Human, The Science of Man THE SCIENTIFIC DEFINITION AND PROOF OF GOD AND THE COSMIC ORDER OF THE UNIVERSE. WHAT IS CREATION AND HOW IT CAME TO BE

By BY VIOLINIO GERMAIN & GYEORGOS CERES HATONN/ATON

For those truly interested in real science, this Phoenix Journal covers the science of reincarnation. I think I will publish it all, bit by bit. If you want to read the whole thing and also have the drawings, which I am NOT going to upload here, below is the link to the copy on my site. It will download rapidly even for those on dialup. **It is FREE and NOT subject to copy right.** Those from "heaven" do not copy right. Much of the material is given by St. Germain. In reading it, you might discover that some website versions of Germain are silly, and worse. **Since this is NOT copyrighted material you do not need to go bother the mods to get green thumbs. OK.....**

The the PJ' that Christ and team have transcribed so far with OCR software are also found here.

This particular Journal is part of a series of 8 Pleiades Connection volumes. All are scientific gifts in nature to the peoples of earth. Some of it may be difficult to read, just skim those sections and move on, for you will come into an improvement in your knowledge that way.

So in honor of the non copyright, here is the initial disclaimer and teaching, and if man was not so possessive of his MONEY, their would be no copyright issues on this world.

COPYRIGHT POSITION STATEMENT AND DISCLAIMER

The Phoenix Journals are intended as a "real time" commentary on current events, how current events relate to past events and the relationships of both to the physical and spiritual destinies of mankind.

All of history, as we now know it, has been revised, rewritten, twisted and tweaked by selfishly motivated men to achieve and maintain control over other men. When one can understand that everything is comprised of "energy" and that even physical matter is "coalesced" energy, and that all energy emanates from God's thought, one can accept the idea that the successful focusing of millions of minds on one expected happening will cause it to happen.

If the many prophecies made over thousands of years are accepted, these are the "end times" (specifically the year 2000, the second millennium, etc.). That would put us in the "sorting" period and only a few short years from the finish line. God has said that in the end-times would come the WORD--to the four corners of the world--so that each could decide his/her own course toward, or away from, divinity--based upon TRUTH.

So, God sends His Hosts--Messengers--to present that TRUTH. This is the way in which He chooses to present it, through the Phoenix Journals. Thus, these journals are Truth, which cannot be copyrighted; they are compilations of information already available on Earth, researched and compiled by others (some, no doubt, for this purpose) which should not be copyrighted. Therefore, these journals are not copyrighted (except SIPAPU ODYSSEY which is "fiction").

The first sixty or so journals were published by America West Publishing which elected to indicate that a copyright had been applied for on the theory that the ISBN number (so necessary for booksellers) was dependent upon the copyright. Commander Hatonn, the primary author and compiler, insisted that no copyrights be applied for and, to our knowledge, none were.

If the Truth is to reach the four corners of the world, it must be freely passed on. It is hoped that each reader will feel free to do that, keeping it in context, of course.

INTRODUCTION (Candace: ATON is Michael of Nebadon, who came as "Jesus" 2000 years ago, and is returned as promised.)

REC #3 ATON

SUNDAY, AUGUST 25, 1991 4:23 P.M. YEAR 5, DAY 009

Aton present to share with you briefly as you move into this book of information. You are coming into the great Truths of the Cosmic Universe and actual Creation and order. What you glean from this information is solely up to you for you are given to experience as you choose. It is given, however, that those of you who wish to find your path unto your Source may know how to find the way and KNOW. There are no secrets kept--only now are you ready for the next step in growth so that discernment and judgment of actions can be valid. When the world asks, "What of the teacher, what message has he for us that is greater than all others", you may answer: "Behold, every LIFE, no matter how humble, no matter how tragic, no matter how broken and thwarted, has a meaning and an inner glory and is precious in God's sight".

You who will come into knowing shall do goodly, such as few of My servers, and your brethren and friends, have been able to accomplish; you shall have the THRUT and the WAY. You shall, further, reach that maturity wherein you shall live it and give weight a thousandfold to every word and precept that comes from the tongue--for you shall grow in the knowing that giving forth Love instead of a biting confrontation in discord brings the reward and ability for the regiving.

There have been many artists within the chronicles of men but few there have been, capable of conscious communion with Me; yet I tell you it is a responsibility that does crush the weaker brethren. All must learn to come within communion for each is precious and each IS an artist of great value unto My needs.

Go with heart that is high from adventure to adventure and walk always knowing that each day must render its accounting to Me.

My Love shall ever guide you and guard you so that you falter not--I am with you and with KNOWING comes your comfort. You can only come into the KNOWING by first sharing and partaking of the "knowledge".

How can you fail to go forward, sure and calm and free? Use all that has been given unto you--Mind and Soul--Spirit. If you have your responsible education you will find failure leaves of your presence. You can dwell ever in the plane of perfect inspiration and still function exposed to Earth's vibrations for the Laws are given which will, if followed, keep you ever in balance and harmony with all that is Nature in The Creation's perfect order.

It is My work that you do and the power of the Spirit pours upon you and no power on Earth or in the heavens can do more than help you at the moment's instant--if you but KNOW.

My work shall be done...when you are prepared in the fullness of time then the harvest will be reaped. At this time the lives of the word are lived in narrow little places: romance offers escape from reality. I tell you that we bring them transfigured reality that shall move them and win them. We shall bring Truth in such simplicity that each can KNOW and then decisions shall be left unto the individual being for the choosing. I keep My promises made unto you--all will be kept; none have been broken; I give you strong loyalty; I shall be worthy of your allegiance. When the wracked spirit CAUSES you concern, remember My words of promise and be strong and remember that you are not made strong by having all desires gratified--even unto your communion with ME. You shall learn properly so that you can remain in MY PRESENCE and not turn away at your whims of physical indulgence. For as a child must grow and a twig must be trained to be straight and tall as the perfect tree--so shall you learn.

There are yet principles at stake of which men have no knowledge, there are policies in progress that have no explanations, great works do manifest but men's eyes see them not. Only I see the ultimate, only the Wise Ones know of the attainings, only those who have conquered their own Spirits behold the vast pattern by which men are made perfect. Let the world's dead be buried by those who are dead: verily there are no dead save of the mortal but there are those refusing wisdom and might better be dead. As I make it known to you in wisdom of that which transpires, you shall clearly know that which causes you to stumble--it will behoove you to work My commandments!

Lo, those come to you who have been the spirits of the great in every age; they come to you sustaining you; they come to you beseeching you; they say in their beseeching to heed. Not all of them are with you for many come again, yet in your future and some you know not ever; others you have knowledge of; they come and go in your affairs, unseen as well as seen. They come that they might share in the Knowledge as you unfold into wisdom.

Lo, these blessed ones come not in their olden roles at present; some come to you as artisans and yea, of humble callings. If you bestowed upon these ones in your prior experience see that which returns compounded. The times are upon you when those you have known as humble persons shall stand forth as marvels, challenging your intellects; you have known them verily as angels of radiance, now you behold them as drawers of water. Verily do you see them as hewers of wood--well, they are actually hewers of men's eternal destinies.

Many of you walked with My son upon your own place and have come again to attend His return in His own growth and honor. Do not deny the memories of your own pathways unto excellence lest you miss your own graduation. Have you not said, "Father, allow me to walk again and serve with this Master, let me manifest with Him again in that you love me ",--have you not said it?

Take that which is given and know from it profit. I say it shall fill you; the spirit of holiness shall break bread with your wisdom; there shall come a great brilliance; you shall sit within the heart of it. You have walked with Myself by many still waters and you have talked in many wheatfields with Me--rise up and greet Me now that in memory we might abide together, you and I.

ONLY SPIRIT MATTERS

I now speak to your intellects. I take you with me into wisdoms--I give you a shepherding into sheepfolds of mysteries....

Men will ask proof: What is size? What is time? What is space? Harken to My logic; I bequeath you a reasoning. Know that the Father's universe has no such thing as size for size has a quality of measurement by comparison and that which is great seems large to the earthly. It has no

meaning but you shall have the wisdom to give that perspective and definition unto you brother. Know that I think only in projection of Thought--I need no time and I need no space.

Space transcends size, yet I say it comes not alike to all created orders. You perceive that you are "men", that your stature has a "size". Some perceive your "size" to be "small", but I ask you if you would greater profit if you stood high as the mountains?

Know that you are greater than mountains in that you have power to manifest in Thought, and it bears you out among the planets; you can know the far stars and you can see them in their shining.

**Men say, "We think, therefore we ARE."!
NO! YOU ARE, THEREFORE YOU "THINK".**

You ascend unto visions. You have concepts of Reality; they who come of other orders ascend to no such vision; their concepts are but instincts. Great minds are greater than great mountains. Worlds are less than great Truths: man knows himself, thereof is his divinity.

Man has concepts of himself and he makes mysteries in his thinking--he shall need come into KNOWING. HE THAT THINKS GREATLY EVER SURPASSES THAT WHICH HE THINKS. I think in terms of that which comes to pass--thereof is Spirit manifest. Only Spirit matters, beloved.

That which is perceived is like the mustard seed; perhaps it sprouts, perhaps it blossoms; is not the blossoming more transcendent than the blossom? You breathe, and move, and have your mortal beings; therein are you mortal; behold Spirit functions and Thought goes out--it makes you to see worlds in new bornings. Are you not a part of them, in that you discern them? Sight has a transcendence to encompass its creations; it becomes the particle of that which it perceives. I say to you to look, perceive, witness, discern, lift your faces up; behold the mirrors of the infinite are but lodestones for your intellects. You do dwell on Earth a little while; presently you go forward, verily you go outward; he who goes outward sees that which is beneath him for it is ever upward; behold is it not true that he who journeys "upward" ever sees life in more smallness beneath him? Think on these things.

I dwell in heavenly mansions; I look on all creations; I arise in the mornings and behold many mountains; I say to the mountains: "Increase and bring forth young." Lo, they are moved and universes shudder and tremble.

Man is part of it, but only is he part of it in that he sees Me deploying in himself. I speak these things to you so that you may be wise. Be not cast down by little men who say, "Spirit is conjecture, we breathe, thereby we are" - - - They are as lights in many wicks that presently know a snuffing; the universe shall snuff them for they cannot encompass it. Lift up your heads, beloved! Perceive a great radiance for the Spirit I send works in you, and I in it; behold we are one essence--that which is created comes from My bosom.

Man has had a blindness to neglect his own destiny; he has said to his brothers, "We are creatures of confusion, of doubt and of dread as we come from our fathers, whither we go is not for our wisdom." He looks on the Earth and thinks it a mystery, it speaks a tongue whose language has long since been forgotten save by the few.

It shall be beyond him until he comes to that place in Spirit where the beasthood drops away from him, where he leaves his earthliness behind him forever. He looks to the heavens and cries out constantly, "Almighty Father, bestow on us wisdom". Lo, wisdom is in his heart, it lies all about him, he walks in its richness and he embraces it not.

Man asks of Me to save him. You are given that which you need in the wisdom projected if you

would but listen and act. I have made no mischief in the hearts of you earthly men. You have made your own mischief and continue to do so. Man goes about marveling at his handiwork; he thinks himself omnipotent; he cries in a vaunting, "Behold our achievements, life comes in and goes out in that which we manifest". My, my--man cannot fashion one hidden violet, nodding by a brook's edge in the silence of a wilderness. Lo, man must come into knowledge and out of the evil ignorance--for evil IS lack of intelligence. Evil has emptiness; it cannot construct; it ignores the ways that lead unto happiness; it seeks out no goodly situation but takes the world and gives it a sorrow.

Evil has no crown; it has no staff; it has no divining rod that points out riches; evil has only confusion and ignorance and manifest impoverishment; it has shortage of compassion that you call intolerance. Evil is man's enemy above all other enemies in that it seeks to do him no improvement, naught has it to do for man but to pull him down to vomit; it proclaims his smallness; it makes a god of his ignorance and humbles him before it. Ignorance is evil and evil is ignorance--and it is birthed of the physical and only has existence in the physical. There is no other god of darkness before Ignorance. That which comes of Me has a radiance; behold it is tolerant and beauteous and tranquil; all things making for good, for happiness, for delight for peace, for alms-giving , for benediction on others, these are the diadem stones in the crown of MY eternity.

I say to you now that you may harken. The Path is bright and pleasant for those who journey with us and whose voices blend in harmony and yea, shall they ring throughout the mountains and the valleys. The call has come; the valleys take note of it and those on the uplands await your strong fellowship. I tell you a new Godhead comes to Earth; you are in fellowship; you scatter its uttering; you sit and sup with it-- is it not meet that you know for your honorings?

Walk in uprightness before kings, beloved, that in the last high hour it shall mark you to sit gracefully with the King of Kings and see the glory. I bestow upon the goodly workers the blessings in gratitude, that there were reapers who stood by their sickles when the crops were threatened and the forces of Nature would send them to a hiding. My peace is upon you until the harvest is gathered and the laborers stand about for their reward--they shall be richly paid--for thus have I written.

Blessed is he who hears the WORD and heeds his call, for the masses of MAN has lost his way. So be it and beleis. It is My will that the work might be done through you, and yours will be to fulfill the Word for the seal is put upon the promise and the lesson given.

Candace: since this copy is from OCR software, there may be small spelling errors that were missed from the process. I found one and fixed it above here, but I cannot redo the copy from my website. These were originally real books, and were copied page by page on a copy machine and then scanned into a computer, thus the need for OCR software. Christ L. on my team is redoing them in this manner for easy translations by others and to make the files considerably smaller. This whole pdf file would have taken at least one hour to download on dial up. in its former format. On Christ's site above he gives the source of the copies he redid.

To those who keep giving me red or green thumbs telling me to seek Jesus, Jesus is my best friend, he is returned, and we have co created AbundantHope, the 2nd Coming organization. He is in fact the Commander of the Forces from Heaven that are here at this time.

CHAPTER 1

REC #1 GERMAIN TUESDAY, AUGUST 13, 1991 8:15 A.M. YEAR 4, DAY 362 TUESDAY, AUGUST 13, 1991

In the wonder of a new day upon your place may we be ever humble and grateful for the opportunity to serve for that which we do is both important and indeed urgent. I come in the Mighty I Am Presence who has called me unto this mission. I come only in the wondrous beauty of His Radiance of which no other thing needs more. I bring those same blessings and gifts unto you, my precious brothers with whom I am honored to share.

As we begin a new JOURNAL I ask that you readers please tarry with the forebrought lessons for it is critical that you UNDERSTAND that which we bring.

Ones continually ask, "HOW can I raise vibrations"?--"How can I be sure I have passage"?--"How and why is this or that manifested and WHAT is evil--WHAT is Satan--What is God"??? Herein are your answers as directly as they can be given. I am distressed that these books are not being set to audio tape as quickly as I would ask-- but you readers, and myself, must realize the tremendous load upon these few in this place. I do, herein, ask that we move quickly in setting the "Connections" to audio tape and then, all of the JOURNALS as quickly as is possible. Also, there is great need for the EXPRESSES to be put to tape for man of today has not the time to read such quantities of material. A person can listen very ably while in transportation or other tasks. It is imperative that we make this extra effort.

We need no professional readers as such--just good readers who are fluent and will clear of their space and allow us who author to come within and speak through them. It is the ENERGY given forth that causes ones to listen--not the words.

This is the ONLY place wherein I see an advanced "education" helpful--in recognizing words which may not be used in the every-day speaking conversations. So be it. We want no critics--just verbatim as written--directly as written with as little personal opinion as is possible. If there is a portion with which the reader takes exception--do not allow temptation to "change" a word--there may be a very important message in that one word for a specific one. You need no fancy equipment or special rooms--you are people living in a world--just a separate room where there are few distractions and a simple duplicating recorder.

I prefer using a male voice simply because the male tonal range is far more easily understood in, say, an automobile and/or where there are other sounds in the place. I leave it again in your able

hands but the longer we do not have the available resource the longer it shall take to get this information out unto the people. We have had many offers from ones most willing to give contribution unto God's work and this may be the very place where they can serve.

If this is done, then it will be necessary for another to "listen"--but that can be done by ones who are practiced of ear but prefer to not speak. Thank you, for your brethren are waiting. There are ones such as Dr.Coleman who have remarkably clear and interesting voice accent. I only ask that we move smartly along for you are a long way behind now and **WE ARE NOT GOING TO SLOW THE PACE FOR ANY MAN!** So be it.

LIVING AND DYING

We will, herein, again take up consideration of the making of bodies which appear and disappear to LIVE and DIE from the point of view of simplicity. Let us recall, as heretofore stated, that all that God does is make bodies to manifest His all-knowing. Also as we have stated that is all YOU do. We again emphasize the fact that all bodies are but states of motion--living-dying states of motion--generating-degenerating states of motion which arise from rest and have to keep moving very fast to simulate the idea of life. As long as they move fast enough in a centripetal direction, they have living bodies, but as they reverse to the outward, centrifugal direction, they lose their bodies. Please reread this. To increase their speed, they must have energy enough to grow by working. To stop working is to decay. It is YOU who gives them that energy--and it is You who takes it away. Take note even as with the elderly of body--the minute you stop your "work"/"play" you become "old", "senile" and await "death". It is just as with allowing the body to stop serving you through indiscretion--it degenerates and withers into uselessness. It will serve you as long as you command it to do so and give it that which it needs to adequately sustain self.

As man grows older he deliberately begins to deplete the body in expectation of death and it begins to wear itself out just as a piece of machinery or a motor without oil, water and fuel. You cannot run a car on dishwasher--neither can you run a body without fuel. It can be anything which furnishes the proper ingredients--unto the very pill form, but it needs specific things or it perishes for want of them. How long would your car run without oil? Then why do you expect your physical machine to run without minerals and vitamins, etc., in proper ratio? Does this need be elaborate or greatly "different"? No, just rounded and inclusive--it is preferable to NOT make a "big" thing of it for than the ritual replaces the deficiency. Let me example--if the joints become painful and stiff--they will NEVER heal unless they have some additional substance which is missing. Let us say that there is inflammation and deterioration of the sheathing structure--try zinc additive and it will heal along with adding some anti-oxidant intake to stop over-oxidation of the cells. This does not mean great changes in the diet nor much added effort, just give the body a reservoir from which it can draw its needs.

I actually prefer that ones do not go on strict and restrictive diets for the diet becomes the plague and the body is in your command--**COMMAND IT! SUPPLY IT WITH THE THINGS IT NEEDS AND COMMAND IT TO UTILIZE THEM. IF YOU PREFER TO BE INVALID AND ILL--SO BE IT FOR THAT IS A CHOICE OF THE MIND AND THE BODY IS ONLY OBEYING COMMAND. THE CHOICE IS ALWAYS YOURS.** Man notably uses disability to gain a fulfillment of mental needs. Further, there are very few vitamins and minerals which can injure by too much quantity--for the body is trained to service those items. There are some which, like a given food, will poison in quantity--surely you can know the difference! It is as with the tryptophan, however, of a few months back--the problem was not through the tryptophan--it was in the preparation of the supplement. I ask you to stop your foolishness. Especially in America you have begun to love your rituals more than wellness.

As you grow in mental command--you will find the body responds to your command no matter what it has for it will even learn to glean substance from the air, but it is YOU who has to come

into the knowledge.

There is something you will also discover--the very ones who need this information will refuse to take time, find time or actually simply refuse to read it, much less, use it. It is the way man hides behind ignorance. I repeat something we have said before--Dharma lives a full life outside this writing and she is the ONLY one writing so that we can guard against pushing material through too fast for the readers. We KNOW, THEREFORE, THAT IF SHE CAN PHYSICALLY WRITE IT--YOU CAN, IF YOU WANT TO BADLY ENOUGH, READ IT! IF YOU DO NOT WANT TO--YOU WILL NOT NO MATTER WHAT WE DO WITH IT. It is up to you what else you do for there are hundreds of books for your reading for confirmation and we urge you to read EVERYTHING and then choose--we cannot help it if YOU do not! We select no groups, colors, creeds nor places--so it is up to you that which you do.

I would like to use an example to you ones who proclaim that we single out the "jewish people" and make references to surnames, etc. Would you feel the same way if your name would be Goldberg if the Chinese were doing the same thing to your world that the self-proclaimed mini-state of Israel is doing--especially to the U.S., and we referred to Chou Ping as being "a good Chinese name" and Chou Ping was responsible for claiming \$80 billion from you in Chinese Mafia payments because they gave secret information to your government? How about a good Norwegian name? A good German name? We are here to bring you truth from beneath the cover-ups and, dear ones, in the U.S. it is ones with so-called "Jewish" self-labels. There is no other nation nor sect recognized by law as a "religious" power AND state. It is the innocent ones of the so-called group which will be first sacrificed when the brothers get into power.

By these hands in the past 24 months, has flowed over 9 thousand pages of vital information--YOU CANNOT TAKE A FEW PARAGRAPHS OUT OF ONE EXPRESS AND HAVE ANY KIND OF A PICTURE. WE CANNOT GO BACK AND REPEAT OVER AND OVER AGAIN THESE EXPLANATIONS FOR THE BARRAGE BY THE READERS BECOMES MOST OPPRESSIVE AND ABRUPT

AND NEITHER CAN YOU EXPECT THIS SCRIBE TO RESPOND IN DETAIL UNTO YOUR INDIVIDUAL INQUIRIES OF THINGS ALREADY EXPLAINED AND RE-EXPLAINED BY ONE OF US. SHE IS NOT THE AUTHOR AND IF YOU SPEAK TO THE AUTHOR--YOU CAN GET YOUR RESPONSE WITHIN AS WELL AS SHE. We welcome and recognize EVERY piece of correspondence and value it and will respond when and where we can do so. In the event it is a critical inquiry effecting the "many" it will be taken up as quickly as possible. As to "ANTI-SEMITISM"--what happens to anti-semitism as used, if jewish people are NOT REALLY SEMITES AT ALL? Well, THEY ARE NOT!

Cont. **PART 2 of Chapter one.** Green thumb collectors, your linky is in the first post of this thread.

One of the best short resources which gives exceptional input on the subject is done in a JOURNAL and is a most direct discussion in a letter from BENJAMIN H. FREEDMAN to DR. DAVID GOLDSTEIN LL.D. We have traced the resource for obtaining the material to Educational Assn. 530 Chestnut Street, Union, New Jersey. The letter was, however, written in 1954 and we can only assume it is reprinted. After we utilized the information, we received several copies and if you cannot find reproduction and ours is not sufficient for satisfaction, I suppose you may locate it through the Copyright offices (1955).

Those of you who wish to research Khazars. get THE THIRTEENTH TRIBE by Arthur Koestler and you will find some seven pages of other references and from each of those you will find a dozen more, not to even mention writings such as are being brought forth daily on the subject in point. As for the PROTOCOLS, go to J. Hazel, PO Box 1317, Brookings, Oregon 97145 and for \$10 you can get them and get references as to their current integration into your "system" as well. It would behoove all of you to get that confirmation for if you question the JOURNALS, you need backup. We only give you what IS and YOU must do your own proving if that which we bring in confirmation is not sufficient. All JOURNALS can be backed up with confirming Earth information. The PROTOCOLS are so widely available that I ask not to have to give more references. Just as you will NOT GET VALID INFORMATION FROM THE ACCOUNTANTS AND LAWYERS OUT OF NEVADA REGARDING NEVADA CORPORATIONS, DO NOT EXPECT TO GET VALID INFORMATION FROM THE NEW AMERICAN "JEWISH" ASSOCIATIONS--FOR THEY FORM THE VERY LOBBY GROUPS SET UP TO DO YOU IN! There is a new one organized called the Jewish Democratic something or other that Hatonn will discuss, formed to get a Khazarian into the Presidency of the US--on the basis of being Jewish in behalf of the Jewish State of Israel. You good Hebrew founded Judaists--how would you feel if it were a Sun Moon projection? How about a Chinese Buddhist movement? How about Catholic in the name of Italy? You ones must pull yourselves out of the stupor for the very ones whom have been stolen from, will be the first sacrificed on the altar of GLOBAL CONTROL. Truth is far more difficult to face than is the fantasy built for your consumption!

There is something I can point out to you ones who continue to feel, or friends and family claim, this is a "cult" and/or evil. Regularly these ones and we of the authors--get death threats and regularly we receive (as on the yesterday) actual threats of death in heinous manner from actual recognized Satanic groups who place curses upon curses upon our heads--in symbols, actual effort and proclaim themselves to be wizards, witches, Luciferians, warlocks, astrologers and psychics. These ones denounce us and plan to take out these workers of Light. We are the hated, detested and Lighted ADVERSARY TO SATAN. I hope this speaks of our intent upon your Earth place for evil cannot bear the PRESENCE OF GOD OF LIGHT. The message yesterday is so terrible that I refuse to even translate it to my people. It is written in Satanic symbols with only the names in alphabet--written in hiliter to prevent reproduction (the sender obviously does not know that you can mark over the hi-liter in ink and reproduce it in perfection). I can only remind these ones targeted that NO THING CAN STAND AGAINST GOD OF LIGHT--JUST STAY IN THE LIGHT AND SHELTER OF HIS HAND AND YE SHALL BE SAFE.

I do ask that ones who wish to attend the location and have special meetings--you will be asked to identify purpose and WE WILL CHECK PERSONAGES. We have a lovely one who wishes audience with Hatonn, who is an astrologist. What would you do this day if you were these ones, after having received a death threat yesterday from an astrologer????

Please, we petition you ones to use your intelligent minds and be in understanding of circumstances. The WORD OF GOD AND TRUTH are coming forth from this place-- no more and no less. There is no group, no church, no cult and no seminars. America West Publishing Co.

moved to the location because of convenience for outlet. It has other outlets and even the printing is not done in this place. The America West Distribution Co. carries MANY titles and authors. THIS IS NOT A "GROUP" ENTERPRISE. If and when ones who support the work begin in business ventures there will be available some working positions--at this time there are just a few devoted workers who serve God, not even these writers. But I promise you--GOD PROTECTS HIS WORKERS AND VERY OFTEN WE LESSER SERVANTS ARE ABLE TO "MAKE OUR DAY" BY INSTANT REBUTTAL TO OPEN THRUSTS UPON THESE LIVES. HE WHO PROJECTS EVIL IS RETURNED A HUNDRED- FOLD WITH EVIL. KEEP IT IN MIND!

Back to the subject in point:

Instead of using the words "states of motion", I will substitute the word "vibrations". And I will amplify that word into "wave-vibrations". And then let us again amplify this into "thought-wave-vibrations".

All bodies are transient thought-wave-vibrations which come and go to give body- forms to thought-vibrations. Vibrations of motion extend from stillness. The heartbeat of Creation is a two-way piston stroke of vibratory motion which extends from the still Light of Mind. Mind-knowing is real. Moving bodies simulate reality.

We will exemplify this idea of vibratory motion by constructing a body of SOUND WAVES which extends from the silent idea of sound as waves of water extend from its calm. The desire to give a body to that idea is manifested by setting a harp string in vibratory motion. To do that, you divide the silence of the harp string just as you divide the calm surface of water when you throw a stone into it which extends the surface into waves.

What really has happened is that a body of sound was given to an eternally living idea of music for a cycle of time; then the vibrations ceased. The sound then disappeared into the silence of rest from which it sprang into motions to manifest the idea. The SOUND appeared, it disappeared and will reappear to manifest life and death, but the silent idea is eternal. It will again appear when desire causes it to reappear. The IDEA of music is changeless and eternal. It is its SOUND manifestation which lives and dies just as only your body which manifests the IDEA OF YOU lives and dies- -then again lives and dies forever and forever.

Again we repeat that life and death are but opposite states of motion--CENTRIPETAL motion which is compressed toward gravity and CENTRIFUGAL motion which is expanded by gravity. LIVE is a fast winding up of light-waves into bodies of visible matter. DEATH is a balanced unwinding of light-waves into invisible matter. I ask you to meditate upon this idea. Your all-knowing Inner Voice will tell you many things if you will do this.

THE DIVIDED AND THE UNDIVIDED

Before continuing to construct a sound-body for a musical tone, we will give you a thought to transform into KNOWING by prolonged meditation.

Consider the familiar motion picture. You know that every expression of life on that screen is motion only. All forms of bodies and all sounds and actions of bodies are but the seeming motion of light-waves which have been projected from a still point of rest to simulate motion. You know, also, that what seems like motion is due to a very rapid succession of still pictures thrown upon the screen one at a time so rapidly that the eye does not detect any single picture before the next one of a slightly changed pattern is projected. Neither do you detect the black gap which divides each picture where nothing is. If the projection machine were slowed down very materially, your sense of sight would detect each separate picture and the gap between.

Likewise, your sense of hearing would detect an interval of silence between each sound just as you can detect an interval of silence between the explosions of a machine gun, especially an old

one such as a Gatling.

The continuity of a steam whistle is due to the intense rapidity of its sequential "explosions". If these explosions could be slowed down very materially, you would hear them as separate events taking place sequentially in what we call wave-vibrations.

In order to increase your comprehension of the CONTINUAL INTER-WORKINGS between the divided universe and the undivided universe, and of the impossibility of dividing the undivided, and also for clarifying your comprehension of the illusion which makes it seem possible to divide the undivided, imagine the silent harp string as an interval of silence between two musical sounds and relate that effect to the black gap between sequences of motion pictures and also to the silent intervals between explosions of a Gatling gun.

Take note that there is no sound at all on that equator which is the motionless harp string. (See Figures 18, 19, 20, 21 and 22.) That equator is an area of silence--silence unbroken--undivided. Sound takes place only upon each side of its equator of silence, for there is motion on each side and no motion at all on the dividing equator.

If you fully comprehend what I have just told you, you will fully comprehend the relation of the divided universe of motion, which forever repeats its sequences of motion to create illusion, to the undivided universe of stillness from which those sequences of motion are projected. In other words, you will be intellectually able to be constantly aware of the two worlds in which you live--the mentally indivisible and the physically divided--instead of just the one divided world of the senses which has dominated man's actions for ages.

The supremacy of man is dependent upon the measure of his ability to live knowingly in the undivided Mind universe. The Master makes use of the divided universe of sensed-matter as He wills--or dismisses it from his Consciousness when He wills. Until you become master of matter it will master you.

The greatest aim of your life should be freedom from matter and to be able to control it, which also means the control of gravity. That is why we stress the mechanics of the divided universe or sensed-matter, which has made man its slave for ages, in order that knowing man can transcend matter and become its master instead of its slave. For This reason, you must know the mechanics of it until it is automatic in you. The small effort of study you give to knowing this principle in your heart is more than priceless to you.

That is exactly what is meant by the transformation which will lift the more spiritually advanced of the human race out of the ages of material man and into the age of cosmic man. And that also is the reason why you should know the invisible universe of God's still Light even more abundantly than you can sense the lights of opposed pressures which constitute the vibratory wave universe of divided motion.

Likewise, that is the reason why we are taking this simple example of a harp string to demonstrate how a living-dying body emerges from the seeming nothingness of space to manifest life and disappears into it to manifest the stillness of death. The SOUND which emerges from the silent harp string is as much a physical body as your body is. It is a series of light-waves just as your body is a series of light-waves. The sound from one plucking of a harp string may have hundreds of separate lives, all reincarnations of each other, in a few seconds of time. The fact that your present body has a time cycle of eighty or more years instead of one-thousandth of a second makes you feel that your body is very different from a body like the sound of a harp string, and that fact makes you lose all sense of cosmic perspective.

You know as a scientific fact that a body of the sound of a steam whistle lives, dies and lives again a thousand times in one second, but you have much confusion in comprehending the

inevitability of your own more lengthy repetitions of body. You will more fully comprehend the reincarnation principle as inevitable law when you thoroughly understand that the very idea of Mind, without exception, is always manifested by a countless series of bodies which continually change their patterns to conform to the changing images of changing thoughts. If eternal repetition (or reincarnation, if you wish to call it that) is the one most INVIOLENT LAW of all creating things, why should you think that it does not apply to you?

As a step in the unfolding of your greater comprehension of timelessness in the undivided universe which we are trying to make your foundation for stronger living, we beg that you study the diagrams which fully illustrate the creation of thousands of reincarnated bodies of one idea in one second--or even one fraction of a second.

You think of these thousands of bodies as VIBRATIONS, yet you would not think of your present "life" as but just one vibration of millions which ages of reincarnations have repeated in you.

We would like to have you begin to think of your body that way, and as the time manifestation of an idea which is eternal and timeless. Elevate your Consciousness to the level of full awareness of your Self as The Universal Presence--The Universal Being--rather than thinking of yourself as a body which has a name and address and personality.

As awareness of Being in you unfolds, the sense of individuality will disappear just as one tone of a harp string loses its separateness in the wholeness of the master symphony. That is the way cosmic man of tomorrow will think of himself. That is the way you should think of your Self. When you think of yourself as one individual unit of Creation, you are but that one unit--struggling for survival and for self-interest among the countless other individual units. When you think that way you are weak, for your desires are self-centered and the world will not enrich you with its glory nor its bounty, for you are not enriching it. When your desires are for the WHOLE--and when you know that you are the WHOLE--then only are you STRONG.

A new race of men is coming into being--a race of men who will be STRONG through having learned how to lose their bodies to find their Souls in the Universal Soul.

I ask for a break now. Hatonn requests that the information first shared in the top of this writing be dispersed to the various suitable inquirers. Thank you.

Presenting all of chapter 2 except the images. LINKY and copyright information are IN THE FIRST POST. Do NOT bother the MODS. I am not repeating the information in Post ONE. This is an interesting and readable chapter.

CHAPTER 2

REC #2 GERMAIN TUESDAY, AUGUST 13, 1991 1:43 P.M. YEAR 4, DAY 362 **NATURE IS NOT COMPLEX**

Everything in Nature which is strong and substantial is SIMPLE. Complexity always weakens. Your life, your business, your home, and especially your thinking are strong and substantial when simple. The beginning of unnecessary complexity is the beginning of the undermining of the structure which it is erected upon. We shall enlarge upon this idea to vastly aid you in removing all limitations from your life by making you KNOW how you can build it to any height of power you desire without being handicapped by the lack of knowledge from which doubts, fears, pessimism and other negative effects retard your growth.

We will look at the principles of this idea, both scientifically and philosophically. All science textbooks contain a universally accepted law which is as follows: "Action and reaction are equal and opposite". We have added to that the fact that action and reaction are simultaneous in their expression as well as equal. That is something which has not yet been recognized even though it is the very basis of polarity.

You do not know your power. Proof of this lies in the fact that you have not used more than two percent of your power at your stage of unfolding. What you desire will not only be granted to you but it is already yours, and always has been, even though you have not yet known it.

Bearing in mind the statements made in previous lessons and assuming that you fully comprehend them, we shall now modify the above law by clothing it in other words as follows: EVERY ACTION IS ITS OWN REACTION. This means that when you perform any action, you have already created its equal and opposite reaction. If, for example, you have just hurt someone, you are also EQUALLY hurt yourself.

Actions are necessary to give physical bodies to Mind-desires. The DESIRE must precede the action but the thought-body of a mind-desire can never have a physical body without being followed by physical action. If your action is in balance with your desire, the reaction will also be. Likewise, if your desire is of majestic measure and your action is in the measure of your desire, you will produce a material body of majestic measure. You cannot help doing so for the reaction to your action is as certain to be the image of your majestic desire as that day follows night.

If you have allowed this idea to sink into your Soul until you KNOW it--not just BELIEVE it--you will now be ready to comprehend another modification of this wonderful promise of our Father-Mother now following. EVERY DESIRE OF MIND IS ALREADY MENTALLY FULFILLED. When you actually know this, you are equipped for any achievement, whatsoever, which is within Universal Law. KNOWING this within your Soul makes you able to see it fulfilled with your inner vision before your body has started doing it. You will then start doing it at once with the knowledge that you can complete it, for that inner vision will teach you how to do it in the doing of it.

The lesson that you should learn from this is that your desires and your actions should be BALANCED. They must both express the principle. The slightest unbalanced note in your desire lessens it and then can negate it.

If your knowledge is strong, your desire can be without measure. If your desire is to move mountains, the mountains will be moved, but the slightest doubt, or fear, or the picturing of insurmountable hurdles, or pessimism arising from past failures, or hesitating because of lack of money, or any other species of doubt, whatsoever, means that the negation of your desire lessens the measure of your POSITIVE DESIRE WHICH IS BASED UPON KNOWING.

As God's law is absolute, you cannot possibly evade distorting the pattern of your desire by even doubting the certainty of its fulfillment. Strong men have no doubts or fears when they know their strength. I would also suggest that you stop the foolish perception that if you want to move a mountain that all you should do is sit upon your backside and wait for God to move it for you. Your own inner self will not allow you to believe such a thing--for God works WITH you and not FOR you.

I suggest you take the ideas as they come and possibly even get a shovel or a teaspoon and begin to move the mountain--better ideas will come as the desire for better is strengthened and then you will find a way to get large earthmoving equipment, etc. If there is no need to move the mountain in the first place--then why choose such a stupid thing upon which to test your faith? Obviously, hardly any of you will actually wish to move a mountain--much less really DESIRE to have it moved!

But if you have a deep seated and REAL desire for a thing--such as becoming a pianist and you can not afford lengthy lessons by a master teacher--ask yourself, "Do I have enough to afford to strike the first note"? If so--strike it and by that time, if your desire remains, you will be able to strike the second and third and so on.

When you have arrived at this stage of your knowing, you will have no desire which is for self alone. That would be impossible. When you have become fully aware of your cosmic-Self, your very nature will be cosmic and will NOT be focused on Self. Your desires will be for the WHOLE and never for a portion, so will your creations be balanced like unto HIS. **The more you fully comprehend the infinitely multiplied power you are bestowing upon yourself by losing your personal ego in your newly found UNIVERSALITY, the more you can discard past ages of body-sensing and glory in the ecstasy of your KNOWING.**

The great Illuminates of all times have tried to give you this secret of their power in such words as: "He that findeth his life shall lose it, and he that loseth his life for My sake shall find it", but their meanings have not been understood. Not until the coming of Cosmic Man could these teachings of Cosmic Conscious Messengers be even faintly understood.

These things we know--you should also know--that you cannot rise to the great heights of your own omnipotence until you know the true relationship between The One Light, which Mind IS, and the two lights, which bodies are.

Bear with us, therefore, for your own sake, when we tell you in great detail about such seemingly unimportant things as the vibration of a harp string.

As every effect of motion in the universe has the same basic foundation in The Divine Trinity as every other effect, it is as important that you understand the principle of multiplied and divided motion which lies behind the simple vibration of a harp string, and which lives and dies thousands of times in one second, as that you know about the same principle in a nebula which has but one life in hundreds of billions of years.

COMPARE A SOUND-VIBRATION WITH LIFE AND DEATH

To point out the sameness of principle which lies back of every effect of motion--and of the law which governs the making of material bodies from conceived thought- bodies--and of the principle of desire which is already fulfilled at the moment of concentration upon desire—and the sequential fulfillment by the action of giving your desire a material body--we will continue to amplify the above by still continuing to use the example of the desire to give a material body to the musical tone of a silent harp string.

Let us, therefore, build the body of the idea of a musical tone, step by step, and as we build it let us fix within our Consciousness the fact that we build all other bodies in exactly the same manner. That manner is God's way of doing it and there is no other way--no variation of the process, whatsoever, whether it be a solar system built by God, a top which a boy builds for spinning, or an industry built by man.

1. First comes desire of Mind. Desire is timeless. Desire of Mind to create comes like a flash of inspired Light from knowing-Mind. Desire to create always means a desire to give out from the centering Soul. Desire to create is spiritual and a spiritual creation always GIVES out from a centering point of Omniscient, Omnipotent Light. Do not confuse the spiritual desire to create bodies with the physical desire to TAKE something to continue the growth of a creating body. Desire of the senses for the survival of sensed-bodies is the process of lawfully receiving that which is regiven or of unlawfully taking it for self alone.

2. Desire of Mind to conceive an idea of Mind is immediately fulfilled for every separate idea is a part of God's One Whole Idea. Therefore, you KNOW that your desire is already fulfilled as a mental conception because the WHOLE IDEA, of which your idea is a part, is already existent in the undivided universe of Mind.

3. You now divide the idea by setting your concept in motion. To set it in motion is to THINK it.--To think it is to separate what you want from the WHOLE. You do not desire the WHOLE--you want only a part of the WHOLE. All you want, and have asked for, is to produce a musical note from the stillness of the whole universe by building a body of sound for senses to hear with outer ears and Souls to hear with inner ears.

4. The moment you extend what you KNOW to your divided lights which THINK what you know into thought-forms, you begin the WORK of building a body for your desire. Remember always that God works WITH you and not FOR you. You are a unit of His Creation. Your Soul is God's Soul. Your hands are God's hands. To the extent of your awareness of this fact, you are either manifesting God by being UNIVERSAL MAN and UNIVERSAL SOUL or just manifesting your own sensed-body. Whichever you are shows in your work. The thought-imaged bodies you create in your imaginings have in them YOUR IMMORTALITY or your MORTALITY.

5. Your concept now has a pattern, a thought-pattern which is a thought-body. It is like the formless seed of a rose from which the full blown flower unfolds. You must now give your idea a material body and that can be done only through action. So I repeat: Your desire has already

been fulfilled for that which you have desired already stands before you. God has created it for you by creating the firmament which is His own body. It is already existent, awaiting you. But you must reach forth and receive that which He has given you to fulfill your desire for "thy desire shall not walk the way to thee unaided by thy strong arms"!

6. Now comes the necessity for bodily action. You reach forth for the material to make your harp string. From now on, the more you will keep before you a realization that EACH ACTION BORN ITS OWN REACTION, the easier becomes your task of building a body for your musical tone of for the moving of a mountain. The simultaneity of action and reaction may be likened to a light projected into a mirror which is simultaneously reflected from the mirror. Every particle of matter is a mirror which reflects its reverse image into another mirror--a perfect holograph in every fragment.

The recoil of a gun is the simultaneous reaction to its explosive action. A powerful discharge has a powerful recoil. Powerful thoughts of men, likewise, bring powerful reactions. Every reflection or reaction is in reverse of its action, for it is by the simultaneous action-reaction of desire that the universal equilibrium is divided.

Just as you cannot polarize one end of a magnet without polarizing the other end simultaneously, you cannot perform any action which divides the undivided without creating both the action and its reaction simultaneously.

To walk, you must divide your balance. You lose it to find it for again losing it, but that which you have lost is always awaiting you for you created both action and reaction simultaneously. That which you have lost is already yours. "All down the ages it has been thine without thy knowing even though thou hast but just asked for it".

You may walk to the ends of the earth WITH God; WITHOUT Him you can do nothing. He will not do it FOR you WITHOUT YOU. That is what is meant by working knowingly WITH God. He has prepared the way for you. He has made the path for you up your own mountain but you must work with Him for the fulfillment of your desire to reach your mountain top. The first step motivates you for the next step by reborn desire for you for the next step. If you look to the top of the mountain which you desire to climb, you may have much fear and doubt about surmounting it but you do not fear to take the first step, and many first steps taken without fear will take you gloriously to the very top of your own high mountain. You only have to take one step at a time.

And so you put the material together, action by action given and reaction by reaction regiven, until you have created a body for your harp and a string for the tone you desire. There it is. You can now see it and feel it--but all down the aeons it has always been there awaiting your DESIRE, followed by your ACTION, to bring it into seeming being. Do you realize this fact? If you do, you can KNOW that anything else which you wish to bring into seeming being by giving it a transient body is within your limitless power. There is your harp with one string on it of the tone you desire. One string is one step toward completing all of the octaves of strings. There it is, completed, BUT SILENT.

7. Now you are ready to fulfill the last step of your desire, that of building a body of many sounds from your harp. Again we repeat the fact that that desire is already fulfilled, for you KNOW the sounds and rhythmic tones that are within the silence of those strings. You not only KNOW them but can imagine them as thought- bodies to life. Until you act to give your idea a material body, it will still be existent as undivided IDEA but will not be expressed in the divided universe of moving bodies.

YOU SET YOUR OWN LIMITATIONS

Much meditation on the above thoughts will lead you to great conclusions. The fact that God will

immediately grant your desire seems unbelievable. And it IS unbelievable to those of you who misunderstand His way of working with you. If you interpret it to mean that whatever you desire will come to you full grown and without effort on your part, then you do not understand how it is that God works WITH you and not FOR you. If you do understand His manner of working WITH you, step by step, then you must take that first step WITH Him in order to be given the power to take the next. He whose desire has built a body for one harp string can become a master harpist if his desires are of that measure, and then become leader of a symphony or master composer if his desires and his knowing are sufficiently intense. **If you have any limitations, whatsoever, you have yourself set them for yourself. The universe is infinitely extended and you are the universe.**

UNIVERSAL BALANCE WHEEL

When you look up into the heavens with a telescope, you see many nebulae which are like, or approximately like, the perfectly balanced spiral nebula which you see edgewise in Fig. 23. An edge view of another perfectly balanced nebula of the same type is the one in Fig. 24. If you could see either of these from a direct side view, it would resemble Fig. 25.

(to see the images, download the pdf file.-C)

The amazing idea which we wish to convey to you is that the little swirling sound bodies which you see indicated on the amplitudes of every vibrating wave of a simple harp string are identical in every respect, except duration and volume, with these giant nebulae of the heavens. Electrical engineers call them loops of force. They appear at every wave amplitude.

Your own Milky Way is one of these giant nebulae. Your solar system is as a speck of dust within it. Hundreds of millions of stars constitute your Milky Way nebula, all at such vast distances from each other that the farther ones resemble milky clouds. Even from where you stand upon your little Earth and look out into your nebula, you see such brilliant stars as Sirius, Vega, Capella, Arcturus and hundreds more just like them, all separated from each other by trillions of miles.

It would seem incredible that the little spiral "pinwheels" which balance--and complete--every sound vibration are the same in principle and construction as those of solar and nebula wave-vibrations, but that is the amazing fact of Nature. Nature has but one system of mechanics for "dividing the undivided" and "conditioning the un- conditioned" and that is the same in microcosmic waves or macrocosmic ones. All matter is wound up tight by concentrative thinking and unwound by decentrative thinking.

The journey from rest to rest and back again is always a spiral one.

Centripetal force compresses inward from without to create hot suns, and centrifugal force thrusts outward from within to expand them into cold gases.

The same forces which create the stars of the heavens create the cells of your body. For this reason, what we shall be telling you as we continue, for which I am now laying a foundation, is of vast import in knowing how to create a perfect body for yourself, a perfect business or perfect social relationship—as well as to create masterpieces of perfection in whatever you give out from yourself to the world. The more you comprehend the principle of BALANCE in Nature, the more you can control it in vitalizing your own body and the products of your Mind.

LET US STOP AND DRAW SOME CONCLUSIONS.

The reason I have stressed this one balanced form of the spiral nebula of the wave in the heavens and in the harp string is because that position in the wave is one of perfect polarity and perfect spherical form for all the suns in such a perfected system whose equators coincide with the plane of its nuclear giant sun. This is not true of any of the planets of solar systems within any nebula, for planets are born from rings which extend from the balanced equatorial planes of their father-

mother suns and soon lose their perfectly spherical forms and begin to oblate.

Mercury, for example, is the only planet which revolves very nearly in true plane of its solar equator. Very soon after planets mature to true spheres, after the prolating process of winding them up has been completed, they begin to die by the opposite process of prolating, which is to oblate, as all of your planets are doing in progressive stages the farther they spiral out into space.

Your earth Shan has spiraled so far away from its balancing plane of gravity--which the sun's equator is--that its axis of rotation is tilted some 23 degrees from the plane of the solar axis. You can best visualize this by remembering how the hoop you may have rolled in your childhood wobbled unsteadily if you did not keep it rolling steadily at an angle of 90 degrees from the ground. That is the way planets die and, also, as all other bodies die.

When axes of rotation are not 90 degrees from the planes of their equators, such as the axis which runs through your particular Earth at 23 degrees from its pole of rotation, the planet is dying just as a wobbling top is dying. That pole which always wobbles on a spinning top, or hoop, when it revolves out of balance with its equatorial plane is GRAVITY expressing its function of division of force by the process of expansion of direct bodies to their planes of rest, which is the unwinding process of Nature. The winding process is just the opposite. Compression increases the angle of gravity from the plane of rest, as the ground is in relation to a hoop or top, and compression multiplies speed and power for the hoop or top to stand upright.

That principle of balance which gravity controls by multiplying motion into high potential, or cold into white-hot heat, is the same principle you make use of in generating your nebulous ideas into perfectly matured and balanced workable forms. When you cease concentrating upon your desire to create formed bodies to manifest YOU or your IDEA, gravity then expands and formed bodies wobble in their unsteady spiral paths to the zero from which they sprang.

Let us take a rest break for our next subject is the most difficult of all subjects--the idea of reincarnation and I would appreciate close attention and understanding about that which we shall speak. Thank you.

Germain to stand aside. Good afternoon.

Ok the "reincarnation" chapter. which is 8 or 9 pages long, so I will post it in two parts. **green thumb collectors, please see Post #1 for linkies and copyright stuff and leave the mods alone, they are busy enough with real copyright issues.**

CHAPTER 3 Part one.

REC #1 GERMAIN WEDNESDAY, AUG. 14, 1991 4:31 P.M. YEAR 4, DAY 363 WEDNESDAY

AUGUST 14 1991

Germain present--allow us just to "bite the bullet" and get on with this subject. This is one specific Truth which was in the Holy Bible and removed in later translations. This is WHY I find it difficult for people to fail to appreciate that there are changes which have been rendered throughout the years to your accepted Holy Books.

I fail to see HOW one can claim the Christ "Jesus" by any name can have been crucified, go somewhere to prepare a place for you, ascend and come back--AND YOU ONES REFUSE TO EVEN CONSIDER REINCARNATION--YOU CANNOT HAVE ONE WITHOUT THE OTHER!!! Further, what do you plan to do with those bodies which will be "raptured" as proclaimed by the evangelists? To have bodies in another "space of dimensional" placement means incarnation someplace and since you are already incarnate in one place, to move to another indicates RE-INCARNATION. Truth shall be given herein and you will simply do with it that which you will.

REINCARNATION

Reincarnation is incredibly difficult to explain to people of this age because the concepts of this age in the unfolding of man are still too primitive for anyone to comprehend many facts of Nature which are beyond their limited range of sensing. That extremely limited range of sensing of this early stage of man's unfolding is his great handicap to comprehension of this principle. When people say casually to us: "Do you believe in reincarnation? Please tell me about it", we shudder at the task for it is impossible to explain reincarnation to anybody whose concepts of bodies, and life and death of bodies, are what people of the present age think they are.

Many of the previous lessons were written to build new concepts of Nature's workings which would make this most obvious fact of Nature understandable. In these lessons, we made it clear that all bodies, whether thought-bodies or material bodies such as sounds, animals, suns or galaxies--are but light-waves. All previous lessons were devoted to the purpose of building new concepts, such as the duality of bodies, as a basis for a better understanding of the as yet unknown facts of reincarnation. These new concepts of the polarization of bodies into concentrated and decentrated, visible and invisible mate pairs which interchange their polarity forever in repetitive cycles, are the first steps in peering behind the scenes of God's workshop where the making of bodies takes place.

You are beginning to know how God builds visible bodies by compressing long waves of low potential into short high ones and then reverses that process so that visible ones again become invisible. Science has practiced that method of compressing waves but does not KNOW that it has been practicing it. Science merely says, "Matter seemingly emerges from space and is then swallowed up by space, but it may be that man will never be able to solve this great mystery of the creative process of matter". We will slowly build up a complete explanation of this process of Nature. Please bear with us.

PLEASE: FOR YOU WHO DENOUNCE OUR MATERIAL AND DENOUNCE YOUR FAMILY MEMBERS OR FRIENDS FOR READING THIS MATERIAL-- WHILE YOU EXPECT THEM TO READ INFORMATION REBUTTING IT, I ASK THAT YOU DO THE SAME HONOR UNTO THESE ONES BY READING CAREFULLY AND OPENLY FOR YOU UNDOUBTEDLY EXPECT ONES TO DO YOU THE SAME COURTESY AND RESPECT.

ILLUSION OF DISAPPEARANCE AND REAPPEARANCE

1. Consider this thought. Place a glass of water on your garden wall some sunny morning. When you go to see it in the afternoon, that body of water is not there. You do not say that the water is dead. You say it has disappeared, and you know WHY it has disappeared and WHERE it is. You know that it has but changed its potential from its dense visible condition to its expanded invisible condition. That visible body of water which occupied six cubic inches has evaporated into a much

larger body of invisible vapors which now occupy a space of six thousand cubic inches.

You know that even though that body of water has disappeared, it does not cease to exist. You know that it still has a body--not the same kind of body--not one which you could drink or wash your hands in--but still it has a body. It might even become visible as a cloud and disappear again. You might also breathe in part of it mixed in the air you use. You don't think of it, however, as having ceased to be, for you know it will come again when cold air contracts it to its dense concentrative polar condition. When rain fills that empty cup, you can say that it has repeated its condition as water. Then when it again becomes vapor, you can again say that it has repeated its condition as vapor. That is what polarization and depolarization, or concentration and decentration mean.

If you totally disregard the thought of repetition of its two opposite conditions and substitute the thought of the eternal continuity of that body of water which forever appears within the range of your vision, then disappears beyond that range for an interval before it again reappears, you will have taken the first simple step toward a comprehension of the sequential interchange of visible bodies with their invisible counterparts. That realization is what we must now impress upon you until you fully realize that each interval of time between the disappearance and reappearance of any body is not a discontinuance of the body--it is merely a "blackout" of your senses. When things disappear from your vision or your hearing, they have not ceased to be. They are not "dead". And when they reappear within your vision or hearing, they are not reborn to life. They have but again come within your range of vision and hearing.

Together with the above realization, you must fix in your Consciousness that the Soul of that disappeared body still IS--and in that Soul is the same desire that created the disappeared body. That desire of the Soul to unfold the form of an idea will cause it to reappear, again to unfold, forever and forever as a continuity which is forever changing but never ceases.

CHANGING SOUND BODIES

2. We must exemplify this thought to make it a part of your knowing. Consider, therefore, a body of sound that you create by talking. When the sound ceases, it is not "dead". You no longer hear it--but if there is a cliffside up the valley and you have talked loudly enough, your voice will again be heard as it condenses into small waves by impacting against the cliff. It is the same voice and the same sound continued out into its spatial counterpart. It is still living. It is a continuity of itself. It is the same sound extended from the point of desire where its body-form was created. You call it an echo. It is just as appropriate to call it a mirror, for sound-waves are light which reflect light.

THE ILLUSION OF REPETITION

3. Consider this same sound being again brought into appearance three thousand miles away by the condenser of your radio which shortens the lengthened waves to the dimensions created by you when you spoke them. Again we say they were not "dead" when they disappeared three thousand miles away from their birth. They but disappeared from the range within which your senses were able to perceive them. No matter where upon this Earth you set your condenser to restore the dimensions of those sound-bodies to their original wave lengths and frequencies, you will hear those sounds again in their original pattern and identity. Let us say that the words were spoken by Bush or Reagan at their point of desire, then Bush or Reagan's identity was "reincarnated"--or "reborn"--or "repeated"--wherever they newly appeared. It was the same voice--same pattern--same characteristics in every respect wherever re- condensed into reappearance.

CONTINUITY

These facts are true to Natural Law, and you are not correct when you use the terms death--birth--disappearance--repetition--reappearance--or reincarnation. How can you be correct in the use of such terms when you know that there is a continuity of such bodies--and that nothing has

changed in them but their dimensions and their polarity? Likewise, if their recognized identity and pattern were that of Churchill who spoke them--or Paderewski who played them--or Caruso who sang them--why, then, should you question whether or not you lose your individuality when the body which you call John Doe refolds into its seed, as all bodies do, whether mineral, vegetable or animal, as you shall be shown a bit later. The seed of mineral life is the zero element known as the inert gases.

All bodies are the result of desire of Mind to create bodies. Desire of Mind is eternal- - therefore all bodies are eternal in their continuity. We should not even say that they are eternally repetitive--for "repetition" is suggestive of discontinuous intervals between each repetition. When night comes, you no longer see the distant mountain. Your range of vision does not permit you to see through the dark. In the morning, the mountain reappears within your range of vision--but you do not think of it as another mountain, reborn--nor do you think of it as a repetition. You think of it as a continuity, for the mountain has never ceased to be. In fact if there is an earthquake in the night which changes the mountain it is not a different "thing". You must see that the same is true of the flower which disappears into its inert gas seed. It is a continuity, however, for it again unfolds from its seed to relive. How can you say that it has stopped living? You can only say it has stopped manifesting life by RESTING.

All dynamic bodies manifest life through action, but who can say that you and even myself whom you cannot visualize, are not manifesting life while resting--or simply because you cannot see me?

If you desire to know what happens to your bodies after death, and if you wish to thoroughly understand the illusion of reincarnation, you must first thoroughly understand what we mean by the term "reversal of potential". And you must also know what is meant by the term "cycles".

Chapter 3 PART 2. *See post #1 for credits and copyright and leave the mods alone. This is NOT copyrighted material so feel free to spread it far and wide. Full pdf link is in post 1.*

EXPLANATION: REVERSAL OF POTENTIAL AND CYCLES

POSTULATE NO. 1: All bodies are continuous. They never cease. They merely reverse their potential TWICE in every CYCLE of their eternal journey within and beyond the range of your sensing by compressing into visibility and then expanding into their invisible seed-recordings.

POSTULATE NO. 2: All bodies are expressed in cycles. A cycle is a continuous two-way spiral journey from the expanded condition of a body to its opposite compressed condition and back again to its expanded condition. A most familiar example of a cycle is DAY and NIGHT. Each is

the opposite half of the other, such as one's breathing.

You will understand these postulates better by exemplifying them. The disappearance of a glass of water into vapor and its return is one kind of an example which you will find difficulty in harmonizing with reincarnation. Let us take an entirely different type of example which you should more readily associate with reincarnation but they are the same in principle.

Instead of the glass of water, let us substitute a tree, an oak. It does not evaporate in order to disappear; it decays by heat and decay is just another word of exactly the same meaning but with a different connotation. Both demonstrate Nature's manner of disappearing by expanding. The element of time also makes it difficult to see both effects as one. The water returns quickly. It may rain the next moment, but the oak tree which has disappeared will not stand there again as the tree you saw for fifty years. Now comes the question, "Where is the water after it disappeared and where is the oak"? That is equivalent to the old, seemingly unanswerable question: "Where do I go when I die"? Further, as the seed (acorn) is again planted and grows, it does not grow into a rose bush, nor a frog or dog or rock--and neither will you for your seed is of human and you will be reborn in the same format in whatever level of dimensional growth is suitable. If the acorn is transported to Mars and has facilities for growth--it will produce the oak of itself with the same genetic DNA as it was in its original tree.

Let us consider this. The glass of water rose up into the heavens as vapor. What do we mean by the word "heavens" in this respect? We mean the low potential gases into which all high potential bodies disappear. The glass of water did not go all the way to absolute zero for it was not fully dead. It had lowered its potential and sought a balancing position of lower potential in the direction of zero potential which we have diagrammed in a later portion.

Now, what about the oak? Wherein lies the difference? The oak has expanded completely into its own identity-record in the zero universe which is its Soul-seed. Can you not see that the oak had but refolded in its zero record to rest from the long years of action of body building? And can you not see that its reappearance as rebirth is but a re-emergence of the same oak? If you plant an acorn from the oak which died in your garden, you will again see it there alive.

In your meditation, ask yourself if death is what you thought it was. Did the oak die? Did it "go anywhere" after it died? Do you "go anywhere" when you die each night to rest or at the end of a life cycle to rest? Do you believe that the oak ever discontinued? How could you when you have seen it come back? Moreover, if it had strange characteristics, so shall the new growth from its acorn. You know it was the same oak for you planted the folded up seed of it in your garden yourself.

In the same sense, how do you know that the child playing in your neighbor's garden is not your own grandmother or even your own daughter? When you know more about the oneness of man, you will more clearly comprehend the possibility of such a happening.

MORE CONSIDERATIONS

Daylight is but light compressed. Can you logically say that invisible night-light is dead? Can you truthfully say that only those things which respond to your senses are living and those others which are beyond your sensing are dead?

Why, then, do you even have to ask yourselves if you believe in reincarnation or do not believe in it? A human being is one unit of an imperishable, eternal idea. His body manifests that idea. When his body disappears, it passes beyond his sensing but his identity, as IDEA, is as continuous as eternity is continuous. I can take you one step further and tell you that the form is just as visible to us in this dimension as it was to you in yours. It is never changed in the vision or idea of God, its

source.

In August, you can pick apples from a certain tree. In October, you cannot, but when August again comes, you can again pick apples from that particular early fruiting tree. Nature refolds everything which has unfolded from it back into its seed but Nature again unfolds it forever and ever, on planet after planet, throughout eternity. Where, then, is that thing which we call death and rebirth? Are they not just two points in the same journey?

You think of life as beginning at birth and ending in death. You have not yet learned to think of it as a continuity such as the cycle of a piston stroke in an expansion- contraction engine--yet one is as continuous as the other. At middle life, your generative power reverses. You then BEGIN to "die" just as you BEGAN to "live" forty years ago. At that reversal point your visible bodies BEGIN to manifest their invisible halves. They are still visible for another thirty or forty years before they pass beyond your range of visibility at that point which you call "death". Likewise, they are still workable as mechanical bodies for many years after the power to pump your visible bodies into their dense forms weakens to the point where you have to give back to Earth and space all that you have BORROWED from it.

Another big question is what happens if one is not allowed to live his life through, such as dying in childhood or being killed in war, if such a one is deprived of the advantages which those have who have completed their life cycles. Nature balances all of her divided cycles. If the visible body "disappears" at twenty years of age, it means only that the whole life cycle is shortened. The invisible half of the body shortens its rest period to balance the shortening of the "work" period. The youth who is killed "reincarnates" sooner than he otherwise would.

Remember, always, that the time element in every cycle of every kind throughout all Creation is equally divided between its opposite halves. The two reversal points are equal. Action and reaction of compressing and expanding halves of bodies are equal. Your in-breathing period is equal to your outbreathing period. If a man generates his concentrated body toward "life" for ten--twenty--thirty or fifty years to manifest God by "work", he must deconcentrate the other half of his body for an equal period to manifest God through rest. That is law. The compression period of every cycle must be followed by an equal expansion period. There is no exception to this law, so that any shortening of any life cycle by destruction of one half of it is balanced in the other half. The next couple of subjects will make this principle more clear to you as we proceed with further unfolding of the continuity of the opposite expressions of life which you wrongly call "life" and "death". These are NOT TWO; they are ONE.

I would like to point out the purpose of devastating famines and abortions and the like which take the babies. These are not only allowed but are encouraged by the evil adversary for the facts are that the Godly "seeds" are seeking reborn into the dimension of the physical in order to serve their growth purposes. The point of the Elite anti-God factions is to prevent as many making entrance and killing off massive numbers is fully visible if you but look at it. You have overpopulated a planet by 5 and 1/2 billion (minimum) and yet, these energies are often of the masses already "captured" by the physical intent adversary. It is very little different than Herod killing all babies to prevent the Christ from living. It is known that the children of God through the cosmic brotherhood are coming forth and the point is to STOP THEIR SURVIVAL!

CONCEPTS WHICH MAY SEEM AMAZING AND NEW

Both halves of your bodies eternally live. They never die. There is no death in the universe anywhere nor in anything. God lives. God's universe is a living universe.

You might say, well, do we always rebirth the same? Yes and no. The spirit or refolded seed is absolutely the SAME--the presentation may be, say, male or female-- which is only a fabrication of

the physical manifestation as are other changed dynamics of the body itself depending upon impacts of physical measures. Let us say you plant a hydrangea plant in acid soil--it will produce pink blossoms. If you plant it in alkaline soil it produces blue and yet the seed will be of the same plant and may even bear deformities of the parent. That does not mean it changes into a rose or a poppy.

Your bodies "work" for a while, then they relax and rest before working again. But relaxation is not "death". The cyclic heartbeat of this living universe works for one- half of its pulsebeat. It relaxes during the other half--but each expresses the continuity of life. Your bodies "work" at manifesting God during the positive half of their body cycle. They then relax--decenter--into the negative half of their bodies to RENEW THEIR POWER again to manifest God through work. Your bodies are thought-wave recordings of God's thinking through your thinking. God's thinking is continuous--therefore, the recording of God's thinking is continuous.

Please look back at our first book speaking of your PLEIADES CONNECTIONS and you will see a whole chart breakdown of these phases, or cycles. There comes one voidance point where ALL IS AT REST.

There is no gap, no void, in any other portion of the cycling, to interrupt the absolute continuity of every effect of motion into its opposite effect. The CAUSE of all EFFECT is eternal. If there were any gap, or void, or discontinuity in EFFECT, CAUSE could not be eternal.

Your present limited range of perception has borne the idea of discontinuity in you. Your concept of "death" is one of the results of that gap in your range of perception. But you MUST reconsider and come into understanding of this cycling before you can move into the next dimension of experience.

NATURAL FACTS WHICH ESCAPE YOU

The Soul is the fulcrum from which the polarized lever of motion extends to manifest a polarized body. All bodies are divided; therefore, all bodies are polarized. A polarized body means a body which is divided into two seemingly separate male and female parts because of two opposite conditions which cause that seeming separateness. The whole universal body is polarized into mate pairs. It is also multiplied into compressed light-waves of matter which you can see and into expanded waves which you cannot see.

A good example of a polarized body is a storage battery. When it is being charged with light current, it is compressing. When it being discharged, it is expanding. **To compress is to polarize. To expand is to depolarize.** Man's storage batteries can become depolarized , or at rest, but they can be awakened in the morning fully charged with dynamic energy.

Nature's storage batteries can become depolarized but cannot die in the sense that they have come to an end. Nature's storage batteries are bodies. They automatically recharge as you automatically re-breathe. Every body in Nature is a permanent live storage battery. Every body consists of dense matter surrounding a center of gravity which controls its density. Every body periodically disappears into the zero of space and reappears into the visibility of matter.

God is LIFE. In Him there is not death. Bodies manifest that which their Creator IS. Bodies are as eternal as the ideas which they manifest are eternal. That still point fulcrum of desire which motivates every body is eternally present in every body. It is the Soul which centers every body in the universe from giant star to a speck of dust on a butterfly's wing.

DESIRE TO MANIFEST IDEA IS THE FULCRUM OF THE UNIVERSE!

I believe you will find this easier to digest if we break it into two sittings at this point. When we

write again we shall take up the supreme mystery of the ages which will continue on the subject.
Thank you.

CHAPTER 4 PART ONE.

REC #1 HATONN/GERMAIN FRIDAY, AUGUST 16, 1991 9:18 A.M. YEAR 4, DAY 365 FRIDAY
AUGUST 16 1991
(NEW YEAR'S EVE)

Hatonn present to greet you on this, the last cycle of your old year. Tomorrow begins year five and all things hold, right on schedule. You have been patient and waited upon me, Dharma, it is not much longer, chelas. We are constantly present in your sky; it is only that it is most difficult for you to know that which is of Earth and that which is of the "heavens". We are as the stars, in fact, in most instances that which you witness are us and not the stars in your night sky and you simply cannot see us in the daytime skies--or, mistake us for that which already travels in your atmosphere. Because you cannot see the stars and planets in your system in light of day--does it mean they are not there? Ponder it. As you think back briefly, it is always with "I should have...." or "...now we are behind...", no, in God's order of sequence we are all exactly where we should be

and doing that which is necessary for the moment. Where our work lies is in the changing of the expectations of the "next moment". Man can only change within the moment which is--but he can only cause change relative to that which was with greater added knowledge so that he can work toward that which is "expected to be".

This allows for the workings and manifestations of that which was thought fulfilled in the effect of cause as manifested so that the vision can be looked upon. Now comes the wondrous part of co-projecting "that which will be". Allow us the glory and honor of a job well done as we move together through this veil of experience wherein man must confront self and choose his destiny. Will it be divine or will it be in ignorance? Will it be in divine oneness with God or in separation from God recognition? Each will choose. You ones hold to me closely for the adversary is rapidly taking out the dissenters and the disclosers of the evil practices and yet the disclosers do so for purely physical reasons and do not ask God's protection and sanction upon the work and there is no other protection against those who would slay you. When ones have "divine" purpose and "divine contracts" it is known within and the bond is between God and self. There are no other kinds of "divine" contracts. If a contract be between persons in human form, it is simply "contract"-"divine" designates GOD.

As Germain writes, I ask ones who have studied the material to be patient regarding that which is in the coming. **We have correspondence from one who has greatly studied and perceives--correctly--that the information cannot be totally comprehended from that which is third dimensional perception--it will have to move into and encompass the fourth dimensional perception to be in wholeness since this is the effort of progression in point.** (Candace: dimensions are levels of consciousness and "time" is NOT the 4th dimension as put out by some. There are people on this earth who are not even 3rd dimensional consciousness yet. 5th Dimensional consciousness is the level of "god or christ consciousness" which is called also the 3rd circle of the 7 circles mentioned in the Urantia Book. God consciousness is a state of awareness of the God within, in part, and also a level of more understanding of the cosmos.)

Yes, but taken out of sequence would boggle the minds of the readers for only a tiny, tiny few have the concept as is. Only a minute fraction have ever had even a smattering of that which is being given. Please allow us to acknowledge your input and then please wait upon higher recognition of readiness for the next segment. Even the one inquiring must realize that the substance already contains the "whole" if you could but have holographic presentation of the diagrams rather than flatland surface illustration.

If the perception of that which is given can be comprehended--the timelessness and spacelessness can be integrated for the major hurdles will have been accomplished in the basic understanding. Please continue to share with us for your illustrations are indeed helpful, although just a wee bit premature. Do not overlook the fact, sir, that your purpose may well be to present those "keys" into the unlocking of the mind blocks into understanding. Perhaps it is "yours" to fit the final "human" pieces into the whole--please do not withdraw simply because it is a bit out of procession.

The understanding must move into even higher consideration than is the fourth perception but yes, you are correct, the third dimensional outlay is but a primitive first step into higher integration. **But--we DO have to begin with that first unsteady step. You see, we will lose many through the outlay of "reincarnation" as a subject. The adversary knows this and has taught the speakers of the religions, since the Christos, to deny even the possibility.**

But you see, it is the TRUTH we come to bring and we have no need to argue, debate nor explain. If a thing is not clear--we will effort to clarify and then each must balance his input against the total limitlessness of God Creator and his own connection within that Creator. We are not come to twist

and manipulate, plead or coerce--we are come to outlay the Truth of LIFE and all the human experience of our revealings is only to allow you to see that which has been falsely brought unto your table that you might find and eat of the good fruit, no more and no less.

Man as human is given to journey and project as he will. We can show you that which is incorrect in actions which will not bring you into the Kingdom of God, how you accomplished that which is pulling you down, who and why it is happening and allow you to act in time to change of it--we are given to show you that which will ease the impact and allow remnants to pass through the trying times and teach you the WAY. He who chooses to short-cut, for instance the writings, to slip through uninformed, will not do so well. **God expects you to do your homework and your studies if you plan to graduate from this university of illusion into LIFE.**

I have taken far too much time from Germain and the scribe this week to allow myself the privilege of answering the myriads of inquiries stacked and waiting. It will all be unfolded if you will but wait--for I repeat, we are not here to argue points on any physical experience be it from food intake to sexual activities. Ours is to outlay the Laws, the path of spiritual wholeness and how the senses of the physical manifestation absorb your existence and perception even unto destruction. I honor each opinion-- every opinion. This does not mean that the "opinion" represents the truth of the speaker just because I respect the speaker.

I judge NO MAN--I DO JUDGE HIS ACTIONS. As long as human seeks "all the ANSWERS within the PHYSICAL" he shall not find that which he seeks--GOD IN PRESENCE AND EXPERIENCE. YOU CANNOT REACH THE SPIRITUAL IN THE PHYSICAL AND THEREFORE MUST COME THE CHOOSING SO THE DIRECTION OF ACTIONS WILL LEAD YOU INTO THE HIGHER PERCEPTION AND FULFILLMENT WITHIN THE SPIRITUAL. IT IS TIME FOR THE NEXT GROWTH STEP OF YOUR CIVILIZATION AS A WHOLE--AND IT ONLY REQUIRES A "FEW".

I believe you can see that MOST will not make such transition at this time of passage for they cling to that which is staid and fake because another human with his own opinion tells him that which to do and believe. When God sends his messengers to tell you how it is--neither they, nor God, are recognized--it has not changed since the first footstep of man in manifested form--for he had to grow and learn. So be it.

I relinquish unto Germain that you might move on with the lessons. Thank you for your attention; you are moving into the days of quickening--you are in the "days of Kali (chaos)" wherein the rule is through evil intent and the adversary's leaders; it is a magnificent time to be allowed experience--please do it WELL for much depends upon how each serves. As you walk through the valley of the shadows into the knowing within the light--all things of darkness cease to cause fear--remember it well. Remember: "I am with you always--you shall not be given to walk alone". AHO!

I would suggest that even if some of this material is not understood, that you have a better concept still of "god" and the creation.

Chapter 4 Part 2. Germain now continues.

GERMAIN: THE SUPREME MYSTERY OF THE AGES

I suppose we can also label this portion "Reincarnation Continued". The term itself has become so foolish--the fact involved is that THERE CAN BE NO SUCH THING AS ACTUAL DEATH--ALL IS ETERNAL AND INFINITE! ALL.

To rebuild new concepts of nature's workings is not easy for you nor is it easy for us to explain simply for you have been fed so much garbage, fear and false teachings. How can you not look upon a mighty tree and upon the acorn and know of its infinite existence and refuse to allow for your own--the most wondrous projection of God's thoughts--recreation of Himself!?!?

Well, for you, it requires great attention followed by much "decentration" (generalization through integration of all within all) and yes, you can get very, very "good at it". For us, it needs the power to make simple for you that which seems inconceivably complex to you. **We can assure you, that when you finally arrive at full knowing of the basic simplicity of God's creative principle, you will KNOW it in all of the simplicity in which we KNOW it. And it will transform YOU by its illumining.**

Always it is that the simplest of all stories is the hardest to tell when one has to tell it to the SENSES--in WORDS. This marvelous story we are telling you cannot be told to the "senses" in words. It can be told only by inspired Mind to re-inspired Mind. It cannot be SENSED. It MUST be KNOWN. The story is not in the lines of words, therefore, it is in the blank spaces between the lines. These you can read only AFTER your senses have seen the words. Pause, therefore, often enough for your Mind to read the "blank spaces" between the words so that you will awaken the KNOWING which is dormant within the still Light of your Consciousness instead of only the vibrant motion of your senses which know nothing but can remember and repeat everything.

Let the noise of your vibrating senses die down once in a while and seek the silence from which that noise springs. In that way you can alone KNOW the great mystery which is being unfolded for you here in these pages, step by step, by taking one idea at a time and telling you about it as simply as possible. We MUST talk about them simply, for from now on you will be confronted with new thoughts and ideas which are so entirely new and strange to you that it will require great effort for you to discard your old primitive concepts, which your senses have deceived you into forming, and replace them with new ones beyond the power of your senses to distort. It is not easy to step into another world which is utterly different from that which your senses have built up for you, But the reward for the effort will simplify your life and multiply your power to control it.

Proceeding in this fashion, I will tell, step by step, how God seemingly divides His indivisible

ONENESS into countless many seemingly separate individual ONES. Also how God seemingly extends countless many changing and differently conditioned visible bodies of complex forms from the ONE formless, unchanging, unmeasurable and unconditioned Source of the entire illusion which Creation IS.

GOD CREATES ONLY ONE FORM

In the electrically-divided universe, there is but one divided form of one divided body--and that one form is the cube-sphere. (See Fig. A Page 46.) The sphere is the visible compressed half of the one polarized body. The cube is the invisible other expanded half which divides and insulates hot spheres by the static zeros of cold space. (Princeton, I believe this will begin to answer your most thoughtful and important questions of this past week. It is important that you ones voice your inquiries but KNOW that you need not wait for Dharma to type to get your responses-- OR, wait and we will get them covered as quickly as befitting the outlay of the whole. Thank you).

This one body form is in the making and the unmaking everywhere in the universe. When the visible sphere is completed in its making into a true sphere, its invisible other half is then a true cube. Together the cube-sphere is the basic one form of all bodies. Your own body is composed entirely of cube-spheres in the making, or unmaking, and so is the body of the violet, rose, insect, elephant, bird, automobile or ocean liner. **The complexity of Nature's countless thousands of forms disappears in the countless thought-rings combined into simplicity of cube-spheres, of which all forms of animal, vegetable and mineral life are composed.**

It may be difficult for you to think of your body in terms of cube-spheres when you are so accustomed to thinking of your body as you see it in the mirror. In it you see a body with legs, arms, head, hands and feet. It is even difficult for you to think of your body as composed of atoms. If, however, you earnestly desire to know what happens to the pattern of your body structure and to the countless thoughts which you have conceived during the only kind of life you know, and expressed in the only kind of body you know, you will give much thought to the cube-sphere wave-field which is the basic form of God's Creation. All other forms are becoming true cube-divided spheres--or departing from them in decay. Never forget that all bodies, human and otherwise, are composed of the elements of matter, and all of them which are balanced mates crystalize in true cubes. Unbalanced ones, crystalize in distorted or complexed ones.

IN this knowledge of the inter-relationship of the cube-sphere lies the answer to thought-transmission between living people and those whose bodies have passed beyond our range of sensing. This much-hoped-for possibility will come within the range of your comprehension, and possibly within your powers of practice, when you KNOW that thought-bodies are the basis of the material bodies with which you are familiar.

The sphere is the result of the concentrative pulsation of god's thinking which concentrates by compressing inward from without to focus the light of God's thinking. to a point of stillness around which a thought-body can be formed. This causes that universal effect which we know as generation, and the still point of concentration is a center of gravity. **GENERATION MULTIPLIES POWER.**

The cube is the result of the decentrative pulsation of God's thinking which thrusts outward from within to the stillness of the cube boundaries to produce the opposite effect which we know as "radiation". **RADIATION DIVIDES POWER.**

Generation and radiation are the opposite ends of the piston which motivates the heartbeat of this eternally living dual body of God, which is your dual body. Its continual giving and regiving manifests the love principle in both the action and reaction--not just in one of them.

Their continual interchange in spiral lanes of opposed directions gives you the incandescent light

of hot spheres by the friction of resistance to the inter-passings of both in such close quarters as the vortical centers of cube-spheres. Conversely, the release of that resistance in the widening lanes of the outer spiral direction gives you the cold and dark of the cube half of the wave-field which encloses every divided body in the universe. Always vision the zero universe as God's end of the universal piston and the moving electric universe as man's end of it.

No matter where you look out into Nature, whether it be the bark, wood or leaf of a tree--or speck of dust on that butterfly's wing--the grass in the meadow or the deer eating the grass--or your own body of many forms and substances, from the hair on your head to the nails on the ends of your fingers and toes--all of them are composed of cube-spheres which are either completed or on their way to, or from, the balance point of their maturity at the amplitude reversal point of their octave waves. Of these octave waves you will hear much in later lessons. In other words, the dual body of the cube-sphere is growing to its maturity to express life, just as your body is growing to its maturity to express life--as all bodies in all the universe are doing.

After they have matured to the maximum of their generative power at their octave wave amplitudes, they begin to return to their spatial body from which they emerged-- as your body, likewise, does. Remember, however, that Earth and space express "death" to give "life" to the compressed half of your body.

You then give "life" back to the expanded half of your body by giving it your "death". But why think of them as life and death? Why not think of them as the two expressions of life which are manifest in all things--ACTION and REST from action? Learn to think of life and death that way--as an interchanging continuity instead of as the beginning and end. Think that way concerning all bodies and all actions of all bodies which perpetually GIVE and are being RE-GIVEN. Think of the manifestation of the love principle in all actions of all bodies.

If you even throw a ball into the air to manifest life by charging space, you are also manifesting death by discharging Earth in exactly the measure of potential which Earth extended from it. Conversely, the ball regives "life" to Earth and "death" to space by the interchange of one body condition with the other when the ball falls back to Earth. You do exactly the same thing when the inner half of your body breathes out to the outer half. You give "life" to the invisible half of your body by extending "death" from the visible half.

Realize always, that all bodies in all Creation are the recordings of God's concentrative-decenterative thinking. Both pulsations of God's thinking are creative-- not just one pulsation. Both are constructive. One compresses from the outside inward towards its center to create visible bodies and the other expands from the inside outward to render them invisible. Both express life--life interchanging with life. **There is no "death" nor destruction in either pulsation of God's continuous thinking.** It seems to change but the change is a continuity. Diverging rays which leave the sun discharge the sun, but when those same rays converge toward Earth, they charge Earth with life. **Negative discharge from any body becomes positive charge to every other body. Life flows continually. There is no death.**

THE CUBE-SPHERES OF SPACE

You can better visualize the cube-sphere by looking up into the starry heavens. On a clear night, you will see countless stars which are true spheres--or prolated ones which are not yet completed--or which have been completed and are now being transformed into their opposite spatial counterparts. Around each star you will see tremendous expanses of dark space. You think of that empty space as formless. You cannot possibly see a cubic form surrounding every perfectly spherical star. Your senses will not permit you to see them, but your Mind will permit you to KNOW many things which your senses cannot possibly perceive.

A SUPREME DISCOVERY

It might help you to comprehend what is now coming by my asking you if you have ever considered why it is that all of those millions of stars out in space do not crash into each other and wreck each other, accidentally or otherwise?

The answer to that question is that all wave-fields which bound and enclose each body-pair in the universe--human and otherwise --are insulated from each other by the invisible planes of zero curvature, such as the six flat planes which enclose a cube beyond which light cannot pass without reversing its direction which is the reaction to the action.

Reversal of direction from inward to outward, and from red to blue, and from generation to radiation, is the insulator which keeps all wave-fields in the universe in balance with each other and insures their centering suns from colliding with other suns, and adjusts the changing orbits of all centering bodies to balance always with each other's continually changing orbits.

Let us now consider your own dual-body in this same light. Your own body is composed of countless billions of little wave-fields which bound each corpuscle of dense matter and its surrounding spatial counterpart. What is there to prevent these spheres and spheroids of your body from colliding with each other? **The answer is the same for your microscopic wave-fields as it is for the mightiest stars in the heavens.**

You, as an individual unit of Creation--like every star in the firmament, are an individual unit of Creation--center your own collective field which includes the millions of little ones within it and those you take on as your desire increases in intensity. You, as an individual unit of Creation, are a POINT OF DESIRE in the zero universe of Mind. Around that centering point, which is your Soul, you create a record of your desire, which is your dual-body, in a wave-field measured out for you in the stillness of the unchanging zero universe. Thus you become that which you think.

The measure of your wave-field is the measure of the intensity of your desire. The pattern of the body you create in it is a record of your desires. **Your body is the record of the sum total of the desire you have expressed in the millions of years of your unfolding.** You never lost that patterned record of your desire which is your body. You always have your body. Your **senses** lose awareness of it during your death period just as they do when you sleep, but your conscious Soul never loses awareness of it. Desire in your Consciousness recalls it--reassembles it, part by part, in the pattern of age-long desire--just as desire of Soul which centers the seed of an oak reassembles the oak tree in its own pattern, leaf by leaf, its wood, its bark, its strength and its majesty of form.

If you look into the seed of a flower, you cannot find the flower or any part of it. Even with the finest microscope, you cannot see any indication of leaf or color or stem which will assemble itself around and extend from that seed. **Nothing material is in that seed. It belongs to the zero universe of Mind-desire.** Centering it is that point of desire of Mind to manifest the idea of a rose or violet. Around that centering Soul are invisible states of motion known to chemists as "**the inert gases**".

The body of the oak is not in its seed, but the IDEA of it is there. God is there-- God the Creator, who has desired to manifest that part of the whole idea of Creation at that point of desire which centers the seed of the oak. Where, then, is the body of the oak? Where has it gone? It is in that other half of its wave-field—the invisible seed within which the visible half rests from its concentrative action. It has gone beyond the range of your vision but it still IS.

When desire of Mind reconcentrates upon its desire for a concentrated form of body, that

concentrated form reappears by reversing its direction from negative to positive. It centers the cube of its wave-field. It becomes the fulcrum of the wave lever which pumps each patterned part of the oak from its outer invisible body to its inner visible one. Conversely, when desire of Mind decentrates, every state of motion which constituted the visible body expands centrifugally into the invisibility of its cube by again reversing its direction from charging to discharging.

Always remember that you have two opposed halves of your one body, just as you have two opposed swings to the pendulum of your thinking. One half of your body is for its "work" period, with short intervals for rest and body renewal, while the other half is for its long rest period, "the death period", for complete renewal of the working half. Remember, also, that desire to reassemble your visible body by reversing your own body polarity, is centered in you as it is in the oak and all other forms of IDEA.

When these processes of God's creative secrets are yours to KNOW, you will more fully understand His meaning of these words:

For behold I am within all things centering them, and I am without all things, controlling them.

today I will put up some more after my morning is in full sway. I will be skipping some portions, and just keeping to Germain's material. Hatonn does some extensive political reporting which will in some manner, since its old, take away from the focus of Germain's teaching. There was so much intense "soap opera" going on as Dharma and hubby were drug thru the court system too. Hope some of you have downloaded the pdf file.

Ok, I found myself reading into that journal again for a time last evening, went to bed early and forgot to post some more. And today the CME that was covered up happened, so there went that until I just remembered.

OK that is Chapter 5 and I was going to skip the first part of it, because its not about the subject directly of the PJ. But it is worthy for you know some things from " back then" . He explains why Dan Qualyes (remember him....) idea of blowing up stuff coming to earth with Nuclear bombs is not such a good idea.

So this post, this part one of Chapter 5, will include that discussion and then part 2 in the next post, will be Germain's teaching relevant to this PJ.

To green thumb collectors, I once again refer you to Post #1 for the copyright discussion and linkys. This is NOT copyrighted material, God does not do such a thing.

CHAPTER 5 (part one)

REC #1 GERMAIN SUNDAY, AUGUST 18, 1991 7:46 A.M. YEAR 5, DAY 002 SUNDAY, AUGUST 18, 1991

Germain present in the violet flame of the I AM Presence. I bow in humble service unto God and ask Presence and capability to serve you well that you might find understanding.

I realize that it is the immediate happenings which catch the conscious interest for those are the things of which you must attend. However, if you do not know how to control and recreate those things and events, you cannot change of your circumstance. If you do not become informed you will allow further devastation to come in ignorance of the consequences.

I have been asked about the asteroids and "body" coming toward Earth and the biggest question of all is, "Do the scientists know"? Of course they know! Do you not remember that Hatonn told you that your Dan Quayle said that the solution was to "...blast them out with nuclear bombs"? Where do you think he would get such a stupid idea? Remember, this poor individual is not only caught in a system of total corruption but also "heads" your space program!

So what are the scientists saying on this subject? They are saying:

The chance you could be killed by an asteroid slamming into the Earth is more than triple the chance you could be killed in a plane crash--one in 20,000, compared with one in 6,000. Those probabilities come from NASA where astronomers say the Earth will eventually be destroyed by an asteroid. "The Earth is certain to be hit", says Dr. Clark Chapman of the Planetary Science Institute. "We just don't know when". To prevent that, physicist Edward Teller, FATHER OF THE HYDROGEN BOMB, suggests "sending out a little something to meet it". A nuclear bomb could explode ANY ASTEROID aimed at Earth, says a Lawrence Livermore National Laboratory report.

Yes, these are the same ones who had to call US IN TO STOP A CHAIN REACTION IN THEIR ACCELERATOR-BEAM SYSTEM. THEY JUST ABOUT STARTED THE FINAL STORY OF YOUR PLANET BY CHAIN REACTION A COUPLE OF YEARS AGO. SAME LAB--SAME "SCIENTISTS".

If you have been keeping up with the JOURNALS you will know all about that incident--if not, I will not take time herein to discuss it specifically. However, you have been told by Commander Soltec that you can begin to expect the radioactivity to begin falling-out on you in about 1992-93. I have outlaid to you "why", if nothing else happens at all. Let us just say that you did have an asteroid of large size headed at you and you could project a hydrogen bomb accurately enough to strike it--it would have to come relatively "close" to you for you have no defense system in space--thanks to

the Russians. So, the next thing is to explode it--fine, now, you have it exploded and have charged it (EVERY PARTICLE) with saturated radioactivity.

That which goes up must come down and those particles being heavier than the atmospheric particles will fall through the radioactive belt already established and finish the task of thorough radiation potential, pick up other particulate and fall right back down on you more deadly than anything you can conjure on your own account. Remember what I am telling you--ABOUT GRAVITY. You have just set up a situation wherein the substance will seek its own "weight" and "density" and being more dense and heavier than the surrounding atmosphere will move toward the Earth more and more rapidly as the particles pick up weight and slow in motion. Ah, and Americans have no fall-out shelters. It is not just enemy bombs you need watch for--your deadliest enemies are your own people!

Ok Chapter 5 part 2. This will be 3 parts as its long. Again linky and copyright info are in my first post.

ANSWERS WITHIN

More and more response is flowing from you precious ones that is indicative of a turning within for your answers. As you sit to pen the inquiries I ask you to go within with the question and meditate. Then I ask you to sit and pen the perceived response-- correct or incorrect, it matters not in the beginning. However, if you will follow the outlay of procedure as given to you recently by Hatonn, you will find your answer, for you will HEAR THE RESPONSE! Then, as you glean more and more information--you shall fit it into the puzzle and soon you will find that you HAVE THE ANSWERS-- ALL OF THEM. You may not like the answer you receive but you will know it to be right. That which comes up in apparent total negativity--STOP, and then go back for solutions of positive nature--and you will get those also for we are giving the tools unto you to KNOW! **We cannot stay wallowing in the turmoil and confusion of the physical moment to moment veil--we MUST MOVE ON TO THE FOUNDATION OF CHANGE--WHICH MUST TAKE PLACE FIRST WITH YOU.**

If all of you readers would follow the procedure of writing down your questions as we move along-- you will find that you need no further answers from me or any other being. **But, by the writing down of the inquiry with intent of, say, me answering them- -I will get the "call" and you WILL GET YOUR ANSWER.** I am as near as your telephone or wireless--but you have to have the knowledge and information upon which to balance your actions and perceptions.

EXTENSION OF SOURCE

I must continually remind you that each individual person is an extension of the Source of

all-knowledge. You need not seek knowledge through another when it is within one's Self. Someone else who has knowledge can open the door to it for you to enter but you **MUST ENTER** that door **YOURSELF**. Another can but "inspire" you to gain knowledge for yourself, as another can awaken in you the power to heal yourself, but no other person can heal you himself nor give you knowledge. God-awareness in you alone does that.

We can, however, look at a few inquiries which now seem to fit into selected categories and I am happy to consider those and comment. One which is often asked is regarding whether or not the Wholeness of God grows in potential through this divided and multiplied principle of Creation and is that the purpose of this simulated universe? The question as to this simulated universe has desired an answer for some time. Let us look at it a moment for, again, the "call compels the answer".

God does **NOT** grow in potential--He is **ALL POTENTIAL ALREADY**. God is already omnipotent. The potential of power which God has in His Being is the measure of **DESIRE** in Him to create His universe. That omnipotence is unchanging. It does not grow more or become less. That unchanging condition is the zero of equilibrium and is the still fulcrum from which multiplied and divided power extends as a lever extends from its fulcrum.

God's power is manifested in **HIS** thinking. Thinking is dynamic. It concentrates and decentrates. Potential multiplies in the direction of concentrative thinking. That direction is from outward to inward, which is the direction of compression. The maximum potential of concentrative thinking is recorded in spheres of matter as centers of gravity. Your own potential is set by you in the measure of your desire.

All effects of motion which vitalize life multiply in this direction. Cold multiplies gases into solids. All matter solidifies as multiplied pressures pack light-waves into closer quarters.

Conversely, potential divides from inward toward the outward radial direction. Heat divides solids into gases. They cool as they divide and die as they cool. The greater the division, the colder its temperature, the slower its speed of revolution in its orbit, the faster its speed of spinning on its axis and the less its weight and density.

In relation to the question regarding this **SIMULATED** universe, I mean that all Creation is only God's imaginings. The universe is a cosmic cinema--a multi- projection of the dual light of God's thinking onto the blank screen of space. Every happening "unhappens" as it happens. Everything in nature is forever walking into a mirror of itself so at one motion in one direction voids the other opposite one.

As a pendulum swings one way, an invisible one swings the other way with equal and opposite force to void the other swing of it.

Your senses are limited to seeing only one-half of the effect. You see events in forward time only, hence you have sequences of events following each other like day and night. From this illusion of motion, due to limited sensing, **TIME** is therefore conceived. If your senses extended clear around the 360-degree circle, you would sense a backward flow of time which voids its forward flow. This becomes one of the reasons that anyone, say a psychic, who predicts a thing to occur at a given moment in time is most often going to be incorrect--for there is **NO TIME AND NO SPACE IN REALITY**. Therefore, all predictions **MUST BE BASED** on that which you of Man-action impacts. Your free-will options can change a probability by as many possibilities as exist--which are infinite. When we calculate a "possible" happening on your placement, we are caught in the Catch-22, also, for all you have to do to change the circumstance is, "change it". Further, as with earthquake timing, etc... it depends greatly on how many wish to change it and in what direction.

Let us consider that which is under way at this very moment along your fissure of the confronting

sides of the Pacific Plate and the North American Plate (tectonic). In the past two-three days a deliberate triggering of the whole of the fault line created by that contiguous body to body impacting has been under way. There have been many discharges of massive energy to "dislodge" the "hung up" cogs/gears, if you will, of those two plates. Two things will occur when it is dislodged--one, it may well lessen the intensity of the shock waves because it will interrupt the heavy building up of energy against the place of immobility. But the pressures are so great already that a massive unlatching of those plates abruptly (which is the only way to do it now) releases such massive potential that it will probably pull the entire rotation of the plates with it. Do you see that this can precipitate earth movement on a global scale'?

The idiots of your Elite tinker and through their actions, cause others to tinker, with the most devastating and destructive forces on your globe. You could, by one detonation which breaks that "showstopper" loose, destroy everything touching the Pacific Plate in the ring-of-fire. It is calculated by your own geologists that it would cause earthquakes along the entire fault system of well in excess of what you label, 10 points. That little happening was planned to come off in what you call your "yesterday". It is now too late but the clog is all but cleared and triggering it becomes easier and easier--at this moment you are less than 15 seconds from total destruction of the entire West Coast of the United States, etc. Fifteen seconds is all it will take from point of breaking the holding points.

But that is only one point of catastrophe--in your ability to survive in a physical world based on needing physical "things" for survival--you are equally as close to total disaster. Do you see that the Elite now control every facet of your physical existence on the planet? YOU CAN CHANGE IT IF YOU WANT TO--BUT WHO WANTS TO? WE SEE ONES WANTING TO CHANGE THEIR OWN LITTLE WORLD AND HOLD TO THEIR OWN POSSESSIONS BUT NOT WISHING, FOR INSTANCE, TO SHARE ALL THEY HAVE WITH BROTHER TO ACTUALLY STOP THE STEAMROLLER IN ITS TRACKS. UNTIL YOU COME TOGETHER IN UNIFIED DESIRE TO CHANGE IT--IT WILL CONTINUE UNTIL YOU ARE BOUND AND GAGGED AS PIGS IN THE PEN AT SLAUGHTER. SO BE IT.

You will more readily understand the subject in point if you realize that the universe is a two way bilateral extension from the ZERO of the universal equilibrium. You cannot multiply ZERO but you can SEEM to do so. Nor can you divide ZERO even though it SEEMS you can. Try it. Zero simultaneously multiplied and divided by any number equals Zero!?!

Nature never multiplies potential without simultaneously dividing it equally. A solid is seemingly produced which the senses record--BUT Nature simultaneously creates an empty vacuous black hole of space around that solid which we call empty space. It is "empty" because it has given "fullness" to its opposite. Each is equal. Your senses are part of that division--but your senses are not the whole of it. If they were the whole range of it, you would comprehend that you were but "day dreaming"-- imagining--thinking image forms from imagined idea which is what God does to create this cosmic illusion.

Creation is a wonderful and glorious vision but it has no more reality than the cinema you see in the theater. That cinema consists of motion only--light in motion. Stop the motion and the motion picture would instantly cease. Likewise, God's cosmic cinema would instantly cease if God stopped thinking. Likewise, you also cease to create when you stop thinking.

You ask the purpose of it all. From God's point of view, His purpose is to manifest that which He is in imagined form. God is Light--God is Truth and the LAW--all meaning the same thing with differing connotations.

God desires to manifest Love. He does so by dividing the giving of Love into two opposite

directions. The opposite expressions of Love are giving and regiving but it is in this fact of division of giving into two opposite directions that the illusion occurs.

To a sensed creature, nature is an illusion of separateness of many things which appear, disappear and reappear--or live, die and are born again. If, however, our sense- perception could record the invisible bodies of motion in space as well as it could sense the visible ones of Earth, we would sense the continuity of it all--and thus sense the voidances which would cause motion to cease entirely and naught would then remain but your KNOWING.

You would KNOW it for that which it is--A divine IDEA--and you would know it timelessly--without change--without dimension--just as you can KNOW an IDEA in your Mind timelessly. You can then THINK it into form if you wish--and that would take time, for as you THINK it into changing sequences you are also "creating" time as you are creating your thought-forms. You know, however, that they are but visions of your imaginings and have no other reality than that. Likewise, God knows that the universe is HIS vision, product of HIS thinking.

From your own point of view, what is your purpose? Your purpose is to multiply God- awareness in you so that your purpose is God's purpose. God-awareness in you means becoming the Being which God is. As that awareness increases, you then become Love which YOU manifest by giving--and YOU become truth and the Law of Balance which YOU CONTROL. When God-awareness is complete in you, YOU are the Creator of all that IS because of your knowing your Oneness with the One.

When you have thus become the Universal One Being, you are then the ecstatic IMAGINER--the cosmic dreamer of dreams--the visioner of IDEA and the creator of imagined-bodies for imagined-IDEA.

This is a brief answer to your question. To grasp it more fully, you must fill in the gaps of your lack of understanding by studying ALL of the lessons from the beginning and thinking much in meditation, upon them.

It is not easy for the sensed human to even begin to understand it, but as you become more and more cosmic because of your increasing God-AWARENESS, you will not have to study it so carefully and think it so concentratively for you will find that you just KNOW it.

OMNIPRESENT/OMNIPOTENT

The God Mind being omnipresent and omnipotent, would not the thinking that springs from the Mind be of the same quality--hence NOT ILLUSION?

Yes, it is the same quality--and it IS illusion but illusion is also omnipresent and omnipotent AS ILLUSION. Mind is undivided, unchanging and motionless. Mind KNOWS. Thinking is giving action to Mind-KNOWING. The thinking of Mind is divided, changing and in continuous motion. Motion cannot be stillness--sound cannot be silence--changing cannot be unchanging--but sound can manifest that which lies within silence--change can manifest the unchanging and the divided can manifest the undivided.

If you would but look at the still point from which the pendulum of your clock swings, you would better understand how the changing can manifest the unchanging, but cannot BE the unchanging--also you will understand that its motion cannot become its stillness.

Likewise, if you will look at the silent harp string from which its sound extends, you will see that the sounds are not in the silence but are in the motion of the vibrations which extend from the motionless string. Sound, therefore, does not become silence, nor does silence become sound. Again, if you would look at the fulcrum from which a lever extends to lift heavy objects, you will

see that the power which lifts them is not in the moving lever but in the still fulcrum, for the lever cannot move to lift anything without its still fulcrum.

TIME: REAL OR ILLUSION?

A lot of you project the following: "I cannot see how TIME could be considered to be an illusion. To me, it is the most real thing I know of--even as real as matter. Will you tell me where I am wrong"?

Your senses tell you that there is such an effect as TIME. Your senses see day following night--event following event--one experience following another--your body growing old--flowers and forests rising from the earth and disappearing--but your senses deceive you mightily because they are limited to seeing just a pinhole view of Nature. If your senses could extend their range all around the cycle of any effect of motion, all things would seem to stand still--and time would not be because motion in one direction would be voided by the other direction. If you look out upon an extended landscape through a pinhole, it would seem to stand still, but if you move, it will also move. Your thinking does just that. You think one thought, then you think another stage of that IDEA. It is the sequence of events in your thinking and God's thinking which creates the illusion of time.

When your senses sleep, time also sleeps. It stands still. It ceases to be. If your senses could see the whole of the effect at once instead of a little of it at a time, you would never see sequences; hence, you could not experience the sensation of time. More than that, you could not even count beyond zero.

There is a backward flow to time which voids its forward flow. To exemplify my meaning, consider the flight of an airplane. Your senses see it going in one direction, but you do not see a black vacuous hole behind that plane which is as strong in one way as the flight of the plane is strong the other way. That invisible vacuous empty hole in space behind the plane would pull it backwards to a zero point between them if the motion of the plane could suddenly cease. Every action in Nature is voided as it occurs, is repeated as it is voided, and is recorded as it is repeated.

A full understanding of that law will help you comprehend the illusion which this universe is.

Ok Finally here is Chapter 5 part 3. I remind green thumb collectors to see my first post for the linky's and credits. I am posting an entire most of a book, that is nobody holds a copyright on, god doesn't copyright.

COMFORT THE SICK

Here is a real problem to the senses. You are admonished to "comfort the sick" but you have compassion and if you visit the sick--you find that you are pulled into the same condition.

When you go to "comfort the sick", you go to **GIVE to them what they lack and you have in abundance**--which is your love, your balance and your joyousness of God- awareness in you. If you can succeed in giving it to them, they will then have what you have in the measure of their ability to reflect YOUR light.

If instead of your doing that, you allow them to extend their UNBALANCE TO YOU, you would be giving them nothing of your light because of your sympathy and other emotions which you thought

would comfort them. Sympathy to an ailing person gives a recognition of the ailment, making of it a reality. You let them reflect their absence of God-awareness into you instead of the reverse. You must learn to insulate yourself against the ills of others by your KNOWING of your divinity instead of being a conductor of them by letting them pass through you and touch you in their passing.

One phrase usually added is "...a sudden depression usually overtakes me in the presence of the infirm....the strongest statements of truth do not eradicate it". This is "relying upon affirmations instead of KNOWLEDGE". No matter what truths one may utter, they are of no benefit, whatsoever, unless there is full knowledge of their meaning and comprehension of the practice behind them. **Affirmations are no more effective when uttered by a human being than they are when uttered on a gramophone UNLESS they are uttered with knowledge of their relationship to NATURE.**

ANOTHER LOOK AT DREAMS AND HYPNOSIS

What are dreams? What is hypnosis? We have covered these before and even supplied you with tapes for visualization and self-relaxation as well as giving you a thorough explanation of exactly what hypnosis is. It is important enough to briefly go through another little explanation but I won't go into it again in detail here.

Dreams are the result of not being fully "asleep". Sleep means more or less lowering of the vibration potential passing through your brain--not Mind. The purpose of that lowering of potential is to let your senses--not Mind--relax and rest for an interval so they fully stop all action of "thinking" and imagining. It is a time of data processing without conscious thought input.

In utter relaxation, one cannot dream, for all of the memory records which are stored in the brain have no motivating force behind them to set them in motion. When you are fully awake and have that full motivating force flowing through your senses, you can pick any record you choose from those stored memories, but when you are not quite asleep a little current flows through your stored records and awakens parts of many of them without your power to control them. This strange mixture is what you call dreams, and the clarity of them, or their vagueness, is dependent upon the power which motivates them and the fact that they are uncontrolled. (ever wonder about this shit that flows thru your head in that period of almost sleep? There you go.)

Hypnotism is the power generated by one person to compel another to act in accordance with his own desire. In an inconspicuous manner, you see hypnosis in practice everywhere--a mother who thinks for, and rules, her child, or any strong character in any walk of life who controls weaklings by his greater knowledge and will.

In self-hypnosis it is the stronger will of the being to control that portion of the mind which is meant to serve self. Practice in the art of multiplying will power will strenghten one in this respect just as practice in exercising certain muscles will make them more powerful than others--or practice in certain arts and skills will give one proficiency over a lesser practiced person.

We are dealing with the difference between sensing and knowing and in finding that difference we will utilize tools which allow for the discerning. As with any tool, it can be utilized for positive growth or negative regression. The point of all practice is to understand your own POWER and not to give that power away to anyone. God desires your will to come within His promise--not relinquish your POWER OVER SELF--HE DESIRES THAT YOU FIND YOUR WAY THROUGH THAT WONDROUS POWER UNLIMITED OF SELF.

Our full intent is to GIVE KNOWLEDGE unto you by WHICH WE LIVE IN CONSTANCY. Our instruction, as we come into integration with you, is to take man's death away from him in this new

day of man and GIVE TO HIM ETERNAL LIFE IN GOD BY KNOWING GOD IN HIM. These are the words of God's command unto us of the Cohans and Hosts sent forward before His Presence. In all of these lessons which you have received, you MUST see that KNOWLEDGE ALONE can "take death away" from you. We give it forth in as simple language and form as we can outlay it.

The mistaken concept that death of the "body" can be conquered and the "body" continue on forever MUST be erased from your thinking. Continuity of the physical body is NOT what conquering death means. What it really means is that KNOWLEDGE of a continuous interchange between pairs of bodies will have so increased your sense-perception that you can manifest your THINKING in both halves of your body. You will then KNOW that life is continuous and you will no longer SENSE those intervals that you erroneously call "death". Those are simple periods of balancing "rest". (Candace, I can do this, having long been an eternal being, it is this ability to access my prior knowledge in this life that proves such to me. AND if these paragraphs interest you, you will perhaps enjoy PJ #34, Phone Home ET about meditation, I believe self hypnosis too, to contact your higher self and the all there is).

Deep meditative study of these messages will prepare you for the next lesson and then the next, thereby gaining for you a possible thousand to ten thousand years of comprehension in one lifetime instead of in a hundred or a thousand lifetimes. Knowledge alone can bridge the gap to self-transcendancy. And brothers, the KNOWLEDGE WILL BE GAINED BEFORE THE EXPERIENCING IS OVER-- EITHER IN THE TEDIUM AND PERCEIVED DISCOMFORT OF TIME AFTER REPETITIVE TIME--OR BY TAKING THE LESSONS WITHIN AND DIGESTING THEM.

You who complain that we give you repetition and seeming contradictions must begin to see that the more you KNOW the less you perceive you KNOW--that in itself is coming into KNOWLEDGE OF TRUTH. You do not give beefsteak-on-the-hoof to a day-old infant. By the appearance of your "actions" you are not even yet a day-old. You will be given that which God perceives you can chew--not that which self-proclaimed authorities on the subject might perceive you need. **They are in error for by the time we finish with the course--you will find that it has never been given in full to this civilization, NEVER BEFORE IN FULNESS!!! THEREFORE, NO MAN UPON YOUR PLACE HAS YET THE PHYSICAL KNOWLEDGE.**

We are sent to prepare you for your next level of dimensional experience--MOST WILL NOT MAKE THAT GRADUATION, AS IT APPEARS IN ALL PROBABILITY. However, as man comes to accept the Truth of our Presence--he will begin to look into the possibilities and then comes the ability to touch the masses. In this very instance in point--those who denounce us and effort to pull us down--ONLY HELP US AND WE ARE THEREFORE GRATEFUL AND OFFER BLESSINGS UPON THEIR WORDS. THE WORDS ARE WRONG BUT IT CAUSES MAN TO BE CURIOUS AND IN HIS CURIOSITY HE WILL POSSIBLY SEEK AND FIND TRUTH.

That which is thrust at our ones by the distractors and self-proclaimed authorities of earth-physical can only amuse us for why do they try so hard to discount? Is it not stupid to continue to kick a "dead dog"? It appears to me that the "dog" must be very much alive and this concerns the adversary so completely that they give themselves away in their ravings and that evil intent which they project out toward us will only be reflected right back unto them- selves--thus more effectively proving of our TRUTH!

As for instance, in the case of one, Bill Cooper who makes the speaking circuits and spends most of his time now, in discounting of the PHOENIX JOURNALS and resources, even falsely saying that Dharma and Oberli have long histories of arrests and incarcerations--being elite "CON" persons. All you need do is read one or two pieces of material to see the absurd humor in the foolish projections. Why does he bother to shout and discount?--I have offered over and over, as

well as has Hatonn and God Himself, to meet with this "mouthpiece" of the adversary and he only blows into a rage and further discounts his own person and subject--even when the subject might well have been quite valid as far as it is uncovered. But we do not make a fool of a man--only the man can make a fool of self. So be it.

Now he is discounting one of the finest men brought forth on your place and one who could make a massive difference in the government--one Colonel James Gritz ("Bo"). How sad for this person with the forked tongue who casts rocks and lies against our workers--for his shall not likely be the Kingdom of Heaven as he projects HIS belief and "Born Again Christian" status. Does this not sound typical of the narrow self-proclaimed projections of the bigots? Perhaps he should continue in the stupid beliefs of the conjured "Christians" because-- until he masters his addictions to substances and turns into the blessed lighted path--he is going to be sorely awakened--FOR THE LAW OF THE COSMOS AND UNIVERSE IS THAT THAT WHICH IS SENT FORTH ALWAYS IS RETURNED INCREASED. IF YOU SEND OUT HATE AND VENGEANCE, LIES AND DISCLAIMING--SO SHALL BE RETURNED THE SAME--MAGNIFIED--AND THE THRUSTER IS MOST OFTEN TOTALLY DESTROYED BY HIS OWN HAND (OR MOUTH, AS THE CASE MAY BE). SALU.

The point in the lessons is to allow you to clearly comprehend that you will make a transition from sensing to KNOWING.

Already, if you have studied in proper sequence, you know dynamically what I mean instead of abstractly. We could not put more meaning into those words at the beginning because they needed the foundations of NEW THINKING--SLOWLY and PATIENTLY built, to give you the comprehension which you now have.

The objective has been, from the beginning, to increase your range of inner sense- perception by increasing your THOUGHT RANGE far into the invisible universe where thoughts are recorded in patterned form.

Also, we desire to so firmly base your innersensory perception upon KNOWLEDGE, that the physical bodies of things will have less meaning than the Source of those bodies in the stillness of their seed.

The greatest genius can more distinctly hear his yet unborn symphony in its embryonic thought-form than he can hear it when given a physical body of sound. The Illuminate has such a vast range of perception which reaches so far into the thought range that the only comparison suitable to your comprehension is that of radar which sees far ahead into space or under the sea to tell what is ahead of it which is beyond the range of man's perceiving.

You all have that spiritual radar, and some of you are beginning to feel it. You have even given it a name--TELEPATHY--but telepathy does not cover it fully, for telepathy means thought-TRANSFERENCE, inferring between living people. That power of thought-transference which is unfolding in the human race includes the thought of Universal Mind whenever manifested--whether through the now living or long since "dead". Thought is eternal and all thought patterns are recorded, both positively and negatively. The human race will some day unfold its range of perception to include that which has disappeared with that which now is.

That which has come forth until now has opened, hopefully, the doors to the mystery of man himself for the purpose of giving you a scientifically based philosophy or way of life. We will, therefore, refer to those lessons as the "SCIENCE OF MAN". The next couple of "units" will be referred to as the "COSMIC SCIENCE" and will open the doors to the invisible octaves of matter to give science the much needed road map into space which it so sorely needs.

Your preparation for it by the past lessons is the only way to comprehension of the next. Therefore, I urge you to move in sequence or you will again be lost. Do not, therefore, anticipate this new knowledge as being "over your head" and "too difficult" for you. If you are keeping up and not skipping the reading you will be surprised to find that the preparation given you has opened up your comprehension beyond your expectations. Accept it, therefore, with joy for it is priceless to you.

As we reach the final lessons of these segments of cosmic knowledge we shall sum up the complete universal meaning of man's purpose on Earth and what must be DONE to fulfill it.

I give unto you today and forever my loving salutations and remind you that in our thought-wave universe "your own shall come to you" timelessly and endlessly, so keep your THINKING BALANCED AND FILLED WITH LOVE AND THE UNIVERSE WILL RETURN TO YOU ALL THAT YOU GIVE IN BOUNTIFUL MEASURE! (Candace: and for those who are liking this one, its probably still better to start from scratch with PJ #30, the beginning of the series, as there is material in this one from the earlier ones.)

With my deepest love and appreciation for participation in this wondrous time of transition--I commend these lesson to you.

The most important teaching of Jesus left out of your bible:

His Father is also YOUR Father, thus you are a Son of God. Your Father is WITHIN YOU.

The most destructive teachings added to the Bible:

Hell: It does NOT exist. However, prison worlds DO. This is one for those who choose not to live within the Laws of God and the Cosmos.

You must "believe" on Jesus and accept him as your savior for Salvation. WRONG. YOU ARE YOUR SALVATION. You alone LIVE your LIFE ETERNAL. Nobody can do that for you.

"Heaven" Its not a place to play with Jesus for eternity. All beings, Angel and Man, live on WORLDS. Heaven is any world significantly better than earth. This earth is going to become a member world of "heaven."

From the first post in the thread:

I say to you now that you may harken. The Path is bright and pleasant for those who journey with us and whose voices blend in harmony and yea, shall they ring throughout the mountains and the valleys. The call has come; the valleys take note of it and those on the uplands await your strong fellowship. **I tell you a new Godhead comes to Earth**; you are in fellowship; you scatter its uttering; you sit and sup with it-- is it not meet that you know for your honorings?

I think I understand all but the bold part. How is the "Godhead" different from what was before, which also embodied the characteristics described in the piece?

The people of earth will become the God Head as they realize they are Sons of God becoming thus God Conscious of the Father Within. God is still put "up there" someplace. The God Head is not some big boss or collection of big bosses or some single creator.

The GodHead of Earth will be the unified consciousness of HUman. A "god force" if you will, that WILL truly create by the conscious co creation of the Sons/Daughters of God. People will join in together to push pull and drag this civilization into all it can become. A force to be recognized, a "new supreme being" manifesting on this world. Man will know peace. He will manifest Heaven on this world. Heaven is not "up there" either.

Thankyou very much for the question.

CHAPTER 6 and Chapter 7 These entire chapters are by Hatonn on political issues and the difficulties of the Ekkers. I am just making a small section here for both. The first from Chapter 6 and the 2nd from Chapter 7. You can download the pdf file from the link in Post #1 if you want to review these and you should consider at least skimming thru them if you have not been reading the earlier Phoenix Journals.

REC #2 HATONN SUNDAY, AUGUST 18, 1991 2:32 P.M. YEAR 5, DAY 002 SUNDAY, AUGUST 18, 1991

Hatonn present and requesting a bit more of your time, Dharma. I dislike taking more time from Germain when the subjects of your Soul growth and KNOWING are the most important things in your experience. However, if you understand not and miss that which is coming down around you in the world evolvment--you will not be able to come into understanding of the higher level of input.

In advance of this writing, according to subject matter, I will say that the Security Pacific buy-out by Bank of America and the buying up of smaller S&L's by BofA is a full-blown effort to try to divert investigations from focusing on the entities. I bring up the S&L's in connection with the Bank of Credit and Commerce International. Believe it or not, the very complicated entanglements move all the way through the tapestry from smallest investor to largest.

I told you ones, Dharma and Oberli, and you attorneys, etc., that your little dispute over the stealing of your property will be found to go all the way to the presidency-- past and present. I realize that you have not yet any proof of such a thing for they have covered their tracks quite well but I want you to hold some things in mind as we write today on the subject of hidden BCCI and S&L links in these major scandals.

Firstly, I told you that the Law Firm of Shea and Gould (a Khazarian law firm and one of the largest in the U.S.) owned a controlling interest in Santa Barbara Savings and Loan which is the mortgage S&L in your particular case. Now they also had integrated and widespread business links with the "troubled" and admittedly fraudulently-run Salomon Brothers. In fact, Salomon Brothers will be found listed as one of the buyers of the property in point (YOURS) through Santa Barbara Savings. The word "conspiracy" fails to fill the magnificent need for descriptive words.

I realize that you have trouble accepting such stunning connections so I will just outlay what is being uncovered right in California and around L.A. so that you can begin to fit your own web of deceit within the picture more easily.

***** *Now I copy the last Portion of Chapter 7 here, as it deals with a question from an airline pilot and I feel the answer should be here in this, as many of you don't have a concept yet of who IS here from "heaven" at these times and this might be useful to any of you chancing thru this thread.*

LETTER FROM AIRLINE PILOT TO HATONN

Wally G. has forwarded a letter to me from an airline pilot ("who has become alerted to the possibility that Extra Terrestrials are a possibility. To assist his growth, P. has asked some specific questions on the Captain's behalf. The questions have some bearing on Sipapu. . .").

The questions:

1. By what means are your ships pressurized? 2. For what reasons are your ships round? 3. How do you handle temperature limits encountered by metals? 4. I would like to know an equation of the Fourth Dimension, and one of the Fifth and Sixth.(The inquisitive pilot is a close friend of P.C. and would enjoy very much a personal response.)

If I gave the response exactly as I should, on this day when your world is ready to blow apart--I would likely lose a very good and beloved friend. I will just say to Wally--you are not in the spacecraft business--you are in the motion picture business and stresses and metals are not your problem--all you need is a nice little pretend craft and we will provide the rest.

If these people who "want confirmation" want it badly enough they will read the material wherein ALL THE QUESTIONS LISTED ARE ANSWERED! I am not in the business of confirming anything to anyone. If this "pilot" needs confirmation, I have little hope for your world at any rate.

Why are our craft round? All of them are not round! In fact few are round except in diameter. However, if they were and some are--it is because that is the perfect projection of God's intent in compression--i.e., the sphere.

Why would we need pressurization? We run totally by "frequency" and thought projection.

We have no structural limitations of our ships.

We do not "handle temperature limits" for we have no such thing with which to contend.

What kind of equation of the Fourth Dimension, Fifth and Sixth do you want? This is about the most ridiculous projection I have yet encountered. Do you want equations for ice-cream bars or do you just want to reproduce a little bit of each dimension?

Wally, you are being distracted and if you are not careful the distractors will kill you by one way or another. I will not give out information which will only cause you grief and problems--please understand my response is in love and concern. What kind of "intelligent" beings are attempting to "treat" you and absorb your precious "time"?

If there is any agreement with George it is without any discussion of any type with me. George may do that which he pleases but good intent or bad intent--these ones are, at the least--foolish in their innocence or indeed, most clever in their evil. You must decide but the inquiries are in incredibly bad taste if nothing more.

We are not "little aliens" running around, my friends--we are sent as the Hosts of God- -THAT MEANS--WITHOUT LIMITS! We abide within the Laws of God and those of The Creation--all else is without limit upon our beings or presence. Your questions have no meaning in reality whatsoever!

We are here, sent of God, to inform the citizens of the planet and offer you a way out of your dilemma. What you do with this information is up to you--but I most certainly will NOT give technical information about anything unto one who just wants a little "proof", for they show lack of knowledge that baffles the mind. If those particular questions with answers would prove anything to anyone then I think I need more discerning teammates at any rate. Please do not lump space Command into your games of human primate mentality.

Forgive my abruptness but you ones are about to go into a nuclear holocaust which will destroy many of my own people and your entire world is physically falling into the hands of the evil adversary of physical dimension--those are the equations you had best investigate and let the fourth, fifth and sixth come with a bit of intelligent KNOWLEDGE.

If this insults your sensitivities then I believe you will get some measure of the level of the insult I feel by the very questions themselves. When ALL information we have brought has been carefully studied and brought into memory so as to answer every question I might ask of you ones--i.e., give me back even in rote that which we have given you--and you still have lack of understanding--**THEN I shall explain in more detail. Until then--I plan to get right on with your Soul evolution just as quickly as I can bring you along for whether or not my ship is pressurized means not one thing to you--just recognize that we will pressurize it to suit the ones who MAY BE ABLE TO GET ABOARD FROM YOUR PLACEMENT. YOU ONES ARE GOING TO LEARN THE DIFFERENCE IN PHYSICAL AND SPIRITUAL OR YOU ARE GOING TO HAVE HEADACHE AFTER HEADACHE. SO BE IT.**

I, HATONN, GIVE NO APPROVAL TO ANYTHING AS REGARDS ANY ARRANGEMENT WHICH MIGHT BE ANTICIPATED--THIS IS TOTAL DISTRACTION AND IF THE INFORMATION BEING BROUGHT FORTH IS NOT CAREFULLY INTEGRATED BY EARTH MAN--THEN I CERTAINLY HAVE NO FURTHER INPUT FOR THESE ONES. When all things are geared only to the physical aspect--the physical aspect is in grave danger of extinction.

I suggest that these ones in point be given privy to all of the PLEIADIAN CONNECTION VOLUMES--George can supply them with a whole list of books available. Integrate the information being brought and you will indeed heal the entire planet. We serve the six and a half BILLION persons (each one) on the planet and I will not play these individual games any longer. The answers are in the JOURNALS and/or WILL BE. You will do your homework or you will not have the answer and that seems indeed sad.

If we do not get on with the motion picture, it will be too late at any rate. Distractors are costly

indeed. Funding for the project will only come after the readiness of the materials and if these ones wish so badly to participate--then I ask that they put their mouths where their questions are and get busy helping you, Wally, with that picture board project and stop distracting you regarding things which are of no business whatsoever of theirs or any other Earth man's.

My mission is to bring Truth of the Laws of God and Creation--not individually comfort ones with whom the laws disagree in fact. Man may stay by whatever he wishes--he simply will not come into our care and nurturing without the willingness to practice according to the laws which we practice--no more and no less. You of earth Shan are in the mess of total destruction because you do not practice nor even remember the LAWS--so in fact, there is no point of discussion in actuality. You will not convince me that to break all of the laws is the "way to go" --if nothing else--you prove time after time that your way is the WORST WAY TO GO! By the way, the POINT of Sipapu Odyssey has nothing to do with "ships"--it has everything to do with "SOUL". This is but a "reminder" and not a rebuke.

I am sorry, chelas, whether or not you like of it--I come with highest authority and mission and I simply will not fall into the trap of individual gamesmanship. IS THIS WHAT YOU REALLY EXPECT OF GOD? PONDER IT!

Dharma, take this from the equipment so that Germain can get on with his writing. Thank you.

You ones are in a most tedious moment by moment crisis. Please keep focused on that which is important for if you fail at that which is important--the rest is purely hypothetical and academic. Salu.

Candace:Sipapu Odyssey WAS to become a movie. It was prevented. The story itself is PJ #1. The only PJ to be copyrighted for the story content. With Greatful Thanks to those who are giving this a look/see. There are more page views than I anticipated. Those of you with Real curiosity about "God" should consider downloading them all to your computers. **These are NOT locked Pdf files we are doing. You can copy and paste out of them, but apparently not write within them. I just tried that, but I am copying and pasting right out of my pdf here. If you want to copy and paste portion into a word doc to make personal NOTES, you can do that. Or just copy what I am pasting here to a word doc and make notes if you want to make notes.**

CHAPTER 8 Part 1.

REC #2 GERMAIN MONDAY, AUGUST 19, 1991 9:53 A.M. YEAR 5, DAY 003 MONDAY, AUGUST 19, 1991

In the Light of the Mighty I AM Presence, I am here--Germain. It is the measure of a being, how he responds to the impacts of happenings. The "test" is to mediate in total balance and reflection while weighing that which is presented against that which has been given unto you for guidelines in discernment. If you will but utilize that which you have been given and cease treating it as sensational tabloid material--you will instantly have insight to EVERY situation for the adversary follows a blueprint of actions. He never has to change the scenario for it works over and over again--every time. What is happening in your world this day is only one more step to incarcerate you--do not be fooled by the seeming distance or players in the game--for it is the "global takeover plan" in action and if you are hung-up on a tree here and there you will miss the removal of the entire forest. Everything that is happening is well planned for a very long time and is being orchestrated exactly the way the "controllers" have structured it. We must not linger over the distractions for the greater lessons are at hand and it is our "higher" duty to present them. Blessings, little ones, for you are growing in KNOWING and through that knowledge is hidden the Freedom.

DEEPER CONSIDERATIONS

I said, "Take man's death away from him in this new day of man. Give him eternal Life in Me knowing Me in him." This is from God, little ones, and perhaps we can look at it a bit more carefully.

This regards the giving of God's message to a newly comprehending man as he moves into the Cosmic Age of understanding--or reverts to the cave. The intent is that mankind is ready in great measure to come into understanding and quit clinging to ignorance. It is as with the "bleeding" of sick patients--it was wrong and only "later" was it proven and accepted to be wrong and actually weakened of a patient. It was hard for Earth man to accept that Earth was NOT the center of the solar system--but nonetheless, alas, it is not. Ones felt the Earth to be flat--but alas it is not--now you will grow and realize it is but a thought expression of God in manifestation. By these steps does man grow and learn.

A little child thinks the speakers in a TV are little beings behind the glass--then he must accept that they are but projections of electrical pulses and frequency waves. Does this destroy his Mind--this factual information? Of course not--it is but coming into KNOWING of that which IS. However, because he "thought" the players were behind the glass--if you allow his ignorance to progress--you eventually destroy the reality of mind of the child.

Therefore, to allow you ones to continue in your ignorance simply to avoid offending your experts' opinions is indeed blatantly stupid. Who, for instance, is Santa Claus? If a college professor still, at 50 years of age, actually believes in Santa Claus who answers all desires and wishes simply for the wishing, he is truly considered insane, is he not?

One who believes and states that God cannot be defined or that there is only "faith" in accepting that which elders tell you whether factual or fantasy--lies to you and is more dangerous to you than is the "simply insane" individual.

There is a factua1, physical (physics) definition and function of God and The Creation which operates on endless cycles of compression and expansion, and denying it will not change an iota of the fact of it. If you place all of your knowledge on "another's" opinions--and you think not of your own responsibility with reason--you shall indeed wish that you had not done so.

Each will answer for self and no other! No other will answer for you!

When saying, "Take man's death away from him", our Father-Mother means that man is eternal and cannot die. That does not mean that bodies do not die, for all creating things grow, decay, generate and radiate as they sequentially appear, disappear and reappear.

Life and death are but interchanging between rest and action, as all things in Nature, without exception, are. They are an eternal continuity of repeated interchangings with each other, for life could not live without death, and, conversely, death could not die without life.

It might clarify God's meaning if the above were paraphrased as follows: "Take Man's ignorance and fear of death away from him and give him knowledge of eternal life in him. Make him to know that he lives in Me and never dies, for I am he. In Me there is no death".

"Make him to know that life in bodies is but the multiplied motion of My concentrative thinking--and death is but a division of that motion as My thinking decentrates to find rest in Me. And when both life and death are added together, their total is but the zero of rest in Me".

Reduced to its utmost simplicity, this means that life and death are but two opposite directions of motion. Life is the inward from outward generative direction of concentrative thought and action, and death is the outward from inward radiative direction of rest from action.

What could be more simple? Your bodies are but wave cycles of motion. Your bodies simulate eternal life by the eternal repetition of life-death cycles, but your bodies are not your PERSONS, or BEINGS, or your DIVINE SELVES. That is THE thing God wants the new age of man to know. Past ages have feared death because they did not know its meaning. The dread of death is born out of the belief that man dies when his body no longer functions and that death of his body is his end.

It is unbelievable how many intelligent people of today actually believe that way. There are very wealthy, successful, intelligent, kindly ones who say, "When you are dead, you are dead and that is the end of you". This is sincerely believed and yet at a funeral of a loved one, he is right in there consoling the remaining loved ones by saying "He/she is now in a better place...!" You cannot have one without the other nor can you have one unless you have the other. Then there are the ones who actually believe that his intelligence is within the brain, that his brain is Mind, and that his own individual Self has no connection with any other Self or with a universal Mind. However, on close interrogation--his explanations will usually not reflect such a TRUE belief.

WHAT IS MOTION?

If life and death are but motion, what, then, is motion? If you would know what your bodies are and how they are extended from your spiritual Selves to simulate your Selves by fast and slow two-way motion, you would not only know what light is but how it works, for light-waves alone constitute your bodies.

Also, if you would know how to control your bodies which you, yourselves, have extended from the spiritual SOULS of you because of your DESIRE and your WILL, you would know better the relation of the Intelligence which is within each body to control it, and the body itself.

This is the knowledge which will mark a new day in all social, industrial, scientific and medical practices. The fact that your physical bodies are but moving extensions of your spiritual Selves has but begun to enter into human Consciousness. It will affect you personally to your great advantage in the measure of your ability to comprehend it.

Just as the visible tree is made to appear out of its invisible Soul-seed by increasingly violent motion and continues to grow into a bigger and bigger tree so long as the violence of motion can be multiplied into more violent motion and then disappears as multiplied motion is reversed by dividing it, so has invisible man been made visible by fast motion.

The particular point we wish to emphasize is that the whole intellectual world must revise its concepts regarding human bodies and the practices concerning them, medically and otherwise. You have regarded them as your Selves instead of as instruments for manifesting your Selves. You have been mightily misled into treating effect with effect instead of with CAUSE.

You have magnified the importance of motion, which is the sole ingredient of your bodies, to the exclusion of considering the Source of that motion in the seed pattern of your Souls. When it becomes a part of every man's thinking that a single thought can change the polarity of your entire body toward either life or death--and can likewise change its entire chemistry toward increasing alkalinity or acidity to strengthen or weaken it--or can change the shape of every corpuscle of matter in the entire body in the direction of either growth or decay--then the medical profession will radically change both its principles and practices in dealing with the ailments of bodies. It will look for cause in the Mind first, then body afterward.

Likewise, you and your neighbor who is seeking happiness, prosperity and great achievement in life will at last find that you must cease setting up insurmountable obstacles in your business or social lives which each of you individually--and the whole world nationally--is constantly doing and thus preventing the happiness, prosperity and power for which you all long.

NEW VIEWPOINT

Let us look upon all bodies for that which they are instead of that which you think they are. Bodies are but waves of motion, pulsing waves of motion, which multiply in speed and decrease in the diameter of the thought-waves which express life, and reverse that process to express death.

Bodies of matter-in-motion have been man's realities for ages. The time has come when the unfolding human race must know the unreality of moving bodies and the reality of their Source of motivation. Reality can never be in motion for motion ceases, but the stillness from which motion extends is as eternal as the silence from which sounds extend. Reality must be eternal in order that it be real.

Go back, therefore, to the first principles as outlined heretofore and review them carefully until the conviction is imbedded in you that the undivided Light of Mind- knowing is the reality from which thought imaginings extend and retract in pulsing sequences to make believe that their pulsing electric motions are the ideas which their motion simulates. Meditate upon this thought until you thoroughly comprehend that ALL MOTION IS MAKING BELIEVE that it is something which it really is not.

Realize what YOU are so that you can forget your body through intense inspiration and can see your Self as the undivided, unchanging, invisible MIND of Creation. Then picture what your Mind does when it thinks what it knows by taking its ONE WHOLE IDEA apart into seemingly separate ideas and assembling those separate ideas into a machine, or painting, or building which manifests another idea.

This will enable you to picture Creation for what it is--a desire of Mind to create moving bodies in the forms of Mind imaginings TO MAKE BELIEVE that the moving bodies ARE THE MIND-IMAGININGS. This is accomplished by

projecting them from the stillness of their Source, followed by an equal desire to return those bodies to their stillness by cessation of motion. This principle of division and projection creates a universe of tensions which perpetually desires release from tensions.

If you will but meditate deeply on this thought, you will much better comprehend the pulsing

heartbeat of Creation. In simple words, Creation is but a wave recording of Mind-imaginings but we should not be deceived into thinking that the record is that which created It.

If you will then realize that every action in nature starts from a point of rest in the universal vacuum, seeks a point of rest in the universe of tensions and returns to a point of rest in its vacuum Source, you will better comprehend the idea of the emergence of matter from "space" and the subsequent swallowing up of matter by "space", which we will describe in detail.

Likewise, you will better understand the pulsing of the universal heartbeat which concentrates and decentrates as thought-power multiplies and intensifies electric tensions, while lessening desire divides and releases them.

You will also better understand the mechanics of motion as the compressive half of the universal pulse concentrates large volumes of low potential into small volumes to create visible solids, then "goes into reverse" by expanding its compressed solids into invisible space.

Also, you will more clearly visualize the universal heartbeat as a universal pump which light-waves compress and expand simultaneously and sequentially, seemingly to divide the undivided, to change the changeless, to give measure where no measure is and to condition the unconditioned. Also, you will better realize that the energy which motivates all motion is in desire of Mind to express idea in moving forms of idea and not in the moving forms which result from desire.

Likewise, you will discover in your meditation that desire itself is divided into the concentrative desire to manifest life through multiplied motion and an equal decentrative desire to seek rest to manifest desire through cessation of motion.

If you will meditate long upon this thought, you will realize that every desire to multiply your power to think concentratively is followed by a desire to rest from the fatigue of that concentration. If you will now fully carry this thought through, you will gradually realize that you are constantly interchanging your thoughts and actions with God as co-Creator with Him.

If you work actively all day, you will want to lie down and rest all night. Then, when you rest all night you are being reborn with new life from God so that you can again work all day.

In the preceding paragraph is the whole principle of life and death and how each borrows the other and is reborn from the other in every breath and heartbeat cycle.

Let us review: You begin your day of manifesting LIFE from a point of rest in sleep. Your day is filled with dynamic actions in building the product of your thinking. The energy which has been given to you by your Creator while you rested during the night is gradually being regiven to Him during the day until you have to stop at a point of rest to return to your Source for more energy.

You only think of it, however, as having grown so tired that you again have to lie down to rest in sleep for the night. You must gradually learn to think of it as it is, however. You must think of it as a return to God for a replenishment of power or even as giving your death to God in exchange for His regiving of life.

Vigorous action and desire for work in the morning manifests the life principle. Relaxing and lying down to sleep at night from fatigue manifests the restoration principle which man calls death. During the night, body-death is constantly generating life from death at the dawn of a new day. During the day of life, the body is constantly degenerating to born death from life when the night of life comes. To live is to MOVE. To die is to become STILL. You are forever dying as you live and forever living as you die. Every pulsebeat of your heart manifests both life and death.

Chapter 8 Part 2. Credits, linky, and copy right information are given in the first post. This is a book I am posting which has NO Copyright. Again, GOD does NOT copyright. No copyrights were obtained to this material.

POSTULATES AND AXIOMS

The direction of motion which manifests LIFE is the outward-to-inward direction which forever compresses and shortens its waves and accelerates speed as it approaches its focus to gravity. This is the positive direction which multiplies the power and speed of thought-rings by compressing them into hot solid spheres by gradually closing the holes which center them. It is the centripetal direction of concentrative thinking which is one-half of the gravity cycle.

The direction of motion which manifests DEATH is the inward-to-outward direction which forever decelerates as centrifugal force expands it into the coldness of space. It is the centrifugal half of the gravity cycle which reopens the centering holes of thought-rings. **(see fig. 28 & fig. B) the drawings do not copy to here, you must download the pdf listed in post 1 to get them.**

LIFE AND DEATH ARE CONSTANTLY INTERCHANGING IN NATURE, as automatically and periodically as inbreathing and outbreathing, heat and cold, generation and radiation, compression and expansion, and night and day perpetually interchange. Life is ACTION and death is REST. In every effect in Nature, every expression of motion must be followed by rest, for rest is the basis for the next action.

IMMORTAL LIFE is in the stillness of the LIGHT of the zero of space.

MORTAL LIFE is manifested in matter by dividing the universal equilibrium into pairs of opposite conditions which is called LIFE and DEATH and which really means ACTION and REST.

Life and GROWTH and GENERATION are manifested in matter by compressing GRAVITY-CONTROLLED LIGHT-WAVES.

DEATH and DECAY and DEGENERATION are manifested in matter by expanding them. These two effects are constantly pulsing between the vacuity of God's universe and the compression of man's universe. These two effects also constitute the life principle which science is so eagerly seeking.

LIFE in bodies means increasing power of compression. DEATH in bodies means increasing power of expansion. That which man calls LIFE and DEATH are but increasing and decreasing speeds of motion, and increasing decreasing power to compress and expand.

All bodies are wave recordings of Mind-thoughts.

Mind-thoughts pulse in concentrative-deconcentrative sequences between the visible and invisible universe which we call cycles. All cycles are gravity-controlled motion and rest sequences.

LIFE and DEATH of bodies are but cyclic recordings of Mindthoughts. Thoughts come and go--and life and death record their comings and their goings in light- wave bodies which appear, disappear and reappear forever.

SUMMARY

THAT IS ALL THAT LIFE AND DEATH ARE--JUST INTERVALS OF REST BETWEEN SEQUENCES OF MOTION. When you can think of your bodies as just transient states of motion which are but dramatizing the thought-imaginings of your eternal Selves, then the more you can realize that you, your Selves, are creating your own bodies for your Selves--yes, creating the universal body for the Universal One Self.

This is good to know but that does not mean that your human emotions are to be voided when bodies of your loved ones cease to continue their physical existence with you. When you grieve for loss of human companionship, you are fully justified in so doing, for no amount of knowledge should dehumanize you to the extent that grief should be "reasoned away" by knowledge.

The antidote for grief, however, is knowledge and the power to be mentally united in memories and imaginings. The highly developed innersensory person is never alone or lonely because he is always one with all things. When you know that you cannot die, or be alone, and that desire for body still continues forever in the eternal Self of man--and that a new body will reappear from that desire just as surely as dawn follows night--you will then have an enrichment for your grief through knowledge instead of misery and hopelessness due to ignorance of your immortality.

The confusion which has made death so tragic and terrible has arisen from ignorance of God's creative processes.

A most common expression regarding anyone whose senses have ceased vibrating for any reason, such as sleep or anesthesia, is that such a one is unconscious. There is no such condition as "unconsciousness". What one really means is that one's brain has ceased "sensing".

Mind is always conscious. Mind always knows and desires whether the body is asleep for a night or for the longer interval of acquiring a new body. The Mind of one can always become ONE with the Mind of another because they are ONE. They vary only as to the state of their respective unfolding--which is commonly termed "individuality".

When anyone asks that age-old question: "Can I contact my father--or other loved one- -who has passed on"?, he really means, "Can my body contact their bodies? Can my senses contact their senses? Can I ask them questions about whether they are happy or about a business problem"?

People who ask such questions do not think things through. The one who has "passed on" has not passed on. He still IS, as he always has been, as the tree which has refolded into its seed still is even though no one can see the tree until it again unfolds. Therefore I say to you that your desire to contact bodies which have passed on can never be gratified.

Mind can ALWAYS contact MIND for all-knowing is universal, but vital, polarized bodies cannot contact devitalized, depolarized bodies; but their thoughts and their identities still exist and can be contacted by Mind instantly.

Communion of Mind and Mind is in the timeless language of the Light of all- knowing. We shall talk about this in future lessons when you quite thoroughly understand that there is something beyond the sensing of bodies which has no need of bodies.

Just as there are inventions to come as yet undreamed of so, likewise, there are mental powers to unfold which are as yet undreamed of.

The Cosmic Age now dawning is a far step in the unfolding of that in man which transcends his body.

Let us have a rest-break please. When we sit again, we will take up the fact that knowledge makes you master instead of servant of matter. The fact that your physical bodies are but moving extensions of your spiritual Selves has but begun to enter human Consciousness and we shall carefully look into that awakening perception. Thank you.

Ok I am skipping Chapter 9 as its all political information. You probably should read it though, in your downloaded pdf file if you wish. I want to cover just the science of man material. Again linky's and credits given in post #1. This is NOT copyrighted material.

CHAPTER 10 Part 1

REC #1 GERMAIN WEDNESDAY, AUG. 21, 1991 8:56 A.M. YEAR 5, DAY 005 WEDNESDAY, AUGUST 21, 1991

Germain present to begin this writing. Dharma, I come with the Lighted Presence of that which is the Mighty Source. We have conferred here and will not speak of the current news at this early writing but will, instead, ask for a meeting this afternoon. You are in total overload from the barrage of inquiries and personal inquisitions of ones who wait until the holocaust is present to take action. Yours is to WRITE, chela-- not locate, furnish and apply for all ones the means. I shall not, Hatonn shall not and GOD SHALL NOT! ONES WHO BELIEVE THAT SUCH A THING WILL HAPPEN WITHOUT ACTIONS ON THEIR OWN PART ARE SADLY MISLED.

You ones are moving steadily and more and more quickly into the trap. You are witnessing the incredible planned imprisonment of a major nation along with all the smaller nations of the Soviet Union. It is such a bad show that I am appalled at you ones in your attitudes. You are given EXACTLY that which is planned for you to have--the Soviet people are given a choice of dying by lethal injection or hanging-- "Freedom" is not among the choices--only who and how they will

become prisoners "under". The facade is so poorly orchestrated that it is embarrassing and yet the world swallows it and Bush and cronies laugh and congratulate themselves all the way back to the Bank via the golf course. Well, you are NEXT.

The "sensor" satellites they are trying to launch from French Guiana and your east coast are the very sensors they need to monitor a first strike detonation in every secret attempt to have a first strike. It is serious-time and you are feeling the load of all wanting to in the last minute come into comfort with God and let you do it for them-- no, chela, not so--NOT SO.

I am not even going to allow you to write the Humanist Manifesto first this day. I am going to make my own choices about sequence of writings and I choose to speak of knowledge and how it gives you the ability to be master instead of servant of matter. THEN we will write of the Human approach and you will be able to better see how things have come to be.

Our work and participation is being blasted from New Zealand to Canada and it tells more than any thesis on the TRUTH OF THAT WHICH WE BRING and this, dear ones, is NOT your load to bear.

GOD DID NOT SAY THAT HE WOULD SAVE THE WORLD--HE PROMISED THAT HE WOULD BRING THE WORD AS A FINAL PROMISE FULFILLED AND MAN WILL MAKE HIS OWN CHOICES--I BELIEVE YOU CAN SEE THE DIRECTION MAN IS CHOOSING FOR THE MOST PART ! YOU DON'T HAVE TO DO ANYTHING--AND NEITHER DOES GOD!

PHYSICAL BODIES ONLY EXTENSIONS

Repeat: "The fact that your physical bodies are but moving extensions of your spiritual Selves has but begun to enter human Consciousness".

"All bodies are wave recordings of Mind-thoughts. All matter is, therefore, pure thought for each particle of it conveys a meaning of its identity and purpose. Matter symbolizes one idea divided into trillions of ideas, all of which convey a meaning to observers proportioned by their varying intelligence".

KNOWLEDGE MAKES YOU MASTER

The above paragraphs are repeated here because it is difficult to fully comprehend the oft-repeated statement that "God is all" while an infinitely extended universe of suns, stars and nebulae illumines the heavens by the countless millions and all about you countless millions of bodies of substantial matter which you can weigh and feel and "see with your own eyes" confront you with their own indisputable evidence of their reality.

All of your lives, for countless generations, you have been confronted with moving bodies and moving forces. Heat burns you. Winds blow forcibly against your resisting bodies. We have pains, aches, hungers and fear of illnesses of your bodies and of the bodies of your families and friends.

Tempests come--with floods, famines and droughts. We have always known a world of motion--of actions and events--of pleasure and catastrophe--with eras of peace suddenly broken by devastating war.

In the very face of all you see and feel, how can you say, "God is all" or "God is Love" or "I am the master of my fate; I am the captain of my Soul", when you feel yourselves to be the helpless victims of a matter-and-motion environment which so relentlessly swirls you about in its whirlpools?

Is it any wonder that people who are the servants of matter, motion and environment feel that the universe of matter and motion is REALITY--and that things of the spirit are something to be hoped

for but are not dependable--not REAL?

Wherefore I say to you that you are the self-bound servant of matter so long as you are self-bound--and, furthermore, I say to you that you are freed from its bondage only when you free yourself from your own senses.

Just as long as your senses dominate your actions, the world of matter and motion is your master--and you are its unwilling, unhappy slave. Why is this so? It is because your senses are the same wave vibrations that your bodies are. Again I repeat that your body and your senses are but motion. How can motion be YOU?

If your body is dominating your actions, it is demanding that you work for it--that you give it what it wants--and the only things it wants are more sensations--more vibrations--more motion--more possessions of material things for your body--more emotions for your body.

Freedom from slavery to matter and the conditions of matter begins with knowledge that the motion and matter of your body is not You. That is why we have so often told you that the supreme discovery of man is his Self. Complete freedom comes only when you have actually come to KNOW LOVE.

When you actually know what love is, you will not only know that God is love but that YOU are love. When that day comes, you can then say, as Christos said--and with as much authority--"I and my Father are ONE". When that glorious day does come, you will have found the kingdom of heaven, for that is what Immanuel meant when He said "Seek ye first the kingdom of heaven". No man can have prosperity, riches, power or happiness as long as he is but clay of earth, sensed clay of earth, bound by his body to forever work for his bodily needs.

We have frequently said that material bodies simulate idea but the forms of material bodies are not the idea they simulate. All the gold and treasures of the material world are not what they make believe they are. He who possesses much gold and thinks, therefore, that he has the happiness which the possession of gold simulates has but the gold--for happiness is not in the gold. Likewise, he who possesses self-purposeful power over other men had not yet attained happiness even though he has the power of kings.

ENERGY IS MIND, NOT IN MATTER

When you think of matter as reality, ask yourself what matter can do without the desire of Mind back of it. Even your little finger cannot move of itself until you WILL to move it. Desire is in the Soul-seed of all things. Desire of the Creator divided the universe into pairs of opposite conditions which pump bodies into the appearance of existence motivated by DESIRE.

Will of Mind created all things to dramatize idea of Mind for just a little while-- THEN WILL OF MIND TAKES ALL CREATED THINGS BACK INTO THE SOUL-SEED OF ITS IDEA. They disappear--but WILL OF MIND STILL IS.

Will of Mind creates all things by dividing idea and setting it in motion. Silence is divided to produce sound vibrations for just a little while and when those vibrations cease silence still IS.

Will of YOUR Mind created YOUR body. Desire in YOU--in your conscious Soul--to have a body divides the light of Mind-thinking which extended your visible, vibrating wave-body from its silence--from its stillness--when its vibrations cease--YOU STILL ARE.

That is what is meant by saying "God alone IS" or "I am the master of my fate; I am the captain of my Soul".

The energy which created your vibrating body extended from the eternal YOU to create your body and not from your transient body to create the immortal YOU.

EXAMPLES OF SOUL ENERGY

Science reverses the above-stated principle by postulating that the energy which creates matter comes from matter. As previously stated, energy is presumed to be heated matter in motion.

Let me give you some ideas upon this subject to take into deep and prolonged meditation over and over again until the realization of it gives you the feeling of such unlimited power that you could--"...tear trees from the forest, tree by tree or forest by forest, for your strength transcends that of the tree. It is mightier than that of the forest". This is what it MUST COME TO, little ones-- not just ONE of you but all of you. It will do one of you no good if Dharma is the only one who can accomplish this task--it simply means that she has arranged HER destiny.

Just "being" and just "believing" will not cut the mustard, the butter or the mercury steel. Knowledge, however, can allow you to simply dissolve the steel. Now, if Dharma can dissolve the steel door so that you may all pass--fine, so now you are on the other side of the door and then what? You will no longer even have a door to close behind you for protection and when SHE GOES into etheric form she CANNOT TAKE A THING OF PHYSICAL WITH HER! Are you ones beginning to get the picture?

The feeling of unlimited power should become your normal state of Mind, together with inner joyousness. You should always come out of your meditations with that sense of tremendous power, the glory of Self-expression and a sense of supremacy over all material things. When communion with God gives you those God qualities, such a thing as failure, or defeat, or fear of facing any task upon earth should be entirely eliminated from your thinking. That is the kind of Being you should be.

Consider the following idea. A laborer can lift thirty to fifty tons of coal in one day, a shovelful at a time. That feat takes an enormous amount of energy. Where did the energy come from which performed that amount of work? Most certainly it did not come by conversion of the food consumed by the laborer into heat. The amount of food he consumed would not generate enough heat, by any known process, to lift fifty pounds, much less fifty tons.

The food consumed does not supply the energy for the work. It is used to repair the body and replace its ever-dying cells. Any residue is eliminated after normal replacements are completed.

Any machine that man may make which would lift fifty tons would need at least a thousand pounds of fuel. A man's body is a machine made for performing work just as a man-made machine is. Why is it that one machine needs a thousand pounds of fuel converted to heat to lift fifty tons while the human machine lifts fifty tons without needing any fuel at all?

The answer is that the human machine, or that of the elephant or bull, is centered by Mind-desire which is the Source of all power. Man expresses power through desire to express power, even though he is not aware of the Source of his power. A mechanical machine has no mental motivating source of power so power is extended to it from a generator which consumes a tremendous amount of fuel for every ton lifted.

The machine made by man NEEDS the power given by matter while the will of man IS that power. His heartbeat is connected with the universal heartbeat.

The same thing holds true of an elephant or any other animal which is motivated by Soul-will. The elephant can move two hundred tons of logs in a day. The bales of hay consumed by it are,

likewise, needed for replacements to its body and not for the work.

Consider, also, the fact that you can lift your own body ten thousand feet above the earth to the top of a mountain and back again in one day because YOU are the universal power current and YOUR power is limitless when you know it is limitless. If your power is limited, it is because you, yourself, have set limitations to it by not exerting your WILL power to work physically or to create mentally.

Again I say, man is Omnipotent when he knows his Omnipotence.

As a last example for your meditation, we would like you to consider the tremendous energy expressed in the vegetable kingdom by the desire of the forest to lift its thousands of tons up above the earth. In the Soul-seed of the forest is the mighty desire of its Creator's Mind to manifest its power. Every seed of the forest is centered by that Soul-desire or Soul-will to unfold the pattern of its idea. Desire in the seed is will- power current in the seed expressing its desire by dividing light to form its body.

Those mighty tons of the forest are not alone lifted up by the alternating impulses of heat, cold and sunlight interacting with earth. Desire in the seed is the greatest factor. These are the two conditions which desire in the seed makes use of to divide the stillness of the seed into vibrating bodies. Desire makes its own power current, for desire of Soul is the thought-power which creates YOUR body and ALL BODIES and fuel-made current is its servant. The energy and motivating force which builds the universe is not in matter, nor in motion. Energy is solely a Mind-force. It is merely simulated in matter.

Therefore we say again to you that God is omnipotent, and naught else in the universe is omnipotent save God. Also we say to you that YOU are omnipotent in the measure that you know your Oneness with God.

Also we say to you that YOU are the Source of all energy with which you create the universal body. Furthermore we say to you that YOU center and control every cell of your body. If you are balanced in the Light, every cell of your body is likewise balanced. If your thinking is unbalanced, every cell of your body takes on that unbalance immediately and naught but balanced thinking can correct it.

These lessons are leading up to comprehension of the fact that the Light of God's Mind actually IS all--and naught else exists. And YOU are that Light and YOU eternally exist.

There is no material universe. Matter and motion do not exist nor does the visible light of suns exist. They appear to exist, but that appearance of existence is the great cosmic illusion. Even the senses which tell you that matter exists do not exist, for they are motion and motion is merely the wave record of thought-imaginings.

If the Creator suddenly stopped thinking and imagining, this entire universe of matter would suddenly disappear, for all motion and form are Mind-imagined and all bodies are but thought-pictures of Mind-imaginings. The effect would be like the ending of a motion picture play where all physical effects cease when the creator of the play stops thinking them into form and motion.

This universe is entirely spiritual. God alone IS.

This, universe is a Mind-universe from which thought-imagined bodies extend to simulate the idea of Mind.

This is a universe of REST from which motion seemingly springs. God's knowing is undivided and

unchanging. God's thinking seemingly divides the ONE IDEA for God's knowing into many moving forms which seemingly change as God's thinking seemingly changes.

Hi Candace,

Thanks for posting this. I can take this only in small doses but it's good stuff. As before, I am usually moved to comment when I don't understand or agree with something, but if I didn't feel the value in it I would not be reading it at all.

... Everything in Nature which is strong and substantial is SIMPLE. Complexity always weakens. ...

Quoting: **Nobody in Particular**

Yes I can feel this, and I have learned it in this life (and maybe in many previously but I don't remember.)

... all down the aeons it has always been there awaiting your DESIRE, followed by your ACTION, to bring it into seeming being. Do you realize this fact? If you do, you can KNOW that anything else which you wish to bring into seeming being by giving it a transient body is within your limitless power. There is your harp with one string on it of the tone you desire. One string is one step toward completing all of the octaves of strings. There it is, completed, BUT SILENT.

7. Now you are ready to fulfill the last step of your desire, that of building a body of many sounds from your harp. Again we repeat the fact that that desire is already fulfilled, for you KNOW the sounds and rhythmic tones that are within the silence of those strings. You not only KNOW them but can imagine them as thought- bodies to life. Until you act to give your idea a material body, it will still be existent as undivided IDEA but will not be expressed in the divided universe of moving bodies.

YOU SET YOUR OWN LIMITATIONS

Much meditation on the above thoughts will lead you to great conclusions. The fact that God will immediately grant your desire seems unbelievable.

Quoting: **Nobody in Particular**

So the "immediate creation" is just in the mind. Manifesting it into our physical world is what requires the most effort, at least from me. The closer it is to the physical world, the harder it is. Even the theoretical-seeming work of writing down the application of certain physical principles to a specific situation (e.g. writing down the equations of motion for a physical system) has the feel of effort, of manifestation. It takes something out of me.

... Centripetal force compresses inward from without to create hot suns, and centrifugal force thrusts outward from within to expand them into cold gases.

Quoting: **Nobody in Particular**

I just recall that earlier, both centripetal and centrifugal forces were expressed as being gravitational. By my understanding, centripetal force can be gravitational, but centrifugal force is mainly inertial -- an object wants to stop accelerating in a circle toward the center, and just go out in a straight line which will carry it away from the center and "out into space". In an orbit, this inertial force is balanced by the gravitational force so that a stable orbit is achieved, spiraling neither into nor out from the center.

... Your earth Shan has spiraled so far away from its balancing plane of gravity--which the sun's equator is--that its axis of rotation is tilted some 23 degrees from the plane of the solar axis. You can best visualize this by remembering how the hoop you may have rolled in your childhood wobbled unsteadily if you did not keep it rolling steadily at an angle of 90 degrees from the ground. That is the way planets die and, also, as all other bodies die.

When axes of rotation are not 90 degrees from the planes of their equators, such as the axis which runs through your particular Earth at 23 degrees from its pole of rotation, the planet is dying just as a wobbling top is dying. ...

Quoting: **Nobody in Particular**

I don't understand this. There is no mechanical energetic loss from revolving in a different plane than rotation around the sun. There's no force I know of to force the difference to increase rather than staying the same or decreasing. The earth is not wobbling (well maybe it is now, but it wasn't when this text first was written down) or else there would not be the expected four seasons, roughly equivalent in intensity at equal north and south latitude.

In contrast a hula hoop that's starting to fall over loses energy as it wobbles, hence it cannot regain its upright position and tilts further over, its center of gravity always dropping until it rattles down to the ground.

As one more comment, though, I suppose that if we're going to have a stasis and the earth's axis is to be righted again, as you have written, that's an outside intervention and pumping of energy back into the planet. Do you agree with that?

Chapter 10 Part 2. Credits, linkys and copyright information are in post #1 the first part of this covers some other topic that apparently some readers from those days misunderstood.

THE COSMIC ILLUSION

All bodies in all the universe are but waves of motion which in themselves are only seeming. There is no such thing as motion or substance. There is but illusion which you sense as motion and substance.

If this statement amazes you, it is because you do not yet comprehend God's lenses and mirrors of light by means of which He creates that illusion. We will make these clear to you in the last lessons in the series. In the meantime, you will recall that we have already told you that your senses see very much motion in a cinema picture, yet you know that there is no motion there--only one STILL frame following another. We have given you all of this briefly and with diagrams in prior material so all of this should hit you as a total REPEAT--but how much have you changed?

How much do you comprehend? Does it even matter to you? How does it matter to you? Where would you go and what would you do if we announced that you are going to receive a near hit by atomic bomb within the next half hour? Where would you go? What would you do? NO--I didn't ask you what Hatonn is going to do--nor Oberli--nor Desiree. WHAT WILL YOU DO?

Well, ones such as Patricia might say--well, I depended on God to supply me with a place to be in safety and I pack books, etc., etc.,--and so, by properly stacking the books if there is not a direct hit--you will nicely survive the blast--but what will you eat? WHERE WILL YOU GO?

There is a gross misunderstanding regarding that which you ones have come to call "the underground", etc. When that hole was made public and distress was caused by ones thinking themselves to be somehow "had" at the expense of another--IT WAS PULLED TO A HALT--HATONN TOLD YOU ONES AS MUCH IN A MEETING FOR IT HAD LOST ITS VALUE--EVERYONE IN THE COMMUNITY HAD COME TO STARE AND TROUBLE BECAME ITS MIDDLE NAME! That place is only good for it is Gene's and Connie's HOME--NO MORE AND NO LESS. That was told openly to you. Then you ask, "...well what does Charles do over there all the time"? Two things--he works with the builders to get the foundation now approved so Gene can begin his house since the lower level is no longer "sacred".

Further, all things are being TESTED so that the products can be approved for the projects which will be in the building of housing from various mixtures and formulas as well as seeing what can be passed through the Kern County Building and Planning Commission. So, for goodness sakes, chelas, what in the world are you all talking about--there IS no "underground" for general use--you might as well go jump in any old hole in the ground. It is no longer even good for "storage" except as a shifting mechanism for interim transient to another place of safety--for guess where EVERYONE would go for food and shelter?

Dharma and Oberli cannot even use it except to move enough stuff out of their own house to make moving possible on very short notice for the "big boys" can cause them to have to "move" even if not permanently--for goodness sakes, the RTC trial has been moved to Washington, D.C. and who can stand the expense of such a long-distance trial?

Where do you ones think the funding comes from? Dear ones, there is no magic-- money coming into the Institute is used to purchase GOLD for the investor! All money carries usury "notes". This is why Hatonn has been so severe regarding the fact that there is no "group" here and has stated time after time that coming here is fine but you must be self-sufficient. Ones who committed funds have pulled them back because they do not like Hatonn to speak Truth unto them. So be it--do you think He will stop speaking Truth in order to glean their funds? Come now!

Well, do we think that you will actually NEED shelters? INDEED! YOU ARE ON THE EVE, CHILDREN, OF WIPE-OUT DESTRUCTION AS DEPOPULATION IS THE NEXT ALL-OUT INTENT. WHAT KIND OF A GAME DO YOU THINK WE ARE PLAYING HEREIN? WHY DO YOU THINK YOU HAVE 36 BOOKS OF TRUTH AND INSTRUCTIONS? HOW WELL ARE YOU PREPARED? THEN HOW WELL DO YOU THINK MANKIND IS ACTUALLY PREPARED? FRIGHTENING, ISN'T IT?

So, you all understand that the illusion of motion in the cinema picture is caused by sequences of "stills" superimposed upon each other, each succeeding one being of a different pattern. If the patterns were all alike, there would be no illusion of motion.

God's cinema changes pattern constantly because God's thinking changes constantly, but as changing only seems, likewise, motion only seems. When you stop thinking, the patterns of your imagining also cease. **Can you not readily comprehend that Creation is but a record of**

continuous thinking? Can you not also see that everything which seemingly happens "unhappens" simultaneously, to coin an expressive word for better understanding?

You and every moving thing in Nature are walking constantly into a mirror of yourself. As you appear, you simultaneously disappear but the sequences of it deceive your human senses by giving a feeling of continuity which is not justified.

We have written this phenomenon into what we call "The Law of Illusion" or "the voidance principle" which reads:

Every action is voided as it occurs, is repeated as it is voided, and is recorded as it is repeated.

All effects of time, dimension, sound, and sequences of night and day from which the illusion of time springs are, likewise, the result of seeming motion.

All this can be summed up in the simple reminder of previous lessons that this seeming universe of many things, which seem to have countless changing moving forms, is a ZERO universe of REST which never exceeds zero in any of its effects but only seems to do so.

All of this seems incredible, we know, but as you gradually replace old conceptions of what constitutes REALITY, you will more and more comprehend that the Light of Mind is the only reality.

You can readily understand that when all motion in your body ceases, it disappears, just as the whole universe would disappear if all motion ceased in the Universal Body.

THE ONE REALITY

Your body appeared from YOU. It appeared because YOU desired to manifest YOU. It appeared because you imagined it. God's Body--Nature--appears and disappears likewise. When you can knowingly say "I and My Father are ONE", you will then know that your Mind-imaginings are creating your own body in your own image.

You will then know that your body is but a moving manifestation of desire in you and, whatever it is, it is what you caused it to be. To the extent that you know God in you, your body is a manifestation of God's balanced rhythms which are absolutely under your Mind control. So, likewise, are all of your creations under your mind control.

To the extent that you know God's oneness with you, you can extend your balance to other Minds and give them control over their bodies and the bodies they create.

WHAT THIS KNOWLEDGE MEANS TO YOU

The purpose of revealing these unknown facts of Nature to you is to free you from the bindings of Matter so that you will know it for what it is and not what it seems to be, and control it--instead of it controlling you.

In previous lessons, we have stated that one single thought or emotion could upset the chemistry and polarity of your body so completely that from being well you could become very ill. You need no further proof than that to convince you that your body is the wave record of your thinking.

If you work all day at something you very much dislike, you become very tired. The vitality of your body weakens in its power to polarize your body cells. Even a little depolarization of all cells degenerates your bodily vitality, whereas you could work all day with intense joyousness and feel even more vitalized at the end of the day.

The reason for this is because ecstasy is the continued, normal, unchanging state of God's Mind--

and the more you can reflect that ecstasy the more you can keep the vitality of your body at its maximum generative power.

Likewise, the divisions of desire for action, followed by an equal desire for rest, if properly balanced in your thinking and emulated in your body will multiply your vitality tremendously. Multiplied, vitality through the manifestation of love brings with it the fullness of physical expression. Every deviation from balanced expression of the love principle destroys bodies in the measure of that deviation.

Violent anger, for example, can sow its deadly seed of cancer in a perfectly healthy body. A complete expression of the love principle, one which has in it the ecstasy of the Light of Mind, can destroy that seed and make the body whole. Likewise, it can destroy the seed of any infectious disease if that ecstasy can be imparted to another, as Immanuel did when He made others to heal themselves through "believing on Him" even though they did not comprehend.

Healing is based upon increasing God-awareness, and that awareness responds immediately to mental desire an balanced rhythms which are an essential precedent to the joyousness which leads to ecstasy. Such joyous emotions increase the alkaline preponderance which builds the body and lowers its acid content.

Conversely, any cynical or unkind attitude which does not express the love nature of God lowers the power of every cell in the body and increases its acid content to a destructive percentage.

TO CONTROL MATTER--FIRST CONTROL SELF

God said, "Behold, I am in all things, centering them, and I am without all things, controlling them".

The nearer you can come to feeling your Self to be that center of stillness from which all things extend UNDER YOUR CONTROL, the more you can control your own body to its perfection of health, strength and beauty.

No matter what you must do in life, do it joyously. Whatever work it is, put love into it. If you do put love into it, you will find love regiven to you by it.

Love given out from YOU vitalizes YOU as well as it vitalized the one you give it to.

If you do not like your work, it does not like you. It gives back to you what you give to it. You become fatigued and devitalized. Whatever situation in which you find yourself, master it by giving love out of yourself to it, for that is the only way to master it. If you give aught but love, it will regive aught but love.

There is no task which manifests God which is not beautiful if you make it so. For beauty is not in any task--it is in YOU.

If you have to sweep the floor, do it gloriously. The floor must be swept. If it falls to you to sweep it, do it perfectly, with love, and it will bless you.

A joyous attitude of Mind from love given out will prolong your date of maturing, lengthen your life and make your thinking more brilliant and keen to the day of your passing. Joyousness is the great insulator from the toxins which arise from unbalanced thinking.

SOME THOUGHTS TO PONDER

Some day the chemist will realize that the same unbalanced conditions which cause violent explosions in his elemental compounds cause violent explosions in the human body under similarly-unbalanced conditions.

The chemist and metallurgist know that when they find pure cube crystals in any elements, they find the stability of absolute balance in such crystals, and when they find distorted cube crystals, they know full well that unbalance in interchange between opposite pairs is the answer to that distortion.

Learned men of science, especially in medicine, will have to come to understand that distortions due to unbalance in elemental bodies have the same basic causes that distortions in human bodies have. Human bodies are composed of these same elements and both are light-wave recordings of Mind-thinking. Therefore, both must obey the same inviolate laws of balance. The medical world is being transformed because of these new beliefs.

This principle of unbalanced interchange is being manifested upon a world-scale by the greeds, hates and fears of neighbor by neighbor, and nation by nation, which have been released into this thought-wave universe during the last decades.

Just as one individual destroys his body depriving it of the balanced polarity which love gives to bodies, so can nations, or the world, destroy their civilization by the various kinds of cancerous disintegrators which hatred breeds. With such hatreds come miscegenation, licentiousness, sadism and infinite cruelties. The consequent loss of the best blood of all nations degenerates entire nations.

During this last fifty years, even the morale of nations has decreased as their national unbalance has increased. The whole human race is facing its utter destruction as a whole, just as countless thousands of individuals are, likewise, destroying themselves by preferentially practicing the principles of greed for their own selfish ends.

The world is not supporting great men in the arts, great statesmen in governments, or great leaders in any of the fields of human endeavors. The geniuses are often suppressed and starve for need of recognition and patronage. A Caruso or Beethoven finds it difficult to compete with the rowdy talent which receives high salaries and honors today. Morality, integrity and culture are at a low ebb and honor is selling out to materialistic power-seekers in every great nation of the world.

This sick and unhappy age of man is what man made it. Whatever it is, man's thinking has made it so. Today's civilization is the record of man's thinking. It is the record of sensed desires, not spiritual ones. It is the record of fears and hatreds in mankind, not of love.

Much of the world may be self-destroyed but not all of it. The first-Cosmic Age of man is about to dawn into the light of its new day. Millions of bodies have been sacrificed and many millions more will follow them into the grave, but love will come into the hearts of men and the world will be transformed by love into another stage of its unfolding.

That is why God sent His Message into the world for man's new day. And that is why God timed the delivery of the messages to this period of man's great self-chastening.

This is why even SOME of you are ready to receive the Truth--and further the planting of the seeds in the hearts of legions of men so that they, in turn, will bring into being this Cosmic Age of Love and understanding of the Truth of God and Creation.

A BIT OF SUMMARY

The precious lesson is devoted to the greatest mystery which man has to face--the mystery of life and death. The greater of these two is death. It is necessary that man fully comprehends what death means, for it has been stated in past ages that the last thing for man to conquer is death.

That is very confusing for it is often interpreted that man shall somehow conquer death AND LEARN TO LIVE IN THE BODY AS PRESENTED--FOREVER . Its meaning is that death is conquered by knowledge and comprehension of the fact that there is no such thing as death.

These lessons are written in as simple language as we can conjure for every layman. It is necessary, however, that you fully comprehend them from the light-wave principle, for your body consists solely of light-waves. We, therefore, follow this lesson with a more scientific approach in order that you may fully conquer death by your full knowledge of its dynamic meaning.

We are aware that you will not completely absorb the full meaning of all at one reading. You will absorb enough of it, however, to grow like seed in your thinking processes. You will soon be amazed at your increasing mastery of the principles used by the Creator, and you, yourself, will "unconsciously" begin to think that way.

All new knowledge comes slowly. Be patient--and be masterful. But study the information for it will not seep all over you by the closed book--EVER. Your own destiny is of too great import for you not to know that which you should know to control it. Read the, following lessons many times because it will be a real foundation upon which to build and then open up. You will find the information not only emotionally philosophical but also equally satisfying from a very practical viewpoint as well, for it will give you, the wisdom of a Sage--as well as an intellectual--and that alone is well worthwhile.

Let us close this portion for it is time to meet, Dharma. I give you the peace of the violet flame, chela, for the way is strewn with all ones' garbage. You ones must release the garbage so that you do not miss the treasure. Saalome.

Au Dai Pa Dai Cum: (One that walks with the Spirit as within the Spirit. I AM one who walks with My Hand in the Hand which is God's).

Just found tis thread. Thanks for posting the PJ stuff! Saved some, will do more tomorrow. Wow, what a solar wind storm we are having!

Btw, I have been feeling all the symptoms even when "they" don't show the data.

Hope you are well Nip!

CHAPTER 11 first part, probably only part I will publish here, which does not stick to the topic of this book, but I think some of you would have a better idea of god and his fleet here at this time. Hatonn played with Esu, the Role of Jesus 2000 years ago. He IS "GOD" of our sector of the Universe, called Neadon. Reminder to readers just maybe seeing this post for the first time, that the LINKY and copy right info is given in the FIRST POST. This is most of a book and none of it is copyrighted.

REC #1 HATONN THURSDAY, AUG. 22, 1991 8:22 A.M. YEAR 5, DAY 006 THURSDAY, AUGUST 22, 1991

As we grow in understanding of the physical--please, do not get sidetracked on the sensationalism of "seeing" truth in happenings and exclude the source of the KNOWINGNESS. It is your God knowledge within that is coming forth and every day--every happening--will allow for more and more discernment.

Moreover, as we move along we will be able to share more and more of the earth happenings with our physical brothers so that we can concentrate more on the next phase of our participation.

Remember, we are not rabble-rousers, we are not activists in the sense of the definition of "activism" and public disobedience. Our ONLY thrust is to urge you ones to get in there and reclaim the power of your Constitution.

It will appear to all of you that what happened in the Soviet Union was a "good" thing. No, it was a planned confrontation brought about by total deceit--the most deceived were the ones who THOUGHT they had backing. It makes one harken back to the situation in Iraq/Kuwait wherein Iraq was led to believe the world would not interfere at worst and even assist at best.

This gave the leaders an opportunity to find out who all dissenters are, from political adversaries to military aggressors. It only unified that portion of the New World Order. Note the markets of the world and note that even the doubtful and hesitant helpers of the Soviets are now lined up to give, give and give to the Soviet Dictators foisting off total totalitarian dictatorship as "Democracy". "Republic" was just removed from all association with the government form. Giving ones a vote when the choice is death by hanging or death by poison is hardly a fair for-the-people way to go. It surely is nice for the One World Dictator, however. You will also note quite easily that the Gorbachev who went on vacation is NOT the one who returned.

Oh, I think with such a "scare" that Bush will get just about everything he asks for from you people and the puppets in Washington. I hope you have noted that the major rise on the stock markets is in the areas of defense industry. All of this when the newly unemployed (registered) last week increased an additional 22,000--that means "increase from the prior week" so you are talking some 200,000 NEWLY (in one week) unemployed. You already have millions out of work and an already decreasing in welfare expenditures for the already millions on the rolls.

So, what do I suggest? Do all you can without any civil disobedience to retain and reclaim your constitutional laws and build what you can for a period of real hardship and an

assault against the overpopulation of the world.

What happened to Yeltsin? Please, chelas, now we all know what happened to that gentleman-- remember, **he too, was missing** for several weeks within the past months-- except for OLD pictures of the man--the world did not see this great leader of the multitudes of Russia who had formerly backed everything except Gorbachev and the new regime. You must look at the whole of a symphony to understand the various refrains of same. The groundwork for this circumstance was laid long, long ago. **You must see that your world is lining up on the side of the physical projection and not on the side of good.**

God wins, precious ones. It is only that you are not yet truly aware of what that means, so we must continue with the lessons until you do, for the pendulum always swings in reverse cycle and what we leave written will be the rule book for another journey at another experience. Let us say it in this manner: "You are sent to give the spacecraft schedules and inform as to that which the ticket aboard costs and it is not a journey at this time in evolution to be martyrs but, rather, a time of physical participation in the leaving of Truth". We have no wish to have the books burned nor any such sensation- alism. We would like to see you prosper through good and proper business and especially through a time of depressed society. We desire the example to be one of "desire to follow"--not dread of pain and agony. Let us get our balance fulcrum stable upon God and we shall be fine.

We have the solution for many of the current problems for you ones in this place-- within the society and utilizing all that we advocate AND having security and foodstuffs, as example. Oberli heard me and will share. This is a time of self- responsibility and creative thinking wherein all MUST participate. So be it.

I turn over the forum to Germain so that we can get some work done on our proper task today for the day is again shortened for the writing because of need for a meeting. Let us ever be loving, gracious, generous, kind and compassionate one with another. This becomes most difficult as the bombardment of the physical impacts come upon you--but if we cannot reflect these things of God, then how can the world?

Probably in the next few EXPRESSES I shall choose to go back and give you scenarios from past planning and experiences such as what was done with the MX missiles in prior world attempts for nuclear war. If you have paid any attention to the carriers you will have seen, RIGHT NOW, MX missiles all over the United States on the move. The carriers are usually just boxcars with huge slab sides and a top shaped like a "barn" roof. They are usually painted a typical brown or gray with few, if any, markings on the outside. They are, however, set so that when the train is halted and the trigger pulled, the sides blast off and the missile is raised to launch angle and would be launched directly from the location aboard the train.

This can be most uncomfortable if one or more of those missiles are launched from a town because the adversary has his missiles tracked to pinpoint yours--even the ones in motion. Every one has a Cosmo-sphere or two in attendance and this kind of confrontation can certainly cause a bit of discomfort to the township involved. It is truly time to get informed.

The next plan for you of America is to work out a little scheme with the Russians to allow the Cosmospheres to give you a few demonstrations and call them space- originated from your unfriendly aliens. This is WHY Cooper is so prodded to continue the facade of "little gray aliens" and scatter more and wilder lies about all the people involved in getting to the actual truth of aliens.

Further, there may come a time when briefly we will have to discontinue personal contact of this

nature for your protection. That does not mean that anything will change--God goes nowhere. **However, ones of the adversary's troops are lining up to blast our material and PROVE the presence of these "little grays" holding your government hostage.** The protection will only be increased for you ones of God, so relax and enjoy the show--regardless of that which you are doing it should be done in LOVE and Joy. There are still some real surprises in store for the adversary and his troops from the Lighted Realms of Source and I don't think any of you want to miss it! Perhaps it may be time for G.G. to contact some of his old acquaintances who have also been threatened by this speaker, literally, with death threats.

I believe that you will find your audiences changing greatly but we are most appreciative of those which served as launch pads and we are indeed grateful. You are just about to begin some really excellent sessions and we honor our enemies who give us press. There is no facade involved; America is the chosen place of God and it is time to reclaim it so that the ones remaining can grow into proper perception as the world recovers and plays out its course of life before rest. But the order of societal structure under God, as your nation was idealistically projected, yet never actually experienced for evil against brother was present from onset, shall be again set as example.

Can it be? Of course, it has been just such massive changes in all past periods of civilization growth. While the nations sort of their friends and foes within and without- -so too, does God. There is however, a large difference, HE does not watch that which the lips say--of any individual--but rather, that which the heart speaks. Man will, if uninformed or for whatever purpose, usually follow the masses which is often most unwise indeed while the heart is saying quite a different thing. Physical stupidity is not necessarily a favor to God for it most often means--in the event of purges--less bodies to serve God.

You are not placed there to fight wars--remember? Wars are not of God!

Yours is to bring the WORD as promised and live with intent of God so that you are AVAILABLE for transition, etc. You do not set yourselves aside in anything beyond that which is in your Constitution. Suicide is not a very honorable thing in most instances so let us always act with wisdom in all circumstances.

Re: Human, The Science of Man

Ok after a long break in this thread, I am returning for those perhaps that had not discovered it yet . Please read the first post. This PJ and others can be found here: [\[link to www.freewebs.com\]](http://www.freewebs.com)

The Pdf file for this PJ is here:

The linky for the whole pdf book is: [\[link to www.freewebs.com\]](http://www.freewebs.com)

To those collecting green thumbs, I have been granted permission to use the Phoenix Journal material for teaching here by SHR of GLP. DO NOT MAKE copyright infringement posts on it. It is NOT copyrighted material and is given freely by Jesus and his host to this world. I am not the receiver of these. I may add additional teaching to posts of this material. I do not copyright my teaching, but don't post it elsewhere mucked up either.

Ok Posting selected material from Chapter 12. Much of it is political material outside of the Science of Man purpose of the Journal. The journals always had the current political information in them. These selections below while not "science of man" are relevant to posting here for those not in the knowing of what is stated

Ah, children--beloved and wondrous. You demand "proof"? What gives you proof? Let me help you--proof is that which comes with KNOWING "within". You are in a time in increased illusion where a holograph scene can literally be placed on your balcony by your own beam system. You must understand, little ones, that we are sent forth from God to assist if we can. Our purpose is to set TRUTH out of the lies to allow you to fashion TRUTH for self and thus have "proof". Some of the brothers come aboard our craft have been birthed and matured aboard the craft while awaiting our need for service unto you for the higher "brothers" grow in their own progression by that service unto you. In the finer/higher frequency physical expression the knowledge is greater and it

is their responsibility to be your guides--this is WHY the information is coming from the level of KNOWING in the Pleiadian Constellation for they ARE you--your ancestors.

Ones come from all over the firmament but the human species as you recognize form--is from the Constellation of Pleiades and those of you grown in Knowledge and yet not fulfilled in KNOWING to be literally in the oneness with God--will be brought home again--to Pleiades. God went forth to prepare a place for you and so He did. BUT NO EVIL INTENT WILL BE ALLOWED IN THAT PLACEMENT. IF THE INTENT REMAINS IN EVIL DIRECTION AGAINST THE LAWS AS LAID FORTH BY GOD AND THE CREATION, PLACEMENT WILL BE ELSEWHERE IN SUITABLE LOCATION TO MEET THE FURTHER GROWING OF YOUR BEING--INDIVIDUAL BY INDIVIDUAL--NONE OTHER CAN BEAR YOUR LESSONS.

I tell you that God has sent transportation for you if it needs be and it DOES need be for the Planet is not going to be suitable for life-forms if the activities of present, are continued.

I will "prove" nothing to anyone and, further, I am going to cease answering the letters which only badger, insult and defame my people. All of you have total choice of free- will action and belief. I ask you to do nothing, go nowhere nor believe me and/or God. I am simply here to tell you "HOW IT IS", no more and no less. If you think it better to blame evil of 2,000 years past and dump your responsibility and "sins" onto a murdered God--so be it. If you think a nice nest in the floating clouds is the way to go- -so be it.

I will certainly leave you alone if you will leave mine alone. But remember something--THERE ARE MIGHTY FEW ATHEISTS IN A FOXHOLE WITH A NUCLEAR BOMB HEADED THEIR WAY! You-the-people have been deceived, lied to and stolen from--from your heritage as an immortal being to your very bank account. Is it not time you looked around?

Does all this mean that you are going to have to change your attitudes before God will lift you off your place in time of extreme change? YES. INDEED YES!

What you are being given in the current PLEIADIAN CONNECTIONS series is the Truth of how life WORKS. You will find that the physical is only related to that which is SENSED. Spiritual is that which is KNOWN. The two are hardly connected except that the physical body is an extension of the eternal Mind--for use of that mind in a physical environment--to serve.

Attitudes such as those considered "OK" in your slang terminology are simply not acceptable behaviors in the higher experience where the "body physical" is a most unimportant portion of experience. SENSED existence is a very "primal/primitive" state of Being.

We are not speaking of afternoon tea time reading material--WE ARE GIVING YOU THE LAWS OF HIGHER PLACEMENT WHEREBY YOU WILL BE ALLOWED TO JOIN THE HIGHER BROTHERS IN SECURITY AND SAFETY--FOR IN THE PLACES PREPARED FOR YOU, LITTLE BROTHERS--YOU WILL FUNCTION BY OUR RULES OR YOU WILL NOT COME ABOARD! THAT IS INCLUSIVE OF PLANETS, STARS, HEAVENLY REALMS AND MY STARSHIP--WHICH BY THE WAY--IS FAR LARGER THAN IS YOUR PLANET EARTH! I care not what YOU think about the "hereafter"--I KNOW what is there and I know about the prepared places and little human of Earth will abide by the Laws as laid forth and practiced by those where and with whom you will be placed--OR, you will be left to your own demise.

This simply is the way it IS and I cannot change it to suit your hurt feelings or arguments--WHAT IS--IS! WHO ARE YOU TO DEMAND ANYTHING? So be it-- however, your Earth Shan gets in

worse and worse condition, run by total chaos and insanity so, if I were you, I would begin to consider these points most carefully indeed.

In the Oneness with God, I am Hatonn.
