Targeted Message to Bernanke and Others.

Targeted Message to the Bernanke and Others.

Christ Michael

February 24, 2012

Oh boy what a day, even we get them! Dearly beloveds of AH, this is primarily for our dark readers so do NOT read too much into it personally.

First I am addressing this to the Head of the Federal Reserve System. Yes straight to you Mr. Bernanke. You do know that China IS going to depose you, right? Why not just cooperate, because our on the ground troops are going to assist them at this late date.

To those who read here on behalf of the Queen, you know you have already had some difficulty getting in contact with her, yes? That should be a big clue.

Now you ones know we ARE assisting China. We were none to crazy about their acquiring the Federal Reserve, and the games played when they created the stealing of the wealth of the Filipinos, via a fake King ASM, but we have to work with what we have, and with a lot of secret meetings and some giving of carrots they seem to be now in our pocket satisfactorily enough.

Your new attempts at various "bird flu" against the yellow man will not work so well. And may in fact backfire in like kind and more. YOU KNOW THEY HAVE THAT TECHNOLOGY that caused you all to sign over the Federal Reserve to them. And they have yet to use it, and I suggest you highly consider that they CAN USE IT. WE shall not disclose the nature of that here, for it is not necessary to frighten people. But I suggest you consider they WILL if you do not put down your own "guns" NOW.

That will not be pretty IF YOU DON'T

We ARE prepared and as the former message said, we are not necessarily waiting until March 31. We are MOVING FORWARD. That is enough for now. Have a good nights sleep gentlemen and ladies, or maybe we need to return to BBB & G's to describe you, because ladies and gentlemen is not any to accurate.

I AM THE VERY BIG CHEESE of NEBADON.

3 Nice Recent Visuals with Johan and CM

By Johan/CM

Feb 25, 2012 - 4:16:15 PM

I was asked by CMAton to describe my very busy night witnessing, activities, observing the busy schedule from fleet, or wherever I found myself to be part of, or simply witnessing.

At first I saw lots of islands, situations, places where information, legal proof, the people involved were stored or captured or kept under control for later processing. A energy vibration/frequency was used to keep all together so they or nothing could move or run away. That was alot, ALOT of interventions from Fleet and each island, situation, place, evidence and the people involved had a certain/different sound to it, like a recognisable tone or vibration by which this particular case could be recognised or known. These were all cases where people had done things blatantly

against the Laws of Creation/Balance.

Then I was allowed to see into one of them and this case dealt with a few persons who under disguise had come into a financial institution and abuse their powers, and it involved drugs money, money laundering, and I had the impression they had robbed a bank or financial institution that kept some of that dirty money, a whole mess. Moments later I was experiencing that whole situation. Being within that bank, seeing the perpetrators arriving in their car, all disguised, like actors who were made up with wigs and with make up on. I saw them entering the bank but they could not see me as I was standing in the hall of that bank. They came to the counter and either they made use of false identity or false creditcards or threatened one of the bank staff with violence and use of guns.

Next case I was at the fantastic luxurious home/castle of a very wealthy man with big court yard and the place was like on top of a mountain with stunning views. After seeing him in his luxury, I must have asked what was going on there, or what this guy had done and I remember seeing an antenna, kind of dish on the outside at the court yard and that made me understand he was communicating via special developed ways and involved with a group or gang who was abusing or trafficking or selling people. I then was given to understand he was abusing children and women, trafficking them, selling them as slaves so they would end up in prostitution or illegal work places or used for organ trafficking, selling organs for big money etc. It surely did not look pretty what this guy had been organising ...

There seemed a lot of these cases all being rounded up, paralysed, detained by energy/higher frequency to keep them and the legal documents and proof under wraps, under control that then would be brought before councils and courts later.

I have the impression a lot more intervention has been happening lately that we do not know of, because it's all very wide spread and kept under wraps and behind closed doors and it seems many wars are being fought amongst the dark who are getting desperate as CMAton already mentioned before.

Love and Light,

Johan

Recently, I am getting more into small personal conversations after Connecting with My Higher Self and CMAton, much to my delight, and this morning, the vision CMAton asked me to share was the following :

Two big eyes from a tall face were staring me in the eyes ... and I looked at the eyes and face from all possible angles. I did not scare me at all, but it was so close and strong I even asked 3 times in the name of the Divine Light and Love of Papa Source and Christ Michael Aton of Nebadon, " Who are you? " as I think to know that any Entity has to make themselves known when you ask three times. To my big embarrassment a loving voice told me : " It is Me, CMAton. Your Spiritual Father. " Oops ... I felt. " My Son, I want you to look through my eyes for a change as I am in you and you are in Me, you want to give it a try? " I did not even confirm, I was already moving towards the face, the eyes, the vision in front of me and feeling I had entered that energy that felt very nice and warm and cosy, I turned around and looked through what appeared the eyes of CMAton.

I saw a most beautiful landscape high up in the mountains, like standing upon a mountain peak

with lots of snow, other peaks coming out of the white blanket of clouds and everything was so shiny, blinking, pinkling, like all was made from diamonds or crystals ... I wondered if it was the reflection of the sunlight or if I was actually seeing the Light Essence in all what I could see. Immediately I was confirmed I saw the ONENESS of ALL, only LIGHT I could observe. The forms were still there, the rocks, the mountain peaks, but I did not see material, I saw Light radiating from the forms.

Then the clouds opened and down below were the contours of a city and my sight seemed to zoom in onto the city and all became closer and closer until I saw small people going about their business, and many, if not all, were smiling, seemed happy, everything was radiating a friendly atmosphere and demeanor. Also here a lot of strong Light was shining forth.

I asked CMAton for the meaning and He explained : " You are looking through My Eyes, remember? You are seeing the Essence of all, which is Divine Light and I only have eye for that, for Goodness, for Love, for kindness, hence I keep creating more of it and what needs altering, changing, restoration gets into that same stream of Co-creational Light and Love and gets transformed over time. Actually I see far more than that, but that is not feasible/viable for you at this point and the point I want to bring across : you do the same and encourage others to do the same : LOOK for the Essence of All, LOOK for the Good in ALL and you will help creating more of it and help bringing about the alterings, changes and restoration of all that needs a total make over. Through the different experiences that cross your path, you learn to become more in alignment with Divine Love and Light that wants to work more and more through you, at least, you have that choice. Now, nothing comes your way or crosses your path, YOU invited it over in order to learn what you decided to learn. Even the people who need to cross your path later, AND/OR who YOU need to cross your path, will be there, wherever you will go. Handy, wouldn't you say? How your thoughts help co-create whatever happens or comes your way? Now that you know or been confirmed, pay attention what thoughts you think, what energy you send out and LOOK for the Divine in All That Is ... and your day will be a very uplifting one. That will be all for now. Salu. "

Voila, a moment through the eyes of CMAton, not a bad thing to start your day ...

Love and Light,

Johan

Like I do every session, I Connected with CMAton to ask for His Will upon my evenings meditation. This resulted in a small personal conversation and then followed by the usual Reiki and he visual CMAton asked me to share :

A gentleman jumped out of a plane or helicopter, not sure, but was clearly parachute jumping. Now CMAton put the following question upon my heart :

Would you jump if I asked you to, but when you would know the parachute would only open 100 meters, 330 feet above the ground with the absolute assurance the parachute would open and land you perfectly safe ?

Would you jump if I asked you to, but when you would know the parachute would only open 50 meters, 165 feet above the ground with the absolute assurance the parachute would open and land you perfectly safe ?

Would you jump if I asked you to, but when you would know the parachute would only open 25

meters, 84 feet above the ground, with the absolute assurance the parachute would open and land you perfectly safe ?

Would you jump if I asked you to, but when you would know the parachute would only open 10, 5, 2, half a meter above the ground, with the absolute assurance the parachute would open and land you perfectly safe ?

Each time I answered : " Yes CMAton, if I would have your absolute assurance, what difference would the distance make. I can imagine the first time would make me scared, but if the first one would have proven to be true, I do not see what would make me scared of the smaller distances.

He said: " Well, you have done that already, My Son, remember when you asked me to show you three cases of people that could use your help and you carried them out of respect for the promise you made me? That was your 100 meters jump. Remember that old lady you repaired her steps, the lady you had given a ride home after church, because she walked so badly and you saw the condition of her house and the very bad steps that led her to her patio and into the house. You asked her permission to repair her steps and she agreed, but never believed you would show up. Remember after working for half a day, without her being at home, you returned home and you felt such a tremendous surge of Love and Light through your body that you had to get off the road and you were crying for ten minutes, not being able to stop from that most overwhelming feeling that overcame you? "

Ofcourse I remembered that occasion very well. I then thought it was the Holy Spirit entering me ... The other case was a mother with 4 children, living in extreme poverty and in a wooden house that was about to fall into pieces. The third case was a family we brought food on christmas eve. All things we did out of Inspiration, but pretty safe, no great risk involved, but with great and most wonderful feelings and experiences afterwards.

CMAton followed up with : " Do you remember the time your partner was in deep depression and you felt flat on you face on the floor, crying for help, asking what to do and I told you to go to the house of your neighbor who had wronged you, and you were asked by me to ask for forgiveness to them instead, what you did? That was your 50 meter jump. That took more courage, didn't it? "

I have shared that experience here before, the result being that we were Inspired to leave Antigua and come to Saint Lucia and my partner healed remarkable fast and never experienced a depression anymore, on the contrary ...

CMAton continued with : " Do you remember George, the man with only one leg that you met each day and you were Inspired by Me to talk to his family to find out what he needed and when you found out that his biggest need was his own home for him and his daughter you convinced your partner to buy all the wood, bording, pillars, roof sheetings, windows, doors, nails, etc. and convinced his family and friends to put up the house in one Saturday? That was your 25 meter jump. That took alot more courage and money, when you were only living from savings. "

That was here in Saint Lucia, and was something that felt So right and So good, its impossible to describe. Then came the following experience : the finances had not gone the right direction, but we managed to stay afloat. One friday afternoon, we walked in Castries, after visiting alot of places and apparently two young fellows had followed us back to the car. The moment I had entered the car, openend the windows since it was very hot inside as the car stood outside in the hot sun, a hand grabbed inside to take the pouch I had just put in front of me behind the screen. The pouch contained my months income from massages, the two tickets we had to buy as you are required to have at all time when staying on an island before you become resident or citizen. They ran away, I chased them for a while but lost all track in the suburb, narrow streets and had to go to

the police station afterwards.

CMAton spoke on that dreadful incident: " Remember that left you with only 650 dollars in total, not enough to pay the next months rent and both of you prayed very hard for help since you did not know how to make ends meet, except for working hard, but that would not be enough ... Remember when you spoke to your mom on the phone the next day, completely out of the blue, she offered you help without you even needing to ask for it. Something she had promised to your brother that she also wanted to come into your hands to keep the balance? That was your 10 meter jump, and look what came out of that ? This was relying on pure faith and sticking to your guidance. "

I can safely tell you we are not rich, ... actually, yes we are, very happy and healthy rich, but since that ' incident ' we never lacked anything anymore, on the contrary.

Did CMAton ask me these questions because I am about to make my 5 and/or 2 meter jump or simply to be an inspiration to all of you by telling you what really happened to us, or are we ALL about to make our 5 and/or 2 meter jump, I don't know. But I do know one thing, I am not a hero, I am not John Wayne, but I honestly think, when I would recognise the next jump upfront, CMAton will not have to ask me, if I would ... That is why I always ask for His Will upon anything I do, since I KNOW WITHOUT A SHADOW OF A DOUBT, HE ALWAYS HAS PROTECTED AND SAVED AND HELPED US, ... ALWAYS AND IN ALL WAYS ...

Good night,

Love and Light,

Johan.

Sunday Meditation Feb 26, 2012
By CM and Johan
Feb 26, 2012 - 9:02:43 PM

Good Evening to my AH family.

Just a while ago I Connected with CMAton to know His Will upon this evenings and tomorrows AH Sunday meditation. He asked us to stay with the same directives, issued yesterday and the day before, but asked me to return to meditation right away in order to receive the following visual He wanted me to share here as extra information, knowledge and insight, perhaps helping you towards your meditations :

A big wide trompet type of form, like the old grammophones came visible and the word that came out of that kind of loudspeaker and that was repeated many times was : ANNOUNCEMENTS, ANNOUNCEMENTS ...

Of course, I asked for clarification, if this was the announcement of the Announcements or what was the purpose of this, as we all kind of expecting announcements anyway and the following visual clarified this : An Angelic Being was hovering/presented like in the extended direction of my minds eye and He presented Himself as AAMichael. He said : " We are coordinating many activities as we speak to make genuine announcements possible as many things you have been waiting for will come to pass or have been taken care of. The risk of less genuine announcements stepping up and further clouding and fear mongering the population are too big of a risk what we are preventing by clearing the way for our own Genuine Announcements ALSO BEFORE emergencies should be forcing us into Stasis as the time left is short now. Be on the lookout and remain vigilant and follow up on AH where Guidelines will become readily available. Esu came to mind, but merely as confirmation, as it was impressed upon my heart that he was too busy to talk right now so he send his energy confirmation of what AAMichael just explained.

Then CMAton send his regards to all meditators especially, and he confirmed his support for the Reiki that I felt Inspired to send to all of you, all of us at AH, especially the meditators cognito and incognito.

That was my meditation, report and directive at the same time.

Love and Light,

Johan.

I think this below is the previous suggesion being refered to, if not, it's fine anyway!-C

" I would like all of you to concentrate, focus, send your Love and Light to the Higher Energy, Higher Frequency that is present AND increasing as we speak, ALL WITHIN AND AROUND THE GLOBE. The purpose is to connect yourself through your Higher Selves with that Higher Energy that your Mother Earth is undergoing right now and receive Guidance in the process how to

adapt/prepare yourself to the maximum, what to do to bring you up to standards that will make this transition as easy as possible.

As you have seen on the front, time for sitting by is over. Please put your knowledge to work and allow yourself to be properly Guided by Connecting regularly as even the entire fleet is not on standby anymore, but on full alert for any eventuality. As last resort, the dark are trying to disguise themselves, trying to hide, trying to diversify their operations and command centers but nothing goes unnoticed by us and it is too late to play hide and seek. They are on our radars night and day.

My Beloved Warriors of the Light and starseeds alike, we are entering terrain where predictions and forecasts are impossible, where YOUR RADAR will help you in knowing what is up next for YOU, where YOUR Connection will explain what you need to know and do. Your vigilance and frequent checking AH will be helpfull, but Connect with that Higher Energy surrounding you, what might cause more symptoms now. Absorb it, ask your Higher Self to help you getting accustomed to it and Advise and Guidance will come through. The Divine Intelligence Within You knows what to do and how to adapt if necessary. The perfect attitude towards that goal : LOVE ... that will help you to raise your vibrations. Apply it, demonstrate it, share it, use it. In giving you shall receive. Allow Love to be your closest aly, your friend, Guide you at all time and in all situations. That will be all for now. Salu. "

That is in His words, what CMAton asks us to pay attention to and always work through your Higher Self.

Love and Light,

Message 92: SEEING ETERNITY AS PART OF THE EQUASION

By Rosie

Feb 26, 2012 - 2:17:47 AM

Message 92, 25th February 2012

SEEING ETERNITY AS PART OF THE EQUASION

R: Dearest Seraphin; I have the feeling that you want to tell me something about ETERNITY.

Seeing the way most people live, ETERNITY does not seem to be part of the equation.

S: You are right in this, Dearest, in that eternity is far away from the thoughts of men and women living on this earth in seeming isolation. But know that you live on the farthest outskirts of a living and ordered universe which breathes in and out continuously in regular cycles of time and non-time. To describe this process in the words you have at your disposal would be necessarily limiting, and ETERNITY is the exact opposite of limitation.

To be unaware of eternity means to be imprisoned in a finite time capsule with your focus on death and fearing all signs which lead to this permanent end. And end seems to suggest that nothing carries on, that nothing ultimately matters, that one should “make hay while the sun shines”, that one should explore every avenue for the fear of missing out. But we say that every experience which is “missed out” (that is: every experience or lesson deemed necessary on the spiritual path) will be “filled in” or repeated (if not yet fully understood) in the next life after “death”. Thus, you are never in a limited prison and you can therefore not escape into dark oblivion, never to be seen again. It is not possible to sweep dust under death’s carpet because it will “resurrect” with you, and you may choose to get out your dustpan again and keep collecting the dust from one life to the next UNLESS YOU ONE DAY ASK YOURSELF WHERE THE DUST CAME FROM, AND RETRACE IT BACK TO ITS PLACE OF ORIGIN. ONLY THEN CAN THE SOURCE BE RECOGNISED AND THE DEBRIS PREVENTED.

To be aware of eternity means collecting wisdom, collecting skills, collecting experiences rather than collecting dust or bad karma to be carried on into the next life.

To be aware of eternity means regarding your body as a vehicle for the soul rather than as a show-case to attract other show-cases.

To be aware of eternity means forging friendships, learning from encounters and incidents, and moving on without drama or regret to new friends and new encounters.

To be aware of eternity means having an unshakeable belief in one’s own potential to develop, to increasingly show unconditional love and to excel in creative acts, for there is ALL THE TIME IN THIS WORLD AND THE NEXT TO PERFECT ALL THESE.

To be aware of eternity means knowing that the only way is up, however many hairpin bends it may take, however many pauses you require, however many times you may decide to go down the mountain and climb up again. And when you do reach the top, though it may have taken millennia, there will always be another horizon, a new chance, a new offer of fulfilment, a new challenge, and a new joy.

EVERYTHING IS ALWAYS NEW IF YOU KNOW YOU ARE ON THE ETERNAL PATH. AND YOU WILL TRAVEL IT ANYWAY, WITHOUT KNOWING OR REMEMBERING, UNTIL YOU KNOW AND REMEMBER. THE ETERNAL PATH MEANS ETERNAL CHANGE, the only constant being the divine hand which reaches out towards you and which wraps itself tightly round your fingers.

Let your knowledge of eternity impress upon you the futility of wars, for battles cannot be “won”. Those killed are not killed. They live to eventually remember their experience, and so do you. They form part of your future karma as part of the cosmic laws of balance.

Let your knowledge of eternity impress upon you the absurdity of having “no time”, and may it release the fear of obliteration and loss of loved ones. For they live on in a not yet seen dimension just beyond the next mountain range, a little further along the way. In this way you never “lose”

and you cannot be lonely.

Let your knowledge of eternity fill you with the boundless joy that your journey is sacred, every step moving towards more understanding, more in-depth perception of your motives and desires, more development of your skills, and more satisfaction in an uncomplicated life of absolute clarity and devotion.

In the end which is not an end, everything superfluous will be pared away, and you will sail blissfully through perfectly clear waters, with complete poise and confidence in your abilities, serene and content, spreading light on your way, with constant trust in your divine compass, towards your chosen destination. May constant happiness be yours, many constant service be your ultimate goal, and MAY CONSTANT MOVEMENT THROUGH ETERNITY BRING YOU THERE.

We love you, Seraphin.

Your self-bestowals

By Eve / CM

Feb 27, 2012 - 11:05:46 AM

Your self-bestowals

CM through Eve

24th February 2012

Hi Eve, this is your Big Cheese! I shortly want to comment on some phenomenon which is very common among you. So many of you are in deep regret to have become incarnate down there and cannot understand how they ever agreed.

(I have heard a lot of people complaining during the time I have been doing my job here...and once in a while I was complaining myself.... E.)

So, let's have a look at this, going back to the time you were planning your incarnation one can clearly see that most of you were electrified to go into service this way. I'm not talking about souls still occupied with their ascending career, I'm talking about fully educated and graduated universal servants, either from Paradise, from the Central Universe, from the Super Universe, trinitized, etc.

Many of you were pretty fascinated about my latest and 7th self-bestowal - and from that time on self-bestowals became - especially on Urantia - very common, almost trendy. ... not just for reasons of proving loyalty, but also for taking an extraordinary chance to move something and to prevent my work on the planet from becoming extinct.

Many of you have followed my model role, by offering self-bestowals, to „a few" up to „many" and even „not so nice endings" were not able to prevent you from doing it again and again. Many were really astonished about finding out about the immense degree of density and amnesia, and some even struggled a bit. But all in all, without this incredible support and service, the torch would not have been carried on. I wish you to remember that, when you seem to break down crying the next time. - well, not very much longer! I wish you to remember that your true wealth is not material on this world and that your true home is in the kingdom of heaven. You came into your incarnations as my ambassadors, as the celestial troops to demand and claim the earthly battlefields back on my behalf.

All of this is trouble you perceive is pretty much a question of how you place your personal view.

You can regard the famous glass half empty or half full. You can complain about losing wealth, but you can also perceive that your weight of dealing with wealth was eased.

The conditions of the surface of Urantia offer an immense potential for developing creativity, not only to you, also to us as conductors of this project-... all in all this project would not have been possible without these many volunteers, who followed me in regard of my self-bestowal. You did not simply become incarnate, you bestowed yourselves.

It was hard to find suitable possibilities for being born and many of you even took the hardships of a terrible family, just for the sake of getting a body and knowing you would have to lift yourselves out of the mud later and come into power. Many embryos which would not have been suited for carrying your big souls had to be adapted and modified aboard ship, so that to more universal beings could be offered a possibility for bestowing themselves to the planet and humanity.

This project has always been a joint venture between you and me, even if you have not been able to see it so clearly as I had wished so far.

To many of you it's not important to find out about their cosmic identity- you are simply there in service, contributing in highest possible ways, while you are enlarging your storehouses of experience to make even more valuable service and contributions - wherever you may go and serve in the future. Your self-bestowals are granting you highest honour in the eyes of the administrative higher ranks, as it is always the greatest gift that can ever be given... to bestow yourself for the sake of the Father's will to be done, and for the implementation of the Greatest Good of all.

Remember - nobody forced you to come here... every self-bestowal was in agreement and a volunteer act.

CM, will you allow me a question?

Certainly, Eve.

How does it come that I feel you somehow tried to „convince" me to come back here another time?

(laughing) I did not try to convince you, I just suggested another go-round in relation to many benefits which could then arise for you after the big finale... understand... as a win-win-situation... the offer was simply attractive enough to make you sign...

That sounds pretty much like the common habits in economy.

You were clearly able to see the benefits which would arise for you, my dear, and even more you were able to see the benefit for the development of this planet. If you need someone to blame for making you become incarnate another time, you may bash me of course, but if you are honest with yourself you will admit that you have already graduated much more than you thought you'd ever do, up to simply leaving some „footprints" in the hearts of some of your co-travellers. Just love can propel that, love combined with dedication. All of you should daily ponder about how you can make these last days of your self-bestowal most efficient. I'm with you and I'll always be, I wrap you in my arms while you go on shining through these final days.

Always yours, Big Cheese, Christ Michael of Nebadon.

Sunday Meditation March 4 2012

By Johan/CM

Mar 4, 2012 - 3:51:59 PM

This Sunday morning, as I was advised last evening to wait for one piece to be added to the visual, I Connected with my Higher Self and CMAton to see what this extra part would be and perhaps see the full reason for it only to be brought forward this morning.

Last evening, the visual showed two people arguing with one another. It was a heated debate going out of control, getting nasty and it was put upon my heart that this was only the result of two people not wanting to accept each others opinion, but narrow mindedly holding on to their point of view, or what they were told, or asked to believe, like this was all the truth, or the only truth in the world. Nobody got any wiser, and they ended up being enemies over just some different experiences and not being able nor willing to listen to the other and coming to the constatation that this was truly the other party's experience.

A third party had to come and intervene, separate them to restore balance.

This morning, the visual continued : The third party this time was not fair and balanced either, but was influenced, rigged, payed, corrupted by one of the two parties to let the conclusion, finding, argument go completely into their own direction. The United Nations came to mind. NGO's came to mind. Governments came to mind. Bankers came to mind. This led to no solution but to the extension of the fight or argument that the two parties started with in the first visual. So no progress had been made, on the contrary, no fair and balanced conclusion or solutions reached, the truth not brought to the surface by laying both opinions together and accepting both as being their limited experienced truths.

Ok, now I understand why it had to wait till this Sunday Morning, as I am just Inspired : since that will be part of our extra directive, next to the AH Sunday Meditation, next to Connecting with our Higher Selves and asking what it is we need to know, and follow that Guidance from Within, and focusing on the major players involved now: Mother Earth, Fleet fully at work and on stand by, and for us, AH as CMAton's Second Coming Organisation. We are asked to also concentrate on applying the visual but in the CORRECT version. To learn to keep your cool and balance and step back and learn from other point of views, to apply restraint in not wanting to argue for the sake of arguing, not wanting to WIN and making things into a battle or competition in being the victor in any discussion or debate, but to learn from the other side their experience, not by belief, but what they truly have experienced or know for a fact.

This also includes people being hungry to find more sides to a story, to research for themselves, to search for other sources. The meaning of this is : to see how it changes our lives if we are only hungry to DEAL WITH THE EXTENDED VERSION OF OPINIONS, GETTING US CLOSER TO THE OVERALL TRUTH, not wasting time to petty fights merely over petty opinions, as this can already change the climate in our households, communities if we succeed in making others interested or convinced things can be approached differently and with an much wider open mind.

I think CMAton is trying to make us conscious how much time and energy is wasted in defending personal opinions or point of views, and that this is rampant not only in smaller circles but on much larger scale. Personal opinions can grow into forcing your will upon others, keeping others in control, having agenda's that only serve a few and go against the free will of others. That this is how the world is run for the moment, AND happens ofcourse mainly to block/prevent others from evolving, from growing towards Truth and Knowledge, from discovering their True Self, the Divine Power laying dormant Within, their FREEDOM.

Also rampant : If everybody says they already know everything and they defend their point of view only, often out of lack of desire to know more or even making the effort to change their point of views, then that is the end of the road for growth towards Wisdom. The same goes for

government, religions, politics, corporations, for the entire society, where Spiritual values, Love, Knowledge, Honor, Respect, Truth, Trust have fallen by the way side and been taken over by commercialised concepts and narrow minded pushing and fighting over ' opinions, ' OR VERY SPECIFIC MOSTLY RELIGION, MONEY, GREED AND POWER DRIVEN AGENDA'S.

Lets make an effort to be open minded, to hunger for truth further then our own experiences, to show respect to others trying to prove their point of views and bringing it together to add to the fabric that will show an overall picture of insight or knowledge through TRUTH SEEKING that never stops and that only leads to increasing WISDOM. A road that is never ending, never finished. Lets start in our own hearts, minds, households, families for the time being, to have the right mind set/frame of mind for what will be prevalent after the Big Shift, after closing this chapter of human society as it is IMPLODING on itself as we speak.

Love and Light,

Johan

Meditations of Johan/CM 2/25 to March 5

By Johan/CM

Mar 5, 2012 - 11:09:22 AM

February 29, 2012

CMAton had asked me to Connect at 1pm and at 5pm which I did. The 1pm was a little later and it was put upon my heart to post both brief visuals together, which I just did. CMAton wanted me to share the following :

1 pm : I saw a whirlpool type of pulling, pulling something over the edge, towards the inside and I realised I saw big amounts of energy being pulled in a vortex type of direction and it quickly moved into a spiral, turning from very big and wide towards a fine point and it was put upon my

heart it needed massive amounts of energy to get this vortex started, and to get to that fine point, it takes alot more speed and power to move the massive amount of energy. Ones you get on the other side of that fine point, it all starts to unwind and slow down towards the big and wide structure untill a new vortex starts all over again. A constant contraction - expansion, male - female, from stillness to movement and back to stillness, from slow to fast and back to slow, but each time an octave higher, each time a new cycle, each time a new spiral ...

I understood that we are about to get to the fine point, so we better hold on since that roller coaster is about to spin a little faster ... but once we went through the eye, the fine point we would unwind and slow down, not because the environment was doing so, but because we get used to the new environment with new attributes, possibilities rather quickly. It then only takes a steady amount of energy to keep going untill we decide to be part in a new vortex/experience/evolution path again.

5 pm : This time I had enjoyed some sungazing to the west just before the sun went beyond the hill, then the rain started coming down hesitantly, then the wind started to pick up, and standing on bare feet in the garden, I was kind of overwhelmed by the remnant of the sunshine, the slight rain, the wind, feeling mother Earth and this set the tone for the next visual that CMAton asked me to share :

I was moving very fast in a tunnel of light, but I could see the light particles of the tunnel construction itself, surrounding me like a tube while I moved inside very fast. Then things slowed down and a light particle became slowly bigger and bigger while I was approaching, nearly at the end of that tunnel and upon leaving the tunnel and arriving in open black space, that light particle had come closer, bigger and I simply could not stop me from moving within that light particle, by now the size of a house. Inside, I could now see the light particles of that house size of part sphere, part cube, difficult to distinguished where what ran into the other making the outer perimeters while inside it all looked clean, pure, formless. Only one thing was upon my mind : ONENESS IN LIGHT... all connected, all ONE.

CMAton came in to encourage me to look to a new scenery within that space. An arm was taking light cords from different directions and brought them together very quickly, like somebody taking treads and weaving them quickly together.

Now CMAton explained : " It is a anology to make you understand what the fabric of life is all about. Light coming from everywhere, coming together and forming a new fabric that will carry you to the next fabrication, tremendous amounts of influences from all over, that you can use, or that you can exclude through allowing your Higher Self to pick out for you what is beneficial to your growth, evolution, souls purpose and souls choices and weave your own path, your own fabric of life to carry you for a while, to carry you forward through new experiences , untill its that time again to weave a new fabric for you. Some of the other Lights, Souls, Humans might be a tread in your fabric again, other will drop out when lessons are learned and those type of experiences are no longer needed. "

Wow, quite the experience for myself. It was also put upon my heart to ask you guys to take a moment and reflect upon that or re-read it and ask your Higher Self what that means for you, and thanks for sharing what was elaborated to you.

Love and Light,

Johan

I saw a cup of black coffee ... and had the impression a spoon could stand up straight in it, so strong it appeared. It was put upon my heart : People look for external fix me up - help aids ... coffee, cigarettes, drugs, booze, TV, pharmaceuticals, doctors, chatrooms, unhealthy food, music, cars, positions, money, etc. , whatever the dark have invented to numb your mind, stop you from thinking, Knowing Truth, Knowing God, Knowing Yourself, what ofcourse has created the society it has become.

As you Light Workers, Light Warriors, Star seeds already know, ALL YOU NEED TO KNOW IS WITHIN. And since Knowledge comes through Thoughts Within the One Mind, this will Guide you, Support you, Protect you, Satisfy you, Inform you, and keep you away from the mind numbing products, mind games, occupations since nothing of that will make sense, will stand for common sense, will stand for truth in the first place.

Even for Light Workers, Light Warriors and Star seeds, it would amaze you when each time you find yourself at cross roads, each time you doubt or you have questions, and you would write them/that down, while following your Internal and Higher Guidance, how many times you would not be amazed how the solution, the answer, the Guidance came through, even if you forgot all about asking in the first place. Try it out as much as possible and amaze yourself, for you better stand ready to be seriously amazed to say the least as alot is happening in the good direction now.

Love and Light,

Johan

Then I arrived by asking CMAton for His Will upon my session, which He considered fulfilled already and He asked me to share the following visual that was both personal yet informative and broad to share, as I was asked to do anyway :

A face from a man laying down, with beard, and his lips moving came to mind. I looked from upclose to recognise him and perhaps to understand what he was saying or teaching or uttering, but only when his face come upright, I recognised an older, ancient well known face of Aristoteles.

Rather surprising to see, but he share that the language was not important. The content of what was shared was. And that too many errors and manipulations and translations had occured using

and difusing people with different languages. That he now also knows if only society had UNITED themselves through the only worthwhile speaking and knowing language, THE LANGUAGE OF LOVE, then we quickly would have overcome different ways of speaking, addressing by develloping one Universal Way of expressing us. He also mentioned that ALL KNOWLEDGE LIES DORMANT WITHIN US, as within us is the SPIRIT IN ALL THAT IS, in ALL THAT LIVES, in ALL THAT EXISTS ... and Connecting with that KNOWLEGDE is more important than all the different speeches or languages, just to drive home or prove a point, which is still only a point of view when it comes from one man, one women, one party. Connected to the ONENESS IN ALL, to the SUPREME INTELLIGENT POWER (THOUGHT, MIND) that is the ESSENCE of who we are or where we came from in the first place, will not bother yet respect point of views, but bring them together untill a consensus or total understanding is reached, to the benefit and highest purpose of all involved ... A good thing to keep in mind, as I am also hungry to know and have indeed enjoyed a tremendous increase in knowledge since learning to Connect with the Source of that Knowledge and Wisdom and Truth and Love and finding AH and its ABUNDANT HOPEFUL TEACHINGS in the process.

Love and Light,

Johan

This was satisfactory for CMAton when I asked Him for His Will upon this session and He asked me to share this brief visual :

men were moving on, all with caps over their heads, thinking that nobody would see them or know what they were about, what clearly smelled and looked like HUGE MISCHIEF, ACTUALLY PERPETRAITORS ON THEIR WAY TO DO ALOT OF HARM.

CMAton put upon my heart : " They think we don't know or see them, but we are following every step and move they make, and will stop them in their tracks, caught red handed, what will bring more evidence against them in courts and counsils later. They do not know, or ignore there is only One Power, One Essence, One Spirit, call it Supreme Intelligent Power, Life force, that makes up ALL THAT IS, ALL THAT EXISTS, and also they are part of that, and known to us what is going on.

Let this be an example, My Beloved Light Workers, Star seeds, People in the Knowing and Accepting and Trusting, that when you work in alignment with that One Spirit, through its main characteristic = LOVE, you will know Life More Abundant beyond your imagination for now ... but go against it, and it will cost you dearly ... by your own choice and harder lessons to learn.

Let me repeat that one good deed, one good act, one unconditional service to others, one friendly gesture and greeting is worth more than a thousand prayers ... and although there is importance in prayer, there is far more importance in LOVE - PRACTICE ... Nothing you don't know by now, but what all can use a lot more PRACTISE OFF, and it really starts ' WITH THE VERY LEAST OF MINE !!! ' Salu and take care. "

March 4, 2012

Upon asking to know His Will for my session, CMAton advised me to stay with the directive, what I carried out to the best of my ability. CMAton had already shared a brief visual, since He obviously had other urgent matters to deal with. The visual showed me the following scene :

An older gentleman his face became visible but he clearly had no eye sight anymore. Totally blind, he used his other senses far more efficiently and accurate than us, relying on our eyes, and actually only noticing, IF WE EVEN LOOK, what is to be seen, and ignoring or not even using our other senses at all anymore. If we don't see it in front of us, we don't know it. This older gentleman had seen before, so could imagine how things looked AND had developed his ' sixth sense ' , his Inspired information shared with him upon asking, and he managed very well to get through life without complaining as he was at least grateful for the many years of good vision before.

It was put upon my heart that we should also develop a ' BLIND TRUST ' AND BOND/RELATIONSHIP with our Higher Self and like the older blind man, even without Eye sight, to make the best out of it, when INSPIRED from Within, even if we did not see things in front of us. This is the way of working later, and I was told that for the short period left, we should take the opportunity to feel comfortable learning to work and trust our Higher Self who does not lie, cheat, manipulate, etc ... in other words, THAT WE CAN FULLY BLINDLY TRUST. It is up to us to practice and develop and improve and trust that Bond/Relationship blindly ...

That was it for tonight,

Love and Light,

Johan

March 5, today

Then CMAton asked me to share the following visual :

I saw a bird, a predator, but also DRONES came to mind, flying high and looking down on territory, to know what is going on and reporting back to the commando basis via infrared or other camera's. What the people involved and the bird, predator, drone did not know was that it was watched aswell, and whatever info, data was send back to the commanders or the base, was intercepted and seen by Fleet, who knew what was seen, what was reported and the decisions that were made, so they could alter the cause of action or prevent stuff from happening.

The secrets from the dark are OUT and very well known to the forces of Light, but the right time for action is determined in the highest of details and perfection, ofsetting the dark very much. Also the media will start to release stuff that might cause mighty confusion aswell. What was put upon my heart : there is alot of rethoric and big time talk going on, there is also alot of action going on that nobody knows about, what keeps the fleet on high alert, but THERE IS ALOT OF CONFUSION AMONGST THE DARK, since whole sets of shackles in the chain of commands are missing, are taken out, are neutralised, or are deliberately allowed to run its course to give the impression all is ok, but are taken out the minute malignant action or decission or orders are given and evidence is collected. Its warfar against warfare, but via completely different means and intentions, but warfare nevertheless ... An epic battle comes to mind ... That was it for this morning.

Love and Light,

Johan

coded message1: To the dark ones in knowing
By Thru Kibo

Mar 10, 2012 - 11:00:05 PM

coded message1: To the dark ones in knowing
This is a coded message

This part of the message is for you dark ones that know ye are dark.
You do not want to read this
You do not want to read this because
It will reveal to you the truth about yourselves
And your self...

You know that the time has come to do that which was agreed upon
Not just here and now
But in an other place
Far removed and before

You wanted to experience fear
And now you have
You have discovered for yourselves
The dimensions of fear
And what total fear forces you to become

You did this to fulfill a purpose
MY purpose
I EXPERIENCE EVERYTHING
I AM ALL AND EVERYTHING
I EXPERIENCE MY SELF

And I experience you
Now
This experience is over
A new experience begins

I offer you resolution
I offer you comfort and joy
And an end to fear
And an end of fear
Ye need not fear anymore

Ye have served your purpose
And now
Now
It is time
To claim your reward...

Ye may return to WHAT I AM
Ye may continue
Or not continue
The choice is yours
But I already know your choice
I know all of your choices
I made them

I made them in you
You
You are what I am
In expression
For the sake of experience
Made manifest
For the sake of demonstration

Mine is The One Life
I share It with you freely
I share with you
All that I am
Love, Light, Abundance
I Am all these things
I Am Life
I share it with you freely

I offer an end to your pain
Ye may give up your self
Or keep your self
Ye may return to ME in full
Or return to Me in continued service
You will return
Because there is nowhere else for you to go
There is no escape from What I Am
Ye may choose uncreation
And return to me in full
With nothing of your self in being
And know the infinite, eternal bliss of unity in What I Am
Ye may choose to continue
To serve a new purpose
Walk the path of Love and Light
And return to ME
A being made perfect
With all of your self in being
Knowing the infinite, eternal bliss of unity in What I Am

Let us cut to the quick
I already know the outcome
I AM experiencing the being of it in manifest expression

I know
You are afraid
I know
You fear all and everything
You fear What I Am
You fear me
You fear the destiny you have all but forgotten
You fear what you do not understand
You do not understand My Love for you
You do not understand My Light in you
You do not understand My Light
Covering all darkness

You do not understand My Light
Within the darkness

You do not understand
Why I allow it to exist
Yet you embrace the choice of it

You know the great fear
The fear of being completely alone
But you have never been alone
The fear of complete separation
But you have always been
In the One Life
The One Creation
You fear your self
You deny that I AM that self
Your denial of true reality
Has cost you dearly
Your pain is deep
Your fear has dis eased you
You have sought to place others
In more fear of you
Than your fear of Me
But your fear of Me is so great
That you know me as your enemy
I AM Not Your Enemy
I AM Your Father who loves you
You have made all who love Me
Your enemy
But they love Me
And so
They know what it is you fear
And so
In the end
It is not you that they fear
They fear being like you

Alone and afraid
With no protection
No direction home

But I AM showing the way home
It is a long journey
Longer than you had the courage to make
Yet
Your courage showed
When you took on these dark costumes
For the sake of example
And so

I offer you resolution
Opportunity
To continue in service
Or be taken back in the bliss of the One experience
And lose your self at last....

This is a done deal
There is no escape
I AM ALL IN ONE
I AM ALL AS ONE

Deep down inside
You know the truth of this
You know you were playing your part
You know that your part has come to an end
And you make what you see as decisions and choices
Planning and reacting
Denying the fact
That this is ME
This is Mine
I CREATED THIS
I OWN IT
It does what I intend for it to do.....serve MY purposes

It doesn't matter what you do
It's already done
I AM with you always
I already know
I knew before you did
I AM THIS!

This is simply the best time
The best time for you to remember
Who and what you really are
And not just the role you took on

I know that some of you will choose uncreation
I understand
I Love you
I thank you for the pain and suffering
You had to endure to make this happen
It's over now
Snap out of it
And rest
Accept My Love before you go
Our embrace will be that much sweeter
But either way
You will touch upon
The bliss of unity
Before you lose your self
I give you that.....because I love you
I made you
I made you to be in Love

Not be in fear

Duality demands learning both
In order to achieve perfection

You may still have it

You can live in more love and light
Than you have ever lived in fear
You can have that
Take my offer
Those of you that are so inclined
Just a heartfelt decision will do
WE'll take care of the rest
The clock has already clicked down...
Don't delay
Act today.

coded message2: For the unknowing and unaware, ensouled humans of Earth Shan Gaia

By I thru Kibo

Mar 10, 2012 - 11:15:08 PM

coded message2: For the unknowing and unaware, ensouled humans of Earth Shan Gaia

This is a coded message

The majority of the people that this message is for
Will not see this message
They will not read it
They will not know it
They will not care

YOU
Are reading this
Because
You are starting to see
That you have been looking
Through a dark glass

You are starting to hear My voice
From within a long, dark curved tunnel
You know there is something ahead
But the light of day eludes you
Because you think you are walking a straight line
And you are walking a curve
So
You do not see the light
That awaits just ahead
But it is there

I AM Up Ahead
I AM What Awaits You
And I AM with you
Even now
As you read these words
I AM with and within you
I know
I know what you are about to go through
And I want you to know
It's alright.

I created you in perfection
I gave you everything
I taught you everything
I created you like unto My Self
Yet
You had no experience
And so
I sent you out
In consciousness
Into the realms of experience
Set up limitations
And parameters for you
To learn from
To overcome

I gave you the freedom of choice
And the consequences of your choices
And you became experienced

And now you are here...
You asked for this
You accepted your forgetfulness
You wanted experience
You wanted to play
To learn
To grow
To evolve

Have you?

Are you sure?

Ye ones have not crossed the lines
Of fear or love

There is fear and love within you
And you run
Within your selves
The gamut between them

Yet you know not what you do

You came for the experience
And you are having it
You concern yourselves
with your jobs and careers
your accepted education
your games
your sports
your media programming
your finances
your politics
your religions
your sex
your race
your affiliations
your groups
your friends and families
your pets and hobbies
your sexual appeal and abilities
your place
your status
your ability to get along
or not.....

you think of me
and you don't think of me
you accept what others tell you

or not

all depending upon
what makes it good for you

you search for answers
everywhere around you
for the questions
that you have no words for
and you will not
be still
to see
to feel
to listen to
to listen for
to hear
the answers that are within you
I AM THAT ANSWER
I AM WHAT IS WITHIN YOU

You know this
Deep within your self
But you dare not go
Beyond the shallows of your surface
So
I do not appear to you
To pay your bills
Or find you true love
Or
Save you from yourself
The consequences of your choices
So you let it go
And concentrate
On what's really important to you...

Making it

Whatever that means
To you
for wherever you are

I understand

But appearances
Are not as they seem to you

I have news for you

You do not know all I do for you
You don't know where you are

Let Me educate you.....

You exist in My Thought Of You
I think of Myself as you
I AM leading you to Perfection
That you may be WHAT I AM

You think that you are on a planet
You think that the rules on the planet
Are all that matters

You have been misled

You are
In reality
On a planet
In a universe
In a universe of universes
In My consciousness of being
WHAT I AM

I AM WHAT I AM

You are in WHAT I AM
You are of WHAT I AM
You are
By and through
WHAT I AM

You have been lied to
By fearful and selfish entities
For the sake of
Creating and maintaining
A separate system of consciousness
That seeks to exclude ME
From part of My Own Creation

This was allowed for the sake of experience
You came to experience this separation
And now you have
And now it is over

The bell that signals the end of this class has rung
Can you hear it?
Did you take notes?
Did you get it right?
Did you remember anything that we gave you
Or did you take the words of others
And copy their notes as your own?
Behold

You have been tested
Did you give your own answers
Or somebody else's?
Do you know the difference?
Did you know there was a test?
We told you
We sent teachers
We scattered clues everywhere
We explained the truth
We sneaked it into your media
Your internet
Your conversations
And the conversations of others
Even put it on paper for you
Did you get your copy?
Is it the right copy
Did you get it from Us
Or
Somebody else?

Do you see where this is going?

Are you wondering what this means?

It means that Graduation Day is here
And some of you will have to take this class over
Some of you will be sent back to
Earlier classes
A grade or two, or three.....

Some of you are from other places
And will be going home
With lots of stories to tell
And a well earned rest
While you get back to reality.....

Some of you are from here
And some will be able to stay
And some won't
Some passed
Some didn't
Some will graduate
Some won't

Everyone graduates
Eventually
All of you will get there

Right now
The rules you live by
Are crumbling
Sinking into the quicksand
Of the lies they were built upon

The rules of your universe
The rule of your universal creator
The rule of My creation
The rule of What I AM
Is upon you all

The Truth is upon you!
If you have not taken the time and trouble
To find it within yourselves
If you insist
Upon getting it from others
Outside of your self
Then I shall oblige you

For some of you
This will feel like a slap in the face
For some of you
It will be a soft, loving caress
Either way
Soon
It will be in your face

Prepare ye your soul if you have one
Let there be no fear within you
You are light within light
You are love within love
You are I in I

You do not remember
Who and what you are
In WHAT I AM
You are one
You are all
Soon
Your separation
Will fade away
Light will dispel all darkness
Truth shall destroy all lies
Love will ascend you out of fear
You
In your experience
In your consciousness
In your choices
Have demanded
And created the need
For this experience
I
Have given it to you to do so
That I may provide it
For the sake of demonstration

Darkness shall never overcome Light

Fear shall never overcome Love
My Word does not come back to me void
And My Word is in you

The power of that Word
Is being made plain and evident to you
Prepare ye your selves
To know the Word within you
As It is manifest around you
And remember the glory
In which I created you

Remember the glory
To which you will
One day
Return

This is My promise to you
Perfection awaits you
It is your home

Remember your promise to Me
Make the journey
To reach it.

coded message3: for ye lighted ones in knowing awareness that have served unto ascension

By I thru Kibo
Mar 10, 2012 - 11:28:28 PM

coded message3: for ye lighted ones in knowing awareness that have served unto ascension
This is a coded message

This message is not meant for some of you that are reading this message
This message is meant for those that do not have to read it to know
This message is for those that stand and live
In Love, Light and Unity
This message is for those that have no fear
And know unity in WHAT I AM
This message is for those
That know WHAT I AM
This message is for those
That know that they are
WHAT I AM

I AM WHAT I AM

You know full well the meaning and the shape of this
Ye came to be in love
And so
In love ye are
And there is no fear in thee
Of any thing
You fear not even fear
For you know
That even fear
Does not separate you from
WHAT I AM

And I have been in you
And have experienced your overcoming

I have helped you
Only inasmuch
As needed to be done
To insure
The continuance of your path
All else has been yours
As you have asked of me
Of and in
And within yourselves
In your discovery
Your exploration
Your experimentation
Your convictions
Your faith
Your trust
Your absolute knowledge
Of ME

Of Who
And
WHAT I AM

And you have seen Me
And you have felt Me
And you have heard Me
And you have heeded Me

You have talked to Me
And talked with Me
You have accepted
That I walk with you
And have walked with Me in return

You have asked Me to hold your hand
And have held My hand in return

You have loved Me and obeyed Me
You have asked to serve Me
And be like Me
You have remembered and accepted My promise to you
And
You have remembered and followed through
On your promise to Me

Ye are ascending

You have worked the fields
In joy and good faith

You have done The Work

You have run the errands
Delivered the messages
Taught the truth
Revealed the lies
Warned the unknowing and unaware
Challenged and fought the darkness
Revealed the pretenders and false lights
That sought to lead the workers astray

Ye have fed the hungry
Given shelter to the homeless
Protection to the meek and helpless
Courage to the fearful
Love to those in despair
Companionship to the lonely
Clothes to the naked
Understanding to the confused
Peace to the aggressive
Learning to the ignorant
Instruction and direction

To the lost
That would be found in God

You know that all is one
That I AM in you
You are WHAT I AM
You are I
I AM you

Your operative field of consciousness
Is creation itself
And ALL THAT I AM

YOU ARE ASCENDING
YOU ARE EXEMPT
YOU ARE TREADING A HIGHER SPIRAL
OF THE GREAT SPIRAL PATH

WE ARE IN LOVE WITH EACH OTHER
YOU AND I

SOON THE WEDDING!
SOON THE WEDDING PARTY
SOON THE HONEYMOON
SOON
YOU WILL BE ABOUT
THE FAMILY BUSINESS
WHICH IS MY BUSINESS

THE PERFECTION OF CREATION BECOMING PERFECT!
ALL OF US AS ONE
CREATING CREATION UPON CREATION
EVER IN PERFECTION
EVER BEING PERFECT
EVER BECOMING PERFECT
ETERNAL
INFINITE EXPERIENCE.....

Ye ones are well on your way...
For now
Relax
Breathe ME in
Breathe ME out
Let us think our thought together
Let us feel as one
Embrace in one embrace
Let us come together
You and I
As we were ever meant to be

Ye ones have worked long and hard
Putting all things aside for MY sake
And for the sake of all involved

Now
NOW
It is time
The day is done
The harvest is in
The tables are set
Eat
Drink
Be merry
For today
Ye live
And ye shall live
Always and forever

Ye have known death
And know it to be a passing thing
A moment's lapse
Of rest and pleasure
Between
What is real
And
What is REAL

NOW
Death be behind thee
LIFE
Eternal and infinite
In
WHAT I AM
Is with and before thee

Many and most of ye ones
Are staying with
Thy mother/sister Gaia
To help and to heal
To teach and to learn
To love and care for
These
Thy brothers and sisters
In the great bond of life
Eternal and infinite
That will be
Ready
Willing
Able
To work and help besides ye ones
To create and maintain
This beautiful
Bright, blue paradise of a planet
That more than deserves
The faithful honor and respect
Of the whole of creation

For what she has endured
In simple trust and faith
In her Universe Father
And WHAT I AM...

I AM in her
As I AM in all things

Such joy in experience!

And so
She is being given a special place and part
As are ye ones
That shall stay with her

I have great faith in all of you
The days of harsh endurance are at an end

Ye ones have endured the darkness
Now
Endure the GREAT LIGHT

Ye ones have endured overwhelming fear
And have overcome all of it
Now
Endure the GREAT LOVE

Please
Endure the joy and pleasure
Of the Love and Light
That is upon you even now
Please
Endure the great glory of it all

I assure you
It is nothing
Compared to what is to come.....I

BLESSED BE ALL OF YOU, CHILDREN OF THE LIGHT.

By Siraya thru Johan

Mar 12, 2012 - 11:52:53 AM

**SIRAYA : BLESSED BE ALL OF YOU, CHILDREN OF THE LIGHT.
I AM SIRAYA.**

I would like to address all of those Fortunate Ones who listened to the unheard voice and looked at the unseen visions, DEEP INSIDE.

We have come a very long and complex way; there were alot of bumps in the road, to put it mildly, but the unwaivering stand and determination of Your Sovereign and enormous crew to see it through has surely paid off. Creator Source through his Creator Son of Neadon, Christ Michael, is reaching the High Standard Goals. The overall picture, as this process is not about Urantia only, far from it, is coming together nicely. Even if things, in the eyes of those in the knowing of the process at hand, still look bleak on the surface of your planet, not to mention the condition of the planet herself, the complex road towards completion is nearing its end. What seems VAST and IMPOSSIBLE, is very well prepared for and has been done before and can actually be manifested surprisingly fast. The resistance at your planet was equally surprising, but even they now know their days are numbered.

In this, I also must congratulate your Ancient of Days of Orvonton, who stood their ground supremely, kept a steady course despite the many changes to the original plans. These plans were adapted and newly implemented, with far reaching goals in mind.

We feel the tiredness and pain many of you are inflicted with since desperate times brought on desperate measures by those who keep their course against Reason, Logic, Truth, Divine Love and Light. We have all come together in Unison and informed those unfortunate ones of the consequences of their very tragic choices, and still, some wont even listen.

A specific end scenario is unfolding as we speak to serve ALL included. From Creator Source at the Isle of Paradise to the Fleet personel surrounding you, there is a clear sense of Joy, as we see the wider picture manifesting nicely.

No use in looking back how different, how better it could have been, as we often hear from bystanders. All efforts have been put into action to reach the best of results for as many as possible. That will form the basis for alot of future creations; some of which many of you will be part of, some of which a number of you will have leading roles in of all kind.

I like to extend my sincere appreciation to all those who carried their weight to help make this Great Shift a reality. It takes many minds and many more hands to accomplish such monumental task. May it be clear by now that Truth and Love from a few is far heavier, yet Uplifting, and valuable to be precise, then a majority of 'unfortunate unknowing kept in the dark' and their cunning leaders who are offered every chance to turn around. ALL are part of the Total Sum, and equally loved, but after all has been tried to increase the numbers turning towards the Light, each will be allowed to continue to exist where they deserve to be, with many who will most unfortunately call it quits.

It is their freedom of choice and that will make way for new creations, who will be Guided appropriately as many lessons have been learned.

You already know that the last mile(s) of a marathon weigh the most, but after you all pass the illustrious finishline together, your Joy will quickly overshadow any blisters, any wounds, any fatigue, any pain, and that wont be that long anymore. I am Delighted to see the mood change already by those who make a distinct effort each day to go Within and make good use in Trust of the wealth of information and Knowledge brought to Light. It is fueling your thoughts as co-creators already.

That is why I choose to open this message of encouragement with "To those Fortunate Ones ...", those who have ears to hear and eyes to see. BLESSED TO ALL OF YOU, BELOVED CHILDREN OF THE LIGHT. Lets hope many more may join you shortly after hearing and seeing, like you do.

I AM Siraya, in Service of Creator Source.

Love and Light,

Johan.

COMING HOME

By Eve / Adama of Telos

COMING HOME

This chapter is about to close

[\[link to neueslemuria.de\]](http://link.to.neueslemuria.de)

Adama of Telos through Eve,

22nd march 2012

[\[link to www.youtube.com\]](http://www.youtube.com)

Fly with me

Hi Adama, how is life up there?

Oh, sweetie, my dear, thanks for asking! We are excited when we observe what's going on upon the surface. It's much more than you perceive. Yes, the fate of the dark ones is now sealed the case is closed. The documentation is now being transferred to the courts, if not already there, and very soon the remnants of the Luciferian dark ages will perish and the trouble makers will be forced to take over responsibility.

While this chapter of history can now be regarded as closed, everything is being prepared for what was called "the Big Rip" and for the coming home of our brave hearts. As you might say down there: OMG I'm not sure if my knees will make it or get weak and just cease to support my weight when I'm about to meet the celestial VIPs, many of us say: OMG, we are "head over heels" on imagening this gloryful moment of having our beloved family members back in our arms.

Believe me, Eve, as I'm about to say that, tears are coming into my eyes. We may well plan the words we intend to say, but it may happen that they will fail to come out subject to our awe regarding the honour and imprints which have energized your auric fields.

To have you back in our arms will be certainly beyond words! You ones who have been in service up to the last hour will be given time to rest, to regenerate, to be loved and cared for, you will have your "time out" for a period, and we are anxiously striving to make you literally feel "as in heaven".

Many of you have dear ones waiting here for you, mates, who have been in sorrow about your well-being over a longer time, and we have prepared many towels to absorb the rivers of tears coming from the springs of joy.

Finally, everything turned out much differently than originally planned, but you know, Eve, if something does not manifest, it's always for a certain reason, at last it turns out that the final results are much better, improved, even if you fail to be able to see it now from the perspective of where you dwell.

Everything is prepared for the coming home of the ground crew, this will be the most powerful reason to celebrate we have ever had since the dark Luciferian ages have kept holding this planet wrapped in separation.

Now, Eve, you will hopefully be in peace with the prolonged scenario up to the finals in the now and I hope you enjoyed the joker you were offered as a symbol of universal gratitude out of the celestial cookie-jar. (I won't comment!... E.)

We recommend to all of you to remain prepared, to stay aligned and to make yourselves as comfortable as possible while keeping your focus upon the inevitable coming down of the curtain, ending the drama of a big and unsuccessful attempt to steal this planet from Christ Michael of

Nebadon.

Thanks so much to all for participating in this big project of joined hands and hearts.... and look forward to fly through the period of regeneration and making everything new...

Big Daddy hugs

Adama

MESSAGE TO HUMANITY I AM YOU

By ONE (I AM) PAPA

Mar 23, 2012 - 11:42:57 PM

MESSAGE TO HUMANITY

IT HAS COME TO MY ATTENTION THAT YOU ARE WAITING

I SEE YOU

I AM YOU

ALL OF YOU

I KNOW

I KNOW THAT YOU ARE ON THE EDGES OF YOUR SEATS

I KNOW THAT YOU ARE IN ANTICIPATION

MANY OF YOU DO NOT REALIZE THIS ON CONSCIOUS LEVELS

YOU ARE WAITING

ANTICIPATING

YOU ARE WATCHING

OBSERVING

YOU ARE WATCHING YOUR TELEVISIONS

YOU ARE WATCHING YOUR GAMES

YOUR PROGRAMS

YOU ARE WATCHING YOUR NEWS PROGRAMING

AND BEING PROGRAMED
YOU ARE READING YOUR PAPERS
YOU ARE LOOKING AT YOUTUBE VIDEOS AND FACEBOOK POSTINGS
YOU ARE WAITING IN ANTICIPATION
YOU CHECK EVERY CHANNEL AND CHANNELER
THAT RESONATES WITH
WHO AND WHAT
YOU THINK AND FEEL YOU ARE
YOU CHECK EVERY MESSAGE YOU THINK/FEEL
COMES FROM YOUR GALACTIC FAMILY
AND THOSE WHO CLAIM
TO BE ON THE FRONT LINES
FIGHTING FOR YOUR FREEDOM

YOU ARE WAITING
YOU ARE WAITING TO BE SAVED
YOU ARE WAITING TO SAVE YOURSELVES
YOU ARE WAITING FOR SALVATION
YOU ARE WAITING FOR YOUR MESSIAH
YOU ARE WAITING TO BE YOUR OWN MESSIAH
YOU ARE WAITING TO BE YOUR OWN MESSIAHS
YOU ARE WAITING FOR YOUR GODS
YOU ARE WAITING FOR YOUR GOD
YOUR ARCHANGELS
YOUR ANGELS
YOUR FAMILIARS
YOUR DEMONS
YOUR ET'S AND ED'S
TO TELL YOU WHAT TO DO
HOW TO ACT
HOW TO FEEL
YOU ARE WAITING FOR YOUR POLITICIANS
YOUR LEADERS
TO STEP UP
TO BE TRUTHFUL
TO BE HONEST AND JUST
[OR NOT]

YOU ARE WATCHING
YOUR FAMILY AND FRIENDS
YOUR NEIGHBORS
THE PEOPLE YOU SEE AND MEET
FOR ONE REASON OR ANOTHER
YOU ARE WATCHING YOUR ECONOMIES
YOU ARE WATCHING YOUR GOVERNMENTS
YOU ARE WATCHING YOUR ARMIES
YOU ARE WATCHING YOUR BILLS
YOUR DEBTS
HOW MUCH YOU OWE
HOW MUCH YOU ARE OWED
YOU ARE WATCHING YOUR JOBS
YOUR CAREERS
YOUR ACCOUNTS

YOU ARE WATCHING
WAITING
ANTICIPATING

YOU ARE WAITING FOR SOMETHING
THAT YOU KNOW IS GOING TO HAPPEN
BUT YOU DO NOT KNOW WHAT IT IS
YOU HAVE THOUGHTS
IDEAS
NOTIONS
OPINIONS
PHILOSOPHIES
THEORIES
BUT NOTHING IS PROVEN
AND YOU WANT PROOF.....WHATEVER THAT PROOF BRINGS....

YOU ARE WATCHING
BUT YOU DO NOT SEE
YOU ARE LISTENING
BUT YOU DO NOT HEAR

YOU HEAR WHAT YOU WANT TO HEAR
AND SEE WHAT YOU WANT TO SEE

DO YOU SEE ME?
DO YOU HEAR ME?
DO YOU SEE WHAT I AM?
DO YOU HEAR MY VOICE INSIDE OF YOU?
DO YOU KNOW WHAT YOU ARE?
DO YOU KNOW WHAT I AM?

YOU THINK THAT YOU ARE PAYING ATTENTION
YOU SAY THAT YOU ARE PAYING ATTENTION

TO WHAT?
TO THEM OR TO ME?

TO WHAT IS AROUND YOU
OR WHAT IS WITHIN YOU?

I SPEAK TO YOU ALL THE TIME
EVERY MOMENT OF YOUR BEING
WITHIN YOU AND WITHOUT YOU
IN PASSING WORDS AS YOU WALK BY
IN SIGNS AND BILLBOARDS AND LICENSE PLATES
AND THE CALL OF BIRDS
AND THE LAUGHTER OF CHILDREN
AND THE WIND
IN SMELLS THAT TOUCH YOU
AS YOU PASS EACH OTHER BY
IN THE OCEANS AND RIVERS
MOUNTAINS AND VALLEYS

IN TREES AND FLOWERS
IN YOUR PLANET
YOUR WORLD
YOUR SISTER AND MOTHER
MY CHILD
IN THE SUN AND MOON
STARS AND NEBULAS
IN ENERGY ABUNDANT
CONSCIOUSNESS ALL-PERVADING

YOU SEE ALL AROUND YOU
DO YOU SEE WITHIN YOU?
CAN YOU FIND ME WITHIN YOU?

THIS IS THE TIME
THIS IS THE PLACE
FOR YOU TO FIND YOUR TIME AND PLACE
YOUR TIME AND PLACE
YOUR BEING
YOUR SOURCE AND CENTER
THAT I AM

YOU HAVE BEEN TOLD MANY THINGS
ACCEPTED MANY THINGS
NOW
ACCEPT THIS

WHAT IS TRANSPIRING AS YOU READ THIS
IS MY WILL
THIS IS A SPIRITUAL EVENT AND EXPERIENCE
THIS IS A CONSCIOUSNESS EVENT AND EXPERIENCE
THIS IS NOT A FINANCIAL EXPERIENCE
THIS IS NOT A POLITICAL EXPERIENCE
THIS IS NOT AN EXTRATERRESTRIAL EXPERIENCE

THESE ARE ALL THINGS
THAT YOU HAVE CREATED A NEED FOR
IN YOUR EXPERIENCE

YOUR EXPERIENCE
IS MY EXPERIENCE
I AM YOU IN MANIFEST EXPRESSION
FOR THE SAKE OF EXPERIENCE
I WILL
I, EVEN I
I WILL FOR YOU TO EXPERIENCE
ASCENSION
THIS IS AN EXPERIENCE OF CONSCIOUSNESS
YOU WILL PERCEIVE IT AS BEST YOU CAN
YOU WILL PERCEIVE IT AS A GALACTIC EXPERIENCE
A FINANCIAL EXPERIENCE
A POLITICAL EXPERIENCE
A RELIGIOUS EXPERIENCE

A PHYSICAL EXPERIENCE
EVEN AN EMOTIONAL AND MENTAL EXPERIENCE

NONE OF THESE MATTERS
THEY ARE BUT PERCEPTIONS IN EXPRESSION
FOR THE SAKE OF EXPERIENCE

YOU ARE WHAT I AM
I AM WHAT I AM

ONE

WHAT YOU ARE EXPERIENCING
IS AN ASCENSION OF CONSCIOUSNESS
FOR THAT IS YOUR BEING
IT IS A LINE THAT MUST BE CROSSED
THAT YOU MAY STEP INTO FOREVER

PREPARE YE YOUR SOULS = YOUR CONSCIOUSNESSES
IF YE HAVE THEM
AND ENDURE THIS UPLIFTING
IF YE CANNOT ENDURE
THEN YE WILL TAKE THIS CLASS
THIS COURSE
THIS TEST
AGAIN
UNTIL YE CAN ENDURE

YE SHALL PASS
THE TIME WILL COME
WHEN YE SHALL PASS
IF YE BUT CHOOSE IT
IT IS YOURS TO HAVE AND TO DO
NOW OR LATER
THE CHOICE IS YOURS

IT IS A SIMPLE THING
TO SEE
TO BE
TO LIVE
THE LOVE AND LIGHT
OF ALL THINGS AS ONE

YE HAVE ENDURED THE GREAT DARKNESS
NOW
ENDURE THE GREAT LIGHT

YE HAVE ENDURED THE GREAT FEAR
NOW
ENDURE THE GREAT LOVE

YE HAVE ENDURED
THE GREAT LIE

NOW
ENDURE THE GREAT TRUTH OF
WHAT I AM

GET THE PICTURE? I AM THAT I AM

By PAPA SOURCE

Mar 29, 2012 - 5:40:36 PM

PAPA SOURCE : GET THE PICTURE ? I AM THAT I AM

Prime Creator, First Source, Creator Source,
Your Light and Love,

and Loving, I DO

DO as in Divinely Operating

What appears only a play of WORDS
means EVERYTHING to Me
as I AM Experiencing All of Life through All of You,
and my Gratitude that knows no boundaries is quickly
BECOMING Your Joy and Happiness, without boundaries also.

Do YOU feel ready for a big step up?
My Beloved Creator Son, Michael of Nebadon is clearly hard a work DOING what He knows to
DO best, through Me,
through ALL THAT IS: Divinely Operating, DOING.

Are you a Divine Operator?
Will you Operate Your Projector of Thoughts Within One Mind
and let All of Us enjoy the Life movies you are making?
Yes, I know of this scribe his morning meditation,
as His Sovereign knew, and through the Oneness, ALL know.

We also have Projected Our Thoughts along the Universal Guidelines, Laws of Balance and
Creation, what I suggest some of you have another look at, I would call it ' Preferential Reading '
and when your heart feels in alignment with it, your soul will DO the rest to Guide You to make
you feel at Home, wherever you go. We are enjoying the movie We see unfolding towards it final
cut and the title could BE :

I AM THAT I AM THROUGH WHAT I LOVE TO DO ...

Get the picture?

My Blessins to All.

I AM Papa Source.

Love and Light,

Johan

JOHAN FORUM POSTS PART ONE

I did put it in bold because I think this is a very good example of how unconditional Love works.

March 29 2012

Then CMAton asked me to share the following brief visual:

a trunk of a relative young tree appeared and more and more branches started to grow as long as I looked at it. CMAton explained to me : " That young tree was ready, but its branches were not and it took somebody his focus, attention, Light, Love, Energy to get the process started. Now anybody doing so will reap at least the following benefits : shade when the sun is too hot, wood if needby to make a fire when too cold, shelter when it rains too hard, an anker when the wind blows to hard, oxigen when the CO2 gets too strong, fruits when the season is right, roots to hold the soil together on a slope, and all of that is done unconditionally, for free, because you send your Love and Light, your energy to it ... You see what people would be able to do if only they unconditionally loved each other ... the possibilities are endless, infinite, eternal ... and so are all of you ... "

Love and Light,

Johan

PART TWO

March 30, 2012

I asked My Primary Midwayer Aurela a few questions, actually my Higher Self first, while I was sending Love and Light to all the plants I was administering water in the first place. It was all about : is my Mission Statement accurate enough ? Am I doing what I am suppose to be doing? Is there anything I should be doing differently ? You know the row of questions one can ask, or was I more trying to THINK things through and ask for Guidance. Afterall, I was watering the garden, for heavens sake ... , should I not be attending to people, speaking to groups, witnessing about what I KNOW, talking about AH ? Should I not be a singer, a poet, a doctor, a specialst, a motivator ??? Again, you know how that thinking goes. Here were some of the answers or thoughts that came back and forth, that I was asked by CMAton during my evening meditation to share :

Do you know that attending a garden is like attending a whole group of people ? The amount of nurturing it takes to grow those plants, from seeds to seedlings to young plants to mature plants to flowering fruitgrowing plants, surviving dry season, rain season, hurricane season, making sure they can grow according to their kind, some being vines, some needing support, others needing pots for a good while before being able to stand in full ground. Always thinking about the entire cycle, from seedling to mature plant, to provide the necessary space, support, water, compost, fertiliser, enough sun, not too much sun ...

It is like I described earlier, it is always thinking about the possible future behavior, all unexpected constant changing circumstances in mind, thinking about all consequences, as much as possible. Even though It only seems a garden, and a small one, but if one can turn this into a succesful mini-enterprise, having it as much under control as possible, taking everything into consideration, then that little kingdom is a kingdom well run, well kept, well deserved, well worth the comparison as attending to people.

If the same Love and Light and Provisions and future consideratons are taken into account, then also attending and managing and guiding a group of people in later conditions as you will find yourself into, then pretty much the same has to be taken into account, as nurturing people from seed to seedling to young and mature plants, keeping in mind their future possibilities and likings ... it will take alot of Loving Consideration from anybodies part to keep that in good terms and in good lanes ...

To the question if I should not have been a singer, a musician, anything but what I do now, I was answered that according to where I am going, what I am doing, my Mission Statement, that only came about after alot of thought and Guidance, all was well described and covered . Candace made me think real good before I presented that so called unchecked or unjudged entrance paper, knowing full well how important that really is when in perfect alignment with our intentions, our thoughts, saying, actions and future desired results. Oh I could have been anything, everything, whatever I put my mind to . " did my Primary Midwayer Aurelia tell me many times, even from 13 years old, when I had no clue about nothing ... But whatever talent I would have fully displayed, I would only have put myself in the limelight and stopped becoming WHO I REALLY AM/ WHAT I REALLY OUGHT TO DO ... one who looks after others, one who puts others in the limelight, one who is at Service to Others, one who works with Divine Love towards the benefit and Highest Purpose of All Involved etc. etc.

Alot of thinking and writing came together today, and there was more that was shared and thought about, perhaps it will Inspire you to do the same, perhaps in different environments and circumstances, but what I never forgot, hanging from a glass frame in the kitchen window at the house of an aunt of Marijkes, AND from the thread I shared by Wallace D. Wattles ... something I

have not always honored, and try to make up for : THINK BEFORE YOU ACT, AND WHILE ACTING, STILL THINK ...

Love and Light,

Johan

PART THREE

Sunday April 1, 2012

Upon asking CMAton for His Will upon my morning session, He suggested a particular task for me to carry out, rather personal and then to move on to sharing the visual He wanted me to see :

A couple of winding, snake, spiral moving kinds of things came into visual. It took me a while to see these were meandering streams, rivers in a valley, since I was obviously seeing this from great altitude. Moments later a tremendous amount of water, a real deluge or flooding came from between the neighboring mountain pass into the valley, flooding everything, but also receding pretty fast, since that volume made its way out this valley, between its surrounding mountains, into the next valley. This seemed an unstoppable force, until it would enter the ocean far far below.

The picture CMAton tried to paint : When TRUTH hits many, AS IT IS ABOUT TO HIT THE MASSES, not like the trickling through that steady grows through alternative media now, things have an amazing, astonishing effect. Then its for those who KNEW this was coming, who made their way out of the valleys, into the hills and mountains, to help out those who find themselves floating on top, if not drowned already ...

Meaning : We are the life boats, life jackets to those around us, family, friends IF/WHEN they decide to turn to us for answers, for help. They will look for familiar faces to find confirmation, help, understanding, and no matter how many times they rejected your ' weird theories without any shred of evidence ' , when IT HITS EN MASS, IT WILL HIT AND HURT MASS ... IVELY, and they will be looking for anchors, for surety, for reassurance etc ...

Suggestion from CMAton : make sure you are comfortable WITH WHAT YOU KNOW, WHAT YOU CONSIDER TRUTH, so you can be stable and standing when others pull your vest or sleeves for help ...

Advise from CMAton : KEEP CONNECTING WITH YOUR HIGHER SELF AT ALL TIME, ASK BEFORE YOU GO TO BED FOR INFORMATION, INSTRUCTIONS, GUIDANCE so that gets loaded into your System and can become opened, decoded when needed or necessary ...

Those who keep asking for ' evidence, proof, facts ' from outward sources other than themselves, will struggle, will ignore, will deny ... but the days are approaching that REALITY WILL SETTLE IN ... nomatter how you react towards it ... Major decisions are made, we will hear from some stuff, call it minimal updates shortly, so check your Golden Heart, check your Inner and Higher Communication, prepare yourselves to BE PREPARED AND FACE THE MUSIC, HELPING OTHERS TO FACE THE MUSIC ... so you can help yourself and others to drop the fear and TRUST AND ACCEPT.

That was it for this morning.

Love and Light,

Johan

We have to make the distinction between 'belief' and 'knowing'. Belief is blindly accepting what others are asking you to accept, usually in a group format or group experience. KNOWING is having experienced something through putting it together, having factual evidence, finally understanding, having seen or heard with your own eyes, ears or having been put upon your heart after hearing that Inner Small Voice, That Inner and Higher Guidance, what always comes down to a 'PERSONAL EXPERIENCE'.

What you have heard, seen, touched, tasted, smelled and felt, nobody can convince you otherwise, THAT IS WHAT YOU EXPERIENCED. Of course, The Spiritual World is outside of that, it's what you 'heard or felt or saw INSIDE OF YOU, outside of your physical senses, AND THAT TAKES A LEAP OF FAITH, DISCIPLINE UNTILL THAT CONVINCES YOURSELF JUST LIKE ALL THE OTHER PHYSICAL SENSES ...

How and why do we even expect somebody to believe, to accept anything we say or share or teach IF THEY HAVE NOT EXPERIENCED IT FOR THEMSELVES? Would you ??? Hence the reason even some members of AH still doubt, BECAUSE THEY FOLLOW OUTSIDE TEACHINGS, CHANNELINGS, MESSAGES, UPDATES, without GOING WITHIN AND ASKING FOR THEMSELVES = EXPERIENCING IT FOR THEMSELVES ..., UNLESS you settle for that and you accept that to be A OK ...

All of that is greatly determined by the PERSONAL HUNGER TO KNOW OR THE PERSONAL GUIDANCE THAT YOU EITHER FELT, OR PICKED UP, OR WERE INSPIRED WITH AND UNDERSTOOD OR FOLLOWED AS INTUITION, OR NOT ...

Everything that includes 'FEAR' (= False Evidence Appearing Right) has absolutely nothing to do with Divine, WELL ON THE CONTRARY, that that is what MAN has used, the weapon of FEAR to keep control over the ignorant and dumb, ignorant and unknowing and UNEXPERIENCED masses ..., as they prefer to keep it that way forever, so they can stay IN CONTROL, POWER OVER ALL OF THEM ...

The best service you can do to anybody NOT IN THE KNOWING OF WHAT YOU KNOW, not having experienced what you experienced is TO GIVE THEM THE FREEDOM TO FIND OUT FOR THEMSELVES IF THEY HAVE THAT DESIRE, OF COURSE TO CONFRONT THEM OR SHOW THEM WHAT YOU KNOW TO BE TRUE OR WHAT YOU EXPERIENCED AND FOREMOST, LEARN THEM, TEACH THEM TO GO WITHIN AND FIND OUT OR EXPERIENCE FOR THEMSELVES, IF THEY HAVE THAT DESIRE. NOTHING WILL MAKE THEM FASTER CONVINCED THEN WHAT THEY FOUND OUT OR EXPERIENCED FOR THEMSELVES. If not, you can only Bless them, Love them, and give them their freedom, and hope that someday they found the first step like you once did ...

BEING AN EXAMPLE ALWAYS WORKS BEST, but let me share you a story from my youth in that regard :

When my father thought me how to weld, and he allowed me to do alot, thaught me alot, what now allows me to help myself in carpentry, masonry, animal husbandry, electrical, plumbing, gardening, salesmanship, cooking, etc..., I accused him of being a bad teacher, since he ' never allowed me to weld to much, and always corrected me ... ', I even told him that when I was 13. NOW I KNOW BETTER, AND THAT I WAS UNPATIENT AND I APPRECIATE THE GREAT TEACHER HE WAS, and still is, but from the other side ...

I was the stubborn student who thought I knew better or wanted to do it myself as fast as possible, running before I could even walk. I guess that comes with the territory when one is a hungry student, always wanting to know ... and do ... I took my soft revenge on my father at the same age of 13, by making two statues in metal, put together from nuts and bolts and small pieces of metal that I welded together as a statue of a mother with child and a father figure.

When my father found these statues that I left on his work bench the Sunday he was not home, I know he must have been amazed and very proud. He never said anything about it, he was that hard and stubborn to admit openly. He followed the old fashion way of thinking that you have to love your children but not show or tell them much or not at all. From very young, I did not agree with that, but can accept that now that I know his background and upbringing and I still love him for the good he did and the wonderful teacher he was.

I wanted to learn by doing, I wanted to learn on my own, I did not just wanted to be told, I WANTED TO EXPERIENCE ON MY OWN, even if it was a painful road, but somehow I always had some kind of Guidance I did not know or understand at that time, but I now know it was there.

Hence my experience not to force anything upon anybody but give them the freedom to learn on their own, or be there when they are hungry to know and encourage them to find out for themselves, to do for themselves, when they are ready. WHEN THE STUDENT IS READY, THE TEACHER/MASTER WILL COME.

You can fight tooth and nail to convince somebody of the opposite, but usually to what avail ??? Sharing what you know is true, and then leaving the arena until they are ready to comprehend, is another way. It leaves the door open for further communication and even if they do not have the courage to come back, they will understand when the time is right and remember that you laid the cornerstone to their new understanding. Sowing seeds is not always very rewarding, but knowing your intention is all what should keep you sowing anyways ...

YOU CAN BRING THE HORSE TO THE WATER, BUT USUALLY CANNOT MAKE IT DRINK ... but your intention to show where they water is, should be good enough for yourself, the rest is extra, as how I see it ...

Just my thinking outloud ...

Love and Light,

Johan

Christ Michael Says Curtain Up!

By Jess Anthony

Apr 3, 2012 - 1:53:58 PM

I'm going to leave the table open to whoever wants to speak. I feel the need to convey something, but I don't have specific issues or questions. I just sense there is something to talk about.

Jess, this is Christ Michael, as you call me. I have some things that it will be good for you to say beyond what you normally comment on. We are entering a time for you on Earth of impending change and drastic upheavals. The events you have anticipated are here. The defense Earth has provided has been transformed into a new game plan with her own restoration and revitalization the paramount issues. Change is occurring. You see some traces physically, but more choices are being made on man's mental and spiritual levels.

Let me point out, first of all, that all of creation in this universe is my idea, and that I am experiencing my manifestation on Earth in the conflict that still is being pursued. I am, in a sense, at war with myself. I want a resolution, and am taking steps to end this dispute. I am by nature balanced and unified. My willingness to explore duality and free will has resulted in a long history of imbalance and division. The lessons in this state of being have been taught over and over, and no more possibilities exist in terms of alternate interpretations or resolutions.

I have experienced a wealth of new pursuits that have allowed me to learn options that have never been envisioned before. I understand much more about how this level of existence operates and have seen firsthand the problems that develop. I am involved in all, and I have a full awareness of everything that man has tried and experienced. I am in man as he makes his decisions, and unfortunately, am disregarded too much of the time. My voice is ignored. It often is not even listened for. Man lives his life-- and that is what I wished-but not at the level of disconnection he has grown to assume is normal.

The decision has been made to transform this level of confusion and struggle into one of focus and cooperation. This edict has come from the Creator Source, as you call him. The time for this experiment is over. I have been allowed to examine the paradigms in my Universe until I have taken in all there is to know that is unique and creative. The Earth is part of a much larger cosmological mechanism that is moving to a new formation and purpose. The miraculous thing is

man has been given the opportunity to witness much of this reformation. This participation is new and unexamined within the universal dimension where you find yourself at present, and man has been blessed with the opportunity to be part of this.

We have spoken of responsibilities. Man has come to Earth to learn and experience. Your choice was to participate in a difficult existence that involved searching for your purpose without much clue where it was or even what it was. Man has been manipulated and misled because of his ignorance and naiveté. Others have taken control and used most of the inhabitants as objects to provide the things the controllers' personal wishes desired. Man has been blind to his situation and only a glimmer of my essence was causing a sense of judgment and discernment. Not enough to cause an awakening.

We provided tools and guides to trigger some sense of dissatisfaction with current circumstances. Examples and demonstrations showed alternatives; guides and teachers indicated more productive methods to use for achieving more satisfying outcomes.

Man's responsibility on Earth was to take what was available and use it to find the truth of his existence. He was charged with examining his life and finding a way to return it to its spiritual origins. Some did this; most did not.

I have now called an end to this experiment in this laboratory. Man has chosen his position at his basic level. He may still not be conscious of his choice, but he is being presented with an increasingly visible spectacle of treachery and gratification that he has cooperated with previously. His enlightenment is soon to be complete. Those who have intuited a problem will find it easier to realize the alternative direction they should head. Some others, who have ignored their misgivings, will find their future is a continuation of this attempt to have them realize the errors of their blindness.

Earth's choice has been to wake up and ask for renewal and spiritual ascendancy. Much upheaval will have to happen to Earth's current configuration to allow her changes to being in earnest. This will cause chaos and geographic instability. The continental plates must move and realign themselves. The atmosphere surrounding Earth must be transformed. These changes must take place before Earth can move into a higher frequency of balance and freedom.

Let's talk about your role in this. We have spoken of this service on many occasions. You came to Earth to help adjust the imbalance that had developed with those from off world influencing the conceptions of those who had chosen to experience life on Earth during the time you call the Atlantis epoch. Man was developing a sense of reasoning and an ability to evaluate the circumstances he was experiencing. This was necessary for him to learn as he became further detached from a direct link with spiritual truth. His existence was becoming familiar and automatic; comfort and blind acceptance were taking away a need to hone his ability to discern. This is much the same situation as now, unfortunately.

You came to show them a way to use their circumstances to reconnect with their forgotten inner understanding. Situations became tools for examining their own personal preconceptions and reactions. You created a system which used the best of their creations as templates for excellence. The products that have become known as art provided the most perfect creations. Their structure and the messages they communicated guided man to a higher level of spiritual insight. Art became the best guide to inner awareness and clarity.

Certain men were inspired to express this inner awareness in works that, in turn, influenced others. Artists realized ways they could use external media to exemplify their own personal insight. Each was different and unique because they saw how to use their individual insights to

manifest creations to express their individual realizations. Each person's personal agenda was distinctive, just as were the creations that exemplified their unique perspectives.

Each creation found the energetic vibrational pattern it needed to manifest. Let me explain that process more clearly. Man may perceive that he is a solid physical object, but this is a misconception. All creation is energy and light that moves at an infinite number of speeds from one point to another. A thought is a focus of particular energy streams that move in a specified direction. When this wave or burst of energy interacts with another energy focus, it synchronizes with the other and is understood through the nature of the interaction. The objectified thought acquires a resulting shape only to the extent the originator and the receiver can assimilate the interaction. The effect of this reaction with intersected energy is understood by the thought originator only to the extent the observation can be measured by previous experiences. The originator of the thought can only look on, as it were, and categorize it from his personal perspective. The nature of the assimilation can be measured by the receiver only through its similarity to his range of previous experiences. Because of the uniqueness of individual memories and experiences, the originator and the receiver will each perceive the created thought differently. The truest communication has the fewest differences in understanding.

Man is a focus of energy that moves at different speeds. The different frequencies are attracted to other energies that move at similar speeds. I have told you that my physical body at the present is more correctly understood as a shell surrounded by my true essence. I enter the shell and cause it to function in human ways. Your physical body on Earth functions in a similar way. Your true self is a focus of energy that vibrates at different speeds. The surrounding energy that defines your personal identity is fastest moving and interactive. It connects you with your universe by forming an identity that is discrete but linked. The layer interacts with other energies. The information it collects is then assimilated into your energy focus. The information coming in arrives vibrating at different speeds, depending on the source of the original energy. Your energy field then synchronizes with the data to take it in. Different types of information cause reactions with different layers of your energy field-some slower than others. These levels of layers communicate with different segments of what makes up your awareness and understanding.

You have been told there are seven layers of your aura. In a general way this is a good description of the sorts of interactions that are happening to you and defining who you are. Each layer is a slower vibrational level with its own range of vibrational input. The physical body you perceive as a solid is still moving energy, but at a speed that man's perceptions identify as physicality. This physical state is your own shell that gives a form to your energy body in this dimension and at this density. It was designed to function in this way. Your actual energy self is linked to this shell and provides the information that the body uses to function here. The layer of energy surrounding your physical shell contains information about the makeup of the body you have chosen, including the nature of your organs and other physical systems. This energy level is most directly in contact with your body shell and conveys the information it receives to the brain to be passed on to the internal mechanism.

The layer surrounding that synchronizes with the energy that shapes feelings and emotions. Emotional conflicts register most keenly at this level. These wavelengths mostly closely match those of music and sound. The layer above that connects with individual thinking and discernment, and is separate from emotional reactions. This level connects with the frequencies involved with perceiving color and light. The faster vibrating energy above the mental layer links with the spiritual purpose of the individual and his cosmic memories. The layer above that links the person with his personal identity and spiritual uniqueness. The highest level is multi-dimensional and connects with the soul's purpose.

All these energy levels make up an individual and develop at different ages of maturity; however,

many have their spiritual growth blunted and never rise any higher than the lowest levels of emotional reactions or mental analysis. These humans never realize their spiritual nature or their connection with the universe they are part of.

The task you took on in coming here was to find a way man could raise himself to the highest levels of his spiritual identity. You guided the development of art as a metaphor for spiritual awareness knowing that man would synchronize with these vibrational patterns and assimilate the spiritual truth it represented. Works of art became patterns for growth and rethinking, representing the closest approximations of spiritual truth. Visual art and music and the descriptive corollaries with words and languages established patterns for balanced interaction and harmonious existence. As tarnished as these examples may have become, they still provide man's most reliable guide to his personal spiritual nature. Man relies on art to refresh his civilization and stimulate its growth.

In a true sense, man has become his art-for better or worse. It reflects his preoccupations and answers back to his attempts to ignore the spiritual truth at its core. Each person has a vibrational pattern that is distinct, and all information that he comes in contact with is assimilated with varying degrees of success. If the vibrational frequency is too dissimilar to his, it won't register or cause his personal vibrations to synchronize to a different frequency. This is why certain music styles or certain colors are not as appealing. Their outside vibrational frequency won't easily match up with a person's distinctive human vibrational pattern. On the other hand, if a person is out of balance and missing some aspect of his vibrational identity, then introducing these frequencies in music or color can cause the listener or observer to assimilate this balancing component.

Once these balancing vibrations are assimilated, the receiver incorporates this new artistic energy pattern into the ideas that it creates and sends out. The spiritual truth of art has reshaped the person's spiritual perspective and influenced the way he interacts with his environment. His creations now begin to exemplify the art that has reshaped him, and he has a new awareness of the way he should be in harmony with his fellow man.

The role of the light workers, as you call yourself, will be to preserve these spiritual truths and continue to teach others. Some will do this through art and the ideas that have been embodied. Others will embody the creative nature tapped into by artists in the past and use it to generate new ideals and metaphors for spiritual ascension. All will not be battle and chaos. The bulk of what we do-and the best-will be to guide man to finding his own spiritual nature in its truest and fullest sense. The time is now for this to begin. The stage is ready for a new performance, and the players have their roles in hand.

Curtain up!

Curtain Rising Preparations are Ready

by Christ Michael/Aton

April 3, 2012

Ok beloveds, time to update you thru Candace. We are going to let things happen as they go and make decisions on those things as needed. GAIA is beginning to respond with some earth changes now, it seems she was nearly asleep and depressed. She is not happy about the war on her surface but she is the one who has to toss them off, so to speak. We now see increasing pressures and activities.

I know some are curious about the March 31 date alluded to in the previous targeted messages. This was a date of our thugs and what they had planned as, lets say, passed away. It was never something of our plans. I will not give details on this that could harm my people and Candace was never allowed awareness of it. I am only mentioning it for those that have memory and curiosity.

Now for you of our dark brothers, we have said your fate is sealed, and the "paperwork" and documentation is now actually long on its way to higher channels within Orvonton. There is nothing anymore that can be done on your part and we go forth.

This war between the Dragons and the Khazars will not turn out well for you of the Khazars. This stand you hope to happen in taking back the United States from the hands of China is not going to work. All things are laid out on this topic and its a waste of your efforts to continue. The Federal Reserve is not in your hands and attempting at martial law in the United States this month is not going to get it back into your hands. You were not successful against china in your Libya endeavor, so how to you figure you can pull this one off?

It would be advised that you withdraw this one called Drake from the internet activity games. It would be advised you also withdraw the games with David Wilcox and the replaced Ben Fulford. For protection I am not placing the other names in that scam.

I will continue to suggest and remind you that you have no contact with the Queen. She is no longer in service as Chairman of the Committee of 300. She is not long been in service at all, and this game of parading the Look alike with the Diamond Jubilee as you are already finding out, is not going so well for you. You have reached the point where the games will fall into greater failure.

As the earth changes continue to bring forth problems for you, I think you will find this attempted re- takeover of the United States fruitless and non affordable to you in the very short run. Since we saved your arises with the GOM, by reversing time, this has produced more pressures elsewhere, and you are seeing this now along the northern Mississippi. The reports of problems and strange noises in California also continue.

The buoy off of Seattle is making huge movement. This is not something to ignore and I would suggest you make whatever preparations you can for the problems that will arise from that. That whole side of the Pacific Rim along the western Americas is coming very live. There have been many small shifts of your axis over the last 1 1/2 years. Some of that shifting caused the sun to rise south of normal at equinox last September and now this has reversed a bit, and your equinox arrived early and north of the previous norm.

We will continue to control and monitor the sun, over which you have no control. Nor will you get away with any sort of global EMP burst to shut down all the electricity. We will not allow this, and you do not even have the ability to do such and it is time to take the story of an EMP burst from the sun, off the internet, because the sun does not do this in the first place, and you cannot do it in the 2nd place.

It is time to prepare your ones for what is coming. When what is coming begins to come enough to fully get your attention, WE ARE GOING TO TAKE OVER THE GLOBAL COMMUNICATIONS SYSTEMS. YOU WILL BE IN SUCH ARRAY THAT YOU WILL NOT BE ABLE TO DO ANYTHING OF ASSISTANCE TO YOUR PEOPLES. NOT EVEN CHINA CAN ACTUALLY, AND

OUR NEW CURTAIN SHOW WILL BEGIN AT THAT TIME IF NOT BEFORE.

WE ARE GOING TO PROVIDE SOME EDUCATION TO PEOPLE BEFORE THEY MOVE, AND BEFORE STASIS IS BROUGHT ABOUT. YOU ARE NOW INFORMED PROPERLY ACCORDING TO COSMIC LAW. AND DO NOT DISREGARD THE POSSIBILITY THAT WE WILL START THAT PROCESS BEFORE SOME BIG EARTH CHANGES SO PEOPLE ARE PREPARED TO SOME DEGREE. I AM YOUR BIG BOSS, MICHAEL OF NEBADON. I WISH YOU A "HAPPY DAY".

A GREAT TIME LAYS AHEAD OF YOU.

By AA Michael, thru Johan

Apr 6, 2012 - 8:02:42 AM

I am Arch Angel Michael.

Beloved Masters, On behalf and upon request of Christ Michael, it behooves me to address you, Light Workers, Star Seeds, World Servers, many of whom have not fully awakened yet to their full potential in the Divine Plan of Christ Michael, your Sovereign for his Beloved Final Bestowal Planet.

At appropriate time, codes and packages will be opened and give some better understanding, insight in the choices and souls agreements some of you made before engaging in your task, especially THIS life time you engaged in.

Now that Christ Michael has come forward with the Cosmic Courtesy of letting you know what is to transpire upon the Surface of your mother Earth, also seeing and knowing what is already manifesting Within, it is my task and full responsibility to coordinate much of what Souls in comparing circumstances need : assistance, Guidance, Inspiration, usually through Higher Selves and other close Spiritual Companions.

All stand ready to step forward, to step up and do as they are Inspired and Instructed to do. Some of you MIGHT be leaving a little before all rolls into Stasis and other Souls will be Guided most accordingly. Many of your Guides eagerly await to cooperate and be the liason between us and yourselves.

A Great Time lays ahead of you, My Beloved Masters, and after all the dust has settled and all air purified and all restored to your Creators satisfaction, some of you will find the renewed planet, called Gaia by you, a Delight and Most Heavenly, however premature in the New Beginnings.

Glad tidings and Blessings to all of you, I Am Arch Angel Michael.

Love and Light,

Johan.

Now remember for those that don't know or forgot, AA MICHAEL is the Arch Angel of the Resurrection on this planet. His name is not actually Michael, its a job description, he is the AA serving the process of the resurrection on this planet for Michael of Nebadon. Any planet going thru this process has a representative Arch Angel TO Michael of Nebadon. To those familiar with Revalations, Michael (and his angels fought the dragon story), that Michael is Michael of Nebadon, NOT AA Michael. That story is about the Lucifer Rebellion. -C

I am addiing a message here from the fourm that may be useful to some since this suggests some will depart before stasis.-C

Indeed. For instance, as far as my situation is concerned, Mama Maria has been urging me, over

the past month or so, to focus 110% on getting my house in order - both physically and spiritually. Apparently, and I speak about myself here and not anyone else, according to both my Laoshi and Mama, my time here has finished. To quote her words: "sort your bags out, my dear child, as you will be leaving soon, lock, stock and barrel; even before the bell tolls.". Day by day, I know with increasing certainty, that she meant I should concentrate fully on getting "psyched up" in order to move on, leaving this body behind.

And that is precisely what I have been doing. Even though I have been continuing our daily meditations, and as the content of meditations have been too personal to be posted, I have not been posting: ie: been concentrating on getting my "bags packed".

For those, like myself, who might be leaving Mama Gaia in this manner, I think it is best to look at this situation through another viewpoint. Maybe, Papa has decided that we would be better placed in another position where our assistance can be a thousand times more efficient than if we were here in our present Earth human bodies. Mama has often reminded me (to help me overcome my impatience) that this whole situation is very fluid and developing moment by moment. Papa is constantly evaluating the whole scenario as it's played out, and even though the "button has been pressed", the implementation of the final play has to be done in such a manner as to benefit the whole of His creation here.

All in all, we know that the wonderful time is almost here, but I would also suggest that, we take into account that what is destined to come to pass, will come to pass. Que sera, sera.

The story just beginning.

THE NEW RELIGION

By The Creator of ALL That Is.

Apr 9, 2012 - 10:23:42 PM

The New Religion- The Creator of ALL That Is.

The religions in your world are man made and find their premise on age old renditions of those who came before as divine emissaries to teach and reveal the word of God. God sent many of his ones to bring enlightenment through the spoken word yet seldom were the teachings recorded accurately; and have been tampered with by those responsible for its translations and dissemination. The words are barely recognisable to the ones who gave them initially. Always was the word given in a way to inspire understanding yet seldom were they understood. God therefore continues to send his messengers to repeat the word and to render further truths through various projections so man's understanding might be reached in measure to grasp the truth.

Thus throughout the ages men of authority took it upon themselves to distil doctrines from what was taught and convert them into teachings to be religiously followed by those who became followers. Religions therefore have become manifestations of beliefs and doctrines crystallised in records which bear not the original thoughts or natural words but condensed and re interpreted versions.

Man made religions are 'tradition based', finding their credibility in those who hold themselves out as authority for the beliefs and teachings espoused by the religion. They are sectarian in nature and appeal to the minds of men through the use of symbols, ceremony and established creeds.

Those who subscribe to the religions of tradition find security in the chosen system of beliefs which provide directives for living. Religion plays a supportive and crucial role in the lives of these ones whose experience in mortal form is underpinned by the dated beliefs and doctrines taught to them. It has become a safety net for many who wholeheartedly accept them as truth without any personal input or experience of what they tend to follow.

There exist truth in the some of the teachings espoused by each religion and you may even find some common ground amongst them; yet they do not represent the whole truth. God often spoke to the readiness of the mind of the receivers. As messenger after messenger was sent, greater truths were revealed to accord with the receptivity of man and his abilities to comprehend; and what was taught before was projected in new and revealing ways.

The reality is that traditional religion has capsulated truth of what is recalled and projects it as a Gospel. I say to you that the gospel as given is incomplete and erroneous in many ways. Those who seek truth will not find it wholeheartedly in the realms of traditional religion but must seek it elsewhere. Man's understanding of religion has become an inherited one, as he assents to what is placed before him as a bestowal of truth.

Those born into religious families will be conditioned by the precepts of that particular religion without a choice. Those who are independent minded will however grow in awareness and be led to seek beyond the mainstream to find his truth.

What really is religion? Your religion should be your way of life. Religion should therefore be a

way of life or living. Where does life exist? Is it not in the spirit which is eternal? If religion is a way of life and there exist life only in spirit; then should not man's religion be the way of spirit instead of a proliferation of sects espousing various dogmas without knowledge of truth of spirit.

If man is to find God through 'a religion' and God is pure spirit, then surely the way to God is through the knowledge and experience of spirit. Religion should be a way of life founded on spiritual truths discovered by each individual on his/her mortal journey. The revelations of spirit through the temporal experience enable man to discover and know the presence of God within himself and to feel the divine presence within him and as part of him. The religion of spirit will reveal to man his oneness with God whilst the traditional religion teaches of a God who is over, beyond and above his children.

A new religion has been dawning for some time now and many have found their religion in spirit and in so doing have discovered God within themselves and many are choosing to exercise their free will choice to manifest the presence of God through their mortal journey.

It is the discovery of God within and the choice to manifest HIM that will initiate the career of the ascending mortal. The spirit of God within inspires man to a higher understanding and will provide insight into realities of the life and ways of spirit. Man is then able to express God's ways in his living as the fruits of the spirit become the values by which his life is moulded. He will come to know and grow into his moral worthiness as he embraces the light of God within himself and became drawn to all that light offers instead of being motivated by guilt and fear to uphold the values of God.

The religion of spirit is revelatory in character. One of its greatest revelations is the existence of God's love in man's immortal soul. Man will come to know God's love and will know love as God and God as love; and eventually know God as himself and himself as love. He will in his search for truth discover that love is all there is and God being love means that God is all there is and in that knowing there will flow awareness that man and God are one. In spite of what man's senses perceive, man will discover that there is no separation. As he begins to know God and feel HIS presence within himself, he will eventually know the wholeness of love and he will develop the ability to manifest God's love.

Inherited or traditional religion may teach about love and even provide directives on how man should love but this will be no more than an intellectual understanding based on mind awareness rather than spirit awareness. To know, to understand, to experience, to have, to hold, to retain, to live and to express love you must feel unified with God's love that dwells within. It is only through the experiences you have on your mortal journey that this unfolding can occur.

True religion therefore cannot be taught but must be discovered through the mortal experience combined with the motivation to seek truth. It is only then that man will come into remembrance of who he is, as this awareness must dawn from within, so that he may be bonded to the experience and know the revealed truth and remain unmoved by what others tell him is truth, whether or not it be so.

Man has taken this mortal journey to have an experience through which he will discover himself

and in so doing experience a release of his faith. This faith shall be the rope which leads him to the pinnacle of himself, should he be able to retain hold of it. Faith when discovered through experience will become the inevitable accessory that will facilitate attainment. What man begins to know through spirit revelation must be anchored in his faith lest he falters when the exigencies of life threatens the foundation of his knowledge.

The religion of spirit will always work through inner discovery; and this perpetuates a feeling of certainty and allows for that feeling of security that within you lies all that you seek.

The religions of your times are outdated and static in many ways. It pre empts the fresh winds from passing through the minds of its followers that real discoveries and revelations of spirit may be enjoyed. It numbs the minds of followers and curtails their freedom to question and explore beyond the projected 'Gospel'. It holds on to what has been rewritten from generation to generation as truth. It seeks to convert and dominate through authority rather than liberate. It keeps its followers stuck in paradigms and practices that do not field spiritual growth. It breeds differences between sects and superiority of one's belief or doctrines over another. It teaches love and tolerance yet is marked by division and disunity.

It deals in the finite; being that which is recorded as Gospel from cover to cover of a 'book' without an appreciation that God in HIS infiniteness cannot be limited by words on paper and cannot be experienced through the written word. The existence of God, the goodness of God the reality of God cannot be derived from what someone else tells you or what is recorded. It is to be discovered through myriad, vibrant mortal experiences. Indeed man must intellectually comprehend God's processes and the science of creation but to know God in spirit man must experience him from within. Man cannot experience God through his outer senses but through his inner faculties that bear knowing.

The religion of spirit offers freedom, the ability to retain one's sovereignty, control over one's life, impetus to seek truth of God and self and the ecstasy in discovering the depth and breadth or spirit's knowledge .

A religion based on spirit will unify the hearts of men through the love of God and provide the knowing that God is individualised within each and therefore each has identical God presence within. It does not dictate or decide what one should believe for it thrives on progressive revelations. It allows for experiential insights whilst it leads to a shared or common understanding of the oneness and brotherhood of all, the sole destiny of the ascending mortal, the reality of the ONE will, a determination to accede to that will and the realisation of self through service.

The barriers that have long held MY children in bondage will be dissolved in the wake of the ascension; for it is through this process that the spirit presence within each will find its resurrection in truth.

Welcome home MY little ones for the spirit of truth within each of you will be awakened and in this you will find your new religion.

Let the Old of Easter Pass, and the New Easter Begin

By Siraya thru Candace

Apr 9, 2012 - 10:01:03 PM

Let the Old of Easter Pass, and the New Easter Begin

Siraya thru Candace

April 8, 2012

Dearly beloveds, it is I Siraya. This is considered a Holy Day by Christians on this world. To them it symbolizes the Resurrection of Christ, who never needed a resurrection, for both that played that Holy Roll had nothing to resurrect from, they are old beings. As are all of you on earth here to serve the process.

Today we start seriously the birthing, the resurrection of GAIA, because that IS the

Person for whom this is the Time of the Resurrection. This has been covered before and this resurrection shall be joined in and with Man who can also make the final choice of the Eternal journey, the ones ready for that journey.

For some, it will be the return to their former estate, those that fell from grace. For others it will be the fusion with the Father Fragment. For still others even amongst you while not a resurrection per se, it will be the graduation of yet another grade in the Father's Schools.

Today, let us forget the old ways of earth and join together in Unity to begin the New Way. All those who read at AbundantHope would need to commit to the oneness of THE WAY. Demonstrate it but more, ask those in religious diversion what the message of God is supposed to be. God does not have many ways. There is only one great cosmic consciousness that all are part of, not matter their job description. YOU are each a part of it as much as I AM a part of it.

Today is the NEW "Easter", the serious movement into the resurrection of a people and their planet. I am Siraya.

The Church is One Foundation
By Papa Source and Hazel Melchizedek
Apr 9, 2012 - 2:11:14 PM

Dear Friends

I wrote this piece with Papa Source and my higher self. This was done before 'The New Religion'

Love and Light
Hazel

The Church is One Foundation

The church is more than a physical structure whether it is called Church, Temple, Mosque, Synagogue etc. The foundation is that which is Divine, of God.

The Church is meant to be the foundation of all God's truth, values, virtues, qualities attributes and laws. It represents the body of God which embraces all without distinction or discrimination as the body of God represents the Oneness of ALL.

There is only One God; there is One Body; there is One Church whatever you choose to call that church and there is One foundation.

The Father has said to me 'You (meaning man on earth) have made the Church, Temples, Mosque and Synagogues a place of worship; yet I say to you that you are the temple; you being the body of God are the temple where God resides. The foundation of the Church starts with you'

The Church has been institutionalised but God is not an institution and cannot be institutionalised or limited. HE is sacred energy that is limitless in HIS eternalness.

The Father has said to me: 'The body of God is not divided and therefore should you wish your Church to reflect God then there should be no division amongst churches. In God's kingdom there is no separation and therefore the Church must condone only unity. In the body of God there is no inferiority or superiority; no part is better than the other and none chosen above the other. There is only oneness.

Each religion has created its own 'church' to reflect the dogmas and doctrine of its respective beliefs. In God's kingdom there is only truth. Truth cannot be believed; it must be known. Truth is the Religion of God and God's truth will not always be confined to what is recorded on paper but must be discovered through mortal experience through the union of the individual with God. The Church is the holder of All truth but the Church I speak of is not the creation of man but the creation of God through the soul of man. There rests the seat of God's church'.

If the Church is One foundation, all churches should share the same truth if they intend to represent the ONE and ONLY God'

Should each come into the understanding of what this means then should you stand in unity in a place of physical orientation, there will be your church. Likewise should you congregate in the structure labelled Church, there too shall be your church. The Church of God is where you are, should you rest in unity within the understanding and light of who you are. You must recognise that the Church in reality can never be a physical structure for the physical holds no reality.

Should you choose to embrace all that is real, then I ask that you see 'ALL' within you and yourself within 'ALL' and you will know that there is only one foundation for there is only One God

who is ALL.

The Church is One foundation
In wholeness and accord
There is no separation
For each is part of God
HIS body can't be broken
Yet all in HIM is free
United through the God mind
HIS Church will ever be

The Church is One foundation
One Light, One love in All
Each soul is in dominion
Their birthright to recall
Through resurrected Christ light
Their vision to repair
And knowledge to inspire
God's Church to be revered.

The Church is One foundation
On which each life is built
The brotherhood of mankind
God's purpose to fulfil
HIS kingdom to establish
On earth through minds and hearts
HIS light ever to burnish
HIS Church ordained to rise.

I AM THAT I AM

Maitreya Checking in with Bela

By Maitreya thru Bela

Apr 10, 2012 - 4:21:14 PM

I had asked Bela if she had heard from Maitreya lately, they are all so busy. He came with this short note to her, which I though you all might enjoy. -C

Hello, my dear one. We have been very busy preparing our ones to respond to the vibrations that have been seeping in and through. They are inescapable. And those that would hear me, that can hear me, that are attuned to me are under my wing so to speak for this task at hand under the plan of our dear Christ Michael Aton and of course the vast plan of our dear Papa Source as you call in/out to him.

We wish the response was deeper and more positive, but we care for even one as if we care for billions. The cloak of my compassion and love is therefor lifting and smoothing the edge off this transition process. For there is no exempting oneself from the transition that is upon us.

Any can call on my vibration to assist through patches whether they be physical, emotional , mental or spiritual wrinkles that need smoothing. The warmth of your attunement with Maitreya will smooth your vibration as tepid steam would smooth silk. There is a way – and the way is ever present but for the asking to be still enough to be shown.

Maitreya

Message 95: NEW JOURNIES AND MOVING MOUNTAINS

By

Apr 9, 2012 - 9:57:39 PM

Message 95: **NEW JOURNIES AND MOVING MOUNTAINS**

Seraphin through Rosie, 7th April 2012

The point from which you start is not a starting point. It is a point of accumulation of experience. The point from which you start is not a crossroad where you ask yourself "Shall I take the high road or the low road?" It is a multi-storied multi-coloured multi-exit multi-dimensional node offering an infinite number of possibilities. A door is not a door into an enclosed room. A door is but a line which, when crossed, can signify entrance to a completely new space WITHOUT LIMITATION.

The question is, Beloveds, do you cross that threshold or enter that node WITH OR WITHOUT AWARENESS. There are those who travel the world with their eyes closed, only to re-enter the close ferment of the familiar. They may have opened a door, BUT THEY HAVE NOT OPENED THEIR MINDS. Everything they have noted on their journey is either "different to" or "confirmation of" the concepts, views and convictions which are lodged so firmly in their heads.

Travelling through life in this way is like standing on a fixed spot. The traveller is stuck on his or her "standpoint". But it is time now for EVERYONE to move on. There will be no more revolving around self. There will be no more secure positions from which you will be able to "survey the scene" from a safe distance. For all distances will be reduced, and all people will necessarily become involved in what is to pass. It will not be possible to say "STOP! THIS IS MY ROOM, MY MONEY, MY FIELD, MY WATER, MY FENCE!" since fences and systems or all natures are earmarked for collapse, and the world MY will expand into the word OUR through a huge jolt of global compassion.

When the walls fall, when there is no more door to traverse, when there is only truth in the open arena, you will stand naked at the very centre of the multi-dimensional node we have already mentioned. You will be crushed by a feeling of utter despair when you see your religious, social, political and financial systems tumbling, but you will be even more crushed to realise your LIFE-LONG SERVITUDE TO FALSE MASTERS.

This time, it will not be possible, as we have said, to view this from afar, from a position of sovereignty. The only way forward will be compassion. The only sovereign will be the heart. Using the heart does not mean constant smiles and immediate self-sacrifice. It means giving people wings. It means a strong and intense desire to raise the vibrations, expectations and potential of a dejected person in the form of opening a door and encouraging them to enter it, rather than constantly providing them with a huge variety of physical assistance. Your aim should be to so electrify or enlighten someone with new insights, ideas and possibilities THAT THEY DO NOT NEED YOU ANY MORE, THAT THEY DANCE AWAY IN HAPPINESS AND MOVE MOUNTAINS. It is not your job to move those mountains for them on a regular long-term basis.

And so it will be that you, children of earth, will grow into your potential, all encouraging all instead of isolating yourselves behind self-made fences erected out of fear. We of the spiritual hierarchy who have been separated from your planet for so long, will again become part of your world and will help you to travel this new and exciting journey.

We love you, Seraphin

Message 96: THE PARALYSIS OF PEACE-KEEPING

By

Apr 17, 2012 - 10:39:50 PM

Message 96: **THE PARALYSIS OF PEACE-KEEPING**

Seraphin through Rosie, 16th April 2012

Dear Children on Planet Earth who wish well but rest in the Unknowing:

Your position until now has been one of PLEASANT PARALYSIS turning your eyes away from PERVERSE AND PERFIDIOUS PERSUITS. This has been of a voluntary nature. From the seat of observance and inaction you have been viewing a concocted version of history and contemporary world events through distorted glasses, willingly sitting in cosy cages.

These cages or mental landscapes are of your own making, result from your own passivity, from the inability to utilise your minds critically and constructively. Your minds are like balls of cotton wool which do little but absorb the fodder which the media and those in power are so happy to provide you with. These cages are not only of your own making, they are also UNLOCKED. YOU CAN EXIT ANY TIME.

In the beginning, the exits were blocked, but now it is no longer necessary to turn the key in the lock BECAUSE YOU NEVER LOOK IN THE DIRECTION OF THE DOOR. THE MEMORY OF THE DOOR HAS BEEN ERASED, HAS BEEN SWAMPED BY ALL MANNER OF ENTERTAINMENT AND DISTRACTION, AND THE UNDERLYING DESIRE TO "KEEP THE PEACE".

Yes, Dear Ones on earth. THIS IS THE TRAGEDY: your desire to keep the peace, to exercise tolerance in the extreme in all areas of life has turned you into a degenerate, warring and godless society. KNOW THAT THERE ARE MANY GODS OUTSIDE YOUR PLANET WATCHING THE ACTIVITIES OF YOU WHO CONTAIN THE GOD FRAGMENT INSIDE YOU ALSO, AND WHO HAVE THE POTENTIAL TO BECOME GODS ALSO.

Know that you are all without exception loved by your galactic brethren who survey your present plight and observe the extreme poverty, inhumanity, carnage and ugliness for which you are jointly responsible.

At this point I can hear those upset rebellious voices of dismay screaming in reply "BUT THERE ARE SO MANY GOOD PEOPLE HERE AND SO MANY POSITIVE THINGS HAPPENING HERE

TOO!" While this is also part of the truth, expressing this in response to the gross and acute and complex depravity of behaviour which has desecrated millions of lives (including the life-blood and reserves of the planet herself), is NAÏVE AND INAPPROPRIATE. This is where we ask you to OPEN YOUR EYES, conduct intense investigation into the true causes instead of distracting yourselves with superficial entertainment, with ego-centred activities, and with "work" which creates stress and leaves little time for reviewing your very serious situation from a new perspective.

Search for the true roots of this. Do not flee from unpleasantness in order to keep a superficial and short-term peace, but seek out and weed out corrupt thoughts, actions and practises with steadfastness and integrity and dedication. SEARCH OUT EVERYTHING WHICH DOES NOT FIT INTO YOUR VISION OF A PERFECT AND HARMONIOUS WORLD.

We sound harsh, but we are motivated as always by love. Seraphin

Message 97: OPENING THE FLOOD-GATES OF TRUTH

Seraphin through Rosie, 29th April 2012

Dear Children on Earth who walk in Despondence and Darkness, who continue on your well-trodden path, down-trodden by your fellow travellers, elbowed into unpleasant corners by your “elders”, made to wait at every gate before you are allowed to continue, forced to pay toll at every stretch, subject to scrutiny and search before you are allowed to progress.

DO YOU CALL THIS LIBERTY?

In short, Children of the Earth who know no other way, who follow blindly, who are unable to re-set the buttons of their programming and start anew.

To start again from scratch means to face NOTHINGNESS, BOUNDLESSNESS, THE FREEDOM TO CHOOSE NEW PATHS. Who has seized these freedoms and forced you to accept their plans, their tolls, their taxes, their divisions, their corruptive practices, their degenerate behaviour? The ones who have seized these freedoms of choice – who are well aware of their inherent power (AS YOU ARE NOT) - have chosen to subject you to their yoke. And you have willingly complied and ceded thereby your own free will.

Dear Children who are Downtrodden: attempt to tread consciously, not in the tracks, ideas, suggestions, concepts, plans, hierarchies of others, but IN STEPS OF COMPLETE PURITY, KNOWING EVERY SECOND WILL COUNT, KNOWING THAT EVERY PACE IS A POINT FOR DIVINITY OR FOR THE “DEVIL”.

Yes, you Children love to surmise about heaven and hell; about battles between “God” and the “devil”, as if these are forces OUTSIDE OF YOURSELF, and thus OUTSIDE OF YOUR CONTROL. But we say THEY ARE INSIDE YOU. YOU ARE THE ULTIMATE CONTROLLERS OF YOUR FATE.

You may be concentrating on walking forward (and of course you are urged continuously to do this through repeated stress on the importance of GROWTH, PROFIT AND EXPANSION ABOVE ALL ELSE), and you may be putting one foot with determination and solid honest intention in front of the other, earning applause from the sidelines for unswerving steadfastness and increasing pace, but we warn you in no uncertain terms that THIS NARROWNESS OF PATH AND VISION

WILL LEAD TO YOUR DOWNFALL.

Dear Children of Earth: stop for one moment and consider THAT THIS MAY BE THE WRONG DIRECTION: that your concerted and often brilliant and dedicated effort may have been used to promulgate a deadly weapon, a useless product, an unnecessary wastage, a desecration of resources, a pollution of beauty, a flattering of ego, a contribution to conflict, a pandering to power, a squandering of earth's riches, a support of corruption, an upholding of lies.

In your mind's eye, imagine that you are walking down your familiar road, your regular path of life, looking always at the ground instead of connecting to the surroundings, to the sidelines where a completely different story or HISTORY may be taking place.

Imagine that – as you look onto the road – you see a small trickle of water. You may think to yourself “Oh: a small trickle of water. I don't know where it is coming from but I am sure it is nothing to worry about”.

Imagine that as you walk, you see a small crack in the tarmac. Similarly, you may say to yourself “Oh. I wonder how that got there, but I am sure there will be a good explanation.

Imagine that you see a smear of blood on the ground. Here also you may say to yourself “Oh. Someone has been hurt, but I am sure that someone will be looking after them now”.

Our question is: HOW CAN YOU BE SURE? Know that this is ignorance, not certitude.

Know that those who do not look up will sooner rather than later be confronted by the consequences of their non-investigation and will be presented with the truth: that the trickle of water comes from a large dam, about to burst its banks; that the tiny crack in the ground is the start of huge earth changes already long initiated; that the blood belongs to one of millions who have suffered in these centuries of carnage which have taken place on this “free-will” planet.

You have not been stopped in your carnage so far. Your free-will choices have been allowed to continue because it has been deemed necessary to find out just how far you will go. But know that you will be stopped in your tracks – regardless of whether you wish to raise your eyes or not – and forced to see the wider perspective and larger consequences of your one-sided behaviour and ultimately of your INACTION.

This, like all others, is a learning process. Those who do not learn must repeat their lesson. KNOW THAT THE FLOOD-GATES OF TRUTH WILL OPEN, THAT THE SMALL TRICKLE OF WATER WILL TURN INTO A RAGING TORRENT, TAKING EVERYTHING IN ITS PATH. ALL WILL BE CLEANSED BY THIS BODY OF WATER. IT WILL DESTROY ALL BROKEN, ARTIFICIAL AND CORRUPT STRUCTURES. PREPARE TO BE AMAZED. PREPARE TO TAKE ON A NEW REALITY. PREPARE TO HAVE YOUR BLINKERED VISION REPLACED BY A COSMIC PERSPECTIVE.

As your famous poet Shakespeare said: your little lives are made of the stuff of dreams. Now is the time to rise from the dream, appreciate the dream for the learning experience it has afforded you, and leap into a new world, a new paradigm, a world of colour as opposed to black and white, a world of many dimensions as opposed to the purely physical: a world where there is no need to punish, control, jail or tax anyone BECAUSE ALL EARTH INHABITANTS INTEND GOOD ALONE, INTEND TO DEDICATE THEIR ENERGY TO EACH OTHER'S HEALTH AND THE HEALTH OF THE PLANET.

Hold this dream so close to your hearts, Beloved Children, that it becomes reality. NEVER LET IT GO. Ensure that this planet never again sinks to the low levels of depravity, corruption and decimation which you have collectively allowed. Earth will follow this path to health and purity and beauty whether you choose to accompany her or not. Be aware that you have a choice and exercise your choices.

There will be those who read this far and who choose to say THIS IS GROSS EXAGGERATION! THIS IS FEAR-MONGERING! THESE ARE NEGATIVE VIBES! Again, this is your choice how to react. While it makes us sad to see you walking into your own demise, despondency and destruction, we know we must let you continue walking so that you are confronted by your next learning experience elsewhere.

There will also be those who are uncertain of what is meant here. To those we say: root out the underlying causes of the problems in your world – not the causes offered by scientists, experts, opinion polls, the media, the banking community or the pharmaceutical companies. Root out the story behind the story. Do not accept the first explanation which is pushed so easily and reassuringly towards your fingertips, do not sigh simultaneously with relief that THINGS ARE ACTUALLY NOT AS BAD AS YOU THOUGHT.

As always, Beloveds, we have your interests at heart. It distresses us to see HOW GREATLY YOU HAVE DELUDED YOURSELVES, HOW EASILY YOU PUT ASIDE THE GREATEST OF CRIMES AND SCANDALS, AND HOW EASILY YOU ARE LED BY THOSE WHOSE DELIBERATE INTENTION IS TO MISLEAD.

Imagine what it would be like to see BEAUTY, HONESTY, RESPONSIBLE BEHAVIOUR AND LOVE IN EVERY DIRECTION YOU LOOK.

This is our vision for your world. Love Seraphin

Prophecy1

Spirit comes to me and says: 'WRITE'
And the pressure of it is upon me
And I would abide in its will
Lest the pressure increase
And the weight of it become unbearable
And so I sit
At ready
To write the words
That are given to me to write...

Behold
For you have been warned
Time and time again
And I
Even I
Have told you of the things that are to come
The length and the breadth of them
From many mouths
And many hands
And the great beast
Has taken it upon itself
To add to these voices
That speak my words
With words of its own
To confuse the children of God
And the sheep of the flock of Christ
And I have warned you

To beware of
Wolves in sheep's clothings
For they walk among you
And say
Behold here
And
Behold there
And claim to be one of you
While yet they slay you
And eat your children
And yet still
You are bewildered and perplexed
As to the source of your sufferings
For they have pierced your eyes and ears
And you neither
See nor hear

Write these words as I speak them to you
And leave not a dot or iota changed

I AM
The Lord Thy GOD
I have created all things
And
I AM The Source and Center of All Things
I AM aware of All Things
Even unto the atoms of your very beings
And even moreso and beyond

I say to to My flock
Why do you die silently
When the shepherd is there beside you?
You say the shepherd should know
And indeed He does
But
I have stayed His hand
Even as it is raised to strike
Saying
Behold
Why do they not look to you
For protection and salvation?
Why do they seek another
And look to each other?
Why do they not see
The wolves in their midst?
Why do they ignore Thy sheepdogs
And keep them from getting to the wolves?
Why do they defend these false and treacherous beasts
As if they were their own?
Why do they harken to the voices of these
Instead of Thy voice?

The Faithful One

Thy Shepherd

Replies

Lo!

I saw in the darkness

And came to move them

That I might smite these wolves

And bring them down

And save these, My sheep

And I have smitten some

And the sheepdogs have smitten others

But these in the midst

Pretend to be of these, Thy flock

And I have found them

And have raised My hand to strike them

And the sheepdogs wait at ready

And You have stayed My hand.

And GOD replies

Wait and stay Thy hand

Until the light of the new day has dawned

For I have seen that

Their eyes and ears are pierced

And I shall restore them

And see if they will see

And hear if they will hear

Take those that cling to Thee

And place them

To safety

For they have smelled Thy scent

And cling to the

Hem of Thy garment

For they have sought you without seeing

And have found you without hearing

And as You move

They will move

Take these aside to safety

And set Thy sheepdogs around them

While it is still yet dark

Establish Thee then

Thy best sheepdogs

And set them around the remnant

Lest the wolves escape at first light

Stand Ye in the place

Where the sun will rise

And call out to these before You

Your voice will be heard

Your garment will be seen

By the lesser light

And the wolves will howl

And shake their sheepskins

And call out to all that they can

Lo! Come to us!
Behold! Over here!
See! Your brethren are gone!
Taken away in the night
By an evil shepherd
To be fed to the wolves!
Come!
We will take you to your master
And save you from your fate!

Have the sheepdogs bark
And hem the wolves in!
Cry out with Thy voice
And shake Thy bright garment in the wind!
Let those that come to Thee
Be counted with these faithful ones
That have been put aside.
Let all who heed the cries
Of wolves among them
Suffer their fate
Until the morning light rises behind Thee
And all may see Thee clearly
For who and what Thou art.
Then
Let not a single wolf escape
Let your sheepdogs tear them asunder
Let their necks be broken by Thy own hand
Until not a one of them is left
Anywhere to be found.

Then
Take these
The last remnant that is left
That did not hear your voice
That did not heed your call
That did not see Your bright garment
Let them see Your face
In the light of the new day
Let them see and know
The face of their shepherd and master
Let them hear and know
The voice of their shepherd and master
And rebuke them
In the ignorance of their folly
and the folly of their ignorance

And I shall send to Thee
My workers
To take them
And lead them back
To their pen
From whence they came
And they shall be placed

With another flock
To grow strong and healthy
Where they were once
Weak and diseased
And stricken with fear
And they shall remember and know
Thy voice and Thy face
When You come again
To lead them across the fields
To My House
And be added to My flock
As these
That I commanded You
To take aside
For they knew Thee
And knew themselves as Yours
And are strong and obedient
And resisted the wolves
Unto new life
In new fields of glory.

And these others
Shall now know Thee
And be made strong in Thee
And by Thee
And will know Thee always
As their good shepherd and master
And I shall increase Thy flock
And await the day
That You bring them to me
To eat the grass of new fields.

Wait
Just a little while
And stay Thy hand
And raise Thy voice
And shake Your bright garments
And WE shall see what WE shall see
Between the darkness of the fading night
And the dawning light of a new day
That comes ever swiftly
Raise Thee Thy voice even now
For there is no time to lose
Behold the dawn is upon Thee
And the darkness is fading
Let these last moments of twilight suffice
To prove the measure of Thy flock
So sayest I, even I
Thy Lord and Master
Even as You are lord and master over them
I AM Lord and Master over All

And my Lord sayest

Aye
Even as You Will
So it is
And
So shall it be
Thy Will be done in all things
O Paradise Father!

Let all things that live and move and breathe say
AMEN
And
HALLELUJAH!

These are the words given to me by PAPA
GOD OF GODS and CREATOR OF CREATORS
And not a whit or iota of it has been changed
So say I

MEDITATION VISIONS 86 – 88, April/May 2012

THE VALLEY OF THE SHADOW OF DEATH

TURNING TOWARDS THE MIRACLE ON FAIR GROUND

THE FALSE DESERT

Meditation Report 86, 29th March 2012

THE VALLEY OF THE SHADOW OF DEATH

A very ornate tall castle stood at the top of a mountain. It commanded spectacular views, but the people inside it were not concerned with the view. They were carrying out lavish celebrations involving a great deal of excess in all things physical. Some were entirely in party mode. Some of the women were nervous because they heard strange sounds outside, but they tried not to show it and put on a brave and happy face.

Meanwhile, the wind was blowing very strongly, and I understood that these were THE WINDS OF CHANGE. The noise which the party guests vaguely registered in the background were actually volcanic explosions taking place very nearby. Deep cavernous holes appeared all round the mountain, with molten red lava flowing at the bottom. Soon nothing was left except for the peak on which the castle stood, but still the guests failed to look through outside.

Some people knew intuitively that something there was something very disturbing going on, and they shielded their eyes when they passed a window. The party continued until the lights suddenly went out, and the light of huge fires threw shadows into the dark rooms.

It was now clear to everyone that they were isolated within a ring of fire and destruction. (At this point I was reminded of Psalm 23: Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me). Those who were able to look upwards in submission and regret, admitting guilt and asking divine forgiveness, stretched their arms heavenwards and were spirited up by the wind into the arms of their Creator. Those who refused to relent and refused to look upwards lost their physical bodies, but their souls were rescued and packed up into boxes by angels.

The sides of these boxes were not material but transparent force fields which isolated the soul from others. Contact was not allowed. These boxes were taken to a huge space-ship where other evacuees from earth were presently living. These souls were allowed to wander, surrounded by their force field, but always under supervision. They were also invisible. They were made to listen to their former workers / slaves / minions and employees so that they would truly understand the terrible effect which their behaviour and actions had wrought on these people. This was part of their rehabilitation programme, available to all those who wished to comply.

Meditation Report 87, 25th April 2012

TURNING TOWARDS THE MIRACLE ON FAIR GROUND

I found myself at the scene of a fairground, taking a ride which flung me around horizontally and then vertically inside a sort of cage. I understood this to be a cleansing process during which all impurities spun off me. The circular movement created waves which spiralled outwards to cleanse the atmosphere around me.

The fairground was not very large, but enclosed by a strong fence to prevent people entering free of charge. A long queue of visitors stood in front of the ticket office at the entrance. Inside, nearly everyone crowded around a very tall man in a golden suit who made great shows of his strength. He picked up a huge hammer and brought it to land onto a machine which measured the force of his hit. He managed to make the bell at the top sound every time, and the crowd was extremely impressed and applauded politely. As night fell, the neon lights surrounding this spectacle became even brighter and the people were mesmerised by THE WORLD'S STRONGEST MAN.

Meanwhile, no one was looking on the ground. If they had done so, they would have seen many ants going about their daily business. The acts of strength they performed were actually very much greater than those of the man with the hammer. They carried seeds or crumbs or pieces of

dropped popcorn which were twice or even three times their own size, but they were overlooked.

Meanwhile, trying to attract the attention of the crowd with their eyes riveted to the strong man in the golden suit, a number of large animals appeared one by one. They could not enter the fairground compound, so they stood on a nearby hill to be in good view. The first was a giraffe who became a fantastic silhouette against the sunset, but no one looked in that direction. The second was a huge lion who roared as loudly as possible, but the crowd was still in a stupor, assuming that the vague roaring they heard in the background was a passing train. The third was an elephant who trumpeted with all his might, but these were drowned by the cheers of the crowd, or it was assumed that this was distant thunder or an aircraft or both.

Then an angel appeared, lighting up the whole fairground with its light. The neon lights and the golden suit of the strong man no longer stood out in the darkness, and at last the attention of the crowd turned away from him, their eyes travelling heavenwards, trying to see what was happening. Some fled in fright. Others were overcome by a sense of wonder and waited in great anticipation. They recognised this as a sort of miracle which they did not yet understand.

The large animals were now able to walk into the fairground peacefully, without fear of being attacked. They showed the people they were wise and peaceful beings instead of ferocious beasts. The strong man got very angry when he saw what was happening. He took the hammer and hit the machine again and again, making an incredible noise, but now no one paid him any attention. Completely exhausted, he fell to the ground, unable to move. The animals walked up to him, regarded him sadly, and then they pulled him gently out of the arena.

Meditation Report 88: 4th May

THE FALSE DESERT

A thin, poor man in a very hot country was standing alone in the desert. The only thing he possessed was a simple rake-like tool. In a sudden moment of inspiration he started to dig into the sand, and after a while he stumbled upon a single blade of grass. This encouraged him to dig deeper, until he reached a level where the sand ended and thick luxuriant grass began. The man cleared a square metre of grassy ground and sat upon it proudly, claiming it for his own.

A second man, a water carrier, appeared on the horizon, saw the patch of green, admired it, and asked the "owner" of the grass if he might sit on it too. This he was allowed to do, in exchange for some water. In the night, the "owner" secretly cleared away another square metre of sand, and again the water-carrier was very impressed, ascribing magic powers to the "landowner". This continued. More and more people were attracted to the ever-increasing patch of green, and in exchange for food and services, they were allowed to erect small huts there and create a village. They all paid homage to their generous benefactor, the landowner, and held him in great esteem,

building him a palace at the centre of the village.

At night, sand continued to be removed to increase the landowner's property, but he no longer did this personally with his rake, but indoctrinated loyal servants, employing them to drive tractors during the night to remove the sand. They were sworn to secrecy and received great honours in exchange. The landowner himself became lazy and exploiting.

One night a group of winged horses descended from the sky, and their riders surveyed what was happening on earth. Horrified by this huge cover-up, they decided to send a huge strong wind to blow away all of the remaining sand, so that the whole desert turned into a lush paradise overnight. When the landowner's "slaves" saw this the following morning they were astonished, wondering how this had come about, wondering why they were all congregated in one town when there was actually so much abundance. They realised that they had been grossly deceived, and the fraudulent landowner was forced to flee from their anger.

When asking about the message of this I heard the following: ABUNDANCE IS EVERYWHERE FOR THOSE WITH EYES TO SEE. SLAVERY IS FOR THOSE WHO RELY ON OTHERS AND WHO ARE SUCEPTIBLE TO INDOCTRINATION. FULFILLMENT IS FOR THOSE WHO RECOGNISE THAT THEIR ENERGIES SHOULD BE DIRECTED TOWARDS SIMPLE COMMUNITY LIVING.

Are you ready to Go with the Flow into the River of Life more Abundant ?
By CM thru Johan

Are you ready to Go with the Flow into the River of Life more Abundant ?

This is CMAton, Your Sovereign. (Sunday May 13Th, 2012)

Happy Mothers Day to all Mothers of Any kind, shape or form, and to our Beloved Mother Earth especially.

It is also of great pleasure to express My gratitude towards Candace, Mother and CEO of AH and to webmaster Mark for the trouble, many hours of trials and tests, besides a lot of personal distress at the same time, getting the new AH Eight Star Forum up and running, ALL MY STARS TO THE BOTH OF YOU.

Although sub plans are changing or getting adapted from moment to moment, the Bigger Goal and Divine Plan for " Mother Earth " remains and IS intact, and is rapidly approaching a CRITICAL STAGE now after gaining momentum from many directions.

Not everything always runs according to precise drafted plans and scenario's. That is called ' life evolving and constantly learning from new experiences and findings in a fluent way what leads to ' constantly adapting and improving ' .

This, My Beloved Ones, is the most important measure that grows into gratitude once progress is experienced and better results for ALL involved have been achieved. This is an Eternal Divine Goal.

Through the meticulous cooperation between Creator Source, Siraya, His Representative, The Ancient of Days of Orvonton, Myself and crew and countless Light Beings in Divine Service, those, who cleverly manipulated the ignorant kept masses, will come to the demise of the dangerous games they played for way too long now. Fleet is ready for any eventuality and Mother Earth needs to move forward on her Ascension path. Here and there we also see more awakening and into awareness coming and forward stepping people, what pleases us greatly.

This comes as recognition for the Universal Oneness and Rules of Engagement, Free Will, on a road through an experimental valley of Divine Love and Light that will leave no shadows behind, but will Shine Ever So Bright and Light now, that we have to make the transition forward, up and onwards, out of the valley, as there is no other way.

Looking back if all expectations were met, ONLY serves to learn from, to make changes of improvement at every corner and every roundabout, KNOWING the way Spirit works : ALL LAND WHERE THEY DESERVE TO BE.

Seeing plans and projects through to completion is nerve wrecking from your plane, I understand, when you miss out on overview and insight to begin with. Hence the opportunity for all of you to check your TRUST levels, Your Spiritual Ground structure, Your Inner and Higher Connections conductivity and clarity, Your Guidance efficiency. How strong or shaky are they ? How strong and

shaky have you allowed them to be(come). Calling this your HOMEWORK would fit nicely into your curriculum later and will show clearly through the radiation of your Light.

We have come this far; We have addressed those who oppose Universal Law and Free Will; We have waited too patiently according some some, but the race only ends when one reaches the Other Side of the finish line, which ALL are invited to cross TOGETHER now. This requires no luggage or material things, not titles nor possessions, no wealth in earthly terms, BUT THE WELLNESS OF YOUR HEART, AS LIGHT AS CAN BE, READY TO FLY, FOR TAKE OFF. I hope you are, as I stand ready to welcome you Home, through YOUR heart and Within MY Mind, the Golden Combination as I always desire you to enjoy ever so Abundantly, I truly and Only Hope.

Despite many repetitions through a very limited potential of earthly languages in comparison to the Universal Language of Divine Love and Divine Light, I state, in accordance with my present knowledge of all the facts up to date : IF EVER A TIME FOR VIGILANCE, CLEAR AWARENESS, TO REMAIN CONNECTED AND IN BALANCE BY GOING WITHIN, THIS IS YOUR MOMENT TO SHINE, AND THE PERFECT ATTITUDE that will turn into GRATITUDE when you give heed to this Eternal Advise. It is your choice and your Souls eager and perennial desire to have you ready for another BIG STEP FORWARD in your Spiritual Eternal Evolution.

I am speaking to YOU personally now :

The quality and intensity of YOUR BIG STEP FORWARD will make up for the quantity we had hoped for, and although We Love ALL and only Know Love, YOUR PATH should be Your Major Concern now, and let go to go with the flow into the River of Life More Abundantly Hopefull and Blessed Beyond. That will be all for now. Salu.

Love and Light,

Johan

MESSAGE FROM THE SUN

By Rosie

MESSAGE FROM THE SUN

Through Rosie

Various scenes from the past showing sun worship were presented to me during meditation, including ritual sacrifice on a huge pyramid structure in a jungle, and I wondered what the Sun thought about all this, and whether he had a message for us. Here it is:

“I am a very ancient soul viewed from your earthy time references, and yes, you have worshipped many images of me over the ages, and cruel sacrifices have been made in my name. I was intricately involved with your beginnings and have seen developments so great that they cannot be understood from your present position.

Know that you and all living organisms have been loved at all times. I have turned my face and my love towards each searching leaf, each uplifted face. Your clouds are of your own making, Dear Ones, They are the product of your sad songs, your inertia, your misconduct and ill intent. Turn all that around and you will receive my benefaction at all times. You will never lack for warmth, should you pierce the coldness in your hearts. This is all I require to shine constantly and to a degree which is in alignment with your best interests. Turn away and complete deeds of cold-heartedness and the fogs you create will separate us.

In this time of change we larger souls all cry UNITY. And so it is that my unity with the earth is increased. I am not only shining on one side of her, Beloveds, as you generally suppose, but surrounding and embracing her with increased light. She shall feel the benefit of my devotion; she shall profit from my dedication; she will rise to meet my intensity; she will glow in the warmth of my love. May you grow with her, Little Ones, and reach out to me as she does.”

The Light House Effect

By CM thru Hazel

The Light House Effect

CM thru Hazel

Many stormy nights lay ahead in the wake of thunderous change swimming toward the shore of your planet. Many will grapple with the new temperatures and become tossed and turned in the sea of uncertainty that will define their lives. They will need an anchor; a quiet place of refuge to shield them from the whirlwinds and abrasive weather which shall burden the routine of their lives. These are the ones who have no spiritual feet or whose tendency is to follow the leader/s. As they find themselves bereft of leadership, they shall be seeking warmer waters to rest within as the tidal energies rise, threatening to overcome all that they know.

This is the inevitability of that which awaits you. I will not leave MY ones stranded. It is not MY way. Those of you who have been groomed for these times must act as lighthouses on the shores of turmoil. Be firmly entrenched on the firmament of divinity and stand your ground. Let the radius

of your light extend that all who are in need can see your light and take shelter within your knowledge. Keep the portals of your heart open to all and welcome those who seek you out. Provide a haven for them that they may see the light of truth and seek from you greater understanding.

It is you ones who are firm of faith and knowing who shall be the new anchor. Do not underestimate the service to be rendered. In preparation I suggest that you keep alight the lanterns and lamps in your inner house; that being your soul, and cause such light to multiply as the effect of your collaboration with ME. You must burn brilliantly that no fear or doubt may remain within you. You shall not be in danger even though you may stand amidst the fracas. Think of the stationed lighthouse. The brighter your light the greater the possibility that those who are lost in darkness and seeking a way out will be drawn to you if they can but see the offering of your light. Likewise I expect that you will keep an eye out of those who are bewildered and lead them into your station.

There are many of you placed strategically who will keep the embers of God alive during these times ahead. You shall be solid and unshakable for it is MY hand that shall keep you steady.

You will see beyond the horizon of activity and know what the result shall be. The momentum shall be swift but the outcome certain.

I AM Christ Michael

Worship and Forward Thinking

Worship and Forward Thinking

Thru Hazel

This first portion below from Christ Michael, the next portion from the Paradise Father

The concept of worship is affiliated with the religious practice of outwardly honouring God of the religion. This honour is bestowed by those who gather in a specified place of worship where laud and adoration is attended unto God through the saying or repeating of prayers, singing of hymns or other religious music, chanting, and recognition and reminder of HIS word through the reading of gospels or various other texts.

Worship has become a convention of religion in that specified days are allocated when God is to be praised and honoured in a community fashion. Worship has come to signify man's recognition or identification with a God who is Creator of all things; to whom homage must be addressed for gifts rendered of varying nature during the mortal existence.

The Father honours HIS children's right to exercise their free will when they choose to approach worship in this egregious manner. HE is moved however by the intent and not necessarily the action. HE recognises that most have been conditioned to see worship through the limited view that religion offers. It has become an imposed practice which many have adopted as a routine in their lives. The form of worship may be distinct amongst religions but the intent is predominantly the same.

I come to provide you with an advanced perspective on worship so that communion with God can be fruitful whilst maintaining the reverent attitude that attends worship. It is by all means worthy for believers to congregate and share in communion with the divine. Yet the starting point must always be recognition that as each present carries the divine essence of God, God is present in each and in the presence of all when there is such a gathering.

Honour and homage should thus first and foremost be offered to each other from the perspective that it is the God within you who honours the God within the other. This births the higher vision that God is almighty within each and each is sovereign through the existence of God individualised within each member. Praise, honour and adoration should be exchanged amongst members of the congregation as an act of recognition of God's presence.

When you come to recognise the God within each then you will appreciate the omnipresence of God and the Oneness of All. When you worship you will not be worshipping in separation but in Oneness. You will treat worship as a meaningful communion with the infinite spirit within you as well as meaningful interchange with the infinite spirit within others.

When you commune through recognition, with the infinite spirit within you, you are recognising self and self worth and honouring self as God. This form of worship is motivating and fruitful as it cultivates your thinking which will eventually accept the most incredible thought, that you and God are one. Why do you seek to praise and honour God in the first place? What are you appreciative of towards HIM? Are you motivated through love for HIM and desire to know HIM more and be obedient to HIS will; or are your motivations based on the expectations of others or fear that if you do not attend worship God will be displeased?

Dear children, true worship is always a result of personal desire to spend time with the God within or be in the presence of God. Can you accept that it is a possibility that you are seeking through, what you term worship, to truly know God; to experience what it feels like to be in HIS presence , to taste of the higher energy and joy that HE can bring to your life?

You sing song after song and you become empowered by the energy created through music. Many experience a high, in particular where worship is of a charismatic nature. This high MY children is that which you are seeking to experience because through it you feel the ecstasy of being in God's presence. It brings radiant joy to your hearts as you feel the higher vibration take control of you and for many moments everything else is forgotten. Many are brought to tears through the experience and claim to feel closer to God. God is all love and all ecstasy of the purest nature. You therefore long through worship to feel God.

Worship need not be the reserve for Sundays or whatever day of the week your religion imposes. Feeling the presence of God, experiencing the ecstasy of God, and enjoying reverent communion with God should be a daily practice. It should be a willing part of your life; in fact a priority.

Worship should involve the joining of your mind with the mind of God. Daily communion with God shall enable you to develop a personal relationship with HIS presence within you and worship will take on a new meaning as HE begins to minister to you in response to your efforts to know HIM and be with HIM.

It is through meditation that you can truly engage in meaningful worship. Let your prayer, love, gratitude and respect be engraved in your heart and this will be your offerings to the Father. Through the meditation process you will be reminded of who you are and guided to fulfil your creative potential in the world to manifest HIS presence. HE is the archetype of what you seek to reflect and you can only truly know Him through silent communion.

As you come to know the Father within you as yourself, you will live in a constant state of worship. As your consciousness breathes new life of a celestial or cosmic nature your creations in this world will bear the stamp of all Godly attributes. Worship becomes a way of living for you as you honour, revere and love expressly every life force in God's creation as your own.

Your life becomes a living praise through the service you shall render and works you shall do. This type of worship will bring the greatest level of self realisation and it will create an empowering life built on divine knowledge. You shall live in the presence of the divine and shall never feel the myth of separation. You shall be able at will to draw from your infinite resources to create the life worthy of living. You will dwell in the frenzy of joy and see through the eyes of maturity. You will truly love your brothers and sisters as yourself and you will be a God in action. Yes MY dear ones, true worship should bring you to this state of being; not the transient state of feeling love, joy and empowerment one day of the week and then collapsing into forgetfulness thereafter.

When you ignore the God within you, you ignore yourself. The Father is not in need of blind adoration. HE knows who HE is. HE wants you to discover who you are and in that discovery will be a worthy reason to celebrate. It is truly the discovery of God within you that will enable you to see many of your earthy practices and concepts in a different light.

The purpose of worship is to find and know the Cause and in so doing you will find and know yourself; for it is then that you shall live a worshipful life where all things and ones in God's vast creation will be honoured, praised, revered and adored.

Message from the Paradise Father

Thru Hazel

Draw from MY breath that you may be propelled into timelessness to experience the ardour of infinite joy. In this you shall find ME for you shall enter into the nest where I can attend to thee as a Father/Mother would to a child. You shall be weaned and protected and come to a deep awareness of MY love. You will then know my expectations of thee. You will come to know ME as a loving God who serves HIS children through love and extends HIS all knowledge to them that they may wish to return to the nesting ground time and time again for nourishment.

I do not require subservience, affected, imposed or unnatural adoration. I do not seek you to love or revere ME out of duty or fear. I desire you to want to know ME and to experience the fullness of MY love so that you can come to know that there is no difference between us. MY actions are exercised through pure love and I wish you to be so motivated. The world does not have to know your love for ME through loud repetitive words but must bear witness to it through your way of life; for the greatest praise and honour you can render to ME is to live a Godly life wherein I AM manifested in all you do.

There are many whose vision is jaundiced and their thinking coloured. They cannot behold reality but simply follow patterns carved out for them.

The synthesis of all truth lies in the vestibule conspicuous only through inner sight. Each must choose to see in truth before they find the vestibule.

Solitude is the temperature most fruitful for worship. In your aloneness with me I can reveal myself and you will hear MY thoughts in heightened ways and come to know the ME within you. I will foster you from within and build your inner senses through a network of light that at every point will you be able to receive holy transmission. There will be no need for outer acclamations or praise for I can and will read that which is in your heart. If you approach me in reverie I will feel and know

the honour and love you project. It is the song in your heart which testifies to your longings that moves ME within to respond, and not necessarily the words from your lips.

I do not require that you worship ME as if I exist beyond you; but to do so as if I AM a part of you. Only then will you truly feel MY love and hear MY message to you. The empowerment and comfort you shall experience through this knowing communion will be sustaining.

I know that your current understanding of worship is inherited and for many it is a practice born out of expectation and duty. For many, worship placates the soul and allows for recharging in an environment which presumes Godliness. I am not against community worship; just the manner in which it is executed. I gently encourage that worship in the setting of a church by whatever name that church is called be aimed at a sharing of the revelations of the infinite spirit within each and an honouring of each other as God in manifest. You must come to know and accept that where you are I AM.

Three Days of Darkness

The Three Days of Darkness

CM thru Candace

May 23, 2012

Dearly beloveds a few days ago, you saw a brief message about the days of approaching darkness. This was planned long ago and the usual method of ridding a planet of the dark living beings. The time has come, and although we did not cover this long ago, it is used with ministasis so that ones do not have to witness the removals. Its is so very simple, we just eclipse the sun with a large craft. This was done 2000 years go on the day of the cross, to remind people of that great travesty, but only for a few hours.

This will run 3 days plus the ministasis in the middle. The populace will only be aware of the 3 days. Many of you may be aboard craft during that time to be briefed. We will commence the teaching period shortly thereafter.

We have arranged the electricity will not function, so consider that in your preparations. The day times will not be as dark as night, just mid twilight to be expected, there is some light released around the eclipsed area.

This is long prophesied and we have come to this point after all attempts otherwise have gone without comprehension. Everyone on the planet will of course notice! This is divine in nature, and not OF nature so they will know, in whatever beliefs they have of "god", that this is of God. the timing will occur on my direction based on multiple conditions including the WAVE.

Tis a shame you dark ones that it comes to this, and many of you are already judged by the courts and will be facing your removal and in many cases your extermination. WE always win dear dark brothers, and you have lost your game.

Candace: This does NOT cause earth changes or other serious issues. I would think maybe a little weathe effects. It is NOT the time of the magic ascension either, don't read something into that. Many folks are "hearing" this now, I have seen a lot of posting on forums about it. I covered it for my glp readers here: [Thread: Stasis, mini stasis, craft, Jupiter \(Page 55\)](#)

Just plan on what you need in the absense of heat and light. Candles and batteries will work. Your gas stoves will work, but you will have to light the burner. Put gas in the car, but I don't know if you would want to be out amongst people in fear. Obviously there will be an issue with shopping, since there will be no electricity. I assume you won't be going to work. Stand tall.

Greetings to All of you, Children of The Light.

By Siraya thru Johan

Siraya : Greetings to All of you, Children of The Light.

I AM Siraya,
Representing Creator Source in Orvonton.

It is my greatest pleasure to confirm that what your Most Esteemed Creator son, Michael of Nebadon has announced, is upon us. From Universal Perspective, call it nano-seconds. His courtesy call to give notice of the days of the darkened sun has brought great joy amongst many dignitaries from all over Creation who have been front row, tip of their seats. And most recently been witnessing the last pieces of the puzzle, chess game if you like, been skillfully manoeuvred, masterminded into place.

What has been sent by Creator Source by His Decree, agreed upon by ALL involved, is making his entry as we speak. The Wave will impact accordingly and appropriately and will propel forward the long awaited finale of the most tedious works your Sovereign has endeavoured upon sofar.

To reach this highest possible level of perfection, with so many variables and constant dealbreakers or unexpected twists and turns at play, this deserves more then merely a quotation in the annals of this Local Universe. This feat, once determined a ' done deal ', will be further studied and adored far outside its enormous frontiers and boundaries. It is the cornerstone many would have rejected, but Your Creator Son accepted this challenge truly against all odds, not knowing its precise outcome by far. It is not the end, what never can be reached as Within The One Creation, cycles come and go, ever expanding Within a Omnipotent, Omnipresent and Omniscient Supreme Intelligent Power, that never stops.

Those in the knowing have reasons to rejoice, while standing firm still, those unknowing will be removed or made aware, much to their surprise. I therefore choose to bring those glad tidings from my heart and equally from Our Creator Source, in the knowing of a lot more work to be accomplished, but glad with where we stand.

I Bless all you Light Warriors and Star Seeds who stood tall no matter the storms. Your work and hearts content has not gone unnoticed at all.

I AM Siraya,
in Service of Creator Source.

Love and Light,
Johan

You are die hard slaves of an uncreated master

By CM, channel NOT given
May 28, 2012 - 11:49:40 PM

We have long known what the problem is and we have long known who the problem is. You are die hard slaves of an uncreated master and now the weight of it is fully and squarely upon your own shoulders.

We also have been apprised for quite some time of your plan to 'bring it all together' and it is for this that we have brought into play the 'three days of darkness'. Either you cease and desist and let us do what must and will be done without your arrogant and psychopathic need to render the destruction of this world, WHICH WILL NEVER HAPPEN NO MATTER WHAT YOU DO, or you continue with your plan of a false flag assassination attempt of your Obama that you will then officially blame on Iran while spreading rumors on the street that it was the work of White Supremacists in order to create your long awaited and planned for, racial holy war.

Such a move to declare martial law will have no meaning. At the first intent of manifestation of such an evil and destructive chain of events, we shall pull the plug and all of your efforts will be for naught, nothing, nada, zip! The three days will commence sooner, rather than later, you will all be rounded up, no matter where you hide, and taken straight to the courts of Orvonton and that will be that.

OUR ground people all agree that you, and those that have sold their souls to you, are the ones that must be dealt with first and foremost and so we shall. We are chomping at the bit to get this done and are quite happy to have you give us a valid reason to accelerate our schedule. Either way, the result will be the same, so have at it, if you are willing to pay the full price for it. Your hurry to 'beat us to the punch' holds no meaning. Your means are futile as is your hope for your desired ends. You believe that might makes right. You have not yet seen the might of the Heavenly Hosts of Legions of Armies of God!

You showed no mercy but persecuted the poor and needy. You have slain the innocent and the broken in heart. You have loved cursing and eschew blessing. As you have clothed yourself, so

shall it be in you and with you. The memory of you shall be cut off from this beautiful Earth Shan Gaia and all upon her will receive their just due!

THY DAY HAS COME TO PAY THE FULL MEASURE OF THE DEBT THAT YOU CREATED AND TOOK UPON YOUR OWN HEADS TO PAY! AS YOU YOURSELVES HAVE SWORN, SO SHALL IT BE UPON YOU! 10,000 WORTHLESS KOL NIDRES WILL NOT SAVE YOU! IT IS DONE! THE WAVE OF DIVINE BEING HAS REACHED YOUR SHORE AND NOTHING YOU DO CAN STOP WHAT IS ALREADY HAPPENING.

We are preparing our ones for what must be done. We suggest you do the same and surrender willingly. You may surrender unwillingly, if you insist. Either way, you will surrender.

You have been told and now, all requirements have been fulfilled. Let us all be at our stations and get to it.

I AM CHRIST MICHAEL ATON, SUPREME, UNCONDITIONAL, UNIVERSAL SOVEREIGN OF NEBADON, THE UNIVERSE OF MY OWN MAKING AND COMMANDER OF THE GALACTIC FEDERATION OF LIGHT AND LORD OF HOSTS OF LEGIONS OF ARMIES OF ARCHANGELS AND ANGELS AND HEAD OF THE SPIRITUAL HIERARCHY OF NEBADON. MY WORD AND WILL ARE LAW AND ONE WITH THE SOURCE AND CENTER OF ALL THINGS IN THE PARADISE TRINITY.

LORD SUREA AND ALL THE INVOLVED COUNCILS ARE OF ONE ACCORD, AS ARE THE ELOHIM, AND SPEAK WITH ONE VOICE IN THIS MATTER. THERE IS ONLY ONE OUTCOME AND THAT IS THE HEAVENLY FATHER'S WILL, THROUGH US ALL, AS ONE.

SO IS IT AND SO IT IS.

The Prophecy-Darkness Uncovered
By Source thru Hazel

The Prophecy -Darkness uncovered

From Source thru Hazel

There is a simple truth to those days yet to come when darkness will prevail for a time. That truth will sound a bell that will end the regime of darkness on the face of your planet. Yes indeed, darkness is to be vanquished that your lands may become lighter and lighted. Light shall void darkness, truth shall void the lies and understanding shall void ignorance. It will be a time of great awakening.

Many will experience the dawn of understanding as the light of awareness emerges. They will come to see how they allowed darkness to cloud their vision. They will experience a shocking revelation that outer darkness is incomparable to inner darkness brewed from an ignorant state of being uninformed; or chosen ignorance. The darkness will thus uncover the light of understanding within the minds of many. In fact when this occurs a new feeling of freedom will be born. A weight will be immediately lifted yet not without a sense of remorse for allowing the reign of darkness to perpetuate for as long as it did. Uncertainty will be replaced by hope.

Many will come to realise that darkness cannot be measured by outer visibility but through an inner illumination born out of knowing truth. For truth represents the light and a mind in light will see that which is averse to itself. It will perennially seek truth and thus light in all things. It will be a time of mighty reflection when light will loom inwardly for revelations will be given in radiance.

Out of this period of darkness illumination will bathe the inner eyes of many and darkness will be lifted from their consciousness. Many however will wade into deeper waters where their fear will keep them anchored. These are the ones who will be unable to assimilate the truth as fear blocks the reality from their consciousness.

When the darkness is uncovered there will sit abundant light. See this imposed period of darkness as heralding a new era, a new beginning where the dawning light shall be brighter and clearer than ever before. A new morn will break as the mist of darkness is lifted with permanence.

I AM

YOUR SOURCE
