Ok I am changing this thread's purpose. It was a collection of my posts. It came to me yesterday, that instead of posting so much in some threads, to bring the gist of a thread here, or posts here that I would like to teach about. I am leaving the first several posts in made in this thread and then continue the new project. I may also collect posts I have made if I see them again.

I will collect, as I have before, posts I make in some thread, here, so others can use and learn from them. Could be on any topic I choose to copy over here.

This is a reply to Lisa Lisa, I made here: [Thread: JW Apologist vs Christian Debate - Search for The Truth \(Page 3\)](#)

JW's are right on somethings and wrong on others. They are right that they get into the Bible and actually teach their members, where churches don't anymore. I never learned anything sitting in a church pew. I learned alot as a JW for 7 years.

But, Jesus is not Michael the archangel. The Trinity is true, our soul does live on after the body dies, the whole 1914 thing is ridiculous, and they are not the only ones who are Gods people.

Those reasons, among other things, is why I left the group.

However, I do consider them christians, even tho they do not consider me a christian.

Quoting: **Lisa*Lisa**

the trinity of Christians is not true as to who is who Lisa at all. The Father Son and Infinite Spirit reside on Paradise, the center of the whole creation. Jesus is not the Eternal Son. Jesus as Michael of Nebadon, is a Michael Master Creator Son. He created the universe we live in. He is Father of Nebadon. That said there are 700,000 Universes, as new nebulas constantly form. The Creator Sons organize them into governed universes and create with the Mother Spirit of each of these universes, the angels needed to seed life, manage it all, teachers, ministers, guardian angels and so forth.

Each Creator Son has as his parents, the Father and Eternal Son. That the teaching of Jesus is the 2nd person trinity is TRAGIC on this world, it is not so and is a lie. Its not even a misunderstanding, it was created a lie.

The trinity is brought to each universe Thru the Creator Son (parents Father and Eternal son), and the Universe Mother (daughter of the Infinite Spirit).

The Holy spirit of Christian Trinity is not what it is thought to be either. What was bestowed on Pentecost by Michael of Nebadon, was the Spirit of Truth, which is a LIVING COPY of his Spirit/Mind. It is a library, which is accessed thru the Father Fragment, a piece of the Father's

MIND that occupies the human mind. Your Father Fragment is your best friend and teacher, and that which can commune with you thru intuition and meditation. Most don't have a clue it's there, but when people think God helped them, it is often the Father Fragment, but since they don't know about it, or how it works, the divine help is usually actually a guardian angel or other celestial guide.

The Holy Spirit is not the Father of Jesus either, just to cover a few misunderstood bases here. Nor is the Spirit of Truth his Father. The Father of the whole Creation is the Father of his mind, and that is what he meant when he went off in meditation to commune with his Father. Now the BODY Michael used, had a genetic father and mother just as all of us do. Mary was the genetic mother, and Gabriel of Nebadon gifted his DNA as father. The bible is true in that Joseph was not the father.

Really fancy DNA was needed for Michael to have a usable body. And a lot of us coming in now, while not of virgin births, have special dna configurations so we can wake up also on this dense dark world to who we are. That is why I have been telepathic since birth. My embryo was fashioned so to speak in a lab, of my mothers, and fathers dna with some additions and replacements. We need to look like our fathers, so that we are not rejected and I do have features of mine earthly father. boy is that showing as I age! I am glad I didn't get his chin though, too masculine, but I do have his legs, hips, and eyes and forehead.

Now Jesus taught that all HUMANS are SONS OF the Universal Father, just as he was. . That has been deliberately destroyed. You are all Sons because you have a fragment of the Father's mind that indwells your mind, for all of your eternal life in fact. You are not your body. You are your MIND and it is your MIND alone with the Father Fragment that survives death, not these bodies and you do not live in the grave until general resurrections either. Everyone choosing eternal life goes to the astral realms of this world between lives, until they obtain 5d God knowing Consciousness and progress to the mansion worlds of Heaven on the 3rd day after death of the body. This is FACT. At this end of the age, souls are now being sorted, because there is going to be the ascension of this Mother Planet, GAIA, Her MIND and body, and some cannot continue here, they are not 5d consciousness, so they are moved after they pass this plane to appropriate places to continue to earn 5d mind. At this time now, for some years, only 5d or above level folks can incarnate here.

Do not deny incarnation. It is how MIND GROWS< and every thing incarnates, right down the simplest plants and animals. the body is never ever the being. The being is the mind/soul. It uses a body. be that body flowers, or an animal form. bodies are carriers of spirit/soul. This is fact. You do not take these bodies to the heaven worlds, they return to dust. It is the soul/mind that survives and when earned leaves the world of its "birth" to travel to the mansion worlds of "heaven".

At the end of an age, or at any time it is seen fit to do so, there are general resurrections of the "survivors" still living in the astral realms. These are less than 5d consciousness and generally are taken on a space available basis to the lowest of the mansion worlds to be further trained and educated.

Now under Caligastia (the former planetary prince who entered the Lucifer Rebellion), no souls were allowed to leave this planet, (true on the other planets whose Princes went with Lucifer), and the astral realms were pretty full. of even the advanced ones. That is why the bible records that Michael or perhaps "Jesus" I forget which is used, released the captives of this world. This was done after he left the incarnation at the crucifixion. AA Michael called forth the resurrection of the captives, and all were resurrected off the planet. There was another resurrection in 1000 AD, and an ongoing resurrection now, everyone that passes is sorted to stay or move. Only those who are high sovereigns serving this world control what they do and where they go. Most are not even

close to that. I have committed to stay for 1000 years to serve during the big uplifting.

To summarize, The Father is First Source, the First Being, The Eternal Son was the FIRST Only begotten Son of the Father. Michael of Nebadon was not the Eternal Son, he is a SON of the Eternal Son and the Universal Father. The HOLY Spirit is not what you have been taught. The 3rd Person of the Trinity is the Infinite Spirit, who is the parent of the Mother Spirits of each Universe.

All of the Trinity members have many sons and daughters. Uncountable ones.

I work with Siraya, is a Son of the INfinite Spirit, and the highest "ruler" of Superuniverse #7, Orvonton. There are 7 super universes, each containing 100,000 local universes like Nebadon, our universe. The Milky Way Galaxy is the core galaxy of Orvonton, but is not all of Orvonton.

The tragic of the teaching that Jesus is the only begotten Son of God is that denies all humans are also Sons of God. And each of YOU is an ONLY BEGOTTEN SON OF THE FATHER, because only begotten means UNIGUE. Each of you are unique. There is not another like you. Because of this tragic LIE you do not desire to grow into oneness with the FATHER. But it fact that you are eternal beings because the Father is YOUR FATHER, just as he is the Father of Michael of Nebadon. (along with the Eternal Son, who on some worlds is called the Mother Son, because he is "mother" to the Creator Sons and also Mother of the Infinite Spirit. The Father and Eternal Son brought the Infinite Spirit into Being. The Infinite Spirit is source of all evolutionary mind to all those 700,000 universes and to many of the angels, and source of the Mother Spirits which are sometimes also called the Holy Spirits of the 700,000 universes.

Gaia, the soul of this planet, is a daughter of the Mother Spirit of Nebadon by the way, and Gaia's Father is the SUN, at the center of our Solar System. Yep, suns that birth planets are Son's also of the Father, imagine that. They provide the Father elements. Like hydrogen.....

now all of you reading this, stand in your shoes as the SON'S OF GOD that you are, and go within for your truth which comes from your Father Fragment and the Living Spirit of Truth gifted to this world 2000 years ago which is a Living copy of Michaels Mind/Spirit. It is a living Library that grows and changes as needed, and contains ONLY TRUTH.

The actual Lord's Prayer Given by Jesus 2000 years ago.

"MY SPIRIT, YOU ARE OMNIPOTENT. YOUR NAME IS HOLY. MAY YOUR REALM BE INCARNATE IN ME. MAY YOUR POWER REVEAL ITSELF WITHIN ME, ON EARTH AND IN THE HEAVEN. GIVE ME TODAY MY DAILY BREAD, AND THUS, LET ME RECOGNIZE MY TRANSGRESSIONS AND ERRORS, AND I SHALL RECOGNIZE THE TRUTH. AND DO NOT LEAD ME INTO TEMPTATION AND CONFUSION, BUT DELIVER ME FROM ERROR. FOR YOURS IS THE REALM WITHIN ME AND THE POWER AND THE KNOWLEDGE FOREVER, AMEN.

From the same thread in post one.

Beloveds Jesus did NOT die on the cross, although that was the effect desired at the time. Christ Michael spoken above, the Father of Nebadon, LEFT and returned to Paradise to finish out his bestowal to this world. But the other Esu Immanuel who shared the body continued on, only there was coma is all. Esu after meeting with friends and hanging around for a time, boarded a craft, and went to Damascus, which the bible records and met up with Saul /Paul. He used fire works to blind him. Then had somebody educate him since that got his attention. Paul there after preached a lot of nonsense, still confused he.

Esu latter went on to India, married, taught, made his home in Srinagar where the body is buried. These bodies do NOT go to heaven, man mostly goes to the astral realms except those that obtain 5d consciousness during life. These awaken on first mansion world on the 3rd day.

Those in the astral reincarnate. Anyway, Esu (look at name **Jesus**, passed this world at about 115 years of age. The body is buried in Srinagar. Also, Judas was FRAMED , he was not the betrayer. It is a lie. He was in fact the scribe, and recorded all that went on for the most part, (although a few records were lost), and went to India with Esu. So be it, this is FACT and you cannot use the bible to argue against it.

Please beloveds, you should consider getting out of the book. Remember, Jesus did say you must become like a child AGAIN to enter the Kingdom. What is a child like, curious as all get out. You must get curious and stop staying STUCK in the very incomplete bible.

It says in the bible that you must get out of this world, I forget the words, now, it means you must be able to learn to meditate, for that is where you meet God. Everything known is stored in the whole universal consciousness. Also a whole bunch is stored in the Spirit of Truth bestowed on this planet, which is a library of Sorts. It IS a COPY or transcript of Michael of Nebadon's mind. Much like you can make copies of files on your computer. The Spirit of Truth is LIVING. It is his gift to this world to upgrade its knowledge. It is accessed also by meditation and represents a world engaged in seeking real truth. Ask and it shall be answered unto according to your ability at the moment to understand. You are fed baby bites until you open to more.

You are here to GROW your Spirit. which is YOUR MIND. That is the purpose of reincarnation, you cannot learn everything about life during a single lifetime.

What i have presented in this thread is FACT, IE TRUTH. Please go back and read the I AM THE WAY piece from Michael himself. Let it soak in. Get your curiosity aroused, like the child who bugs the parent with the WHY, what is that, how does that work, who will sit down and take apart things to see what's inside etc. You are working are becoming LIKE the FATHER KNOWING ALL THINGS, and that goes on for your entire eternal life. To be a seeker, is to seek for truth, and it hasn't a thing to do with manufactured religions, which I was always telling DGN who wouldn't reconsider.

Jehovah, as to the JW's, is a PLANET. It orbits Alcyone the Central Sun. As the most advanced planet in Pleiades it has a supervisory role in earth, or rather its people do. They helped Moses, gave the commandments, 20 of them, fried the evil Sodom and Gomorrah by method of plasma beam etc.

This world is not new. Abraham had atomic weapons and at the time Melchizedek bestowed himself, there was atomic war going on. Ponder that one, there is evidence in India of it.

also from the thread in post 1. This was to answer to a discussion about whether AA Michael was Jesus.

OP as to DGN, He openly admitted he was of sorts a shill and not a real JW on a thread perhaps 2 or 3 months ago. I had it bookmarked but when I removed an account here, that went also. So I can only offer my memory.

Now, I see some discussion here regards whether AA Michael was Jesus and I don't know what the consensus is, having not read it all, or the purpose, but I can affirm in 100% know that Jesus was NOT AA Michael. Jesus was Michael of Nebadon, the creator Father/Son of Nebadon, the universe our solar system is in. There are a LOT of universes, 700,000 planned and not counting the new ones in the outer space rings. Each is massive. Nebadon will have about 10 million planets like earth when "done", and has already about 3.8 million planets which have evolved intelligent life. Each of these universes has a Creator Being who is the FAther Creator of that realm.

The "parentage" of all Creator SONS as they are called, is the Father and the Eternal Son. They are called Michaels and Nebadon's Creator Son/Michael is Christ Michael and he bestowed himself as "Jesus" on this world 2000 years ago and also bestowed the Spirit of Truth on Pentecost, after he left his incarnation. Now this BODY used, for the incarnation was shared by two beings, the other one being Esu Immanuel who is spoken of in the OT as the coming Messiah. Enough of that for the time being, a necessary prelude to what I am about to post. the Michael in revelations is NOT AA Michael, it is OUR MICHAEL of Nebadon.

There is however an AA Michael. AA Michael is a job title. AA Michael actually another name, but he is the Arch Angel in charge of the resurrection of earth and her peoples. He does this FOR OUR MICHAEL, that is why its a job description. However, because of all the confusion of him being the Arch Angel OF Michael appointed for the current resurrection, he has let himself be called AA Michael rather than his real name, so any time AA Michael is spoken of anywhere, its this arch angel who has the JOB of overseeing the resurrection of earth and her peoples into holiness. I have a piece I can post by him on the resurrection. However, that's for another post if you will allow it.

Now the below I am pasting in full, and since its from a member of the AH which is the 2nd coming organization, I have permission here to post it in full from SHR some time ago, so the rules of copyrighted material do not apply and its not copyrighted anyway in the fullest meaning of the word but it cannot be changed or otherwise corruption.

I needed to explain Christ Michael here, The Master Jesus was/is the RETURNED Christ Michael who has provided this modern piece. I hope this provides some illumination. This is a prison world for the fallen angels of the Lucifer Rebellion and a lot of galactic thugs and immature souls of origin on this planet. Michael did not start a religion, bear that in mind. Anyway on the Path to Godhood, to learning to live the will of the Father is always on the right path, regardless of religion or culture born into.

This statement below does thus not mean "Christians." It refers to all who walk this planet. YOu do

not need to "know" or have heard of the word Michael or Jesus. Salvation is in the hands of each individual desiring Eternal Life. Chasing religions is not the path. Each writes their own Path and Finds the WAY or not.

So here we go and I hope this is meaningful to some readers here. Some of the later comments refer to those who rebelled against Nebadon and Christ Michael. You can't skip the steps to Paradise and you go thru HIS system before you can leave to the Superuniverse and then eventually earn Havona and Paradise. Most have no idea of this. You don't just believe on Jesus and magically get eternal life for trillions of years while all those poor muslim et all bastards go to hell. Please copy this to your computers for study. The more it is read, the more it will resonate as truth. It is for ALL. GOD LOVES ALL. OUR Michael is GOD of this sector of the creation called Nebadon

'I Am the Way, the Truth and the Life.....-Christ Michael

"I Am the Way, the Truth and the Life. No man commeth unto the Father but by me"

This was a pivotal piece of teaching bequeathed by the Master Jesus when He walked your earth plane, yet no man truly understood its meaning. Man was not sufficiently ready to receive this truth then and is scarcely ready to receive it now. Yet it is significant that during these auspicious times when the planet is about to enter a new cycle of life where dimensions anew are to be experienced and earned, man must awaken to a higher understanding of himself and he can only do so if he understands Me. Milestones have been achieved by mortals in terms of advancement, yet spiritually they fail to attune themselves to a great truth that if understood could change the tenor of their existence and path of soul evolution. I come again this day to effort to explain this simple yet understated Truth.

I am the Way means that I am your ticket to a new destination. The ticket is only dispensed when a choice is knowingly made. You must choose Me through belief and active seeking and you will be given directions that will enable you to plot the coordinates that shall keep you on the path as you create an enduring alliance with Me. When you are able to make this choice you will clearly see that I Am the Way out of the illusion of mortality into the reality of immortality.

So we have primarily established that I Am the Way to eternal life. **Yet eternal life can only be guaranteed for those who can find and free their inner God presence.** It is I who shall direct you ones on the course that you must adopt to achieve this feat for first you must know Me before you can know yourself and be inclined to liberate that which is divine within you.

I would like to explore with you a different perspective of what it means when I say 'I AM the "Way".' The "Way" cannot be separated from the "Light" as the light brings clarity of purpose and engenders a clear path to the destiny of choice. The "Way and the "Light" therefore go hand in hand. I say that the Way is the Light and I am the Way and therefore the Light.

Yet another perspective of the "Way" shall I offer to you. Did I not birth my creation from love, being the reason and root cause? (He created Nebadon) Did I not create by way of electric light waves of motion from the stillness of my mind? Is it therefore not true to say that stillness

motivated by love to create by light is the "Way"? Can you therefore not see that the "Way" is Love and Light and that when you choose Me you choose Love and Light? If Love and Light is the foundation of your earthly journey you will have found the "Way". (hey those who LOVE the teaching of Walter Russell will like these statements)

Did I not think my creation into being? Am I therefore not within my creation? Is the ultimate goal not to return to Source? If I am my creation and within my creation then the only way back to the Source is through Me. Does this make sense to you ones who need to rationalize ME?

I AM the Way, I AM the Light and I AM the Love manifested in my creation. I created from a point of stillness through Light motion. Does this not mean that if you choose the "Way" you too can create all which you desire to create? The "Way" enables you to reflect and be all that the "Way" is for are you not also the "Way" through Oneness with Me? The Way you shall become when you find and know Me.

I AM the Truth.

Man fights amongst himself seeking to have his truth rendered as superior to another. Yet hardly do men know what Truth is. You cannot know Truth unless you know Me- The "Way". For the "Way" shall always lead to the Truth. Man has belittled the Truth by tainting it with his personal agendas. The Truth is never influenced. It is impartial. It is inexplicable and beyond rationalization. The Truth must be known and that knowledge comes from knowing Me. Man's truth mostly is generated by that which is external, seldom reconcilable with his inner knowing and void of inner validation.

The TRUTH JUST IS AND IS JUST. That which is Truth knows only balance. It is as still, steadfast and immutable as the Creator. There lies no mystery or magic in Truth. I can say no more except to remind you that Truth emanates from within you because its origin is divine.

When you choose the "Way", you choose the Truth and it is the Truth when known and accepted that shall lead you to attain the divine promise of eternal life. For at this point in your understanding you shall accept without hesitation that I AM THE LIFE, that which is eternal and so shall you be also when you can know this.

Beloveds the life I speak of is not of mortal orientation. It is life immortal to which I refer. **Life resides only in the spirit not the flesh.** The spirit is All- its longevity is guaranteed by the promise of eternal life. Yet eternal life is always a choice as much as a gift/promise. For I will never force my children to choose Me; they must freely make this choice. I can say to you that many have chosen to be uncreated instead of choosing Life. I wish to emphasize that even in your sphere of reality which is earth plane, you are eternal. Mortal death is merely a transition to allow the soul to take stock in order to determine the next level of experience needed along its ascending path.

You on earth during your incarnation must understand that your life on earth does not give you the freedom to do that which you please without being accountable or responsible. You do not,

contrary to popular belief have one life to live. When you can understand that I am the Life and so too are you, then you will realize in your incarnation that what you do will always impact on the evolution of your immortal soul.

So what do I mean when I say "No man commeth unto the Father but by me".

The ultimate goal as I reminded you earlier is the return to the Source of ALL. Yet those created by Me can only return to the Source by Me for I AM THE WAY.

You cannot bypass Me to get to the Source for I AND MY FATHER ARE ONE.

You cannot fudge your way to the Source without Me for I AND MY FATHER ARE ONE.

You cannot cajole your way to the Source without me for I AND MY FATHER ARE ONE.

You cannot say that Christ Michael does not exist and seek to make your way back to the Source for I AND MY FATHER ARE ONE.

You cannot believe in the Source and not in Me for I AND MY FATHER ARE ONE.

You cannot know of Me, denounce Me and choose the Source for I AND MY FATHER ARE ONE.

When you know me, see me and hear me you will see, hear and know the Father, the Source- the Centre of All. I AND MY FATHER ARE ONE. You must become ONE WITH ME for I AM the Way to the Source.

My beloved children, it was a delight to once again effort to explain what this most crucial teaching means. I trust that I have brought clarity and ask that you ponder these words and see whether enlightenment dawns.

I am Christ Michael Aton, come this day to bring the word again and thank this my child for being the emissary of the truth.

Hazel, one of our telepaths received this above.

GOD loves all, I'm the Jehovah's witness over on our so-called debate thread. I thought you might be more likely to see this if I posted here.

I happened to see the thread about the cat with the abcess and I just wanted to throw up. I agree with you. We have a 15 year-old cat who's had a couple of these. I'm into homeopathy and know silica is the remedy to get things to come to the surface. The first day of the swelling, gave him a little pillule and it started draining almost immediately. My son sat on the sofa with his head cradled on his lap and a towel under and it probably went on about an hour. It gave us both such a feeling of satisfaction to have a role in this obviously positive development. It happened again a couple of years later . same treatment, same outcome. We even have an affectionate name for the condition, the kitty's "half-heads". It's no big deal to the extent that we laugh about it. reading that thread , I suddenly felt utterly sick of GLP and can't believe I never noticed how blazingly conventional people on here can be. And they're all scolding you and are "oh-so adult and responsible". I have never, ever been so disgusted with this place.

where do you get the silica? I get an abscess myself now and then, haven't for a couple years though. but going to the doctor to get them drained has often produced a little cyst that keeps coming back, so I stopped that and let nature take its course and they then empty completely. I find heat very useful to the process of speeding it up, helps kill the buggers sooner. hot pack as hot as can be tolerated is great for such infections, makes a local fever. that is why indians used sweat lodges to help raise the body temperature. If one is sick and has electric blanket, that can really do much the same thing. Inhaling steam with blanket over head can really help sinus and throat bugs get deader faster too. Man is so ignorant still of how the body works.

People have survived appendix ruptures sometimes too, the body can and does sometimes wall that off also. My own body was doing that with my rupture in fact by the time we got me to surgery. they did remove it of course, I was in surgery for the pain which lab tests were not very suggestive as to cause and the doctor took me to surgery because of my pain level and nothing else. white count was not as high as he wanted, but you see I run a very low count normally so 12,000 was a lot for me. some old lung spots in people are simply walled off former infections even. ditto spots in livers and other places. I am not saying don't use modern medicine here, there are requirements of it, but the surface abscess is just not one needing doctors.

people don't know the abscess itself is sterile when opened. its the end result of the infection. I don't think it good to try to squeeze them out before they blow naturally, because that can push the infection under the skin to other areas. Nature's god knows what to do. let natures god work but assist with heat or other measures where possible on surface infections.

Yes we have stores, we do have whole foods, expensive, but I use Vitamin Cottage which does carry Brion brand stuff so I will write that on my ongoing shopping list to look for it next time I go. at home for stuff I also have a colloidal silver machine and I buy colloidal gold on the net by the gallon. By the time though I notice the abscess on the cat, its a bit late to use either I think orally, the body is doing so well already.

but it sure gets their colds, and my colds and flu and chemtrail lung etc. Gold will get simple viruses and complex bacteria. the silver gets yeast and fungal infections and simple bacteria. If I am not sure what is going on, I just use both of them. I get bladder infections now and then because of my blood sugar and silver usually got them, but not always. Once I got the gold, I use both and never had to go to the doc again. There is so much to do at home.

One of my cats got a deep puncture wound on his paw, and he got both topically and orally and it cleared up very nicely. Never formed an abscess, he was limping on it, and when I examined had clear bloody discharge at that point.

If I am not sure what is going on, I just use both of them. I get bladder infections now and then because of my blood sugar and silver usually got them, but not always. Once I got the gold, I use both and never had to go to the doc again. There is so much to do at home.

One of my cats got a deep puncture wound on his paw, and he got both topically and orally and it cleared up very nicely. Never formed an abscess, he was limping on it, and when I examined had clear bloody discharge at that point.

I think the price is the same on all of them, regardless which is one reason I will keep making my own silver. I don't make gold because of the cost of the wires for it. Their gold is probably denser than they suggest, it is the most lovely rich almost purple color vs the other brand I used to use which was rosie. This is rosie plus in color. I share it with close family here, that is why I got a whole gallon.

The hurricane is steered by heat. Haarp is an ionosphere heater, but cannot, even several of them provide this kind of heat. I suspect this is a created steered hurricane, a war type, but its not haarp doing it.

It this is a steered hurricane its being steered with plasma rays which can heat the ionosphere enough to move the jet stream and guide a hurricane. Haarp just isn't that proficient at it. YOU are being used by thugs for your mental energy, which is going on TV too, which also adds force to a hurricane! Don't give youe mental support this this.

Heat is heat is heat, and there is no way that haarps heat is any different for any other heat in the creation of storms and it cannot be measured separately by ground haarp detectors in peoples back yards.

These are the days of the blind leading the blind. You who support it are the blind being lead and

passing it on to the other blind. There is no detail or research on that site to show jack shit. just a list of M levels and colors. the rapture is not truth. Your bible was modified where it does mention one shall be taken 1 left behind etc. That is a description of judgement, in which people are sorted at the end of an age and suggests that 1/2 the souls will make it, and 1/2 will not. Sadly well less than 1/2 will make it of those incarnate now anyway.

Those left behind are the lucky ones, for they are doing better. During the 3 days of darkness which is alluded to in the bible, the dark are removed, so the left behind are the better ones, but certainly not the perfected ones. There is little perfection of soul yet on this troubled world.

In fact there was no rapture teaching in Christianity until the later 1800s and I can't remember the name of the thug that started it. manipulation in Christianity picked up hugely in the 1800s. In the 1700's the Khazar Zionists made the word JEW for themselves, and added that to the bible. There were judeans, hebrews, semites etc bck then but not one JEW. Jew is a word they created to improperly copy the word "YOU" of those days, which meant child of God, and not chosen race. I do not know the correct spelling of "YOU" from those days, I wrote it as the familiar word now which still as YOU means a child of God for yea ones are all children of the supreme, whether thee are of goodness or thugness.

As long as you're in Christ, it doesn't matter when the rapture happens. JESUS ALREADY WON!!!

I may cover today the last supper, which was totally falsified in your bible as well as Judas being the betrayer. Judas kept the only living notes, was scribe to the Master, and went on to India with him. It was Juda Iharriot, the son of the Pharisee who was the betrayer. JUDAS was FRAMED, as we call it now. to a point. EAch can only build himself, but you ones actually of god, must live God and this means at times confronting people. It does not mean to be silent. Jesus was not silent, he was most confrontative and still is. That which is ignorance MUST be challenged. If they are not challenged they do not grow, for that is the nature of evolving mind, it grows stagnate without challenge.

That is behind the bible story of you shall be tested. It is going to be necessary for people to be hugely stressed in the Khazar controlled countries and religions, for so many of them are stagnate.

I tell everyone around during the voting season why I am not in a party, why I will not vote party, and thus vote in thugs etc. I don't beat them up, but I stand in what I am where possible to do so. Because I AM THAT I AM.

Jesus said to them, "I tell you the truth, unless you eat the flesh of the Son of Man and drink his blood, you have no life in you. John 6:53 Whoever eats my flesh and drinks my blood has eternal life, and I will raise him up at the last day. For my flesh is real food and my blood is real drink. Whoever eats my flesh and drinks my blood remains in me, and I in him. Just as the living Father sent me and I live because of the Father, so the one who feeds on me will live because of me. This is the bread that came down from heaven. Your forefathers ate manna and died, but he who feeds on this bread will live forever.

Quoting: **Anonymous Coward 13284416**

This is one of those palces in the bible that the satanists wrote, NOT Jesus. He NEVER SAID THAT EVER. There was a last supper, but it was for him to meet with his TEAM and prepare for what was to come and he said they body required food and so it was. The above is satanic shit. Can you people not REASON? Satanists feast on blood and flesh. Not the godly.

This is the truth of the Last supper [[link to www.freewebs.com](http://www.freewebs.com)]

THE LAST SUPPER

On the first day of the unleavened bread, Jmmanuel spoke to his disciples, "Go into the city to a certain person and speak to him and say: 'Jmmanuel says to you; I wish to have a last supper with my disciples at your dwelling, please, for behold, Easter is near.'

The disciples did as Jmmanuel had asked them, and they prepared the meal. When they sat down and ate, he said, "Behold, the time is near that I shall have to take my heavy burden upon my shoulders. I do, however, go where I am supposed to go according to the prophets; however, I shall only appear to be in death and will suffer much pain of the physical body. You are not to be afraid and do not be in trepidation for this is that which I must do. There are none who can bear this adversity in my stead, nor will any be able to share of it.

"Verily I say to you, until this is past I shall no longer drink of the fruit of the vineyard or eat of the bread until the time comes that I shall drink it and eat it anew, with you.

"When I shall have risen from the state between physical life and death, I shall have lain in the tomb for three days and three nights. "
When they ate, Jmmanuel took the bread, broke it, and gave it to the disciples, saying, "Take and eat; the body needs nourishment also in times of need and grief".

And he took the cup, gave it them, and said, "All of you drink from this cup; your throats are thirsty also on rainy and cold days. Verily I say to you, as you do not understand my words now and are annoyed with me because of them, so will you be annoyed with me this night, because your minds still have not been enlightened.

"When I rise from the tomb, I will walk in front of you to Galilee, so that you may perceive the truth of my words. I have taught you wisdom and truth, but you doubt and do not believe me. Oh, you who are so faint of heart and of such little faith; how startled you will be, how confused, when I shall meet you again after being seemingly dead."

So like, you honestly have absolutely no idea whatsoever about what the Bible is all about?

You have no idea about any of it at all?

Quoting: **Anonymous Coward 27253156**

OP would do better to never open a bible. It will leave his mind free to think. I would suggest Walter Russell and other good sources. The soul is eternal unless one rejects eternal life and then

it is uncreated. Its that simple. When you come into being, you are already eternal, that is the nature of MIND/Spirit Life is in the spirit, your life is not your body.

Quoting: **God Loves ALL**

Well in actuality it was the bible that led me to the whole question of what happens to us after we die.

There is no mention of it that I came across and no mention of anyone other then Christ ever going to heaven.

Quoting: **Anonymous Coward 28167922**

your life is eternal. Heaven is within YOU which Jesus taught. This heaven stuff is all bs. completely. This is a world behind the veil, it was cut off from cosmic communications because of the Lucifer Rebellion. That is over, the communications circuits are being re established and truth is coming in.

Death and rebirth occur in all of nature, from suns to people. its just a cycle, but the spirit is always in life and never dies. You are already an eternal being and you move forward to greater experiences as your grow your mind and wisdom. As a prison ward, this planet has intense reincarnation, because the Prince of this world who went with Lucifer would not allow souls to leave it and Lucifer himself could not create either angels or new souls, so this place was stagnant.

Christ came and deposed the Prince, and removed Lucifer and slowly we will get back to normal here. The veils are being drawn back and you shall begin as I said to have truth.

You cannot die, only your body recycles. And life as to body temples will grow longer on this world as people begin to want that. This place is so miserable that people do not strive for long lives, and that is the main reason they are short. You will incarnate on more advanced worlds are you are ready for them, and this world is being moved upward into LIGHT also. The prison is closed, and there is no place to go but forward for those seeking to move forward. Those stuck will have to move to other stuck worlds, or worlds which represent where they are.

There are special worlds beyond these evolutionary worlds, and it is customary to go to what are called the mansions worlds, which are school worlds, when one reaches 5d consciousness, which is the KNOWING that God resides within them, that are are Sons of God. When one has reached that level upon death of the body, one is taken to the mansion worlds and awaken on the 3rd day after passing this world, in a brand new body. You do not reproduce on those worlds. They are study worlds to learn more about the nature of everything.

There are many worlds beyond the mansion worlds, also custom built and plenty of evolutionary worlds in light and life upon which to learn and experience. Eternal life is for trillions of years, and you do not ever stay in one place, which would produce stagnation. But on flowering worlds, life is MUCH longer and richer than here.

Always you will grow, always you will learn from those who have gone before you and always will you teach those below you. There is no end and as you mature you go into management if that is your choice of worlds. You will change careers often.

Have you seen pics of the massive craft around the sun? I have one on my old computer that I have not put of this one to upload here. These craft are from the Management worlds of the Superuniverse (Milkly Way is core galaxy of our superuniverse, Orvonton). They control SUNS

and work on our sun during this time of great change we are in because we are in 3 sets of cosmic energies right now. This is but one example of where you will go at some point, you might well work on craft that modify the behavior of suns. Just an example of what is done during eternal life. When you have gone thru all the school/living worlds you will eventually reach Havona, which is the Central Universe, the first universe and from all creational energies come, well they come from Paradise the center), and you learn even more there, there are 1 BILLION worlds in Havona to live and study on. When you finish with those worlds, you will stand on Paradise which becomes your final home, and you will sit at the right hand of the Father. That teaching was lost on this world.

I have taken that long journey. I am from Paradise and I sit at the right hand of the father, as you to shall do in time. I know of what I speak. I am very old, but yet young compared to the others way beyond me in time.

Enjoy the journey, for now that this prison is closing, what is open to those who have eternal life is magnificent. This is a time of judgement, and some are going to reject eternity. And some will merge if ready with the MInd of the Father within them, which writes them into the book of life, as once this happens, one is no longer a faith son of god, but an actual son of God.

And if you are asking these questions I see here, I think you are well on that journey. God Bless.

all right, on this thread, [Thread: Two Suns Reported On Russian News 2012 HD](#) topic was brought up on brown dwarf and Nibiru.

This is FACT, Asking me for evidence on the net is not going to work for you, I have a higher evidence and folks that provide the what is around this. I did have a nibiru thread once, I might try to find it which I also collected teaching when I was NIP.

Nibiru is a planet. It used to encircle a Sirian sun and two planets were at war, and the sun got blown up in the process, as one tried to bounce energy rays off the sun at the other planet and the sun blew up. I don't recall tonight which planet committed the deed. But Nibiru survived it, as the people living underground and did not depend on an atmosphere. The other planets life perished, NO sun plus other issues.

Nibiru for whatever reason was given a new orbit and basically became a battle star. HINT HINT from Star Wars. Its orbit is 3600 years around Sirus and our planet. It has never ever caused a pole reversal or any thing of that sort when it is HERE. It is bigger than earth but far smaller than Jupiter. 10 Times earth if I am recalling tonight correctly.

The fixed orbit is part of a punishment of sorts, it is self propelled and they are not allowed to deviate. They were last here 2000 years ago and had intended to fully control this planet and start time over. Christ has other plans. But it was here and is memorialized at the Star of Bethlehem on your Christmas Cards.

At to the brown dwarf, all solar systems have one, and it is part of the balancing act that draws the sun and its solar system around a central star. In the case of our solar system, we orbit alcyone every roughly 26,000 years. The brown dwarf is visible to some astronomers from the south pole

area. It never ever comes crashing into the inner solar system. It is more than a "brown dwarf", it has been misnamed. It is a dark gravity body. Man does not define those well yet that i have ever seen.

A reminder, I remove jerks rom my threads, I just removed one.

gimme a break, the bible sucks as a revelation big time. It has only a small portion of the truth that Jesus taught and most of you have no concept of what it means. The whole bible is not about Adam, he is barely mentioned in it. Lets put on your MIND that god gave you here. You ones do not know who Adam was. You have no concept of it, because who Adam was is not mentioned in the bible at all. You must read the Urantia Book on Adam and Eve.

After the last cleanse there was a 2nd adam of sorts that helped restart the race, and that is not the same as the Adam and Eve that came 38,000 years ago. God does not just plop Adam and Eve on any planet as the first two humans. The planet was fully populated with Adam and Eve cam to this world. You cannot argue this statement because you have have the knowledge to do so, so don't try.

well OP didn't like something I put in one of his threads, I am banned, but I tried to post the above, in this thread. [Thread: AMAZING REVELATION!!! from this thread: [Thread: why is the crucified christ have a cut over his liver \(Page 2\)](#)

They used to stab the crucified in that area commonly to make sure thy were really dead before taking them down off the cross.

So, if he is depicted on the cross, it seems like he would be depicted as most people on the cross would have appeared..with a slice.

Quoting: **The Light Under the Door**

A roman soldier stabbed JESUS in the THIGH< not the chest, so he would not be killed by the stab. He did NOT die on the cross, he was only in a coma and he lived and the bible says so, but people misinterpret it as a resurrection. It was not, there was no resurrection, its a church LIE.

He told his people he would come out on the 3rd day and only be in a coma. His last supper is also fraudulently reported. YOu can learn the truth here:

[\[link to webzoom.freewebs.com\]](http://link.to/webzoom.freewebs.com)

IN addition, there were 4 others in that area from the same high planet of Jehovah/Thiaoouba. One was also hung on the cross and stabbed in the chest, so there has been confusion. that one did die on the cross. of course he didn't die, just the body was murdered. One other went to japan, thus the idea that Jesus went there and died. And another there is little trace of survived in the records. He was not as visible and also traveled and taught.

You will read the above pdf if you want truth, because Judas was the scribe and not the betrayer and wrote quite a gospel AT the side of Jesus, not long after he passed. Judas went on to India with Esu Immanuel. Judas was framed as the betrayer.

The Christ was TWO people sharing a body. I believe I have covered that in other posts already in this thread. I have certainly covered that one over and over here on glp. It was the man esu Immanuel a very old soul and mighty messenger as am I. And Michael of Nebadon, our Creator Son, who is the "GOD" spoken of as being over the human races in the above book. Judas translated his own notes in the book above and Esu also provided detail. The above was completed in 1989 I think. The version above is the 3rd printing in 1993

This is a short piece I wrote long ago, may have published on my website and forum. I was going to starting a teaching thread on who the creation IS before I got so discouraged last summer and deleted my NIP account. Why are so many here so uncurious about the nature of the cosmos? And deny the Urantia Book which is 2/3 about the cosmos and the administration thereof and 1/3 about the life of Jesus. Dear Christians, is not a book given by your stupid demons. Your stupid demons are so stupid they could not provide at such a massive 2000 page book. wake the fuck up and think. There is coverage in it for scientists and some of that material is now being "discovered" . Walter Russell came and spent a life showing how God creates and took much information from the cosmos, or his own higher self, that gave so much and this man, did any of you here on him in school? or your churches, NO, because your thugs do not want YOU to enter the cosmic age of enlightenment. Your bible as almost nothing of the cosmos in it. Oh, well I digressed so here is the piece I wrote, and I may expand upon it here, as I had planed to do before I walked from here in disgust.

I last updated this piece almost 2 years ago.

Hi all, Jess recently discovered an amazing art site that has many artists on it, including a fellow from Britain that did some commissioned work in 2002 for the Urantia Foundation. The main website for the various artists is www.deviantart.com You can find just about everything there in the way of art.

The artist commissioned for the work is named Gary Tonge. His art is at the following link. He calls himself "Antifan-real." [[link to antifan-real.deviantart.com](http://link.to.antifan-real.deviantart.com)] Gary has since I started working on this developed his own website. [[link to www.visionafar.com](http://link.to.www.visionafar.com)] He has a couple NICE video's there about the creation. Well worth your effort. I am continuing to use the links in this article from deviantart, because he has some descriptions with them. I have some saved to my computer to use as wallpaper.

This is link to 4 pages of gallery. Now when you click on a picture in the gallery, it takes you to a small enlarged version. Then click on that image for a much larger image. To appreciate this man's work, you need to see the larger images and he has some commentary with each one. [[link to antifan-real.deviantart.com](http://link.to.antifan-real.deviantart.com)]

Now, this person obviously remembers something of from whence he came and for some of you, reviewing his artwork is going to make you awfully homesick! Now first the links which are all on page 3 of the gallery, to the 4 images commissioned by the Urantia Foundation. This is the link to page 3 of the gallery where these are archived. [[link to antifan-real.deviantart.com](http://link.to.antifan-real.deviantart.com)]

[[link to antifan-real.deviantart.com](http://link.to.antifan-real.deviantart.com)] Paradise is the center of the Creation, and it's start also, the Alpha, if you will. The Beginning. Every ascending human has the goal of reaching Paradise. Many angelics have a similar goal also. My own guardian angel Andrea, has also obtained Paradise with me, as has my soul mate Tom. Tom and I are Mighty Messengers. Paradise is the only place totally free of "time" of some sort, because the Paradise Isle does NOT rotate or travel around anything else. The huge bright area at the center is the Paradise Isle. I will leave you to read about its size and structure in the UB. It has a top and bottom, and this man KNOWs what it looks like. This pic nearly brought tears to my eyes, as this is so similar to MY memory.

Around it are 3 groups of 7 orbs belonging to the Paradise Deities. The first group swing closest to the Paradise Isle, and are the worlds of the Father. Next out are the worlds of the Eternal Son, which are uninhabited, spirit worlds totally apparently. Next after that swing the 7 worlds of the Infinite Spirit and these worlds are the homes of the Seven Master Spirits, of the Seven Superuniverses. In fact these are the Paradise headquarters of the Seven Super Universes, the executive worlds for them Now I am going to paste in a quote from the UB about these 7 worlds of the Infinite Spirit from the UB. Page 151.

They are not so exclusive as the spheres of the Father or those of the Son, and though residential status is limited to native beings and those who work thereon, these seven administrative planets are always open to all beings who desire to visit them, and who can command the necessary means of transit.

To me, these executive worlds are the most interesting and intriguing spots outside of Paradise. In no other place in the wide universe can one observe such varied activities, involving so many different orders of living beings, having to do with operations on so many diverse levels, occupations at once material, intellectual, and spiritual. When I am accorded a period of release from assignment, if I chance to be on Paradise or in Havona, I usually proceed to one of these busy worlds of the Seven Master Spirits, there to inspire my mind with such spectacles of enterprise, devotion, loyalty, wisdom, and effectiveness. Nowhere else can I observe such an amazing interassociation of personality performances on all seven levels of universe reality. And I am always stimulated by the activities of those who well know how to do their work, and who so thoroughly enjoy doing it. (Presented by a Perfectioner of Wisdom commissioned thus to function by the Ancients of Days on Uversa-Capital World of Orvonton.)

What! Work? in heaven? Yes indeed. Why people of earth want to live in nothingness bliss is beyond me! -C

[[link to antifan-real.deviantart.com](http://link.to.antifan-real.deviantart.com)] Havona is The Central Universe. It is a perfect universe of 1 BILLION Spheres that surrounds and includes Paradise. Like all these "seven" numbers, there are

7 circuits in Havona. These do show as Seven "rings" of spheres (planets), in the drawing. You arrive in Havona after your graduation from the Superuniverse of your Origin. In this case, the Superuniverse that earth is in, is named Orvonton. It is the "youngest" of the 7 superuniverses. Now, out here on evolutionary worlds like Earth, there are 100 natural elements. On Havona, there are 1000 natural elements! But yet these have an atmosphere, lakes and streams on them. Heaven is very misunderstood!

I had a big laugh once, because somebody on a forum posted that heaven was not planets! Well, YES IT IS PLANETS. Just handcrafted planets, that's why they are called architectural worlds, and more on that in one of the other paintings by this artist.

This are very advanced worlds. There is never an opportunity of boredom on them! After you work your way through these incredibly huge worlds, you arrive on Paradise, and towards your time as you approach paradise, your form become capable of traveling space, minus a ship. The Central Universe is not in view of Earth. Besides the distance, it is also bounded by dark gravity bodies.

[\[link to antifan-real.deviantart.com\]](http://link.to.antifan-real.deviantart.com) The Grand Universe is the current Creation. It includes The Central universe of Havona, and the Seven Superuniverses, none of which are complete yet. Orvonton is our Superuniverse. There are 100,000 projected universes within each Superuniverse. So there is the potential of 700,000 universes, and most are formed. Some in Orvonton are still in very early formation. Our Universe is Nebadon. It is universe # 611,121.

Some of My favorites,

Spirit Rising, [\[link to antifan-real.deviantart.com\]](http://link.to.antifan-real.deviantart.com)

This link below shows the construction of "sphere" world. People these are the worlds that are built as described as "architectural worlds" in the Urantia Book. Over your long eternity you could visit or live on Billions of these. When all 7 superuniverses are complete (700,000 local universes), there will be nearly 500,000,000,000 (billion) of these. The creation is HUGE. Humans also build craft spheres that travel the creation. These can be as much as 2-3 times the size of earth for various reasons. Some of you have seen large craft near the sun on SOHO in recent times. This is "God" works, through his Sons and Daughters. These huge craft can control suns like they are doing now. These are amongst your own options for careers over your long eternal life of trillions of years.

This is a wonderful thread Candace 
I have a question regarding the Colloidal Gold as I have only ever used Silver. I have developed a rashy bumpy patch at the base of skull where it meets with the neck and recently noticed that it appears to be spreading. It's not painful or flaky - just dry and a bit itchy. Will taking the Gold be beneficial? I will order some off your recommended site if you recommend. Thank you!

without knowing the cause of this I don't know. If you wish to try the gold, it would put it locally on the patch. If the patch is perhaps a fungal infection, putting silver on it would work better. Sometimes quality raw coconut oil can help these skin patches too, depending on cause. My guess from your brief description is fungal. have you tried putting the silver right on it? rather than taking it?

The advantage of gold is it gets more serious bacterial and the simpler viruses. I am on it today because I have come down with what feels like a viral bronchitis/pneumonia and so far after two doses, I am getting better already. Of course in the case on my lungs and bronchial tubes, I am taking it by mouth.

I will apply directly and see if that helps. My mother tells me I had something similar as a child. Still want to check out the Gold as it sounds like a good item to have on hand. Do you think it would help for chronic ear infections?
Thank you again for responding

either gold or silver depending on the cause of the infections. I would think so unless there is a really way out bug like the harsher viruses which need titanium, like herpes and aids.

I am on both the gold and silver as I have pneumonia right now and not sure of cause, except chemtrails, as I have not been around anybody for a week now. and those last week were not ill at the time anyway. If I got it there, it sure took a long time to develop.

I want to place some interesting quotes from And they Called His Name Immanuel [[link to www.freewebs.com](http://www.freewebs.com)]

"Each spirit in man is a unit, so is The Creation in itself a UNIT, and has no other powers besides IT. In Itself, The Creation is pure Spirit and therefore is infinite power, for it is One with Itself, and nothing exists outside of IT. Therefore, beware of the false and adulterated teachings of the future, which will insult me by calling me the Son of The Creation, and also as the Son of God. For these teachings lead to lies, and because of them the world will suffer much want and distress.

"Do not pay heed to the false teachings of the future, which are trying to make into one, the spirit, The Creation, and Me, and making a Trinity thereof, which again shall be a unit. Beware of these false and adulterated teachings of the future, for a Trinity is impossible according to the logical Laws of The Creation, there is only ONE.

(this of course refers to the fact they did make him the 2nd person Trinity and Only Begotten Son of God. -C)

"Verily I say to you, the princes keep their people down, and the sovereigns do violence unto them, but when they use violence, the new cults will do violence when they adulterate my teachings and proceed to disperse them.

"Beware of them and do not carry the yoke of the false teachings because of force. It shall not be so among you, but you shall be great and teach the wisdom. As I have come to teach the wisdom and knowledge among the people, so you shall continue to teach, so the truth may penetrate."

(I have been rather forcefully asked to carry the yoke of false teachings, and to one who tried that recently, I make a clear statement that just as Jesus could not be corrupted, neither can I. -C)

"Likewise is the spirit of man immortal, for how could The Creation itself ever cease to be? If a person is dead in the physical, the spirit lives on, and leaves this existence for the one beyond, where it continues to gather the wisdom of knowledge. According to the amount of spiritual wisdom gained, he, himself, decides his future and his return, as well as his activity later on in his experience.

"Since I, too, am a prophet and know the future, I tell you that I shall return as a representative of

God, so that I can sit in judgment of all those who follow false teachings and belittle the wisdom of spirit."

Candace: clearly disproving you must be saved by believing ON Jesus.

But when the Pharisees were together, Jmmanuel asked them and said, "What do you think, whose son am I?"

They answered, "The son of David."

He retorted, "How can I be the son of David? He has been dead for a very long period of time and I have been begotten by Gabriel, the guardian angel; Ye do not even remember your own stories.

Ok to continue some info on the Brown Dwarf, etc. posting I made in this thread. [Thread: Sirius Binary and 2012 and why we wouldn't see it coming...](#)

A full cycle of precession is roughly 25,627 earth years.

If sirius is the sun's binary companion and an mass orbits the sun and sirius on a cycle that makes seven complete orbits between the sun and sirius then a cycle would take 3661 earth years. (One seventh of 25627 is 3661 earth years).

To simplify the orbit between of an object over 3661 years... the object would spend 915 years traveling to sirius, 915 years on the far side of sirius, 915 years traveling back to the sun and 915 years on the far side of the sun (away from sirius).

Sirius is 8.6 light years from the sun. This is 9,460,000 million kilometers.

So if an object travels from sirius to the sun, or 9,460,000 million km, over 915 years, it would have to travel at an average speed of 10,335 million km per year. That would be an average of 28 million km per day.

Using the speed averages the *maximum* time of travel from the following planet distances:

- Saturn 1426.7 million km
- Days from Saturn to Earth: 50 days (calculated using 28 million km per day)

- Jupiter 778 million km
- Days from Jupiter to Earth: 27 days

- Mars 78.5 million km
- Days (Mars-Earth) 2.7 days

Of course, the speeds are just averages based on distance and a travel time and the speeds would be much greater closer to the sun (or sirius) and much slower farther out. The result of this would be that the estimated distance would close much faster meaning the object could arrive much more rapidly than the calculated numbers above indicate.

I know this is an oversimplification of the math, but there ya go...

So, we might not see something that orbits sirius and the sun coming until it's here and gone.

Quoting: **sedna 1273780**

sirius is not our companion star. At all. It's only relation to our star is that Nibiru was given an orbit around both stars, but that does not make us twins.

the precession is from our star orbiting its central star Alcyone of Pleiades. And on top of that our solar system is being moved, using it's "companion" brown dwarf which should really be called a dark gravity body. All solar systems have them, they form the balance wheel so to speak that pulls a solar system around its central star. This is FACT.

Sirius also orbits Alcyone. There are about 500 suns that orbit Alcyone

Also where are YOU getting your calculated times, what are you using that is traveling in your post? Like your Mars to earth, what is traveling between mars and earth or are you assuming when they are closest together?

The something I guess you refer to is Nibiru, which was here 2000 years ago and a major consideration in the timing of the Christ visit to this world.

Objects, if you mean UFO's, can travel many times the speed of light thru unpervaded space . So your figures are very off. Nibiru does travel as speeds ordered by the Hierarchy. It is on a set path, and because we are moving, it will never be here again in fact.

sirius is is so visible the last couple of months.

it is a bright star second to the north star. you can see it east of the constellation of orion.

you can actually see it blinking purple..

Quoting: **DPS**

the sirius you see is NOT sirius. Our solar system is being MOVED, by using the dark gravity body, see above, to bring us into an eternal energy river.

The sirius you think you see, is a copy cat because we are being moved. It is a plasma light ship and this was proven to me years ago now. Myself and a friend in another state were chatting on our cell phones, and I requested a demo from the ship captain and it was given. The craft moved down about 1/2 way to that little star on its right, and then back again to its proper location. All in minutes. Also it put on a flashing display for us. There are other plasma light ships up there keeping our sky looking "normal" during the journey to the energy river.

This includes "jupiter", Venus, Beetle Juice, and others. If they flash colors they are CRAFT and none of them is light years away, they are close by.

from one of GGNs threads, a new one today. [Thread: If Jesus is God why did he say man must live by Jehovah's word?](#)

"Then Jesus was led by the spirit up into the wilderness to be tempted by the Devil. 2 After he had fasted forty days and forty nights, then he felt hungry. 3 Also, the Tempter came and said to him: "If you are a son of God, tell these stones to become loaves of bread." 4 But in reply he said: "It is written, 'Man must live, not on bread alone, but on every utterance coming forth through Jehovah's mouth.'" Mt4:1

Quoting: **DGN**

which version of the bible are YOU using for this, because since Esu Immanuel is FROM Jehovah, the planet, he would never have said such a thing. this is deliberate manipulation. Jehovah is a planet as I have said often to you before. The creator of the creation in fact is not a "person" with a name and creator would never demand to be called by any name. I am so tired of witnesses showing up at my door thinking they are special because they have the correct name of the Lord. Do you mean some big boss or Creator by that word Jehovah?

the big bosses are the hierarchy, the angelic sons of god.

And he didn't say MOUTH either, he taught meditation and the listening to the mental communication from CREATOR. get real DGN you are part of the problem.

the PEOPLE from the planet Jehovah have had a role and continue to have a role in assisting the spiritual heirarchy with earth. They helped moses, gave 20 commandments, fed Moses band of hebrews from craft, and fried sodom and Gomorrah and in fact numerous other cities on this world that were filled with evil. A planet is not the Creator of the whole creation. Lets get out of being dumb here.

Candace: I will also add, that Yahweh is not creator source either, but a Pleiadian who was ruling earth at one time.

Creator Source, the Father has NO name except Father or Creator Source, some use Prime Creator but we are going to discourage that terminology.

Ok I made a post above with teaching and linky's to Gary Tonge's digital paintings.

Below is the Paradise Isle and its 21 inner satellites. The Paradise Isle is the only place that does not have time, because it is stationary. It does not revolve itself, and it does not orbit anything. It is the CENTER of the Whole Creation and my home, as I have stated often. Paradise is not a sphere. It is not round. It is in fact flat. It's a obloid disk. It is unbelievably massive and there are no earth measurements for it, but as an oval, it is 6 (east west) by 7 (North-south) in proportions, longer than wide. it is about 1/10 depth as the east west measurement.

Paradise is the abode of the Universal Father, the Eternal Son and the Infinite Spirit and also a whole lot of celestial folks, both descenders and ascenders. It is my abode as an ascender.

Descenders are what you label angels, created by the God head. Verses ascenders who arise from the animal evolution, and also including folks who are both, such as your personal guardian angels, who will go with you all the way to Paradise. My destiny guardian, Andrea is also resident on Paradise and returned here with me at this time and embodied on a craft, usually on the Capricorn on which Esu Immanuel usually is also. Esu who shared the Body of Jesus with the Michael, is also from Paradise, a Mighty Messenger like myself. We are trinitized Sons of God who earned Paradise, which is the goal of all ascenders.

Paradise is material and spiritual. Its "matter" is not like ours, a word for it might be "pre matter" as compared to the matter realms, but that probably is not the best of words either. MATTER descends from "fluffy" to condensed. but it is a material sphere having shape and form and we don't have good enough words.

The top is called "upper Paradise" and is the home of huge numbers of entities. It is the "home" of the Trinity also which are domiciled at the very center. The "edges" of the isle peripheral paradise are landing pads for incoming and out going personalities, and other uses.

The underside of Paradise, Nether Paradise, particularly the core middle under the Trinity area on top, is the source of all physical energy and cosmic force circuits, those energies which go out from there and thus this acts as a "heart" directing pulsations out to all of space .

OK posting the image, have to do chores, and next post I will talk about the 21 spheres that orbit Paradise in 3 circuits of 7 each.
