This piece is from Johan to my forum after their evening meditation. Some of it refers to some work I did here today, Christ Michael always is tuned into me and some of refers to those getting impatient with all the "waiting" on this second coming stuff. Enjoy

My evening session taught me, after asking CMAton what to be allowed to see and share:

I saw a loose handle of a door, with that smaller metal bar inside that fits perfectly into that same size square opening in the lock to reach the other side where the other handle can be fitted onto it. This all requires a perfect fit, the bar into the two handles and the bar into that same shaped opening through which the bar goes and must fit perfectly, not too much or too little space or maneuver place.....

It was explained first as a key, all needs a perfect fitting key, just like two different keys will not start a car, only the original or its perfect copy or double will start that particular car.

Then It was explained : WHAT IS YOUR PERFECT FITTING KEY, that will start your engine, that will open your door or will unlock your closed door ???

In spiritual terms, its called YOUR SOUL. The soul that is all divine wisdom stored in every cell of your being. That knows what you agreed, as your souls purpose, before you incarnated. Your souls that drives you to decisions that might look ODD and OFF or completely Lunatic, but that knows, according to your agreed souls purpose what is the best direction for you.

How do you access that KEY, how do you get to know your soul and souls purpose ?

INDEED, MEDITATION, MOMENTS OF SILENCE AND BALANCE AND CONTEMPLATION OR INSPIRED THINKING OR ASKING FOR ANSWERS WHILE WAITING AND LISTENING.

When after some time, you get access to the souls knowledge or wisdom or your souls purpose, **YOUR LIFE HAS THE POTENTIAL TO TURN AROUND, UPSIDE DOWN AND INSIDE OUT. BECAUSE YOU ARE IN ALIGNMENT WITH YOUR SOUL = DIVINE KNOWLEGDE THAT CAN BECOME WISDOM, REVEALING YOUR SOULS PURPOSE.**

So your key IS MOST IMPORTANT TO TURN THINGS AROUND, TO OPEN DOORS, AND THAT IS PERSONAL ABOVE ALL ELSE... As vision to understand that, I saw a big cylinder turning around and start running easily or smoothly ONLY AFTER HAVING THE KEY TO START

IT. Please stop looking to the outside, to external stimulants or recommended stuff or dates and time, CONCENTRATE ON FINDING YOUR KEY, YOUR SOULS PURPOSE AND nothing will matter, not what is happening around you, how long things take, since YOU WILL CONSTANTLY BE GUIDED WHAT TO DO IN THE MEAN TIME TO IMPROVE YOURSELF, YOUR PREPAREDNESS, YOUR QUALITY OF LIFE WILL INCREASE and all the reasons NOT to do that ARE EXCUSES AND NOT PART OF YOUR SOULS PATH AND PURPOSE..... Perhaps hard to swallow, but the truth is hard, untill embraced and practised for you own souls purpose or souls good, mostly only visible afterwards due to great results and positive changes in your life. All souls purposes together, good guys AND bad guys make experiences and experiences bring lessons and knowledge and wisdom and opportunities to move on along your narrow souls evolution path. SO MEDITATION IS NECESSARY TO FIND YOUR KEY.....

Message: THE DIVINITY OF THE HUMAN DUSTBIN
Message 64: THE DIVINITY OF THE HUMAN DUSTBIN
Seraphin through Rosie, 16th July 2011

R: Dearest Seraphin: it is a beautiful Summer evening, but for me – as a vegetarian – the atmosphere is ruined because I can smell the neighbours' barbecue, which saddens me greatly. Also, as I have had the words “divine dustbin” in my mind for the last few days, I suspect that this too may be part of this message.

S: Yes, Dearest, the way people on your earth continue to feed on dead animals while they could be fully aware of the devastating and dying effect which this has on their own cells, never ceases to amaze us who are of different body and of different mind, but this is only one of the methods you purposely use for self-annihilation. There are other slow ways, like other inappropriate substances introduced into the body, as well as inappropriate mind and soul food (which creates almost as much havoc) and there are quicker ways like multiple risk-taking, dangerous operations and use of weaponry and nuclear power in large-scale scenarios.

Not only do you treat your bodies as DUSTBINS, rejecting the miracles of yourselves, as well as the Divine Fragment which lives within, but you treat the whole earth as your backyard, conveniently stationing your refuse in places or countries where you will never again be confronted with it with your naked eye, BUT IT IS STILL THERE. Your body REGISTERS that dead flesh is passing through, your minds REGISTER that debilitating poisonous thought structures or habits are passing through, and THE DAMAGE IS DONE although you may have the impression that the momentary or temporary problem or indigestion or pile of rubbish, will disappear almost immediately.

And again I say: THE DAMAGE IS DONE AND CONTINUES AS WE SPEAK ON ALL LEVELS.

While help may be forthcoming in the future, humankind must change its concept of the human body from being a dustbin to that of a DIVINELY SACRED VESSEL, IMBUED WITH STARTLING CAPABILITIES BEYOND YOUR PRESENT KNOWLEDGE, ONCE PURIFIED OF MENTAL AND PHYSICAL INFECTION.

Similarly, you will have to change your concept of your earth, which is not simply a fairground where you can push others way, scrambling for the fastest ride, or where you can cram the sweetest food into your mouths to obliterate the spiritual craving. And we say to you BE VIGILENT: EXAMINE EVERY CENTIMETRE OF THE EARTH YOU TREAD AND ASK YOURSELF IF THIS FEELS LIKE HOLY GROUND. EXAMINE EVERY PHYSICAL PART OF YOURSELF AND RECOGNISE THE MIRACLE OF EVERY CELL, AND REMEMBER THAT THE PURER THE CELLS, RESULTING FROM THE PURITY OF INTENTION, THE GREATER THE SPARK OF SACRED FIRE WITHIN YOU WHICH WILL HEIGHTEN THE INTENSITY AND JOY OF YOUR DAILY EXISTENCE:

EXTEND THIS RECOGNITION AND ATTENTION TO “ALL THAT IS” AROUND YOURSELF, for only then will continuous peace on a cleansed earth be sustainable. We encourage you to use your critical faculties, look beyond the desires of your stomachs, look beyond your back doors, ingesting only that which is truly beneficial and sustainable SO THAT NO DUSTBINS ARE NECESSARY. We are not advocating that you all become pillar saints who ate no food and who had no bodily secretions, but we are advocating restraint and caution tempered by consideration for your own bodies and for others and – on another level – your own environment, the body of the earth, so that damage can be minimised, so that the imprint is divine rather than damaging and negligent producing requirement to correct.

In this we recommend ATTENTION TO DETAIL AND AT ALL TIMES, for the nets which will be spun are very finely meshed, and all impurities will have to be answered for, meaning that large, stubborn concentrations of impurities WILL NECESSARILY BE SWEPT AWAY. Heed our words we beseech you, as the day is darkening, and it will soon become clear who shines brightly and clearly, unsullied by thoughtless harmful habits, and who will succumb to the night. We bless you all as you pass through this experience to start in a new era, continuing to meet the challenges you have not yet mastered on your upward journey. We love you, Seraphin

I nice piece from the Universal Father, First Source thru Bela. We have come to call him "PAPA" affectionately.

PAPA SOURCE IS WATCHING

PAPA Source:

I speak now for all to hear . . .wait...pause... and JOIN ME in this... and then speak no more in your thoughts – but BE with ME. Moments we have spent together will now connect to your ongoing experience of the truer reality wherein all the “soons” and “nevers” and hopes converge to the single point.

There I AM. I move towards your awareness, closer with each breath. Can you stand it? The utter beauty, the intense bliss, the truth?... Will you survive your own thoughts by overcoming them with the truth that you can now touch? I is ME that you touch when you dare to do so. This is the opportunity before you.

Bela: Somehow this makes me think immediately of the tear/split (shaped like a narrow cat's eye) that I saw filled with intense light in the Pacific a couple of weeks ago – was this related? Or is it more the other personal experience/glimpses of that almost unbearable bliss/love/light as a peek, as a tearing out from my own consciousness envelope?

PAPA Source: It is more the latter –but the vision for the earth is also valid. Realize that you could not experience this for and with the world unless you experience this within your own consciousness. Within yourself is and always has been the doorway. But at this time it is being stretched from multiple dimensions so that it WILL occur, and present itself to each one who truly desires it. Those who can survive this create anew with it and mourn not the old – for the old was indeed only the dream. Like the glorious peeking in of the intense rising sunlight through a crack in the dark sleep room curtain – I shall shine upon your face and WAKE THEE.

Remember past talks about possibilities and the effect of consciousness on probabilities - this IS how it works. There must be the appropriate mind stuff moving in the same direction to have a significant impact at any point in time. Your breath upon a feather will have a definite and measurable impact. A lukewarm bent on life will continue your existence as baggage for those that do the work. The baggage compartment is about to be unloaded. Dare to do. PAPA is watching.

I was lead to this part

Titles are contrived, God is not. Titles are unreal, God is not. Do you need a title to feel good about yourself? When you see your image in a mirror what do you see? Is it a label given to you by someone else or imposed by self? All creatures of God are equally loved and cherished regardless of title. God is only concerned that His children will return to Him by claiming their God identity.

That is how I see the world with loving eyes.This enslavement of the common being.When as

immortals,we are born free

I am posting groups of Rosie's meditation reports from my forum. Many are engaging in Johan's meditations there. 1-5 in this post. More to come in the next posts.

Meditation Report 1. and Comment from Seraphin, 8th May 2011

Dearest Gaia: during meditation I felt your gasps of fear and hesitation, and I have held you to my heart and rocked you like a small child, for all mothers were once children. I thank you for your patience with the irresponsible way we – your children – have treated you. If there is fear left I urge you to ask that each breath be in alignment with Divine Will, in the same way that we humans do this. Then fear will dissipate and be replaced by vigour and joy. In gratitude, and asking forgiveness, Rosie

R: Dearest Seraphin, just before meditating my eye fell upon one of my favourite postcards – a photo of an ancient temple in Sicily (Tempio di Segesta) which stands alone on a hill. The hill itself is holy ground, each blade of grass a miracle, and it occurred to me that while each piece of Mother Earth is sacred, a temple may form a focus for energies, just as our bodies – also temples – can act as a link between heaven and earth during a meditation such as this ...

S: Yes Dearest, do not underestimate the powers of transmission on various levels of which you are capable. The only question is whether you are all AWARE to the possibilities or still ASLEEP UNDER THE DELUSION THAT YOU ARE POWERLESS, INSIGNIFICANT AND TEMPORAL.

It is possible to remain in this dormant state of perpetual hibernation, but eventually there will be a rude awakening, for while you have been sleeping, matters of great consequence have been decided, or reversed, or quashed, or instigated WITHOUT YOUR PARTICIPATION.

The beautiful ruined temple in Sicily is a remnant from the past which does not resonate with the fast pace of “modern times”. It is a vestige of another era, creating interest for many through its antiquity and its exquisite location. Its isolation, however, is its strength: it has withstood time and

the elements, still capable of inspiring sacred thoughts in humans who wonder at this sudden apparition of grandure and exquisite calm - white stone in a sea of green.

And we say: SEARCH FOR THAT WHITE PURITY IN THE LUSH GREEN MEADOWS OF YOUR DAILY EXPERIENCES, FIND THE SACRED STILLNESS WITHIN WHICH IS CAPABLE OF TRANSFORMING THE WHOLE WORLD INTO A LIVING TEMPLE.

Meditation Report 2. 11th June 2011

Short explanation: cleansing the space around oneself is one of the preliminary steps before starting to meditate. On this particular occasion, I never actually got any further than the cleansing process which was very thorough and an exercise in itself ...

In addition to clearing the space around me, a multitude of miniscule angels cut open my head, and inside was a miniature version of my house with all the various rooms. They went in there and started cleaning it all up and THROWING OUT EVERYTHING WHICH WAS OLD, UGLY OR BROKEN, including books I had already read and digested, papers, old clothes, even my wedding dress. Then they polished all the woodwork and brass handleknobs on the doors. Then they showed me that there were secret connecting passages between the rooms which I did not know of before. But the little miniscule house was still very dark, so then the angels started peeling back the skin on my scalp, and underneath the skin was a transparent layer like glass. Thus the outer walls of the house were now windows, and the house was full of light, and could radiate all the better. This seemed to be the message: THROW OUT ALL THE RUBBISH, LEAVE EVERYTHING RELATING TO THE PAST BEHIND, PROVIDE CLEAN AND EMPTY SPACES SO THAT YOU CAN BETTER BE A VESSEL OF LIGHT.

Meditation Report 3. 3rd July 2011

After connecting up to Source and thanking all celestials for their assistance, I saw all meditators sitting in a circle waiting, and an angel went round from person to person, activating their crown chakra by touching it lightly with a sort of wand (when the angel came round to me I felt the touch physically as energy running down my back), and immediately afterwards a shaft of golden light rose from each person to the middle where they twisted together and solidified to form a thick golden rope of great strength which stretched far above, linking to Source.

Encased in it above our heads was a huge crystal ball which gyrated due to the energy we sent along the golden threads, and which lit up from the divine energy reaching it from above. It looked like a giant pearl caught in a golden net. After a while the crystal sphere started to descend very slowly and almost carefully – a long long way down to the very core of the earth, transporting all our love and support. I spoke with Gaia telling her that she should not worry any longer about the destiny of her children as they themselves are creators of their individual soul journeys and have made their choices, and that she must now concentrate on her own journey. I saw Christ Michael's hand, greatly enlarged, being held over the New Madrid fault and California to contain that temporarily.

I then envisaged the NEW EARTH. I was a woman dressed in white next to a waterfall, bending down helping some ducks to get dust out of their feathers by splashing them with water. Suddenly a HUGE SWAN appeared, like a boat, and I stepped onto her back and she swam on slowly down the river. A sort of prince was next to me, surveying the scene too. It was as if we were checking

that all was well with the small village communities. The villagers were celebrating the end of the day with song, music and dancing. There were camp fires along the shores of the river as we sailed on towards sunset. Everything seemed to be idyllic and peaceful, people living happily together.

Suddenly, a change of scene. I saw a huge glass dome where the glass was actually some sort of crystal, capable of storing great amounts of information and energy. Inside the glass dome were many beautiful plants and birds, and a central open space with a huge crystal at the centre, surrounded by a circle of meditators / priests / priestesses carrying out an important ritual. The panes of crystal forming the dome were capable of tilting individually, like opening windows, so that light/energy from the central crystal could be sent out to other places and planets. I give thanks for being allowed to see these scenes. Rosie.

Meditation Report 4. 5th July 2011

The light of Source descended through me to the earth's core, and when it started to ascend again, it was actually a large lift containing inhabitants from the inner earth, whom we welcomed and thanked, and who positioned themselves all around the equator. All meditators taking part in this meditation were sitting in a circle at the position of the North Pole, and the combined light we sent out and around the earth was caught up at the equator by the inner earth people and sent on to the South Pole.

I asked whether I was allowed to see the glass dome again from another meditation. This time it was really a much larger structure, the size of a town surrounded by beautiful countryside, with simple stone buildings in a sort of grid pattern, all contained within the dome which arose out of the top of a mountain. It was a sort of healing centre where people could recover, regroup and make plans together for the future, in a rarefied and removed atmosphere. It actually formed the summit of the mountain, which I felt was in the Himalayas. Here people could be removed from all other worldly or personal considerations. Their experiences in the countryside, a lovely natural habitat for many animals, was part of this healing and planning process.

Meditation Report 5. 7th July 2011

After going through the usual processes I saw the usual circle of meditators again, who at one point all got to their feet and joined together for a group hug in the centre of the circle. As they met each other individually as well as a group, they looked at each other with wonder, in pairs, as they recognized each other as important players in their past lives. While this was happening, a circle of light surrounded and protected them all.

When asked what I was allowed to see, three scenes presented themselves:

1. A castle, with a rather forbidding exterior like a fortress (made me think of the Tower of London) with a flag on top, next to a very large river where picknicking boating parties were passing through. The waves became increasingly turbulent, and the boating parties turned towards the shore, just managing to land in time, and the people ran up the slopes of the river and far away as fast as possible. Then a wave of red water pushed along the river so that its banks became wider and wider. The force of the water tore down a part of the fortress. Eventually the river became so large that there was nothing left but red sea. Ever so often, a small island would emerge, and then sink. After a while I understood that these small islands were actually fastened

somehow onto the backs of whales, like huge barnacles, who surfaced briefly. This gave me the impression that I was seeing glimpses of future land, of a future life.

2. A night sky, not as dark as the one we experience on planet earth now, full of soft lights in various colours and interesting formations, with some light shows and soothing shades ... I felt that this was the sky after the big changes on earth.

3. An aerial view of very large rather flat snaking river like the Amazon in Brazil. The water was being shaken in an unnatural way. At the mouth of the river was a huge hand. I asked whose hand this was and the reply came "The Luciferien hand". It was pulling at the water, trying to disrupt something, but the tugging did not have the desired effect. Something was stuck. I understood this as being resistance to the hand's workings.

Continuing with Rosie's Meditation Reports. 6-10

Meditation Report 6. 11 July 2011

A number of meditators were again sitting down in a large circle with a column of light/fire in the middle. This time, they were not alone but with their friends and families who sat at their backs, looking in the opposite direction from the light. As the central fire became increasingly white and as the warmth increased, the meditators started singing, and with the increase in warmth and light and sound, some of the loved ones started to notice and turned round to see why. Eventually everyone was looking in the same direction towards the fire.

This crowd of people was then asked to stand up and climb a tall hill. This took some time as some of the party were slow or disabled or children or still somewhat unwilling to accompany the procession upwards. At the top of the hill was a large archway, and here the party stopped, wondering what to do next, for here the mountain and everything else ended in mist. It would have meant taking a step into an empty space, into nothingness, in pure faith.

But this was not actually required now, it seemed. Suddenly the mist cleared and through the archway was a pure night sky lit with stars. Everyone sat down, as if in front of a huge stage of the universe, and scenes from different planets were shown to the audience one by one. At the same time, other people and souls from other dimensions became visible to some, suddenly introducing themselves, and there were profound and loving reunions. Everyone seemed very moved and happy. The children danced and played together, the young people gathered in groups, and the celestials gently surveyed the scene and brought people together.

I then asked if there was anything else I was supposed to see or report, as these scenes appeared

in my inner eye very quickly, and I received this answer: "The length/duration of work is not the most important. The most important thing is that it is SOUL WORK".

I give thanks for this vision and for the final comment which suggests that it does not matter what stage of the journey we are on, or how much effort we have put into life so far, as this is secondary to the quality and divine direction of our work NOW.

Love Rosie

Meditation Report 7. 12th July 2011

I saw the earth as a wooden ball, divided into two as if hacked apart by an axe, but the two halves we still jammed together and could not separate. They could not slide past each other. The meditators were sitting or standing on top of the wooden ball in a circle, some tired, some wandering around impatiently.

Change of scene:

Earth appeared as a very old woman, a bit grumpy and moving very slowly, carrying a very heavy wicker basket on her back. She was in a bad temper due to the weight which she had been carrying for such a long time, but she was determined to continue. The load on her back had to be forcibly removed.

At first, because she had been carrying the load SO LONG, she continued walking in the same way. Then, realising it was not there any more, she lost her balance and fell over. A group of people appeared and carried her to a snug resting place which was actually a feather bed inside a huge walnut shell, where she fell asleep. The second half of the walnut shell was put over her, so that she was completely covered. Later the walnut shell was opened again, to reveal that the old woman had turned into a beautiful young girl who danced around happily with a lot of colourful ribbons. I give thanks for this vision. Love Rosie

Meditation Report 8. 13th July 2011

During meditation I asked what I am allowed to see at this critical time, and a visual picture immediately flashed into my mind of many horizons – many levels both above the surface of the earth and below. On the earth, everyone was continuing with their lives, going about their daily business in a fairly humdrum manner, completely unconnected, unaware of the multitude of levels or areas above and below.

Below were the inner earth cities and many passages and portals, and above were many sections including a thick layer of cloud right above the earth which would have prevented view of the upper echelons, even if the people would have cared to look upwards, which they did not. Beyond the cloud were heavenly realms right up to the central Isle of Paradise.

One golden figure, very small, stood out from the rest of the crowd on earth, standing on a mountain top. He asked to be connected to the Divine Source and suddenly he was struck by a sheath of golden light from the Paradise Isle, which penetrated and descended through him and continued until it reached the earth's core.

At the same moment, he was connected to ALL LAYERS ABOVE AND BELOW HIM, by the rays of light. He had become the BRIGHTEST CENTRAL PIVOTAL POINT OF A MANY FACETTED THREE DIMENSIONAL STAR OF LIGHT, like the source of a laser show where the beams of light

are sent out from a concentrated source and become more diffuse as they spread outwards. It became clear to this man – symbolic of aspiring universal man and woman – that there were NOT ONLY many levels above and below him, BUT ALSO levels or dimensions which crossed the “ups” and “downs” diagonally. These diagonals or tangents also lit up with light, and again, this was activated by the man at the centre.

As the man walked around, continuing with his duties, his routines, his relaxations, THIS WHOLE STAR-SHAPED APPARATUS MOVED WITH HIM. It was not so brightly luminous during “normal” activities, but it SHONE BRILLIANTLY WHENEVER THE MAN CONSCIOUSLY CONNECTED TO THE DIVINE. IT WAS AS IF THE DIVINE SPARK WAS TRAVELLING THROUGH HIM TO PLACES AND DIMENSIONS OF WHOSE ENORMITY AND NUMBER HE WAS NOT FULLY AWARE, BUT WHICH HAD GREAT IMPACT ANYWAY.

This seemed to be telling me and us that whatever we do when connected to Source, when acting with good intent, this will reach shores FAR BEYOND OUR IMAGINATION, and that we are not haphazard movers on a flat black and white chessboard but SIGNIFICANT PLAYERS ON A MULTI-COLOUR MULTI-STOREY GRID where our every decision affects the other end of the universe. The message was to stop wallowing in stagnation, to be aware of the full consequences of our actions, be aware of our power and use it appropriately.

I give thanks for this vision, Rosie

Meditation Report 9. 15th July 2011

Today during meditation I was presented with a huge view of the ocean - which was all black, covered with oil. Dolphins kept on coming up to breathe. Suddenly a sort of large speedboat appeared, with 3 or 4 decks and a pilot on the top deck together with a crowd of people I knew.

The boat had a very pointed front which plowed through the water so that the wake of the boat dovetailed in a triangle at the back. WHERE THE BOAT HAD BEEN, THE WATERS WERE CLEAR. It was as if the boat and its passengers were pioneers of a new path which purified muddy waters.

The dolphins were very quick to realise this and started to follow the behind the boat. They were attached by a rope to huge whales behind them, and the whales were attached to small islands by ropes, and the islands were attached to huge continents by even more ropes. So in fact EVERYTHING was being towed along by the dolphins, and in the end the boat had travelled all the seas and the ocean was completely purified. It suggested to me that even if only a few people start a process, it can have widespread consequences and gather greatly in momentum.

Scene 2: Meditators were sitting in a circle singing songs and playing the guitar round a campfire, inside a glass yurt with a hole at the top for the smoke to escape. The yurt had been built for protection by the celestials, who were now busy elsewhere. Outside the yurt there was nothing by a widespread low-lying fire. I fet that the meditators were now having a rest and that the celestials were taking over.

Meditation Report 10. 17th July 2011

Many people requiring healing were lying in hospital beds in a very long corridor. After asking that

energy be transferred to them, columns of light sprung up all around the beds, and these columns then connected horizontally through yet more bars of light so that they all lay in illuminated cots suspended in the air, safe from WATER which was rolling in quite rapidly underneath ...

When I turned my attention to the area of the globe known as the Pacific “ring of fire”, I saw many meditators lying spread-eagled across small versions of the earth (one “earth” for each person), and light was passing through their bodies and out of their hands and feet to the edges of the Pacific rim. It was as if each person was floating on their stomach on top of the Pacific ocean, holding onto Japan with their left hand, reaching out to North America with their right hand, touching Australia with their left foot, and South America with their right foot.

Then a very large map of the Pacific opened up in front of me and I started building pillars of light all around the ring of fire, including the islands within, asking that this light may serve the people there, so that they may be in a better position to deal with any future danger, so that their powers of intuition and reaction response and warm-heartedness be increased. When the columns of light were all set up, the whole map went black and only the pillars of light remained, like a sort of beacon in the night. I understood this to mean that they would be there functioning as inspiration to assist whatever happens.

Offering thanks for being allowed to see this, Rosie

Rosie's Meditation reports 11-13

Meditation Report 11. 19th July 2011

Two angels appeared, one on each side of me, dressed in white, who moved my arms up and down in synchronised movements, shaking dust off the surface and also from the inside. Then they did the same with my feet and legs (I was sitting down at the time). Then they took my whole body and put it into a glass sphere filled with a substance which made me float so that I had no gravity. Then they spun my body around a central pivot, my navel, so that I was rotating in all directions. Again, dark specks of dust were thrown out of me and landed on the spherical glass, darkening it. After this cleansing process I was wrapped in white towels.

The circle of meditators appeared again. Some were despondent, sitting cross-legged and looking at the ground in front of them. Others stood upright with their hands stretched upwards, and a sort of lightening came out of their hands. Others sat calmly and meditated. Below the surface, another circle of meditators from the inner earth were standing with arms stretched, but their influence was not yet fully felt on the surface.

In the middle was a pond surrounded by a low wall. At the centre of the pond were a few flowers –

like pink water lilies or lotus blossoms – bunched together – floating on the surface. Suddenly, the water of the pond, which had been quite still except for small ripples caused by ducks and fish, started to spill over the low wall and the creatures moved away anticipating danger. The flowers in the middle started to rise, like a bunch of flowers with a single stem, and the stem grew and grew and became thicker and thicker, and the flowers at the top turned into enormous half-open blooms which rose high above the planet.

Simultaneously, the roots of the plant grew further and further down through the earth until they reached the earth's core, which they then started to enmesh in a sort of green net - a root system. Then the blooms opened fully and started to send out bolts of light into space. These landed on a whole circular network of planets which previously had not been visible, and similar bolts of lightening started to return to the huge blooms which now looked like a sort of giant antenna or radio transmitter.

This received energy did not travel down the central core of the plant, but outside of it, and down to the root system surrounding the earth's core, which then lit up. The "trunk" of the plant was actually one tube inside the other, the energy from the planets entering the space between the two, and the messages or energy transmitted by the plant itself travelling upwards through the central tube.

When the meditators saw this they all stood up and stretched their arms out, and now all of them sent energy through their hands to support the plant in its work, which was to strengthen the earth and simultaneously strengthen connection to the other planets.

I asked what "messages" the other planets were sending: the reply was: "We are sending support, information and compassion and we are on standby".

Meanwhile, all the meditators and the plant seemed to be raised on a podium, because they were surrounded by waves and very strong winds. The plant was shaking and bending quite a lot, but with the secure connection to the other planets (who were sending so many bolts of light that they appeared to be one continuous ray) and with the supportive energy of the meditators' hands, the plant was able to withstand this storm.

I asked if there was anything else I was allowed to see: suddenly everything went dark, the plant retreated, shrank, until it was again a bunch of lilies on a pond, and all the meditators were bending forward, their foreheads on the ground, in the "rolled leaf" yoga position. It was not that the waves were less threatening. The storm continued, and the ground was shaken by earthquakes, but the people were somehow protected and unaffected by these events. This, I understood, had something to do with a period of stasis, where everything stands still in time. I give thanks and may this vision assist our understanding. Rosie

Meditation Report 12. 20th July 2011

After connecting to Source, the earth appeared as a huge red apple. There was a sort of heightened feeling of expectation, as if the earth was bringing forth her harvest, in abundance, in gratitude, ready to move on.

A great crowd of people was gathered at the position of the North Pole, where they could see the handle of a huge golden key turning. The key extended throughout the earth's central axis, penetrating the core halfway. Those who saw the huge gold handle turning knew that something monumental was going to happen. It was almost as if the earth was being wound up like a clockwork. The crowd watching actually assisted the turning by raising their hands and sending

energy towards it. When fully wound up, the key stopped and was then removed from the earth by celestial hands from above.

The earth-apple suddenly turned a very bright green and started to vibrate very strongly. The people at the top were ready for this, anticipating a big change, having seen the turning handle. Others were less prepared and very worried. As the vibrating increased in magnitude, spaceships threw a sort of grid or net around the earth to support and stabilise it. Others threw flowers and ribbons and balloons - lots of party accoutrements - which hung in the net. When I asked what all this meant, the message was quite clear: "THIS IS THE TIME OF CELEBRATION, for transition from red to green, from bud to bloom".

Meditation Report 13. 23rd July 2011

Explanation: part of the preparation process before starting meditation includes inviting OBJECTIVITY so that I can more clearly see, uncoloured by personal bias or emotions. This involves visualising a crystal ball right in front of my third eye. It is usually transparent, except for a few flecks of black which I draw out of it until the crystal is clear. Then I mentally pull it into the space behind my third eye and it lodges there, assisting me with objectivity.

This time, the crystal ball did not appear. It had to be made. I saw a pair of hands (which I later understood to be my own hands) taking a lump of clay, playing around with it, rolling it out, crushing it together again, rolling it out again and then scoring it with markings, as if a giant comb had been pulled across it in all directions. It looked like a tile criss-crossed with groves, covered in paste, as if it were about to be stuck firmly on a wall. But then the hands crushed it all together again and it turned back into a ball.

The hands played with the ball, tossing it all over the place, placing it on the table and regarding it from all angles, but it was still brown and heavy and rough in texture, so that hands were not satisfied. So the hands fired the ball in a kiln and it came out shiny and hardened, but still brown. The hands hacked it to pieces, grinding each piece into dust, and added water to make a new paste.

The infinite patience and love and dedication shown by the hands during this long and wearying process simultaneously transformed the consistency and hue of the paste so that it became as clear as glass. It also became so elastic that the hands discovered they could produce ANYTHING AND EVERYTHING.

The hands used the new paste to form a perfect ball, then changing it into a tree, then a dolphin, then a dinosaur, then a stone, and finally a man. And this changing of forms took place at the single touch of the hands at an astonishing pace.

When I saw the figure of a man in front of me, transparent and life-sized, I somehow knew that I had CREATED MYSELF, and that I am responsible for CREATING MY OBJECTIVITY MYSELF, FREEING MYSELF OF AUTOMATIC HABITS AND THOUGHT FORMS AND RESIDUES OF OLD INFLUENTIAL EXPERIENCES IN ORDER TO CLEAR MY VISION.

Suddenly, the transparent figure shrank again into a perfectly round and clear crystal ball, which I drew into the third eye area in the usual way. I was left with the feeling that we can only achieve objectivity if we work hard at it – approaching it repeatedly from many different angles – by leaving familiar and reassuring scenarios behind to create radical new forms, only to then leave those behind too to create newer ones, observing the process all the time and becoming increasingly objective and balanced.

Rosie's Meditation reports 14 -16. This is all for today. I will add in groups if she continues to post these.

Meditation Report 14. 27th July 2011

A camel appeared, walking slowly through the desert. It had three humps. A woman sat between the first and second, and a man sat between the second and third. They seemed to be on a very long journey, tired, dirty, hungry and weary. The camel was in very bad shape and walked with great hesitation.

Suddenly, the camel jerked its head to the left, and there, on the horizon, was a shining white spot, an oasis. The camel did not really want to change direction, but in the end it did so. As they came nearer and nearer, it was clear that the buildings of the oasis were all bright and shining, made of transparent glass, including a dome at the centre.

A line of green ran across the desert in front of the oasis. When the camel saw this, it started running because it knew that green signifies plants and water. When the couple arrived, they were royally welcomed. It was definitely the end of their journey and they were definitely expected and cared for, and took part in a large meeting in the white dome.

When I asked what this means, I was told that this was the present, version of the vision, seen from a third dimensional perspective, and that I would now see the same vision from a higher fifth dimensional perspective. Here is second version.

Again, two people were travelling on a camel, but this time the whole unseen world was also visible. Esu (the soul who incarnated together with Christ Michael as Jesus) was leading the camel by an invisible rope. It was he who tugged the camel's head round to see the oasis in the distance. Although the camel (representing our mother earth) seemed to have difficulty walking she was in fact supported all the way by invisible helpers (all meditators, celestials and Agatha inner earth inhabitants). They pulled and pushed the camel towards its goal, until the camel started to run by itself.

This shows how many invisible hands are at work, and that we (riding on our mother earth/camel) are guided towards our inevitable goal. May this serve our understanding, Rosie

Meditation Report 15. 28th July 2011

A river appeared in my inner eye, and three very small yellow ducklings were struggling to swim. Usually, when they became disconcerted or lacking in strength, they would hop onto their mother's

back for a rest, but this time, the mother duck was nowhere to be seen. Suddenly, they felt something move just below them, in the water, and the ducklings were carried along and able to rest, no longer needing to swim. The surface they stood on was not warm and fluffy, like their mother, but it was supportive nevertheless, and so the ducklings travelled effortlessly down the river on the back of an unknown and unseen entity.

As they did so, people began to gather on the shores of the river, watching the ducklings miraculously standing on the water, or so it seemed. They cheered and waved but stayed on the sidelines, not daring to take the plunge and try this themselves, and the ducklings basked in their admiration and applause. In the beginning, the ducklings were amazed at this attention, but as they grew into ducks, they came to consider this as normal, expecting crowded banks and enthusiastic cries whenever they made a public appearance.

As the river expanded in width and the banks retreated, the ducks automatically quashed any feelings of unease, propped up by their convictions of self-importance. When they realised that they were approaching the open sea and rougher waves, they became afraid, but swim they could not because they had missed their chance to learn, preferring to stay on the ever-supportive back of the entity carrying them. As always, they relied on their unknown supporter, even more so as they could no longer communicate with their fans on the shore.

It was then, as the waves tossed and turned them, that they saw patches of skin revealed under their feet, and they realised that all this time, they had been in dire danger, riding on the back of a crocodile. And almost at the same moment, they realised that not only one crocodile was making for the open seas, but thousands of crocodiles emerging from the mouths of many rivers, each one carrying ducks on their backs.

The crocodiles all converged, drawn as if by magnetism, to a whirlpool of incomparable depth and strength. No-one could withstand this pull. The crocodiles and their passengers dived down into this hole which turned into a black watery tunnel, and at the end of the tunnel was an intense light. On reaching this, the crocodiles disintegrated. One duck – symbolic for all the ducks – was not disintegrated but enclosed inside an egg, which rolled out of the water onto a hot desert. The light inside the egg was dim but rosy, indicative of the bright light outside, promising joy, renewal and rebirth, providing that the duck inside could respond to the hope that its experience outside the egg would be beneficial and enriching, and if this urge was translated into action (pecking its way out).

This vision ended with a big question mark: would the duckling stay in the cosy comfort of dim pink light inside the shell – food and support provided – or would it cast that aside to step into a new dimension, more light and clarity, and limitless horizons. What choice will it make? And WHAT CHOICE WILL WE MAKE? DO WE NOTICE WHEN WE HAVE LEFT THE BANKS OF OUR SANITY? DO WE REALISE WHO IS SUPPORTING OUR PASSIVITY AND LACK OF INDEPENDENCE? DO WE RECOGNISE THE SECRET SUPPORTERS? OR ARE WE ONLOOKERS FROM THE BANKS, WONDERING WHEN WE WILL DARE TO TAKE THE PLUNGE, OR ARE WE APPLAUDING SPECTATORS OF UNSEEN HORRORS, DECEIVED BY APPEARANCES? WILL WE STAY IN OUR SHELLS OR BREAK OUT AND DISCOVER THE POTENTIAL OF LIMITLESS HORIZONS?

May this assist our understanding, love Rosie

Meditation Report 16, 29th July 2011

I suddenly saw a large house, very tall with many storeys, but still old-fashioned looking. It was full of wolves laughing, full of bravado, hanging out of the windows. Inside was a throne room and banquet hall, and other rooms where obscene scenes and rituals were taking place behind closed

doors.

In spite of all this there was a bauble of very strong light situated right on top of the roof, as if the divine Source was observing and monitoring all this from an upper standpoint. The light flashed on and off like the warning light of an ambulance, as if on red alert and waiting for the right moment to strike.

And strike it did, like lightening from heaven, and it pierced through the house, a continuous and concentrated beam of light from the sky, which pierced through the central core of the house of depravity and corruption. The beam started to turn, slowly at first, as the "dark" and heavy atmosphere in the house made it very difficult. As it got up speed it widened and threw out everything which came into its path, like a gyrating tornado. This felt like a very very difficult cleansing process, but one which was unstoppable once it got underway.

STunning teaching from AA Uriel thru Hazel today. ENJOY.

The Necessary Pilgrimage-AA Uriel

I bring today a new perspective to the concept of Pilgrimage. Its intonation and meaning for you on mortal grounds is a journey to foreign and far places well esteemed for historical holy events. Many travel long distances to places well documented as being the holding places where epic events manifested.

The question is, why does man feel the need to partake in pilgrimages? Reasons may vary from seeking inspiration to discovering one's self, the need to experience 'holy' energy, participating in re-enactments or just being present where renowned figures walked, worked or lived. The enjoyment or enrichment which man may receive from such pilgrimages is by no means undervalued. Some pilgrimages may have indelible impact on those who participate. The truth however is, comparatively speaking, physical pilgrimages yields little in respect of mortal transformation. It becomes a story for one to tell later on rather than an experience that has profound and enduring results.

I am here to enlighten you to another view. Your mortal sojourn does indeed have a spiritual bias. It is intended that during your mortal incarnation you will discover your true self- being the God of you, your authentic identity and cultivate a relationship with the God incarnate. A spiritual evolution will begin which will enable you to be placed on your spiritual path using the physical body as a vehicle to attain higher consciousness. The whole purpose of your life on earth is to rediscover your link to God and to seek inner guidance as to how He fits into your purpose on earth. Many times you have heard that the earth provides a learning ground where you can establish yourself as a God-being and seek and earn God mastery.

You may certainly seek inspiration from past events and even benefit from the recollection or the witnessing; but observation of what has transpired in times past will seldom provide the food for learning necessary for you to discover your identify and live your purpose. That can only be accomplished through the taking of an 'inner pilgrimage'. You as children of God bear holy terrain within you. It is this terrain that you must necessarily traverse as you take that pilgrimage from the physical dimension of your being to the spiritual essence –your soul's source.

This inner pilgrimage offers a wealth of opportunities as you journey to rediscover your source or what we shall call your highest self. You will have to transcend familiar terrain of the physical and breach barriers to higher understanding before you are able to begin the exploration of the celestial part of you. This dear children is a wondrous pilgrimage to take. It can last as long as you desire it to. As you journey inwards the path can become difficult at times in that there may be impediments along the way that will slow your journey or discourage further progression. Yet it is the most rewarding journey you shall ever take. This travel will cost you nothing, except time, energy, desire and love.

What you will become re acquainted with is in fact knowledge well known to spirit which re-awakes within you as your journey continues. You will meet along the way many who are willing to guide you deeper and deeper into your true consciousness; that you may eventually find your dwelling place in a domain which offers you complete balance, love and light. Never will you be a lonely pilgrim for when you initiate the inner pilgrimage you enter into a flow of energy that if sustained with eventually fulfil you. You will come to know the great life force you hold within and this will usher feelings of completeness.

Where does the pilgrimage lead you to eventually? Simply, the Kingdom of God which dwells within each of God's children; a non physical arena where bliss, inner harmony, purity and unclouded love exist; where indescribable peace reigns and where you will glow in the knowledge and comfort of your immortality.

I trust that you are able to understand now how necessary the inner pilgrimage is; for you cannot discover your self or align with all that is holy unless you find and know yourself. You can only accomplish this through the taking of that inner journey- the one true and decisive pilgrimage that each child of God will have to take before he/she reunites with the Source.

Uriel is here in the reflection of God's light. He brings the helmet of peace and tells the children of God that the way to paradise requires the taking of an intense inner pilgrimage.

Blessed be thee who can understand and know the truth of these words.
Uriel.

Nebadonia is MOTHER SPIRIT of Nebadon.

Let the Christ Within be Risen-Nebadonia

Each spirit is endowed with the character of God. It abides in its inherent energy being the Christ energy. It markets itself through the human body. It offers its wares through the human mind. It is a dormant energy until ignited by man's desire to know himself and discover his roots.

The pattern of your life bears the blueprint of the Father's presence; for all His creation is mirrored in Him. He respire through your very body and sits in the energetic centres of your physical form. He is the host of your spirit and the seat of your soul. He kindles the light of Himself with the hope that you will seize the opportunity to ignite the flame of God within and carry His torch on your journey through transitory territory to learn and 'become'. He remains always your inner mentor and guide. He desires to be alive truly in the midst of your evolution that through every moment of your unfolding He can hold your hands and keep you steadfast and sure on your path towards Godhood. He is the living example that you are required to follow; yet His lead is never without, only within.

The Christ is registered within your form and it is your desire to know Him and be like Him that awakens greater dimensions of Him within you. The delights of the Christ within await you that you may partake of His sovereign flavours and begin to accept Him as yourself. His energy, being the energy of spirit subordinates the flesh and unless you are attuned physically through your energetic centres you will experience Him through the mind. God is all Mind and it is at this level

that you must endeavour to connect with Him before His essence is translated into governance of your emotional and mental perspectives.

He enjoins with your mind offering you His thoughts that you may think with Him and that your thoughts and His become one, without differentiation. Do you not see dearly beloved children that you must reunite with your God mind, being the very Mind of God which finds a repository within you and you must become one with that Mind. It is then that you will truly comprehend what it means to be one with God. Creation started at the level of Mind and as a co-creator you must return to that Mind to experience God. I trust this makes sense to you.

When you can think as the Christ does and these thoughts reflect themselves in your outward conduct and creations only then can you truly measure the extent of your appreciation of Oneness. Nurturing the presence of the inner Christ is imperative for ascension. You cannot do this without Him. You are not independent of God. The Christ you knew on the cross rose to reunite with His Father in Oneness after He completed his bestowal. The Christ within you must also rise if you intend to continue your journey through flesh into the purity of your very being to become One with God.

Christ is Light and light must always be your choice. The tendency to look at events on the outer plane as if darkness prevails there alone must be discarded. Perceptions of darkness initiates from within. Go within first and foremost and through alignment with the inner Christ cleanse the dark structures which create inner disharmony and impedes inner peace. How can you feel the living Christ working within you if you entertain dark thoughts, feelings and agendas? The journey into the deepest life of your soul may be a gradual one, but you are required to act with honesty in assessing where you are spiritually. Your spirit will never lie. Words are meaningless and intent must find its conduit through positive actions, reflections and creations.

This is a call to all- that the Christ within each of you must be risen that you can dwell in absolute truth. The Christ is the candle in your heart and will burn eternally if you allow Him to. He will indeed be your vision for He is your light. He will be your knowing for He is your mind. Yet He desires you to be the heart of God in this your lonely world; that if each desire, choose and work towards being the heart of God, the tune of unconditional love shall become the foundation for the rhythm of life. Call for the Christ within to enfold you in His consciousness and dwell in the stillness of his core to be refreshed, enthused and enlightened. Then give Him permission to be the life within you and allow him to live through you and surely then the Christ within shall arise.

O immaculate children of God why do I use this word for thee? Simply that is who you are. You have sullied the image of yourself through your own perceptions and in so doing you live in accordance with what you perceive; not the knowledge of God that you are One with Him and perfect as He is. If only you can fathom and hold this knowledge as your own, you will move mountains to accord with the truth. Be ye like unto Him for He is the cloth from which you were made.

Blessings
Nebadonia

Message 67: VOLUNTARY PRISONS AND INFINITE SPACE

Seraphin through Rosie, 8th August 2011

*

R: Dearest Seraphin: I feel you wish to make some comments on proximity and space in the present context of our planet's history. Regarding proximity, compassion is a way to approach a person, trying to feel what they are feeling, trying to enter their shoes. During my meditations, this has gone one step further, BEING a person or a country which is suffering, feeling and investigating the pain and working on that. Another method I have used has been describing and painting the transformation of "global villagers" who represent the global population. Perhaps these villagers are me, or were me in past life-times. What effect does this sort of work have? What are the boundaries?

*

S: Boundaries, Dearest, are a product of minds which – out of fear or ignorance or complacency – have put themselves in a VOLUNTARY PRISON. The shape and size and conditions of the prison are ENTIRELY OF YOUR OWN CHOOSING AND CAN BE CHANGED OR EXTENDED OR ERRADICATED WHENEVER YOU DETERMINE TO DO SO.

*

We are sometimes amazed to see you little ones "caught" in prison-like situations, running hither and thither, worrying about all outcomes and effects and possibilities, when all it takes is a clear head and ONE CLEAR CONCRETE DECISION TO CHANGE DIRECTION. And when you have done that, you look back in retrospect and wonder WHY YOU DID NOT DO THAT EARLIER, FOR THAT WHICH SEEMED TO BE AN INSURMOUNTABLE MOUNTAIN NOW SEEMS TO BE A VERY SMALL HILL INDEED.

*

Looking up in awe at such mountains, at the sheer rock face, fully visualising the difficulty of the climb, the footholds which could so easily crumble, and the heights from which you could so easily fall, blinds you to the fact that there may well be an easy gentle path to the top, just round the corner, if only you will look.

*

Moving into a different SPACE, a different perspective, talking to a different person, creatively selecting a different route, all these may help you to MOVE instead of being stuck, of being rooted to the spot, preferring to stagnate rather than take the decision to go on. And at this time, the majority of the population on this planet are in FULL MENTAL STAGNATION, thus finding themselves imprisoned by those with EXTREME MENTAL AGILITY, those who are also extremely well-versed in methods of instilling fear to their advantage.

*

The unpleasant boundaries you anticipate – including the most feared of all called DEATH – DO NOT EXIST OTHER THAN IN YOUR MINDS. STRIVE FOR ABSOLUTE CLARITY IN THIS: IF EVERYONE TOOK BUT ONE STEP FORWARD TO FREEING THEMSELVES OF THE

SHACKLES IMPOSED UPON THEM (AND WILLINGLY ACCEPTED), THE PLANET WOULD BE BETTER ABLE TO BREAK OUT OF HER PRESENT DESECRATION, FOR YOU ARE LINKED.

*

Because the planet has suffered for so long, without breaking out, it is now her turn to move through the door, which is always open.

*

You ask: What are the boundaries? You are all an inextricable part of the earth: you share the same breath and heartbeat. Similarly you are all part of everyone else, in all space and time. Your inability to address problems of all natures translates into problems on other planes. It diffuses into other dimensions, filtering down into the past and polluting the future. NOTHING REMAINS UNAFFECTED. YOU ARE CONSTANTLY CARRYING YOUR EXPERIENCE INTO OTHER SPACES, DEMONSTRATING AND PROMULGATING YOUR MODE OF BEHAVIOUR, WHAT EVER YOU MAY CHOOSE THAT BEHAVIOUR MAY BE.

*

And we say: BE CONSTANTLY AWARE THAT YOU HAVE THAT CHOICE, THAT YOUR EVERY THOUGHT WILL HOVER – LIKE A BUTTERFLY, A BAT OR A MOSQUITO – UNTIL IT FINDS ITS MANY MULTI-DIMENSIONAL LANDING PLACES. The only question remaining, then, is whether your thoughts bear the intention to beautify like the butterfly, to instil fear like a vampire bat, or sting like a mosquito. Do you bear the intention to destroy and humiliate, or to support and enhance? Are your thoughts sent with a kiss or a curse? In accordance with your intention, they will inevitably colour your world for better or worse.

*

In this sense, SPACE DOES NOT EXIST, and all there is for anyone and anything is the verb TO BE, for all are one and there are no spaces in between. And we say EXPERIMENT with this. BE another person, country or planet and sense which part of your new body now requires healing, requires loving attention, requires a second look, requires closure, and know that the changes you initiate will affect another plane. BE a new and different version of you, trying on the clothes or skin or planetary crust of another. Extend your awareness and heal a part of yourself by healing a part of another.

*

Do you see where this is heading? You are the drop of water in a polluted ocean. You are a genetically manipulated seed planted in a field doused with artificial fertiliser. You are a small tender plant strangled by rampant weeds. You are a million stars in a far-flung galaxy. If you can take on these roles, you will ask WHY and search for solutions. If you are in polluted water, you will seek METHODS OF PURIFICATION, if you are a genetically manipulated seed, you will seek METHODS TO REVERSE ADVERSE PROGRAMING, if you are planted in contaminated soil, you will seek METHODS TO REGNERATE NATURALLY, and if strangled by weeds you will seek METHODS OF CLEARING THE MENTAL JUNGLE. And if you are a million stars, you will be encouraged to LIVE YOUR INFINITE POTENTIAL AND SPREAD ETHEREAL LIGHT.

*

We want to tell you that there is so much more than the little worlds in which you proudly wander, worlds which you have constructed so carefully for yourselves, worlds in which you have severely limited yourselves for fear of failing. But these small rooms in which you stride so confidently are nothing compared with the boundless expanses of the universe. Of these you are largely ignorant. EXPAND YOURSELVES, little ones, and harbour the knowledge that you are much much more than what you presently perceive. Then you will gradually be able to realise that there is NO SPACE between you and the furthestmost star, no pain which is not your pain, no joy which is not your joy, and no DIVINITY which is not yourself.

Here is another piece from Peter Deunov. His website is so not allowed here that if pieces are posted from it now, the post never posts. At one time, the links "changed" now this material does not post with the link. So go to google if you wish to research his work.

The New Humanity

Today I am going to talk to you about The New Humanity. I shall go into this matter from a new point of view. The new in the world is the rising sun, and the old, the setting sun. This is a law of Nature. It is not only I that assert this law, every mother and every father asserts it too. When a maiden and a youth marry, the first child that is born unto them is the rising sun, the hope of their future. If we are of the opinion that the new brings forth mischief, that it disorganizes the community and the whole of humanity, this is a distorted view of those great principles that govern living Nature. But if we cherish faith in the new life, what are those children for who bring only misfortune to their parents? How many days and nights the mother has gone with no rest because of this new child, who still speaks not, this new idea!

The newborn idea is yet undefined but the mother has the ability to catch, to listen and to understand the language of this new being, this little child. So also in a community, in a nation, there are persons with sensitive souls, in whom consciousness is developed, the heart raised to a higher rate, and they grasp this new idea, this child, this new idea which they bring forth. And their contemporaries who do not understand the bearers of this new idea, say: "These men are anarchists, communists, heretics, sectarians!"

But these are names with no sense at all. If we reason thus, I ask them: What is the difference between a communist who lives according to his own understanding, and another who lives according to his old understanding, and still a third who lives according to his new understanding?

The difference is that the one who lives according to his new ideas feels within himself an uplift, energy, life, - growth! and the other, who lives according the old ideas feels himself old, exhausted, his strength failing: he is afraid of the future, he thinks of old age and therefore wants to become rich and starts insuring himself through banks and insurance policy. And I say: those are old people who think of insurance. The best security is Death, the graveyard.

But graveyards bring no new ideas to humanity, they create only misery and misfortune in the world. There in the graveyard are buried kings and priests, musicians and poets - all for their sins. If you ask me why people die, I reply: people die because of their old ideas.

Then how, can humanity be resurrected? I say: be young, become bearers of the new Divine Teaching, the emblem of which is Brotherhood. Brotherhood; but what kind of brotherhood? The one who names himself your brother must be ready to sacrifice his life, his wealth and his worldly honor - everything - for you.

When a great nation comprehends the idea of this kind of Brotherhood, it must be ready to sacrifice all for this idea. Where there is no sacrifice, there is no brotherhood, no equality. When someone preaches the great idea that there is a God but sacrifices not his life, his wealth and his worldly honor for Him, he has not grasped the great teaching of Life. This is Brotherhood and Equality; this is what Christ preached.

Let us go back, let us apply Christ's teaching, because in it is hidden the salvation of the world. What did Christ teach, what did He preach? He taught the great idea about the New Humanity!

What are the characteristics of the man of the New Humanity? The Jewish prophets, being far-sighted, two thousand years ago said that God will create new hearts, made of flesh, and in them His Spirit will be established and all, small and big, will come to know Him. Thereafter nobody will ask whether there is or there is not a God. Every man will lie under his own fig tree with no fear. Peace and love will reign among men; the weapons of war will be turned into tools and ploughs, and the peoples will not make war anymore.

Christ has established two principles; the New and the Old. In correlation we have the story of the wise man who has understood the meaning of Life, and built his house on rock. Winds and floods came but, they could not destroy that house. By "rock" here is understood the sound principles of living Nature. And the unwise man, who has not understood the meaning of Life, built his house on sand and the winds and floods carried it off. Storms and floods are those persons who live without any principles. They provoke all mischief in society, They carry off the house built on sandy foundations.

Therefore, these two cultures, the Old and the New, are founded on two principles. The contemporary old humanity still serves its egoism and that is why there can be no brotherhood. The New Humanity serves altruism. Egoism is predestined to become the servant of humanity.

Therefore, the new ideas include not only the welfare of the individual or of the society, but the welfare of all sentient beings. Under "sentient" beings I mean all beings, because there is no being which is not sentient. If you are deaf and someone talks to you, you do not hear him, and you wonder where lies the mistake. The mistake is not with the one who speaks but with him whose ear is deaf and cannot hear what is being spoken. A blind man cannot comprehend the world. The world is not dark, but the senses of this man are undeveloped.

The present society needs to develop new senses. Now this society evolves according to a great law. Nature today is not what it was a million years ago. Every 100 millions of years a great change comes inside Nature. If I ask you how many millions of years our solar system has existed, you will tell me that some of the contemporary men of science say 100 millions of years; others,

200 millions; still others, 500 millions, and so on. Occult science says that from the creation of our solar system to the present age have passed 250 milliards of years. These statements can neither be proved nor disproved. They are only assertions. They can be proved only under certain conditions, accepting some axioms and maxims; but generally, in order for a truth to be understood, some data is necessary. Proved truths are very rare in the world. For instance, suppose you desire to prove an idea very dear to you: whether a man has a soul or not.

Half of the contemporary intelligent people deny this idea and the other half accept it, but neither can prove it or disprove it. When we ask someone if there is a soul and what is its form, he usually replies: "There is a soul but its form I know not." We can prove only things that have form, content, and meaning; and things that have no form, no content, no meaning, we neither prove nor disprove.

I speak of an idea that is near to your souls, what I speak of is inherited by you. You have some ideals, some aspirations, yearnings, but they are being expressed in various ways. And every one of you has his own special aspiration.

The youth, for instance, is looking out for his beloved. The old man will say: "This is foolishness. Once upon a time I also busied myself with such things but now I need not any beloved." But this is not so for the young man. Night after night he sleeps not, gets up early, walks here and there, looking out for his girl with the dark brilliant eyes. His mother and father wonder what is happening to their son. The son says: "The new idea is what will bring forth in me new life - that is what I am looking for." Who is right? I say: the youth.

Once upon a time a fox passed by a tall apple tree and on its highest branch she saw hanging a piece of good cheese. She looked at it, passed on, and said, "that is no good." Why? Because it was high up and she could not reach it. But if it had been down, within her reach, she would have said that a better cheese than this one she had never eaten.

There are hints about the New Humanity in the New Testament and specially in Revelation. The Evangelist John, two thousand years ago, saw the woman pregnant with this great idea, the New Humanity, and fixed the number of the chosen ones, the bearers of this idea at 144 000 persons. If you add these numbers $1+4+4 = 9$, the number 9 signifies an evolution of men who have all the positive, noble qualities.

Some would say that these 144 000 persons are in heaven. No, they are now here, on earth; they are incarnated among the intelligent people. Some of them are writers; others, poets or men of science; and all of them push humanity forward on the path toward the new idea, toward the Divine. (Candace: the difference between man and animal, is man has ideas. I have had 3 cats receive father fragments. they had ideas.)

These are the enemies of darkness, of the fetters that enchain humanity. And the world-wise unrest, this great change that is coming, is due to them. They will turn this world upside down. Don't take this for a bad omen. In Bulgaria, when a person drinks water and chokes, the Bulgarians, turn him with his head downward so that he may vomit the wrongly swallowed water. Even so people today have swallowed much unclean water, and they must be turned head

downward in order that this water might flow out. After everything unclean flows out, they will once more be turned with their head upward and the new life will begin.

Some of you may say: "We do not care for this New Humanity, seeing the present sufferings." We must understand that suffering is necessary for the development of man. We have only now, in this age, started to suffer because we have become more sensitive. It is true that contemporary people suffer more, but suffering is noble and it will transform society. Doesn't every pregnant mother pass through some suffering, some painful experience? She suffers until the baby in her womb is formed, but when it is born she is released from suffering.

At present a new age is coming on earth and about this the present occultism says that a new wave will come forth from the sun. If I use new words you will not understand them and my speech would become obscure. This wave which comes forth now touches the human brain and some people under its influence become eccentric. Eccentric is the man who either talks not, or if he talks much, his speech is incoherent. These are extremes which exist among people, but the correct development has its norms.

Some say that speech must always be logical. I am of the opinion that there are three types of logic in the world. The first is purely materialistic logic; the second, logic of sensible persons; and the third, Divine Logic. No untruth is allowed in the Divine Logic and therefore in order that man may operate with the last two logics he must have a noble and lofty soul; that is, he must be ready to sacrifice himself for his brothers and live not merely for his own good.

And therefore, the basic idea of the new teaching is brotherhood. Brotherhood must be applied in homes. The mother and father must understand this fundamental law of brotherhood in order that they may create new conditions for bringing up children.

Some youth is violent, makes mischief. How is he being dealt with according to the old type of education? He is punished and imprisoned. In the prison he loses his health and later the State must take care of him. This youth could become an excellent citizen. It is only that he has an outburst of energy which must be wisely channeled into work. You say about him: "Yes, but he is a sinner, a criminal." Society has created conditions which he cannot cope with.

And instead of studying the Living God, the Living Nature and dealing accordingly, we oppose one another, thinking that there are many laws in the world. No, Living Nature has only one law which applies both to rich and to poor. The poor say: "This rich man has everything he desires to eat and to drink, lives richly, and I have nothing." But you do not know that this man's suffering is only put off for forty or fifty years. Doesn't Nature take equally the fat of the poor and of the rich? What does Nature wish to say by taking the fat of people? Nature tells them: "You have not yet learned the law of Brotherhood."

If you read the first chapter of Genesis you will see that God says to Adam and Eve: "You will eat of all fruits except one and the day you eat of this one fruit, you will die. "The forbidden fruit is egoism." A person who wants people to work for him, who lives on their backs, a person who takes the bread out of the mouths of widows and orphans, a person who wishes to fight many nations - he eats from the forbidden fruit. Therefore, we all must be followers of the Great Teaching. Has Christ ever taught to wage war, to fight each other, or to pray that God will help one of the fighting

sides? A thousand or two thousand years ago this had some meaning, but now it has outlived its time. Where is that orthodoxy which is being paraded as true Christianity? I speak to those who term themselves true Christians; they must act according to their beliefs and laws. Someone says: "I am not a Christian." What are then the laws and beliefs according which you live? "I am a free thinker." Then act according to your free thought. We must give the right of free thought to every person because there is something good, something noble in each soul. Give opportunity to every man and he will raise himself up. If he lives under unfavorable conditions - he falls down.

I have given this example before and I shall give it now again. An Italian painter wanted to paint the image of Christ and walked around the town looking attentively at all faces, hoping to find the suitable one. And he found a youth of about twenty and painted Christ after his image. The work was good. Ten years later the same painter decided to paint Judas and started looking for a suitable face. He found a young man in prison and asked him to pose for the picture. The young man said: "Sir, it is strange, ten years ago I posed to you for the image of Christ, now you want me to pose for Judas!" Inside these ten years the sinful life he had lead has so much changed the face of the youth that he looked like Judas.

If a young woman walks in the sinful paths of life and comes to a brothel, Won't this kind of life stamp her face? Such a dissolute woman told me one day that while she had money her husband lived with her, and after he used up all her money, he left her to her fate and she turned to evil paths. She said: "I want to go to church but they do not accept me there." This woman has the craving for a pure life and when her conditions change she will raise up herself.

And of those free women who wish to serve their sensuality, people say: "Such women are needed in the world." I say: No, we must take out of the brothels these our sisters and put them on the right path and show them how to live. The bearers of the new idea, of altruistic feeling, of the idea of the Divine Teaching, are coming now, and they are the ones who will intercede for all fallen and unjustly treated.

These people are not just anybody, they have signs on their faces, in their eyes, on their hands, You will recognize them. Here are their signs: if the bearer of the New Teaching is a doctor when he comes to your home he will bring all the medicine you need and will take from you no money but will say: "I serve for nothing." If he is a priest, when you ask him to baptize your child or read a burial service he will not accept any money but will only say: "I serve the New Teaching." If he is a trader, he will trade honestly; if he is a teacher, he will teach for nothing. You will object: "If we all work for nothing the world will be bankrupted." Yes, the present world will be changed but new beliefs will spring forth. Some will ask: "How is it possible to work for nothing, how shall we live without money?"

I ask, how many thousands are being paid to the mother and the father to rear and feed and educate four or five children? Is there a law which decrees that the mother and the father get up five or six times a night and watch over their little children? There is no such law and no such enforcement, and in spite of this, such work goes on more smoothly and naturally than other work subjected to laws issued by the State. (Candace: study this carefully, because in going to money man has separated himself completely from nature. Nature coins no money and gifts all of its works to the world freely.)

Therefore, the mother and father show us the first law which we have to obey. I say: If you live as

parents and children live in a home or as brothers and sisters, you are on the right path. From the point of view of the New Humanity no great catastrophe awaits us. It is true, a great collision is forthcoming in the world, but it is for those buildings which have no solid foundations, for all those rotten trees which have no healthy roots. A great idea is forthcoming which will overthrow them; this is a law, a ventilation which will clean up everything rotten and only the healthy will remain in the world.

When suffering comes your way don't ask the reason. I say: The sun is the reason for all misfortune and for all happiness on earth; it gives birth to all floods, all epidemics and all diseases in the world; it calls forth all earthquakes, it is the reason for everything that is being done in the whole of Nature. And the sun says: "If you are wise, you will wisely use my energy and I shall shower on you all blessings; if you are not wise, I shall inflict on you the greatest suffering." The sun can change its energy but it will always shine and the earth will always rotate.

I tell you this: In the high mechanics of the occult science there is a statement that in the movement of a wheel, once in every 100 million rotations there is an exception. Our earth is also such a wheel. And when it rotates around the sun 100 million times an exception will come to pass in its movement too, which exception will be expressed either along a descending line, disastrously, or along an ascending line, beneficially. Such exceptions have happened before and such an exception is forthcoming. Our earth has made so many rotations and is very near to the exception. I shall not fix the date when this exception is to take place. You will not believe me now but when this day comes, then you will believe.

We can also apply this occult law to the sun. When it makes 100 million rotations, an exception occurs. The contemporary men of science say that the sun needs many millions of years for one revolution. Do you know what will become of the world when the sun shall make such an exception? If this exception falls into the descending line, the whole solar system will be extinguished, our sun will be darkened and all life will cease. If the exception falls into an ascending line, the sun's energy will be increased tenfold and then people on earth must watch out! (Candace: the exception at this time IS those energies from the Core of the Milky Way that this sun and this world turned into in October 2006. We are seeing the effects.)

Therefore, at hand is an approximate coincidence: the sun and the earth both have made their 100 million rotations and their two exceptions are forthcoming. This is a statement which I can prove mathematically with facts and data but not here at this moment. Time is needed to prove to you the formulae and the facts which the occult science uses. I do not intend to instill fear but I say that there are exceptions and every man must be ready at his post to meet them. Christ says: "Blessed is that servant who is awake and watching so that when his Lord comes he will not find him asleep." If you think that in eating and drinking, life will flow on peacefully and quietly, you are being deceived. (Candace: the coming of the LORD is the WAVE.)

Some men of science insist that man has not lived on earth for more than eight thousand years but here occult science is also at variance. It declares that man has lived much longer than this.

That man has lived for more than eight thousand years is being proved by the bones and skulls left over from those times, and he has really lived much longer still - but the proof will not be accepted by the public. Even if such facts be made public, the connection between them is so delicate that it can be said that there is almost no connection. In one of my lectures I once said

that the thumb defines the development of man's will. Some say that this is illogical. But truly, the thumb is the result of man's will. (yes indeed it is!) In times of old when they wanted to punish some thickheaded man, to make him stop his offenses, they cut off his two thumbs. Then I ask: Why is the thumb of some persons longer than that of others? - Why do some have better formed thumbs than others? All this has some meaning, it points to the development of the will and reason in man.

If you look a man's thumb you will see how the development of this soul goes on. If the development is correct, the thumb is correct too, and there is no crookedness; if there is crookedness, there is deformation in his character. If your nose, your eyes and mouth are crooked this has significance. The doctor says: "Here is an abnormality, en apoplexy." I say: "Here is a disharmony between the organs of the body, between the connections of the forces, between the thoughts and feelings which act in the man." If I develop this new science only theoretically and do not include practice, it makes no sense. Every reality must have a form. I speak of realities which are fixed quantities, the way the mathematicians deal with formulae; the chemists, with molecules and atoms; the physicists, with forces; as with something fixed and defined, not abstract.

We say that man has a soul. Is soul a fixed unit; where does it live? In the brain, in the heart, in the lungs or in the stomach, where can it be found? The contemporary science can say nothing about the soul.

Now let me go back to my trend of thought. The New Humanity must begin with Man's anatomy. When you begin to build a house, first of all you set up the woodwork of the building, then you prepare the scaffolding of the building, and then you start to build. The scaffolding - is anatomy. Some say: "We need no anatomy!" No, you cannot go without it. There is no child, no mother or father who does not learn anatomy. When you sew a garment, you start again with anatomy. The patterns are anatomical signs and according to these you cut the garment. Therefore, people do study life anatomically: they always cut. What is incision?

In the New Humanity you will study not only anatomy but physiology also. How do you study physiology when you are building your house? You put windows and chimneys so that more air flows through. What is the subject of physiology? The functions of the various organs, the function of the heart, the circulation of the blood. To obtain more favorable conditions in our life, physiology is needed in every home. You that now build your house: do you have big windows? I recommend to you: make bigger windows and doors on your houses, open larger chimneys. I like big chimneys and I am against these stoves which are being used now. You say: "My grandfather and my grandmother once upon a time were very healthy persons." Yes, but your grandfather has big chimneys in his house, ventilation was good; and you slide backward, you live in carbon dioxide and of course you will not be healthy. Good ventilation is necessary.

What do the Bulgarians? They clog up their windows with paper so that no draft comes in, they are afraid of catching cold. It is better to catch cold than to breathe carbon dioxide. The men of the New Humanity are already living; they will increase in order to carry over the world their new ideas. You, all of you, might, become members of this New Humanity. Who does not like brotherhood and equality? Is there a father who does not wish his son to become educated, and not to remain ignorant?

The New Humanity requires of every man to be honest, to subdue his egoism, to be just, wise and

good. And not only on the surface, but to have these qualities absolutely; to be so honest that he will never sacrifice somebody else's interest for his own good, but always his interest for fellow's good. You might say, if we apply this, we shall be overtaken by suffering and misfortunes. I ask, is there happiness through the application of the present-day ideas? Were not thirty millions killed in the war, are not the prisons full?

And this very day people die because they serve the old culture, which teaches that man must be wolf to man. But Christ says: "You are brethren."

Do I create this Teaching? I say: If you are not willing to obey Christ's Teaching, obey Moses's, if you are not, willing to obey Moses's, then obey the laws of your country, anyway, act as an honest and just man, do not break your word. And obey either Moses or Christ. You mix up the laws. Some ask me: "Do you always say the truth?" Yes, I have thought over every word I say. If I speak honestly, justly I speak for my good; I do not wish to pollute my honor; I wish neither to disgrace my brothers, nor the name of God, but I hope when I meet you some day you will know that I have always been honest and just in my soul and mind, and that you also walk in this path. Only in this way, through this teaching, can the mothers and fathers become better; any other teaching brings suffering, suffering, suffering.

This brotherhood is being practiced There are fixed forms and laws in the occult science. The laws of the White Brotherhood, of these 144000 bright souls, have not been changed a particle during these 100 millions of years. That is why I say that the laws of Nature are wise and unchangeable. Every thought can give a result thousands of years later. If you plant a bad thought it can cause your death. If I explain your life with its everyday incidents, I can consider it from the standpoint of the Hindus, from the point of view of the occultists, and also from a Christian point of view. And in all these points of view the truth will remain one and the same. For instance, you meet a man and he kills you. In this case, we, the contemporary Christians, say: "God has willed it so." I say: God never said, neither wrote, that I kill somebody, I did this and God only allowed it. The Hindu law explains it thus: you have killed him in former life and therefore when he meets you now, he kills you, who had killed him.

You can accept either one or the other explanation. You may say: "This is a heretical teaching, can a man be reborn?" He can and he cannot. As much as the one is right, so is the other. The belief in this is of no importance. The soul has the strength to create all its forms. It can come and live on earth as many times as it wills. If the soul wills to come to earth, God will sanctify its wish. That soul which wishes to be reborn, is reborn.

Therefore, in this respect, both Hindu and Christians are right. By "Soul" I mean that conscious divine soul which can return here as many times as it wishes. There is also another law in the world, which explains things in another way, so that they become plain and a common moral is originated.

For instance, somebody commits a crime, he steals something from someone and says: "In the darkness nobody saw that I stole." Yes, but after the theft he looks around, he is afraid. Why? Conscience bothers him, it will torment him. What is conscience? These 144 000 persons, members of the White Brotherhood, say: "Sir, we saw the crime you committed and according our law which never changes, we sentence you and you will suffer the consequences of your deed. "

Then this gentleman in order to relieve his conscience, goes into seclusion, fasts ten or twenty days and after that he goes to a priest to have something read over his head in order to be calmed. The priest must act according to the new teaching, and say: "Brother, you must confess before God. Wanting to redeem your crime with a ten or twenty days fast, is not right in the eyes of God."

And so, Christ must permeate the world. This is what the Brotherhood preached. And those shining Brothers are coming down now. They shall use these two exceptions, the exception of the sun and of the earth, and a new miracle will be realized as written in the Scripture: that there will be a new heaven and a new earth, and a New Humanity. I say: We must put an end to the old humanity, and in the future we shall live under the laws of the New Humanity. This is what the Brotherhood demands.

I do not preach some dead god. If you ask me: "Where is God? ", I shall answer: He is not in the heaven which you see. Some say: "Prove to us where God is." God needs no proving. The ant with its lower consciousness has no sense with which to know that man exists. When you take up an ant between your two fingers or when it climbs upon your head, it says to itself: "On what a high hill I managed to climb." It looks over life from this height and when it goes back to his fellows says unto them: "Today I climbed a very high mountain." Thus God takes us between His two fingers and we ask: "Is there a God?" Yes, He is these two fingers and tells us: "On my head you cannot climb." If you see not the living God in your brothers, you do not understand this teaching. If I do not see God in you, my teaching is a lie. If I do not love you and am not ready to sacrifice myself for you, I preach a false teaching. And you must sacrifice yourselves.

There must be brotherhood in this world. You must accept this teaching. It is being preached by all good people, by all mothers and fathers, by all brothers and sisters. This world needs self-sacrifice. Enough of lies! Some one asks: "How much will I be paid if I serve?" No need of payment. I speak for those that consider themselves Christians, I do not speak for the others. That is why Christ says: "Who are not Christians let them go out, so that it be known who are for and who are against."

I shall give you an example. In old times, in the so-called Golden Age, there were two kingdoms: the kingdom of the Espertites and the kingdom of the Menezites. The king of the Espertites had a son and according to the custom of the time called the wise men to ascertain his future. One of those great wise men made his calculations and said to the king: "About the age of twenty your son will pass through a crisis. For this reason you must send him to be a shepherd in another kingdom so that there he may learn the great laws of Living Nature. The father believed in the indications of the wise man and said to his son: "My son, henceforth you must earn your living with your own hands," and sent him off to be a shepherd in the kingdom of the Menezites. There the youth lived for ten years and he studied the laws of Nature.

During the eleventh year of his sojourn in this kingdom the daughter of the king of the Menezites came to this place riding a white horse. She was accompanied by her servants, but tempted by the beauty of nature strode away alone, and a cobra came out from among the stones and bit her hand. The shepherd, the prince, seeing this, and knowing the laws of Nature, ran to her, put his mouth to her hand and sucked out the poison, but her servants, watching from afar thought that he was offending the king's daughter, and bent their bows and sent a poisonous shaft into his left hand. When the king's daughter saw this she came quickly to him, tore the sleeve of his shirt, put her mouth to his arm and sucked out the poison. I ask, who was saved by whom? The young man

saved the maiden from the snake's poison, but the maiden saved him from the poison of the shaft. The young man said to the maiden: "You suffered from the snake's poison and I from the human poison."

Now, women suffer from the poison of the snake. Do you know what is the snake? It is their extreme egoism. Woman and man must save each other from this poison. Woman must suck out the poison of man's egoism and man must suck out the poison of woman's distorted heart. Only in this way women and men can join hands, can come to know that they live together and can begin to understand each other.

And I believe that a great warmth is coming which will melt away the ice. Vapors will rise up from the mountains and clear, pure brooks will flow down. Then luxuriant growths will come forth, the seeds planted thousands of years ago will sprout, will bloom, and will give fruit, and the nations of the entire white race will join hands with each other. This new culture for which man scarcely dares to hope shall come into the world. And all shall be citizens of the new culture, of this New Humanity.

I would like that all of you may be guests at the dinner table of this New Humanity. You are all invited, but please, do not refuse, as two thousand years ago, when Christ invited many people to a feast, they refused under so many pretexts: some had to plough their fields, others had just bought five pairs of oxen and had to try them, still others were going to be married. What they were all really saying was: "We denounce your new culture! "

Christ comes again and again and asks the white race to take up this new teaching. Now we shall take as divine all the good people who have for five centuries pastured herds and shall use them for the erecting of this great Divine Building, this Temple of the New Humanity; for Life is not built of but one stone. And when we build our Temple of the New Humanity then at last Wisdom and Love shall come to the earth. There will be music and poetry; there will be beauty. And only then shall there be justice for all, and order shall reign. Only then shall there be understanding among all peoples. Only then can we give one another a sacred kiss through which we feel the joy that angels feel.

Lecture held by Peter Deunov (Beinsa Douno) on August 19, 1920, in Tirnovo

Candace: I can only presume the term "white race" means all those who wish to grow in the new humanity, the divine.

Redundancy-The current experience
Hazel's higher self.

Redundancy signifies the risk of loss. It is symbolic of 'needlessness' as some things or ones are no longer required. The value of the things or persons is outweighed by circumstances inimical to growth, development or 'evolution'.

Earthlings are quite reverent in ascribing fixed meanings to words and harbour a tendency to associate redundancy with employment. This term assumes a new meaning during these times on your earth. I am going to revisit the concept with you as it pertains to the arena of your current experience in terms of your civilization's way of life.

The goal of this topic is to direct your minds to the understanding that what man has created in his outer world to support his lifestyle is diminishing in value. There is now taking place at an essential level transference of power as many are awakening to claim that which is necessary to continue their journey onwards. Many are abandoning goals and forfeiting excessive material needs to focus on that which will get them 'Home'.

For many who have awakened to what the journey on earth is really about, they recognise that the time of great change is here and there is now going to be a 'quickening' which will transform your world in ways which are too profound for you to conceive. The 'things' beloveds, are becoming redundant. They have already taken up too much attention in the psyche of man and is the cause of much imbalance in your world today.

The vehicle which will be responsible for change is 'the collapse' - indeed the collapse of every unsustainable structure which currently are at breaking point. So weak and diseased are their foundations. A consequence of this will be the inability of the majority if not all to have access to 'luxuries'. Man will be taken back to basics. He will realise the importance of essentials and acknowledge that in times of turmoil and uncertainty the meaninglessness of excess. He will learn the value of his very breath and the simple joy of living. He will learn to give and share if he expects to also be given. His most precious lessons will be learnt in an environment of his own choosing for he is going to reap what he created and from the ashes of destruction will he find his way back.

Yes beloveds redundancy' is the new staple. The biggest challenge will be for man to dissociate and disconnect from the 'things' and focus on 'needs'. There will really be little choice. As he suffers through his withdrawals he shall be cleansed and purged.

Redundancy will also at this time apply heavily to people. This is not a statement made in a dispassionate way. The simple meaning as it relates to your earth is that she no longer has need or use for dark influences. You see dear ones planet Urantia as the earth is called by your celestial friends has received her freedom papers. She is no longer a prison planet and therefore the dark ones who have been unable to find their light through rehabilitation must now find their home elsewhere. They have been made redundant and this they are already aware of. They are already in transition. 'POOF' and they shall be gone. The earth is light bound and all that is drawn to darkness must find habitation elsewhere.

Now to you ones serious about your spiritual evolution, we exhort you to scan your lives and determine that which is not needed. Divest yourselves of those qualities, values or habits that have become redundant. Do not hold on to that which has no value to you and which will not serve your spiritual development. Keep only that which will increase your 'God value'. By this it is meant, that which will help you to attain the level of consciousness that will take you to the next level in the journey towards Godhood. The light of your spirit must now shine in the flawless reflection of God. Let the grimness of humanistic ways be exchanged for the brilliance of spirit's offerings. Choose the path of great rewards and relinquish the bestial qualities of ego which keeps you grounded in mortal foolhardiness. Much of the ego's creation will also be redundant and unnecessary as you make your way to higher dimension.

Message 68, FINDING THE END
Seraphin through Rosie, 20th August 2011
*

R: Dearest Seraphin: I woke up this morning with the words FINDING THE END circling around in

my head. This was the only instruction our wonderful dancing teacher gave to our group before we launched into a ten-minute improvised performance, although the quality of the finding process was not to be forgotten. There was no choreography. I sense that you wish to comment on this. In addition to these words in my head, I can physically hear a door banging in a draught and a river flowing in the distance ...

*

S: Yes, Dearest: the emphasis here is on the searching process, not on the END itself, for an end is a millisecond which itself ends, thus beginning a new performance, beginning a new experience, or in your case on this planet at the present time, beginning A NEW ERA.

*

A door may close (and you may experience massive and very sudden closure in the sense of dissolution of habitual mental, physical and spiritual landscapes), but with the next forceful gust of wind, or with the next gentle turning of the doorknob by a timid hand, you can be sure that it will REOPEN and that MOVEMENT is possible. The hinges may creak, but there is always a river flowing WHERE STAGNATION WILL BE RELEGATED TO THE PAST.

*

The stagnation in your society (which greatly lacks the improvisation tools advocated by your dancing teacher) has reached such turgidity that only major waves of discontent, major releases of pressure or major outbursts of anger from the oppressed (or those who have willingly subjected themselves to oppression) will have any visible effect. They merely scratch the surface.

*

The ripples caused by your nuclear fallout, however, by your lack of responsibility and awareness, by your low spiritual vibrations, by your corruption and war-mongering, have penetrated beyond the boundaries of earth and negatively affected your neighbours. Therefore, MAJOR INTERVENTION is required from the other as yet unseen members of your galaxy. Once this has been initiated, nothing will be able to stop it from spreading.

*

THE DOORS OF YOUR MINDS WILL FLY OPEN: you will realise at once that you have neglected your QUALITY OF MOVEMENT by focussing exclusively on the END, that you have created a noisy, complex, manipulative, selfish, cruel and soulless existence devoted to the search for power, money and influence. For many centuries and longer, you have been FINDING THE END in this way, but you have not found an end to the chaos, so this has to be found for you.

*

Though our words are harsh we love you for your journey, for your darkness which has propelled you towards the light, and we recognise your great potential for creative and positive behaviour once you may TRULY SEE YOUR VERY OWN PERSONAL CONTRIBUTION TO THE LACK OF HARMONIOUS COORDINATION ON THIS PLANET, AND COME INTO THE KNOWLEDGE AND JOY OF YOUR VERY OWN PERSONAL CONTRIBUTION TO ITS FUTURE MAJOR TRANSFORMATION.

We love you, Seraphin.

This is a great site for spiritual material and to those liking to get green brownie points for postings over 50%, don't even do this because THIS SITE OF GOD MATERIAL places exactly NO Copy right restrictions (but link back should always be given) and there will never be a law suit against GLP for the whole thing being here. These pieces are from various HOSTS OF HEAVEN here for the 2nd coming process. Soltec is a geophysicist engaged in watching the earth changes. He is also a great spiritual teacher. He is real, I know him personally.

Beloveds, this is a wondrous site to provide to those seeking, there is nothing "religious" about it, down to earth stuff written in easy to understand language from the Masters. These are suitable for anyone, no matter their spiritual belief system. In fact if they take to this, they might discover truth and give up the word "belief", and change it out for I KNOW.

Look Within And Tap The Awesome Power Of ONE

12/29/00 - Ceres Anthonious "Toniose" Soltec

Good afternoon, my scribe. It is I, Ceres Anthonious "Toniose" Soltec, come in the Radiant One Light of Creator Source. Be at peace and be still.

Much is happening all over your world in terms of geological activity. Many of you have noted the recent flair-up in volcanic activity along the eastern edge of the Pacific "Ring of Fire", as well as what seems to be a flurry of sizable earthquake activity that seems to intensify and then quiet down to almost nothing.

Your planet is continuing to cleanse Herself of the negativity that has been allowed to fester and grow as a result of the neglect and destruction caused by the ones who should be the caretakers of the planet. Man has ravaged and plundered this life-giving orb to an ever-increasing level and, for the most part, does NOT realize what the longterm effects of those actions will be.

You cannot, for example, continue to pump crude oil from the ground, at an ever-increasing rate, and expect your planetary orb to sit and do nothing. This would be like you sitting and allowing thousands of mosquitoes to continually feast upon you, and suck fluids from your body, while you sit by and do nothing.

Just as your body automatically fights off infection as a natural course of instinctual survival, so too does your planetary orb have such capabilities of cleansing and renewing.

Many an advocate for your world has spoken up on behalf of your planet. These are ones who are environmental scientists, geologists, and such who, through careful study and rigorous

calculations, have seen what the long term effects will be if you continue to ravage the planet's natural resources. These ones often try to come up with alternative fuels—such as burning the garbage that currently just gets buried in the ground in most areas, or using more solar and wind technologies—and that is fine, as far as it goes.

There ARE magnificent alternative energy sources available to your world. These technologies are continually and rigorously suppressed by your world governments and energy brokers—under instructions from the so-called “elite” controllers of your planet.

The underlying reason for suppression is their perceived need to maintain control over you-the-people. However, greed and lust for material wealth runs a close second. These few are the ones who control OPEC and such. These few care very little about the overall well-being of your planet, and for the most part they simply view Her as a large lifeless rock.

This is so far from the actual truth of the matter that one is left to ponder the sad state of ignorance your world functions within.

Though from your perspective massive earthquakes may be terrifying, from a viewpoint of Mother Earth they often come as a source of great relief. Can you muster within yourself some compassion for your life-giving orb?

Will you be understanding if Her waters, with their healing properties, are shifted to cover the land you now dwell upon so that she might continue longer?

Or, would you rather she experience a slow, painful death, wherein the end result would be a totally uninhabitable planet for human life?

Again: The blood within your body is a “natural resource” of energy for the mosquito. How much would you allow to be sucked out before you decide to do something like swat, scratch, or shake? What about the aftermath of infection commonly present after such attacks (those irritating little red bumps)?

It has ever been our thrust to point out to you ones that ALL IS CONNECTED TO ALL, and that you and ALL of Creation—which includes all planets, stars, galaxies, and universes, and all life within them, including the life at atomic levels and beyond—exist within the creative thinking of God (Creator Source), and therefore are an aspect of God deserving of the utmost respect (Love).

All aspects of Creation serve a purpose, regardless of whether or not you can recognize the unity in the diversity. In your naïve ignorance, as a species, about your understanding of Creator Source, you fail in a basic sequence of reasoning.

For instance, though you may not understand the reasons for oil to be in the ground in the first place, that does NOT mean the oil serves no function or purpose in the overall well-being of your planet.

Just because you cannot see or understand the reasons for electrons to continually spin around the nucleus of an atom, and you do not understand what is the source for this “perpetual energy” motion—let alone what the TRUE source of energy is that keeps your planet spinning in orbit around your Sun—does NOT mean that it is un-knowable or beyond your influence.

If you alter the structure of an atom enough, it will become unstable and release GREAT amounts of energy into physical space. From where does this energy come?

Likewise, if you alter the state of your planetary orb enough, it will become unstable to a point of self destruction. The oil in the ground of your planet serves several purposes, the main purpose being for orbital stability. Something like in an electrolytic capacitor, the oil acts as an insulating medium, which helps maintain the proper electrostatic functioning which is critical for Her to maintain Her proper rotational speed, and thus ultimately remain in a stable orbit.

Dear ones, there are many sources of energy available to you that would NOT require you to ravage your planet. These energy sources are INFINITE in nature.

There is FREE energy available to you ones, but there are some who live in great fear that their illusion of power and control would crumble overnight if they were to embrace this technology or allow the “common” person to be in possession of same. If knowledge is power, then keeping the masses ignorant keeps the masses weak. This is the premise from which these so-called “elite” controllers operate, and they exercise great effort to squash those who try to educate society with TRUE knowledge—rather than pseudo-science and intellectualism.

These so-called “elite” controllers are small-minded individuals who see no other purpose in life than to impart their self-proclaimed “higher” understanding upon the masses for the so-called “good” of humanity—asthey see that good. And this is accomplished through mechanisms of coercion (mind control) and denial under the assumption that you “children” can’t conduct your own lives without their “expert” supervision.

And yet these ones, quite few in actual numbers, cannot be held totally responsible for the destiny of your world. Why is that? Because YOU have a choice. YOU have a voice. YOU can take action and speak out. And there are a lot more of YOU than them.

Each one of you, the so-called “common” person, has the ability to make a difference in the overall games being played on your planet. Do you sit around and do nothing? Have you educated yourselves about the works of ones such as Nikola Tesla? What have you done to make your neighborhood a better place in which to live? What about your city, state (province), or country?

We bear witness that the masses of your world are, for the most part, held frozen with fear, and hold the belief that they are small and only “one” and cannot be held accountable for the “stupidity of mankind”. Dear ones, for you to sit by and do nothing only speaks of your own ignorance of who YOU really are and the TRUE POWER of ONE!

Most of you who read these messages are greatly compassionate people. You need not feel guilty for past years of inaction or various states of ignorance.

The first step is always to educate yourselves and arm yourselves with KNOWLEDGE. As you gain in knowledge and understanding, you will find it increasingly more difficult to sit by and do nothing. This is called RESPONSIBILITY. From that point of knowing, understanding, and sense of responsibility, you will be Guided from within to recognize in what area you would be best suited to effect a change.

This may very well appear to be a small, localized effort at first, as you begin to apply your knowledge and test your understanding. Perhaps you are inspired to build a better device for recycling plastics. Perhaps you start in your own kitchen or workshop, and that contribution then spreads to the local community, and then beyond.

With each person to whom you show a better way, you will be multiplying your efforts over and over again.

This is how ONE person causes a change on a massive scale. It begins with a desire that is born out of balanced reasoning and determination to find a better way.

If your ideas do not bear fruit, then the most common reason is lack of complete understanding. This means you need more knowledge. Which means more searching and studying.

What are YOUR areas of expertise? What do you enjoy doing?

If you are an artist, can you not communicate through your artwork a message that will inspire others to look differently upon Mother Earth so that they might recognize a Greater Truth?

If you are an engineer, can you not strive to increase the efficiency of your devices so as to set a new standard by which all future similar devices must strive to attain?

If you are a housewife who raises children, can you not seek out creative uses for recycling common household garbage?

If you are retired and feeling at the end of your life, can you not speak to younger ones and inspire them to do more with their life? Or perhaps you could write letters to editors of small local newspapers and intelligently state your concerns for the well-being of the planet you will be leaving to your grandchildren?

Again I state: For the most part, the general population of your world is in a state of paralysis, thinking that they cannot DO anything about the current state of the world.

Next time you read a story, or watch on your television a story, of an individual who goes out and makes a difference, and as a result gathers national media attention for doing so, I would like for you to remember these words and think to yourself: "THERE IS THE POWER OF ONE!"

Know that you are created with infinite ability to create and to express the power of God. You ARE a co-creator, with infinite energy available to you. YOU can make a difference in this world when your determination to do so has been aroused.

Go forth and be heard!

Never be fearful to speak your truth and understanding to another. If your truth is challenged, then be well armed with knowledge and understanding—so that you can even explain your truth to a child, if need be, with the confidence that the child will understand you.

There is truly no greater gift you can offer to your world than a good, strong EXAMPLE for people to observe.

Walk the walk, but do so in balance and reason, and remember to keep the highest ideal of Creator Source in mind as you do so. Have compassion for the ones who ridicule you for being different. These ones will often be the closest to waking up, and thus are caused to feel embarrassment as you will inevitably be showing them how productive they COULD be—if they got up off the couch and turned off the television long enough to really see what is going on in the world.

Be persistent and hold your desire firmly in mind and allow the "doors" you knock on to open up for you. Seek and you shall find that which your heart longs to bring forth and express to the world.

I am Ceres Anthonious "Toniose" Soltec, come as a member of the Host of God and the Lighted

Brotherhood. May you forever be striving to make your world a better place than when you arrived, and may all your endeavors be uplifting experiences that leave happiness and joy in the hearts of all you touch.

God bless you all.

In Light and Love, Salu.

Walk in the rhythm of God; Walk with the rhythm of God

Walk in the rhythm of God; Walk with the rhythm of God- Higherself

The law of one is the primary context of all existence. It is the singular that underlies the rhythm of God's creation. Co centricity is the concentrated point from which this rhythm is poised. It is the process of creation which will assist your understanding of God and enable you to appreciate his rhythms. What is rhythm but a sequence of tones which captures the essence of the stillness from which the soul's light emanate.

God's rhythm is sourced from HIS thinking and derived of combined virtues of sacred intent. The motivation of HIS thoughts is that which creates the effect of HIS ideas. HIS ideas are conceived in the crater of the universal mind posited in a state of perfect balance. His rhythms become the sequence of balanced thought which exist in the harmony of HIS nature, being Love and Joy. God's rhythm belies balance. That which is in balance is in perfect accord. When you can walk in the rhythm of God , even though you walk on the 'tight rope' of life with the vagaries and vicissitudes of the tidal wind threatening to tip you over the edge, you shall remain firmly ensconced in the comfort of HIS steadfast hold. Even if you are to be swayed by currents of defeat and hopelessness at times, you will know how to reacquire HIS rhythm once you have walked in HIM.

When you walk in the rhythm of God you are steadied by unfailing, abiding love. You will lose the rhythm however when you allow yourself to become embroiled in the temper of anarchy created by yourself or others. When this occurs duality becomes the order and love no longer remains in the sacred vessel of ONENESS but becomes antagonised in the battlefield of LOVE AND HATE. Your rhythm becomes disturbed and you fall out of tune with God's rhythm.

The kiln of your mind should be the repository of God's Love that you may draw from its strands to weave balanced thoughts and co creative ideas in harmony with the Divine will. When you walk in

the rhythm of God you shall find perfect synchronicity with HIS eternal will. Your choices will find accord and decisions find approval with the Universal Mind. You will be purposely led unfalteringly along a refined path of service where the divine in you shall prosper. Knowing, Truth, Wisdom will be your tune, victory and reward if you can stay the course in God's rhythm. Your very Christ walked in your rhythm during HIS auspicious incarnation on earth. In so doing HE came to understand more fully HIS creation. HE left a legacy of HIS Father's rhythm for mankind to understand and choose. Now the time is here for you to walk in HIS rhythm that you may better understand the HIM in you, the truth of you, the origin of you, the eternalness of you and the reality of you. You must of necessity accustom yourself to HIS vibration- bliss and love equals balance and peace. You cannot interfere with the matchless rhythm of God but you can choose to align yours with HIS and adopt HIS as your own. God's rhythm is the rhythm of life; it is ripe with opportunities that allow the ascending sons to return to Paradise.

Little ones who hold ambitions in service to the ONE, know that when you WALK WITH THE RYTHYM of God, your Godliness shall eminently shine through and your field of light magnified. You shall come to know HIS plans for you and bespeak all things with HIS wisdom. You shall gladly take up HIS torch and will know without a doubt when the hour of change is upon you.

Compassion- A Heavenly Compass and pathway to Passion.- Higherself
Compassion is an expression of love. It is the heavenly compass that directs man to a deeper understanding of authentic love. It is an accolade to love when expressed with pure intent, without righteous indignation. It draws from the flow of love to empathise and remind of the equality in the nature of God's creation.

Compassion is the breath of God upon HIS universe of time and space. It is the filter through which HIS love descends. It is a natural virtue of love.

It breeds patience and tolerance and effects a higher understanding of diverse personalities and experiences. Compassion should not be attended with pity but with knowledge. For when you can know that each experience in life is purposeful you shall honour them be it yours or those of others and offer understanding and support. Offering compassion does not afford you the right to interfere with the experience of others; but to assist them in seeing the experience with a higher vision; to extract from the experience the lesson and to encourage and assist in the transmutation of fault, suffering and disadvantage to freedom, joy, knowledge and truth. To show true compassion requires you to truly understand your brother and you can only do so if you seek to know him.

Compassion must be an elevated energy which raises your vibration and the vibration of the person and situation to and for which it is offered. It must not depress the vibration through morose expressions and apologies for plights. Plights and experiences are often created by the very ones to whom you offer compassion as a device for learning. When you love with compassion you become an example to others and reinforce within yourself that which you teach through your nature.

The love of God within man can diffuse tensions and anger into the motivation of compassion and this will birth offerings of kindness, empathy, forgiveness and mercy. It must be offered without discrimination. Even those you perceive in darkness deserve your compassion. Is not your brother a part of you? Is not his darkness a reflection of a part of you not yet in light? I remind you of the ONESS of all. Will you shun yourself in anger and hatred? Surely the dark part of you must be weaned into light. With knowledge, truth, love, compassion, understanding, patience and desire this will become possible.

Let compassion begin with self. Any aspect of you which is not in harmony with God is imperfect, is flawed, is a disease unto itself and must be shown compassion. Let love for self be the guiding force which allows you to recognise the manifested result of the disharmony, usually some form of emotional, mental, psychological or physical suffering. Gently seek counsel from the ONE as to how you can transform that aspect into divine accord. Let passion for harmony and balance catalyse your efforts to effect change.

Many have shown their compassion for the suffering of others and the perceived injustices meted out to others through draconian action such as hunger strikes and wars. The passion in compassion does not require self sacrifice or combative action. When passion is directed without balance more disharmony and mayhem will result. It requires a balanced response fired by love and perseverance to effect change through education of truth to the masses; that the pool of consciousness that comprise your civilisation begin to effect changes at the level of thought which will then impinge on the resulting creation of man

Let compassion be your nature in living and serving and let it be the tool that you use to initiate change in self and circumstances. The wings of compassion must always be kept in flight through the tail wind of prayer for through prayer your compassion will be properly directed and perfectly executed.

Message 71: RISE LIKE THE GRASS
Seraphin through Rosie, 9th September 2011

*

R: Dearest Seraphin: I have been observing the extraordinary resilience of grass, watching how it starts to bend upright again after I have trodden on it. It does this almost immediately, in jerky twitching movements ...

*

S: Yes, Dearest. Like all natural movements, the grass immediately searches out the quickest possibility to rebalance, to return to the status quo. This is an element of all natural processes – redressing imbalance.

*

In nature, this occurs straight away, without tortured contemplation of why or wherefore or wouldn't it be better if I didn't. It occurs without apathy or boredom or remorse, without prolonged discussion or debate. Redressing the imbalance in your world, which is a reflection of the imbalance in your minds and hearts, is hindered by distractions, deliberations, fear and malicious intent.

*

To run and embrace a person who is crying, or to help a person or family or planet in distress, is a natural normal instinct which has been distorted because so much happens "inbetween" the first impulse and the implementation of that impulse.

*

These are either negative mental processes of the kind I have mentioned, hindering warmth of heart, but hindrances are also caused by THE ELEMENT OF DANGER. Running to nurture the needs of a planet where so much dangerous potential festers, in the form of nuclear and similar weapons against the body and mind, poses a very serious threat to potential helpers on a physical level, by conscious or unconscious negligence, and by intent to harm.

*

It is unwise to blindly embrace a tarantula, especially a blind tarantula who is impervious to

“natural” loving inclinations and who is capable of interpreting these to be the exact opposite. They trample on, crushing everything and everyone in their wake.

*

AND YET, THE GRASS RISES AGAIN. This is what you call a GRASS ROOTS MOVEMENT: A DEEP, WIDESPREAD, OMNIPRESENT UNDERGROUND CURRENT CAPABLE OF OFFERING RESISTANCE. And we say BE THIS RESISTANCE, not in the sense of entering into conflict but in your life choices, increasing your awareness, by holding onto principles, by approaching even these with a critical eye, assessing whether they can hold their own in the LIGHT OF ABSOLUTE PURITY AND HONESTY.

*

If you lie down on the grass, and then get up and sit next to it (as you yourself have done), you can survey the whole patch and see that the resurrection of the grass does not happen all at once. Your eye, as it watches the scene, is drawn here and there by the sudden movement of a single blade. This is a symbol of the SUDDEN REAWAKENING ON THE GRASSY FACE OF THE EARTH. This starts with a few individuals, spreading until all are UPRIGHT AND IN FULL SIGHT.

*

Know that you are part of this process – with every step – ESPECIALLY WITH EVERY EXTRAORDINARY STEP which you may decide to take. THE MORE YOU RAISE YOUR GRASSY HEAD, THE MORE YOU WILL BE COMFORTED BY THE VIEW OF OTHERS IN ALIGNMENT WITH YOUR STATURE, WHO HAVE REACHED THE SAME HEIGHT. THIS IS WHY WE ENCOURAGE YOU TO RAISE YOUR HEAD, YOUR EXPECTATIONS, YOUR AWARENESS, YOUR VIBRATIONS, YOUR POSITIVE INTENT, AS HIGH AS POSSIBLE TO SYNERGISE WITH OTHERS WHO ARE GROWING AT A SIMILAR RATE.

*

THUS YOU WILL ALL, OVER TIME, REACH THE LEVEL OF CONTINUOUS AND CONSTANT LOVING VIGILIENCE, AS AN EXAMPLE FOR ALL, FOR THE BENEFIT OF ALL.

*

YOU ARE THE PRECURSORS OF AN UPRIGHT SOCIETY RESPONDING IMMEDIATELY AND IN SOLIDARITY TO ALL OUTWARD STIMULI WITH THE AIM OF FACILITATING LIFE ON A PEACEFUL AND PROSPEROUS PLANET.

Message 70: BUTTERFLIES AND STORMS BEYOND THE TEA-CUP
Seraphin through Rosie, 29 August 2011

*

R: Dearest Seraphin, I woke up yesterday hearing these words in my head “ it is not just a storm in a tea-cup”. My next thought was that the flapping of a butterfly’s wings in Brazil can cause a storm in Singapore (the “butterfly” effect) – the inspiration for my most recent painting THE IMPACT OF WINGS. I feel that you would like to comment on this?

*

S: Yes, Dearest, here we are talking about the combined MAJOR IMPACT of all things which are IMMENSELY SMALL. I use these conflicting adjectives on purpose for dramatic effect. The “storm in a tea-cup” phrase uses the same strategy. Storms can be – and are being – of intense, uncompromising and unexpected strength. You can see them occurring in your world at the moment. But still it is your tendency as a collective to view such phenomena as contained and separate from yourselves inside a harmless and distant tea-cup.

*

What storms are brewing inside YOU, what winds are whipping up at terrible uncontrollable and unpredictable speeds, what waves threaten to lash out on areas or people who are unprepared for such an onslaught? And what is the nature of the vessel which contains these storms? They are bottled up, but there is only so much pressure which frail walls can take. One more blast of wind and myriad personal, social, political or geological “tea-cups” will shatter with great violence.

*

So we say INVESTIGATE THE SOURCES OF THE VIOLENCE IN YOURSELVES, in every word, in every breath. Determine whether they are heaped up residue from tea-cups already long shattered but not cleared out of your emotional cupboard. And determine on a personal level whether the violence of extreme feelings (or the violence of explosive events in your world) are really justified in relation to the immediate external causes, or whether this is a consequence of long-term suppression.

*

Recognise also that the external physical manifestations on your earth – especially the “mistakes”, the “tragedies”, “famines” and “natural calamities” are more often than not the result of the naïve hand of man through thoughtless decisions, lack of action, unnecessary risk-taking or deliberate ill intent.

*

We have said this before that there is always an IMPACT of whatever YOU CHOOSE to do or say. You cannot overturn a stone without an impact. You cannot hold your tongue about some small seemingly insignificant issue without having an impact. And you cannot avoid having an impact by AVOIDING THOUGHT, AVOIDING ACTION, AVOIDING RESPONSIBILITY.

*

The time has come when the FULL CONSEQUENCES of your collective thoughts and actions during the last centuries are COMING TO A HEAD AND WILL BE SEEN IN ALL THEIR DEVASTATING BUT VERY INSTRUCTIVE CLARITY. For instructed you shall be by these revelations, the knowledge that the structures and thought forms you have invented HAVE NO SOLIDITY, WERE BUILT ON SAND, WERE PART OF A GRAND ILLUSION.

*

With this will come assessment of the QUALITY OF YOUR FLIGHT. You will realise that the impact of your wings is A POWERFUL AND PERMANENT ENGRAVING IN THE STORY OF YOUR LIFE. With intimate awareness of the influence exerted by your wings, combined with the awful knowledge of the consequences of feeble, uninformed and directionless flapping without positive Godly intent, YOU WILL SOAR INTO NEW DIMENSIONS AND BECOME THE DIVINE BUTTERFLIES YOU WERE MEANT TO BE.

Message 72: THE SEAMLESS CIRCLE

Seraphin through Rosie, 24 September 2011

*

R: Dearest Seraphin: in meditation I saw a vision of our earth as a young girl who woke up from a long sleep and started to play with a hoop, twirling it around and going through it, twisting it so that it spun on a pivot, and throwing it like a boomerang ...

*

S: Yes, Dearest: the circle has always been the symbol of continuity. Even in times where the degree of UNAWAKENING and DROWSINESS is extreme, the cycle must be concluded, and the cycle will continue anew. You do not need to set a date for this, Beloveds. You do not need to anticipate or forewarn in the sense that this is happening NOW AND ALWAYS, the only question remaining: IS YOUR EYE UPON IT, ARE YOU PLAYING INVENTIVELY, OR ARE YOU ASLEEP?

*

For each moment moves seamlessly into the next, each step is part of the walk, and each thought is part of a transformation. While there are heavenly time sequences in place, which require attention, these are beyond your capacity to understand, and so you need no special dates or numbers or end-of-the-world deadlines.

*

Whatever wall you come up against, it is but a short interlude (like the neighbour disturbing you at this exact moment) before the CYCLE CONTINUES, seemingly seamlessly. We would therefore ask you to disregard projected time schedules in favour of concentrating on the everlasting and continuous circle of growth, for what will come to pass will come to pass whether anticipated or not.

*

We pray you to be vigilant, for extended periods of SLEEP and NON-MOVEMENT exert particular pressure on your particular cycle. These will interrupt and disrupt and DELAY YOUR SOUL

MOVEMENT TOWARDS DIVINE SERVICE AND HAPPINESS. SLEEP can be used for refreshment and invigoration, yes, but should not be the result of self-indulgence, complacency and indifference.

*

Your small cycle is part of a much larger one – AGAIN – BEYOND THE SCOPE OF YOUR PRESENT PERCEPTIONS – but this is your challenge: TO FIND YOUR OWN UNIQUE PLACE, USING YOUR OWN UNIQUE QUALITIES AND GIFTS, AS ONE OF MANY COG-WHEELS FUELLING A DIVINE CIRCULAR MOTION, BRINGING TRANSFORMATION AND COMPLETION, AGAIN AND AGAIN AND AGAIN.

*

BE THESE WHEELS, and be happy in the satisfaction of knowing that you can turn the wheel of transformation rapidly if it is perfectly oiled, perfectly tuned and perfectly guided by the Godly spirit within. We look forward to the great and glorious changes and the new beginnings which you initiate into eternity. AND SO YOU END WHERE YOU BEGAN: THE DIVINITY WHICH SPARKS OF ETERNAL MOTION.

These are reports written by Rosie on my forum, from her participation in the daily meditations these ones hold there. You are asked if desired to join in this, by meditating at 7 am and 7 pm your times, and a bit of noon now too. simply do as your higher self advises in assisting Mother Earth.

Meditation Report 17, 21st July

I saw a very large glass dome with a large circle of meditators or priests and priestesses, dressed in white. They were conducting some sort of gently clapping ritual, touching the palms of their neighbour's hand with their own hand. In front of every meditator lay a large leaf, with a red cherry placed on top of it. These were all blessed. Then the earth appeared as a large apple in the middle of the circle and all the leaves swirled round it until they formed a spiral on the floor. The earth was at the centre of the spiral. The cherries - which I felt to be assisting entities - deities or ships or positive forces - then surrounded the earth in a sort of grid, equally spaced around the apple, and continuing underneath the apple AS IF THE FLOOR DID NOT EXIST (I wrote that intuitively in

capitals and then asked it there was a message). Message: "That which seems to be hard and indestructible and solid beneath your feet is actually a door which can open into new dimensions and perspectives".

Meditation Report 18, 10th July 2011

A large circle of seated meditators appeared. At the centre a HUGE BURST OF FIRE was blasting forth continuously. It was surrounded by a wall - not very high - and guarded by the dark forces in a close circle around it. Inbetween the large circle of meditators and the dark forces was a lot of land, like a map, where people were going about their daily business.

Sometimes a spark from the fire would land in a street, for example, and then there would be temporary emergency calls and a fire brigade would be called to put it out. Others, who got too near the wall, were either burnt by sparks falling or turned away by the dark forces.

The people on this "map" could actually have seen the blast of fire if they had looked up at the sky in the right direction for long enough, but most were too busy and preoccupied with their own affairs. The meditators were on higher ground and larger, so they could see the fire clearly if they wanted. Some did not see it as they had their eyes closed or were talking to their neighbours. Another walked round trying to draw their attention to the fire. Some of them were bowing down and worshipping the fire with their foreheads on the ground. Another ran towards the fire and sacrificed himself. Another (and I think this was me) took a writing pad and pencil and started to record all these things that were happening, describing the scene.

The fire continued until the whole sky was red. In the end, no one could deny that there was something very different, something very wrong, some monumental change at work. Some panicked, some stayed inside. Some threw themselves on the ground and asked forgiveness. Others crowded into churches and felt helpless. Everyone sensed that these were the end times and everyone dealt with that in different ways.

Meditation Report 19, 1st July 2011

During meditation I saw a big net sieving out lots of dark rocks from a crystal, and then a large comb going through the dark rocks, separating them into various piles. In the end, only a pile of black dust - very very small particles - were left - but actually when I looked at them they were not black at all but sparkling light particles.

Then all the larger rocks were hammered down so much that they too turned into this light dust, the texture of powder. These particles of pure light were then rolled into balls and unravelled round the earth in a network of light.

I felt that this meant that the last vestiges of the "dark" were being filtered out and being transformed in some final process.

A large group of meditators was sitting in a very large circle in meditation, with a fire at the centre. A bird arose from the fire and sang "Good news" in all directions.

(Comment: this bit about the bird rising phoenix-like is interesting because just before the meditation I looked out of the window into the next door garden and saw a blackbird disappear into a hedge. The hole in the hedge is between two objects - a huge discarded frying pan and a fire

extinguisher. As birds often give me messages I paid attention to this, and I was reminded of the phrase "out of the frying pan into the fire").

Meditation Report 20. 3rd June 2011

A large number of meditators are standing or sitting in a large circle in a forest clearing. A golden thread comes out of the crown chakra of each person and unites in the middle of the circle so that the threads form a sort of golden dome. The merged threads then ascend as one to join Source.

Similarly, the golden threads descend through the chakras of each person, dividing to pass through the legs, and reunite under the earth to form one large golden thread descending to the core of our earth and then reascending. (At this point I asked for this circuit of light to be activated and to continue automatically)

The central core above ground additionally turned into a huge fountain which fell well beyond the circle of meditators and landed on very parched ground. Then everyone stood up, hugged each other and splashed water at each other, and the deserts were transformed into verdant green meadows with many plants growing at an amazing rate.

Meditation Report 21, 30th July 2011

Scene 1

The city of Las Vegas lay below, covered in very thick layers of black cloud. The top layer was swarming with thousands of giant wasps patrolling the cloud cover to see if there were any holes developing and to seal them up again if necessary. Not even the tiniest ray of sunlight was allowed to penetrate.

Celestial forces in the form of light beams started to piece the clouds forming a hole which continued through all the cloud layers until it reached the ground. The meditators assisting the celestial forces pulled back the edges of cloud like rolling back huge grey carpets. In this way the hole grew bigger and bigger, allowing a stream of pink air to rise up through the hole from the city below. This was an escape route for all the innocent and abused people imprisoned in the sex / gambling / trafficking industries. All these people were propelled upwards by the pink ray towards freedom.

Meanwhile the celestials and meditators tried to widen the gap in the clouds, coming into great conflict with the giant wasps. Eventually there was not just one hole in the cloud cover but a great rift, allowing a whole wall of pink light to rise in the middle. (Comment: when the first pink light appeared through the first hole, I was physically filled with a tingly sensation all over my body, a feeling of being at great peace, a feeling of great relief).

Scene 2

The sky was suddenly filled with what can only be described as a CALL to the soul, on a sound level but also like a huge vibration, and there was a sense of knowing that this was extremely important, a matter of life and death, and that it was imperative to respond to this call.

The sky was suddenly full of space-craft shooting beams of light onto the ground. Some rushed out with their families and tried to convince others that this was an escape route and that they should enter the beam. Some were screaming. Others hung back, waiting to see what others

would do. Some were sort of interested enough to be filming the scene with their mobile phones, but they did not recognise the urgency of this. Yet others remained in their homes, afraid. Those with prior knowledge or trust entered the beams, one by one, and were beamed up to craft.

Scene 3

A woman and her children beamed up from earth (now supported and embraced by new companions) were standing on the bridge of a spacecraft looking back at the earth. They were remembering everything which had happened there and everything they had left behind. They knew instinctively that everyone else was cared for in a certain way, even if they did not experience that personally. They saw that the whole scenario – the whole ascension process – provided the opportunity for each soul to go to the right place at exactly the right time, with exactly the right favourable conditions for the next learning experience. They realised with great relief that the parameters were perfect for everyone.

After looking at the earth from this perspective, they then turned the other way to look at all the other planets which would become part of their future. Again, they were given to understand that nothing is lost in this universe, that the network of relationships and connections can always be reactivated, that the circuits are always open, that it is always possible to gain new experiences, but never to lose old ones, that all are steps involving soul growth on a journey towards ever-increasing light, joy and universal companionship between the Creator and all parts of the created.

Meditation Report 22, 1st August 2011

An aerial view of the city of Bogata with lots of high-rise buildings came into view, as if I was approaching it by plane. Suddenly a gigantic Hoover-like machine appeared in the skies, and a wide tube was lowered from it. The end of the tube was fitted with a huge transparent nozzle, big enough to fit over the whole city like a glass dome.

No-one in the city noticed this. The streets were black, and everyone had their eyes lowered, fixed on the pavements, searching the blackness for the brightness of a golden coin which might assist them.

The huge Hoover started to suck in air, and with it, thousands of dark thought-forms like ragged black cloths flew upwards. From my distant standpoint, I watched this for a while, feeling a little superfluous – an observer on the sidelines – but then I decided to actively enter into the process.

At this point I BECAME THE HOOVER, sucking in dark elements with every breath, and sending back white flowers and petals with every exhale. It struck me at that moment, that the Hoover had not been sending white flowers back – only carrying out the removal by sucking – and that COMPLETE AND SUSTAINED TRANSFORMATION OF OUR EARTH INTO PARADISE IS NOT POSSIBLE WITHOUT OUR CONTINUED COMMITMENT. It was again impressed upon me that the key to successful transformation is ourselves being the change.

With all the petals falling, the streets of Bogata were a sea of white. Seeds fell too, growing into sturdy bushes with large horizontal blooms, and the ragged street children climbed into them, sleeping in the petals and drinking the nectar. And the petals continued to fall until every house was white.

The people who had been looking onto the ground, and who continued to do so, thought this was an unexplained miracle. They were in wonder but also a bit helpless because they did not understand it, considering the black streets as well as the white ones a freak of fate.

Others looked up and stretched their hands to the sky. They understood what was happening, that the white and golden rain falling resulted from the power of the Divine working through his servants. And so these people came into the realisation of their own divine potential, having witnessed this. They helped those on the ground to look up and be in wonder and gratefulness too.

I asked what the message of all this was and the reply was: "WHEN WE SHINE WE CAN SERVE AS AN EXAMPLE AND INSPIRATION TO OTHERS, LIGHTING UP THEIR OWN DIVINE SPARK. Speak to those who are on their knees searching desperately for the answers on the ground, for the next lost coin, for the next hand-out, and make them aware of the great heights of content and even exstacy if only they will extend their awareness upwards – AN UPWARD MOVEMENT OF THE SOUL BROUGHT ABOUT BY CEASELESS QUESTIONING, READJUSTMENT, HUMILITY AND GRATITUDE FOR ALL EXPERIENCES OFFERED THEM, which are stepping stones of the learning process. Visualise the white rose, the flower of compassion directing your behaviour to yourselves and others."

Message 73: MOVING TO THE ROOM OF REQUIREMENT

By Seraphin and Rosie

Message 73: MOVING TO THE ROOM OF REQUIREMENT

Seraphin through Rosie, 2nd October 2011

*

R: Dearest Seraphin; as I was having a rest in the hammock I heard the words "room of requirement" in my head, and I was reminded of the room in the Harry Potter novel which turned

into whatever was required, according to the needs of the students who searched it out – a place to meet, talk in private, to hide, to practise skills and so on ...

*

S: Yes, Dearest, this is what you will also be facing and experiencing – a transfer to your own ROOM OF REQUIREMENT. This will not, however, be the room where you find fulfilment of your desires on a material level. It is much deeper and more complex in nature. This will be the room WHERE YOUR SOUL REQUIRES YOU TO BE at this stage in your development. This follows close assessment of your progress on the spiritual path, for you are all progressing, albeit at different rates, and in fact the ROOM which will suddenly appear in front of you will be PERFECT in design and intention, suiting your soul needs EXACTLY.

*

While this is a special ROOM OF REQUIREMENT, marking the end of an era, you have in fact ALWAYS been moving from one space to the next, from one experience to the next, from one life to the next. Leaving one room and opening the door to another has been YOUR OWN DECISION, taken individually. Yet this present progression to a new room is different in that it synchronises with everyone else on this earth.

*

You are walking collectively into a huge lecture room with many seats, a big blackboard and a plethora of celestial teachers. Some students of life will listen to the lecture with humble acceptance and exit through the door labeled LESSONS LEARNED. Others will retreat in shock and attempt to return through the door they came. Yet others will scream at the lecturers and will be forcibly removed. Yet others will cry with remorse or faint and will require resuscitation and assistance in an adjoining room, rejoining their fellow travellers in the lecture hall when they have recovered enough to take it all in.

*

The lecture will clearly elucidate the Laws of Creation, state their validity and illustrate their violation. This will cause a great stir, for they are a far cry from your man-made constructs which fail to promote harmonious living and are not based on spiritual values. You will be astounded to see how these apply not only to your small wayward planet but to the whole universe.

*

On this larger scale, it is time, now, to see beyond the perimeters of your present ROOM which is your planet, to leave behind the past spent within these walls and to distance yourselves from the structures which have been imposed by you and others on your society. We do not wish to stress your ignorance but we must emphasize the HUGE MENTAL STEPS OF ADJUSTMENT which you will be required to make.

*

And we say: THIS IS A UNIQUE AND GLORIOUS OPPORTUNITY. SEARCH YOUR SOULS FOR THE PUREST LOVING INTENTIONS AND ASK HOW THEY CAN FIND EXPRESSION AND HOW YOU CAN PRACTICE YOUR SKILLS IN THE NEW WORLD WHICH IS COMING TO GREET YOU.

We love you, Seraphim

*

From Gil on the forum: Thanks Rosie and Seraphim,

This room of requirement seems to be the caterpillar's cocoon.

The text in quote is very important because one cannot become a butterfly if one remains with the caterpillar's personality and all it implies.

The ultimate detachment is the letting go of yourself (personality) the you as you know it.

If you want to find this room just put your conscience in your heart and be still.

Namaste
Gil

Poem by Rosie:

Inspired by Gil's cocoon image and the fact that it rhymes with "room", I was strumming on the guitar last night and came up with this:

Into the room
Follow the cue
Out of cocoon
Into the new

Nobody's lost
Just taking time
Some holding on
Some crossed the line

Some slide and fall
Some come apart
Some give their all
Some give their heart

Some turn away
Some create day
Some want to play
Some kneel and pray

Nobody's lost
All find the truth
Look for the room
Into the new

To our green thumb collectors, this is a piece by a member of MY team and OUR copyright

requirements are at the bottom of this piece. LEAVE IT ALONE. 

WHY DO WE ENTER INTO RELATIONSHIPS, EVEN THE ULTIMATE DIVINE ONES : BECAUSE WE NEED A WITNESS TO OUR LIVES ...

Starting with the 12 o'clock Noon meditation, I was working in the garden half an hour before and my subconscious mind was set to alarm me when 12 o'clock would arrive. I would not forget, nor forgive myself if I could not come up with a decent noon meditation report, so while I was giving the liquid manure to all the garden, I was pretty much in meditative state already. There the wheels of inspiration and thinking started grinding.

Since the subject at the noon meditations is all about Truth, it entered my mind or I was put upon my heart that Truth was a most important part of my discovered equation, equally important in the wave of Truth-coming-to-the-surface movement we see all around, through the Internet, through the Higher Vibrations and Energy that is entering our Earthly shores rapidly and increasingly too.

My equation I just mentioned says : Knowledge - Truth - Love. Most important is gathering Knowledge. The old bible saying : " My people shall perish by lack of knowledge ." reminds me off that. Now, Knowledge brings you to the Truth and the most important Knowledge = Truth , " the Truth shall set you free. " We already know how dangerous that is, for one to handle, speak, live by the truth. Moving on: the most important Truth to know is Love. Hence : Knowledge - Truth - Love. The one who knows Love, who handles Love, who understands Love, who Serves out of Love is absolutely FREE, and that is evenso utmost dangerous, since we know those who cannot stand people to be free, since they can only survive when they succeed in keeping the sheple in bondage and slavery.

When asking my Higher Self about the Truth to come to the surface, about the Spirit of Truth to

break through all layers of density and darkness, a aspect of Truth was put upon my heart: WHY DO WE ENTER INTO RELATIONSHIPS : BECAUSE WE NEED A WITNESS TO OUR LIVES ... It could also work when saying : BECAUSE WE LIKE, LOVE, DESIRE, FEEL GOOD/BETTER WITH A WITNESS TO OUR LIVES ... Now I know I caught that line from the movie : Shall we dance, with Richard Geere and Jennifer Lopez where the following question and TRUTH came to the surface : Why do we enter into relationships ? Because we need a witness to our lives : what is the value or worth of a live. There are 7 billion people out there, but what is the value of each life? In a relationship, one makes a promise, officially or not, to witness the others life. We say : " Your life will not go unnoticed, as I will notice it. Your life will not go unwitnessed, as I will witness it. " We accept everyting from the other : the good, the bad and the ugly. (untill a certain degree ofcourse) We confirm that the others life is ok, acceptable, is good, even very good. And we all like that confirmation that SOMEBODY ELSE AGREES, ACKNOWLEDGES, APPROVES, ACCEPTS, RECOGNISES OR EVEN CONFIRMS what we do or how we live IS OK ...

It came to mind that an artists does his/her thing because he or she has a certain talent that he or she is so PASSIONATE about, that is so strongly inside that it needs to be expressed one way or the other. Painting, singing, dancing, writing, channeling (?)... That usually gets acknowledged, approved, applauded and this feels so good, the artist is motivated to bring forward or produce more and continue as long as the applaus or the recognition continues.

It equally came to mind that the plants in the garden, our animals thrive and grow and evolve because of our relationship since also they need/love/like a witness to their lives. Somebody who acknowledges, appreciates, respects, waters, feeds, maintains the plants, the animals who clearly do much better when there is an exchange of Love. This finding is in full harmony with us singing while being in the garden, touching the leaves, blessing them, thanking them for the produce, same with mother Earth, the elements, Life force, etc...

On the contrary, we all know the disasterous outcome of orfants, elderly stucked away in ' old folks homes ', sick people in hospitals, so many unknown individuals, homeless people, all by themselves without anybody knowing or noticing, nobody to talk to them, nobody to encourage them, to respect them, to acknowledge them, to simply love them unless around some holiday or special occasion ...

We all need/like/love a witness to our lives, to be confirmed what and how we do things and live is OK, accepted, agreed with. This is one of the problems we see when somebody continues to bring truth to the masses, through internet webpages, through forums and VERY FEW PEOPLE NOTICE IT FOR THE REAL VALUE, show appreciation, applaud it ... untill it becomes a burden, a pain, a depression, since there is not enough witnessing towards the work performed, the knowledge, truth and love shared ... because they are ignorant, dumb, numb, unknowing, self declared know-it-all, arrogant, afraid to face the truth and reality, lazy to do the math and work themselves and preferring to bash and accuse others when what is said does not resonate with them ... BECAUSE THEY HAVE NO IDEA OF WHO THEY ARE ... We know the rest of the story ...

Now this brings me to the opposite, the field of people who do the maths, the works, go inside, know who they are now why do they enter into that Divine relationship? ... BECAUSE THEY NEED/LIKE/LOVE A WITNESS TO THEIR LIVES ALSO ???

When the rest does not make any sense, and finally having found respect, love, recognition, agreement, inspiraiton, answers, knowledge, truth, love by going Within, AS ALL YOU NEED TO KNOW IS WITHIN YOU, we still crave that security, assurance, guarantee, since we cannot see any of that, that the path we are on, is the right one, is leading somewhere. Those that know have/exercise trust, faith and this makes them thrive, nomatter what. There are others who still

doubt since they still do not dare to rely on what they hear, see by lack of faith and trust still.

The reason I come here is that we perfectly understand that we enter into relationships on this plane of consciousness because we need a witness to our lives, YET WHEN IT COMES TO THE DIVINE, THE SPIRITUAL THAT DOES EVERYTHING POSSIBLE TO PROVE TO US THAT WE ARE DIVINE OURSELVES, THAT WE CAN CO-CREATE, HOW GREAT WE CAN BE OR ARE, THAT ALL IS OK, ALL CAN BE ACCEPTED AND STILL BE LOVED, SINCE WE HAVE FREE CHOICE IN THE FIRST PLACE, THAT PROVIDES US WITH CONFIRMATION AFTER CONFIRMATION, AGREEING, ACKNOWLEDGING, GUIDING, INFORMING, we still hesitate, we do not trust, demonstrate no faith at all, we still question and doubt

It is a world of 'illusions', of 'appearances' indeed, nicely fabricated to manipulate, to control, but enough is known about that now, enough is coming to the surface through all means that we must now focus on our SPIRITUAL PATH, whether that will continue on Earth or elsewhere, THIS IS NOW THE MOST IMPORTANT ACTIVITY, OCCUPATION, INTEREST FOR ALL OF US... If it's not clear to you yet that a world without the Spiritual Guidance and Laws of Balance and Knowledge, Truth and Love is impossible to evolve, to grow, even to continue to exist, then you belong to those that soon WILL AND NEED TO BE REMOVED INDEED...

With the understanding of your relationships, even those of plants and animals etc..., that this only works where knowledge, truth and love is thriving, is ruling, is the norm, where we are confirmed, recognised, approved, what we do, how we live IS OK, THROUGH LOVE AND ALL ITS ASPECTS, then please look exactly the same way to YOUR PERSONAL RELATIONSHIP WITH THE SPIRITUAL WORLD, THE DIVINE, THE CELESTIAL ONES, ETC.

Only those that GO WITHIN, WHO DO EXPERIENCE THIS OTHER WORLD FROM WITHIN, WHO HEAR, SEE, UNDERSTAND, WHO FULLY KNOW WHO THEY ARE can possibly EXPERIENCE THE WITNESSING TO THEIR LIVES. The assurance, security, guardianship, safeguarding will not only be understood, but will be EXPERIENCED WHEN NEEDED. I have many here at AH who can witness that !!! When your lives, after dropping the nonsense and doing your work, no more business as usual and GOING WITHIN, are getting witnessed, recognised, approved of, confirmed, THEN AND ONLY THEN DOES YOUR LIFE MEAN SOMETHING TO YOU, then and only then will you learn to be balanced while still being here, will you learn to focus on the future, on the sincere desire to do good unto others, on being of Service, on respecting the laws of Balance and Creation, on developing your soul's journey and all that comes with this.

Being in that SPIRITUAL, DIVINE RELATIONSHIP, you receive all you need/love/like/wish for like in any other good worldly human relationship, AND SO MUCH MORE, so how can you not BE MOTIVATED TO DO ANYTHING, EVERYTHING, ANYWHERE TO FURTHER DEVELOP THAT DIVINE SPIRITUAL RELATION, WHEN WE FULLY RECEIVE ALL THE WITNESSING TO OUR LIVES WE CAN IMAGINE, DREAM OF, LONG FOR ??? Where we are told: DREAM, PLAN, CO-CREATE, after acquiring Knowledge, Truth and Love..... AND KNOWING WHO WE ARE

That my friends all came through, hoping it rings a bell inside of you, until you are as convinced as I am, due to my own EXPERIENCES THAT NOBODY CAN TAKE AWAY FROM ME, and that I share with you already for a good while. Please accept these few thoughts from my heart, soul and spirit as a witness to your life, as I applaud you for who you are, for what you do, and what you hope to accomplish with it. I love you all so very much.

in Divine Love, Light and Service, Always and in All Ways,

Johan.

Candace I have to say thank you for posting this last message from Johan. It brought me to tears and still I am in tears as i type this. I needed that message because I am facing difficulties, of which some are of my doing, that are testing me. I felt the kick in the pants after reading the last post on your site. I need to get off the fence and become more active. I do not want any more updates from CM but more of his teaching. I have felt strong urges to leave the situation I am in but I will not abandon those that I care for. There is more I would like to say but. Time for me to take this more serious. Once again thank you.

with all love, Andy

Those making it a mission to collect clusters of 3 green thumbs, these works from my website are approved by SHR of GLP for publishing of FULL content. Please do not waste

the mods time by making copyright infringement reports on them. These are works by our team members. the AH policy and link back is at the END of the post. Thankyou.-NIP

Ok Rosie is posting piece by piece, pieces she has written of sample situations of people around the globe. There are 100 of them and she calls the project the Unity Tarot. You can check my site under "AH member Writings" on the left, then select Rosie, for more of these or any other of her writings. Also her teachings with Seraphin are located under Telepathic Messages and her name.

There are questions she asked as the end of these that can be used to enhance your spiritual growth and it would be useful to think about them, as part of our project of where our convictions come from, and your growth in general. You do not need to live in similar situations to appreciate these. Rosie is a wonderful artist and has illustrated these and the links below in the piece will take to you those which are on her own website. These demonstrate so beautifully situations around the world in which various peoples live and how simple actions can lead to great growth. And the questions for YOU to answer are superb. -Candace

PS if some of you here would like to answer the questions at the end of the piece, and post them, you are welcome to do so.

GLOBAL VILLAGER 97 – LOVE

Portrayed in the paintings THE WORLD – REALITY and THE WORLD – VISION

Woman aged 57 from Huasco, Chile. Christian, literate, smokes, speaks Spanish, heterosexual

A woman rests in a kind of stupor in her small, shambling hut in the Huasco valley, clutching her heart where she feels a strange stabbing pain. After many years of working as a farmer and uncomplainingly supporting her ailing husband, she finds that she needs more and more time to recover from the exertion this demands. Sometimes the muscles in her legs refuse to function normally and takes her no further, and in general her body is showing signs of starting to revolt against mistreatment. She feels that she has somehow sent her energy in the wrong direction, or that she has unquestioningly bowed to authority. As a result she is now heading for a brick wall with very little time left to change direction. She feels like exploding to release all the tension inside her because her very life is at stake. In addition to her poor physical condition, she is sure that the water has been polluted by her unfriendly neighbours. It has also dwindled so much that she suspects that they have been siphoning it off. She has nightmares that she is living in the Atacama Desert where there is so little rain that hardly anything grows.

The woman discovers that the water is being affected by an open pit gold mine developed by an international company in liaison with the government. She realises that her heart is rebelling because she has not loved herself or taken time to talk to her neighbours and form loving relationships. Once this communication process is started, the farmers group together and travel through the valley to investigate who is affected by the water problem, only to find that thousands other small farmers are suffering. Together, they all form a movement to promote love between each other and love of the earth and her resources. They marvel at her miraculous and beautiful manifestations in the land of Chile: the condors which fly high above the valleys, the hot water geysers which turn to ice on the cold mountainside, the dust, the glaciers and the desert winds, and the holy volcano of Licantabua.

Questions

What if 'love' means not judging yourself or others?

Do you love yourself enough to say "no" to others?

In what sense is the landscape of your mind a desert without water?

Given that it is unnatural to be the enemy of one's own body, how do you treat yourself unnaturally?

Is it clear to you that mistreatment of your own body is an indication of lack of respect generally?

If you open your eyes, which brick wall are you about to run into?

What authority or power structure is inviting you to reassess your position?

Which borders can you cross to reach new understandings?

What physical ailment is forcing you to focus on that which is most essential?

What if you allowed yourself to explode with anger in a "safe" therapeutic environment where no one is hurt as a result?

Are you aware of the miracles of nature which surround you?

What would change in the world if there were no 'enemies' - only movements with positive goals?

Global Villager from Chile holding a heart in her hand while admiring the flight of the condor

HEAVEN #3990 The Creator of Free Will , October 28, 2011

God said:

Many of you think of Me as a Boss, someone Whose bidding you have to kowtow to. You think of Me as a great Authority Figure, a Judge, a Punisher, a Criminalist out to get you, find you in a misdemeanor and so on. Better to think of Me as a Benefactor, beloveds.

The fact is I am your Holy Servant. No One serves you as I do. No One is at your beck and call as I am. No One kneels before you as I do. No One listens to your every breath as I do. No One listens to your heartbeat as I do. My ear is to your heart. I am in service to you. I am indentured to you. I am in your employ.

I am your Servant. I take the cards you deal Me, and I do your bidding. You have had it backwards. You thought you did Mine. I am your disciple. I serve All. I have a lot to take care of, and, yet, I never have too much to do.

Serving you is My pleasure. It is My choice. I choose to serve you.

Sometimes you tie My hands, as it were, by your vision. You may see it that I throw you a bone every once in a while. It is not like that. I give you everything. All the time.

You rule Me, beloveds, do you see what I mean?

I love you more than you love Me, yet I do not tally points of your love. I simply give you all of My love. Take more of My love. Believe in Me as I believe in you.

There are times when you feel you are cheated. A loved one's body dies, and you are offended.

Accept once and for all that I am never opposed to you. I give you diamonds and rubies and emeralds of love, and you pick out baubles of glass or pebbles and say I don't love you. You can take Me personally, but everything that happens in life you cannot take personally. Life is not hopscotch. I cannot toss up the world like a bouncing ball. All in life is not a toss-up.

I created the Universe, and I created you. I gave you free will. I have a domain. In one sense, I have the most Free Will in the World, and, yet, that does not mean I always follow your will. Ah, but, of course, you think that is what a Servant is supposed to do. You think it doesn't matter what you tell Me. You think I have to do it. You want Me to run upstairs and downstairs, and you may give Me opposing orders.

I am at your service, and I am also at the service of the Universe. It appears that I, the Creator of Free Will, cannot always grant your wishes the instant you ask. I am a Fulfiller of Dreams and yet, it seems, not always. I do not always give you the candy you want or even return your loved ones to you as you would like Me to.

You do understand that I have unlimited vision, and you see only so far. This does not mean I disobey you. The thing is I have never taken loved ones away from you.

It is like you ask Me to wash dishes that are already clean. Or it is like you are a man who cannot see, and you ask Me to move a piece of furniture where you want it, and it is already in the place you wanted it to be.

I do not apologize for My vision and your blindness.

Now, let Us bend to each other without bumping Our heads.

A Father's Plea- The Creator

I come in this solitary moment to introduce MYSELF to those who do not know ME; to those who know of ME; to those who view me in a religious context; and to reinforce MY presence within those who do know ME.

Times of great change loom auspiciously upon your earth plane and you of the human civilisation must come into the knowing of MY presence; hastily I might add.

I AM the ONE you call GOD, Creator, Source, Universal Deity, Foremost intelligence, Ultimate determiner, Final Judge and Adjudicator. It matters not the variation in title for I AM ONE and the same. I will simply refer to MYSELF as the Universal Father of ALL creation.

Titles and names create distinctions and causes separation in one's understanding as one seeks a God of his/her culture. Know that God is One and All is One and ONE is ALL. It is when you come to understand this simple truth that profound awareness will dawn.

I come to affirm your status as sons and daughters of the light; for it is imperative at this juncture that you perceive yourself in light. Light is the quintessential you. That which darkens your world does not define you. Your body does not define you. Your earthly status does not define you. It is I the Creator of All, that defines you.

I cannot be seen but that does not mean that I do not exist. I can be known and experienced from within; and that is more credible than seeing. Knowing is your proof; feeling is your rule of measure. The nature of ME is the nature of you and you must therefore call upon your understanding of ME to know yourself.

I have many times brought the same message in different ways through different ones and I shall continue to do this until your immortal soul, which you are is allowed entrance into your physical mind to minister truth. Why do I endeavour with constancy and consistency to bring you truth? Simply my beloveds because you are MINE and I desire you to return home to ME. The route your take is of course your choice but I desire to see you placed on the path of knowing.

Which father will leave his children unattended, without care or supreme love? I cannot see you continuously suffering and not endeavour to lead you out of turmoil. It is love which engenders MY effort. I can see what beholds your world presently. I know what is transpiring and what will fall upon thee. I come to assist the confused, to bring clarity that those who may doubt will accept ME once and for all; not blindly or because I say you should, but because you know you must.

I am the living essence of truth within you. You can only find your truth there. I issue an invitation to you at this twelfth hour that has come upon the earth plane. Turn to ME; even if you never have before; turn to ME, call upon ME; not in challenge, but in need and love. I shall respond.

What other choice do you have dear ones? This is my final bid to draw you into the fold using only truth and a promise of a brighter future. The purpose of your life at this very moment should be to discover ME with haste as the winds of change carry yet another cycle to completion; that the new and exciting tomorrow may be yielded for your earth.

Many are now walking a tightrope with little balance left; so what say you? Will you not join the bandwagon of lighted beings and begin the most wondrous exploration of a new plane filled with knowledge and excitement for grander and purposeful living?

The canopy of change has now descended. You need only look around your world to witness the great confusion and collapse materialising. Will you continue to deny what you face or what it portends for your world? Who is your likely salvation now? When all is crumbling around you, who will you call upon? Can you save yourselves? From my vantage point I will offer a negative response.

That which you face on your earth is beyond your control and that which is fortuitously taking place cosmically is also beyond your control. I wish to tell you MY plans for you but how many will hear and believe? How many of MY ones have you castigated and deemed mental? Well it is those very ones who are sane my beloved children. The 'mental' ones are the knowing ones; the ones who know MY truth and serve it. It would serve you well to rethink what you have heard from the voices of God. For these ones who bring truth are MY voice.

I will not come again to you in this way. I take the bolder approach that you may hear without fear. Can you not hear the appeal through these MY words. Do not say after the event that the Father has deserted you or cast you aside. For the Father comes here and now to woo you back home. Will you hear and answer?

For generations I have sent MY beloved sons to effort with you of earth plane. Now I come MYSELF. Will you still reject the ONE you say you love? Must I descend from the clouds for you to believe? I do not live up to false conceptions or beliefs; for I serve Truth, which I AM. I can only urge you to seek truth by listening to the voice within. You will not see ME my little ones, but you will know ME if you know truth for I am already here.

I come not to create fear or feed your doubts. I come in truth only to tell you that your time on the earth has all but ended. Night is upon you now and some will never awaken to a blooming tomorrow. Take MY hand now for this is the final offer before the curtain falls.

I AM THE CREATOR OF ALL THAT IS- MY SON WHO YOU KNOW AS THE CHRIST IS ONE WITH ME AND THERE IS NO DISTINCTION. YOU ARE ONE WITH ME FOR I CREATED YOU. I PROCLAIM THE VICTORY OF THE LIGHT. THE TIME FOR SEPARATION HAS COME.

Custodians of MY Light.

The Source. (The FATHER)

I AM and therefore you are. You cannot be without ME. You are not without ME or apart from ME save in your perception. I AM not the hidden part of you. I AM simply the invisible part, that which holds the seed of your power. I AM that which gives you Light and creates light through you. You are therefore all light. The light which I speak of bears no resemblance to the light created in your outer world through mechanics. I cannot be switched on or off. I AM forever Light. I do not malfunction or become defective. MY radiance is everlasting. There is nothing that can dim ME. I resonate at the highest frequency.

I bestowed MYSELF to you through your creation. I AM within you. The light of life is within you; not mortal life, for that is all transient in effect. I speak of the light of the soul; that which you are; which bears the emblem of your Creator. The Creator marks HIS creation just as you may mark your possessions so that you may know what belongs to you. You belong to ME as I created you and therefore you bear MY signature, being the Light of Creation. I know you by your light, which is MY own.

Light is the Life of your immortal soul. You are not disconnected from your soul. You are the soul. The body is simply a mass of energy used by the soul to chart experiences so that it can assert its mastery and innate power through the human form as it remembers who it is through a mortal experience. Yet the soul power is not dominant unless the human trajectory allows for and accommodates that higher association. You need only experience an offering of the soul to make your decision.

Many who wholeheartedly embrace the offerings of the soul as an instinctive knowing are drawn to the higher rays; yet there are many who cannot comprehend that which is not visual and therefore rejects its existence and presence. There are those who become afraid of their own soul power as it would redefine their thinking and demand changes to their compartment. This inherent fear has become a widespread malady.

You see dear ones, what you need to understand is that you who do not know your soul are motored by the lower mind which we shall call the ego mind. This is the distinct portion of you responsible for your thoughts, reactions and creations. Once you are in the harness of this mind this becomes your realm of comfort, and at all cost the ego will seek to protect itself. It is for you not your ego to make the decision and come into higher understanding of who you are. You are not your ego. Its life is short lived as is your mortal life. If you allow it to make your decisions, it will serve only your physical dynamic in your physical world. If you can but for a moment set aside the ego you may benefit from the revelations of your soul. Comfort and reassurance will replace the bridge between you and your soul, for these are the resulting effects of the soul's interaction.

Fear does not exist in the soul, only light and love and higher knowledge. Should you allow the soul entrance, you will quickly discern the difference between the soul mind and the ego mind. Allowing your soul entrance allows MY light to work within you and through you. It will be a gradual exercise in measure of your willingness to transform yourself through remembrance; that your mortal life may reflect only that which you truly are and render a life that is fulfilling in every way. Light transmutes and transforms all that is dark if only it is allowed entrance. You will come to know the power of your light when you acknowledge it within yourself and allow its expression through you. It is then that you will assume control of and over you life.

When you come into your light you have in fact come into MY light and with effort and time investment you will begin to know ME as yourself. Illumination is a gradual process; so until you can think, know, feel and behave in ONENESS, we will work in partnership so that MY light within you is allowed more and more expression as you graduate in frequency. As your light quotient increases, there will in time be no need for the vehicle of the physical body for you to continue your journey.

You are custodians of MY light. How you treat that light is really your choice. Some ignore it totally; others pay it short shrift, whilst few fully embrace it and work in harmony with it for their highest good. These are the ones who use MY light in service to others. They know that light is never to be hidden but to be shared. They recognise the Oneness in all things and seek to help others find their inner light and shine it forth in the world. Dear ones you must comprehend that your outer world is a reflection of your inner world. If your inner world is dark then your outer world shall also be dark.

Seek always to keep your inner world in light which spells harmony, and your outer world will be so mirrored. Your light is the precious jewel gifted to you upon your birth. You were meant to keep that jewel shining in its original incandescence and wear it as a powerful garment. It was never meant to be buried under worldly things and be forgotten. You children seek always grand jewels to wear on your body and wealth that will provide extravagant living. You proudly display outer remnants of wealth which shines without any significance or value. It is temporal and banal. It cannot empower YOU, only your ego that simply cannot be satiated. These outer effects will earn you no spiritual glory or everlasting joy. It retards your growth as you become more and more consumed by your need for material effects. These things do not in truth exist. They are things that will be cast aside when you leave this dimension of experience. I AM not saying that you should not create abundance in your life but be weary that you know the difference between abundance and avarice.

To those of you who have courageously chosen the light you must be steadily vigilant lest you become distracted by the world around you and allow infiltration. As custodian of MY Light you must make the decisions that are in the highest interest of that Light; for it is only then that MY light can work for you. Should you lose your footing and fall apart then who is to tend to the light? It is your divine responsibility to tend that light until you become one with that Light and know yourself only as LIGHT.

Beloveds, I know only too well how easy it is to fall prey to a diseased world where the malaise spreads and creates a disconnect between you and that Light. It is for you see this and know it and take every step possible to preserve the Light; for it is truly this Light that will become your vehicle for escape from the outer world where unreality, suffering and grief abounds.

If you tend to this Light, this Light will tend to you. This Light will preserve your sanity and enable you to transcend the lower vibrations as it powers you to higher understanding and frequency. This Light will resurrect you time and time again if needs be. As you come to know this Light you will know its transformative value and will learn to use it for your highest good. Every choice will then be engendered by this Light. It does not mean that the world around you ceases to exist or that the problems go away. It simply means that you are able to see it all through the magnifying Light which shows truth and purpose in the experience.

I AM THE LIGHT WITHIN YOU AND I AM THE LIGHT IN YOUR WORLD. I ADMONISH THAT THIS LIGHT IS TO BE REVERED THROUGH ACKNOWLEDGEMNT FOLLOWED BY WILLING APPLICATION. HOW WILL YOU CARE FOR THIS LIGHT? THE EFFORT OF PRESERVING AND PROTECTING THIS LIGHT CANNOT BE MEASURED. THE CHOICE YOU MAKE WILL IMPACT THE WORLD YOU CREATE. WHAT IS YOUR VISION FOR YOUR WORLD?
