purification in readiness to absorb the highest energy that you can. Be ready for the great awakening. Let not your minds or hearts be troubled at the insouciance, poor understanding or short-sightedness of your brothers; for they too shall have their awakening in measure of their readiness, albeit a very surprising and in some cases a rude awakening. We of the Angelic hierarchy applaud you ones who have been able to stay your light amidst the darkened forces and counters from the weak ones. Know that we also show to those asleep the compassion worthy to them, for judgement is from self not from another.

Let love and compassion be your compass at this time and do not yield to frustrated intent for this shall mar your mood and plague your thoughts. This you can ill afford at this time as you prepare for the grandeur of the prominent expected event. Soon you shall rest in the bosom of thy Creator and the fires within your heart and soul shall resume its bounty and you shall be home.

Zadkiel come in the Light of the Creator Son and Source. Enter into the fold where Truth abides and Godliness condenses in the flow of perfection.

Blessings

I found a lot of this very interesting, though I have not read many of your posts because I thought you were a "New Ager". I became a Christian at 21, but felt like I "knew" God as a child. I have gone through the old testament, new testament, righteous fazes in a short period of time and wondered why I feel like church is not beneficial to me at this time. Pupil describes my feelings, but I also have the desire to run away from it. I just know that Christ is Love and I can't rectify my true feelings about Him with the judgemental, punishing OT God. Your posts are the closest thing that deal with what I'm experiencing spiritually, I just with I knew exactly why I am here, because I think there is a reason, I think I may have chosen to come here, but in my world people would think I'm nuts for saying that. Anyway, thanks for your posts.

These are teachings by the one that was Christ long ago presented in the Phoenix Journals now. I do not know which ones, this is a collection from a friend of mine from them.

DESIRE is the

motivating force of all Creation.

Inspired Man alone can create enduring things. To create you must first --conceive. To conceive you must stop thinking and KNOW. All sensing must cease. There is no power in thinking. Thinking but expresses the power which lies in knowing. You must project your Selves into the still Light of KNOWING to commune with God. You must become one with God to conceive an idea in order to produce the form of that idea. A concept must precede its manifestation in form.

Organic matter generates purely from the desire of mind to manifest idea in matter. The cosmic desire to create form produces the desired form. DESIRE is the motivating force of all Creation.

Man begins to express the idea of man as a single cell. The whole idea of Man is that single cell. It then unfolds in orderly time and space (sequence) according to cosmic law. Likewise, the whole idea of all Creation is in that single cell. All idea is omnipresent. There are no parts of the Whole. Each step in the unfolding of the Manidea follows the continuing desire for unfolding. Cell memory of purpose is given to each cell as it unfolds. Pattern of idea follows in sequence as desire in God Mind and desire in the growing idea work together to express the idea in form.

Every action of unfolding Man is a part of the unfolding of the man-idea as it exists as a whole in God's mind. Any desire of man is, therefore, a two-way extension of the Light of that idea from God to man. Whatever God desires to express in Man He will express, for He is Man's Creator.

Who am I? If I be God, then I have Created YOU. It must follow, however, that if You, too, be God, then you have created that which you have become. All the blame, credit, discredit, etc., cannot change the fact that YOU have created that which you have become and it will, therefore, require that YOU change it if it be changed--for if I be God, I have given into your keeping that fragment of Me which allows you to create for self that which self becomes.

Whatever man desires, the God within will create. Man must however, co-create WITH God according to God's universal law. IF MAN BREAKS THAT LAW, THE LAW WILL BREAK HIM TO AN EQUAL EXTENT. Therefore, it behooves Man to learn to act within those laws of God and the Creation.

Instinct is, therefore, God-control over the actions of His creations. The involuntary actions of the body, such as the heartbeat, or the actions of white corpuscles, red corpuscles and electrolytes, do not know their purpose in the healing process of the body, but God/Mind centers and controls every atom of His Creation which He then has shared with HIS CREATION (YOU)--AND EACH MUST FULFILL ITS PURPOSE. Malfunction establishes a purpose of some type of punishment for self for the creation is made in perfection--even if the perception is one of handicap or crippled-ness. If the instinct direction is to have carcinoma, for instance, the body through direction of instinctive function will create a perfect carcinoma. Therefore, it has to follow, that Man is what Man desires to be--EXACTLY. If there is perceived illness or malfunction--locate the problem and unbalance, confront it--change direction signals and the mechanism will follow orders--explicitly.

I, the One Whole, am KNOWING Mind. I exist to think. All thinking is Light of My KNOWING but My thinking IS NOT ME. I AM CREATOR, CREATING WITH MY THINKING.

Out of My Light of KNOWING are My two lights of thinking birthed as sexed pairs of opposites for repetition as sexed pairs of opposites--this is WHY wholeness cannot be brought forth from two "likes"--there must be the pairing of the opposites.

To think is to create. I create with Light. Nothing is which is not Light. I think IDEA. Light registereth MY IDEA in the two sexed lights of My thinking, and form is born in the image of My thinking.

Form has no existence, nor have My imaginings. These exist not, for they are not Me, they are only of Me. I alone exist; I, the All--I AM!

I create my imaged body with the in-breathing of My pulsing universe of Me. My universe is My image; but MY image is NOT Me but only OF Me. All things are My image, but they are NOT ME, even though I am in them and they in Me--they are OF

me. So be it.

God, the Creator, is POWER. There is no other power. ALL ENERGY LIES WITHIN THE STILLNESS OF THE ONE MAGNETIC LIGHT OF GOD!

God is Mind, the Intelligence of the universe. In God's Mind is One Idea, which God knows as One Whole idea. In God's Mind is desire to give creative expression to that One Idea by thinking it into portions. Desire in the Light of Mind IS the power quality of Mind. Desire IS the soul of Mind, the will of Mind. ALL PRODUCT OF GOD OR MAN IS THE RESULT OF DESIRE OF MIND TO CREATE PRODUCT.

The power to create product is in Mind. It is not in the product. Product has no power in itself to produce itself. This assumption that product has power within itself to produce itself is another of Man's illusions which have deceived the senses of Man during these early days of his unfolding. It is as though the architect gave to his cathedral the power of creating itself. The cathedral is but an expression of desire of the architect to give form to the "idea" of his "knowing". The power to create the idea is in the knowing. The idea of the cathedral already exists. The eyes of the Spirit can see its spiritual image as clearly as the eyes of the body can sense it in stone as a product of his knowing.

The expression of power to create the idea as product--lies in the electric action of thinking idea at rest in the Light of Mind into the two lights of waves of motion which simulate that idea.

As servant of Mind, electricity gives moving form to the idea by performing the work necessary to produce it. The power to thus produce does not lie in electricity nor in motion. It lies in DESIRE of Mind only. Without that desire Creation could not be. Without desire of Mind in man his power to create could not be.

The familiar terms "inner ears" and "inner eyes" really mean Mind-awareness. They mean the spiritual unfolding of innersensory perception. They mean KNOWING instead of sensing. The moment the human knows that fact, by feeling it inspirationally, he has begun to be aware of his divinity, for God alone is knowledge. God alone can CREATE.

MAN CANNOT CREATE UNTIL HE BECOMES AWARE OF THE GOD-MIND WHICH CENTERS EVERY CELL OF HIM, AND EVERY TUBE OF GROWING TREE, AND ALL OTHER THINGS IN ALL THE UNIVERSE WHICH GOD ALONE CREATES.

Again, from the PHoenix Journals

HOW DOES MEDITATION HELP YOU TO CREATE?

A musician asks how meditation helps a musician to compose a symphony. He claims that teachers are necessary because of technique. Teachers can never teach you to be a poet, musician, artist, inventor, or creator of anything. They can only teach you techniques which they themselves have attained at the very best. God is the only one who can teach you to create. A teacher can tell you how to give a material body to your concept, but only God can give you your inspired concept. In other words, a teacher can give you a technique for expressing your idea, but he cannot become your Soul from which your concept extends. If the teacher can re-inspire you with his inspiration, that inspiration of his, reflected in you, awakens the sleeping genius which is within you, but no one can teach you that. If you have been inspired by listening to a Paderewski, he has not taught you anything. He has enabled you to recognize the Light within your Self by his re-illuminating.

The beauty of music is not in its technique; it is in the Soul of its creator. That is why the same "tune" does not express the same Soul essence as different persons present it. One may be a genius--the other a player of recorded music. A copy of a great master's art may be quite identical but one is the original with its Soul and the other remains "a copy". Music is neither the sound vibrations of music; it is in the silence of the Light from which the sound sprang--a series of "tones" does not make music. You can KNOW music and THINK it without having acquired the technique of expressing it, or without producing sounds to give it a body. Your inner ears can hear the music in the silence of God's eternal rhythms and you can interpret your moods into the rhythms of the universal heartbeat, as Beethoven interpreted the mood of the moonlight into the rhythms of it without having any teacher but his God-Self.

Consider the life of any great musical genius. What he finally produces in a written composition first begins in his Soul. He must first find aloneness with Self by getting away from all other people--even from his own body-awareness. He must suppress all outer influences to seek that stillness from within from which the inner ears of his Soul can hear the rhythms of the universal heartbeat of God's creative thinking. This is why, for instance, Dharma must have silence and quiet about her and aloneness when we write for otherwise her consciousness is distracted into fragments and she cannot hear that which we bring forth, or send forth, as the case may be. I know that ones who live and work with her assume she just sits and types--no, she is as any other writer--she must hear the message. God is the author of any worthy writing. All GREAT writings are of God for those of the adversary DO NOT ENDURE.

To find that stillness in the Light of knowing, he must stop thinking in order that he can conceive idea from the Light of all-knowing. From the ecstasy of that stillness, the inspiration is born in his very Soul. The motive for his symphony gradually takes form through the heartbeat of his thinking,

which he extends from the stillness of his Soul. He then ceases to extend it, again to find the stillness of the Light which is gradually giving him his motive through inner inspiration.

This is the mood of all creative geniuses during the inspiring and ecstatic hours during which they commune with God. By such communion, you awaken and unfold your own genius. There is no other way to become a cosmic being. There is no other way to acquire inspired knowledge to uplift you from earth into the high heavens of the kingdom of the Soul where cosmic man dwells.

Not until the creator of a cosmic idea wishes to give it a material body can a teacher be of any help.

Giving an inspired concept a material body means to extend the conception from the consciousness of Mind, through thinking, to the sounds of a musical instrument, or the symbols of a written manuscript. That is purely a question of technique. A teacher is helpful in the acquirement of a technique and all of its mechanics. Does Dharma have this practice and technique when she writes? Not exactly--as with this material she presents for us--however, the technique of getting in clear touch and reception of the work required great discipline and giving, not to even include inspiration. The technique is most human--the gift, divine. Do you see the difference? For through the technique, she ALLOWS us to write that which we need to share with you without inserting her OPINION.

In giving your conception a material body, many years of technical and scientific practice are needed. The science of the octave spectrum of color or tone is needed for expressing each of the arts, for from those octave-wave rhythms the poet, painter, architect, sculptor or musician gives rhythmic bodies to his inspired conceptions.

The architect must first go to the Source of all inspiration for his conception. He does not need to be an engineer or mathematician for that, but when he builds the cathedral of his inspired imaginings he must know the technique of the engineer and mathematician in order to give a material body to his imaged one. Likewise, the painter, sculptor, poet or musician needs to be informed, either by books, teachers, experimentation or experience, regarding the techniques of giving bodies to his spiritually-conceived ideas.

Remember, however, that technical information is not knowledge. You can be informed through the senses but you can acquire knowledge only through desire of the Soul for illumining with the Light of all-knowing. Knowledge is of the Soul and the Soul is not concerned with techniques. To the Soul they have no existence for your consciousness can conceive a greater symphony, poem, monument, painting or temple than you could ever give to a material body, no matter how perfect your technique is. So too, as you ask about these JOURNALS: Dharma writes on a keyboard through an earth technique that which God and we of his Hosts, present as the Soul unto the work. Without the KNOWING and the addition of input of Soul direction--we would simply have compiled more piles of print without direction or motivation save to present piles of print. Dharma herself, would, further, have preferred to write other types of material--or at least in beginning that was preference. She did not, nor does she yet, perceive herself a writer--shhh: she is still awaiting her "purpose"! She agrees to do this "favor" until she recognizes her purpose! Who are we to bend her from her seeking? For you who are new into the work here--she only started writing for us in July of 1989. God gets right with it when His time sequence is attended. There weren't any more startled to find themselves doing this work than perhaps George and Desiree' Green. George had made a commitment years ago to the Pleiades Command and Hatonn simply wrote a few little JOURNALS and reminders of commitment--it can be quite shocking when God comes knocking with his reminders of commitment. There have been some most interesting stories unfold herein which would be fun some day to relay to all so you can share your knock-knock's, as in "Knock, knock! "; "Who's there?" "God--where have you been?"

The Soul's greatest masterpieces are never produced on Earth Shan. They never descend from their high heavens of the Mind universe. No musical master can produce in sound the music which he hears in his Soul while in communion with God. Physical sounds can be heard by anyone but the silences from which they spring can be heard only by a cosmic God-conscious being while his Soul is in communion with the Universal Soul. How well that music is received and appreciated by his listeners after he then records the remembered strains is that which gives life and Soul unto the projected works. At best, it is but a recording of God's thought projected through physical perception.

Speaking, again, of techniques, an electric machine can remember information recorded upon it electrically, and it can repeat it countless times with accuracy. The electric machine is sensed (wired) for that purpose. It is a body without a Soul. It obeys the will of an intelligence which presses a button.

Man humans are but electric machines which remember and repeat information recorded upon their senses. People say of such persons that their technique is perfect but soulless. That means that God-awareness in them has not yet been awakened. That is what we mean by saying that teachers can give you techniques but God can awaken the Light of cosmic inspiration in you.

Many unawakened humans forever repeat the ideas of others, such as those who stand in assembly lines, each one electrically sensed to do his unthinking, unknowing part like an electrically-driven automaton. But many there are who also stand in assembly lines who perform work automatically with their bodies while their Souls are in communion with God in His high heavens. These are the cosmic ones among men who are seeking to find the kingdom of the Soul's high heavens They gradually break away from the treadmill of life through communing with God.

John Doe of the assembly line can escape from John Doe and be Rachmaninoff, or Shakespeare, or whoever else at will. Through meditation, John Doe can roam the universe and be alone with God in the deep woods hearing the rippling fall of waters or the breezes in the pines above the crash of factory wheels or gears.

No matter how heavy the burden of the treadmill of life may be, or how bitterly your body may be chained to Earth, you may escape from it and be exalted among men by hearing the still small Voice within you whispering inspired words in God's language of Light.

Let us bring this section to a close because I wish to discuss "how to meditate" a bit at the next sitting and the hour grows too late to complete the thought pattern. We shall sit again in the morrow, please. Thank you for attending me and thank you for your service.

I bid you precious friends peace within the wondrous Presence.

Titles- Father Melchizedek

Titles are just another diversion which reinforces divisive thinking. It is used to distinguish and discriminate one's position from another. It has hierarchical benefit but is superficial at the most. Those of you on earth who have been exposed to the celestial mission for earth –Shan and humanity may be gratified by your encounters with Ones you call High Celestial Beings. There is a spiritual hierarchy for the purpose of clarity of roles rather than distinction through status. For WE in the higher celestial realms know that there is only ONE and WE function within the realm of ONE. There is no ego to drive or manipulate. WE do not see ourselves as separate from God or each other but work within the framework created for effective universal management.

Titles on your earth have been used indiscriminately and further breach the reality of ONENESS. It creates disparity in status that one may always be influenced to “over lord” another. The motivation is totally ego driven. The ego abstains from recognising ONENESS in all through its need for self gratification. WE in the higher realms are at this time seeking to encourage and draw you children back to the understanding that each makes up the whole and there can be no competition between souls when only ONE exists. We watch you try to outdo each other and this has created false power struggles and engendered a warring culture. In the process each struggles with himself and fights himself when he seeks to overcome another. It is sheer blindness through ignorance of truth that nurtures this self destructive abstract.

Man is yet to be trusted with titles as it is mismanaged and breeds divide. If each can find himself/herself each will realise the God potential borne within and will come to see eventually that they are no different from God. If each sees the other as God then each will strive to live up to that image. There is no entity greater than God. God is the sum total of all, which comprises each of you. Some may return to God consciousness sooner than others but that does not suggest superiority or inferiority. These terms are non-existent beloveds in the realms of God and must therefore become obsolete in your realm through cultivated changes in the thought structures of each.

Titles are contrived, God is not. Titles are unreal, God is not. Do you need a title to feel good about

yourself? When you see your image in a mirror what do you see? Is it a label given to you by someone else or imposed by self? All creatures of God are equally loved and cherished regardless of title. God is only concerned that His children will return to Him by claiming their God identity.

We see so many in your realm “dropping” names in an effort to impress and at the same time intimidate. Can you see your brother or sister as yourself? Is your greatness not theirs and your weaknesses too? When you can comprehend this you will relinquish the ardent need to assume titles or to use it to the detriment of others as you pave your way for what you may think is an upward climb.

I will remind you that God is the essence of all that is humble. He uses His title to over light all with deepest compassion and Creator-love. He is the highest anyone of you can endeavour to reach yet the title of God is belittled and anomalous in your world. You prefer to wear false names, condescend others instead of observing the birthright of each. Little ones the title God is used for your benefit until such time that you merge into achieved ONENESS. It is only then you are just what you are (“I AM”) without need for name. God is not concerned with defending HIMSELF/HERSELF for HE does not have a title to defend. HE has children who HE efforts to lead back to HIM.

Titles are misnomers and you should see them for what they are. Start seeing yourself in terms of qualities and attributes. Call yourself Love, Kindness, Generosity, Humility, Charity etc and then you will start living your title in truth and embodying what the greatest and infinite source and intelligence represents.

Titles which precede or succeed your names are equally irrelevant if they cannot be placed soberly in context. They create a veritable distraction from that which is real and pre empts you ones from seeking the truth of who your really are. You must define yourself by who you are not by who someone else tells you, you are. Who you are is the truth you find within you that will confirm the God presence your bear.

If you were to allow God to knowingly be your goal, on your journey to the kingdom you will realise the potent force that you are through the enhancement that God’s presence offers you. He said boldly that you must know HIM as yourself. Little ones it is time to perish the thinking that you are someone other than God. When you see yourself as less you will never be able to accept and tune into your power and potential. These crucial times demand a return to the light and reclamation of your true identity. Put yourselves through the study and discipline of self mastery and as you progress in your study the title of God will sit more comfortably with you. Blessed be the day when you can achieve that mastery that you may come in the humble knowing that God is all there is.

Do not lose sight of that which is REAL and TRUE. It is time to be grownups now and to put away the toys that have long been distracting; and have deviously led you down the wrong path. Tune in now beloveds to the frequency of the Holy Spirit within you. You are each incumbents to the Royal throne. Let this vision empower you that you may humbly accept the sceptre, even now in your plane of existence that you may first rule yourself before embarking to be a teacher of others.

I leave you with the blessings of the ONE and the reminder that God is the ray within each of you ready and willing to shine through at your call.

I am Father Melchizedek come again this day to offer some enlightenment to your perspective. I leave you with MY love and celestial joy.
Salu.

I found a lot of this very interesting, though I have not read many of your posts because I thought you were a "New Ager". I became a Christian at 21, but felt like I "knew" God as a child. I have gone through the old testament, new testament, righteous fazes in a short period of time and wondered why I feel like church is not beneficial to me at this time. Pupil describes my feelings, but I also have the desire to run away from it. I just know that Christ is Love and I can't rectify my true feelings about Him with the judgemental, punishing OT God. Your posts are the closest thing that deal with what I'm experiencing spiritually, I just with I knew exactly why I am here, because I think there is a reason, I think I may have chosen to come here, but in my world people would think I'm nuts for saying that. Anyway, thanks for your posts.

Quoting: **anonymous 1003272**

thankyou.  I assure you I am NOT a new ager. I am just ME. I do my own thing, which was one of the greatest teachings in fact of Jesus when he walked this world. That is even behind the teaching of setting up discord between friends and family, so that each learns to think for selves and not "follow" the created religions and other categories of man. the "right path" is the path YOU CREATE, the Right Religion is your own relationship with God and allowing the Father within to guide you along your journey of growth. We must walk our own paths, but know that all are our brothers and sisters are part of the One Mind of the Creation.

I am in awe of your path, for you are on the right one, YOURS by our own self determination.

Yes it is available online which is how I make posts from it, rather than typing out of mine personal copy. www.urantia.org is the official site but there are others on interest to which carry it. I also have a UB thread which I encourage all to post the pieces that resonate with them, requesting mostly the simpler material all can related too. The social discourse discussions in it, I think are particularly interesting in these times. my thread is [[link to www.godlikeproductions.com](http://www.godlikeproductions.com)] it might be a good introduction for some of you.

THE ADVENTURE OF THE SOUL Message: THE ADVENTURE OF THE SOUL

Message: THE ADVENTURE OF THE SOUL

Seraphin through Rosie, 2nd April 2011

R: Dearest Seraphin: sometimes I feel like I am living in parallel worlds, the world of the NOW and the world of the spirit. Everyone around me is in the NOW, but not everyone is my companion in the unseen world. The world of the NOW feels to me like a tiny, brilliant but fleeting segment of immediacy, where people and experiences come and go, whereas the world of the spirit feels immense, eternal, unrestricted in its potential for joy and ecstasy, part of a universal current where relationships are also eternal ...

S. Yes Dearest, it is this failure to see the NOW as a fleeting moment which restricts the vision of earth's populace. They are held captive in their physical NOW and cannot conceive of themselves as souls entering various forms again and again to add on to their experience. What they consider to be the NOW may actually be their 100th reincarnation. Thus they fail to perceive their life as a rung on the ladder to divine glory. Instead it feels like a long battle from birth to grave.

And I say to you: OPEN UP THIS PERSPECTIVE OF PERPETUATION, ESPECIALLY IN THE

-- AH- Candace GLP #12-1 -- page. 55

COMING TIMES. EMBRACE YOURSELVES AS CARRIERS OF ACQUIRED TRUTH. CLIMB THE LADDER WHICH REACHES EVER HIGHER, CLASPING THE HANDS OF THOSE WHO WISH TO CLIMB WITH YOU.

It matters not if you lose sight of your fellow climbers for a time, if they are taking a different route for a span of lifetimes, for if you continue to strive during your separation, YOU WILL MEET AGAIN ON THE UPWARD JOURNEY, WHEN THEY SUDDENLY REENTER YOUR SPHERE OF PERCEPTION.

Rejoice when this is so, and do not fear these seemingly inexplicable encounters, for this is mutual sustenance for your onward journey, for the adventure of the soul.

WHY? -

Why do you need to know the hour of My coming?

Is it not your decision to make?

My coming shall centre upon your awakening

For the cornerstone of you abides always in you

Why do you look for Me in space and count the numbers of the days until I show My face?

I AM that formless part of you, your innate self, moved to life only through your desire to know Me.

Why do you cry in desperation for Me?

I AM the unseen part of you, indwelt, awaiting your remembrance.

Why do you seek Me on the outer plane?

I AM the heartbeat calling you within to find your inner fortune

Why do you petition Me then scold Me for unanswered prayers?

I AM the unheard voice, which echoes in your unwillingness to hear

Why do you cast Me in the den of wrathfulness?

I AM ALL LOVE, which pulsed your very life

Why do you seek Me then bow to all the offerings of the world?

I AM the untold 'only' truth, the reality of you and all

Why do you ask of Me for peace?

I AM that peace bequeathed to you by birth

To feel, as your spirit's touch

Why do you ask of Me to help you change your world?

I AM your deepest vision

When you can see and be the Me in You

There will in truth, be no world to change.

Why do you ask of Me to rescue you from darkness 's hold?

I AM your light, the very light you are
When you come to know the power of your light
The hold of darkness on your mind shall cease.
Why do you ask of Me to save your soul?
I AM THAT I AM
The soul you seek to save, is Mine own.
Yet salvation you will find, the I AM, through.
Why do you seek to analyse Me so?
I AM the Love, the Light, the Truth in you
Why do you need to know the whys, the whens and wheres?
I AM THE ANSWER TO THEM ALL
THE ONE, THE ALL, THE ONLY ONE YOU NEED TO KNOW

When you walk in Me and let Me walk in thee, your moments will illuminate in clarity, with purpose and completeness. The I AM within shall keep you focussed on the Source and My plans you shall know with prescience.

The Source of Correction- Higherself

Your spirit is the eternal energy which creates only through love and sees only through light. Its sword is wisdom and its shield is truth. It dwells in the kingdom of its peace and is its own fulcrum. It's potential is incomparable and its imaginings pure. What can your spirit offer you? It is the key, the secret to a wholesome life, the Source of all correction.

You are here to minister to the soul's unfolding through its light and to serve My will. I will today teach you about the tool for self preservation.

To protect yourself from erroneous perceptions and judgments against others, LIVE IN SPIRIT. Your spirit dwells in the framework of a higher mind and exists in its own assurance. It needs no weapons to attack or defend for it is neither vulnerable nor liable to lower vibratory emotions. It is its own understanding and will render through its understanding compassion for the plight of those you will perceive as "evil". For the spirit knows that those who choose the lower path are merely experimenting with that which is alien to them. The spirit sees them as struggling to accept their divine nature and sovereign power. Evil or what you call sin is the creation of those who choose the longer pathway home. It is through their choices that they will eventually remember and the lessons of their origin and nature will be well learnt. Their choices bear no impact on your spirit for it is between them and their true self.

The spirit sees as God will see as it is His vision that inspires its sight. The spirit knows that man

will always through his ego seek to attack that which he cannot comprehend or that which is foreign to his established patterns of thinking. The spirit does not take offence or react but responds as the ONE whose footsteps it follows; being in harmony and in the balance of truth and light. The spirit will respond with pardon and a blessing of love. The spirit knows that it is ALL.

The spirit sees the sufferings of its brothers and sisters who choose the lower pathway notwithstanding what appears to be garnered wealth and power on the material level. The spirit sees how diseased and corrupted the physical being becomes notwithstanding a healthy body. It is bereft of the light of its spirit and is enveloped in a darkened shield. The spirits of these beings have no way out.

You have through many incarnations accustomed yourselves to familiar settings based on physical and sensory responses. The ego is a well established aspect which motivates behaviour not aligned with spirit choice. The ego becomes your ruler and dictates your response through unconscious programming. At times your conscious mind wishes to respond in balance but you have become so conditioned that instead you respond as per your conditioned mind. Think of yourself as software which was pure at your birth and through myriad incarnations it became slowly defective due to the infiltration of habits foreign to its nature. It is so infected now that it requires purification and re calibrating to operate at its highest potential again.

The panacea is reunion with Spirit. In your communion with your higher self you will be fed the elixir which will nourish your mind and bring clarity of vision. That which once despoiled your view will be removed and vistas anew you will experience as you explore the bounty of spirit's offerings.

Your interaction and union with your higher self engages you in celestial thinking and ways and by your choice, your efforts and knowledge of spirit's yield, you will not only overcome the hurdles of your ego and the world surrounding you but expedite your return to the Source.

Your spirit will guide you as to how to deal with worldly issues if you place yourself under its tutelage. The spirit is a wise teacher but will not force or impose itself on the student. It will gently re introduce you to your power and teach you how to harness your potential to create instead of miscreate. It will sharpen your mind to tune into higher intelligence and introduce you into renowned celestial circles that you become once again comfortable with "yourself" and your inherent power. It will initiate you, teach you, test you and facilitate your continued journey to enlightenment. There will come a time when you will not be able to differentiate yourself from spirit. It is then that you will live totally in spirit without need for physical consciousness.

We encourage you to step up your efforts to live in spirit in the now. Self discovery and enlightenment can take as long or as short as your choose. It is always your choice but the choice you must make should be against the knowledge of what your spirit can offer to you.

I will ask you to ponder upon the following questions?

How comfortable are you in your mortal incarnation?

How do you feel about yourself and your life?

Are you happy inspite of the world around you?

Are you at peace inspite of worldly creations?

How do you interact with other mortals?

Do you respond with your ego and if so how does it make you feel?

What is it that is missing in your life?

Are you in control?

What is your purpose in this life?

How do you go about achieving your purpose?

Does your purpose impact on you alone or on many or all?
What does spirit mean to you and what role does it play in your life?
Do you live in fear?
Do you thrive on anger or typically respond with anger to situations contrary to your understanding or preferences? How does being angry make you feel? Does it motivate you to change you or to try to change others? Does it steal your peace?
What is your idea of love?
What does being balanced mean to you?

These questions dear ones are meant to inspire constructive thought and honest insight that you may determine for yourselves the areas in your lives that may need attending. When you can confront short comings you can then go to the "Source of Correction" which will help you to become the Spirit that you are.

Herein lies the crux of the matter. How many of us can be "constructive" in our assessments of ourselves? Most are very destructive due to the teachings that are pushed on us throughout our lives. As for being truly HONEST with ourselves . . . that is a monumental achievement most folks have yet to acquire. The first time I climbed that mountain I was pissed at myself for months afterwards. But the lessons got learned.

I keep trying to find the still quiet place within that will allow me to hear my Higher self and in doing so avoid many of the pitfalls one falls in and must spend time climbing back out of . . . time better spent in other endeavors.

A “Holy” Contemplation- Papa Source (First Source, Father, Universal Father, God, Prime Creator) thru Hazel

The destiny of that which is Whole is Holy. Wholeness, All, Completeness all signify and are emblematic of the reference Holy. In the realm of time Holy is the word prescribed and associated with God yet it must be placed in its proper context which brings understanding of its nature.

That which you refer to as Holy is not outside of your being, to be glorified and worshiped ad infinitum. That which is Holy is to be recognized within you through the Wholeness of God's presence. The focus on Holy must change to Whole for it is only through the identification with the WHOLE that the pedestal upon which Holiness rest will shine through with divine perspective.

Indeed I AM Holy through the representation of my Wholeness and Holy is but an aspect of the aura I radiate. For those who aspire to the glory of God you must stand on the mountain; that higher altitude that allows for panoramic vision that you may start to see the substance of ME in Wholeness of the form I take through MY creation; for I AM but formless otherwise. It is the Wholeness of sight that will enable you to see that which precedes Holy; for you can only be Holy when you are Whole. Anything else is an aberration in understanding and an aspiration through desire; an aspiration that is most honored by ME and your Creator Son as you assiduously journey to Paradise.

I shall address this period in your calendar which you refer to as a Holy week through the celebration of Easter tide, the culmination of the crucifixion to the resurrection of MY beloved Son Michael.

Why have you assigned this week as Holy as apart from any other week in your calendar? Why do you see the crucifixion and resurrection as Holy events or acts? Why is the focus on the acts rather than the lessons? Why do you relive the erroneous belief year after year that MY Son died for your mortal sins? You are through this remembrance reliving your guilt and holding on to the notion of sin which man created in the abstract; the very two things which MY beloved Son sought to dispel from your thinking and beliefs. How could Michael have died for your sins when HE did not recognize sin? How could HE have died when it is impossible for HIM to die? You have made death into a maudlin affair and recall these times with great emotional evocation.

Michael in HIS bestowal on Uranta, HIS very own creation came to teach of the nature and

essence of God (ME the I AM) and the Oneness of All. He came to teach that the spirit is the life and through baptism this represented renewal through the choice of spirit; being the spirit of God, the life within each. HE efforted to bring reality in a world that was besmirched with the unreality of sin, mortality and banal affairs. HE came to teach the Truth of God and the eternalness of God's kingdom through the indicator of immortality of spirit. HE recognised life only.

Love and Life are synonymous in MY kingdom. Instead of seeing the crucifixion as death, see it as symbolic of Love. Focus not on the event of death or what transpired before HIS mortal passing but focus on HIS love and HIS lessons of Love, remembering the incapability of HIS or your death. Let the emphasis on this time be one of Wholeness for HE is Whole and Holy in what you term "every day" and what I know as eternal. If I AM the Cause then so too is My Son. HE is All that I AM and you are all that HE IS. When you can focus first on your Wholeness through HIM, through ME, you will understand the nuances of Holy. It is through Wholeness that you will attain a state of Holiness.

You see the resurrection as HIS promise of eternal life yet the resurrection has a deeper meaning for you in your mortal journey. It is significant as it is representative of the resurrection of spirit within man that he may know in his mortal journey that he is spirit personified, eternal and whole in the image of HE who created. The lesson is that man must through the renewal and awakening of the spirit within him identify himself with and as the Whole. It is only then that he can assume the mantle of Holiness.

The resurrection signifies the awakening of spirit and life within, that the Paradise goal may be fulfilled through the life journeys of mortal will creatures. Man must cease in his thinking and belief that the resurrection represents an after death affair or state. Michael's resurrection was a return to HIS Source on completion of HIS bestowal; your resurrection in your incarnation will be the coming alive of the spirit of God within you that you envision your eternalness in your current seat of awareness and know with certainty that you cannot ever die and you need not experience mortal passing to know of your immortality.

Allow the significance of this time to assume a brighter and fuller glow as Truth embodies your awareness that this time of celebration is a time to remember and emulate Wholeness. For in your recognition of Wholeness you will truly celebrate the Holiness of ALL.

Michael by His life in body and life in ME is WHOLE, PERFECT AND HOLY. Be ye like unto Him and ye will be Like unto ME.

Michael is my beloved Son and He pleases ME greatly. In the communion between My Son and ME there is no need for words for HE is ONE with ME in perfection as HE is to you. Worship ME through HIM by your choosing of MY Will, aligning with MY Will and actioning of MY Will through your works.

Blessings flow from the mount of Paradise to the grave from which all finite creatures must journey through life in spirit to attain perfection.

So It is.

I AM The Father, The Centre and Source.

It's Always Darkest Before The Dawn
4/24/02 - Ceres Anthonious "Toniose" Soltec

Good morning, and thank you for hearing my call. It is I, Ceres Anthonious "Toniose" Soltec, here with you in Service to the Radiant Light of Creator God. There are others present, as well, among them Esu "Jesus" (Immanuel) Sananda, as we are all watching and monitoring events on your world continuously.

It is very important in these days that we keep the spiritual messages going forth, as many on your planet are searching for something of meaning—something to grasp onto in the present uncertain times. You see, when times appear the darkest, many will turn inward and will find God, and true en-Light-enment, and the peace which accompanies that personal connection to Creator Source. Your fellow servants of Light need these messages as well, for even they have times of concern and wonder if all this is true. You have a saying, that it is always darkest before the dawn. Well, chelas [students], it is nearly dawn.

For many years we have sent messages, through our many scribes on your planet, on many subjects. Yet, there has been a thread of continuity that has run throughout all the messages, and that has been instructional information about the time in which you now find yourselves experiencing.

There is, at present, an extremely fearful energy emanating from the inhabitants of planet Earth, as each day passes and the outcome of events seemingly grows more unsure. You have wars and battles raging around your globe, and Mother Earth herself is reflecting the uncertainty of her inhabitants.

There is a great increase in the number and magnitude of earthquakes, many centered in the localities of the wars and fighting. Your planet's magnetic field is fluctuating, and even your scientists are now admitting that it is very likely that the magnetic poles are about to "flip". The weather patterns have changed drastically. You are experiencing a shortening of your spring and autumn seasons, and a lengthening of your summer and winter. Your planet's ice caps are melting and breaking up. Strange (mostly man-made) diseases are cropping up and taking a tremendous number of lives. Your skies are criss-crossed with what you have labeled as "chemtrails". Temperatures of your planet's oceans are rising and a lot of sea life is dying. Many fresh-water species have been mutating into unrecognizable things and dying from strange diseases. And the Dark Energies are running rampant upon the Earth, causing all sorts of trouble and mischief, and using all these things to cultivate fear in the hearts of many ones—until mankind feels utterly hopeless.

Though a small handful of your planet's scientists are starting to understand that Earth is a living entity with a consciousness, and that she will reflect and react to her inhabitants, unfortunately for your world they are coming to this factual awareness too late in the game. For that which has been set in motion is, at this stage, past the point of no return.

The majority of Earth's inhabitants still need the physical experience to learn; they will not listen to Higher Guidance, for they only believe in that which they can see, hear, taste, touch, or smell. These ones have denied all but their physical senses, so it is with the physical senses that they must experience, and eventually learn. And learn they shall, but their lessons may be bitter.

We do understand why you may be apprehensive or even fearful. However, these are all things we have discussed with you over the last 15 or so years. We did this so that those of you who were listening to your Higher Guidance would be prepared for this very time. We told you then that your world would appear to be coming apart, and that fearfulness would be rampant. Well, chelas, you have arrived!

But—recall also that we told you that you would not be alone in these times. And remember also that ALL IS POSSIBLE. YOU ARE ONLY LIMITED BY YOUR OWN LIMITED THOUGHTS AND BELIEFS. THERE ARE NO LIMITATIONS WITH GOD.

As the Dark (Adversarial) Forces push harder and harder, you will continue to see an escalation of all things you consider to be of a negative-energy nature—like wars, diseases, killing, greed, fearfulness, etc. And so long as the majority of people on your planet "live" (focus) only in the physical realm and believe only in physical actions ("an eye for an eye" type of mentality), the present negative cycle will not only continue, but will grow ever stronger.

Let me speak for a moment about peace. All are so quick to want peace, but the majority believe that peace can only be obtained by keeping an enemy at bay—such as by having bigger guns, or by killing off the enemy. Chelas, this is not peace! Furthermore, peace is not simply the absence of war.

Peace is A STATE OF BEING, a state of consciousness if you will.

In all your known history, there has never been TRUE peace on your world. And until the state of consciousness of peace has been achieved by those on your world, you will never experience peace. The best you can hope for is the absence of war. But, you have never had a time in which there were no weapons of destruction pointed at your enemies.

Peace through the threat of assured mutual destruction is an oxymoronic statement!

And yet, all the while, your world continues to chase its own tail in trying to amass as much wealth and related material possessions as possible, believing the lie which says that your value or worth is based upon what you have, instead of what you are. The glitter and the glitz are very intoxicating to those who believe that lie, and it has become an addiction to have as much as you can possibly gather to you. But it is never enough.

Others—those who know that they are more than their outward, physical existence—are repulsed by what they are witnessing. You ones see all the enticement as a great distraction, and pray daily that your world will wake up.

Believe me when I tell you that your prayers are seen going up from your planet as great shafts of Light, and they do reach to the farthest ends of the Universe. Your prayers are heard, and your prayers are answered.

But, you must understand that those who desire THE OPPOSITE are allowed their own free will, as well, and they must be allowed to learn in whatever way they see fit. These ones, as you have pointed out, react out of fear and disbelief when they are told about a world in which everyone is truly equal—where there is no money, no gold, a world in which there is no disease and no want, a world where you will live to be at least 1,000 years old.

On that world, you do not get up and go to a job every morning to gather a paycheck. And yet everything that needs to be accomplished gets accomplished, because it is a world where everyone desires to do their part. Everyone is valued and honored for the unique aspects of Creator that they are—and not for what they have, or what they can get. It is the world that many of you ones have dreamed of, and have memories of—for many of you have come from such worlds, to this one, to assist in the Great Awakening and in this upward planetary dimensional transition.

And, because you desire your prayers to be answered, and your desires and requests to be granted, likewise those who do not want that world must also be granted their desires and requests. Those ones will be given the choice of leaving here or staying, and most will choose to remain to continue on with their life's course and their karmic path. They will require more lifetime experiences attached to Earth before they are ready to move on.

Those of you who find living on your planet more and more difficult and unacceptable, will be offered the option of leaving or remaining as well. All is by choice, and there is no coercion.

You were told a very long time ago that there are many, many places in the Universe—a place that is suitable for everyone. Some of those places are not yet visible to your eyes, as they lie in parallel dimensions, just slightly offset from your present dimension of experience by “a few seconds of time” in a manner of speaking. But they are very very real, and very very near. And very soon, those of you whose frequency is increasing will be able to see them with your physical eyes, for as your frequency increases, you will be able to see beyond your present limited perceptual range.

I tell you now a truth: That time is VERY NEAR, indeed.

And for those of you who have family members of the four-legged kind, fear not. Those family members will not be left behind. There is more than enough room for all—two-leggeds and four-leggeds alike.

The time of your service on Earth is drawing to a close very rapidly, and your journey there is just

about over. As events accelerate, your effectiveness will begin to wane, and we will not require that you remain there, for we would not jeopardize you ones.

The hearts of men are turning cold, and a time is coming very soon when they will close their eyes and ears and hearts to any messages from the Higher Realms. There is coming a time when people will curse and blame God for all their woes, and will want to persecute those who will continue to believe in God. They will refuse to take the responsibility for their own existence. They shall not be able to comprehend the fact that the world in which they live is exactly the world they have created. When your economic structure finally crumbles, and the weather no longer yields rainfall upon the fields, and food disappears from the grocery store shelves, instead of falling on their knees in prayer, they will shake their fists at Heaven.

You have been told that we are among you, and indeed that is true. Esu ["Jesus" Sananda], [Archangel] Michael, [Archangel] Gabriel, and many others of the Host of God are very close to your planet. I will only repeat it for emphasis.

Know that you are NEVER alone. Know that God ALWAYS protects His faithful servants.

YOUR PRAYERS ARE HEARD. YOUR PRAYERS ARE ANSWERED. You have asked that the Kingdom of Heaven come to Earth, and that we intervene in the course your world is taking. We ask that you have patience just a little longer, chelas. The sorting-out and cleaning-out is proceeding exactly as it should. The fact that events are accelerating is evidence of that.

Continue on for a little while longer, as you have been. Do not despair, and do not stop the service unto one another. When you feel the pressures of your daily lives to be too much, lean upon one another, and share in the burdens. It is the way it should be, and it is the way it shall be.

Do not be too proud to ask for help. It is not a sign of weakness; it is a sign of maturity.

Do not stop praying for your world. You may not think it is making a difference, but it is. We see the effectiveness, and soon you shall also. Many glorious and wondrous things await you ones who have been serving. God never reneges on His promises, and the reward for your service awaits you.

So, in closing, let me only say this: When you see all the events coming—such as Earth changes taking place, and all the battles and wars, and all the economic woes—know that these are the things that signal the end of the current age on Earth, and that the new age is very, very near. And look up, for you will see many things in your skies that you have never seen before. When you see these things, know that we are there with you. All is unfolding as it should.

Rest now, and be at peace. I am Ceres Anthonious "Toniose" Soltec, and I thank you for taking the time to sit and write these words. I am in Service unto Holy God of Light and The Creation—and so are you.

Thank you. Salu.

there was a thread started today with an original aramic version of the Lord's prayer translated into English. I am sure there were several written down versions at that time. this version is worthy.

Matthew 6:9-13

"Therefore, this is how you shall pray:
Our heavenly Father, hallowed is your name.
Your Kingdom is come. Your will is done,
As in heaven so also on earth.
Give us the bread for our daily need.
And leave us serene,
just as we also allowed others serenity.
And do not pass us through trial,
except separate us from the evil one.
For yours is the Kingdom,
the Power and the Glory
To the end of the universe, of all the universes." Amen!

This is the translation from the ancient aramaic from the scrolls hidden in the grave After Jesus died in Kashmir at age 115 or so. He did not die on the cross, he was only in a coma. Please consider reading And they Called His Name Immanuel, Phoenix Journal #2. Judas was not the betrayer, he was Jesus best friend and made many notes at that time. Judas himself recently (1989 I think) translated from those scrolls of his notes to English from his own Aramaic. This is thus the best rendition fo the Lord's Prayer.

My spirit, you are Omnipotent. Your Name is Holy. Maybe your realm be incarnate in ME. May your power reveal Itself within me, on Earth and in the Heaven. Give me today my daily bread, and thus, let me recognize my transgressions and errors and I shall recognize the truth. And do not lead me into temptation and confusion, but deliver me from ERROR. For yours is the realm within me and the power and the knowledge forever. Amen.

Now this spirit with one, "My spirit" above, is your Father Fragment. it is a part of FAther's mind that comes to your MIND. It is your greatest friend and teacher.

Jesus always taught about this spirit within one. Nobody listened and they still don't.

and just for fun, here's sample Lord's prayers from other planets, from the Urantia book. Paper 144. Enjoy

From time to time, during the remainder of Jesus' sojourn on earth, he brought to the notice of the apostles several additional forms of prayer, but he did this only in illustration of other matters, and he enjoined that these "parable prayers" should not be taught to the multitudes. Many of them were from other inhabited planets, but this fact Jesus did not reveal to the twelve. Among these prayers were the following:

- (1622.1) 144:5.2 Our Father in whom consist the universe realms,
- (1622.2) 144:5.3 Uplifted be your name and all-glorious your character.
- (1622.3) 144:5.4 Your presence encompasses us, and your glory is manifested
- (1622.4) 144:5.5 Imperfectly through us as it is in perfection shown on high.
- (1622.5) 144:5.6 Give us this day the vivifying forces of light,
- (1622.6) 144:5.7 And let us not stray into the evil bypaths of our imagination,
- (1622.7) 144:5.8 For yours is the glorious indwelling, the everlasting power,
- (1622.8) 144:5.9 And to us, the eternal gift of the infinite love of your Son.
- (1622.9) 144:5.10 Even so, and everlastingly true.

~ ~ ~ ~ ~ *

- (1622.10) 144:5.11 Our creative Parent, who is in the center of the universe,
- (1622.11) 144:5.12 Bestow upon us your nature and give to us your character.
- (1622.12) 144:5.13 Make us sons and daughters of yours by grace
- (1622.13) 144:5.14 And glorify your name through our eternal achievement.
- (1622.14) 144:5.15 Your adjusting and controlling spirit give to live and dwell within us
- (1622.15) 144:5.16 That we may do your will on this sphere as angels do your bidding in light.
- (1622.16) 144:5.17 Sustain us this day in our progress along the path of truth.
- (1622.17) 144:5.18 Deliver us from inertia, evil, and all sinful transgression.
- (1622.18) 144:5.19 Be patient with us as we show loving-kindness to our fellows.
- (1622.19) 144:5.20 Shed abroad the spirit of your mercy in our creature hearts.
- (1622.20) 144:5.21 Lead us by your own hand, step by step, through the uncertain maze of life,
- (1622.21) 144:5.22 And when our end shall come, receive into your own bosom our faithful spirits.
- (1622.22) 144:5.23 Even so, not our desires but your will be done.

- (1622.23) 144:5.24 Our perfect and righteous heavenly Father,
- (1622.24) 144:5.25 This day guide and direct our journey.

- (1622.41) 144:5.42 Establish within us your divine kingship
- (1622.42) 144:5.43 And thereby bestow upon us the full mastery of self.
- (1622.43) 144:5.44 Let us not stray into paths of darkness and death;
- (1622.44) 144:5.45 Lead us everlastingly beside the waters of life.
- (1622.45) 144:5.46 Hear these our prayers for your own sake;
- (1622.46) 144:5.47 Be pleased to make us more and more like yourself.
- (1623.1) 144:5.48 At the end, for the sake of the divine Son,
- (1623.2) 144:5.49 Receive us into the eternal arms.
- (1623.3) 144:5.50 Even so, not our will but yours be done.

~ ~ ~ ~ ~ *

- (1623.4) 144:5.51 Glorious Father and Mother, in one parent combined,
- (1623.5) 144:5.52 Loyal would we be to your divine nature.
- (1623.6) 144:5.53 Your own self to live again in and through us
- (1623.7) 144:5.54 By the gift and bestowal of your divine spirit,
- (1623.8) 144:5.55 Thus reproducing you imperfectly in this sphere
- (1623.9) 144:5.56 As you are perfectly and majestically shown on high.

- (1623.13) 144:5.60 Even as we show forth your patience to our children.
- (1623.14) 144:5.61 Give us the divine wisdom that does all things well
- (1623.15) 144:5.62 And the infinite love that is gracious to every creature.
- (1623.16) 144:5.63 Bestow upon us your patience and loving-kindness
- (1623.17) 144:5.64 That our charity may enfold the weak of the realm.
- (1623.18) 144:5.65 And when our career is finished, make it an honor to your name,
- (1623.19) 144:5.66 A pleasure to your good spirit, and a satisfaction to our soul helpers.
- (1623.20) 144:5.67 Not as we wish, our loving Father, but as you desire the eternal good of your mortal children,
- (1623.21) 144:5.68 Even so may it be.

~ ~ ~ ~ ~ *

- (1623.22) 144:5.69 Our all-faithful Source and all-powerful Center,
- (1623.23) 144:5.70 Reverent and holy be the name of your all-gracious Son.

(1623.24) 144:5.71 Your bounties and your blessings have descended upon us,
(1623.25) 144:5.72 Thus empowering us to perform your will and execute your bidding.
(1623.26) 144:5.73 Give us moment by moment the sustenance of the tree of life;
(1623.27) 144:5.74 Refresh us day by day with the living waters of the river thereof.
(1623.28) 144:5.75 Step by step lead us out of darkness and into the divine light.
(1623.29) 144:5.76 Renew our minds by the transformations of the indwelling spirit,
(1623.30) 144:5.77 And when the mortal end shall finally come upon us,
(1623.31) 144:5.78 Receive us to yourself and send us forth in eternity.
(1623.32) 144:5.79 Crown us with celestial diadems of fruitful service,
(1623.33) 144:5.80 And we shall glorify the Father, the Son, and the Holy Influence.
(1623.34) 144:5.81 Even so, throughout a universe without end.

~ ~ ~ ~ *

(1623.35) 144:5.82 Our Father who dwells in the secret places of the universe,
(1623.36) 144:5.83 Honored be your name, revered your mercy, and respected your judgment.
(1623.37) 144:5.84 Let the sun of righteousness shine upon us at noontime,
(1623.38) 144:5.85 While we beseech you to guide our wayward steps in the twilight.
(1623.39) 144:5.86 Lead us by the hand in the ways of your own choosing
(1623.40) 144:5.87 And forsake us not when the path is hard and the hours are dark.
(1623.41) 144:5.88 Forget us not as we so often neglect and forget you.
(1623.42) 144:5.89 But be you merciful and love us as we desire to love you.
(1623.43) 144:5.90 Look down upon us in kindness and forgive us in mercy
(1623.44) 144:5.91 As we in justice forgive those who distress and injure us.
(1624.1) 144:5.92 May the love, devotion, and bestowal of the majestic Son
(1624.2) 144:5.93 Make available life everlasting with your endless mercy and love.
(1624.3) 144:5.94 May the God of universes bestow upon us the full measure of his spirit;
(1624.4) 144:5.95 Give us grace to yield to the leading of this spirit.
(1624.5) 144:5.96 By the loving ministry of devoted seraphic hosts
(1624.6) 144:5.97 May the Son guide and lead us to the end of the age.
(1624.7) 144:5.98 Make us ever and increasingly like yourself
(1624.8) 144:5.99 And at our end receive us into the eternal Paradise embrace.
(1624.9) 144:5.100 Even so, in the name of the bestowal Son
(1624.10) 144:5.101 And for the honor and glory of the Supreme Father.

(1624.11) 144:5.102 Though the apostles were not at liberty to present these prayer lessons in their public teachings, they profited much from all of these revelations in their personal religious experiences. Jesus utilized these and other prayer models as illustrations in connection with the intimate instruction of the twelve, and specific permission has been granted for transcribing these seven specimen prayers into this record.

new from Rosie today, and a great read about the necessary sorting at the end of an age. We are of course at the end of the age.

THE CELESTIAL CLEARING-HOUSE

Seraphin through Rosie, 5th May 2011

R: Seraphin: two things have been occupying me: the first is the sense that some people are choosing surprising options, turning unexpected corners, moving on into new worlds and new lives. The second is an old painting of myself as a fish, the only one trying to swim upstream.

S: Yes, Dearest: what is happening at the present time puts a completely different slant on the phrase “going with the flow”, which is usually seen as something positive. But as there is no black and white, you must use your critical faculties applied to each different situation. You are all in the same river, so to speak, but behave differently in response to the currents which pull, to the whirlpools which suck you down, to the shallow waters at the edges which may be places of rest or of stagnation.

Imagine this river now flowing through a CELESTIAL CLEARING HOUSE, before the river joins the sea. Those who are incapable of swimming for long periods without seeing their destination or a shore in the distance, will be taken out before they reach the extensive expanses of the great ocean of the universe. Those who have never looked forward in anticipation of something larger and bigger beyond their comprehension will be removed because they would not survive the shock of the horizon of infinity. They must first make their new experiences in another safer haven, in preparation for open seas.

Those who have struggled to follow their own particular paths despite the pull of currents, and who are used to encountering adversity, but continue along their path anyway, will fare well and possess the initiative and presense of mind to turn around and make for the new shores, instead of being devastated or overwhelmed by the sight of endless waters.

Those who in their timidity have bunched together out of fright in the river, and who have sometimes taken refuge in such groups on its banks, will find that their particular group or group belief will not be of much import in the clearing-house, for here, everyone is an individual with an individual story based on a multitude of individual decisions. Here they will be separated from the group, their sense of group identity, and examined for their individual choices.

Those who have always “gone with the flow” without question, without contemplation, without inward reflection, will not be able to cross the clearing house in the same manner. They will be forced to pause and take up position, asked to reflect upon their decision not to question the flow or examine it. To allow these into the ocean would be to subject them to the much more powerful tides and waves, to the immense power of the seas which would batter and destroy them. They too, must continue elsewhere, or turn the corner, or take a period of thoughtful stillness, of non-movement, to realise where they are and where they want to be.

And so you will all go through this process, choosing the next door, into the next experience, into the next dimension, or into the next life, a process involving a period of pause in the clearing house, where all are sorted in conjunction with their own will, whether consciously or subconsciously.

The fish which has sometimes dared to face the current will have developed the strength and self-determination to face the future fearlessly and honestly. Therefore we ask you: CHECK YOUR POSITION IN THE CURRENT OF PRESENT TIMES, QUESTION THE USUAL FLOW, THE USUAL SITUATIONS, THE EXPECTED BEHAVIOUR, AND DEVELOP YOUR PERSONAL QUALITIES OF SELF-RELIANCE AND ABILITY TO ADAPT AND CHANGE YOUR OPINIONS, THROUGH THOROUGH AND HONEST INVESTIGATION, SO THAT YOU CAN WITHSTAND THE GLORY OF THE OPEN SEAS.

Message: **HEARING THROUGH SILENCE**

Seraphin through Rosie, 25 April 2011

R: Dearest Seraphin: the world seems to be getting smaller and smaller, and life increasingly condensed and intense. I feel I have observed a scene on the global stage simply by spending twenty minutes in this café in a small Italian village. First to pass was a group of mountain bikers shooting down the steep, narrow cobbled streets, concentrating hard, breaking hard. Second to pass was a silent group of women in long dark clothes. Third to pass was a worried tourist with an empty shopping bag. Fourth to pass was an old man, hobbling along with his eyes on the ground. The momentary stillness which followed was broken by the piercing cry of a child ...

S: Yes, Dearest: on one level, your present view of the world is a selective one, sitting here comfortably with a cappuccino, but it also contains parallels to the present situation. The sudden appearance of multiple energetic cyclists is startling, especially as they try to move forward rapidly and break at the same time. For you, momentarily, this is a break for watching, rebalancing, contemplation and registering. You register the swift movements and the sudden stops of the cyclists because you yourself are on new and uncertain terrain which you will have to manoeuvre as best you can. THIS LIES BEFORE ALL OF YOU: SWIFT REVELATIONS AND INCREDIBLE OVERDRIVE AND INCREASE IN MOMENTUM WHICH YOU WILL HAVE TO REGULATE AND REIN IN ON OCCASION, OTHERWISE YOU WILL NOT SURVIVE THE PACE.

While you are caught in this new wave of experience, others (like the silent ladies in long dresses

which this child has observed) will enter the stage from another door, their eyes downcast, their pace regular, following the normal path, unaware of change or of the change in pace.

Yet others will run around lost, trying desperately to collect “shopping” for their bags (like the tourist this child has observed), trying to find nourishment which will sustain them. But they will not succeed in this, however much they buy, however much they may prepare themselves on a material level, because the contents of their shopping bags will never be able to still the hunger of the soul. The pursuit of suitable fare lies in intense searching within, and the outward cases can be thrown away.

Yet others, members of the elderly generation (like the man this child has seen) who are struggling physically may continue to do so, irrespective of the new reality, if their eyes are focussed on the ground or on the stick.

And we say: SEARCH OUT THE MOMENTS OF SILENCE BETWEEN ALL PERIODS OF INTENSE EXPERIENCE OR ENLIGHTENMENT, WHEN THE WHEELS CEASE TO TURN, WHEN AUTOMATIC REACTIONS AND ROUTINES ARE PUT ON HOLD. FOR ONLY THEN, IN THE SILENCE, CAN YOU HEAR THE CRY OF THE CHILD WITHIN YOU YEARNING TO ENTER A NEW WORLD OF ENDLESS LIGHT.

FINDING DEAD BRANCHES IN NO MAN'S LAND

Seraphin through Rosie, 2nd May 2011

Part 1:

R: Seraphin, I just discovered that a dead tree has fallen on the exact spot where I often sit. The force of the fall broke the trunk in three, and now there are three heavy logs floating in the river...

S: Yes, Dearest, parts of your world, which have the appearance of being alive and in order, are actually “dead” (“dead” in the sense of numbed, ignored, denied, pushed out of sight, swept under the carpet, deliberately manipulated), and some are already falling with force, capable of causing great disruption. They will startle you into being awake. The unseen is returning to the forefront, in both personal and public situations.

These “dead” entities, cut off from the sap of divinity, are now falling like so many dead branches into the flow of the river which continues without stopping to SOURCE, the light, FOR ALL TO SEE AND DEAL WITH. Those who are curious, actively on the lookout, and close to the place of action, will notice the appearance of these “dead” things first. Others, further away, their consciousness obscured or overlaid by other sounds or distractions, will realise their presence

later. But SEEING IS INEVITABLE, WHETHER THIS HAPPENS SOONER OR LATER.

EVERYTHING WHICH HAS BEEN CONCEALED will move into your line of vision. So the only question which remains is: WHERE ARE YOU? WHAT IS THE FOCUS OF YOUR VISION? ARE YOU HOVERING COMFORTABLY ON THE SIDELINES IN WAITING MODE OR ARE YOUR PLUNGING INTO THE RIVER TO INVESTIGATE THE FLOATING DEBRIS, TO CLEAR THE WATER AS SOON AND AS DETERMINDLY AS POSSIBLE?

For determination to investigate with alacrity will be your blessing, and failure to adjust your perspective and focus on your refuse, your downfall.

Part 2

R: Dearest Seraphin, though I am sure of my goals – moving with others towards a peaceful world - the no man's land inbetween sometimes feels like a huge questionmark ...

S: Yes, this must be crossed before you can reach your destination. The questionmark raises the question: how are you going to deal with this terrain, this no man's land littered with dead branches? At the moment, in your mind's eye, it looks flat, boring, uninviting, sometimes forbidding, perhaps even a waste of time, sprinkled with insignificant peccadillos, indefinable pathways forming a labyrinth to nowhere. Is it even worth putting a foot forward onto this no man's land? Is not this experience the "same" as before? For those who think this is so, your view is coloured, preconditioned by preconceptions of what this interim period may or should be like. Try to let go of these.

Try to focus on the path instead of the furthest perimeter and know that this interim period will not be over sooner if you hesitate to take further steps. You create your journey, as we have said before, and you create your travelling companions according to the energy you emanate. Welcome new travelling companions who suddenly show up on your path to surprise you, challenge you, hate you or love you, for all serve their purpose.

AND KNOW IN YOUR HEART CONSTANTLY THAT TRUST WILL LEAD YOU TO YOUR HEART'S DESIRE, TO THE JOY OF DIVINE SERVICE IN THE COMPANY OF YOUR CHOOSING (whether consciously or subconsciously chosen) WHICH BEST SUPPORTS AND EXHILARATES AND APPLAUDS AND ENHANCES THIS SERVICE.

Let this joy be yours, let the knowledge of this spur your feet on to tread the hills and valleys, progressing with boundless energy towards the borders of a new world.

Message: THE SHADOWS HERALDING THE LIGHT (the LIGHT is the incoming WAVE, and the WAVE thread here is: [\[link to www.godlikeproductions.com\]](http://www.godlikeproductions.com))

Message 54: THE SHADOWS HERALDING THE LIGHT
Seraphin through Rosie, 14th May 2011

R: Dearest Seraphin: today I find myself thinking about the painting of Carl Gustav Carus entitled Balcony in Naples, and I feel you want me to use that as inspiration for the next message. In this painting, it is as if someone is in a shady room, looking out onto a balcony which is half in sunlight, half still in shadow. Past the light, curling iron railings, the harbour of Naples, and a ship with a lowered sail, is clearly visible. A musical instrument, an old-fashioned version of the guitar, is standing just inside the open door ...

S: Yes Dearest, this is a very peaceful, romantic and beautiful scene with a clear view into the distance, while still being very aware of the darkness of the room where the viewer is standing. The boat, ready, waiting and capable of transporting you to new shores, is also clearly visible, though the sail has not yet been raised.

The sun – and in this sense we mean the strength and intensity of the incoming spiritual light – has already fallen onto half of the balcony, but has not yet arrived in full force, as the room is still in darkness. And the sky is comparatively pale. However, it heralds the full brilliance of a completely clear sky of azure blue.

What are the feelings of one who resides in this room? A feeling of impatience, perhaps, that the light has not yet arrived, but filled with joyous anticipation of the moment that the rays of warmth will fall on his or her face, bringing with it the expansion of his or her soul, lighting up the desires and memories of the future and the past, waking you to new possibilities and dimensions, filling you with the energy to take another route (for throwing yourself off the balcony to reach the departing ship is not an option), taking the stairs and walking into and exposing yourself to a new wave of light which is all fulfilling and destined to travel, with you, to the place in which you can live the ultimate experience which is the most suitable for you AND FOR YOU ALONE.

And we say, KNOW THAT THE LIGHT IS ON ITS WAY, RECOGNISE THE SHARPNESS OF THE SHADOW WHICH IT ALREADY THROWS ONTO THE BALCONY OF YOUR SOUL, AND PICK UP THE INSTRUMENTS WHICH ARE SO OBVIOUSLY LYING AROUND AND AT YOUR DISPOSAL TO SING THE MUSIC WHICH HERALDS THE ARRIVAL OF THE LIGHT.

ALL CHANGE AT CENTRAL STATION (another train allegory)

Hello Everyone: just found myself writing this this morning, inspired by the latest train pieces by Kibo and Johan, for which many thanks. Loving you all, **Rosie**

ALL CHANGE AT CENTRAL STATION

THE RED TRAIN is a steam train, lunging leisurely along the tracks with all the windows open, screeching and letting off steam at intervals. It cannot be overheard or overlooked, as it belches black smoke into the sky, and the chatter, laughter, screams and shouts of its passengers, sometimes hanging out of the windows, shatters the silence of the countryside through which it passes. The people inside rarely notice the exquisite meadows and hills they pass through – though they have ample opportunity - consuming sumptuous meals and moving slowly from one carriage to the next to the next social drinks party. Extreme anger, passion and pain is also experienced here – the whole barometer of strong emotions, followed by long periods of unconsciousness. Most of the passengers are not interested where the train is going, and most would not contemplate disembarkation, because they feel they are living life to the full, that this is their right, that the train is in service to them. Because they never look out of the window, they do not realise that the train is always travelling on a circular track.

THE BLACK AND WHITE TRAIN is a bullet train which glides from A to B and back again at incredible speed. The occupants are faceless and nameless, stern and polite if spoken to, which is rarely the case as no-one instigates casual conversation for no apparent reason. Everyone searches out an empty corner, as far away from others as possible, and lowers their eyes to avoid contact. If they are reproached for not answering a question, they apologise profusely and then return to their laptop, their book, or whatever requires their undivided attention. Most of the passengers cram the time between A and B with premeditated activity which involves only themselves. The ability to shutter out what does not concern them continues at their place of destination, and then again on the commute back home to A. They never get out at the stops inbetween, indeed, the fewer stops the better in view of their clear-cut goal.

THE YELLOW TRAIN is a small local train with only two carriages. It is crammed full of children who giggle and cry and play and dream and clap and sing. Some push and shove, others stare out of the window, others wave at the passers-by. The train has a most unusual schedule: in fact it has no particular schedule at all. Whoever is on the train frantically trying to find a timetable or indication of the final destination, will be disappointed and disconcerted, for this is a train which travels haphazardly and eternally. When the children are bored or tired or don't know what to do next, they ring the bell and the train stops. The children spill out onto the fields to run, or into the town to explore, or onto the banks of a river to play, or into an orchard to eat, or onto the grass to sleep. They do not worry, as they know the train is also waiting to take them on the next stage of their journey, wherever that may be, whenever they feel ready and refreshed.

THE BLUE TRAIN is not a train in the usual sense. It has no carriages at all. It is all one carriage without walls of separation, in fact the front of the train is usually but not always welded to the back of the train, and it is possible to pass through a door which connects the two. The track is therefore necessarily circular. The blue train is extremely long, as long as a life-time, and when passengers have walked through the whole length of the train, encountering people and situations on the way, they reach this door. The sight of this sudden barrier instills great fear in those passengers with short memories, but those who remember going through the door the last time know that is the door to new and exciting experiences. In a way, this train is also a combination of all the other trains, as it has a plan, but also makes unscheduled stops. The passengers can decide themselves whether they wish to take time out, or continue their passage towards the door. This train is different in that the staff check the passengers periodically, assessing their situations, providing sustenance and inspiration as necessary, providing the passengers are willing to listen

and accept. They always have an eye on the passengers, even if they do not notice, and no-one – even if they throw themselves out of a window - escapes attention and gets lost for ever. Time, on this train, is insignificant. Everyone moves at their own pace, though if anyone gets “stuck” in any way, the staff is on hand to offer help.

While all trains travel in their own way, their tracks all pass through the same CENTRAL STATION, where everyone is forced to disembark, even if they decide to continue on the same train moments later. Now is the time of ALL CHANGE, when we revise our divine schedule and board the train which will lead us to our chosen destination.

I is GOD a poem by (-i-)

I is GOD

Old drunk man
Sittin' on a corner
Screamin' to the heavens
At the top of his lungs
Singin'
I is God
And there ain't no other
Yea
God is Father
Brother
Sister and
Mother
Yea
I is God
And it's plain to see that
i am in I
And
I is in me

Well people walking by
Had to make a decision
For to look at him
With pity or derision
Or to laugh at him

Or spit at his feet
But he didn't care
And to all he would meet
He'd say
I is God
And there ain't no other
Yea
God is Father
Brother
Sister and
Mother
Yea
I is God
And it's plain to see that
i am in I
And
I is in me

Well
i looked at him
And stopped
To take a seat
And i listened to the words
That he used to greet
All the people walking by
Laughing on the street
And as he sat on the pavement
I started to see
what he meant.....

I asked
Who are you
And he replied
I am i
But i ain't the I
That created the sky
But i am of the I
That is everything
By and by.....

i am one with the buildings
i am one with the trees
i am one
With these people
That are laughing at me
i am one with The One
As I is in me
And
i am in I
And there's nothing to do
But do as be is.....

Now i be tellin' these people

The real true name of God
But they don't seem to get it
Like their hearts are too hard
To let their brains in
And remember the part
That they play in this story
I is living out
So the best i can do
Is to scream and shout
Hallelujah
I is God
And there ain't no other
Yea
God is Father
Brother
Sister and
Mother
Yea
I is God
And it's plain to see that
i am in I
And
I is in me

Well i thanked him
And hugged him
And went on my way
While his words stayed with me
Up to this very day
Sometimes i just feel like
Dancin' down the street
And singin' this song
To everyone that i meet
If they just took a moment
Then they might agree
To join me in dancin'
And singin' with me
Hey
I is God
And there ain't no other
Yea
God is Father
Brother
Sister and
Mother
Yea
I is God
And it's plain to see that
i am in I
And
I is in me

BARE YOUR SOULS AND DISCARD MOUNTAINS OF GOLD

Message 55: BARE YOUR SOULS AND DISCARD MOUNTAINS OF GOLD

Seraphin through Rosie, 16th May 2011

R: Dearest Seraphin: you have just given me the title of this message during meditation, and I understand that you wish me to describe what I experienced while preparing to send energy to earth. Then you will give me your comments. So here it is:

I prepared by sitting quietly in my room, drawing down a shaft of white light from the Divine Source of Creation, down through my crown chakra and body, out through my feet and through the crust of the earth to the very core. Then I drew it up again on the same journey, to reconnect at Source so that it could circulate as fast as possible. Following a request for clarity and objectivity, I asked for cleansing of the room.

Usually, when I do this, an angel-like figure appears in my mind's eye, whisks the dust out of the corners and disappears out of the window, trailing the dust in her wake. But this time the air in the room had taken on a strange vacillating consistency, like barely solidified transparent vibrating jelly, which the angel had difficulty navigating. It was no longer possible for her to just swirl out loose dust with the flick of a hand. Instead she was holding a small spade and began to dig into the carpet, pushing it away to each side as if making a furrow to sew seeds.

But instead of forming a furrow, it was as if she had scraped away a section of the floor, so if she had sewn seeds, they would have dropped through a hole to nowhere. This took a very long time, as if clearing the floor of contaminated soil, and I sat impatiently, wanting to start the mediation (not actually realising yet that this was an important part). It occurred to me suddenly that I could make the light travel more strongly if I asked for the shaft to be as wide as the room. When the light expanded in this way, I realised THAT IT WAS FALLING THROUGH THE CRACKS IN THE FLOOR which the angel had made, thus more light was reaching the earth's core.

During this digging process, the angel struck something hard. In fact, she struck gold in that the spade hit upon a small golden casket. When the angel opened this it was like opening Pandora's box: dark entities rose from it and were immediately captured by the angel. In the end, most of the floor was riddled with furrows, with light passing through them towards the earth's core. The angel took to an axe to get rid of the last remaining pieces of obstinate hard floor until everything was a stream of light. To make me an improved conductor of light she took a very small spade and started to dig up earth which seemed to be stuck in my crown chakra. I immediately felt the light

going through more strongly. The floor was completely gone and I was afloat.

S: Yes, Dearest. What I have to say in connection with this is that you must seize every opportunity to BARE YOUR SOULS. By this I mean: EXPOSE YOURSELVES TO NEW EXPERIENCES LIKE THIS, BELIEVE IN NEW EXPERIENCES ON THE ETHERIC LEVEL, AND REALISE THE COMPARATIVE INSIGNIFICANCE OF MATERIAL WEALTH AND PHYSICAL HAPPENINGS AT THIS TIME, FOR IT IS THE MOVEMENTS OF THE SOUL ON THIS ETHERIC PLANE WHICH WILL BE THE PRIME MOVERS OF YOUR PHYSICAL REALITY.

The piles of dirt are all around you. Assist the angels – whatever and however you conceive of them – in their work. Take up the instruments of disclosure, push away the dirt and reveal the dross and make holes for the light to shine through. Reject the mountains of gold, of material goods, and strive to uncover the hidden secrets, the Pandora's boxes which lie buried beneath the rubbish, IF ONLY YOU WILL DIG DEEP ENOUGH. In this way you will be able to purify the way to Gaia's heart, to dig a passage of truth, and to provide a crack for the light to SHINE TO THE OTHER SIDE OF THE UNIVERSE, SO THAT YOUR RECONNECTION TO THE BROTHERHOOD AND SISTERHOOD OF STARS MAY TAKE PLACE AS SOON AS POSSIBLE. For this extreme and sometimes dangerous excavation work in the name of the light, we thank you. Seraphin.

THE PROCRASTINATION OF THE GODS

MESSAGE: THE PROCRASTINATION OF THE GODS
Message 53: THE PROCRASTINATION OF THE GODS
Seraphin through Rosie, 12th May 2011

R: Dearest Seraphin: I feel that DELAYS and PROCRASTINATION will be the topic of this next message. From my own experience I know that even a split second delay can seal my fate or change my world. When someone suddenly appears in front of me – in a queue, on the street or on the dance floor – and SMILES, then the decision of whether to entertain this potential of cementing a new friendship is made IN A SINGLE MOMENT, depending on whether I smile back ...

S: Yes Dearest: this is the way life can proceed, in ever-increasing leaps and bounds, and with increasing intensity, if these initial encounters are not blocked off immediately. The key is always leaving a door open to new experiences, for deciding whether this is or is not the correct path for you cannot be made in advance, only with hindsight.

What we would like to say today is that this blocking off of new avenues, and in fact the belief that

there are very few new avenues open to you all (and in this, resignation plays a large part) has become RAMPANT, LIKE WEEDS HAVE BEEN ALLOWED TO TAKE OVER A VEGETABLE PATCH, CHOKING THE GROWTH OF THE TRUE FRUITS. IT IS TIME TO WEED OUT SUCH BELIEFS WHICH RESTRICT YOUR POTENTIAL AND TO UTILISE THE SOIL WHICH CONTAINS SO MANY NUTRIENTS.

IF YOU DELAY, IF YOU HESITATE, IF YOU PROCRASTINATE CONTINUOUSLY, THE GROWTH OF THE WEEDS WILL NEVER BE CHECKED, AND THE INCREASING MOMENTUM OF THIS WILL BRING ABOUT YOUR SPIRITUAL STANDSTILL AND DEATH.

Imagine the joy of sudden transformation, of a sudden swing from hopelessness to breathless enthusiasm, from sadness to optimism, from doubt to faith, and BELIEVE that this is possible FROM ONE SPLIT SECOND TO ANOTHER, as this child who writes can testify. Be prepared to smile and be loving in the most absurd and unexpected and unusual situations, for they are presented to you as stepping stones to another reality, another concept of yourself, and a way towards deeper realisation of your soul's desire.

What may seem to be distant may be just around the corner. What may seem to be a tragedy may be a miracle. What may seem to be a stranger may well be a partner selected for you by heaven for the purpose and creation of heavenly works, and if you smile, the celestials will applaud you and celebrate accordingly.

You may seem to be sad, but this is a passing phase in a life of joy. You may seem to be procrastinating, but this is a passing phase in a life of enthusiastic velocity. You may seem to be powerless, but in fact you are gods.

Message to Humanity- From Gaia

I am she, the spirit who inhabits your earth, the one you fondly call Gaia. I find my placement in the body of the earth just as you find yours in mortal body- the flesh. Our constitution may differ but we function much the same. I am living and breathing as you are and have the ability to feel just as you do. I am alive and I experience emotions much as you do. Your inability to witness my emotions is not indicative of its absence. If you are sensitive and attuned to me you will feel what I feel. For I tell you that I am much a part of you as you are of me.

I choose however to stay connected to my Source and uphold my commitment to Him. It is my loyalty to the Father's will that explains why I have forbore reacting to the cruelty of man thus far. The pressures man has placed on me must inevitably be released. There are no coincidences my wayward little ones. When I quake or spew it not just something that happens or must happen. There is a greater explanation for these occurrences that goes beyond a geographical or

geophysical one. By analogy I want you to think of what any manner of stress does to your physical and mental body? How do you let the steam or pressure off? Ponder on this

Throughout what you call time due to assaults of varying degrees on my body my physical health has deteriorated. Let not the pleasantness of my facade delude you into believing that my body can endure. What you tend to see is on the surface only. My spirit may be eternal as yours is but my body can become weak and poisoned as yours can depending on what it is exposed to.

My body can only withstand so much abuse and unkindness before it collapses and disintegrates; the same as yours. I am here to tell you that my body, my frame, geophysical structure is unravelling. This has already started and the intensity is going to build to a crescendo. Surely you must notice the rapidity of my movements. The atmosphere, the tides are all conspiring now and that which you call disasters are the repercussion of pressures being released. In the wake of the multiple tornados I am being cleansed for they are bringing a heightened energy.

I fear my children that I, the earth is being prepared for transition. There will be breakage of my body in many places as I ease my physical suffering and obtain my release. This has now become inevitable for I have endured enough at the hands of man. You have been my greatest joy yet also caused me the greatest pain. The bindings are being loosened that I may ascend. Through these changes my form will be remoulded as part of my regeneration. The consequences for many will be perceived as dire but I have tried to withstand as much as I could. I am saying this to you so that it comes as no surprise that major structural changes will occur as I move and much destruction will ensue

I am at this time finding my strength to see this through from the assistance I am receiving from the extra terrestrials or celestials as I call them.

My movements cannot be hindered for it is divinely ordained that I ascend and although I have had difficulties due to the density accumulated from aeons, I am more prepared now.

I desire you my children to know how pleased I was to undertake the Father's will of bearing you and giving you a home whilst you continued your education. It was joy at times; yet as time evolved you my children have shown scant regard for my welfare, preferring to take only from me and not replenish. You have drained me and have fished from me that which kept my joints supple. I am bereft of that which my body needs.

I do not bring this message to create fear but to awaken you to my plight that you may reflect on what you have done and continue to do and revisit your actions that you may undertake to correct them. Every experience must be one that tenders a learning or lesson. Unfortunately for many the lesson will come too late and may need to be learnt elsewhere.

The pressure is building up and I must have my release. Thus far I have been conservative in my movements out of deference for you my children. The 'Gods' are calling me home.

I am a child created by God also; and the time has come for me to stand in my light and up to my light. This is required of me as it is of you. I am choosing to ascend so that I can experience my light. This means that I must shed the darkness upon me. I will let you draw your own conclusions from that.

For those unaware, I say to you that I have divine backing. I am assisted and being assisted by divine hands unseen. The clock is ticking now and I fear that time is of the essence now. It shall be survival of the spiritually fit.

My strength is depleted and I am worn from the effects of your wars and clandestine dark activities. You harm the very being who gives you habitation. You desecrate my body with your weapons of destruction without thought for your brothers or me. Do you know that I am your sister in spirit? Yet I have mothered you for so long that you may as well call me Mother- and don't you refer to me as Mother Earth? How have you treated your Mother?

I have loved you for eternity, bearing you in my arms and keeping you as safe as I can. I have provided you with a natural and healthy habitat amenable to human energy yet you have through irresponsible and thoughtless behaviour and practices slowly contributed to your down fall as a civilisation and to my suffering. You have not learnt what it is to love. You are harsh with each other in thought and word and deed. You act as strangers with each other not knowing or caring to know the truth. You think that the earth is unaffected. Well dear children you are very wrong. For all that you do I feel and experience. You dishonour life and its sanctity. You mistreat yourselves in so many ways that it is conceivable that you will mistreat others. What is left dear children? Have you not heard the cry from my core, my very womb? I am birthing a new tomorrow- one that I wish you all would share with me. This is not to be however.

I have been promised by my Father redemption and by this I do not mean forgiveness; I mean freedom from darkness. To this I have lovingly agreed.

What of you ones who continue to exercise dominion over man? Now is the time to take the Fathers' hand and move into His court for in a blink of an eye the world is going to be unmasked. Truth or Fiction?- I can already hear you calling this a bluff. No dear ones – for out of darkness light will prevail, out of lies truth will be redeemed and out of sadness, joy will be reclaimed.

I your hostess am bidding you to find your love and shine your light for I shall be rising- WITH OR WITHOUT YOU.

My gratitude I extend you my children who with pure hearts have centred me with their energy and love. For my strength I gain from your sacrifice and love. Do not bewail the comings of tomorrow. Let not trepidation cloud your hearts or mind for all the faithful will know freedom is now the bait. Hold on tightly and we shall ride out these final days together before our eyes open to a new dimension. Our hearts will beat with a higher vibration and the frequency of light will have been turned up.

May humanity cleanse their innards that their face may glow once again with the innocence from with they were birthed.

Message: FLYING FROM POISON TO PARADISE
Message 56: FLYING FROM POISON TO PARADISE
Seraphin through Rosie, 27th May 2011

R: Dearest Seraphin: I have been marvelling at the qualities demonstrated by bees. While I was sitting outside, one bee hovered in front of my nose for 10 seconds, and I could see its tiny body in all clarity, but its wings were beating so fast that I could not perceive them. This, in itself, is a miracle, beyond our powers of comprehension. When this happened, my first reaction was fear that the bee might land on my nose and sting me, but then I was overwhelmed by its beauty and the miracle of flight ...

S: Yes, Dearest: for as long as mankind has been on this earth, his or her eyes have been turning skywards towards the heavens, recognising something of which they are incapable – independent flight. This idea of being chained to the soil and restricted in movement – whether spatial, linear, or regarding time travel – is deeply ingrained in your consciousness. You look longingly to the skies and do not recognise your own wings, your own spiritual capacities which – if developed – can catapult you into new flight paths and fields of gravity (or non-gravity). For with each progression into a new area of experience, new rules apply, until they too dissipate as you move into the next arena, with ever new parameters.

When regarding a bee, you can either slow down a film of the bee, watching the wings flap in slow motion, and thus make the bee adjust to your own present level of perception OR, you can step up your own methods of perception, accelerating to catch up with seemingly impossible or inexplicable phenomena.

So we ask you now: WHAT IS YOUR CHOICE? TO SLOW DOWN, TO BE SPOONFED BY EXTERNAL ARTIFICIAL MEANS, OR TO ACCELERATE YOUR DIVINELY GIVEN MOMENTUM, DEVELOPING YOUR OWN INATE ABILITIES, OR TO WAIT UNTIL THINGS YOU DO NOT UNDERSTAND ARE PRESENTED TO YOU IN A WAY IN WHICH NO EFFORT IS REQUIRED ON YOUR PART?

The danger of succumbing to information which has been pre-prepared, which requires no personal effort, is that you can easily be fed POISONOUS FARE. At the same time, it ENCOURAGES COMPLACENCY which in turn makes proffered fare more convenient and more acceptable and preferable to you.

WE SAY IT IS TIME TO TURN THIS AROUND, FOR YOU HAVE BEEN POISONED. WHAT HAS SEEMED TO BE HARMLESS AND COMFORTABLE AND REASONABLE FOR SO LONG, HAS DUMBED YOU DOWN, ERASED YOUR MEMORY, WORN DOWN THE SHARP EDGE OF YOUR ENQUIRING MIND.

And when you have reclaimed this sharpness, this desire to enter new realms of experience, that is when you will escape the fear, when you will be able to see every cell in the moving wing of a bee, when you will recognise the full miracle, the true beauty and the infinite potential of your own journey through the universe.

YOU HAVE WHAT YOU NEED by Maitreya thru Bela

Bela: What can be said of those things that need to be done now that I can do?

YOU HAVE WHAT YOU NEED. I could give you the answer in this one statement and be done with it. Yet the complexity that you crave blinds you with facts that you call proof to the contrary. You will get over your craving when you gain greater clarity as to how this complexity often seems to be working quite nicely – and then turns around and strikes you with its venom. You recover time and again from these venomous stings and yet you cannot seem to resist going ahead with the same patterns time and time again.

However, now your awareness is being stretched so that you see the circumstance of the fangs approaching as if events were slowed enough giving you time to see this perilous development – and you can plainly see that you have time to redirect, change, and avoid the bite altogether. Yet I tell you that it is quite the opposite – you have sped up your vibration so that it seems that this fore-vision, this window of opportunity, just opens up – when indeed it was already there, laid out plainly before you to view, choose, and use.

More and more will you see those Divine Order options/steps before you – even while the external events tempt you to slip into forgetfulness and join the chaos around you. Do not fall into old patterns of pretending that you do not have this capability – the fangs will not wait for you to make up your mind. By choosing this you drop your vibration – and the fangs will move faster than you can react. **Momentous challenges are upon you. Out of necessity you will dive into this knowing. This is how it works – you LEARN. I have learned as you are learning. I have grown my choice to be aligned with divine will and therefore see, hear and know as even you have the potential to see, hear, know in any moment.**

It is unfortunate that you so appreciate the savvy problem-solver in your world of business and your day to day. And it is the material problem-solving that is most often commended by your brethren. However, WE are growing universal problem-solvers of you so that you can participateresponsibly in the universe at large. Your seamless connection to the “home office” is mandatory to succeed in this. You have access to what you need in this and the rest “will be added unto you”.

I invite you to sit with me a moment and consider this: Imagine that you are to make a decision that will affect your whole sector of the universe. What would it take for you to be equal to that? Those are the shoes that you are growing into even now.

You rely so heavily on the associations you make in your thinking; in your experiences; all of the analogies that help you make sense of life. But I tell you that you are often only accessing a minute piece of what is available – it is of little wonder that things go amiss when based solely on those parallels. There are tangents and dimensions that need to be considered, are there not? Yes there are! – many of them going on at the same time in the same space.

Oh there you go, you say –taking me into complexity where you warned of the venomous bite! Yet I direct you to where the solution lies – **it is in the simple unwavering connection to SOURCE that cuts as a cosmic laser through the most complex of scenarios to see the clear possible choices and possible consequences – and yet CHOICE remains.**

I leave you to finish your tea while you immerse yourself in thought around these possibilities . . .

This is a copy of a post I made in another thread you ones might enjoy.
Space and time began in our galaxy.

Divine creation?

Quoting: **Anonymous Coward 1405084**

NO they don't, this Galaxy is only part of the superuniverse of Orvonton, and there are 7 other superuniverses, just as big and more coming in the outer space regions. Here are some paintings on the subject. Of course from OUR view we think we are the center, but the creation did not begin with the Milky Way.

[\[link to antifan-real.deviantart.com\]](http://antifan-real.deviantart.com) This IS Paradise and those worlds around it , are the 21 worlds of the Universal Father, The Eternal Son and the Infinite Spirit.

[\[link to antifan-real.deviantart.com\]](http://antifan-real.deviantart.com) This is the CENTER of the Creation, from which everything

else spreads. This is the Central Universe of Havona and if you have chosen eternal life and you continue in the steps to come, you will live there some time. Paradise is the center, that shining area (which has the 21 worlds above first around it) and the only place that does not go around something. All the rest goes round it. There are 1 billion custom built worlds that surround it in 7 rings.

[\[link to antifan-real.deviantart.com\]](http://link.to.antifan-real.deviantart.com) This is the GRAND Universe which is the current projected creation. It is not quite finished, but it has 7 superuniverses swirling around it. WE are in the youngest, Orvonton. The milky Way is the core Galaxy of Orvonton, but not the whole thing, it is much larger.

There are 4 rings of new universes forming outside the Grand Universe. Some of this is seen from our telescopes. The creation is massive. The 7 superuniverses have a total of about 5.6 TRILLION inhabited evolutionary planets.

What you ones label "heaven" when "heaven" in the Grand universe is "finished", will have 500 billion specially built planets in it, that are not evolutionary planets like ours.

[\[link to antifan-real.deviantart.com\]](http://link.to.antifan-real.deviantart.com) This depicts the building of new custom "heaven" worlds in a nebula. Enjoy. There are many lovely paintings by this one who has great memories from the his life in the cosmos.

The Institution of Balance- Christ Michael

The soul was a created from a point of stillness being perfect balance. The spiritual term for that balance is the I AM presence. The centring point is the point of balance. It is the equilibrium point from which the waves radiate. The waves create. Balance is essential to creation and within creation.

I come today to explain this concept which really should be a practiced and achieved state of being. It is the answer to all your world's problems. Why? Because your world is not in a state of balance. Why? Because the people are unbalanced. From a state of unbalanced creation (being that which you create) the results are distorted, unsustainable and lacking in endurance.

Consider a wheel which is perfectly formed; the fulcrum of that wheel perfectly positioned and the tangent of the spokes equally proportioned to create a perfect circle. The centre or point of perfect balance creates a perfect circle and the wheel can effectively turn with no inner impediments to stem or disrupt its motion.

Now think of your world in the form of this wheel. You the inhabitants are at the centre and you are the ones responsible through your thoughts and creations for the spokes which lead to the circle's existence or creation. What was conceived by ME in perfection has been given into your custody. Through your thought and actions the spokes of the wheels have become burnished, dented and bent. The wheel itself being the circle begins to crack and succumb within through collapse. The wheel of life has stopped. It can no longer turn. There is no motion, no progress. It stands still in a state of depredation ready to fold in.

I have taught you that Balance creates Balance, but when you alter your natural state your creations are derived from a state of unbalance and the resulting effects are unbalanced. Do you see that if your thoughts are the start of creation then balance starts from and through your thought process? When your thoughts are balanced in love and in light, only then can you create in love and light. Balance rests on truth, being love and light and love and light are the only truth which exists. If you are to function within this paradigm how can your creations be anything but balanced?

As I taught above balance leads to sustainability and endurance. I would also add that it engenders a state of perfect harmony with all things and ones. Where have you gone wrong? To begin with, you have cast out spirit, either through rejection or forgetfulness in favour of the ego mind and it is through this mind that you tend to create. What this creates is usually for the benefit of the physical and the individual not the entire circle which comprises God's creation. As the ego has no reality it cannot bear truth, love or light and its creations are not birthed from a point of balance.

To clarify, finding your balance in love and in the realm of light reminds you of your inner state, being that of balance. You would have found your centre from which all peace and love emanates and creation begins. You become in touch with you inner light and naturally your creations are birthed from love. You will know when you feel balanced and are balanced, as this is the time when your creative spark is at its highest. That is because you are miraculously in tuned with YOU.

Now take that balance that you experience and think of what you will create – you will, marvel at the result. For the manifested outcome will resonate with harmony, perfect in being and effect. More importantly that balance will create harmony in all your relationships regardless of the personalities you must deal with.

Being balanced in light and love simply means that you will see through the eyes of light and love. It bequeaths a greater vision. With your fellow men, if you bring balance into the relationships or interaction, surely you will respond always with balance to their creations or doings. Balance in this context does not mean to accept that which is contrary to the rules or laws of the divine which is meant to bring balance within God's creation. It simply means tolerating the growing pains of others who choose to operate from the point of imbalance to learn their lessons.

Even your brothers who have chosen the darker spheres this time, you must find balance with them YET not their actions. You DO NOT support their actions BUT you love them as children of God. Your beloved Master teacher taught you that the ultimate test of a God being is to find balance in the light and love towards those who render evil. The souls of MY children are Godly even though their human actions may be casted as evil. Those who choose the dark path operate independent of the Godly aspect of themselves, the soul. Let this in itself allow you to sympathise with them for they are the ones who truly do not know what they do. Do not for one moment think that these ones have any peace. No, their balance is material wealth and power within the physical dimension.

As you live in physical abode being the flesh, you have to harmonise the mental with the physical with the emotional and the spiritual. In other words this is the alignment that must be achieved to find balance in the physical world. Yet I say to you that the origin will always be the spirit; so it requires you to find your fulcrum in spirit and then that is transferable to the mental physical and emotional bodies.

I AM not expecting you to achieve perfect alignment all the time, in particular as you dwell in a disharmonious world. Yet you can re create harmony by embellishing your auras with the light of balance, when you know the lesson. I have taught you the lesson. Go back and find your point of stillness; connect with your core or higher self and re familiarise yourself with your natural state and disposition and you will find that this will have a balancing effect on your other bodies. Beloveds, when you are committed to enlightenment balance will become your discipline.

Let balance be your staple adjective; balanced thoughts, balanced words, balanced actions and balanced creations. Create affirmations from these that they become ingrained as a way of thinking and being.

I AM Christ Michael, your Tutor for today and extending MY Tutelage to you for eternity, if only you will ask and place yourselves under MY Guidance and Mastery. I know what I speak of; for I created you from perfect balance and can bring you back to that point if you allow ME to do so.

I and MY team are in the midst of putting into place the elements which will assist in recreating balance in your world so that once again you MY children will have an opportunity to grow and prosper in balance.

For those who seek ME in earnest, you will find ME when you find your balance.
Salu

Christ Michael.

A collection of quotes from the Urantia Book. (www.urantia.org)

On my Forum there is a thread where one is posting the thoughts to ponder from the UB site each day.

Here is a nice collection:

"Remember, there are two things you cannot run away from-God and yourself. Wherever you may go, you take with you yourself and the spirit of the heavenly Father which lives within your heart."

Jesus, (1475.4) 133:4.11

"The Zoroastrians had a religion of morals; the Hindus a religion of metaphysics; the Confucianists a religion of ethics. Jesus lived a religion of service."

(67.5) 5:4.7

"Candidates for eternal life are practitioners of an invigorating and constructive technique for meeting all of the vicissitudes and harassments of mortal living. Every day a true believer lives, he finds it easier to do the right thing."

(1739.8) 156:5.13

"It is the business and duty of society to provide the child of nature with a fair and peaceful opportunity to pursue self-maintenance, participate in self-perpetuation, while at the same time enjoying some measure of self-gratification, the sum of all three constituting human happiness."

(794.12) 70:9.17

"The world needs more firsthand religion. Even Christianity - the best of the religions of the twentieth century - is not only a religion about Jesus, but it is so largely one which men experience secondhand."

(2083.4) 195:9.8

"Do not allow the magnitude of the infinity, the immensity of the eternity, and the grandeur and glory of the matchless character of God to overawe, stagger, or discourage you; for the Father is not very far from any one of you; he dwells within you, and in him do we all literally move, actually live, and veritably have our being." (Candace: something Christians continue to completely not understand, as they stare skyward each Sunday and continue to do little to walk in God's or Jesus' shoes)

(139.1) 12:7.12

"It is a fallacy for any group of religionists to conceive of their creed as The Truth; such attitudes bespeak more of theological arrogance than of certainty of faith."

(1012.4) 92:7.3

"It is a fallacy for any group of religionists to conceive of their creed as The Truth; such attitudes bespeak more of theological arrogance than of certainty of faith."

(1012.4) 92:7.3

"Modern man is confronted with the task of making more readjustments of human values in one generation than have been made in two thousand years."

(1013.9) 92:7.14

"...international relations should be fostered, whether they involve language, trade, art, science, competitive play, or religion."

(908.8) 81:6.19

"It is most unfortunate that those who have come to venerate the divine and risen Christ should have overlooked the man - the valiant and courageous hero - Joshua ben Joseph."

(1013.7) 92:7.12

"New orders of physical creations, enormous and gigantic circles of swarming universes upon universes far out beyond the present bounds of the peopled and organized creations, are actually visible through your telescopes."

(354.1) 31:10.16

"When Material Sons, the biologic uplifters, begin their sojourn on an evolutionary world, their place of abode is often called the Garden of Eden because it is characterized by the floral beauty and the botanic grandeur of Edentia, the constellation capital." (these material sons, meaning having reproducing bodies, are the Adams and Eves. We had ours 38,000 years ago)

(823.7) 73:4.1

"...truly, 'Eye has not seen, nor ear heard, neither has it entered into the mind of mortal man, the things which the Universal Father has prepared for those who survive the life in the flesh on the worlds of time and space.' " (how true, you ones do not concept heaven well at all, nor eternity. What DO YOU DO FOR TRILLIONS of YEARS of ETERNAL LIFE?)

(121.6) 11:4.5

"An almost endless variety of creature life and other living manifestations characterizes the countless worlds of space."

(173.6) 15:6.11

"Intelligence may control the mechanism of civilization, wisdom may direct it, but spiritual idealism is the energy which really uplifts and advances human culture from one level of attainment to another." (And where is this, beloved Christians, spiritual idealism? You are supposed to be spirit filled and while some of you are, most are lacking. I can't say anything about Islam since I have not experienced that, but even since 9/11, it would seem spirit filled folks are decreasing by the day! Where have you been, where are your works? 9/11 remains not exposed for what it was, and you ones have continued to send your children off to war in the Middle East where terrible genocide goes on. Religion or not, where are your spirits, as this world continues to be polluted and destroyed. -Candace)

(909.8) 81:6.27

"... why are you so slow to learn that the secret of greatness in the spiritual kingdom is not like the methods of power in the material world?"

Jesus, (1939.6) 179:3.8

"The normal urges of animal beings and the natural appetites and impulses of the physical nature are not in conflict with even the highest spiritual attainment except in the minds of ignorant, mistaught, or unfortunately overconscientious persons."

(383.1) 34:7.7

"The doctrine of a personal devil on Urantia, though it had some foundation in the planetary presence of the traitorous and iniquitous Caligastia, was nevertheless wholly fictitious in its teachings that such a 'devil' could influence the normal human mind against its free and natural choosing..." (Pay big attention to this statement, those of you bent on the devil and Satan stuff -C)

(753.2) 66:8.6

"Religion effectually cures man's sense of idealistic isolation or spiritual loneliness; it enfranchises the believer as a son of God, a citizen of a new and meaningful universe." (that is, religion that is YOUR personal relationship with God, not these clubs. I have no problem with clubs, but they must be filled with spirit filled people.)

(1117.1) 101:10.7

"The God-conscious mortal is certain of salvation; he is unafraid of life; he is honest and consistent. He knows how bravely to endure unavoidable suffering; he is uncomplaining when faced by inescapable hardship."

(1740.7) 156:5.20

"And if you are the sons of God, then have you been born of the spirit of God; and whosoever has been born of the spirit has in himself the power to overcome all doubt, and this is the victory that overcomes all uncertainty, even your faith."

Jesus, (1601.3) 142:5.3

"Forceful ambition, intelligent judgment, and seasoned wisdom are the essentials of material success."

The Teachings of Jesus, (1739.2) 156:5.7

"Modern man is adequately self-conscious of religion, but his worshipful customs are confused and discredited by his accelerated social metamorphosis and unprecedented scientific developments."

(1013.8) 92:7.13

Boy is this one TRUE, institutional religion is a terrible mess :

"Institutional religion ...cannot reconstruct itself until society has been radically reconstructed."

(1087.5) 99:2.2

"Many of you have dared to believe my teachings and have already entered into the joy and liberty of the consciousness of sonship with God." (DEAR ONES STOP MAKING JESUS the only SON of GOD. For yea ones are Sons and see it not.

Jesus, (1905.5) 175:1.3

"We do not know the absolute limits of space, but we do know that the absolute of time is eternity."

(135.1) 12:5.2

And this remains an important teaching I place around GLP of late:

1590.5) 141:4.2 In answer to Thomas's question, "Who is this God of the kingdom?" Jesus replied: "God is your Father, and religion — my gospel — is nothing more nor less than the believing recognition of the truth that you are his son. And I am here among you in the flesh to make clear both of these ideas in my life and teachings." (Candace: simplified: God is your Father, YOU are his Son.

Spiritual Marksmanship -The Source Thru Hazel

In your world the achievement of mastery becomes a goal governed by societal structures. There are limits imposed to the definition and understanding of success. You, God's children are moulded by the context that others have created for you. Class division maps out abilities and opportunities for success. You are told what makes you a success and are given little opportunity to discover its truth.

The mundane practices prevail in favour of the esoteric. True vision which evidences itself through creative measures is seldom honoured- for prestige seems to be lacking in such. Very few are able to bring their vision to the light of understanding of other. The joy in creativity has dwindled and the essence of the soul given short shrift. Men are admired less for their creative talents and more for their status of manufactured celebrities in a world oriented by material goals. Power becomes synonymous with success and the dollar sign becomes the template within which man measures his achievement.

Man marches to the beat of the temporal drum which imposes a framework within which achievement must occur. Imposed upon man are milestones which should be completed by given times in his mortal life. The inability of some to achieve these milestones often leads to depressive states of mind and inferior thinking.

In the majority man has become bonded to others and by the will, demands and expectations foisted upon him. His life becomes a physical one blended with emotional tyranny which plagues him as his brother or neighbour is able to 'acquire' physical and material mastery.

Yet amongst the majority are pockets of people who persevere with the higher vision awakened within them through their ability to connect with their Source. These ones are the protagonist of higher thinking. They are the ones who see beyond the linear table and know that life is eternal and that every experience is meant to be a spiritual one. They come to recognise that their mortal journey affords them the opportunity to fine tune their spiritual skills in a worldly environmental and this becomes the goal.

The efficacy of spiritual living is honoured by these ones who never lose sight of their purpose. They know that through their sojourn on earth they are provided with renewed opportunities to scale mortal limitations and find their prowess through spirit. They learn to overcome the distractions of the world and remain focussed on their mission; for they are the ones who understand that this plane is a transition to higher grounds upon spiritual achievement.

The protocols that these ones create for themselves are for the mastery of the soul. Like an archer who primes his bow and measures his aim these ones remain focussed on the 'I AM' for it is the 'I AM' that they must achieve through the conquering of the 'I'. The archer does not succumb to self pity but through the resilient spirit that he is he refocuses if he misses the mark. Missing the mark

tells him that he is not yet quite ready and must of necessity continue to persevere in the honing of his skills whatever aspect that may be.

In the process of preparing for success and victory, discomfort, doubt and pain may be necessary attendants. Yet the spiritual one shall not wane in his efforts and belief for he knows that what he must achieve is freedom of his authentic self from mortal figure.

Each of you owes a responsibility to yourself to achieve your fullest God potential. You are present to serve the God incarnate. You will be free when you so desire to be free for freedom is an inner state of being. Only an enlightened man can be free. If you do not feel free then you are not yet enlightened. That simply means that you must increase your efforts. Excuses and blame are derivatives of lower thinking. Higher thinkers take responsibility and action.

The acquisition of material wealth is peripheral to the acquisition of spiritual prowess. Create your own template for success, assume control over your choices, set the pace for your achievement, bind yourself to spirit not the desires of others; set your aim; maintain your focus; re-evaluate your skills and take steps to enhance them; be honest with yourself; be proactive and attune your talents to a cause worthy of achievement. When the road seems long or perplexity overcomes inject fresh energy; seek a new perspective and become that spiritual marksman who stands in his spiritual shoes and courageously takes responsibility for his success.

Nice new version of the Lord's prayer near the end.

Quoting: **Nobody in Particular**

The definitive games manual "for Dummies" version, showing the complete games matrix for universes of this type and how to resolve the mind within us that creates these types of universes and how to get out of our self created mind trap can be found in Dennis Stephens' To Know Games Failure Cycle, an interactive mostly user friendly matrix of how we got in and how to get out. All DIY, no \$\$ or glory to some guru, just some very very simple steps to incorporate in one's daily routine until one has completed all the steps back to the first time as a being one decided it would be fun to play some games with others (it was fun, and can still be a lot of fun).

His Games Manual is formally titled "The Resolution of the Mind", TROM for short and one place to get it for free (nothing is sold there at all) is at www.tromhelp.com.

Mileage

by Father Melchizedek thru Hazel of AH.

The earth is in the throes of her final revolution around your sun as the cycle races to an end; literally and metaphorically. She has completed her time yet lingers to allow for the vestiges of humans to mount the spiritual ladder to enable the yield to be greater. She finds accord with the Greater Will. She has stayed the course with great effort and endured with great strength. She has persevered in spite of the odds and has borne both light and dark with grace.

She is akin to an athlete who agrees to complete many many cycles around an extensive perimeter and who keeps going regardless of the heat, the dehydration, the pain, the sweat, the physical weariness and the bombardment of negativity sourced by others along the way.

She is limping but she is going to make it across that finish line for she knows that there are many who hold high and great expectations of her. She is now dwelling in an insulated vat where all her energies are focussed on the finish line. She is not distracted by any surrounding events. She is beginning to accelerate as she can see the white line, a prism of pure light awaiting her. Even through her aches she can smile for she knows that she is soon to claim her freedom.

What is the lesson here for you ones? Do you merely rejoice in her choice and the direction which she has taken or can you see through the excitement the run she has had to make to get to this point? She has carried for aeons the weight of mankind on her back and she had to run the length and breath of the cycles with you all. She has been grounded under the burden of too many beings yet she has never given up on thee or sought to relieve herself knowingly of thee.

She agreed to undertake this task so that you ones might make the run also to find and grow into your spirit. Was it worth it? Was her journey in vain? She can account for her mileage; can you account for yours? Yes dear ones, how far and how long and how much effort have you put into your journey to achieve spiritual mileage? How much mileage in spirit have you covered? This is measurable by the level of attunement you have attained to the spirit of God within you and the level of mastery you have attained over yourself. I am posing questions to you at this time for all will be required to assess themselves; none shall be excused from this process. The time of balancing is here. Each soul will account for the measure of his/her growth for it is this that will earn each his/her next assignment.

There can be much joy in the journey yet without a goalpost there is little point as you become lost in your path –devoid of purpose.

Time is short yet every moment continues to count in your resolve to make a last attempt to push to the very end so that you can elevate yourself spiritually some more before the changes manifest. Do not surrender to your own expectation of when things may materialise- this is not a matter for your concern save for the purpose of being vigilant and aware of what is taking place in your world. Do not however let this be an obstacle; for the greatest development at soul level

takes place through the experiencing and managing of obstacles. For those who are confronting hurdles, just as your earth has overcome hers so too must you overcome yours to reach the finish line. This is an opportunity for you to persevere in yourself and in your growth. This is not a time for complacency but pro activity in the unfolding of your own light. The obstacles, be it inner or outer are the facilitators for this. Bless the hurdles on your path for if transcended they add to your achieved mileage.

Blessed are you all, children of the Most High- but children you are merely not. You bear the grandeur of spirit within and must seek and be your grandeur. How many more cycles must you complete to achieve this. Let the evaluation begin.

I AM Father Melchizedek , come through my child to give you ones the push and encouragement you need so that you can reach the finish line at a respectable level of spiritual achievement.

This is an Excellent teaching piece by Michael of Nebadon, our Creator Son who was here as Jesus 2000 years ago, (and shared with Esu Immanuel Sananda). BOTH ARE RETURNED since 1954. Separately this time.

Christ Michael Aton Speaks on Anger and Perfection

thru Jess Anthony

Jul 4, 2011 - 10:27:12 AM

Christ Michael Aton, I'm asking for comments on anger and blame and seeking perfection. These topics have raised questions with me and I feel both should be addressed.

Jess, I am here with you. These both are dissimilar but connected topics, as you view them. I speak of perfection, but I understand that man is not capable of that state. I ask for as much completion as possible and as much resolution. Man's sense of balance and accomplishment is tied in with his sense of achieving a goal or finding a solution. He doesn't sense equilibrium unless he has no more tasks that are incomplete.

I seek the best resolution possible for ongoing situations that man has started. These are complicated by steps Gaia must take to move ahead with her ascension to a new level of vibration. We are coordinating various levels of energy that each requires a separate field of operation. The energy of Earth that you view with anticipation of disasters is one complicated level. The winding down of struggles in other fields like banking or military control have still a strong energy pattern that must have closure. Man's attempts to keep these initiatives going are

preventing a peaceful dying down of the energy arc. His last minute attempts to keep control have continued this sequence beyond the limit of what should have been a natural ending. Any possible option is tried with little regard for the peripheral consequences.

I am working from a time frame determined by galactic and cosmic changes that have been planned by Source and his agents in Orvonton. I am privy to the choices, and my determinations are colored by these others at a higher level. I am the supreme creator and judge for my universe of Nebadon, but my position is, none the less, in coordination with the decisions of my overseers. I have my own free will in choices for my universe, but even they must be in alignment with directives from Havona and the Paradise Isle.

Let's continue with the questions you asked yourself. What is anger? What is blame? How is this manifested, and who is to determine what authority makes judgment?

Anger is a reaction based on memories and experiences. It is an emotional creation that shifts responsibility to someone or something else. Unhappiness or frustration seeks a cause, and man is programmed at this point to assume the source of discomfort or imbalance is external.

All reactions are built around internal decisions. An outside source does not choose an individual response. A situation is analyzed and placed in a category made up of preconceptions and opinions. These categories trigger emotional responses, which then trigger actions or reactions.

An individual perceives a situation, determines the extent of interaction with personal balance, evaluates the extent of this disruption based on past experiences, ranks it, and begins to define it with emotional reactions. These emotional reactions range from anger to helplessness. Based on these emotional colorings, an individual gives up personal control to the perceived threat. The reactions may be an attack or surrender. The blame is put on the outside cause, and the anger or feeling of weakness is viewed as a justified defense.

In each situation the cause of the feelings is the individual, not the outside source. When a person maintains spiritual balance, the perception of discomfort is viewed as an assessment of personal context that needs a different focus. Something internal needs to be examined and resolved to prevent this sense of imbalance. Why is the external situation causing a sense of threat or weakness? What preconception triggers this reaction? What caused this preconception in the first place? What experience could have been handled differently and resolved with more peace?

Once this core issue is realized, an individual can release the negative energy by asking for alignment with my truth and light. When this core issue is released and cleaned, the emotional baggage disappears. The outside disturbance no longer takes away personal power and triggers an emotional habit in defense.

Much is happening in your outside world-or at least it seems that way, based on the information your senses are able to provide. Perceptions are colored by the perceptions of others, and described in terms that have been determined by the observers as red flags to set off preconditioned emotional routines. It is impossible for man to free himself from these emotional manipulations, even though he tries to remain balanced.

My advice is to examine before you react. Look at the source of the information, analyze the description, maintain a sense of perspective on reactions it may cause in others, and explore your own emotional feelings before you rush into action or surrender your resistance. Ask for balance and alignment to know what steps to take. Don't automatically fall into reactions that are preconditioned or set up by the information itself.

I am in charge of what is going on, not the powers of the dark, or the voices telling you how to think or react. Political unrest and natural disasters are just experiences, not events that will cause me to lose control of my creation. I am not allowing the destruction of anything that will be necessary for man to ascend with Earth. This is a given. This has already been decided, and all the so-called threats you see are only generating fear to tap into instilled habits that prevent you finding spiritual balance and alignment with me. Focus on me and ignore what is trying to create anger or blame. Resolve your personal issues and move towards perfection.

Know thyself as God-Nebadonia (Nebadonia is Mother Spirit of Nebadon, our universe.)

The triumphant glow within the spirit of man is the presence of God. Defeat is never an option, for man is his own victor. It is the sight of man that is short for he sees his periphery, his surface and not his depth. His inability to claim his godhood comes from not knowing that he is the champion of his own cause. Mans' intellect derides him and he cannot conceive his own might and he therefore settles for less than who he is and seldom achieve that which he is truly capable of. He creates a persona which is less than divine that he may search for the divine. His search is sometime endless for disbelief parades his very nature and he denies his ultimate destiny an opportunity to find its goal in his mortal journey.

His inner light is clipped like the wings of a bird and it is clipped often by choice yet sometimes by design always with the hope that he will free himself. Man has been given the know-how and the teachings yet he chooses to be moved by the world surrounding him rather than in the inner world of spirit which is designed to be the guiding force for his worldly endeavours. In the absence of spirit's influence he fails to find his true self in the miasma that is fraught in his unintelligible world. There is no intelligence in that which is outside of man yet man is drawn like a magnet to the outer uncertainties of his existence. He berates the very life within, unconsciously so, when he seeks to deny the existence of God within him.

As the door of creation prepares to breathe itself open once again, mankind is being flooded with energies divine. These energies are breathed in at the soul level and through the influx, an awakening is being amortized within the hearts and spirits of men and women.

The irreverence which has paled the glow of man for eons is beginning to subside as many begin to wander in to reclaim what was forgotten. It is likely though that the divine breath will cull the

souls not yet ready to partake of their divinity. For truly separation is called for as the coal is being removed that the distinctness of the diamonds may show and cast its light through the ailing globe.

These times highlight the need for man to know his perfection and it is effort and desire that will transport him to that place where perfection lies. The excuses are now redundant. Vision is now called upon that the unearthing and unleashing of divine order within begins its reign. Those awakened to the glory of the inner God must establish themselves in that presence and bring the light of God alive through them in their works on earth. How else can the Kingdom of God be established on your plane? Why do you allow the outer world to conflict you so? Are your needs so great that the God within cannot fulfill so that you need to hold on vehemently to the trappings which will inevitably bury you in a rut and stifle the divine in you.

Children you have chosen to take this journey. You know the truth which is buried deep in your unconscious. How can you deny your identity? You are a part of the One. In truth there is no distinction because separation is a myth. It is the understanding of the mind that will enable you to grasp this and comprehend your true nature as God and not man. For who is man but a creation of himself designed to bring immortality to that which appears mortal. The journey comprises lessons beloved ones and lessons well learnt causes the inner presence to grow and glow in awareness.

The lessons are not academic but spiritual; yet the spirit holds the wisdom which creates the knowing of the truth, the very essence of God passed to man. The presence of God is incarnate within you – it is this presence that calls you and shall willingly guide you home. You need only apply your higher mind and you shall begin to reckon with yourself and come to know and gradually experience your God potential . It is the knowing that will create the energy fortuitous to your eventual return to your SOURCE.

Disbelief is a sham. It nurtures doubt and on a mindal level separates what is ONE. The Father within each of you is calling you home. Will you not answer the call and free yourself from the bondage of the ego's verbiage which seeks to distance you from your natural heritage?

Know yourself as God and you shall by your own efforts experience the living God within you.

Nebadonia come in the light of the Source to bring a message of enlightenment. The time is now.
