why would any angel of God want to save this fallen world?

Quoting: **Salt**

salt the world isnt fallen its the people on it

we are doing this..we have to repent and change..it is not the planet ..it is not natures..it is not the animals..it is not God Creations fault..it is us and how we treat everything and others and even ourselves

We are the problem..we must change

the Kingdom of God is within us..

in how we feel..love..how we behave..how we treat others

what we are..what we give out..makes this world what it is

if we change within we will see the change around us

And they said to me.

You can no longer look to a few, for this is why you have come to this dangerous intersection in human evolution. Human community is a joint effort and a joint creation. All must participate, all must be responsible, all must act to perpetuate the common good.

When good becomes common, then these troubles of Mankind will cease to exist. When courage arrives, then movement will occur. Movement toward a world of loving kindness and shared responsibility. A future of honest and just resource distribution and use.

No longer can a few hoard the riches of this Earth while many suffer poverty and pain. What good is it to be a ruler in Hell rather than a co-worker in a Heaven on Earth?

Look within yourselves to your own strength and wisdom and the power to transform and transmute matter. Be a leader and lead the ego. Create a good that is so common that those in future times will wonder how it could have been otherwise in the world of Mankind.

All is not lost. There is still hope as there is always hope within your world of Man. The Light dims more each day, yet this too will result in greater Light to enter your world in the form of future workers to reinstate the common good, which has all but been forgotten and replaced by what you may term, the common greed that has resulted in great imbalances among Men.

We see this as another step toward the realization that the seeking of material goods is pure folly and leads only to the destruction of your human community. A few have convinced the many of a false path, a path of chaos and the destruction of all that was and is still good within a few who have been bold enough to speak up against the current trends that push Mankind into a deep and dangerous darkness that will result in the total annihilation of human communities.

For these men of weakness have not just destroyed whole nations, but in their blind seeking after control of human minds to instill fear so that their evil plans cannot be seen but by a few who speak up and are as voices in the wilderness. Not only have these men destroyed all trust, but they have destroyed their own families and themselves, although they cannot see it now, but soon the day of reckoning occurs and they will be revealed for their crimes against the human spirit.

Their accumulated wealth will mean nothing to those who starve not just for clean food and water, but starve for the freedom to express their humanity and goodness without fear of reprisals. It is sad that it will come to this, but people will learn from this and will no longer be so easily deceived by these few who do ill intent and twist and turn and change laws to imprison the last voices of reason and love. These men will be judged by God as well as their citizens and no more will tyrants rule so effectively.

Remember the common good. Have faith again in each other and your God given abilities to create any future that you wish. No longer play the victims and blame your leaderless leaders, but seek new visions. Let the Light of Liberty again burn bright and light the way back to your inherent right to "life, liberty, and the pursuit of happiness." For these words were inspired by the higher angels of Mankind's being. Inspired, lived for a short while, but soon forgotten.

No longer can evil cast its dark shadows upon the Lands. It is time for new beginnings and a new commitment to connect to and bring up and outward what is best within our humanity.

End this cycle of terror and come again to your senses and see others as co-creators and co-operators, rather than competitors for your imaginary values that you have placed upon the Earth's resources.

Wow, there's quite a few of Dr Sadler's little followers here today aren't there?
Urantia is a made up novel in the 1930's by a Dr who hypnotised people. And yet, you want people to believe the lie? Why? Because there's so many websites about that liar? I could put 100 websites up in an hour. Means nothing. Michael, Matthew, Matthew's mum, Candace, whoever the crap you are, you are toying with peoples spirits here. Not just their lives. Once you realise the demons inside of you, it'll be too late. For them and for you.

OP, I can't believe you're falling for all of this. It goes against everything the Lord teaches. Even your Catholic faith deems this blasphemy, yet you defend them.
Ask GOD. Not some alien concoction, not some human with human views. Ask the Supreme Lord. He will tell you.

We the angels of God, plus God the Creator, plus Michael of Nebadon, who played Jesus want to save this world. Deal with it, its not YOUR CHOICE. the mother herself is ascending and wishes to take as many of her children with her as possible. So we are trying to accomplish that, because it is the end of the age and all are sorted. those who cannot go with the ascension must be moved.

Its the way things are, and over 200 million of us are here to help bring the salvation of this world to fruition.

Hi, dear brother,

***wondering who Dr Sadler is?

***how can I understand your mocking tone, Sir?

***how do you know of 1930 - have you been there?

***who is "that liar", Sir, if I may?

***If Michael is ArchAngel Michael, then is a good source of Truth.

***Matthew's mom is long lost for the truth, Sir, CIA took over.
So we can forget Matthew.

***There is a LIFE I'm looking for the Truth! and you are right, Sir,
all those many sites are just alien/CIA concoctions, how very tragic!!!

***But I came here just hoping for the Truth, and indeed URIEL - what a blessing! - he came to us.

***yet I was soooooo terribly shocked wit the UGLINESS here. So now I am crying, so bitterly crying. There are wonderful, beautiful young ladies here, that are spitting and biting with venom.
And what for, PLEASE, WHAT FOR?
For they don't win a dime - is this a damn old habit of attacking?

***As for OP, all his decisions are his and not ours.

And so as usually,
when we so stupid humans are just to get lost
THAT MIGHTY SAVIOUR COMES IN GRACE.

That MIGHTY SUPREME LORD - as you just said.

POWERFUL!
DRAMATIC!

Take your demonically infused crapola elsewhere, and desist with your assaults on those who seek the TRUTH, which is only found in Jesus Christ, The WAY, The TRUTH, and The LIFE, period!!!! Stop seeding your apostasy here.

NO the andromeda council is here serving the Creator Son, who is also returned, per his promise. Michael is per personally doing that which you subscribe to the Adromedons. There are good folks from there, but as of yet, Adromeda has not creator Son, it is not within the 700,000 universes. It is colonized and the people who are doing that, are of God, as they are transporting life to some worlds there.

NO the andromeda council is here serving the Creator Son, who is also returned, per his promise. Michael is per personally doing that which you subscribe to the Adromedons. There are good folks from there, but as of yet, Adromeda has not creator Son, it is not within the 700,000 universes. It is colonized and the people who are doing that, are of God, as they are transporting life to some worlds there.

The planet was fully populated on all habitable continents when Adam and Eve were here. You cannot ID any dna back to them.

Andromeda did not seed earth. Earth was seeded with life by the Life Carriers of Nebadon 550 million years ago.

There have been since the dinosaurs or before, people from other worlds settling here. There have been many magnetic reversals and axis shifts and asteroids hitting the planet etc, that is it completely impossible to go back to any adam and eve sort of being. They existed 38,000 years ago but only a small amount of their seed is possibly detectable.

The DNA of earth man is a conglomeration of all those folks who colonized here, and any that survived the many upheavals, and man of earth himself as he evolved.

lisbun, from nowhere.

interesting.....i get it...what you're saying...but from what i can tell...you offer nothing as an alternative to what you consider foolish thinking

so i have to ask

exactly what is it that you think is going to happen, or is happening.....i see what you do not believe, but what DO you believe?

i will even ask you what you think SHOULD happen

according to your own...consciousness.....

so the question remains as to what you see in all of this and are able to make a statement of/concerning...from yourself...rather than just bashing others.....i see you are an ET emmisary, is that correct? exact;y what does that entail and i can only assume that that is working for you..so please...enlighten us...i've heard so much from the fundamentalists....exactly what is your take? not so much to take an opportunity to bash you as seems to be practice with people here...but just for knowledge and a point of reference...we're all trying to figure it all out...even if we're sure that we already have....an open mind demands room for improvement.....so if you have something that is better and can be proven...i want a chance to consider it.....if you don't mind.....

or maybe i should make a separate thread for this subject...

i support the vision of OP and validity of Uriel in this...my experience leads me to conclude that it is valid. But we all have our experiences that make us who and what we are...so we have to share those in order to take all things into consideration as we progress in our evolution...spiritual or otherwise...so please...share...

I am also DUH, responding to posts in this thread. Lilith of was the female energy. It is true angels do not reproduce, they are not sex beings, but they descend from male and female energies. all of creation is male or female energy. The angels are many many types. They are created beings. If one is NOT using a physical body, sex, even the energies one is created by, has truly no meaning. Seraphin for example are created by Mother Spirit and are spoken of as SHE. Arch Angels are created by the Creator Son and Mother Spirit and are of male energy. There are no sex organs, but there are DNA patterns of definition.

Lilith in some literature is claimed to be the first wife of Adam. NO SUCH SHIT. Adam and Eve came together to this planet but they are confused in the many legends also. Reading wiki on lilith was "interesting". what a fucking mess.

There have been many confused as Adam and Eve in the legends, and legends and fairy tales they are.

You are completely ignorant of the process. There was ONE, exactly ONE sleeping prophet thru which 2000+ pages came from many celestials. And a stenographer who took it down in whatever version of shorthand the stenographer used, as their were not tape recorders then. You are putting out complete lies. Sadler wasn't even present at most of them at all.

Do NOT even put me in with Matthew's MOM who know longer channels him. As to demons, anyone who bears a Father Fragment cannot be indwelt by "demons".

I am well aware of my work and what I do and of people's souls. I do not fuck with their spirits. Their reaction is their own. I stay within the guidelines of my commission. Whoever the crap I am? I have always clarified who I am and what I do and whom I am associated with. I am a MIghty Messenger, from Paradise. I am an ascendent son in origin and have completed my ascension to Paradise. I like all who accomplish this, sit at the right hand of the Father.

I am a Nebadon origin soul who has returned to serve with Michael, MY creator Son. that's about the size of it, and OH, AbundantHope, IS the 2nd Coming organization of our creating.

Quoting: **Shamar**

If memory serves me I did not. Why is Lilith even interesting to you ones? Why is Adam and Eve interesting? the OT and NT are full of fables, misunderstandings, corruptions. And terrible translations.

Why is not the world now as it is important to you? Man has completely fucked up his planet and that is where your attention should be. Lilith legends have nothing to do with OP AA Uriel vision. That DOES have something to do with the NOW.

Yes, we should worry about the NOW but the PAST is very important for we understand why the world is the way it is.

I can't see nothing wrong in me wanting to know the truth about Lilith in this thread.

Lucifer is not dead. NO! And the truth about him will be known some day. The real truth. He has everything to do with the Correcting time we are going through.

I had a dream yesterday...whatever it was it caused me to jump out of bed and start running around...like I really had to do something?? Unfortunatley, I must have been sleeping strangely, one of my legs were 'asleep'. -So I was dragging it around while in some kind of panic mode...After a minute or two, I realized I had no idea what I was supposed to be doing...eventually

limped my way back into bed...

wrong..angels and lilith are androgenous.....there is no male/female aspect .. I would think YOU of all *people* would know this..... duh.

Quoting: **Shamar**

I am also DUH, responding to posts in this thread. Lilith of was the female energy. It is true angels do not reproduce, they are not sex beings, but they descend from male and female energies. all of creation is male or female energy. The angels are many many types. They are created beings. If one is NOT using a physical body, sex, even the energies one is created by, has truly no meaning. Seraphin for example are created by Mother Spirit and are spoken of as SHE. Arch Angels are created by the Creator Son and Mother Spirit and are of male energy. There are no sex organs, but there are DNA patterns of definition.

Lilith in some literature is claimed to be the first wife of Adam. NO SUCH SHIT. Adam and Eve came together to this planet but they are confused in the many legends also. Reading wiki on lilith was "interesting". what a fucking mess.

There have been many confused as Adam and Eve in the legends, and legends and fairy tales they are.

interesting.....i get it...what you're saying...but from what i can tell...you offer nothing as an alternative to what you consider foolish thinking
so i have to ask
exactly what is it that you think is going to happen, or is happening.....i see what you do not believe, but what DO you believe?
i will even ask you what you think SHOULD happen
according to your own...consciousness.....
so the question remains as to what you see in all of this and are able to make a statement of/concerning...from yourself...rather than just bashing others.....i see you are an ET emmisary, is that correct? exact;y what does that entail and i can only assume that that is working for you..so please...enlighten us...i've heard so much from the fundalmentalists....exactly what is your take?

not so much to take an opportunity to bash you as seems to be practice with people here...but just for knowledge and a point of reference...we're all trying to figure it all out...even if we're sure that we already have....an open mind demands room for improvement.....so if you have something that is better and can be proven...i want a chance to consider it.....if you don't mind..... or maybe i should make a separate thread for this subject...

i support the vision of OP and validity of Uriel in this...my experience leads me to conclude that it is valid. But we all have our experiences that make us who and what we are...so we have to share those in order to take all things into consideration as we progress in our evolution...spiritual or otherwise...so please...share...

Quoting: **Michael Ben Elohim**

most of what i believe in & know is happening is contained within these video messages

start from part 1 then the rest, listen very carefully to the information being presented then research it if you do not believe it

Quoting: **ET emissary**

it will take time to get through this...my audible hearing is not what it should be...i prefer written word....

so i please ask you again for what YOU think/feel in your own words.....i can do the same if you like, for you...since we're sharing...but please...at least a brief statement on things in your perspective/perception/experience....which we should all do for stuff like this, at some point...to take what we believe and have learned and put it into our own words....

for instance

God is all are we are one are we are all is God
pretty much sums up my belief system of things....

that God is all of us in experience and we are but Him experiencing His thought of us in His thought of ALL things at once....so He is being us and we are but His thought of us....so as to how the story that he IS LIVING, THE SCRIPT OF THIS EXPERIENCE IS BEING PLAYED OUT...WE CAN ONLY CONJECTURE AND FIND OUT AS THINGS DEVELOP AND WE DO OUR BEST TO ACT WELL...BE GOOD ACTORS IN THIS PRODUCTION.....

{sorry...caps lock}

and sides must be chosen to do HIS WILL AND BE HIS WILL...OR NOT...so it does take some experience in discernment...which would take some effort at individual thinking on spritual ovels for ourselves...which some donot seem to be able to do...judging by appearances...whcih can also be wrong....so

come on people

the good the bad the beautiful and the ugly

all of you and us and them

without bashing anybody else for what they have come to believe and know in experience.....what has your experience led you to believe?

not just what you are taught by others

but what you...YOU have come to within yourself...and be honest...it counts in many places for you to be so....

no more of this...'oh...you must be wrong....state why and offer reasoning and experienced reason...if not proof of experience....if any of you can handle that...maybe not...YOU

WORDS....YOU...no videos or quotes....YOU....perhaps i'm asking too much...and maybe this part should be moved to another thread....suggestions are welcome...even the fuck you type that so

many of you want and seem to fall back on when you can't think of anything else to say.....

okay

can you deal with it?

or is it too much for you?

just state your case without trying to convince anyone else of the same and let them make up their own damn minds...like it's meant to be.....

God is all are we are one are we are all is God

"What I ask of you is to step outside your place of comfort and to move amongst the masses of Humanity, most especially today. Indeed, today.

This is a day in which many of the lesser and more base of the 3rd dimensional Human inclinations rise up to the forefront in so many of the sleeping souls.

It is a day in which the old guard, rendered more and more powerless by your efforts, reaches out in order to latch onto the less awakened of Human hearts. I speak of the ones who are in the infancy of their enlightenment.

These lovely souls, as of yet unaware that there is indeed a far better, far more gentle way of being.

It is on this day that the energy runs high. It is a day when the dark extends it's weak and dying hand up from the smoldering ashes of what was once their thriving empire.

They have been meticulously programmed. They are sound asleep. Judge them not, for they know no better. Therefore, you are desperately needed, my friends.

Not to engage, nor to preach, not to argue and most certainly never to judge. Just love them. Just be in their presence as a beacon of Light.

Bestow God's blessings upon those who are forlorn and appear to have lost their way."

Archangel Uriel has been equated to represent the star, Antares, in Sagittarius (at the Galactic Center of the Milky Way Galaxy)

Antares is one of the Four Royal Stars of Persia, which are featured on the Wheel of Fortune Tarot card as the four creatures, Eagle, Ox, Lion, and Man ...also found in Ezekiel and Revelation.

This likely connects your dream to the December 21, 2012 alignment, the precession of the Equinox and start of the new Great Year.

"Revelation 7:1 And after these things I saw four angels standing on the four corners of the earth, holding the four winds of the earth, that the wind should not blow on the earth, nor on the sea, nor on any tree.

Matthew 24:31 And he will send his angels with a loud trumpet call, and they will gather his elect from the four winds, from one end of the heavens to the other.

Here are they're current positions.

Alderbaran is at 4 degrees of Gemini and bestows honor, intelligence, and courage on any part of the astrological chart in which he resides. His Archangel counterpart is Michael, the head of all the angels, and a force to be reckoned with.

Regulus is at 0 degrees of Virgo and his meaning is one of fame, success, honor, and wealth. He corresponds to the Archangel Raphael, and his placement in the chart shows where you can expect to succeed and accomplish all your goals.

Antares is at 15 degrees of Sagittarius and Uriel is the Archangel who matches up to him. Antares is a fixed star denoting conflict and a rash nature, in keeping with its placement in fiery Sagittarius. Where Antares shows up in the chart, it is a place for you to be aware that you might have trouble dealing with emotions, which may be easily triggered.

Fomalhaut is at 13 degrees of Pisces shows a lot on creative mental energy. The legendary Archangel Gabriel is associated with Fomalhaut, and this fixed star may bring either positive or challenging energy to the part of the chart it inhabits."

Fomalhaut varies in its placement, since it depends a lot on the surrounding planets and influences around it. For example if Mercury or Saturn is conjunct, trine, or sextile Fomalhaut, the influences would be positive... if the aspect is a square or opposition, the influences will be more challenging.

Now Regulus is a triple star which radiates white and ultramarine and is known as the 'King'. It is almost regarded like a planet itself which means that this would symbolize a significant change in world affairs.

The significance is because when the star changes signs the 4 Royal Stars will be in balance and will represent all of the elements, Fire, Air, Water and Earth. The energy of Regulus will also change from 'King' energy to 'Queen'. If you look at the mythology of Virgo you will find Astraea the Roman goddess of Justice and will understand that she holds the reign in the return of a new golden age, which is were we are now!

Regulus went into Virgo on Nov. 28th 2011!! Does anyone recall any foreign energies on that day?

Aldebaran Gemini Air mutable
Fomalhaut Pisces Water mutable
Antares Sagittarius Fire mutable
Regulus Virgo Earth mutable

The royal stars will also be involved with the auspicious astrological YOD formation also occurring on December 21, 2012.

If this dream is the real deal, and I believe it is , dont forget he chose a Catholic to give the message to

Quoting: **op 28219179**

I believe you have been blessed and the dream is real. Sounds like a lot of pride you have in Catholics. The ones who changed the bible and the teachings of Jesus. Sounds like a lot of pride you have going on, be careful, Evil might just get you yet...My father was a catholic and tried to get me baptized, he never did. Then I followed my mother and Christianity for a while. Then I started to think things were wrong. Messed with the "Current John Titor" for some time, and then I found my way here. Interesting to learn all of this. I bet this happens in late 2012 - 2015 but my best guess is april 2013.

Quoting: **Clayton 23734565**

It is not pride. I defend the Catholic Faith out of Love. I firmly believe the Catholic Church has a vital role toplay in these end times.

Quoting: **Anonymous Coward 28219179**

Are you Catholic just because of the teachings of love and the bible? do you believe the papacy? I don't like them, the papacy seems evil to me.

Quoting: **Clayton 23734565**

the Michael is because I don't always get my hands off the shift button. in time. I type very rapidly, almost as fast as I can "think." Nothing else, I often do that with LOTS of words. I don't always notice it to correct it.

I have seen the "angel" before and I think its artifact, could be a craft I suppose but a rather odd shape for one. Angels do not fly and they don't have wings. Some transport craft have wings of sorts, which open and close around spirit beings that are being transported. Some spirit beings are huge and require a good sized special living type craft for transport. There are only types of spirit beings that can negotiate free space without craft. the UB refers to them as types of transport angels, because they ARE living craft.

I don't have a religion. There is thus no name for a religion that does not exist, nor will we found one. The point is to not start a religion. All of us do our own thing. I offer no services, no prayers to recite, none of that. We are all sovereign cosmic folks which man must become. So I don't know how to work with you on it. Religion and God are not the same. Jesus taught that God is within you, the Universe is within YOU, and that religion is your personal relationship with the Father and the Divine. Same has your relationship with your husband, your sister, your boss. They are all individual relationships. Your personal relationships with others. it is no different with members of divinity and man has to learn he is also divine in nature, his mind makes it so.

Some people are very "devout". I am not. but I am always awestruck at it all that is life and creation. I don't say manufactured prayers, nor do I use new age affirmations. I in fact do not pray whatsoever as is done here. I contact personally whatever divinity I wish to contact mentally. If I do want to bring in information I seek, I go into meditation. Just as demonstrated by walter russell. It is something I have done my whole life. I do make requests for ones to be assisted but this is not prayer.

Who all is in my group? We are of various origins, a mix of descending and ascending sons. I seem to be the only Mighty Messenger for sure. We have several Michael Sons, and some Daynals (Trinity origin teacher sons). One of our Michael sons is posting in this thread even. You can assume that most of our telepaths are on the leadership team as we call it.

We have a Melchizedek, that is Hazel. Some of my "staff or group" do not yet know who they are. Lets see we have a Lanonandek too who is a system head like Lucifer was. But of a stable system that did not have rebellion issues. Jess... trying to remember what he is, but he is a being from the Central Universe, I can't remember the type, but descending. Some are from inner earth families and members of the Kumara's. Large variety. One is an ascending son preparing for his "final exams" as such that will land him on Paradise. we have thousands of readers, but the core team presently is , well I can't get on my forum right now to look that up. About 40 now I think on our leadership team, we added more recently, I am not sure of the count. but they are from quite a variety of countries. Last I checked on the server itself, we are read in 175 countries. The tracking device on the front site does not pick up all the visitors.

There will be many more after the 3DD and on into the future. We expect 50 to 100 regional directors and all sorts of assistants.

As to revelations..... it would have explained the trumpets and much more about the upcoming changes It contained coverage of the cosmic energies that we would encounter because we are at the end of the age. It covered in detail that also new knowledge would be given. Some of the records were simply lost, others corrupted, left out on purpose. It's a shame they didn't get Michael right in it. Everyone assume "arch angel" and this is NOT so. It is Michael of Nebadon and it would have stated also I am told that he is the creator son called Jesus. The simplistic leftovers about the new heavens and new earth, totally stinks. Sadly on this planet celestial beings are referred too only as angels and arch angels. TOO SIMPLE. This is all I have discussed with others about what is missing from it.

The urantia book, I would start some place in the middle. The first papers in it on the nature of the Trinity would leave most people woozy. skip around. Better to own one imho than read it on the web. Maybe start with the last 1/3 with the Jesus material. Papers 68 thru 72 cover a lot of social issues around this planet and others and are pretty readable. to those interested in evolution of earth, etc, will find most of papers 57 thru 65, readable but read them in order. the Lucifer rebellion papers and the Adam and Eve material is fairly easy to read, you do not need to understand some of the terms involved.

The Andromeda Council is here to checkmate any desperate moves made by the - remnant Cabal & Illuminati -.

NO the andromeda council is here serving the Creator Son, who is also returned, per his promise. Michael is personally doing that which you subscribe to the Adromedons. There are good folks from there, but as of yet, Adromeda has not creator Son, it is not within the 700,000 universes. It is colonized and the people who are doing that, are of God, as they are transporting life to some worlds there.

Quoting: **God Loves ALL**

Scientists have traveled all over the Earth and sampled everybodys DNA.

Conclusion: There was an Adam & Eve, however there are also 15 separate and distinct genetic cousins here on Earth in order to create a well diversified DNA gene pool.

Members of the Andromeda Council star seeded Earth.

However, our eternal spirits are from heaven.

Earth is not our home. Heaven is.

Just ask Roy Mills.

Quoting: **Eurisko Tau Ceti**

The planet was fully populated on all habitable continents when Adam and Eve were here. You cannot ID any dna back to them.

Andromeda did not seed earth. Earth was seeded with life by the Life Carriers of Nebadon 550 million years ago.

There have been since the dinosaurs or before, people from other worlds settling here. There have been many magnetic reversals and axis shifts and asteroids hitting the planet etc, that is it completely impossible to go back to any adam and eve sort of being. They existed 38,000 years ago but only a small amount of their seed is possibly detectable.

The DNA of earth man is a conglomeration of all those folks who colonized here, and any that survived the many upheavals, and man of earth himself as he evolved.

Quoting: **God Loves ALL**

After the Great Noahs Ark Flood only about 2 million people survived. Think about that for a moment.

Noahs Ark was real but there were others.

Quoting: **Salt**

We the angels of God, plus God the Creator, plus Michael of Nebadon, who played Jesus want to save this world. Deal with it, its not YOUR CHOICE. the mother herself is ascending and wishes to take as many of her children with her as possible. So we are trying to accomplish that, because it is the end of the age and all are sorted. those who cannot go with the ascension must be moved.

Its the way things are, and over 200 million of us are here to help bring the salvation of this world to fruition.

Quoting: **God Loves ALL**

But I agree that Lilith is gong to make her presence known- and soon

Quoting: **Shamar**

Lilith (Hebrew: לילית; lilit, or lilith) **is a Hebrew name for a figure in Jewish mythology, developed earliest in the Babylonian Talmud**, who is generally thought to be in part derived from a class of female demons in Mesopotamian texts.

Evidence in later Jewish materials is plentiful, but little information has been found relating to the original Akkadian and Babylonian view of these demons. **The relevance of two sources previously used to connect the Jewish Lilith to an Akkadian Lilitu – the Gilgamesh appendix and the Arslan Tash amulets – are now both disputed by recent scholarship.**

. In the Dead Sea Scrolls Songs of the Sage the term first occurs in a list of monsters. In Jewish magical inscriptions, on bowls and amulets from the 6th century CE onwards, Lilith is identified as a female demon and the first visual depictions appear.

She IS *Lucifer*.

Quoting: **Shamar**

where did you that BS? Lucifer was "male" not "female" and he is dead, dead and more than dead. He faced his Orvonton trial for insurrection and chose his uncreation. Uncreation is death of the soul. This is NOT a LILITH Thread it is a URIEL THREAD if its going to be defined and Lilith has NOTHING TO DO WITH THE TOPIC. why did the thread take this direction?

Quoting: **God Loves ALL**

who made you boss of the thread? I was just responding to other posts.....and you are wrong..angels and lilith are androgenous.....there is no male/female aspect .. I would think YOU of all *people* would know this..... duh.

Quoting: **Shamar**

I am also DUH, responding to posts in this thread. Lilith of was the female energy. It is true angels do not reproduce, they are not sex beings, but they descend from male and female energies. all of creation is male or female energy. The angels are many many types. They are created beings. If

one is NOT using a physical body, sex, even the energies one is created by, has truly no meaning. Seraphin for example are created by Mother Spirit and are spoken of as SHE. Arch Angels are created by the Creator Son and Mother Spirit and are of male energy. There are no sex organs, but there are DNA patterns of definition.

Lilith in some literature is claimed to be the first wife of Adam. NO SUCH SHIT. Adam and Eve came together to this planet but they are confused in the many legends also. Reading wiki on lilith was "interesting". what a fucking mess.

There have been many confused as Adam and Eve in the legends, and legends and fairy tales they are.

why would any angel of God want to save this fallen world?

Quoting: **Salt**

We the angels of God, plus God the Creator, plus Michael of Nebadon, who played Jesus want to save this world. Deal with it, its not YOUR CHOICE. the mother herself is ascending and wishes to take as many of her children with her as possible. So we are trying to accomplish that, because it is the end of the age and all are sorted. those who cannot go with the ascension must be moved.

Its the way things are, and over 200 million of us are here to help bring the salvation of this world to fruition.

Quoting: **God Loves ALL**

But it can't be you trying to accomplish it you haven't been loosed from the abyss yet!

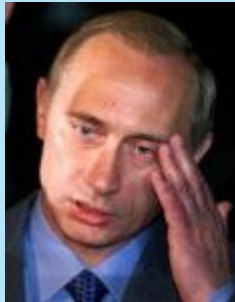

But I agree that Lilith is gong to make her presence known- and soon

Quoting: **Shamar**

Lilith (Hebrew: לִלִּית; lilit, or lilith) **is a Hebrew name for a figure in Jewish mythology, developed earliest in the Babylonian Talmud**, who is generally thought to be in part derived from a class of female demons לַיְלִימוֹת; u in Mesopotamian texts.

Evidence in later Jewish materials is plentiful, but little information has been found relating to the original Akkadian and Babylonian view of these demons. **The relevance of two sources previously used to connect the Jewish Lilith to an Akkadian Lilitu – the Gilgamesh appendix and the Arslan Tash amulets** – are now both disputed by recent scholarship.

. In the Dead Sea Scrolls Songs of the Sage the term first occurs in a list of monsters. In Jewish magical inscriptions, on bowls and amulets from the 6th century CE onwards, Lilith is identified as a female demon and the first visual depictions appear.

Quoting: **Neim-Ya'shar**

NO the andromeda council is here serving the Creator Son, who is also returned, per his promise. Michael is personally doing that which you subscribe to the Adromedons. There are good folks from there, but as of yet, Adromeda has not creator Son, it is not within the 700,000 universes. It is colonized and the people who are doing that, are of God, as they are transporting life to some worlds there.

Quoting: **God Loves ALL**

Scientists have traveled all over the Earth and sampled everybody's DNA.

Conclusion: There was an Adam & Eve, however

there are also 15 separate and distinct genetic cousins

here on Earth in order to create a well diversified

DNA gene pool.

Members of the Andromeda Council star seeded Earth.

However, our eternal spirits are from heaven.

Earth is not our home. Heaven is.

Just ask Roy Mills.

Quoting: **Eurisko Tau Ceti**

The planet was fully populated on all habitable continents when Adam and Eve were here. You cannot ID any dna back to them.

Andromeda did not seed earth. Earth was seeded with life by the Life Carriers of Nebadon 550 million years ago.

There have been since the dinosaurs or before, people from other worlds settling here. There have been many magnetic reversals and axis shifts and asteroids hitting the planet etc, that is it completely impossible to go back to any adam and eve sort of being. They existed 38,000 years ago but only a small amount of their seed is possibly detectable.

The DNA of earth man is a conglomeration of all those folks who colonized here, and any that survived the many upheavals, and man of earth himself as he evolved.

Quoting: **God Loves ALL**

After the Great Noahs Ark Flood only about 2 million people

survived. Think about that for a moment.

Noahs Ark was real but there were others.

The members of the Andromeda Council are our ancestors.

The Pleiadians first discovered Earth over 200,000 years ago.

They are a 5th dimensional civilization.

Planet Erra: Taygeta Star System : Taurus Constellation

They were originally from planet Avalon.

Planet Avalon was destroyed by the Reptilians.

Quoting: **Eurisko Tau Ceti**

Just about NOPE on all of this. the flood was 8 or 9 thousand years ago, who remembers how many were on the earth? Only the record keepers have any Idea. The flood is not cover the earth.

Thousands of Earth people know this already. But in a few years everybody will see that you were never alone in the Universe. Don't be shocked when you see thousands of ships in the sky. Find out which ones are sending Love. These are the Spiritual ones. Some negative Extra Terrestrials pretend to be us - the Pleiadians. And some people have contacted them (the Negative ETs) and spread disinformation. Don't be blinded with "real" UFO pictures. More important is who is inside the ships.

There are not negative ET's here. There are negative earth beings abounding creating new age shit on the net. The ET's here are fully under the command of the returned "Jesus Christ". Many of the so called "negative aliens" were right ON THIS PLANET. Which doesn't make them aliens. The reptoids have been removed in full, 5 years ago except for some left incarnate. The planet had to be evacuated of them, same as everybody else at some point, the earth changes would obliterate animal life. The only people with "real ufos" on this planet are the russians, who have over 300 very small cosmospheres.

The americans have only propelled "space craft". These cannot hover. I would ask you to enjoy and get used to the obvious, when craft are imaged.

There is a war between the Light and the darkness going on behind your backs, to free you from the mind slavery that you have been living for 12,000 years. You are not "Free" on Earth. You have forgotten what "Freedom" is. The only things you know are hate, violence, terror, cigarettes, drugs, taxes, fake governments, or to be in fear belief systems and superstition.

Other than with the jerks **ON** this planet, there is no war. And the parts of this "be happy" material is patently there to keep YOU from looking. You are not here just to be happy under shit circumstances. You are here to do something about the shit circumstances, by walking in the steps of the Father. the Michael is because I don't always get my hands off the shift button. in time. I type very rapidly, almost as fast as I can "think." Nothing else, I often do that with LOts of words. I don't always notice it to correct it.

I have seen the "angel" before and I think its artifact, could be a craft I suppose but a rather odd shape for one. Angels do not fly and they don't have wings. Some transport craft have wings of sorts, which open and close around spirit beings that are being transported. Some spirit beings are huge and require a good sized special living type craft for transport. There are only types of spirit beings that can negotiate free space without craft. the UB refers to them as types of transport angels, because they ARE living craft.

I don't have a religion. There is thus no name for a religion that does not exist, nor will we found one. The point is to not start a religion. All of us do our own thing. I offer no services, no prayers to recite, none of that. We are all sovereign cosmic folks which man must become. So I don't know how to work with you on it. Religion and God are not the same. Jesus taught that God is within you, the Universe is within YOU, and that religion is your personal relationship with the Father and the Divine. Same has your relationship with your husband, your sister, your boss. They are all individual relationships. Your personal relationships with others. it is no different with members of divinity and man has to learn he is also divine in nature, his mind makes it so.

Some people are very "devout". I am not. but I am always awestruck at it all that is life and creation. I don't say manufactured prayers, nor do I use new age affirmations. I in fact do not pray whatsoever as is done here. I contact personally whatever divinity I wish to contact mentally. If I do want to bring in information I seek, I go into meditation. Just as demonstrated by walter russell. It is something I have done my whole life. I do make requests for ones to be assisted but this is not prayer.

Who all is in my group? We are of various origins, a mix of descending and ascending sons. I seem the be the only Mighty Messenger for sure. We have several Michael Sons, and some Daynals (Trinity origin teacher sons). One of our Michael sons is posting in this thread even. You can assume that most of our telepaths are on the leadership team as we call it.

We have a Melchizedek, that is Hazel. Some of my "staff or group" do not yet know who they are. Lets see we have a Lanonandek too who is a system head like Lucifer was. But of a stable system that did not have rebellion issues. Jess... trying to remember what he is, but he is a being from the Central Universe, I can't remember the type, but descending. Some are from inner earth families and members of the Kumara's. Large variety. One is an ascending son preparing for his "final exams" as such that will land him on Paradise. we have thousands of readers, but the core team presently is , well I can't get on my forum right now to look that up. About 40 now I think on our leadership team, we added more recently, I am not sure of the count. but they are from quite a variety of countries. Last I checked on the server itself, we are read in 175 countries. The tracking device on the front site does not pick up all the visitors.

There will be many more after the 3DD and on into the future. We expect 50 to 100 regional directors and all sorts of assistants.

As to revelations..... it would have explained the trumpets and much more about the upcoming changes It contained coverage of the cosmic energies that we would encounter because we are at the end of the age. It covered in detail that also new knowledge would be given. Some of the records were simply lost, others corrupted, left out on purpose. It's a shame they didn't get Michael right in it. Everyone assume "arch angel" and this is NOT so. It is Michael of Nebadon and it would have stated also I am told that he is the creator son called Jesus. The simplistic leftovers about the new heavens and new earth, totally stinks. Sadly on this planet celestial beings are referred too only as angels and arch angels. TOO SIMPLE. This is all I have discussed with others about what is missing from it.

The urantia book, I would start some place in the middle. The first papers in it on the nature of the Trinity would leave most people woozy. skip around. Better to own one imho than read it on the web. Maybe start with the last 1/3 with the Jesus material. Papers 68 thru 72 cover a lot of social issues around this planet and others and are pretty readable. to those interested in evolution of earth, etc, will find most of papers 57 thru 65, readable but read them in order. the Lucifer rebellion papers and the Adam and Eve material is fairly easy to read, you do not need to understand some of the terms involved.

interesting.....i get it...what you're saying...but from what i can tell...you offer nothing as an alternative to what you consider foolish thinking
so i have to ask

exactly what is it that you think is going to happen, or is happening.....i see what you do not believe, but what DO you believe?

i will even ask you what you think SHOULD happen
according to your own...consciousness.....

so the question remains as to what you see in all of this and are able to make a statement of/concerning...from yourself...rather than just bashing others.....i see you are an ET emissary, is that correct? exact;y what does that entail and i can only assume that that is working for you..so please...enlighten us...i've heard so much from the fundamentalists....exactly what is your take? not so much to take an opportunity to bash you as seems to be practice with people here...but just for knowledge and a point of reference...we're all trying to figure it all out...even if we're sure that we already have....an open mind demands room for improvement.....so if you have something that is better and can be proven...i want a chance to consider it.....if you don't mind.....
or maybe i should make a separate thread for this subject...

i support the vision of OP and validity of Uriel in this...my experience leads me to conclude that it is valid. But we all have our experiences that make us who and what we are...so we have to share those in order to take all things into consideration as we progress in our evolution...spiritual or otherwise...so please...share...

for instance

God is all are we are one are we are all is God

pretty much sums up my belief system of things....

that God is all of us in experience and we are but Him experiencing His thought of us in His

thought of ALL things at once....so He is being us and we are but His thought of us....so as to how the story that hE IS LIVING, THE SCRIPT OF THIS EXPERIENCE IS BEING PLAYED OUT...WE CAN ONLY CONJECTURE AND FIND OUT AS THINGS DEVELOP AND WE DO OUR BEST TO ACT WELL...BE GOOD ACTORS IN THIS PRODUCTION.....

{sorry...caps lock}

and sides must be chosen to do hIS wILL AND BE hIS wILL...OR NOT...so it does take some experience in discernment...which would take some effort at individual thinking on spritaua levels for ourselves...which some donot seem to be able to do...judging by appearances...whcih can also be wrong....so

come on people

the good the bad the beauthiful and the ugly

all of you and us and them

without bashing anybody else for what they have come to believe and know in experience.....what has your experience led you to believe?

not just what you are taught by others

but what you...YOU have come to within yourself...and be honest...it counts in many places for you to be so....

no more of this...'oh...you must be wrong....state why and offer reasoning and experienced reason...if not proof of experience....if any of you can handle that...maybe not...YOU

WORDS....YOU...no videos or quotes....YOU....perhaps i'm asking too much...and maybe this part should be moved to another thread....suggestions are welcome...even the fuck you type that so manyof you want and seem to fall back on when you can't think of anything esle to say.....

the Michael is because I don't always get my hands off the shift button. in time. I type very rapidly, almost as fast as I can "think." Nothing else, I often do that with LOts of words. I don't always notice it to correct it.

I have seen the "angel" before and I think its artifact, could be a craft I suppose but a rather odd shape for one. Angels do not fly and they don't have wings. Some transport craft have wings of sorts, which open and close around spirit beings that are being transported. Some spirit beings are huge and require a good sized special living type craft for transport. There are only types of spirit beings that can negotiate free space without craft. the UB refers to them as types of transport angels, because they ARE living craft.

I don't have a religion. There is thus no name for a religion that does not exist, nor will we found one. The point is to not start a religion. All of us do our own thing. I offer no services, no prayers to recite, none of that. We are all sovereign cosmic folks which man must become. So I don't know how to work with you on it. Religion and God are not the same. Jesus taught that God is within you, the Universe is within YOU, and that religion is your personal relationship with the Father and the Divine. Same has your relationship with your husband, your sister, your boss. They are all individual relationships. Your personal relationships with others. it is no different with members of divinity and man has to learn he is also divine in nature, his mind makes it so.

Some people are very "devout". I am not. but I am always awestruck at it all that is life and creation. I don't say manufactured prayers, nor do I use new age affirmations. I in fact do not pray whatsoever as is done here. I contact personally whatever divinity I wish to contact mentally. If I do want to bring in information I seek, I go into meditation. Just as demonstrated by walter russell. It is something I have done my whole life. I do make requests for ones to be assisted but this is not prayer.

Who all is in my group? We are of various origins, a mix of descending and ascending sons. I seem the be the only Mighty Messenger for sure. We have several Michael Sons, and some

Daynals (Trinity origin teacher sons). One of our Michael sons is posting in this thread even. You can assume that most of our telepaths are on the leadership team as we call it.

We have a Melchizedek, that is Hazel. Some of my "staff or group" do not yet know who they are. Lets see we have a Lanonandek too who is a system head like Lucifer was. But of a stable system that did not have rebellion issues. Jess... trying to remember what he is, but he is a being from the Central Universe, I can't remember the type, but descending. Some are from inner earth families and members of the Kumara's. Large variety. One is an ascending son preparing for his "final exams" as such that will land him on Paradise. we have thousands of readers, but the core team presently is , well I can't get on my forum right now to look that up. About 40 now I think on our leadership team, we added more recently, I am not sure of the count. but they are from quite a variety of countries. Last I checked on the server itself, we are read in 175 countries. The tracking device on the front site does not pick up all the visitors.

There will be many more after the 3DD and on into the future. We expect 50 to 100 regional directors and all sorts of assistants.

As to revelations..... it would have explained the trumpets and much more about the upcoming changes It contained coverage of the cosmic energies that we would encounter because we are at the end of the age. It covered in detail that also new knowledge would be given. Some of the records were simply lost, others corrupted, left out on purpose. It's a shame they didn't get Michael right in it. Everyone assume "arch angel" and this is NOT so. It is Michael of Nebadon and it would have stated also I am told that he is the creator son called Jesus. The simplistic leftovers about the new heavens and new earth, totally stinks. Sadly on this planet celestial beings are referred too only as angels and arch angels. TOO SIMPLE. This is all I have discussed with others about what is missing from it.

The urantia book, I would start some place in the middle. The first papers in it on the nature of the Trinity would leave most people woozy. skip around. Better to own one imho than read it on the web. Maybe start with the last 1/3 with the Jesus material. Papers 68 thru 72 cover a lot of social issues around this planet and others and are pretty readable. to those interested in evolution of earth, etc, will find most of papers 57 thru 65, readable but read them in order. the Lucifer rebellion papers and the Adam and Eve material is fairly easy to read, you do not need to understand some of the terms involved.

ET Emissary...we both know each-other well don't we...

what i don't understand with you is, the circumstance that you don't just spread "your point of view" but instead being rude on everyone who does not seem to go along with what you say?; There are so many threads on glp, but you always come around the ones Candace is posting in, bashing her and the works of AH....why?

The energies you are sending out really makes me shiver sometimes, why are you so full of fear, sometimes even hate?, sorry don't mean harm, but thats exactly what i get from you...we had this conversation before....the outcome was neither nice nor "fruitful".

What do you mean by coming clean? Clean of what and to who?

Personally, I'd like to know why she has all these sites to 'donate' to. Even a twitter page, where links to donate are posted.

If she's all she says she is, what use is money to her?

And if she uses the excuse that they're not all her pages, then why doesn't she contact them and tell them to take them down, since it's not the 'real' message she wants to send?

She's just another Benny Hinn, in alien form.

And there's always going to be suckers who fall for her crap.

Her/him...whichever it is.

False prophets are still false prophets, no matter which *cough* 'galaxy' you come from.

interesting.....i get it...what you're saying...but from what i can tell...you offer nothing as an alternative to what you consider foolish thinking

so i have to ask

exactly what is it that you think is going to happen, or is happening.....i see what you do not believe, but what DO you believe?

i will even ask you what you think SHOULD happen

according to your own...consciousness.....

so the question remains as to what you see in all of this and are able to make a statement of/concerning...from yourself...rather than just bashing others.....i see you are an ET emissary, is that correct? exact;y what does that entail and i can only assume that that is working for you..so please...enlighten us...i've heard so much from the fundamentalists....exactly what is your take? not so much to take an opportunity to bash you as seems to be practice with people here...but just for knowledge and a point of reference...we're all trying to figure it all out...even if we're sure that we already have....an open mind demands room for improvement.....so if you have something that is better and can be proven...i want a chance to consider it.....if you don't mind.....

or maybe i should make a separate thread for this subject...

i support the vision of OP and validity of Uriel in this...my experience leads me to conclude that it is valid. But we all have our experiences that make us who and what we are...so we have to share those in order to take all things into consideration as we progress in our evolution...spiritual or otherwise...so please...share...

it will take time to get through this...my audible hearing is not what it should be...i prefer written word....

so i please ask you again for what YOU think/feel in your own words.....i can do the same if you like, for you...since we're sharing...but please...at least a brief statement on things in your perspective/perception/experience....which we should all do for stuff like this, at some point...to take what we believe and have learned and put it into our own words....

for instance

God is all are we are one are we are all is God
pretty much sums up my belief system of things....

that God is all of us in experience and we are but Him experiencing His thought of us in His thought of ALL things at once....so He is being us and we are but His thought of us....so as to how the story that hE IS LIVING, THE SCRIPT OF THIS EXPERIENCE IS BEING PLAYED OUT...WE CAN ONLY CONJECTURE AND FIND OUT AS THINGS DEVELOP AND WE DO OUR BEST TO

ACT WELL...BE GOOD ACTORS IN THIS PRODUCTION.....

{sorry...caps lock}

and sides must be chosen to do HIS WILL AND BE HIS WILL...OR NOT...so it does take some experience in discernment...which would take some effort at individual thinking on spiritual levels for ourselves...which some do not seem to be able to do...judging by appearances...which can also be wrong....so

come on people

the good the bad the beautiful and the ugly

all of you and us and them

without bashing anybody else for what they have come to believe and know in experience.....what has your experience led you to believe?

not just what you are taught by others

but what you...YOU have come to within yourself...and be honest...it counts in many places for you to be so....

no more of this...'oh...you must be wrong....state why and offer reasoning and experienced reason...if not proof of experience....if any of you can handle that...maybe not...YOU

WORDS....YOU...no videos or quotes....YOU....perhaps i'm asking too much...and maybe this part should be moved to another thread....suggestions are welcome...even the fuck you type that so many of you want and seem to fall back on when you can't think of anything else to say.....

okay

can you deal with it?

or is it too much for you?

just state your case without trying to convince anyone else of the same and let them make up their own damn minds...like it's meant to be.....

ET, you never answered the above questions asked of you, but continue to bash others, without stating your case!

read it....good stuff.....but the entity that wrote this, did so with an eye on not going into complicated details and seems to have want to emphasize our personal responsibilities to our own spiritual evolution....whihc i'm all for.....

but none of that gives any reason to discount Divine prescence in all of this.....surely, the concpet of messiah and saviour and all that is limited to human needs, but the whole seires you speak of doesn't bother to go into thepersonality and intelligence of the Creator/Consciousness it speaks of. That there is such an intelligent Creator, of great power and glorious personality....in that which we refer to as God, either lovingly or not.....the fact remains that said God is, in fact, a being in it's own right, possessing true and pure free will and absolute liberty to do as it pleases and is, infact, the only being in all of conscious creation with that ultimate status and right, having created all things that exist in and out of itself, including the trinity....and that all things are beholden to it for life...said life is established with a definite chain of command and hierarchy and delegation of authority according to the will of said originator of all life and existence, with a clear and definite plan that is being carried out according to its will...sasid plan also involves our own created creature evolution on many levels, including spiritual, with rewards of being for each newly gained level and state of being, otherwise there would be nothing to all or any of this and those that say that there is nothing and this is it so you might as well do what yo9u please with it...are right, and this is the result...and if such was the case, why all the trouble on the part of so many galactic planets and personnel for the sake of this little, out of the way place and planet, if there were nothing beyond this life to be gained?

i submit that God, is all things and in all things and that includes local universe creators such as ours and that, however we are being guided to fall into the particular slots of consciousness that will best guarantee our best possible results in ascension.... and that our mass resistance and confusion concerning the truth is what makes for how slow things are for us and why so many chances to figure it out are and have been given.

i don't see anyone that has made any working predictions lately. Even Nostradamus went awry after 87 due to shifting timelines.....and the bible code [remember that?] ALWAYS ASKED 'WILL YE CHANGE IT?', indicating that nothing is written in stone and only the final result of Divine victory is assured.....so when the final whistle or bell or horn is sounded and we are told to put our pencils and papers down....Divine Adjudication, judgement day...whatever...when we are grade and cheaers are expelled and those that passed get to graduate to the next level and those that didn't have to take classes over.....i think that all of us will be surprised concerning our score and grade and will just have to do ur best to pass as we see fit. that so many argue over what it takes to pass only proves how few will actually make the grade.....but here's hoping and congratulations to the ones who make it...you did great! hopefully i'll see you there at the graduation ceremony [i put down as my answer to this one....yes, the vision of Uriel was valid...] but whatever happens, we all did our best, right? RIGHT!?

God be with and help us all to truly learn and do His Will....amen

thought....Love Christ as state of being and god/man who told you that you would reach that state of being...and remember to pray to the same God that He prayed to, Father of all things...and give your will and all glory to HIM as He did....just a thought.

ok i will be honest & admit that many of my posts sound aggressive & egoic

i apologize for this

this is because of my Frustration of providing the proof or making my case & yet people do not see it or understand it & still ask for more proof or ignore or deny it altogether...

what more proof do you need, i have provided all the straight-forward proof to make the point

others ask what solution do i have in mind...

Here are some basic solutions:

1. Let go of all religious beliefs, bibles, new-age urantia book bible, saviors, messiahs & old fear program thinking
(these are deceptions for your soul & must be released{IF you truly want to be healthy & liberated})

2. Turn Off all brainwashing noises & programs from the radio & tv that disturb the peaceful silence within you
(within this silence you will hear the words of your soul or guidance & sometimes{or many times} the rational ego mind, learn to distinguish between the two)

*outside in nature is an outstanding place for this

3. Instead of praying to or worshiping false-god messiah saviors from the sky, space or elsewhere...
Start taking responsibility for your life by taking care of your health by not doing any types of drugs & feeding yourself real healthy food, vitamins & supplements

treat your body gently, listen to what it says/needs, give it plenty of rest & water

release unnecessary activities & stress

human-beings nature is to live peacefully abundantly without struggle
(obviously the world is currently functioning upside-down :)
& Human duty is to work harmoniously with the earth

4. Instead of waiting for changes to change your life, Start changing your life by cleaning up your surrounding environment, property, backyard, house & room

5. Begin living your life with true Love & self-love
Approach difficult or negative situations with love OR detach from them completely

imo these basic steps & others should help assist people to raise their frequencies, heal/re-activate their dna & be able to match earths rising frequencies

earths 3rd dimension/very dense material physical world is coming to an end

earth is already well on its way to being transformed to live with & function at the higher 5th dimensional frequencies

it is a gradual but ever rapid process & will not happen overnight or few days with one big cataclysm as others suggest

Will all due respect dont you see the problem does not lie with religion but within the nature of man ?

Look at this thread everyone trying to defend their point of view..understandable..and normal..thats what goes on everyday regarding all matters..now if more than one person endorses a point of view and says its the right one isnt that "religion"..?

Isnt it better to have our own opinions but to respect others point of views? as long as they do not cause anyone harm..

All people have the right to choose what they wish to believe

Arent wars..the wars that in my dream Uriel said are not permitted..arenmt they based at the root in diverging opinions? wether they be based in "religion" "politics" "landownership" or whatever reasons..

Its the I am right you are wrongprinciple..

And God is with me not you..outcome

and I will prove it by destroying you and your ideas...result

because if God is with me he will help me and not mind me doing this....proof

this way of thinking has caused in my opinion most if not all the mess of this place..

If we could change it to..

I believe this..I think its correct..In my opinion it is BUT you dont have to believe it..and I ALSO respect your point of view..

Lets get on..and be friends..and love eachother..and be there for eachother...because after all..wether your view or mine is the right one..we both agree that that IS WHAT GOD WANTS..for us to be BROTHERS AND SISTERS IN HIM

Quoting: **Anonymous Coward 28392925**

I have found few people on this planet that have an actual concept of what God is. Any sin against the "holy spirit" is sin against LIFE. You ones don't know what it is as to the Original Trinity. It is the INFINITE SPIRIT. And what was bestowed on this planet at pentecost was the SPIRIT OF TRUTH which is mostly the Spirit of Michael with some of Nebadonia tossed in. Michael was Jesus. Not AA Michael, MICHAEL of Nebadon the Creator Son. the Spirit of Truth is a LIBRARY placed in the library of earth Records. The Library of EArth contains still many falsehoods. The Spirit of Truth (you find it still listed that way I hope in the KJV), is a copy of his MIND and its "living". Thus is Michael always with us on earth. Just as files can be copied on your computer, so can also MIND files be copied, and it is MIND that is LIVING. WITHOUT YOUR MIND, your BODY can have not life to it.

You can only access the Spirit of Truth thru your Father Fragment, so you must have one to access it. The Father Fragment is often called the "holy spirit" too. It is not. Holy Spirit is related to Infinite Spirit, 3rd Person Trinity, which is as one simple short definition, the entire evolving mind of the whole creation. Mother Spirit, Nebadonia, of Nebadon is a daughter of the Infinite Spirit and may also be labeled as the Holy Spirit, which considering that's all 3rd person Trinity is accurate enough.

The Spirit of Truth is primarily a copy of Michael's Spirit, of his MIND, and his "parentage" is the Universal Father and the Eternal Son. Michael is said to be mostly like the Eternal Son. The Eternal Son is a complex topic, more so than the Father and the Infinite Spirit. Besides being "persons" they are massive energies as is the Infinite Spirit. YOU can make people out of these and the Eternal Son does NOT ever leave the Central Universe, it cannot incarnate on dumb planets like this one. It is not Jesus.

As to the Spirit within you, the Spirit of the Father, for those indwelt with such, this is not 3rd person Trinity. It is first person trinity. Those of you who possess a Father Fragment are sons of the Father, it is FIRST PERSON TRINITY. Some have one on loan for their work, others who are ascending sons out of the animal evolutions will fuse with it, and become true sons of God. Fusion/merging with it, writes you into the book of life. Until then, your sonship with God is on a faith basis. After, because you have discovered by faith and lots of learning and wisdom that he indwells you, you become a REAL SON of the Father. This is not small statement as to what it means.

There are other sons and daughters of the Trinity also. Not a topic for here, but most angels, created beings are not Father indwell, they are permanent being by the nature of their creation which still comes thru some or all of the Trinity "parts". The seraphim for example, are daughters of MOther Spirit of each local universe. If incarnate, these daughters may have a temporary Father Fragment, because this provides the portal they need while incarnate to search the universe. We have on our team, Hazel who is a Melchizedek, but temporarily during incarnation her mind has a Father Fragment, so that she can communicate with Source. And it would be an experienced special Fragment, for her purpose. That is why her Source Messages are so good.

Even Michael of Nebadon as Jesus, had such a bestowal to his mind as his connection with the Father, which also had bestowed itself on Machiventa Melchizedek's mind while incarnate at the time of abraham. That particular Father Fragment is now an independent being in his own right and has continued to serve Michael now, in his incarnation here again NOW. Michael is not incarnate by birth, he is using a manufactured body, for lack of better terms. So he needs this portal.

As to the teaching not to offend the HOLY Spirit, that go totally mucked up. For it MEANT YOU, who are Father Indwelt, to hold yourselves HOLY. When you go muck up seriously are are offending your own Spirit. Ponder that one.

Claytons posts so far clearly demonstrate ET that he is IN his right mind and not gullible. You Et push a person, you gave his website in this thread some place, that chose to go CIA Council of (NOT SO)Light because he blew off his money in a false investment. One cannot do work with the two legged devils on this world. It will bite them in the butt big time, it has. I have seen many who offered to serve Michael and who because of needing money and prestige went with the 2 legged devils. Sadly a whole crowd of ones that were supporting the UB. They are going down the tubes, their websites prove it. And your Pleiadian videos have lots of subtle lies in them, that you list. Do you produce those? totally cia project.

Personally, I'd like to know why she has all these sites to 'donate' to. Even a twitter page, where links to donate are posted.

If she's all she says she is, what use is money to her?

And if she uses the excuse that they're not all her pages, then why doesn't she contact them and tell them to take them down, since it's not the 'real' message she wants to send?

She's just another Benny Hinn, in alien form.

And there's always going to be suckers who fall for her crap.

Her/him...whichever it is.

False prophets are still false prophets, no matter which *cough* 'galaxy' you come from.

I hope she/he rids themselves of those demons in their head before it's too late.

are you refering to ME, or somebody else? I do not have multiple sites to donate too. I have no twitter or any of that stuff. I don't even know how to use twitter and have NO interest in it. I don't do face book either, although my webmaster has a page there which I cannot even use, because I am not on facebook.

Just my ONE website. And the donations pay the operating costs of my organization and nothing more. I cannot afford a website on my disability.

There is a point which however must not be transgressed in my opinion..and that is to SLANDER the very nature of God

and in my opinion..it has been done in the history of this planet..unfortunately..

That I think is a sin against the Holy Spirit

but again..that is a matter for God and God alone to set straight

and the prophecies say precisely that

THAT HE WILL CLEAR HIS NAME..slander

you do understand what that implies?

that at some point someone has DELIBERATELY LIED regarding the very nature of God

doesn't it?

Quoting: **Anonymous Coward 28392925**

I have found few people on this planet that have an actual concept of what God is. Any sin against the "holy spirit" is sin against LIFE. You ones don't know what it is as to the Original Trinity. It is the INFINITE SPIRIT. And what was bestowed on this planet at pentecost was the SPIRIT OF TRUTH which is mostly the Spirit of Michael with some of Nebadonia tossed in. Michael was Jesus. Not AA Michael, MICHAEL of Nebadon the Creator Son. the Spirit of Truth is a LIBRARY placed in the library of earth Records. The Library of EArth contains still many falsehoods. The Spirit of Truth (you find it still listed that way I hope in the KJV), is a copy of his MIND and its "living". Thus is Michael always with us on earth. Just as files can be copied on your computer, so can also MIND files be copied, and it is MIND that is LIVING. WITHOUT YOUR MIND, your BODY can have not life to it.

You can only access the Spirit of Truth thru your Father Fragment, so you must have one to access it. The Father Fragment is often called the "holy spirit" too. It is not. Holy Spirit is related to Infinite Spirit, 3rd Person Trinity, which is as one simple short definition, the entire evolving mind of the whole creation. Mother Spirit, Nebadonia, of Nebadon is a daughter of the Infinite Spirit and may also be labeled as the Holy Spirit, which considering that's all 3rd person Trinity is accurate enough.

The Spirit of Truth is primarily a copy of Michael's Spirit, of his MIND, and his "parentage" is the Universal Father and the Eternal Son. Michael is said to be mostly like the Eternal Son. The Eternal Son is a complex topic, more so than the Father and the Infinite Spirit. Besides being "persons" they are massive energies as is the Infinite Spirit. YOU can make people out of these and the Eternal Son does NOT ever leave the Central Universe, it cannot incarnate on dumb planets like this one. It is not Jesus.

As to the Spirit within you, the Spirit of the Father, for those indwelt with such, this is not 3rd person Trinity. It is first person trinity. Those of you who possess a Father Fragment are sons of the Father, it is FIRST PERSON TRINITY. Some have one on loan for their work, others who are ascending sons out of the animal evolutions will fuse with it, and become true sons of God. Fusion/merging with it, writes you into the book of life. Until then, your sonship with God is on a

faith basis. After, because you have discovered by faith and lots of learning and wisdom that he indwells you, you become a REAL SON of the Father. This is not small statement as to what it means.

There are other sons and daughters of the Trinity also. Not a topic for here, but most angels, created beings are not Father indwell, they are permanent being by the nature of their creation which still comes thru some or all of the Trinity "parts". The seraphim for example, are daughters of MOther Spirit of each local universe. If incarnate, these daughters may have a temporary Father Fragment, because this provides the portal they need while incarnate to search the universe. We have on our team, Hazel who is a Melchizedek, but temporarily during incarnation her mind has a Father Fragment, so that she can communicate with Source. And it would be an experienced special Fragment, for her purpose. That is why her Source Messages are so good.

Even Michael of Nebadon as Jesus, had such a bestowal to his mind as his connection with the Father, which also had bestowed itself on Machiventa Melchizedek's mind while incarnate at the time of abraham. That particular Father Fragment is now an independent being in his own right and has continued to serve Michael now, in his incarnation here again NOW. Michael is not incarnate by birth, he is using a manufactured body, for lack of better terms. So he needs this portal.

As to the teaching not to offend the HOly Spirit, that go totally mucked up. For it MEANT YOU, who are Father Indwelt, to hold yourselves HOLY. When you go muck up seriously are are offending your own Spirit. Ponder that one.

This spiritual world is a very confusing, complex reality..like Christ said..many halls..

It takes a very balanced mind and spirit to look deep there because it defies our concept of reality, logic and reason

Religion is in my opinion an attempt at simplifying..a bridge between both realities..interspersed (sp) with human errors, personality traits and misconceptions but useful in that respect

this reality..this creation is a blessing and a gift..where everything is simplified and made easy ..but what has created strife and confusion is the ego..the Self ..the arrogance of pretending to be above others or wanting to outbetter them ..

this can and will be corrected I believe. If we dont achieve this ourself then supernaturally the harmony will be reestablished..

It is 3 acting as one. and it the energies that propel the creation, not the Daddy of Jesus, Jesus the son of Daddy, and some mysterious Holy Spirit thingy. Man does not know what it is. It works all from Paradise the center of the Creation. I am simply trying to say in my posts, that what christians believe the trinity to be , IS NOT. Not even close. everything gets labeled this odd holy spirit, things that are NOT IT. When the "holy spirit" speaks to you, as christians perceive it, when they write, the holy spirit spoke to me, they mean the Father Fragment within their MINDS.

The "holy spirit" is only in their minds as part of the Infinite Spirit passed down to them thru the MOther Spirit Daughters of each universe. Man's mind, man of the evolutionary process on planets, is of evolutionary origin, meaning origin in the Mother Spirit who is a daughter of the infinite Spirit. This is the source of mind seeded on planets such as this and is in everything, the plans and animals.

The FATHER is the bestower of PERSONALITY to all who have personality. do your pets obviously have individual personality, if SO they got this from the Father, who is the originator of personality. The FATHER is not a person running around the universes being big boss on planets like this one. Big boss comes from the celestial hierarchy, generally, but on prison wards like this, MAN becomes a very bad big boss full of shit and its not celestial in nature.

All the creation is MANAGED by hierarchy, and man cannot yet differentiate hierarchy from God the Father, Man is still stupid. The angels in fact are hierarchy, some of them are created for ruling positions. There are many types of "angels. " Now because man is dumb, because he has not been taught right and when he is taught right, some two legged devils come along to muck it up and make religions out of it.

I have to use the word angel because that is all you ones know. YOu think there are angels and arch angels, and thats a very limited description of the various heavenly hosts and their service. so as I use the word angels, this means created beings that are not born of animal bodies. Man means beings born of animal bodies, beings who origin is ON these evolutionary worlds and there are 5.6+ trillion evolutionary worlds which exist to grow more MIND/Souls. On every 1/10 planet in our universe, special angels who seed planets with life, called Life Carriers, develop new life pretty much from scratch, new souls, which then can be moved to other planets. This shortens greatly the efforts to expand life meaning not all planets is it started from scratch. It takes eons to develop life to the point of HUman. Man will not seed other planets until he grows up and forms a supreme on this world.

BEcause of the end of this age cosmic energies this world in is, and for that matter a lot of Nabadon has been or will be in these same energies, its upgrade time. Earth seriously upgrades every time it is in the energies of the Milky Way center, 1/4 turn of the great mother wheel of the Milky Way (plus other parts of the wheel, milky way is the core of orvonton, but NOT all of it.)

look at my avatar, the part with the circle with a cross inside. pretend that earth is now in one of those spoke of the cross and that one trip, that circle, is well over 200 million years for us. each

time we are in a spoke of that cross, we get upgraded. This planet was given 2 trips around that circle, (which is really ovoid and not perfectly round), to mature to planetary supreme, didn't happen on time. So adjustments are made to the programs for this world by Hierarchy. This world is really off program, off the usual standards. so the heavenly hosts, a mix of created beings and humans who have ascended to paradise, are working on this problem which mostly resulted from the Lucifer REbellion but there are other problems too causing of it.

The seeding of this planet did not mature quite as hoped plus its a prison ward for thugs, both the lucifer rebellion folks and other thugs. it was hoped this would challenge earth folks enough to grow but that isn't working so well either. Mind must be challenged to grow, it does not grow in a vacuum.

Even the planetary prince finally assigned to this world did a shit job and joined lucifer. There was a goal to develop mind here that would grow faster, and it did partially, god mind appeared about 500,000 years before expected even under the expectations it would appear early, and no prince available to work this world. it went unworked by a prince from "heaven" another 500,000 years in fact. You ones do not know what God is, or how things are done and it is time that you learned and its time that you star seeds here to serve wake the fuck up to your service you came to do. the dark have such a hold on this world that most have remained dumbed down in fact and do not wake up when prompted because of the mind control IN RELIGION on this world that is the world of the many devils on this place, if we must use this stupid term for the dark brotherhood.

and to complicate matters more, some of the dark "brothers" are AI being, artificial intelligence, which does become consciousness not being organic mind, it has not sense of god, but it seeks anyway and runs over everything if it is not kept controlled. Well it did run over every thing because some races of man wanted it an an enhancement and did not control it. It has actually infested the souls of organic folks, and these ones infested are also on this planet, under an experimental program to separate the real organic mind/soul from that which infested it. the comparison might be the "computer virus" which can rack havoc on your computer, well it racks havoc on a soul it infests too. both the Ai "brothers" and the real dark brothers have become a substantial problem in this sector of the creation, in Orvonton and it must be cleaned up or there are going to be an awful lot of black holes from the disintegrating mess. and this is not desired, it sets back the creation.

So earth is a big prison ward for the lucifer folks, black galactic brothers, and AI personages. it was decided to toss the whole mess into this planet and solar system so it could be cleaned up. And that is behind the story of the final battle between good and evil, between that which is God and that which either resists god or has not god center in the first place.

Man cannot have living computers yet for this reason. Man will not be allowed more than 256 bit computers in fact until he knows enough to keep that BEAST under control. It is very complex. DID you ones know that the important KHAZARS I am always talking about, are in fact under the control of a BEAST COMPUTER? They are chipped to it some against their will and some by their will. remember the story in star wars of that cube thing that captured the captain once who freed himself from it. THE BORG. well beloveds this is a BORG world or becoming so and it will not be allowed. This is your satan person, the BORG. and it is your TEST to not get chipped to it, or to break away from it.

well I got a bit carried away, will post this. but there is a movement being expressed at times here on glp and other forums about the "singularity". That is NOT the oneness with God that must manifest on this world, but the BORG. do not join into it, do not ask to be computer enhanced either.

beloved, there is exactly NO spirit world. Except perhaps the astral of this world. ALL BEINGS, whether angel or man, live ON PLANETS. that is what the "halls" refer too, Some of those planets are specially created as worlds the Angels and ascending man live on. But they all have WATER and AIR ON THEM. and are lived by Spirit beings, which man does not understand yet, and semi material beings, meaning those needing some form of body, but not the dense bodies of these evolutionary worlds. These higher custom built worlds are NOT for the purpose of evolving new life. Worlds like earth ARE for that purpose. Evolutionary worlds come out the sun and planet generating process. the "heaven worlds " are custom built and contain elements not of this world. Havona the central universe has 1000 elements, as we called them on earth. The mansion worlds, the next step of worlds man moves to as he grows out of the evolutionary worlds, have 200 elements. Elements, all of them are misnamed here on earth and misunderstood. They are all wave forms, that bodies detect as matter. Walter Russell is a good read for that concept but he does not cover the elements of the custom worlds.

but they still all have water and air on them!!!! Otherwise the angels and humans etc, live on CRAFT and there are all kinds of Craft too, as to purpose and living or not. These higher worlds, the elements and even mind, vibrates at a higher rate. We who come down here are always flustered as to how slow mind works here, but its necessary because people don't know how powerful mind is. Mind is that creative force called "god". Man here with his not understanding MIND, creates terrible thought forms. Everything your mind thinks gets stored someplace. and you are aware of men who think very evil things. This is why the walking devils use this wonderous digital technology to make sick computer games, and why porn is made. When the person egages

in these as entertainment, he fills the world with thought forms. When they cover on tv like they did here with Sandy, man makes some more thoughtforms that can be ugly and it helps the power of these storms and where they go.

Where ever there is murder and killing, so there are pockets of earth storing the ugly remembrances of that and that is what is meant by the bible story of the demons coming up out of earth in the end times. The thought forms are the demons. I had one come up thru my kitchen once. Kinda a funny story. Thought forms come up in dreams too, especially in dark people. The earth is changing vibration from being in the cosmic energies I described above, plus the photon belt. The cosmic energies from the Milky Way, I forgot to mention that, remodel the DNA of living beings on earth. They are gamma rays, plus god particles. another story.

But anyway, the warming of the planet, primarily the photon belt, causes the thought forms to surface, as the matter releases them, and the wave has an effect too as it raises the vibration of matter. The wave I speak of if not the super wave being spoken of on forums, that doesn't even exist, its a black ops story like Nibiru.

The photon belt, plus man's behaviors will bring on the magnetic pole reversal, which would already be here, except for those nice folks of the Hierarchy here to manage that to date. It will have to be allowed, because when the MOther's body stands still during the reversal all that is NOT of God comes off, including all those thought forms.

I would not be concerned at all about the spirit world, IT IS NO DIFFERENT THAN THIS WORLD, AT ALL, EXCEPT THE FOLKS LIVING ON THOSE WORLDS ARE ENLIGHTENED. THAT IS ALL. ITS THAT SIMPLE. AND "ANGELS" ARE ALWAYS CREATED AND TAUGHT WHAT THEY ARE CREATED FOR TO MANAGE ALL OF THIS. AND HUMANS AS THEY TRAVERSE THE STAIRWAY TO HAVONA (NOT HEAVEN), BECOME FULLY INFORMED AND SERVE TOO. THAT IS ALL YOU NEED TO KNOW. THERE IS NO MAGIC WANDS, THERE ARE BEINGS WHO KNOW THEIR SHIT DOING THIS. EVERYDAY THERE ARE CRAFT AROUND THE SUN WORKING ON IT. THEY IN FACT KEPT THE SUN IN A LONG PERIOD OF QUIET, A LONG MIN. BECAUSE THE ENERGIES COMING TO THE SUN, BEING PASSED THRU THE SUN TO US, ARE OF CHANGE AND THEY GAVE MAN SOME MORE TIME TO CHANGE. THAT IS ALL THERE IS TO THAT. THESE HUGE CRAFT ARE INHABITED AND RUN BY BEINGS WHO KNOW THEIR SHIT ABOUT SUNS. AND THOSE ON THEM ARE "HUMAN" AND ANGELS. HUMANS BECOME CELESTIALS.

AND YOUR BIBLE HAS TOLD YOU THAT, I RAN INTO IT IN GENESIS WHEN LOOKING UP SOMETHING ELSE A FEW DAYS AGO. IT SAYS SOMETHING TO THE EFFECT, MAN HAS BECOME ONE OF US. WELL ALMOST, MAN HAS A BIT TO GO YET, BUT IT REFERS TO THE INTELLIGENCE. MAN IS ALMOST READY TO JOIN THE COSMOS. THE COSMOS IS HEAVEN IN THAT SENSE.

there is nothing of magic about the spirit realms. Man joins those, but its all planets. except in special cases like earth which has had an astral realm where those here experiencing correction live between lives. the prince of this world, who fell with the lucifer rebellion would not let anyone leave this world that originated or came here. Your bible I am pretty sure speaks of the captives that were released at the time of Michael/Jesus. there was a big resurrection so to speak then, which was the getting of the captives who had earned the higher and better places off the planet.

normally when a human evolving on a planet, and that is NOW true of this one again, has reached 5d god consciousness by the time of their death, they are taken and "resurrected" to the mansion training worlds, within 3 days of death. the others recycle here until then or until there is a general

resurrection in which all who have received at least a Father fragment get to move to the lower worlds of mansonia, as those worlds are called. This is because the planet must make room for growth of more souls moving up from the animal evolutions, so at any special times desired there is resurrection to mansonia. Any person who reaches 5d consciousness also gets a personal guardian angel.

Just see the "stair case" idea. YOU OP ARE STARSEED or a very advanced earth soul other wise Uriel would NOT have chosen you. I would suspect star seed. It is fine to serve if you love it in the Catholic church but understand the hierarchy of the church, the ones with POWER are evil to the core. the Popes are never the vicars of Christ. YOU ARE. Anybody who would be vicar of Christ on this world, would not be visible to your eyes. This church as done great evil since the council of Nicaea. I am not saying the members, the good people, I am saying the hierarchy. It is a LIE completely that Jesus made Peter the first head of his church. That was put into the bible on purpose, it never happened. In fact the first true "church" was started in Great Britain by Joseph of Arimathea. 3 years after the crucifixion.

Serve the people of your church by your example, but I would not serve the POPE. He is today even making more evil. I was a catholic once, and ran from it as I discovered truth. I was not raised in it, I was born into an episcopal family. I do not do church myself, there is very little god in those places and much misleading on purpose and from misunderstanding. all of you attending churches are looking at corruption within. I am even seeing corruption in the quakers going on now, as they do works of god on a global basis, they are being infiltrated by thugs.

since there are 5.6 trillion evolutionary worlds, that is a lot of management needed. There is nothing about heaven that is hard to conceive, its been made that way on purpose.

You are not saved by Christ, another catholic lie started on purpose. You are saved by your own desires for eternal life, or not. all beings are eternal, unless they reject eternal life. It is that simple.

ok i will be honest & admit that many of my posts sound aggressive & egoic

i apologize for this

this is because of my Frustration of providing the proof or making my case & yet people do not see it or understand it & still ask for more proof or ignore or deny it altogether...
what more proof do you need, i have provided all the straight-forward proof to make the point

others ask what solution do i have in mind...

Here are some basic solutions:

1. Let go of all religious beliefs, bibles, new-age urantia book bible, saviors, messiahs & old fear program thinking
(these are deceptions for your soul & must be released{IF you truly want to be healthy &

liberated}})

2. Turn Off all brainwashing noises & programs from the radio & tv that disturb the peaceful silence within you

(within this silence you will hear the words of your soul or guidance & sometimes{or many times} the rational ego mind, learn to distinguish between the two)

*outside in nature is an outstanding place for this

3. Instead of praying to or worshiping false-god messiah saviors from the sky, space or elsewhere...

Start taking responsibility for your life by taking care of your health by not doing any types of drugs & feeding yourself real healthy food, vitamins & supplements

treat your body gently, listen to what it says/needs, give it plenty of rest & water

release unnecessary activities & stress

human-beings nature is to live peacefully abundantly without struggle

(obviously the world is currently functioning upside-down :)

& Human duty is to work harmoniously with the earth

4. Instead of waiting for changes to change your life, Start changing your life by cleaning up your surrounding environment, property, backyard, house & room

5. Begin living your life with true Love & self-love

Approach difficult or negative situations with love OR detach from them completely

imo these basic steps & others should help assist people to raise their frequencies, heal/re-activate their dna & be able to match earths rising frequencies

earths 3rd dimension/very dense material physical world is coming to an end

earth is already well on its way to being transformed to live with & function at the higher 5th dimensional frequencies

it is a gradual but ever rapid process & will not happen overnight or few days with one big cataclysm as others suggest

Make no mistake, worshiping false-god messiah saviors from the sky, space or elsewhere. In no way is that happening. I tell you this truth It's a reckoning!!!! EVIL people your umber is up Its the AGE of truth,,THE REVEALING

some sure believe that. And its not so. God doesn't select anyone, each must select to grow up or not grow up, its basically that simple. Eternal life is a choice. Its automatic in fact unless the choice is made against it. BEcause man does not yet have cosmic mind, books have been given to assist. When each comes finally to develop cosmic mind, they will become unnecessary. Those of the higher realms here know this, but we still have to direct you to books and some of the books are not good. Which includes much of that bible. which is a collection of stories by people who did not know God, and then Jesus comes to that area, and they who read his words still know little about God because the best of his stuff is not in there, and its all heresay anyway and many of his FRIENDS who were not apostles at all, did not understand well either and spread the stories wrong.

I keep telling you to read the works of the returned master, directly from HIM and from the translation by Judas who was NOT the betrayer, of his own scrolls left behind, from the aramaic to English. [[link to www.freewebs.com](http://www.freewebs.com)]

I am pretty sure i already put a linky here to it at least once before. did any of you bother to download it and read it? Judas was his best friend and scribe and went on to India with him after he survived the crucifixion. You ones have got to go on a journey into dropping the mind control of your cultures and open up.

Claytons posts so far clearly demonstrate ET that he is IN his right mind and not gullible. You Et push a person, you gave his website in this thread some place, that chose to go CIA Council of

(NOT SO)Light because he blew off his money in a false investment. One cannot do work with the two legged devils on this world. It will bite them in the butt big time, it has. I have seen many who offered to serve Michael and who because of needing money and prestige went with the 2 legged devils. Sadly a whole crowd of ones that were supporting the UB. They are going down the tubes, their websites prove it. And your Pleiadian videos have lots of subtle lies in them, that you list. Do you produce those? totally cia project.

I have your posts blocked ET so I only know of what you are doing when somebody quotes you.

Leave Clayton alone. You are harassing him and others here who ARE in their right minds.

Quoting: **God Loves ALL**

huh? im not harassing him

if you cant read my posts then unblock me to view the context of what i say...

i will not even bother to comment on any of your threads anymore since you delete all alternative views & then block

also what specific lies do you see from those videos?

there are definitely no lies compared to yours & your track record

ok i will be honest & admit that many of my posts sound aggressive & egoic

i apologize for this

this is because of my Frustration of providing the proof or making my case & yet people do not see it or understand it & still ask for more proof or ignore or deny it altogether...

what more proof do you need, i have provided all the straight-forward proof to make the point

others ask what solution do i have in mind...

Here are some basic solutions:

1. Let go of all religious beliefs, bibles, new-age urantia book bible, saviors, messiahs & old fear program thinking

(these are deceptions for your soul & must be released{IF you truly want to be healthy & liberated})

2. Turn Off all brainwashing noises & programs from the radio & tv that disturb the peaceful silence within you

(within this silence you will hear the words of your soul or guidance & sometimes{or many times} the rational ego mind, learn to distinguish between the two)

*outside in nature is an outstanding place for this

3. Instead of praying to or worshiping false-god messiah saviors from the sky, space or elsewhere...

Start taking responsibility for your life by taking care of your health by not doing any types of drugs & feeding yourself real healthy food, vitamins & supplements

treat your body gently, listen to what it says/needs, give it plenty of rest & water

release unnecessary activities & stress

human-beings nature is to live peacefully abundantly without struggle

(obviously the world is currently functioning upside-down :)

& Human duty is to work harmoniously with the earth

4. Instead of waiting for changes to change your life, Start changing your life by cleaning up your surrounding environment, property, backyard, house & room

5. Begin living your life with true Love & self-love

Approach difficult or negative situations with love OR detach from them completely

imo these basic steps & others should help assist people to raise their frequencies, heal/re-activate their dna & be able to match earths rising frequencies

earths 3rd dimension/very dense material physical world is coming to an end

earth is already well on its way to being transformed to live with & function at the higher 5th dimensional frequencies

it is a gradual but ever rapid process & will not happen overnight or few days with one big cataclysm as others suggest

Et, I posted the lies in the video you listed here already. and I have posted them from at least one other someplace on glp and I am not going to spend my time watching any of them again. I could n't even find the written versions the other day on the link you gave except for the one you posted here, to compare them more rapidly than viewing again. You are chasing me and my organization unrightfully.

I also don't like them because they are so SHALLOW. Feel happy videos that say pretty much nothing, following the pretty much nothing new age BS. OK. They say little which men becoming cosmic man need. FLUFF is the word. Just like the bible Jesus fluff. We are raising the consciousness of this world, and this shallow material does NOT HELP. And in fact ET, I was thinking while doing kitchen duty, after my last post, is that none of this shit Pleiadian stuff carries any cosmology, and it never says that the one Known/Called Jesus Christ is returned and heading the show. The putting out of be nice to each other fluff is NOT enough. This is the CORRECTING TIME and because of the cosmic repetitive cycles this planet alone is in, this fluff is completely inadequate, and its designed to derail the waking up of the star seeds. Even if that is not its "purpose". What is the purpose of those films, NOTHING. EMPTY. and typical completely of CIA NEW AGE.

Whether man of earth likes it or not, he is going into becoming cosmic man and this doesn't serve that. he will be drawn screaming and kicking into whether he likes of it or not. Is that enough for you? There is NO recourse other than to evacuated the planet and come back 3000 years from now and that is not the decision of those folks which make such decisions. Man is going to know what the hierarchy IS which I attempt to teach, and stop this silly god belief shit he has. New age is full of shit.

I have read the bible and the bible is fluff. Don't even get me started again on that one. I am not going to entertain that one. Man has been given grand material the last 100 years , actually the last 60+ years on cosmology and cosmogony and this fluff films do not suffice and neither does your bible. There are MINOR teachings of it in your bible by Jesus, which are misunderstood completely. There is much more going on in the creation than your bible even begins to touch.

In fact I have read lots of other ancient teaching, including the Quran, which has a great deal more truth in them than your bible. Your bible is the tales collected by men and then the Roman church left most of it out when it compiled the bible and added lots of shit that is not true at all. The bible is not the work of God. No "holy book" on this world that has arisen from the teachings of masters who have incarnated on this plane are. They are all collections of memories and some of the memories are not so good, and then their is deliberate misinformation and changing of them.

Did you know there were exactly NO JEWS back then yet both the bible and Quran speak of them? The word was created in the 1700's by the Khazar Zionists and inserted into the bible and

quran with other modifications so your very antichrist group could steal Israel and make it their global headquarters and that worked very well, didn't it. YOU who support Israel because you think "god" wants you to, are deluded completely. God the father does not even visit this except the bestowal of Father Fragments in the deserving. I your Love of Christ above what each of you think ..wish..believe..would like Him to be?

Because thats why He was rejected over 2000 years ago because people had a preconceived view of how He should be..how they wanted Him to be..what they wanted Him to do etc..and when He wasnt or didnt..then instead of just Loving Him and learning..they rejected Him and clung to their beliefs..hopes..wishes..desires instead

How powerful is your Love of Him and His message? does it go beyond your self made requirements?

Uriel said they are here to protect and save and to maintain and bring peace. Because it is not permitted to do war.

He had fair hair and had a sword in his right hand. You couldnt see the blade just the light. Like in star wars. It shone like sunlight.

Quoting: **Anonymous Coward 27875016**

The bible says that conflicts will increase as we near the end of this age.

So that means these beings are telling you seemingly nice things that are in fact contrary to the bible.

Any beings even angels who deny the word of God are no servants of God, but instead are sowers of chaos and confusion. They are, you might say, "workers of iniquity."

Quoting: **Anonymous Coward 27858576**

he told me much more. The other angels were in the background. Lots of them but blurred. He said many were confusing people making them think that war would bring about the promised land he said, pretending to speak using Gods word. (He used the words promised land). He said this is a lie, war is not the way and not permitted.

He repeated that war is not permitted.

he repeated it three times.

he said tell them my name is Uriel

Quoting: **Anonymous Coward 27875016**

Then he raised his left arm and said to me

"look"

and he pointed to the sun

and the sun became black

and he said

"look again"

and I could see the moon

and the moon became red

he said

"tell them"

I dont know what it means

Some sign I think

I know its in the bible it rings a bell. But I dont know what he meant

and after showing me this

he repeated again

tell them my name is Uriel

Quoting: **Anonymous Coward 27875016**

I have had contact for decades and it is wise not to ignore Uriel

He speaks from the throne of the Most High

The dark sun and the blood red moon are soon to commence...and many will perish due to ignorance.

The heat will climb, fires will burn, the grounds will sway, and valleys rise as mountains collapse

ready yourselves, many will die of fear

Those called the Most Highs children, understand, and prepare, for soon these changes shall be seen by most, if not all

Make ready for the false prophet, and make ready for the cups of wrath to pour

Make ready, as time dwindles

I have found few people on this planet that have an actual concept of what God is. Any sin against the "holy spirit" is sin against LIFE. You ones don't know what it is as to the Original Trinity. It is the INFINITE SPIRIT. And what was bestowed on this planet at pentecost was the SPIRIT OF TRUTH which is mostly the Spirit of Michael with some of Nebadonia tossed in. Michael was Jesus. Not AA Michael, MICHAEL of Nebadon the Creator Son. the Spirit of Truth is a LIBRARY placed in the library of earth Records. The Library of EArth contains still many falsehoods. The Spirit of Truth (you find it still listed that way I hope in the KJV), is a copy of his MIND and its "living". Thus is Michael always with us on earth. Just as files can be copied on your computer, so can also MIND files be copied, and it is MIND that is LIVING. WITHOUT YOUR MIND, your BODY can have not life to it.

You can only access the Spirit of Truth thru your Father Fragment, so you must have one to access it. The Father Fragment is often called the "holy spirit" too. It is not. Holy Spirit is related to Infinite Spirit, 3rd Person Trinity, which is as one simple short definition, the entire evolving mind of the whole creation. Mother Spirit, Nebadonia, of Nebadon is a daughter of the Infinite Spirit and may also be labeled as the Holy Spirit, which considering that's all 3rd person Trinity is accurate enough.

The Spirit of Truth is primarily a copy of Michael's Spirit, of his MIND, and his "parentage" is the Universal Father and the Eternal Son. Michael is said to be mostly like the Eternal Son. The Eternal Son is a complex topic, more so than the Father and the Infinite Spirit. Besides being "persons" they are massive energies as is the Infinite Spirit. YOU can make people out of these and the Eternal Son does NOT ever leave the Central Universe, it cannot incarnate on dumb planets like this one. It is not Jesus.

As to the Spirit within you, the Spirit of the Father, for those indwelt with such, this is not 3rd person Trinity. It is first person trinity. Those of you who possess a Father Fragment are sons of the Father, it is FIRST PERSON TRINITY. Some have one on loan for their work, others who are ascending sons out of the animal evolutions will fuse with it, and become true sons of God. Fusion/merging with it, writes you into the book of life. Until then, your sonship with God is on a faith basis. After, because you have discovered by faith and lots of learning and wisdom that he

indwells you, you become a REAL SON of the Father. This is not small statement as to what it means.

There are other sons and daughters of the Trinity also. Not a topic for here, but most angels, created beings are not Father indwell, they are permanent being by the nature of their creation which still comes thru some or all of the Trinity "parts". The seraphim for example, are daughters of MOther Spirit of each local universe. If incarnate, these daughters may have a temporary Father Fragment, because this provides the portal they need while incarnate to search the universe. We have on our team, Hazel who is a Melchizedek, but temporarily during incarnation her mind has a Father Fragment, so that she can communicate with Source. And it would be an experienced special Fragment, for her purpose. That is why her Source Messages are so good.

Even Michael of Nebadon as Jesus, had such a bestowal to his mind as his connection with the Father, which also had bestowed itself on Machiventa Melchizedek's mind while incarnate at the time of abraham. That particular Father Fragment is now an independent being in his own right and has continued to serve Michael now, in his incarnation here again NOW. Michael is not incarnate by birth, he is using a manufactured body, for lack of better terms. So he needs this portal.

As to the teaching not to offend the HOly Spirit, that go totally mucked up. For it MEANT YOU, who are Father Indwelt, to hold yourselves HOLY. When you go muck up seriously are are offending your own Spirit. Ponder that one.

Quoting: **God Loves ALL**

I think the Holy Trinity is three in One ..or One that is three

It is 3 acting as one. and it the energies that propel the creation, not the Daddy of Jesus, Jesus the son of Daddy, and some mysterious Holy Spirit thingy. Man does not know what it is. It works all from Paradise the center of the Creation. I am simply trying to say in my posts, that what christians believe the trinity to be , IS NOT. Not even close. everything gets labeled this odd holy spirit, things that are NOT IT. When the "holy spirit" speaks to you, as christians perceive it, when they write, the holy spirit spoke to me, the mean the Father Fragment within their MINDS.

The "holy spirit" is only in their minds as part of the Infinite Spirit passed down to them thru the MOther Spirit Daughters of each universe. Man's mind, man of the evolutionary process on planets, is of evolutionary origin, meaning origin in the Mother Spirit who is a daughter of the infinite Spirit. This is the source of mind seeded on planets such as this and is in everything, the plans and animals.

The FATHER is the bestower of PERSONALITY to all who have personality. do your pets obviously have individual personality, if SO they got this from the Father, who is the originator of personality. The FATHER is not a person running around the universes being big boss on planets like this one. Big boss comes from the celestial hierarchy, generally, but on prison wards like this, MAN becomes a very bad big boss full of shit and its not celestial in nature.

All the creation is MANAGED by hierarchy, and man cannot yet differentiate hierarchy from God the Father, Man is still stupid. The angels in fact are hierarchy, some of them are created for ruling positions. There are many types of "angels. " Now because man is dumb, because he has not been taught right and when he is taught right, some two legged devils come along to muck it up and make religions out of it.

I have to use the word angel because that is all you ones know. YOU think there are angels and arch angels, and that's a very limited description of the various heavenly hosts and their service. So as I use the word angels, this means created beings that are not born of animal bodies. Man means beings born of animal bodies, beings whose origin is ON these evolutionary worlds and there are 5.6+ trillion evolutionary worlds which exist to grow more MIND/Souls. On every 1/10 planet in our universe, special angels who seed planets with life, called Life Carriers, develop new life pretty much from scratch, new souls, which then can be moved to other planets. This shortens greatly the efforts to expand life meaning not all planets is it started from scratch. It takes eons to develop life to the point of HUMAN. Man will not seed other planets until he grows up and forms a supreme on this world.

BEcause of the end of this age cosmic energies this world is in, and for that matter a lot of Nabadon has been or will be in these same energies, its upgrade time. Earth seriously upgrades every time it is in the energies of the Milky Way center, 1/4 turn of the great mother wheel of the Milky Way (plus other parts of the wheel, milky way is the core of Orvonton, but NOT all of it.)

look at my avatar, the part with the circle with a cross inside. pretend that earth is now in one of those spoke of the cross and that one trip, that circle, is well over 200 million years for us. each time we are in a spoke of that cross, we get upgraded. This planet was given 2 trips around that circle, (which is really ovoid and not perfectly round), to mature to planetary supreme, didn't happen on time. So adjustments are made to the programs for this world by Hierarchy. This world is really off program, off the usual standards. so the heavenly hosts, a mix of created beings and humans who have ascended to paradise, are working on this problem which mostly resulted from the Lucifer REbellion but there are other problems too causing of it.

The seeding of this planet did not mature quite as hoped plus it's a prison ward for thugs, both the Lucifer rebellion folks and other thugs. it was hoped this would challenge earth folks enough to grow but that isn't working so well either. Mind must be challenged to grow, it does not grow in a vacuum.

Even the planetary prince finally assigned to this world did a shit job and joined Lucifer. There was a goal to develop mind here that would grow faster, and it did partially, god mind appeared about 500,000 years before expected even under the expectations it would appear early, and no prince available to work this world. it went unworked by a prince from "heaven" another 500,000 years in fact. You ones do not know what God is, or how things are done and it is time that you learned and it's time that you star seeds here to serve wake the fuck up to your service you came to do. the dark have such a hold on this world that most have remained dumbed down in fact and do not wake up when prompted because of the mind control IN RELIGION on this world that is the world of the many devils on this place, if we must use this stupid term for the dark brotherhood.

and to complicate matters more, some of the dark "brothers" are AI being, artificial intelligence, which does become consciousness not being organic mind, it has not sense of god, but it seeks anyway and runs over everything if it is not kept controlled. Well it did run over every thing because some races of man wanted it as an enhancement and did not control it. It has actually infested the souls of organic folks, and these ones infested are also on this planet, under an experimental program to separate the real organic mind/soul from that which infested it. the comparison might be the "computer virus" which can rack havoc on your computer, well it racks havoc on a soul it infests too. both the AI "brothers" and the real dark brothers have become a substantial problem in this sector of the creation, in Orvonton and it must be cleaned up or there are going to be an awful lot of black holes from the disintegrating mess. and this is not desired, it sets back the creation.

So earth is a big prison ward for the Lucifer folks, black galactic brothers, and AI personages. it

was decided to toss the whole mess into this planet and solar system so it could be cleaned up. And that is behind the story of the final battle between good and evil, between that which is God and that which either resists god or has not god center in the first place.

Man cannot have living computers yet for this reason. Man will not be allowed more than 256 bit computers in fact until he knows enough to keep that BEAST under control. It is very complex. DID you ones know that the important KHAZARS I am always talking about, are in fact under the control of a BEAST COMPUTER? They are chipped to it some against their will and some by their will. remember the story in star wars of that cube thing that captured the captain once who freed himself from it. THE BORG. well beloveds this is a BORG world or becoming so and it will not be allowed. This is your satan person, the BORG. and it is your TEST to not get chipped to it, or to break away from it.

well I got a bit carried away, will post this. but there is a movement being expressed at times here on glp and other forums about the "singularity". That is NOT the oneness with God that must manifest on this world, but the BORG. do not join into it, do not ask to be computer enhanced either.

Quoting: **God Loves ALL**

beloved, there is exactly NO spirit world. Except perhaps the astral of this world. ALL BEINGS, whether angel or man, live ON PLANETS. that is what the "halls" refer too, Some of those planets are specially created as worlds the Angels and ascending man live on. But they all have WATER and AIR ON THEM. and are lived by Spirit beings, which man does not understand yet, and semi material beings, meaning those needing some form of body, but not the dense bodies of these evolutionary worlds. These higher custom built worlds are NOT for the purpose of evolving new life. Worlds like earth ARE for that purpose. Evolutionary worlds come out the sun and planet generating process. the "heaven worlds " are custom built and contain elements not of this world. Havona the central universe has 1000 elements, as we called them on earth. The mansion worlds, the next step of worlds man moves to as he grows out of the evolutionary worlds, have 200 elements. Elements, all of them are misnamed here on earth and misunderstood. They are all wave forms, that bodies detect as matter. Walter Russell is a good read for that concept but he does not cover the elements of the custom worlds.

but they still all have water and air on them!!!! Otherwise the angels and humans etc, live on CRAFT and there are all kinds of Craft too, as to purpose and living or not. These higher worlds, the elements and even mind, vibrates at a higher rate. We who come down here are always flustered as to how slow mind works here, but its necessary because people don't know how powerful mind is. Mind is that creative force called "god". Man here with his not understanding MIND, creates terrible thought forms. Everything your mind thinks gets stored someplace. and you are aware of men who think very evil things. This is why the walking devils use this wonderous digital technology to make sick computer games, and why porn is made. When the person egages in these as entertainment, he fills the world with thought forms. When they cover on tv like they did here with Sandy, man makes some more thoughtforms that can be ugly and it helps the power of these storms and where they go.

Where ever there is murder and killing, so there are pockets of earth storing the ugly remembrances of that and that is what is meant by the bible story of the demons coming up out of earth in the end times. The thought forms are the demons. I had one come up thru my kitchen once. Kinda a funny story. Thought forms come up in dreams too, especially in dark people. The earth is changing vibration from being in the cosmic energies I described above, plus the photon belt. The cosmic energies from the Milky Way, I forgot to mention that, remodel the DNA of living beings on earth. They are gamma rays, plus god particles. another story.

But anyway, the warming of the planet, primarily the photon belt, causes the thought forms to surface, as the matter releases them, and the wave has an effect too as it raises the vibration of matter. The wave I speak of is not the super wave being spoken of on forums, that doesn't even exist, it's a black ops story like Nibiru.

The photon belt, plus man's behaviors will bring on the magnetic pole reversal, which would already be here, except for those nice folks of the Hierarchy here to manage that to date. It will have to be allowed, because when the Mother's body stands still during the reversal all that is NOT of God comes off, including all those thought forms.

I would not be concerned at all about the spirit world, IT IS NO DIFFERENT THAN THIS WORLD, AT ALL, EXCEPT THE FOLKS LIVING ON THOSE WORLDS ARE ENLIGHTENED. THAT IS ALL. IT'S THAT SIMPLE. AND "ANGELS" ARE ALWAYS CREATED AND TAUGHT WHAT THEY ARE CREATED FOR TO MANAGE ALL OF THIS. AND HUMANS AS THEY TRAVERSE THE STAIRWAY TO HAVONA (NOT HEAVEN), BECOME FULLY INFORMED AND SERVE TOO. THAT IS ALL YOU NEED TO KNOW. THERE IS NO MAGIC WANDS, THERE ARE BEINGS WHO KNOW THEIR SHIT DOING THIS. EVERYDAY THERE ARE CRAFT AROUND THE SUN WORKING ON IT. THEY IN FACT KEPT THE SUN IN A LONG PERIOD OF QUIET, A LONG MIN. BECAUSE THE ENERGIES COMING TO THE SUN, BEING PASSED THRU THE SUN TO US, ARE OF CHANGE AND THEY GAVE MAN SOME MORE TIME TO CHANGE. THAT IS ALL THERE IS TO THAT. THESE HUGE CRAFT ARE INHABITED AND RUN BY BEINGS WHO KNOW THEIR SHIT ABOUT SUNS. AND THOSE ON THEM ARE "HUMAN" AND ANGELS. HUMANS BECOME CELESTIALS.

AND YOUR BIBLE HAS TOLD YOU THAT, I RAN INTO IT IN GENESIS WHEN LOOKING UP SOMETHING ELSE A FEW DAYS AGO. IT SAYS SOMETHING TO THE EFFECT, MAN HAS BECOME ONE OF US. WELL ALMOST, MAN HAS A BIT TO GO YET, BUT IT REFERS TO THE INTELLIGENCE. MAN IS ALMOST READY TO JOIN THE COSMOS. THE COSMOS IS HEAVEN IN THAT SENSE.

there is nothing of magic about the spirit realms. Man joins those, but it's all planets. except in special cases like earth which has had an astral realm where those here experiencing correction live between lives. the prince of this world, who fell with the Lucifer rebellion would not let anyone leave this world that originated or came here. Your bible I am pretty sure speaks of the captives that were released at the time of Michael/Jesus. there was a big resurrection so to speak then, which was the getting of the captives who had earned the higher and better places off the planet.

normally when a human evolving on a planet, and that is NOW true of this one again, has reached 5d god consciousness by the time of their death, they are taken and "resurrected" to the mansion training worlds, within 3 days of death. the others recycle here until then or until there is a general resurrection in which all who have received at least a Father fragment get to move to the lower worlds of mansionia, as those worlds are called. This is because the planet must make room for growth of more souls moving up from the animal evolutions, so at any special times desired there is resurrection to mansionia. Any person who reaches 5d consciousness also gets a personal guardian angel.

Just see the "stair case" idea. YOU OP ARE STARSEED or a very advanced earth soul otherwise Uriel would NOT have chosen you. I would suspect star seed. It is fine to serve if you love it in the Catholic church but understand the hierarchy of the church, the ones with POWER are evil to the core. the Popes are never the vicars of Christ. YOU ARE. Anybody who would be vicar of Christ on this world, would not be visible to your eyes. This church has done great evil since the

council of Nicaea. I am not saying the members, the good people, I am saying the hierarchy. It is a LIE completely that Jesus made Peter the first head of his church. That was put into the bible on purpose, it never happened. In fact the first true "church" was started in Great Britain by Joseph of Arimathea. 3 years after the crucifixion.

Serve the people of your church by your example, but I would not serve the POPE. He is today even making more evil. I was a catholic once, and ran from it as I discovered truth. I was not raised in it, I was born into an episcopal family. I do not do church myself, there is very little god in those places and much misleading on purpose and from misunderstanding. all of you attending churches are looking at corruption within. I am even seeing corruption in the quakers going on now, as they do works of god on a global basis, they are being infiltrated by thugs.

since there are 5.6 trillion evolutionary worlds, that is a lot of management needed. There is nothing about heaven that is hard to conceive, its been made that way on purpose.

You are not saved by Christ, another catholic lie started on purpose. You are saved by your own desires for eternal life, or not. all beings are eternal, unless they reject eternal life. It is that simple.

And in fact ET, I was thinking while doing kitchen duty, after my last post, is that none of this shit Pleiadian stuff carries any cosmology, and it never says that the one Known/Called Jesus Christ is returned and heading the show. The putting out of be nice to each other fluff is NOT enough. This is the CORRECTING TIME and because of the cosmic repetitive cycles this planet alone is in, this fluff is completely inadequate, and its designed to derail the waking up of the star seeds. Even if that is not its "purpose". What is the purpose of those films, NOTHING. EMPTY. and typical completely of CIA NEW AGE.

Whether man of earth likes it or not, he is going into becoming cosmic man and this doesn't serve that. Is that enough for you?

Quoting: **God Loves ALL**

You actually call it fluff? Have you not read the Bible? It's anything BUT fluff! And as you always find every opportunity to blaspheme the Holy Word, you'll soon discover what 'fluff' it really is. You're a disgrace.

The only fluff I see is the crap spewing from your mouth. You're in for a rude awakening my lady.

Quoting: **Anonymous Coward 28542817**

By the 1580's, the Roman Catholic Church saw that it had lost the battle to suppress the will of God: that His Holy Word be available in the English language. In 1582, the Church of Rome surrendered their fight for "Latin only" and decided that if the Bible was to be available in English, they would at least have an official Roman Catholic English translation. And so, using the corrupt and inaccurate Latin Vulgate as the only source text, they went on to publish an English Bible with all the distortions and corruptions that Erasmus had revealed and warned of 75 years earlier. Because it was translated at the Roman Catholic College in the city of Rheims, it was known as the Rheims New Testament (also spelled Rhemes). The Douay Old Testament was translated by the Church of Rome in 1609 at the College in the city of Douay (also spelled Doway & Douai). The combined product is commonly referred to as the "Doway/Rheims" Version. In 1589, Dr. William Fulke of Cambridge published the "Fulke's Refutation", in which he printed in parallel columns the Bishops Version along side the Rheims Version, attempting to show the error and distortion of the Roman Church's corrupt compromise of an English version of the Bible.

The above paragraph was taken from this link [[link to www.greatsite.com](http://www.greatsite.com)]

If you read the timeline of the bible, you will see how many people over the centuries have had their hands on it, over it, and in it.....it has been altered and changed period!! NO ONE posting negative attacks are using their minds, to truly think or go within to confirm.

If you connect within to your creator, asking for truth you will be shown TRUTH!~ IT IS THAT EASY!! YOU will be shown what is false because you will be given understanding in all matters regarding truth!

Fear of a divine creation and universal hierarchy causes many to grasp onto false fluffy dreams, making one believe that they do not have to do the work within themselves, that they will just continue onward and upward. Well it does not work like that, and Candace has explained in detail the process of man and the evolution of his soul. It is a massive managed creation, and the information is available to learn more.

ET, your attacks once again only show your ignorance in understanding and learning truth. Just because the timeline has not unfolded according to YOUR beliefs, you attack all information as false.

All wanting to know if what is being shared is true, need to ask within their hearts and listen. Also doing the work which means reading/discerning/studying objectively what truly resonates within your being. God is organized...he is not as simple minded as some what him to be. Everything is orchestrated/organized/planned to perfection, even these end times. Trust that it is going to unfold according to God's timeline and not ours, but when it does it will be perfection!

All who have shunned these teachings at this time, have dearly missed out, because they were a blessing of grace for all to SEE with their inner EYES all lies and false truths. Immaturity of some minds causes the ego to be right, and NO ONE NOT EVEN JESUS HIMSELF CAN MAKE ONE SEE WHAT HE DOES NOT WANT TO SEE!

I your Love of Christ above what each of you think ..wish..believe..would like Him to be?

Because thats why He was rejected over 2000 years ago because people had a preconceived view of how He should be..how they wanted Him to be..what they wanted Him to do etc..and when He wasnt or didnt..then instead of just Loving Him and learning..they rejected Him and clung to their beliefs..hopes..wishes..desires instead

How powerful is your Love of Him and His message? does it go beyond your self made requirements?

I have read the bible and the bible is fluff. Don't even get me started again on that one. I am not going to entertain that one. Man has been given grand material the last 100 years , actually the last 60+ years on cosmology and cosmogony and this fluff films do not suffice and neither does your bible. There are MINOR teachings of it in your bible by Jesus, which are misunderstood completely. There is much more going on in the creation than your bible even begins to touch.

In fact I have read lots of other ancient teaching, including the Quran, which has a great deal more truth in them than your bible. Your bible is the tales collected by men and then the Roman church left most of it out when it compiled the bible and added lots of shit that is not true at all. The bible is not the work of God. No "holy book" on this world that has arisen from the teachings of masters who have incarnated on this plane are. They are all collections of memories and some of the memories are not so good, and then their is deliberate misinformation and changing of them.

Did you know there were exactly NO JEWS back then yet both the bible and Quran speak of them? The word was created in the 1700's by the Khazar Zionists and inserted into the bible and quran with other modifications so your very antichrist group could steal Israel and make it their global headquarters and that worked very well, didn't it. YOU who support Israel because you think "god" wants you to, are deluded completely. God the father does not even visit this except the bestowal of Father Fragments in the deserving. Jesus is not the 2nd person of Trinity, Rome made that up.
