GLPVC Discussion on Global Overcontrol of Money and Politics with NIP Tonight at 11:15 EST

I am doing this on certain monetary and political issues. I will be posting some links in here today that will be part of my show. I will add them over the day. These will be useful to look at, particularly one of them before hand. I will be editing this post to add the links. The podcast is at 11:15 pm EST. 9:15 for me in MST. [[link to chat.godlikeproductions.com](http://link.to.chat.godlikeproductions.com)]

Feel free to post some questions about the global political monetary systems. I have some unique ON THE GROUND contacts that have provided me a lot of truth and i have documents we cannot yet publish, but which I can use as references during the discussson.

This will be mostly discussion, I am not going to give long speeches and the topic is generally not related to my other work, except I will cover a small bit on where the NESARA idea came from. There was a global agreement made and signed in 1980 by the committee of 300 that was never activated. I have a copy of that puppy, I know of what I speak on that. The committee of 300 IS real and I do have interesting material which can change how you think and react to the political scene in the US right now, but other countries are similar. I got interested in doing a pod cast after I was listening in on VC a few days ago in which a impassioned and totally useless conversation was going on, useless because things don't work like you think they do! Wasted and lots of misplaced emotions.

This thread will be pinned tomorrow. I will bump it when I add more links to this post

[[link to benjaminfulford.typepad.com](http://link.to.benjaminfulford.typepad.com)] This is important. There is a portion of a document here, which although he states it is legal, it is not. I will say why during the podcast and then maybe later write up something in this thread. But looking at the document, the "format" is an example of teaching I will do, an which will help you understand. You should have the link open during the early podcast.

This link will **not** help you under stand what the committee of 300 is. I can help you understand it. [[link to en.wikipedia.org](http://link.to.en.wikipedia.org)]

[[link to www.apfn.org](http://link.to.www.apfn.org)] We are still a British Colony. This is one little example and on one of my dead computer I had more recent paper which is lost, I cannot upload it here. So this will have to do.

This is the classic research book [[link to www.civil-liberties.com](http://link.to.www.civil-liberties.com)]

[\[link to abundanthope.net\]](#) PLEASE READ this document beforehand if possible. And the link within to the OITC site, which is still up, even though the organization is temporarily destroyed. [\[link to www.unoitc.org\]](#)

ADDED: Ok as part of what I will discuss tonight, also review Ferdinand Marcos. HE is what you were told over the years.

[\[link to en.wikipedia.org\]](#) will work just to remind you of this man. I will be discussing some very relevant material about him to the global story and God himself. He played a very important role on this globe.

King Anthony Santiago Martin. Marcos Heir. [\[link to johndbaptist.blogspot.com\]](#) a better blog has been removed from the net. [\[link to www.fourwinds10.net\]](#)

[\[link to en.wikipedia.org\]](#) Study a bit on the Fed. This is NOT full truth at wiki about the "Fed".

ttp://www.godlikeproductions.com/forum1/message1774594/pg1#29467456 just opened by somebody here on glp.

*The most important teaching of Jesus left out of your bible:
His Father is also YOUR Father, thus you are a Son of God. Your Father is WITHIN YOU.
The worse teaching is "hell" Here is the correct version: "Hell" is prison wards like this planet and times up for the prisoners. Truly here is what HELLFIRE is supposed to mean, which shows the corruption by the "devils" occupying this world. **HavingEverLastingLife**
FieryIntelligenceReasonatingForever. HELL FIRE dear ones is eternal life in glory, not dungeons. Remember, your devils will always LIE. And give you **beliefs** that are not so. Beliefs are not facts. However, do seriously work in that **FIERY Intelligence**, for being fools will not serve you or God very well. not in NIP's "cult".

still interested in what she has to say.

you just never know where the smallest pieces of truth will be found.

don't just dismiss out of hand. listen, analyze, then form your opinion. the problem with ascertaining the truth is our tendency to ignore the message for the messenger.

pretty certain i will not agree with 99.999% of what is discussed, but it's that .001% that hides the TRUTH we seek.

Thankyou for being honest. I do not run a "cult". I run the earth half of the 2nd coming organization however.

However, as I said the topic of my pod cast has no star fleet stuff in it. pure earth stuff for which I have proof. I might ask that ones interested, to skim thru the WhistleBlower OITC material on my site. [\[link to abundanthope.net\]](http://link.to.abundanthope.net)

I have added some links now to my first post in this thread that are useful to the discussion.

OK, I was in the chat room, now this is pinned I will watch for any questions. NOTICE, unless we finish with the topic at hand, this is not about my other work. This relates to the global over control of this world's finances and political machine.

The other work might be covered another time, I am asking one to maybe share one, at least on the nature of obvious ET stuff in our solar system. I might like to do a podcast sometime on religion, which would be that I was ask those in religion to come into the podcast for a question answer session.

After the podcast, I will continue this thread to continue the discussion.

I semi took part in one of these once by Bob Schulz , these are complete failures generally and when they came here to Denver, I found out they most truly do not know the nature of global overcontrol of this world and our country. They will fail until enough folks know. He and Ron Paul

were eventually at each others throats too. [link to wethepeoplecongress.org] [link to www.givemeliberty.org]

Check also the funding behind the above, but some of these things are truly NOT citizen driven but NWO driven like the Occupy Movements. If you know who funds it, post it.

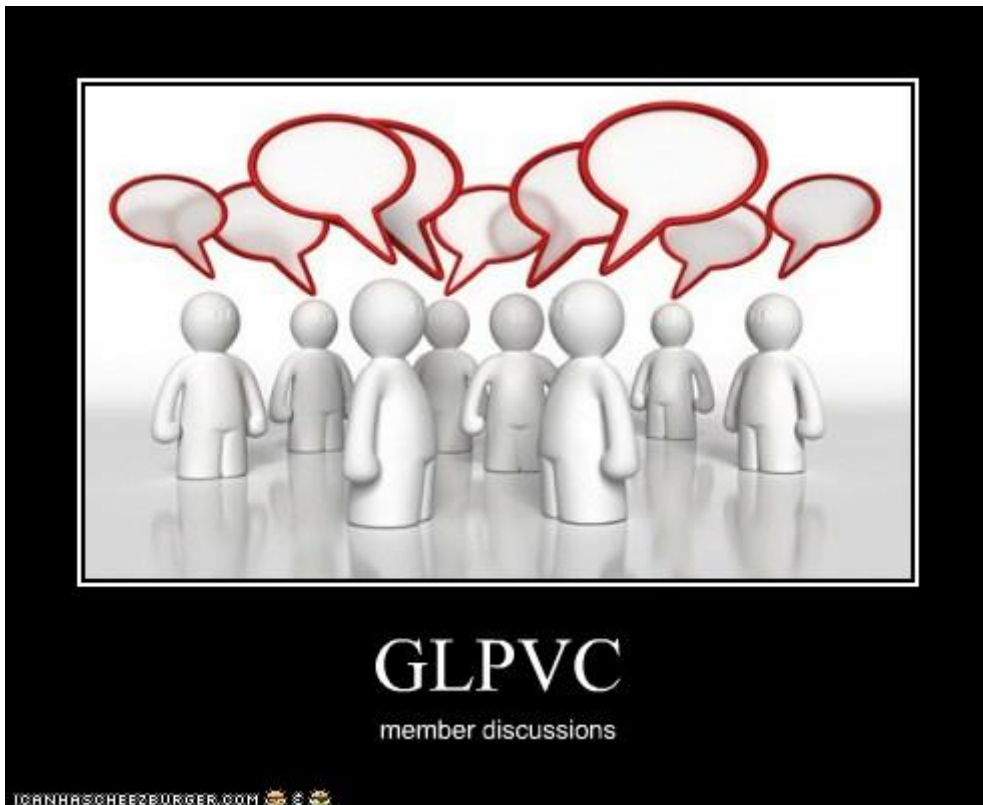

Oh dear, it was at Harvard.....AND **A project of Fix Congress First, the Tea Party Patriots, and Harvard Law School** This would not be a project for the people by the people. The people are not represented by Parties.

Your 2nd Link, Call a Convention, uses the word 'democracy is stalled" Well we better stall it, because we were created a republic. This is NOT AN OPTION. This is NWO funded stuff.

Once again you are confusing the "fed" with its mother org, the IMF, and the BIS (Bank of International Settlements). Countless people have corrected you on this, yet you persist with this disinfo.

YES, the US is still a British Colony (been posting it here for ages), but if you don't dig beyond that you won't find the truth. (And I'm not talking about "Jesus" hovering about the earth in a spaceship!)

WELL that was quite an experience. Thanks to GLP staff for making this possible. It didn't stick to the original topic but I didn't expect it to, perhaps more later. Might want to do something with 2342 around his own research around anomalies of the solar system suggesting ET presence.

I want to keep this thread to the topic of its title, politics and the like. I would love any of you who can back up some of what I said to post, and continue the discussion.

Much of what I talked about tonight, was around my other job and I have a lot of threads and I have archived some of my posts but not all by any means here: well I am so exhausted, I keep hitting wrong buttons for links, so thats a task for tomorrow.

I do hope many of you here at least have a better sense of my personality, its always very difference talking to people "live" rather than by typing on forums. I never ever considered doing a podcast until I was listening into a political discussion here and was wanting people to be simply more informed so they don't displace all that emotional energy into something that either cannot

happen, or is but a political construct played out every 4 years here in this country. Thankyou all so very much. NIP(Candace)

Susie, you can "think" what you want, but this post is offensive to me. I live my life as I say I do. Please do think on this. Because it is your false understandings of christianity that get in your way of accepting what I do. I remember posting in your threads. You hope I have a family..... will I do, and I am not under their care. I am a responsible grown up.

You are one for whom I did this podcast, the political part, because you were the one who sounded as if you wanted to cry over Gingrich. I love your passion, but it is misplaced on candidates being paid by the NWO to act this so called political presidential process every 4 years. Not one of them is "good" . Except maybe Ron Paul and as I said, his voice is different so I am not sure its the real one.

so far the podcast is not in the list. It went pretty late and I have never paid any attention to how soon they are posted. It was said that it would be available last night. It was over 2 hours. the server was overloaded near the end they had to reboot and I was planing another 1/2 hour if they wanted it even though I was getting very tired,, but after the 10 minutes of rebooting the server, there were still problems so we said goodnight.

I started a new thread to deal with the ET/2nd Coming et all coverage in the podcast last night. You may post additional questions if you listened in there, around those topics. [Thread: After the NIP Podcast](#)

Keep discussions of the political monetary top here and I will at least start here today on Marcos, and that Alpha Omega RING discussed.

I just remembered from posting in another thread, we discussed the lookalikes and clones last night in the political arena. Here is my thread on that topic with the Obami. [Thread: Obama HEAD scars/ the multiple Obami](#). I have had other threads under NIIP and Candace on the topic of the Obami and perhaps the Bushi too. I think I listed some of those in the thread above. I suggest that our thugs will likely remove "obama" in some way because its getting more difficult to maintain these false Obami. I think they will play another card in their deck.

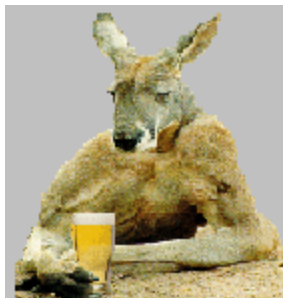

I did make a statement that I thought some of these surgical lookalike with these awful head scars are possibly cyborgs.

tomorrow I will make a better attempt to continue this topic. I am very tired today, keep falling asleep at the computer even with a 2 hour nap. I went upstairs last night which took some sleep time. For those that have not seen my pic, another searched and found it on the web, so I put it in my post pod cast thread. I have placed it in a few threads here recently.

Ok I am finally "in the mood" to continue the story I started in the Podcast. It got interrupted big time by the story of the Alpha and Omega RING, as 2342 was pretty fascinated leading into a Lord of The Ring tale. I had no huge interest in those, had borrowed all three on DVD's from neighbor and slept thru most of it, and disliked the 2nd one hugely, too gross.

Now for this presentation, which I will not be able to complete in this post tonight, you MUST Look at this linky I provided. [[link to benjaminfulford.typepad.com](http://link.to/benjaminfulford.typepad.com)] fulford is being used to "spin " here but it will serve you to have it. I will use it more tomorrow as I write this story.

But here IS a Real Ring and I don't know if the Lord of the Ring stories are based on it or not, but let us move forth.

Lets title this post, **Marcos and the RING** then. I asked for you ones before hand to review something about Ferdinand Marcos of the Philippines, for he was the rightful user of the Ring, which is a Ring for "heaven" I guess I will say, that was originally in the possession of Adam and Eve, 38,000 years ago. You see, they were the first SONS of GOD to WALK on this planet, but not the first human beings. They were born in "heaven" and transported by heaven forbid CRAFT to Earth. I will refer you who are interested to the Story of Adam and Eve, to the Urantia Book, the bible is terrible on the topic. Just go to: [[link to www.urantia.org](http://link.to/www.urantia.org)] and then to the papers on Adam and Eve, which are papers 73 thru 76. You can download the whole 2000 page book to your computer, or read online. You will find out, they did not eat from any tree of Knowledge they should not have, nor did any serpent speak to them. And you will find out why the mission failed. However the RING is not mentioned and for rather good reasons.

But at any rate they had this ring, the Alpha and Omega ring, which has passed since then thru many hands and as far as I understand, to many who have incarnated to serve special roles on this planet. And the last legal holder of the Ring was Ferdinand Marcos. And now its unfortunately for the hands of one who is not authorized to have it. The Queen of England. That should suggest something.

Now not only is there an Alpha Omega Ring, there are Alpha and Omega accounts. These are precious resources under the direct control of the Management of "heaven" including of course, Michael of Nebadon.

Now Marcos made a last will and testament, singed December 20, 1988 at Buckingham Palace. I am being allowed to make some small statements now that some stuff is out of the hat, and I refer you to the link above from Fulford's site and the commentary that the documents came from a source linked to Marcos. I have a pdf copy of the Will and Last Testament. This was published briefly on RMN's and taken down on the advice of David Righter, which some of you know from my site as S333. David Righter walks this planet in a human body, is married and has a child. He however was NOT born of Woman. He is here is a specially made body, just as Melchizedek did long ago in your one's OT. It says he had no father or mother, remember?

This is how the will starts and I will not include the monetary numbers and global account numbers involved yet.

Know to all men these presents.

*That I, Ferdinand Edralin Marcos with Diffused codename: AAA - 777 and Spiritual King Solomon of Israel, of legal age, Married to Imelda Romualdez Marcos 'y Ongpin, President of the Philippine Islands and General Holder of the following Assets and Properties entrusted to me by the **Eternal Creator** for the benefit of the People of the Philippine islands to wit: (a.) FINANCIAL PROVENANCES: (huge dollars given here, to infinity. The ETERNAL CREATOR is Michael of Nebadon.*

Ok the next tidbit and then I must fold for the night. I have a meeting upstairs to attend. There is detail of the gold way back then, stored under the Trade center and some of you are aware that a lot of Gold was hauled out of the trade center or at least rumors of such. Well that gold was stored under there by Marcos and then there was theft the night before the towers went down. And its NOW under where I live, in the Denver underground under DIA complex and tunnels to the mountains. That was not such a good place to put it, because you see, Starfleet has taken over that area, which is why I view so many craft/cloudships around here since the takeover in 2005 of all the underground areas by fleet. Hmm, I wonder what all else has been "stored" supposedly out of sight in some of the DUMBS etc. Look up DUMBS if you don't know what that means.

bought by the undersigned to the United States of America worth of \$ 20,000, 000, 000 or 10, 000 metric tons of gold bars that preserved beneath the World Trade Center in New York City, USA that directly intended for the welfare and benefit of the People of the Philippine Islands
These particular gold bars had been stolen and restolen over a long history which is detailed somewhat in the will.

so now I will log off, and get about my "other" night job.

Ok during the podcast, my OBAMI was brought up. Well today I saw part one of an Ulsterman report with the "the insider" , the reports that continued after the demise apparently of TBRNEWS.

Well these reports are always leading and generally full of shit, so I pay little attention anymore, but this is a good one this time, a part 2 of a 3 part series. REALLY GOOD and also since "allowed" the beginning of the set up for the removal in some way for the problem of the Obami. It is becoming difficult to keep up the charade. Don't worry though, there will always be a charade until America wakes up. There were MANY Jimmy Carters and this shit has been going on for that long, by one method or another. I can provide some Peter Beter Links on the many Carters.

Now the first part covers something with Ron Paul and I tell you, Ron Pauls voice has changed, which I stated in the podcast. The first part is also interesting in another line about Clinton.

But this part 2 is all about the Obami, strong strong hint. You should read the entire thing.

Well somebody died for seeing evidence a change out of Obami, at the DNC here in Denver in 2008. This is big. Enjoy. I keep saying that you ones never saw the real Obama since before the DNC of 2004. Read, weep and learn. It is the only thing that will bring about change in your personal knowing. I have posted a small portion of the report to whet your appetite below. Please have an appetite.

[\[link to theulstermanreport.com\]](http://theulstermanreport.com)

*Insider: Told you – don't know. He...my friend – he didn't say...
...so out of that room they come. Everybody is excited...including Barack Obama. It's like...it's like one man went into that room and another one came out. An entirely different man walked out of that room than went in. That is how...that's how he told it to me. A different man walked out. The change...that...the transformation was stunning. He seemed taller. His eyes were...there was an energy to him. Powerful. He was smiling and joking, shaking hands, talking real fast...the suit – the one you see on television...every detail was perfect. Everybody was rushing to shake his hand, tell them they loved him...but my friend...he was shaken up. It was too damn weird, right? What the hell happened in that room? How could one man walk in and another man walk out? We're talking two extremes here...Obama was just about carried into that room...and he comes out...he's bouncing off the f-cking walls.*

UM: Did your friend get close...up close to Obama at that time?

Insider: Oh yeah...got the handshake. Looked right up at him. And Obama...he looked right down...looked right down and through him.

UM: Through him?

Insider: Yeah boy...right the f-ck through him. He didn't recognize...my friend...he had been introduced to Obama not more than a day before. He was helping organize the whole fu–ing event there in Denver. He spoke to the president...to the nominee...probably for about ten minutes. And there was nothing odd at that time...Obama seemed like what everybody saw in public. Not what

my friend saw go into that room...or what he saw come out of that room. And Barack Obama – my friend was very...he made a point of emphasis there – Barack Obama did not recognize him in the hall. Not a clue. He smiled down at him, shook his hand...kept repeating thank you over and over again...and his eyes were always blinking. Fast.

UM: Blinking...his eyes were...blinking?

Insider: Yeah...like f-cking shutters. Blinking. Over and over again. My friend watched him as we he made his way to the side stage...his eyes were blinking over and over again.

I made some posts here on pages 2 and 3 I think. [Thread: Enough problem talk...lets have some solution talk :\)](#)

Nice try Osirus but you have to understand the scope of the problem.

You are saved by your own desire to have eternal life and grow in the ways of God and not any other way. God gives you a lot of time to acquire wisdom before you make your final decision and fuse/merge with the Father Fragment within your mind/soul. Jesus taught the reincarnation of the soul to grow in wisdom and grace. It was left out of your bible on purpose. Where is your WISDOM? Your GRACE? Your respect for LIFE? Not much present yet anyway on this world. Where is your love of LIFE? Missing, if its OK to have the genocide going on in the Middle East.

Being written in the Book of LIFE means making the final decision to Serve the Will of the Father and Become LIKE him. The process of Fusion/merger with the Father Fragment makes you an actual Son of the Father, where by before then, over the ages of wisdom attainment you were a FAITH SON. The harvest of REAL SONS from this world is rather small, and most will be moving on to try again elsewhere. You are not ready to graduate to the higher ways. This graduation is EARNED.

Hopefully soon I will get back to Marcos and the global agreement of 1980 and his will.

But today for a bit I am working on my PJ #27 thread, the laws of God, and there is a section covering OATHS to which I added some teaching. It is on page 2 of this thread. [Thread: UNDERSTANDING THE LAWS OF GOD AND THE CREATION \(Page 2\)](#) LAW 4. I will just copy my teaching from it here regards the party system etc.

Candace: New age is run by the Antichrist ones for the most part. This truth in the PJ's is NOT "new age", it is given as promised at the end of the age. You new agers need to understand that if you occupy this earth, you are part of the Mass Consciousness and cannot subtract yourself from it by ignoring it, or by saying you will not listen to the truth if it sounds "negative." You cannot change this world if you don't look at the negative and thus understand it and then take part in fixing it. You ones in new age were encouraged to vote for Obama, remember. Did you? Have you now learned yet, that God does not install people as President of the United States. Or any other country. Obama was chosen by the elite world government, and so if you don't understand who the committee of 300 and others are, nor the fact there are "hidden " individuals who are never publicly acclaimed, who do make such decisions, then your vote for Obama was an antichrist vote. Ditto anybody else that voted for him. There was nobody to vote for. When I vote, I vote NO PARTY.

If any of you are political party members, unless you are very aware of a special purpose of yourself, you are supporting the antichrist. I once joined the democratic party in 2004 just to observe the caucus process here, and then I reverted back to independent. We do not have a representative government in this country. Delegate system is NOT representative, I was appalled by that. The NWO is already there people. Stop supporting it in the political games during political seasons like now.

Christian Zionists, which are any of you who support modern Israel, you are the most deluded of all, in this regard. God does not have a chosen people. People chose god individually. The Antichrist rules in Israel. They were never ever the people of those times of thousands of years ago. They originated in Mongolia. See what the lies have done on this world because you do not have truth or will not look at it????

You who swear allegiance to political parties, churches, temples, synagogues, secret organizations like the masonic ones, have violated the law about oath taking. Ponder that one. To what organizations have you given oaths?

This is the latest Lord James of Blackheath speech that is circulating the net. He heard from him a year or two ago too, when he said a Foundation X had gifted Britain with I think it was 50 billion pounds or something like that. Or maybe \$5 trillion, I don't remember. We should have that old speech on my website someplace. OK on EDIT here is the linky to that speech Nov. 1 of 2010.

This Hidden Foundation X IS the Foundation Divine, and please return to my first post in this thread for the linky to my own website about the OITC.

That transfer was never legal and is part of the thug takeover of the Foundation Divine that was going on then, and Keith Scott and Keenan continue to work for the downfall of it all, but China has the "keys" since over a year ago to the Federal Reserve.

If Lord James is telling his knowing, he doesn't know very much about how the FED Works. He does not know its the GLOBAL CENTRAL BANK of the CENTRAL BANKS.

Some of his material is correct enough about huge amounts of money transfers et all.

Well on using google which works far better than my own search engine, Whistleblower sent this last May, on that Foundation X thingy.

This is a personal letter to me from David Crayford, Whistleblower, of OITC which contains intelligence regards Ron Paul. David sent selections from a communication he received. I just posted this to my website. Linky back is at the end of this piece.

Dear Candace,
You may, and the readers, take great pleasure in reading this article which has derived from an official report I received yesterday.

Appalled to say the least I submit this article to you for posting at your discretion.
WHISTLEBLOWER ----- RON PAUL (PRESIDENTIAL CANDIDATE) IS NO FRIEND OF THE PEOPLE ----- A WOLF IN SHEEP'S CLOTHING.
Yesterday I read a report, passed to me from our main office, which had been submitted on a priority factor to enable urgent action to be taken.

When I read the report, and also having read, in the past, several articles on various Community Websites which state how genuine Ron Paul is, etc, I couldn't help feeling a high degree of disgust, appalled, and utterly shocked by the fact that what the Community Websites state about Ron Paul is totally contradicted by the report which was submitted by one of our undercover operatives who had actually spoken to the person referred to in the report (I have XXXXXXXXXXXXX out the name for security purposes) who had been contacted by one of Ron Paul's Campaign people for and on behalf of Ron Paul.

Being skeptical as I am I realise that Community Boards do contain a lot of misinformation and generally should be taken with a pinch of salt even though I appreciate that there are a few genuine, professional and knowledgeable writers trying to get the truth out to the masses. However, the report received from our people is official and does go on official record whereby everything in the past submitted by our people has been totally accurate and factual. Therefore I have no hesitation in fully supporting the report and fully / totally discarding the articles regarding Ron Paul which show him in good light and show him to be a reputable character. It appears to me that Ron Paul is stating what you the people want to hear, not the truth and he certainly is not telling you what he is doing in the background.

Below is the section of the report which is applicable and which openly shows that even Presidential Candidates such as Ron Paul, no matter what their ideology is, tell lies, are very deceitful, and are very plausible to the masses.

I sincerely hope that the masses actually learn something from all of this and realise that there are very few in Government or the Bureaucracy, no matter where they originate from in the world, that are trustworthy, loyal to their country, loyal to the people they represent, and actually work honestly for the good of the people, without wanting to enrich themselves at expense of someone else.

Having now read the report in full, I can say without any reservation that I have no faith in Ron Paul and would, if I was American, having no confidence whatsoever in any one politician, place a cross against a "NO VOTE" box on the ballot paper, or not even bother to vote at all.

Section of the Report:-

1. XXXXXXXXXXXX has just been contacted by the Ron Paul organization and he apparently has come into gold or something and wants to meet him soon inZZZZZZZZZZ on a campaign stop. Claims that they can be mutually beneficial to each other. XXXXXXXXXXXX is all excited about being able to get into the political fray. I told him Paul does not have a chance, too old and needs Billions to counter the other side. He says it may be that he has acquired some benefactor with more wealth than good sense and trying to buy his way in. Needs XXXXXXXXXXXX for something.

2. YYYYYYYYYYYY wife has sold some or all of the maps for an undisclosed amount. The first dig was in the last few weeks. Contacted XXXXXXXXXXXX in last 24 hours stating that they opened several thousand metric tones and want XXXXXXXXXXXX to begin to move it for them. They are on the ground on an island and have sent photos to XXXXXXXXXXXX. This list for sale could be very real. If it is now out there, it will be most difficult to stop and very likely make Langley and handlers higher up very, very powerful. An unstoppable world power that could have been stopped.

It is beginning to look very much like the agency is part of the problem and not the solution. They could not have planned it any better if they tried.

XXXXXXXXXXXX Represents our person / people

ZZZZZZZZZZ Represents the location of a proposed meeting with Ron Paul

YYYYYYYYYYY Represents the wife of a former agency operative with knowledge of the assets of the Collateral Accounts

How absolutely disgraceful and appalling for a Presidential Candidate to be involved in criminal Theft and Fraud of assets that belong to the Combined International Collateral Accounts of the Global Debt Facility.

It is not however, so surprising considering that most of US Congress, the Senate, the CIA, the Pentagon, etc, are equally corrupt or involved in illicit activities of one kind or another.

When are you people of America going to get to grips with your problems and sort them out instead of turning a blind eye and ignoring them, or waiting for others to do it for you??????????????

WHISTLEBLOWER
D.P.Crayford

Candace: it was recently mentioned thru somebody different from me, Jess or Kibo I think, but I don't remember which one, that Ron Paul is compromised also.

I am copying two posts here from my new post last Thursday spontaneous event on glpvc thread.

[Thread: NIPS Answers to glpvc experience March 8.](#)

This is the first, the 2nd will be next.

What information do you have on NESARA? There is alot of mixed info/disinfo about this. I know some of your take on it from previous posts but could you sum it up briefly?

Quoting: **einsteinsfly**

I have repeatedly taught it went down the tube. The planet will be cleansed and restarted. China is

now in control in this regard and you continue to even hear rumors upon rumors on that on the net. There was the original intent of GESARA way back in 1980, with the creation of the never activated, but fully signed Global Agreement. Because it was not implemented, some in the US of A working under Germain etc attempted to get a US of A only version and get those thugs out of this country and it did not manifest. It was hoped at that time, it would then more easily spread to the rest of the world.

WE have alluded to the Global Agreement on my website in the Whistleblower work and we were going to publish it until David Righter, the high incarnate in physical flesh form from the super universe, decided it was not a good idea, as these ones are backed into a corner and do what animals backed into a corner do, and more because they are "thinking" animals.

Some of you were introduced to David Righter, as "S333" on my website and as David Righter on the forum not allowed here. He is walking in a created body, not one born of woman, but nevertheless it is a real reproducing human body and he came around to me on Mar 10 to remind his baby daughter was one year old that day. He is embodied with his soul mate from Orvonton who is here with him and they had this child, by normal sex people. I would ask ones unfamiliar with such, who are into Christianity, to consider Melchizedek of the OT, who came to Abraham and had no Father or Mother. Bodies are easily created. Adam and Eve were in bodies from "heaven" too, but both of them were actually BORN there, having parents of the Adam and Eve material sons groups.

I was going to cover that more in my podcast. [Thread: GLPVC Discussion on Global Overcontrol of Money and Politics with NIP Tonight at 11:15 EST](#) I would ask you to go to that thread and find the linky to Fulford which shows a "current" but false paper of the committee of 300. The reason I posted that link, is because the global agreement of 1980 is in a similar format. David will still not allow it to be posted because my team is being heavily threatened again and there was a recent attempted murder by auto accident against one of them. Many are being "tazed" of sorts when out in public and one member had their internet taken down friday, that was Eve actually in Germany. I hope she has resolved that today or soon. I had my cell phone killed Friday or rather made non working. Right when I needed it to call for a ride home from my errands. This has happened twice, but they have not unkilld it yet today, they know I will need it this week.

I don't why they are even calling it "Nesara" anymore, Nesara was for only the US of A at the time, so now they talk all this global stuff? I have read some of the postings. One that follows it had his email canceled, and is attempting to get another address.

I would ignore it all. WE hope still for a short announcement period, and are not sure if it will be possible. During that time of change, I can say that unemployed people will get some help, as the banking system will be down.

Ok 2nd post from the link in the above post. You might want to see the 3 videos posted by einsteinsfly there. I have seen some of them, and the part in the last one that claims against me. This stuff just continues the false game around Nesara started by the bushes long ago when Daddy Bush tried to get his hands on some of the Foundation Divine Wealth, and intercepted the NESARA idea building in this country. he took funds, traded them, and then they were recouped by OITC and returned to the foundation Divine.

Third video, right after the 28 min. mark I think....in case you've seen these already.

Quoting: **einsteinsfly**

I have seen these posted and may have watched some of it in the past, now that you mention the 3rd video, I have seen that portion. I don't have time to watch over 3 hours of video, then or now.

I will take as to what I am told by David Righter and others I work with, and this was always denied by the OITC folks I work with. Its a long story. The chinese are being discourage from giving out some money to everyone in the world, because we are not continuing but their version is nothing related to the original ideas. These people on these videos I assume never heard of the Global Agreement of 1980. Dove who worked with Germain until she got so mad at him and died, literally, brought the information of Nesara and we continued it until it was no more.

True Nesara requires KNOWLEDGE and spirituality and it was realized the citizens of the US of A were so ignorant they would have simply gone into massive consumption, IF massive consumption was available, as many would simply walk from their jobs causing issues of delivery of goods. The original NESARA required Americans to be able to return to republican ideas and its NOT there in the minds of people. Yes I remember these and I am not the one who is an agent, the ones continuing this are.

china has enough wealth to give everyone a little money but the solving of the worlds problems will still not happen, as the people are stuck in materialism. They would likely develop better farming, but its getting late. Also they WANT the US of A to expand on, and are willing to have WW3 if the khazars start it, which would finish the destruction of the planet.

Even wiht developing more technology this world is over populated and the resources of earth are not there to support what needs to be done for so many. And the folks are not about to learn not to make more babies. I find people claiming the world can handle 11 billion, OK what happens then to keep it there, even if it were so. As a seed world this one must stay within population bounds, so that the animal evolution can continue, which produces NEW human souls. These ones supporting what is a false Nesara have no concept of these problems and issues.

Earth people have no ability to move their excess numbers anywhere yet to colonize other worlds, and they are too unspiritual to colonize other worlds, it would end in continuous war just as on this world right now.

The depth of the CIA infiltration, double agent type into the OITC, which destroyed it, and the continuous efforts against China by the Khazars in Libya alone this past year do not substantiate the PEOPLE of this world finding peace. Not the answer, and unless all the US of A aircraft carriers and other war vessels are placed on the bottom of the sea, the Khazars are not going to give up.

that these videos hijack Doves work and brilliance, does not mean the Khazars and Chinese are going to accomplish anything. While China has considerable wealth and also uses a false King Anthony Santiago to sign the wealth of Marcos over to them, in late 2010, does not make them proper custodians of the world either. This is stuff I meant for my podcast to cover and the moderators took it elsewhere and would not allow me to even work on the thread I started which was necessary to that podcast and I haven't done much more with the thread, because there is exactly zero interest here in it. There has only been interest in the immoral lawsuit of Keenan, put on the net thru David Wilcox, and that says it all. And it's not the truth. Even Poofness was lying all those years, but he did mention the Dragons now and then if I recall, that he was working with them, which is working AGAINST this country and makes him also a traitor. Keenan is a traitor. Keith Scott destroyed Gods' OITC, thru himself and others and the doping of the custodian of the Foundation Divine, essentially Ray Dam.

It's a long sad and painful story, and the current NESARA stuff is nothing but a continuation of the attempted rape of the wealth of the planet, literally provided by Michael of Nebadon. I think we are done here. You can go to the link to my site about the Foundation Divine that is in the thread above, for my podcast that was in the one sense completely derailed. But I accepted graciously because at least some people got a sense of me. But the minute I covered the Alpha and Omega Ring which is not in the rightful hands of the queen the direction changed completely.

Britain was originally the true source of the WAY, after the crucifixion. Thru the works of Joseph of A. They had the first "church" which Rome later admitted. But it was not what Christianity became. The Ring does not belong, it was coerced out of Maros hands,, in the hands of Elizabeth 2. She is not of that royal lineage, she is Khazar. Her father was Khazar, they got into the British "monarchy" at the same time the Khazars destroyed Christian Russia in the early 1900's. The chain was broken, it is not theirs to have.

well, I don't know as a group, they remain I assume under the over control of the Khazars which infiltrated them long ago. They would have no power now anyway, without the Khazar support. The rules, until China came onto the playing board so heavily fall of 2010, were totally under the Committee of 300 and some hidden hand above them. All the groups are under them, including masonry, the vatican, the Queen etc. Its still a mess between them and China and I haven't been given permission, nor have we covered it on my site, except in a vary shallow manner such as the post I did recently with CM, saying they were working with China. I get some updating but I can't place it and I don't want to know it all anyway, for the safety of others.

Russia has freed themselves mostly anyway of the over control of the committee of 300. Its all in a great deal of flux.

I am listening to this you tube posted on my website today. It was asked if this is a prelude to announcements, well if so, only for this country. However, 17 minutes so far, and its providing a nice education about freedom at any rate. I have no idea if there is any "power" in this and would not make a statement anyway to protect folks. I have a large list of to do's today, and will listen to it off and on when I need to sit down. Your opinions on it are welcome here after you watch it, but please don't watch it for 5 minutes and the provide an opiinion or send me red thumbs. I didn't make it. Thanks!

Now to all of you buying into the Neil Keenan lawsuit, here is what was on Fareed Zacharia this morning. He talked about some new book by somebody else, that explains all the banking shit, and how the banks are failing so that a NEW WORLD ORDER can arise.

All the new age stuff the CIA is feeding you thru David what's his face and the fake Ben fulford are totally about THAT and nothing to do with establishing any sort of freedom for man. They are totally mind controlling as the opposite of God to install the NWO and causing you ones on the web to support it. On this one, I do know of what I speak after spending substantial time with WB and others of the OITC plus other folks walking this planet. This stuff is related to world dominion and not the people.

[Thread: Who or what is white spiritual boy????](#) placing this thread here to remind me to explain White Spirit boy.

You are saved by your own desire to have eternal life and grow in the ways of God and not any other way. God gives you a lot of time to acquire wisdom before you make your final decision and fuse/merge with the Father Fragment within your mind/soul. Jesus taught the reincarnation of the soul to grow in wisdom and grace. It was left out of your bible on purpose. Where is your WISDOM? Your GRACE? Your respect for LIFE? Not much present yet anyway on this world. Where is your love of LIFE? Missing, if its OK to have the genocide going on in the Middle East.

Being written in the Book of LIFE means making the final decision to Serve the Will of the Father and Become LIKE him. The process of Fusion/merger with the Father Fragment makes you an actual Son of the Father, where by before then, over the ages of wisdom attainment you were a FAITH SON. The harvest of REAL SONS from this world is rather small, and most will be moving on to try again elsewhere. You are not ready to graduate to the higher ways. This graduation is EARNED.

For a list of known organizations associated with the Committee of 300, is found here. I tried to post the whole list, but at least one of those is not allowed to show here, so the post did not complete. Please, if you give an FF at all, please check it out. The list is from 1994 or earlier. And in several parts within that section from Chapters 3 and 4 of PJ #90

Go here today: [Thread: The NON Houla Massacre](#) and do something right from your heart.

The ONLY thing that matters in a nutshell is that you develop IDEALS set ahead of you and strive to develop your soul/mind and Heart. Always then will soul progress be made. Just believing on Jesus does not cut the mustard.
