Well, as I expected, the podcast did NOT keep the direction I was mandating, but that is OK. This thread is for continued discussion around the "star fleet" portion of the podcast. The copy of the podcast is not up here yet, but look for it later. [[link to podcast.godlikeproductions.com](http://link.to.podcast.godlikeproductions.com)]

Now, I will put some effort into my original thread [Thread: GLPVC Discussion on Global Overcontrol of Money and Politics with NIP Tonight at 11:15 EST](#) explaining the links I posted because that was the goal last night for myself, and it didn't last long. Otherwise use this thread for the NON political material discussed last night.

I am first going to discuss "dimensions and densities", because of the misunderstood systems being portrayed at this time. Density refers to the vibration of MATTER, and this world will always be 2nd Density World. These worlds labeled 2nd Density are First Density Worlds on which life with God mind has been evolved. God mind means the ability to think, reason, problem solve, have desires that are manifested and so on and so forth. 1st Density "worlds" or spheres have no life on them. They include suns, moons, barren planets, asteroids and the like.

Now 3rd Density worlds on up in Density, are custom built worlds. These can include the craft from "heaven" which can change their densities in and out of man's vision range. These worlds have more elements than 2nd Density evolutionary worlds. They have from 200 to 1000 elements.

DIMENSIONS refers to the level of CONSCIOUSNESS of those that occupy the sphere. It also refers to the individual level of consciousness. 5d is the level of beginning God Consciousness, which simply stated is far more awareness of God than is manifest on this plane. The God Conscious society has moved into peace. We are a ways from that. The God Conscious Individual knows that God resides within, and he/she is in fact A SON OF GOD and until a sufficient number of people manifest this, this world will not be a 5d world. To those becoming more God Conscious, there is more teaching and technology released. this planet is still a planet of warring barbarians with insufficient power of the people to shut that down. Will you shut down the planned war on Iran? Probably not.

this planetary civilization is already in early 4d, which is the dimension of experience between 2d and 5d. You were 2d during the world wars, and dropped down in fact into high 1d, and the planet nearly threw you off. Fleet came (and this is covered some places on the net) and prevented the impending 17 degree axis shift. The folks who do things like prevent axis shifts are not from regular planets, they are from the Superuniverse and Universe governments. Most of those craft you see around the sun on stereo ARE much larger than earth and are the property of the Superuniverse government.

4d is very nasty in its early stages. People have to get off the fence and commit to god or to darkness and people are so poorly informed, things do get nasty and this should be obvious. Those posting on the text part of chat proved that last night, you that posted the garbage are on the wrong side of the fence and religion has nothing to do with it, except it does, its a major tool of mind control, and ditto politics too. God Conscious societies do not engage in the politics like we have on this world. You who are Christian have generally not be walking in God's Shoes in that department. God or Christ Conscious people manifest God on a world. Many of you are in fact manifesting your misunderstood "satan". Satan is a greek work, meaning nothing more than adversary. In fact God is an adversary to the dark brothers.

The 4d transition on this world, if left unabated would actually lead to the total destruction of mankind and although 4d is not used in your bible, it does warn you that without intercession every last person (and most or all of life) would not survive. Its the dimension often of nuclear war and other nasty stuff.

So please don't believe the CRAP, that 4d is "heaven". Nor will there be people "left behind" on a 3d version while some of you "ascend" to a 4 or 5 version world occupying the same planet. It cannot work that way. 4 and 5 d people breathe air, eat, and all the rest. there is not a 5d version of earth to be ascended too, that is CIA bullshit put into "new age."

You will build the 5d world or it won't get built. That said GAIA, Mother earth has made her ascension many year ago, she is a real minded being, to 4d and she is now engaged in her lessons to earn her own 5d consciousness. And those than cannot comprehend this get to move elsewhere but they aren't staying on some 3d earth in the same place as a 5d earth. The whole of earths life and MATTER must make the transition.

All of you are responsible for your own level of Consciousness. YOU grow your own soul, not anyone can do it for you. During the 4d transition, some technologies are given, this internet on which I type right now is one of them. It is necessary to have a global communication system the thugs cannot destroy for truth to come.

*The most important teaching of Jesus left out of your bible:
His Father is also YOUR Father, thus you are a Son of God. Your Father is WITHIN YOU.
The worse teaching is "hell" Here is the correct version: "Hell" is prison wards like this planet and times up for the prisoners. Truly here is what HELLFIRE is supposed to mean, which shows the corruption by the "devils" occupying this world. **HavingEverLastingLife**
FieryIntelligenceReasonatingForever. HELL FIRE dear ones is eternal life in glory, not dungeons.
Remember, your devils will always LIE. And give you **beliefs** that are not so. Beliefs are not facts.
However, do seriously work in that FIERY Intelligence, for being fools will not serve you or God very well. [[link to www.abundanthope.net](http://www.abundanthope.net)] AH IS a GLOBAL organization.*

Now it was asked if there was some place on the net or whatever to provide some proof of my claims about Jesus and the Ets

These are the Phoenix Journals and the ones we have used OCR software on to repost them in shorter more readable files are here: [\[link to www.freewebs.com\]](http://www.freewebs.com) It is explained there what our sources are, as the originals were print books, and not on the net. Another copied the print versions on a copy machine, then scanned them, and the files are huge and not useful for translation, so some folks on my team are transcribing them with OCR software.

the ones you must absolutely read in answer to the questions asked are PJ #2 and #3. Number 2 is by "Jesus" and Judas who was NOT the betrayer. **#3 is about who and what the purpose of the ETs being here is.** Primary author is GOD of Nebadon himself, under the code name Hatonn. We call him Christ Michael, Michael of Nebadon, and Aton.

A easy to negotiate site is [\[link to www.wisdomoftherays.com\]](http://www.wisdomoftherays.com) which continued after the sad death of the PJ project in 1999 and succumbed in 2003. There are selections by the various masters that were not published in the books mentioned on that site. Jesus as Esu Immanuel and Hatonn have a presense there.

Somewhere in the PJ's in several places I found "proof" that Aton/Hatonn is Michael of Nebadon but that was long after we jointly put out that information.

My website is obviously a reference also.

Christ Michael also is the author of the RA material. There is lovely material in Dolores Cannons books too. The Course of Miracles by "Jesus" is the work of CM/Aton, our latest abbreviation, man does like to shorten terms.

Now per my usual modus operadi, I am not a democracy, I am not ruled the mind controlled masses so I will remove inappropriate posts using my God Like Powers here as a Gold Star Member to do so.

One asked if I have a sexy voice. Although I walk in a female body at this time, I am not sex oriented otherwise, I am an "IT" soul wise, and so I see not point in trying to project a 'sexy voice.'" OK. You ones are overly sex oriented on this planet, and its leading to both the overpopulation and a lot of negativity on this world. I never played the sexy role to get a man either. I don't engage in that. I did marry and have children. I am divorced and well past the age of needing a man or having children. The excessive sex stuff, is however part of the 4d process that will because of the "intervention" lead to a balanced state of 5d.

I loved your show, NIP... you are such a gracious and informative lady. It was one of my favorite GLPVC shows to date, in fact.

So sorry for the technical difficulties that threw a monkeywrench into the whole thing. For some reason, the entire GLP website became slow to response, while the second half of your show was going on, and this affected the VC platform as well.

I really do want to read all your threads and posts now that I'm acquainted with who you are on some level, it really all makes a lot more sense to me now.

It happens the celestials in charge are ready or earth can not longer "wait". Basically when Earth can no longer wait, the planet will be evacuated and so many folks are under fear and not knowing, that it will be likely be carried out after placing the planet in a period of Stasis, which was also done when the sun entered the photon belt in 1992. There would have been massive blindness and confusion had this not been done, man was not prepared. I have a thread on some of this: [Thread: Stasis, mini stasis, craft, Jupiter](#)

you might find this thread interesting on the WAVE [Thread: THE WAVE/Face of God/The ONE](#)

Thankyou so very much MO. Also I noticed you had "starfleet" as your country, just yesterday so I had to explore HOW you did that, and I went thru the list of countries and there it was! So now its my country of origin too. Some of the technical difficulties might have just been chance, but they could have been engineered too and I try to be very careful with what I say and where I go.

I tried to explain that as to the documents I have on my computer, that they cannot be yet posted. Most members of my team and my self have had a lot of difficulties. I have been microwaved weaponed many times now and took a really bad blow to my heart in a murder attempt almost 2 years ago. Recently one of my more prominent team members had her car shot at twice on the highway recently too.

I was hopeful the pod cast would give some folks a better idea of me and my personality. Having some more live contact with people only contacted by writing makes such a difference. I am very grateful for the opportunity GLP provided me last night!

I will work on the first thread to go more into detail that was not covered, on the political monetary overcontrol. Will start with Marcos on that today.

Just curious--if this stasis in 92 didn`t affect everybody the same--other than blindness and confusion what would be the other possibilities of things that could have happened if anything if the stasis didn`t work on everybody the same.This was the time frame I had my awakening in, that lasted about 3 months...shall I say 3 months of bliss...in and out of old self trying to balance the two..and what is really strange is I remember being able to stare directly at the sun for as long as I wanted

Prove that casey anthony...

Prove...

What is she gonna show a picture? To what end. People will just say photo shop. Why dont you focus less on proof, of which you have none, and focus on the info.

The sad state of affairs on this planet is that you have proof of absolutely NOTHING. Then rant and rave. The things you hold dear?

YOU HAVE NO PROOF.

Absorb information unbiasedly, rather than adhering to the false standard from which you reference all the "fact" that hold in your mind.

As ive said before, this is why i dont like books/text. I have a much better feel for this woman and her material after hearing her speak. When you hear hoecker and bulla speak its obvious that your speaking to mad hatters. No matter the material.

With her. You might not accept the material. But she conveys herself in a very intelligent way and was able to respond quickly to all questions without stumbling and bumbling.

Ill probably take a look at more of her posts now. Although the objective would be that she returns to VC.

My Podcast on GLP

By Candace

Feb 6, 2012 - 11:49:47 PM

Last night I did a Podcast on GLP. Here is the link to my intro thread I started the day before.

[Thread: GLPVC Discussion on Global Overcontrol of Money and Politics with NIP Tonight at 11:15 EST](#)

This was recorded and will be available soon here if you want to listen. It went well over 2 hours in length and we had to stop because of some server issues. [[link to podcast.godlikeproductions.com](#)]

This was quite an experience and I was not able to keep it on my original topic, I didn't really expect to. It went all over the place with coverage of my contact activities too, and covered my postings are topics such as the many Obami and other things. We might do more.

I also started a new post pod cast thread for those who were asking questions when we opened the mic to questions near the end and then their server crashed. [Thread: After the NIP Podcast](#)

My Podcast on GLP

Last night I did a Podcast on GLP. Here is the link to my intro thread I started the day before.

[Thread: GLPVC Discussion on Global Overcontrol of Money and Politics with NIP Tonight at 11:15 EST](#)

This was recorded and will be available soon here if you want to listen. It went well over 2 hours in length and we had to stop because of some server issues. [[link to podcast.godlikeproductions.com](#)]

This was quite an experience and I was not able to keep it on my original topic, I didn't really expect to. It went all over the place with coverage of my contact activities too, and covered my postings are topics such as the many Obami and other things. We might do more.

I also started a new post pod cast thread for those who were asking questions when we opened the mic to questions near the end and then their server crashed. [Thread: After the NIP Podcast](#)

OK podcast is up. [[link to podcast.godlikeproductions.com](#)]

Ok, I went to the VC a bit before my podcast. There was an excellent discussion about the PHOTON going on, and one person made the most astounding and TRUE statement that the Photon cannot lie. Now what lead to this statement in the discussion I do not know, as I was not there at the beginning of that discussion. I was intending to thus explain it here and found myself writing away like I do here, on another thread. So I just rolled it altogether. Most of you have a mix of photons and electrons in your astral (morontial for UB readers), soul. A mix of junk and truth. Truth is on your photons. Any old junk is on your electrons. So anyway, I just decided to copy this piece here from that Christian thread. no point repeating myself. And we are now in this photon belt, and those photons coming in from it, also carry knowledge on them, the photon belt is a "broadcast" system of truth. Photons are multitasking, like electrons, gamma rays et all, so they have other purpose too, but the genetic mind of earth gets a cleansing during the trips thru the photon belt, and all is made new (again) from the prior corruptions.

[Thread: We are NOT Gods... There Is Only ONE God <<< His name Is Jesus Christ The Lord >>> \(Page 7\)](#)

and as the topic of this thread, there are people here training to become gods. God is a all purpose incorrect word on this plane. the one proper name for first person Trinity, is FATHER in any language. Jesus was two souls who came, using the same body. Name was never Jesus either. Your own OT tells you of the coming of Immanuel, and the apostles called him Immanuel, NOT JESUS.

The two souls who came sharing one body, were Michael of Nebadon, our Creator Son whose parents are the Father and the Eternal Son. There are already nearly 1 MILLION Michael Sons and we have some younger ones incarnate on this world in training of being human while studying this world.

The other was Esu Immanuel, an ascending Son earning his ascension onto Paradise. Returned now in that status as a Sananda, meaning One with God. You ones will in the distant future also earn that. There are many Gods, there is only one FATHER of the Creation.

Michael of Nebadon is thus the FATHER and SON representative to our sector of the cosmos/creation, called Nebadon. The Infinite Spirit, 3rd person of Trinity is manifested by Mother Nebadonia, mother God of Nebadon. This is not your "holy spirit".

Your HOLY SPIRIT is the Fragment of the FATHER that lies in your MIND. Father Fragments with the coming of Michael 2000 years ago as jesus, are now bestowed on every NORMAL MIND on this world. This Spirit IS FIRST PERSON OF THE Trinity, not 3rd person. Your everyday mind you are born with, that comes with your body, is sourced from Nebadonia. Your "holy spirit" Father fragment is sourced from FIRST PERSON of the Trinity. Nebadonia is the source of evolutionary mind in Nebadon. HER parent, the Infinite Spirit, 3rd Person Trinity, is the source of ALL EVOLUTIONARY MIND thruout the cosmos.

What was bestowed on this world on Pentecost was the SPIRIT OF TRUTH, a "copy" of Michael

and Nebadonia's mind, into the genetic mind of GAIA. You can only access the LIBRARY of the Spirit of TRUTH thru your Father Fragment.

Most of the time you are not accessing the spirit of truth, you are still trying to access your FATHER Fragment. This is behind the story of folks will prophesy, in the bible. They will hear the Father Within, and perhaps access the Spirit of Truth. Souls usually do not hear their Father Fragment, until they are 6d consciousness level. 5d consciousness is the beginning level of God Consciousness, which means your Soul realizes genuine sonship with the Father, senses the Fragment within, but does not yet hear it. On this world, people more often hear their guardian angels, which one also gets when one enters 5d level of soul growth. So when you begin to hear, it is more likely the guardian angel, than the "Holy Spirit" within you. And its time to call that HolySpirit the right name, for it is NOT the 3rd person of the Trinity. It is FATHER, FIRST PERSON. And you are seeking someday to become ONE with the Father. Its a long journey to Paradise though.

Your mind is not material, but you must store your mind's knowledge on something. That is the electron and a single electron can hold 3 Gigs of information. The electron holds anything you put on it. Even lies. It does not discern. It can hold any old shit in other words.

The FATHER Fragment carries information on PHOTONS. Photons do not store untruth, only truth. As you ascend upwards resolving your karma, and learning wisdom and truth, your electrons will begin to "crash" together, two at a time, as truth is learned, and they will become a Photon. You thus acquire more and more photons, in your soul matrix, and this is where the terms "light being" comes from. In fact, until all your electrons are converted to Photons, your astral form/mind, is called the morontial soul.

When you have become a fully PHOTON being, you are then a SPIRIT BEING and graduate from Nebadon, and continue your journey, gathering ever more photons to store your constantly increasing knowledge in truth. Spirit Beings, photon beings NEVER perish, never fall backwards. Only move forwards. As A young Spirit BEING, you are first called a first stage spirit. You will leave Nebadon and begin the super universe journey. Our super universe has as its core the Milky Way, but the Milky way is NOT all of our superuniverse, called Orvonton. Over the ages, you will go thru all those planets of the superuniverse, and graduate.

Then you go to Havona, the Central Universe, the highest "heaven", and go thru one billion worlds there and visit the other 6 superuniverses for additional learning. Once you graduate from all of that, you arrive on Paradise, the Central isle of the creation. You are then a perfected being.

Esu Immanuel finished his testing to earn Paradise and become One with the Father. The FATHER beloveds, grants you your personality to start with, and is the original source of MIND. The Eternal Son has mind also, but is the source of SPIRIT and always draws you to him. He resides ONLY in the Centra Universe, He does NOT incarnate on these evolutionary Worlds. His essence is brought to you by the Creator Son. There are 700,000 local Universes (sectors) of the creation and many more forming in outer space. So there are thus 700,000 Creator Sons. One of those, OUR Creator Son, visited this tiny stupid backward world to seriously begin the uplift of it 2000 years ago. You ones have NO COSMOLOGY. NONE. You are so ignorant. So because this is the bestowal World of the Creator Son , Christ Michael of Nebadon, the Urantia Book was given on cosmology. And this is the WORD that was promised to this ignorant world and the Christian heirarchy on this world has informed many pastors that the book is evil and the world of the devil. NOT SO.

When this book was squelched, Michael of Nebadon started the Phoenix Journal collection, and again, you know the story, its supposed to be "evil" too. Grow up littles ones and put on your GOD

MINDS, pay attention to your "holy spirit" that is right inside of your MIND. And start calling it what is IS, your personal FATHER FRAGMENT, which is the GIFT of the FATHER, First Source, First Person of the Trinity, for it IS this Gift to your MIND, that makes YOU a SON OF GOD. START acting the role, please! Your bible is being increasingly corrupted by the thugs (satans, adveraries of God), on this world.

It is not a very good source of cosmology either. Those people of those days had lost their way and there is a lot of incorrect "truth" in the OT and lots also in the NT. There are MANY holy books on this world. every race and culture has been gifted with truth by great ones incarnating on this world, and that includes ISLAM. Mohammed was never the monster he is made into by the THUGS of this world.

Ask the LORD, your father fragment, within you to be heard. It is time. Some of you do, you report it again, as this holy spirit thingy you think is 3rd person. NO it is not, it again is First Person Trinity and its already THERE, you have only to go into meditation and listen up. You can say your empty prayers until this old earth passes away and the new arrives, but if you do not learn Meditation, your Father Fragment, with all those tons of truth stored on its photons, cannot give you the answers. Those of you who do "hear it" it is when you are in a meditative state, even if you do not realize you are in a meditative state. It is the source of your "light bulb" moments in fact.

Your Father Fragment is the PORTAL to the cosmic mind, and the cosmic mind contains everything that ever happened in the whole wide cosmos. That is HOW the "FATHER" knows everything. You must lift up your idea of "god" God is a jack of all trades terms on this world, whether God is Called Father, Big BOSS, Allah or whatever. Then there are the "gods", the rulers, the hierarchy of "heaven" /Cosmos also.

YOU of earth, the ones READY are to enter the cosmos again. This world is a prison ward for 200,000 years since the Lucifer rebellion. Lucifer was a lessor God, over a sector of Nebadon, the ruler at the time he fell of about 600 life bearing planets, including earth. He and those that joined the rebellion were sent to this world to learn their lessons of why their shit did not work. A whole bunch of galactic thugs were also placed here, and between Lucifers followers and the other thugs, these ones total about 10 billion souls who have been reincarnating here since those days. Now because of where our solar system is, we are entering new "times", we are in new energies, the WAVE, the Photon Belt and the Milky Way CORE energies and everything will be made new here. Those not ready do not go to "hell", nature's god creates no such thing. But Michael of Nebadon has other prison wards and those needing to remain in prison will be moved to them.

Understand all very young souls live on these lower worlds too, simply because they must learn the power of their minds, and to control that power. For indeed it is the power of the FATHER within. This is world of very negative thoughts and these must be bounded on this and similar worlds before you can enter "heaven". Heaven is thus within YOU, if you will search to learn your own mind and over control yourself.

Please expand your mind, allow yourself to do so. You are to LEARN constantly. First Source, does not inhibit you. You are to become a "god" in the creation. When you stand before the Father on Paradise, you are then "one with God" and are released to journey the creation as gods, leaders, teachers etc. I am from Paradise. I earned the right over my own long journey to get there. I only mention it, because I KNOW, and it is for all of you who CHOOSE the Life Eternal, to show up there one day. I am in service to this world in this capacity right now, AH, serving with your "Jesus" in our jointly created 2nd Coming organization. So be it. Your beloved Jesus that you do not understand very well, BOTH OF THEM, Michael and Esu Immanuel ARE returned.

Sounds interesting, but how come no scientist has ever discovered photons in the same space as an electron?

Never heard of a photon around an atom before.

I did not say photons revolved around atoms did I? I assume that is what you are asking. These photons of which I speak are part of your MIND, not your atoms of your body. The spirit form also contains atoms, but I am talking about the MIND/Soul storage system of your learned information. Does that help any? Feel free to ask more.

On editing. Many electrons are free electrons, they do not just orbit the center of the atom. In fact, these free electrons in the ethers, are the source of electricity. Man does not generate electricity with his machines, the machine merely draws these free electrons from the ether and sends them down wires. At some point they return back to the ethers.

The WAVE high energy electrons raise the vibration rate of the atoms of matter of this world, is another purpose of the electrons, these 'transfer" their excess energy over to the electrons of the atoms, simply stated.

Well you didn't say that exactly, but if two electrons slam together to make a photon than I would assume this happens around an atom.

I'm having a little trouble wrapping my mind around the idea of a "spirit form" containing atoms. My question is essentially why none of this has ever been discovered if the hard science is so blatant as you proclaim.

Not meaning to be condescending if it sounded that way.

Spirit form would be non-physical I assume. How do you have atoms in a non-physical body? Are you saying our spirit body is made up of subtle elements? And if so why has this not been detected before?

Lisa/Lisa...just wanted to bring to your attention that you do with agree with NIP on some things, which is a good place to start. For instance that Esu Immanuel/Jesus did walk the Americas. It is a great blessing for us all to know that our Creator Father loves all men so much that he would not want even one to be without knowledge of him and that love and care...

This thread, for me, is the absolute proof that something in the minds of men is changing... Rapidly. I mean.... NIP got ripped apart for the last years on GLP. Now people actually listen to what she has to say. I think that's just great. Congrats, you might just get the attention you deserve.

Quoting: **Anonymous Coward 1548219**

I suspect the Russians have discovered at least some of this and their research does not often hit the western world. It is not "allowed". All spirit beings have SOME atoms. You must understand our atoms on this world are very tightly compressed. That is why we "see" them with our limited vision of our eyes and not the higher vibrating atoms of more advanced bodies or forms.

The atoms of these higher forms, even those on the "lower heaven" worlds, vibrate faster and also the "rings" of electrons round them, are much further apart. In this world the matter being compressed, whether in physical bodies or rocks, air, liquids etc, has little "spirit" in it. On the higher spheres, matter in both the "rocks" air, bodies, has more "spirit" between all the orbits of the electrons and also within the nucleus of these atoms.

The electrons encircling atoms are NOT the same electrons that form the "hard drive" storage system of your mind. Thus those electrons of your atoms do not become photons. All beings have forms even spirit beings. it varies as to type.

[\[link to abundanthope.net\]](http://link.to.abundanthope.net)

go to the video in the above link from my site. The cell phone camera I think it was did see the photon/spirit being. The camera picked up the photons of this being, but not necessarily its atoms. These bodies here do NOT become spirit forms, Christianity completely does not understand that.

You do not get your more advanced permanent form which does still contain atoms, until you are fairly well advanced in your life eternal. You are given that by the time you advance, in our local system to Jerusem, the headquarters world on the system of planets earth belongs too. That is not a "solar system". Jerusem is a custom built world that is the Capital of currently of 600+ evolutionary worlds like earth. It is there your "life eternal" truly starts, after a long journey on removing the animal characteristics within.

These bodies of earth never ever go to heaven. You are provided new bodies along your journey, until you have earned a permanent form, and even that form continues to change over time, and is not a spirit form, but becomes a spirit form over a long period of transition, and once a spirit form, it continues to transition upwards, growing to great size. Man's science is not likely to reveal all of this any time soon.

That becomes the "light body" and matures over a long period of time into your Spirit Form, which includes your Photon mind storage system, but the photons are never Inside the atoms of that form.

I am a spirit being, but my spirit form cannot be IN my body, the high vibrating energy would destroy my body instantly if that were to happen. Spirit Beings "incarnate" merely communicate with the body thru the "silver cord". In fact this is true of even those "incarnate" here from the lower "heaven worlds" who are not yet spirit beings. The Morontial form cannot occupy one of the low vibrating bodies either, but some in time will blend with their bodies, but will still not be IN the atoms of these bodies. This does not become possible, until more of the junk DNA hooks up. This is beginning to happen in some of those individuals, but not many yet. The body must have at least 12 strings of DNA working for this to happen. I have the max for this world, 24, but since I am a spirit being from Paradise, my very large self could never occupy this body either. There will always thus be a link. I do have access now though to my Monad, which is my "hard drive" of my

form that contains all my records and knowledge. However some of the files in it are still "password" coded and cannot be opened until it is "time".

You can look at your mind storage system, as your Harddrive int his sense. What you know plus all your past lives are stored in FILES. Sorted and stored. So if you want to look at the contents, you have to find the right file. Some files have "passwords" on them, so that information this world should NOT have yet, does not come forth. Or information you should not for your own lessons or your security, come forth. There are things from your past lives you should not "remember" for various reasons, in other words.

Thank you GodWithin. I would like to do another, maybe more open to questions, that we had to walk from because it being late and VC server being "tired".

I have more comments I would like to make here, really tired though and can only remember one of them right now.

it is around the "left behind" as some in religion or maybe new age still think somebodies going to be "left behind." New age is being falsely taught that there will be a sudden happening with a 5d earth manifesting on top of a 3d earth. NO, and that flat is not even possible and would not be "done" even if it was. This is an issue of not understand perhaps the astral realms. You can not have two sets of air to breath and clean water for example. There will not be people left in 3d breaking crap, drinking crap, and doing "war" et all while another group has all the good stuff.

Now, as to the religious left behind story, you also do not rapture folks to someplace else, you want to call "heaven", and then leave the rest on a squalid planet.

There will be,, when its time to evacuate the planet, by whatever method is used, exactly nobody left behind, to suffer and die under horrid conditions. NOBODY would survive this because the volcanism is going to kill all air breathing life and likely all plants too.

Everyone will be removed and likely at this point it will be done under a stasis, that way nobody can refuse the ride off this planet. Because of the dark fear factor that has been generated we already pretty much know that at least 1/3 and maybe more, would not board ship voluntarily.

During the cleansing period with the earth changes and cleanup afterwards, even the plants have to be in stasis. All life on this planet that is to remain for later regeneration is going to be in stasis, for years. As the air is cleaned plants will be awakened first, because they like a higher CO2 and will take that in to help re-oxygenate the air.

There was never intended any "rapture." The stuff in the bible is about SORTING. Every soul that is a soul of this planet, evolving on this planet is JUDGED during the end of a cycle. People are then sorted laterally to levels they are currently AT. And a lot of the teacher star seeds are going home. That is the short synopsis, and I have posted more in my stasis thread someplace.

The very dark will be contained in a holodek, while waiting judgement in the universal courts as to their placement, and they will be unconscious, or in a stasis condition even there.

NOBODY IS GOING TO BE LEFT BEHIND. We have enough Armageddon already. Your bible has been mucked up and so has new age. all those buddies of AA Michael are not going to the new golden galaxy either. (as one example of new age false material.)

As each person has passed this world for the last 30 years or so, they are sorted then as to their next placement. On my forum we have some people that know where they are going. Several are going "home" to where ever they have come from for example, and at least one knows they are going to Venus to assist those from earth coming there. So right now, I have a small appointment

with Esu, so I am logging off a bit.

there was something in the podcast about 4d. So I wrote this in another thread and think it belongs here too.

What does Godlike Productionn mean any fuckin way?

Who the fuck decided to call it that fuckin name?

Quoting: **Anonymous Coward 3960495**

Elaine Called it that, And only She can Answer as to why she Decided on It Maybe GOD Had Something to do With IT.

Maybe God wanted a forum where A certian someone a "Nobody" would have acess to like minded people.

Might just make some people wonder.

And as stated Originaly glp was a Backup Forum for Kent Steadmans CSO forum.

Quoting: **Well... 10447931**

well I don't know why Elaine named it that, but its actually a perfect name for a forum in a world just entering 4d. That is the get off the fence dimension, its what Jesus came to set up 2000 years ago but it took it time ot manifest and an internet is necessary to the 4d process. 4d is a time when people are all over the place, the good the bad and the ugly manifests. Its an age of arguing about every thing.

The process leads alway either to the destruction of a world (rare) or its entry into 5d which is actually the bginning of the time of the god like manifestation, where most people are actually god conscious.

Sorry religion folks few of you are there at all but the arguing if you open your closed minds will lead to your state of being god Conscious of yourself as a SON OF GOD. Not a baby oF God, A SON who takes responsibility for what one creates. A god conscious individual knows they co create with God, as a Son of God and these ones take responsibility for actions. They KNOW that the FATHER Resides in them and come to hear that Father Fragment, but not usually until the person is 6d level consciousness. It is then that the person makes the true choice of eternal life and if this occurs, the persons mind and his FATHER Fragment mind will fuse together, which is then truly the beginning of eternal life.

It is the joining of Man and God in this way, that write you into the so called "BOOK OF LIFE". Until this merger, you are a FAITH Son/ Daughter for those hung up on sex. Upon the merger you become an actual eternal son of god. You are not "done" by any means but you have come a long way and know enough to actually concept what eternal life is. Most of you waiting for your still rapture with Jesus up in the clouds, are simply not ready for eternal life yet, but you already have it as a faith son.

We have a long ways to go on earth in 4d yet, but a place like god like productions will help the process along.

This forum is only as godlike as its members and I am seeing growth here, both in the

membership and the management. Its a great place for a 4d world.

It happens the celestials in charge are ready or earth can not longer "wait". Basically when Earth can no longer wait, the planet will be evacuated and so many folks are under fear and not knowing, that it will be likely be carried out after placing the planet in a period of Stasis, which was also done when the sun entered the photon belt in 1992. There would have been massive blindness and confusion had this not been done, man was not prepared. I have a thread on some of this: [Thread: Stasis, mini stasis, craft, Jupiter](#)

you might find this thread interesting on the WAVE [Thread: THE WAVE/Face of God/The ONE](#)

and this: [Thread: NIP's End of this Age thread.](#)

Quoting: **Nobody in Particular**

Just curious--if this stasis in 92 didn't affect everybody the same--other than blindness and confusion what would be the other possibilities of things that could have happened if anything if the stasis didn't work on everybody the same. This was the time frame I had my awakening in, that lasted about 3 months...shall I say 3 months of bliss...in and out of old self trying to balance the two..and what is really strange is I remember being able to stare directly at the sun for as long as I wanted

Quoting: <<LOOK`n thru YOU>>

I am curious here as well. I don't remember any stasis, but I had my own 'awakening' in early 1993...
