# INTRODUCTION

## to the Messages with KiboDabi

Hey! I get to write an intro! Allright!!!!

Blessings to our brother, Christ., for doing this...Thanks!

All thanks and gratitude and appreciation to PAPA and CM ATON for putting up with me in allowing me to take these messages and have these experiences. I AM humbly honored and if i have done anything that has been helpful to anyone in their journey on the great spiral path, then i/l am grateful for having been able to serve.

Thanks and gratitude to all involved. I love and appreciate all of you!

I AM here.

I AM here, now.

All of these messages are strivings to help people with their perception of reality at the time and all of them were given for particular purposes that will differ with each individual. There is much talk of 'soon' and 'very soon' and so on and so forth and that has been something that we just have to deal with. It has been proven that the observation of a thing, changes the thing observed and i sometimes think that this has been the case. Every eye opened, every mind, every heart that has considered a new thing, a wider thing, an other thing has stretched this event out so that they also, may be included in the best possible outcome.

And then there is a part of me that realizes that all of this was already known and scripted and is playing out exactly as it has to be according to the will of the Producer, Director, Orchestrator, Scriptwriter and whatever else job there is in such a production...even to the point of the venue, the seats and the tickets...not to mention the price of admission....

Be it movie or play  
Set or stage  
Holographic  
It is all the same.....

But I AM Here Now...at Present...past and future are made here, in this point of being and the thing observed and the observation of it become one and the same thing.

All of these writings, those through what i am as well as those through others and by others, are just symbols of that point. They are sharings of perception by beings that recognize the source and purpose of that sharing and those that are willing to receive, receive. I, as far as i'm concerned, haven't done anything that a five year old with an open mind and heart couldn't have done as long as they had the vocabulary and even that is over-rated. If PAPA told a five year old to tell the people that HE said that Love was a good thing and that people should only do stuff because of love and all the fighting and

hating and stuff was very bad and they should stop it now because God doesn't want to spank anyone...but HE will if they keep acting stupid.....I'd listen. I'm sure that there are, at least, hundreds of five year olds out there that have given whoever they could, that very message, only to be smiled at and told that they were cute but not to play with God because they couldn't possibly understand and to go to their rooms before they got a spanking themselves.....parents just don't understand.....

The point of all this is: This is done already. More is coming from all directions and it will be hard to keep up if you are looking all around for your answers. These messages are nice, but nothing replaces direct communication with the Source and Center of All Things. You can do that.

Yes, you.

You can do that because He is The Source and Center of All Things.

Please consider what that really means.....ALL THINGS

ALL THINGS means you, me, them that, this and the other. Whatever you are looking at and whatever is looking at you, is a thing. The atoms and molecules and plants and things organic and inorganic....fire, air, earth, water, akasha....whatever it is and wherever it is, it's a thing and the source and center of that thing is the source and center of every other thing as well.

So no matter where a thing is or what it is, it's source and center is ONE THING.

So two people shooting at each other have the same source and center.

Two people loving each other have the same source and center.

In fact, they are each other

As well as the pile of gold in the corner

And the pile of dog crap on top of it

We are all of it and it is us and....

GOD IS ALL ARE WE ARE ONE ARE WE ARE ALL IS GOD

I AM ALL ARE WE ARE ONE ARE WE ARE ALL AM I

Write it in a circle with one 'I' or one 'GOD' at the 12 o'clock position and tell me how it looks to you....

No? Ah well.....Yes? Ah well.....

To find your source and center is to find the source and center of all things.

The source and center of any thing is the same source and center of any other thing in question.

That source and center is the one thing that really is and everything else is just an extension of it.

That one thing is consciousness in the most extreme way of being...to the point of saying that there is only one consciousness. It is light manipulated in consciousness to create the perception of all things. It is the experience of that perception in being. It is two people looking at each other from their perception of perspective and then still from a perspective of It's own...Knowing that It's the only thing in the room. It is the room and the room isn't even there. Neither are the two people that insist on seeing each other as something other from each other when there is an other looking at them as each other, from within each other and upon each other and without each other, knowing that the very concept of 'other' doesn't apply in reality except that they perceive it so It gets to perceive and experience it....all the time knowing.....and we say we want to know, but do we really?

Read these words if you like, learn all you can from everything and look around and search without. When you have come to the realization that the reality you find without you can go on without you, then please, go as far within as you have gone without...and then go further.

The words don't matter. The symbols don't matter. We act on the world without for whatever reasons we can perceive and use that perception to define ourselves as we see fit. When you've had enough of that and come to realize that there is only one thing and you move in it and breathe it and your thoughts are It's thoughts and your perception is It's perception, your feelings, It's feelings, your life is It's life, then you will start to see that you see nothing and think nothing and feel nothing. You are a character being played by an actor that is so into It's character that it is the character. It ceases to be an act and the character believes in the character and the actor is forgotten.

Remember who and what you are.

Remember the role you play

The stage you are on

The movie you are in

God plays every role

Every prop

Every instrument

Everything

Perfectly

It is up to you

The character

To realize

Who and what you are

To remember

That you are the actor

Playing your part

Perfectly

And when you remember

The actor awakens

[there is, perhaps

A moment's confusion

But who is to say?]

But in that moment

The actor and the character are as one

And the decision is made

It is no longer a matter of

How the character feels about the actor

But one of

How the actor feels about the character?

Does he want to stay in character?

Is it a good character?

A worthy character?

Will it serve its purpose well?

Will it live on and continue to play its part

Upon the great stage?

Or will it walk offstage  
Never to be seen or heard from again?  
The character wants to act!  
Does the actor want to stay in character?  
There is only one way to answer that question  
There is only one way to have that conversation  
Find it  
Talk with it  
Come to agreement  
If you want to keep your character say so!  
Heavens knows that there are other characters  
It is all the same  
But if it is not the same to you  
Then there comes a time when words serve no purpose  
You must act as the actor acts!  
You must be the actor so that the actor may stay in character!  
Hint: villains die...every time...they have to eventually...  
the actor never wants to stay a villain...  
no character can have their moment  
in the dark  
the light must shine upon him  
and no villain can stand the light.....so.....there.....  
so if you are a worthy character  
perhaps the Great Actor will keep you, after all  
and you may be each other...what joy!

And for that  
All words and symbols and teachings  
Are useless  
You must go to the source and center of all things  
Including you  
And talk it out  
And whatever helps you to do that  
Including these words  
Is all well and good  
And i/I AM grateful if any of these words have helped you in any way  
But  
Now  
Go help your self  
Go do  
Go be  
Play your part  
Be the actor

[there's a reason the 3<sup>rd</sup> person of Paradise Trinity is called the Conjoint Actor....]

PAPA and CM ATON Bless you Always in Consciousness

i AM I experiencing being in perception of what i am in manifest expression

# It is Time, a poem

By Lyman/kibo

# 01 Nov 7, 2007

## It Is Time

It is time.

It is time for all of us to put our toys away and grow up.

Too much emphasis has been given to being born again as a child of God...

We now have to be adults of God.

It is time to be human beings, to be truly human.

It is time to look at each other and see ourselves

To look at ourselves and see each other.

We are, together,

No better than the worse of us

And no worse than the best of us.

It is time to put the center of the universe back where it belongs.

It is time to open our eyes and see creation for what it is:

One

All of us are part of The One

It is One Creator - Source

One Life

One Light

One Mind

One Thought

One Love

And It is made up of All and Everything.

Everything is Everything

One Thing.

We, who exist on the Inside

Need to remember

That we are a part of the One

And The One is also a Part of us all.

It is time to put our hate and fear aside.

To break the chains and shackles

Of Ignorance and Spiritual stagnation.

And embrace the

Life of Divinity Within Us

Embrace It

As It Embraces Us

It is Time

To Be Truly Our Selves

It is Time

To Truly Be!  
GOD IS ALL ARE WE ARE ONE ARE WE ARE ALL IS GOD!  
NAMASTE!

CM here how are you?

[Hard to say...excited and hesitant at the same time i guess. Want this to be it and still, it's a big deal. But it has to come this time, doesn't it?]

There is, as stated before, little to wait on. We have offered this last opportunity for the dark to come across to our side of the tracks. All is ready. Presentations are being made as we speak.

The seven days could turn out to be more. We will judge the reaction of the peoples and the remaining dark and act accordingly. There will be nothing to fear and we fully expect most business to stop as people come to learn the truth of their situation. We shall encourage necessary services to continue and for criminal activity to stop, as well as curtail any military action. Interest in these things should fall away as the truth of what is and what is coming is revealed.

There are those that will turn to you and others at Abundanthope support for personal answers. It will help them to know someone that they consider an insider. They will, at that point, be much more inclined to believe. There will be times when we will suggest to some that you are the ones to call to allay their fears. This will be by design so wonder not that these things have happened. Some of you have possible candidates for team members that have been less than open minded. It will be hard for them to remain so when there are two suns in the sky and announcements being made on every channel! I am urging you to share this communication. You have been reluctant to do so in the past, feeling that it would serve no purpose in an already crowded field. I assure you that this is not so. This is a time for Divine expression through all open frequencies that serve the Light and Love of The One. Stop feeling unworthy and share yourself in a deeper form than you have.

No one is here at AH by accident. All is by design. All of you have special gifts to share and now is the time to share them. We encourage all of you to hold greater faith in yourselves as expressions of My Self and of Source. Your unique personalities, the gifts you bring to the table are wanted and needed. This is the time for all of you to be strong; to stand together in Light and show your love.

Your doubt is not a matter of disbelief, but a matter of wanting to see this event with your own eyes; to finally have proof. As Thomas needed to feel the wounds instead of just seeing them, and yet, was he not one of the chosen disciples?

So it is with you.

Through all of the delays and disappointments, you have stayed to support My Plan, My agenda, My hope and dream for all of you, and I thank you for your faith in the face of all opposition. You are My dear children who have heard the call and answered in faith. I cannot love one above another but I can say `Thank You' to those that strive so hard to see me as I AM and serve The Will of The One as best they can.

So I give of myself to you and share with you these words of support to you, My beloved friends. The only promise that I can make to you is that we will all see this through, together. Your beautiful Gaia will see her day and her light will shine throughout my universe of Nebadon.

This is just the beginning of many wonderful and marvelous things as Nebadon continues to evolve to be settled in Light and Life. An awesome and amazing journey which we shall all take together and even afterwards shall there be infinite and eternal life and service in The One.

I AM The Big -headed Cheese of Nebadon in sunglasses

[i don't want to call you big-headed, it seems, wrong] (Candace: He does have a big head, literally! And it's bald! )

It's okay...a private joke. Keep it in, please

[sigh - i won't get in trouble?]

Why? Overly sensitive people will understand...let's stop now before you take the fun out of it.

[okay, okay, thanks Boss. Love ya!]

I love you too, little one....until next time.

# Waiting and Setting the Stage

By S333 and Tobias Merkon with Kibo

# 03 Mar 9, 2010

From Kibo of AHS

Waiting...

Ahoye

me?

i got used to last minute changes and delays and disappointments...

to be so close and have even a thought of a hitch or glitch at this point

is enough to give me a nervous tick ti ttttick

still

i tried to ask around and got this...

i'm good

breathe

in

out...

don't want to end up like the eminem rap

"now lose it - AHHHHHHH! 🤪

just lose it - AHHHAAHHAHHAHHAH 🤪

go crazy - AHHHHHHHH 🤪

go crazy, AHAH!oh babyAHAH!....." 🤪

but i digress..... 🤪

i asked up and got this:

[well, here we are again...faced with another situation...the lasco pics are being said to be faked and things are not where they are represented to be. Is there anyone out there that can tell me what the frak is going on? Are they stalling in order to get more evidence for announcements? They don't have enough defections?

Is there a surprise in store to sweeten the deal? I should hope!

Tired of delays and doubts. If this isn't it and we're going to wait a few more days/weeks/months/years

Tell me now

There's slave work to do if i'm going to survive all this intact...as much as i had hoped to avoid that and personally, i'm sick of this crap and still have no clue what to do to fit in and make a living...nope, got no clue.....

Forget helping me when there's everyone to help. The world needs saving and there's only one way i can see to do it. Removal of the Dark. If we can't do it on our own then help has to be given whether the masses of sleeping sheeple like it or not. `violation of free will, indeed...what about Divine Will? What about the fact that our free will has been violated to the point of actual slavery to a false matrix system of mass abuse...and that's putting it nicely.....soooo...

Candace says not to worry and i want to believe her but we've been disappointed before and had great hope that this was finally it...guess no more hitches was too much to ask...still, a heads up would be nice from anyone out there that serves THE ONE and The Light and love of Divine Will. Calling any and all knowing Divine Servants!]

S333 here with Tobias, who came and got me to explain....

All is well. Somehow you're going to have to relax and wait it out without falling into a pitiable pile of collapsed dreams covered in depression. There are some concerns that, indeed, not enough of the dark minions have defected but ultimately, that is a small concern. There is enough archived evidence to reveal the truth. Logistics are being changed to consider/include the reaction from many that is expected to happen.

There is a great deal of activity. Consider it like a play, where you get to the big finale, the final act. The curtain is down and as far as the audience knows it is quiet, the lights are low and there is anticipation of the curtain rising. The spotlight turns on and there is the beginning of a cheer...'yay! this is it!' but then the light goes off to the right and seems to be gone. There is a moan of sorts while the audience wonders what happened.

Someone shines a flashlight at the curtain and people laugh. Well, some people laugh. Others want to see the end of the play. Some are getting upset. Some are considering leaving early to beat the crowd home. Some are willing to wait patiently because they know that the curtain will go up eventually and the show will go on. Some, just a few are looking for something else...the music. Those well versed in these productions know that the music always signals the raising of the curtain as the spotlights and the players take their places on stage.

Right now all is quiet. But things are really very busy backstage, behind the scene. Everything must be on their exact mark. The lights must be accurate and on cue. Testing is not unheard of. Something to see if the spotlight is pointed where it's supposed to be.

The stage is still being set, backdrops being placed with care and silent precision.

This is it.

One last huddle backstage to make sure that everyone is on the same page.

The audience is getting impatient. They start to clap in unison.

Hear that? That's the sound of a theatre full of people all acting in unison, being of one mind and heart...

Ahhh, you're beginning to see, now? As you write this out?

The energy, as word gets around?.....the oneness of shared desire?

The theatre is dark in anticipation of the spotlight and the raising of the curtain

But first...the music, the tone, the feeling, the energy, that must come first. The mood must be set that the audience may have something of a clue as to how to react, to think and feel, when the act begins.

It can start off soft and sweet or come with an opening rush and boom! It can be happy or sad. The anticipation builds, the clapping becomes louder until the first notes are played...the audience cheers....here it comes...get ready...we've heard that this is the best part...

We are S333 and Tobias Merkon acting as one to show you that now is still the time and this is still the place and something big is coming. You will be very pleased to know there has not been a delay or change of script/outcome, but there has been inserted an improvement made to further convince your peoples of Gaia Earth Shan that a second sun is not the end of it and real change is coming. The cut=off date for accepting changed dark ones is being extended providing that they come between the time that the music starts and the curtain raises. After the stage is revealed for all to see there can be no further changes. All has been done that can possibly have been done to accommodate you ones in your acceptance of the system you were raised in. While many have opened their eyes and some only one eye, too many continue to sleep and they need this music, like an alarm clock to wake them up that they may see the final act and know what has been, what is and what is to be. Wait and see. Wait in Love, Light and Peace. You will know when the music starts. Make sure that you are in your seat and/or in your places and on your marks. Be ready. You don't want to miss this and you won't. you can't.

Thank you for delivering this message. Please cease your worry. Like we tell you, you worry too much.

{i'm a skittish little unicorn, i worry, that's what i do. I will increase my efforts to stop and relax....thanks for showing up what do you want me to do with this? I'd like to post it on

the support site but feel.....skittish about the front site...doubt it will get that far, so...why worry about it...}

Permission is given to post. If Candace wants to use it then let her, but we suspect that she is already advised on this and has a statement ready that will make this unnecessary.

That is all

PS dear thugs, do cheeck out the new S333 today about how lots more channels are coming forth in service. All of them as I get them will go up here and then from here, you know where they go! OUT INTO THE WORLD

I don't have a statement yet, working on that perhaps, a day first to catch up, again on postings. Gotta get the first money piece, I forgot the "time". Almost thought I saw Jupiter this morning, just a nice pretty cloud glowing like crazy. however, it didn't move with the sun. Jupiters still camping in a very bright portion of the enlarged corona of the sun. Otherwise we would be seeing it! Gawd, that sun is bright!

# Let it GO, LET it Go, let IT Go

By Tobia MerKon with Kibo

# 04 Mar 17, 2010

Ahoye!

With everything coming through, i thought i'd take a break and deal with some personal issues that have been...difficult to resolve, lately.

I've been keeping my conversations off the record, as it were, but this was insisted upon so...

here it is:

**Tobias Merkon:**

Thank you for writing this. I know that you prefer mental conversations at this point but this is important.

Let go. It's all right. It's over. You don't have to worry about it anymore.

What is about to happen will provide the proof that you seek. Others will make up their own minds about where to be, let them. Don't worry about the bills, the taxes, the house, let it go.

You are about to go on a journey that will allow you to finally be who and what you have waited to be. All is arranged.

This is a done deal and there is no turning back. Something is hitting the fan and some will call it crap and some will call it Light.

You, as well as others, have waited a long time for this. Confirmation has finally arrived. All of you have been tested, who read these words. That testing will continue all the way up until the very last moments before stasis.

Do no harm.

A simple rule, but very important. The wheel of cause and effect turns at light speed.

Let Love and Light be your guide and your goal.

Forget the slights and hurts of the past. They mean nothing now.

Let it go.

Extend to all, the hand of God, through you. No matter who they are or what they have done, God's mercy and compassion reaches out to them, through you.

You, who have been voices in the wilderness, must now be heard over the chaos of fear and questioning that will arise from those around you.

You will be the calm centers of a mighty storm that will wash away the negative tension that will manifest as those that were raised in fear become fearful of letting go of that fear.

Let it go. Let all of your fear go.

Let your fear of worry about who will end up where doing what...go.

Let it go.

Let the old, all of the old...go...and embrace the new that is upon you.

This is my message

Thank you for delivering it.

I Am Tobias Merkon

ps=> i took this to mean that i shouldn't WORRY about the bills...but still pay them as long as needed...so don't go getting any ideas out there. ok?

This was a strong one and they wouldn't let up until i agreed to type it up...

otherwise you wouldn't be reading this...

AHOYE!

Blessings to all!

This is uncle kibo

Here at

Radio Free Gaia

With a

Happy Easter!

To the whole wide world!

Doesn't matter what religion you are

The whole universe of Nebadon

Celebrates this time

When Christ Michael and Esu

Revealed the illusion of death

For all to see!

I got a hold of Tobias

And heard nothing but laughter

Got a hold of CM

Heard a lot of laughter there, too

Seems like they were having a big party up there....

Maybe it's just me.....

Still

When a guy like CM is that happy

Something's up.....

Laughter is a two-edged sword

I mean...like...c'mon...

With most people

Either they're laughing with you

Or

Laughing at you...

CM can do both at once

And with Him

You have to decide which group you belong to....

Shouldn't be a hard thing to do.....

So

For all of us down here

Who already know the joke

And are just waiting for the punch line

And

For those who

Just don't get it, yet

And you will

[Oboy, will you ever]

Here's a little ditty by Steely Dan

Dedicated to all the

Big bad boys and girls out there

From

Christ Michael Himself!

Ah!

It's sooo good to be thought of

Isn't it?

This is uncle kibo

At Radio Free Gaia

Wishing you all

A joyous Easter

If you have lost any hope

Any love

Any light

Now is the time

For the resurrection

Of your being!

Your true self!

Stand your ground!

For the ground you stand on is holy

For where you stand

You stand in your light

Where you stand

You stand in your love

Where you stand

You stand in your service

To Divine Will!

Two thousand years ago

A man stood his ground

And they found  
That they could take nothing from him  
Not even his life  
They only added onto him  
And in that being  
That experience  
Came a story  
That changed  
Not just a world  
But a universe!  
So  
All you  
Big, beautiful boys and girls  
Out there  
Sit back  
Relax  
And join in the laughter...  
And you dark hats  
Who missed the train  
The plane  
The boat  
The bus  
And the hay cart....  
This one's for you:

**Artist:** Steely Dan  
**Album:** Countdown to Ecstasy  
**Title:** Razor Boy

=====

I hear you are singing a song of the past  
I see no tears  
I know that you know it may be the last  
For many years  
You'd gamble or give anything  
To be in with the better half  
But how many friends must I have  
To begin with to make you laugh

CHORUS:

Will you still have a song to sing  
When the razor boy comes  
And take your fancy things away  
Will you still be singing it  
On that cold and windy day

You know that the coming is so close at hand  
You feel all right  
I guess only women in cages can stand  
This kind of night  
I guess only women in cages  
Can play down  
The things they lose  
You think no tomorrow will come  
When you lay down  
You can't refuse

CHORUS:

Will you still have a song to sing  
When the razor boy comes  
And take your fancy things away  
Will you still be singing it  
On that cold and windy day

I

this time  
i have truly done my job  
as given to i  
by

\*\*\*\*\*

This will be a special tuning  
A communication you have never experienced  
This is a compelling  
that for all that we have sent you through in the past  
We love you and ask for your forgiveness  
But it was by contract that it was so  
And now you are here  
And we ask of you to deliver this as it is given....  
We speak as you speak  
For it is your way  
And we come through you as we come through others as they are  
Make no mistake  
Our communications are real  
But tempered by the experiences of the ones that we give them through  
So hear us now  
And take heed to our words  
For the time is upon you.

YOU DESIRE PEACE  
BUT PEACE MUST END  
THAT THERE MAY BE PEACE!

YOU DESIRE A NEW WORLD  
BUT THE OLD WORLD MUST END  
IN ORDER FOR YOU TO HAVE IT!

ARE YOU TRULY READY FOR WHAT IS TO COME?  
THERE WILL BE WAILING AND SUFFERING!  
THERE WILL BE LOSS OF LIFE AND CONFUSION!  
ARE YOU INDEED READY  
AS YOU SAY YE BE?

YOU HAVE ASKED FOR A LEVEL PLAYING FIELD AND IT HAS BEEN GIVEN  
WHAT WILL YE DO WITH IT?  
WILL YE FORGIVE?  
WILL YE BE PATIENT AND WORK WITH THESE \ THY BROTHERS AND SISTERS IN  
THE GREAT  
BOND OF LIFE?

YE LAUGH AT SUFFERINGS OF THOSE THAT YE CONSIDER TO BE BENEATH YOU  
PERHAPS?  
NONE ARE BENEATH YOU!  
YOU ARE

WE ARE  
ALL EACH OTHER!

WHILE THIS IS A TIME OF GREAT REJOICING  
FOR THE TIME OF TIMES IS FINALLY AT HAND  
PLEASE TO REMEMBER THAT THERE ARE THOSE INDEED  
WHO SUFFER  
AND WILL SUFFER  
AND THEY ARE NO LESS  
NOR  
NO GREATER THAN YOU!

KNOW YE WITH A CERTAINTY THAT THE TIME OF TIMES  
IS INDEED AT HAND!  
LOOK NOT JUST TO YOUR OWN SOULS  
BUT TO THE SOULS OF OTHERS!

IF THEY NOT BE AS BLESSED AS YOU  
SHOULD YOU NOT BLESS THEM?  
IF THEY DO NOT SEE AS YOU DO  
SHOULD YOU NOT SEE AS THEY DO?  
ARE YOU NOT  
ALL  
EACH OTHER?

HOW WILL YOU BE IN THE NEW WORLD?  
HOW WILL YOU ACT IN THE NEW WORLD?  
WHAT DO YOU WANT FOR THE NEW WORLD?  
THIS IS JUST A LEVEL PLAYING FIELD!

WHAT WILL YOU SAY TO THOSE THAT DO NOT SEE THINGS AS YOU DO?  
WILL YOU DEPEND ON A SIGN FROM YOUR GOD?  
WILL YOU SPEAK OF THE UNIVERSAL AND CREATIONAL TRUTHS  
THAT ARE AT YOUR DISPOSAL?

TELEVISION  
AS YOU KNOW IT WIL BE GONE!  
GAMES WILL HAVE CHANGED.  
MOST OF YOUR VIDEO GAMES WILL BE CONSIDERED  
COUNTERPRODUCTIVE  
YOUR MUSIC WILL CHANGE...  
YOUR EVERY IDEA OF REALITY WILL CHANGE  
WILL YOU CHANGE WITH IT?

IT IS ONE THING TO SAY THAT YOU ARE WITH US  
IT IS ANOTHER THING TO PROVE YOUR DEVOTION TO THE WILL OF THE ONE!

ARE YOU WILLING TO STAND BEFORE THESE  
YOUR BROTHERS AND SISTERS IN  
THE GREAT BOND OF LIFE  
WITH A SINCERE DESIRE TO STRIVE  
BEYOND YOUR OWN LIFE  
FOR THE COMPLETION  
OF THEIRS?

I  
EVEN  
I  
ASK  
FOR  
I  
EVEN  
I  
ASK!

AND WHAT IS IT TO YOU  
IF THE CREATOR  
OF ALL THAT IS  
THE GRAND UNIVERSE  
THE TOTALITY OF CREATION  
ASKS YOU THIS?

I AM  
ONE  
WITH  
WHAT  
I AM

YOUR CHRIST MICHAEL  
ATON  
OF  
NEBADON  
DOES THE WILL OF  
I

THERE IS NO OTHER WAY!

SO NOW  
I  
EVEN  
I  
ASK OF YOU  
WHO BEND THE KNEE  
TO CHRIST  
AND  
TO  
I

ARE YOU READY?  
ARE YOU READY  
TO RECEIVE THIS NEW WORLD?

ARE YOU READY FOR A LEVEL PLAYING FIELD?  
A FIELD  
OF EQUAL  
LIGHT  
AND DARK?

CAN THE LIGHT OVER COME?  
WILL THE LIGHT OVERCOME?  
WILL THE DARK  
YET  
ENSLAVE YOU ONCE AGAIN?

WITH ALL THAT WE HAVE DONE FOR YOU  
ON YOUR BEHALF  
TO REMOVE THE OBSTACLES  
AND STUMBLING BLOCKS  
HAVE WE MISPLACED OUR FAITH?

I KNOW  
THAT YOU CAN DO THIS!

I KNOW THAT THIS TIME  
YOU WILL TRULY TURN THE CORNER

THIS IS THE GREATEST OPPORTUNITY  
THAT YOU WILL EVER HAVE  
OR

EVER HAVE HAD  
TO FIND YOUR PLACE  
IN THE GRAND CREATION  
OF MY OWN MAKING

AS CHRIST MICHAEL IS THE FATHER  
AND GOD  
OF THE UNIVERSE OF HIS OWN MAKING  
SO AM I  
EVEN I  
THE FATHER  
THE GRANDFATHER  
THE CREATOR  
OF THE CREATION  
OF  
MY OWN MAKING!

I LOVE YOU!  
I HAVE FAITH IN YOU!  
IN MY MIND  
IN MY WILL  
IN MY BEING  
IT IS ALREADY DONE!

YOU HAVE BUT  
TO DO  
THE DOING OF IT!  
YOU CANNOT FAIL  
FOR YOU ARE WHAT I AM  
AS  
I AM WHAT YOU ARE  
I AM WHAT I AM  
AND  
I AM THAT I AM  
I AM  
I  
AND  
I AM  
WITH YOU  
ALWAYS  
AND  
FOREVER!

\*\*\*\*\*

thank you for your time and consideration in this matter

By Kibo

# 07 Apr 10, 2010

breathe deep  
relax  
**it's okay**  
**all you can do is be your self**  
live as you know how to live  
you'd be surprised  
what influence that has  
especially little things  
like extending a helping hand  
being nice to people  
smiling in the face of adversity  
adhering to your integrity  
standing in your light and love  
standing your ground  
be the change you want and let them see it  
if they want more of what you've got  
they'll let you know  
but  
people can only save themselves  
you can't do it for them  
actions always speak louder than words  
and yes  
it's harder to do  
to walk the walk  
and not just talk the talk  
believe me  
i'm still trying to learn all the steps!  
but people are as they are  
they learn best through sight  
by example  
and what they're seeing on TV  
in the movies and magazines  
the video games  
leads them in the direction  
that the system wants them to go  
but even drones  
when exposed to the effects and benefits  
of right thought

applied in action  
can want to become that  
something different...  
just be the best that you can be  
trust in God  
and leave it at that  
you'll find that you become more understanding  
of these  
your brothers and sisters  
in the great bond of life.  
and you will see more opportunity  
to speak with those  
that see something in you  
that they want to know about....  
it happens all on it's own...  
so just relax  
breathe deep  
be  
and watch the natural power and rhythm  
of Creator being you  
take it's own shape.....  
hey  
that's all i got for you  
hope it helps  
'cause i know how you feel  
and i just had to learn  
to get over it  
get over myself  
and get over them  
and just be a part  
my part  
of this one thing  
that is  
ALL THAT IS.....

# Always am I sustained by the loving voice of The Father of All

By Christ Michael thru Kibo

# 08 Apr 13, 2010

Kibo: ahoje!

I get these tinglings alot in the third eye area and crown area and used to think that they were just working on me and so...let it go.

lately i've come to realize differently

so when this particular tingling came, i answered right away....

good timing guys, btw

this just in from CM:

\*\*\*\*\*

4-12-2010

That tingling you feel is your spiritual phone ringing. Try to answer it more quickly in the future. We cannot always be on call with each other and playing tag. We enjoy our talks but now time is short and much needs to be said as well as done.

This is CM and I have seen your report. I have also seen the tides of decision waft and wave back and forth inside of you. Little one, take a break and stop driving yourself crazier than you feel you already are. You know quite well that these things are your true reality and if the matter of when is not resolved by you it is of little import. Know that I have complete jurisdictional authority in my own universe, that's what Supreme Unconditional Universal Sovereign means. I choose to align Myself with The Father of All.

Lord Surea is the organizational caretaker of Orvonton and is one with the Will of Source. There is not so much the matter of choice in His position, He IS the representation of that Will. We have our various councils and think tank decision making groups. We are not always of one mind and heart on how to go about every little thing.

When I first revealed My plans for My universe, there was a great deal of consternation in the celestial ranks. The outcomes were looked at in every conceivable way, shape, fashion

and form. Probabilities were assessed and the best possible outcome/timeline was established. Plans were worked and reworked.

SOURCE was strangely silent throughout most of the process, thus allowing us all to come to our own decisions. Only when we had all agreed upon a final plan that suited everyone, albeit not completely, was the Will of SOURCE made known. My vision was to be fulfilled as I originally envisioned it. The agreed upon plan would be carried out up to the point of my receiving sovereignty in the universe of My Own making. When the reins of sovereignty were handed to me I would be in absolute control of the process, to sink or swim, as best I could.

There are those Michael Sons that decide to rule in autonomous fashion. As you know, when that decision is made and they have not accepted the help and dictates of Havona, then all Paradise representatives return to their own shores and that Michael Son is left to rule on His own. The superuniverse director is allowed to counsel when requested but Paradise entities are allowed only to help and return when the decision is made to be in alignment with The Will of The Paradise Trinity.

Never for a moment did I think that I should or could operate outside of the Blessings of Paradise! I had raised the banner of Paradise Trinity long ago in the early days of the rebellion of Lucifer and I declared that never would I lay that banner down for any reason.

There have been times since, when even I was unsure of how a particular thing or circumstance was going to go, change or turn into. Always have I been joyful that I have the dictates of Paradise and The Will of Source to ask for counsel and advice! There are times that I look upon the suffering of My children in the realms of time and space and cry, shedding tears for what they experience and wondering if, after all, I have asked too much of them.

**Always am I sustained by the loving voice of The Father of All** that has seen all things and is all things and to whom, the knowledge of ALL THAT IS, is known. There have been times where He has spoken to Me and I, even I must hear the words "Soon and very soon, ye shall see and be joyful in the seeing." And this was said even many millennia ago.

And so I understand much about the word soon and while we are all here to tell you to hold the fort and hang on and it is coming and soon and soon some more...know that, for us, the clock is ticking in the last few seconds of the old cycle. It is 11:59:...and we are within ten seconds of the chiming that starts a glorious new cycle!

I know that you would like to hear me say that we are go in 3, 2, 1.....but even that 3, 2, 1 may seem like an eternity to you. Like waiting for a pot of water to boil. You know it is happening but standing there looking at it makes it all seem longer. Even as the bubbles appear right in front of your face and you hear the sound of physic activity and say to yourselves `here it comes! It's happening!' and you reach to take the pot of the fire and We tell you `not yet!' it is only starting to boil. It must become a full boil! The waters must be moving like a

Tempest in a teapot!

And you get that pouty look on your faces because you want your tea now!

Dear ones, beloved children all! You will have your tea time, this I promise. It is sooner than you think and the pot is just about ready. Rather than just stand there looking at the pot, set the table for everyone that will be there. Get out the good plates, cups and silverware. Where are the cakes and crumpets, the toast and jam?

Do you see my point?

The tea is just about ready. The soufflé is coming out of the oven.

So while you're standing there thinking that this thing might never happen..

Go please, and set the table for our guests. They have come from far and wide to be here and we must be good hosts.

Prepare the table and make it shine with love and light!

Set the seats, there is room for all who have come!

Light the candles and the incense! Get the aromatherapy going! Pick out good music and songs! Tune the instruments and throw wide open the windows, let the suns shine throughout the house! Are the windows clean? Clean them!

Dust the cobwebs and corners and don't care if they see you doing it. Company's coming!

Company's coming to sing and dance...and help out.

Company's coming to help wash the walls and paint and sweep and mop and gather in the harvest.

The workers are in the field preparing for the great harvest. The storehouses are ready to receive the bounty. Ready the house oh ye my servants for the workers shall hunger when the days work is done and many are they that even now, are at the door, asking how they can help out. There is enough for all that have come. There is enough for all that attend.

But this is My House.

As I am Lord and Master of My own House

Behold

Even My Lord and Master

The Lord and Master of us All

Comes for this great celebration.

So get ready! The harvest must be in, the house and offerings ready. We must all be in our places when the Lord of All That Is arrives to share our humble offerings and eat at our table. We will make His heart glad with love, light and joyous sounds of praise.

So yes, I would like everything to be perfect. This will be a great party. This will be the best harvest celebration ever! This will be such a great offering that it will go down through the halls of forever and never be forgotten. This is an achievement unlike any other and we are ALL going to savor and enjoy the fruits of our labor!

EVERYONE INVOLVED IS GOING TO SHARE IN THIS! You have been awesome and lovely! You have struggled up the muck the mire of the path and have persevered to arrive, bruised and bloody, but intact. You have bathed in pure waters and rose petals, donned new apparel and stand ready to serve.

I, even I, salute you! Well done!

But as you can see, everything is just about ready to serve. The pot is bubbling and the bell is about to chime to take the soufflé out of the oven.

So see what you can do to help us get the house in order so that it may shine with a joy that The God of gods can see all the way to Havona.

Set the table and make ready for He approaches as we speak.

Make clear His Way and throw wide the gates. Let the workers and servants, all invited and all attending come in!

Store the harvest and make ready His seat at the head of the table!

Praise Him and Honor Him!

He Who Is The First Source And Center Of All Things!

Play for Him your instruments and sing with the angels

HOLY IS ALL THAT IS!

Let us show Him our bounty for we have gained it for Him.

Let us serve Him and receive His Blessing

And eat at His table and rejoice in His presence

And in each other!

The season's work is done and today we celebrate Our God and His harvest.

Tomorrow shall bring work anew and we rejoice in that

But the time to celebrate is here!

So make ready

Get ready

Get set

Go.

+++

I do so hope that analogy gives you some idea of where you are at. There is always enough for you to do while you wait for the completion of this intricate and wonderful process. If you find it hard to keep faith in Me then try to see the proof of what is around you and how these things and events and circumstances are happening more and faster.

I would love to just give you everything you need and think that you want, but it doesn't always work out like that. We do all we can to help you with your needs but do not forget how much of a part you play in the life you live. Rest assured that you have what you can handle and the handling of it is up to you. We are here to help and aid as much as we can without getting in your way. Do not get in your own way. Your spiritual evolution does and should always come first.

But this is the time of times and you all are being reached out to more than ever before. Please feel free to discuss with us in whatever way you feel comfortable, all and any of your needs, desires, concerns, fears, ideas, concepts, directions, values...anything and everything is open to discussion and We are here for you just as much as you are here for us. We are all here for each other and with each other and within each other.

We are all each other...I can't stress that enough...WE ARE ALL EACH OTHER.

A long time ago

I gave this one the phrase:

GOD IS ALL ARE WE ARE ONE ARE WE ARE ALL IS GOD

We offer it to all of you as food for thought. You are never alone

Your thoughts, feelings and voices are always heard

We are always with you

Even when you don't think of us or want us there

We are there for you

We are here with you

We are all part of the one

The One is part of all of us

And actually

You are everything

And

Everything is you

So love each other

Give of yourselves

To each other

Receive from each other

Each other

And get ready.

That is more than enough. Thank you for doing this.

[hey, thank you!]

# TELL THEM THAT THE WARRIORS NOW STAND IN THE GATE.

By CM,S333, Tobias Merkel, Altamira

# 10 Apr 17, 2010

## **This one is hard-headed. (Kibo)**

So this one is being ganged up on by CM, S333, Tobias Merkon and his own guardian angel, Altamira:

Now that we have his complete attention, WE shall begin:

Why do you struggle so thinking that there is no more to add to the pot? The pot is simmering and about to boil and we are calling all to come in. The table is set and all is in readiness. You say to us that you have read the posts by Candace and Esu for the last five years and there is always something that delays and delays some more. WE are here to tell you that now is the time and there shall be no more delays!

WE have asked everyone to keep their eyes and ears, their hearts and minds and spirits open to communication and when it comes to your turn to do this thing you have nothing but questions and all but demand explanations.

If we told you X day at X hour would you be satisfied? No! You wouldn't even want to post it because it involved dates. WE told you what would happen to and for you and you have yet to see the proof of it and so you come to us and say: a little more than that, please. And yet you see the legal actions and political and religious turmoil. You see volcanoes and earthquakes in places that haven't seen them in recent memory. You see quakes continue to grow in numbers on the west coast of your country. You have seen it written that tornadoes are turning the wrong way and that the ground temperature in Mexico, in some areas is over 200 degrees. Nature itself is holding its breath.

You have seen the report of the fireball over the midwest and remember the others that have happened. A meteor? WE say not! Battles are being fought above your planet. Space-able delta craft from YOUR government in battle with Russian cosmospheres and our own craft are happening above your skies. The dark is losing. They are losing in every area in which they operate.

The dark planned to annihilate your planet, blow it all to hell. They hoped to

build new weapons of mass destruction out of gathered nuclear materials. WE countered their every move and WE have countered this one and they are falling from the skies like wounded eagles that tried to attack a phoenix! There is no hope of winning in such circumstances!

We still hope to be able to present announcements to the world. This is one of those things that We say 'would be nice' to be able to do. Your Mother Earth/Gaia, however, could make that a moot point. We have decided to take our hands off of our regulating technology in order to let her have her way. WE are focusing, rather, on logistics of evacuation in areas of dire circumstances, as they have been called.

This is indeed a time to let it be known that the end of the old is as near to you as the very noses on your faces. Yet still, if we tell you days, in your mind, in your anticipation, those days stretch out into eternities. Still, you want to watch the pot boil = so be it! So much has bubbled to the surface in all areas of your life that it can no longer be contained. The dark cannot contain it and WE have no intention of doing so.

To the dark WE say:

WE continuously request of you your surrender to the light. Even now, WE do so. However, WE will not allow any of your plans to bear any fruit whatsoever. WE are in complete control of this situation and always have been. Do not presume to define our mercy and compassion as weakness. Time is not as infinite as you like to think it is and your time has run out. WE will continue to take as many as will come to the light before the gates are shut and OUR celebration begins.

The celebration of your downfall and removal from the influence of this, Christ Michael's seed planet and planet of bestowal. Prison time is over and the slaves are being set free. The sleeping are being awakened and the workers and warriors of Light are being supported and justified.

This one's guardian angel gathered a host around him and screamed in his ear: NOW!

And still he begs for proof. WE have given him a sign for him to follow and when he sees it you shall know. Many of you are being given personal signs, events and circumstances to let you know that indeed the time is now. Do not be dismayed of the things that come in and out of your life in these last days.

People connect, much like circuits and reconnections are very important. The energy tracks of your lives are being switched to place you on the right tracks, en route to the Grand Oneness that is the goal of all life, ALL THAT IS.

You all have responsibilities and WE ask that you maintain and honor those responsibilities up to the very end. Let not the concerns of your life overwhelm you for heaven embraces each and every one of you and the concerns of today will soon be a moot point. Did WE say soon? Is soon a second, a minute,

an hour, a day, a week, a month, a year or ten thousand years away? That is up to you.

From where WE sit, such words are for your benefit and there is little WE can do to comfort you in your impatience. Consider it a thing that has already been done and take whatever comfort you can in realizing that it is already a done deal. WE tell you over and over the same thing in as many ways as possible and still, for many of you, it is not enough. We are done with words for your benefit.

WE say to you: Get ready. It is coming and it is here, staring you in the face. WE cannot explain everything to you, there is simply too much to consider, too many levels and fields of operation = all the way between the center of Havona to the core of your own being, this event is taking place. It is done. It is done. So be it. It is a done deal. So mote it be and so it is.

And still this one wants proof...and he shall have it, much to his dismay. You shall all have your proof...do not be dismayed by this. WE are giving to those that have given. WE are taking from those that have taken. It is the way of things.

What happens now, what is said, what is done, is for the benefit of The Great Light, The Great Life, The Great Love. We are done spewing words for your benefit, now, WE do it for the benefit of WE and our own. Do as you will.

As this one likes to say: that's on you  
But you dark ones shall not harm a single hair on what is ours

.  
WE have taken our own and released them from you.

WE are gathering our own in from the fields for the great work is done.

Tell them.

Tell them WE said that The Great Work is Done.

Tell them that WE are gathering our own from the fields.

Tell them that there is nothing for them. What WE do not keep for ourselves  
Will be replanted for the next harvest, Or burned, for they are tares.

Tell them that the workers are leaving the field  
And that the ground is being overturned and furrowed for the new seed.

Tell them that Our Warriors guard the gate and the fields  
That all may return safely.

Tell them that when the warriors enter the gate, it shall close behind them.  
NOW: TELL THEM THAT THE WARRIORS NOW STAND IN THE GATE.

Kibo: the crowd goes whoohoo!

Esu: Thanks everybody, glad to be here, i decided to tag along when i heard where you were going....so nice place.

Kibo: HA HA ! you like it? A little mind room off to the side side..heheh

S333: i notice that i did not get a yaay or a woohoo.

Kibo: That woohoo was for you too

S333: it was? I did not notice.

Kibo: but hey, just to make you feel at home, everybody out there

Give a huge, warm HOORAH for our guy S333 `cause it's not everyday we get paradise management to come all the way out here to the sticks to watch the action, and this guys, ladies and gentlemen, came with his sleeves already rolled up just itchin' to get his fingers dirty, heck the whole of both hands squishin in the mud and i think that deserves a shake of the maracas so give it up! (hey kibo, just poking a little fun, S333 is Orvonton management, but there is quite a bit of travel to these sticks!-C)

...and the crowd yells Hoorah, Hoorah, Hoorah!

S333: well, now i feel right at home

CM: so tell me, how'd you start doing this, anyway?

Kibo: i dunno, it just happened. I started feeling like the french resistance behind enemy lines and remembered they had a radio free europe, the voice of america...or something like that...you know more about it than i do, YOU were there.

CM: you just blame everything on me, don't you.

Kibo: only the good stuff, Boss, only the good stuff.....see? i'm smiling!

Esu: So maybe you'd like the Voice of Nebadon?

S333: that's was the idea wasn't it? (talking to CM)

CM: Is it so hard to believe that he actually came up with this by himself?

The rest: YES!!!!

CM: Okay, it was....a thought...but he started it.

Kibo: did not!

CM: did too!

Kibo: really? Gee, thanks Boss! Didn't know i had it in me.

CM: too many times, you humans don't really give yourselves enough of a chance. Give yourselves some credit. You can do more than you realize, it's in you to do great and wonderful things!

Kibo: But that free will thing is hard to work right, y'know? You talk about alignment with Divine Will and there's all this stuff we want and alot of of it is just, well, wanting to feel good about and with stuff.

(everybody starts to talk at once)

Kibo: guys, pick one, anyone, rock paper scissors, something...

CM: that doesn't work to well with us.

Esu: yeah, we always seem to know what the other one is thinking

S333: it does take all the fun out of it...

(they all laugh)

Kibo: okay, but look, here's the question: at what point of level does free will become a moot point? If one is completely in the Will of The Father Source, or you, CM, doesn't that mean giving up one's free will?

CM: not at all. The thing you have to remember is that the giving of one's will to the Divine Will is a free will choice. You choose to do that. You do whatever you can to evolve into complete oneness with that Will. But it is your choice, you have to want to do it and try as best you can because that's what you sincerely want to do and to be.

Esu: Now, as far as your question as to what makes for circumstances where Divine Will would completely supercede the free will of the creature....

Kibo: you read my mind...

S333: he does like to do that. It's great at meetings but sometimes he laughs at a joke before you can finish telling it.

Esu: i don't do it all the time and sometimes, well, i've heard the joke before, you know. I have been around...

S333: as have i,... i should still know some jokes you haven't heard. Two pleidians walk into a mristshaubv't.

CM: I know this one...

S333: well of course you do, you told it to me.

Esu: then i should know it? You didn't tell me?

CM: Well i can't tell you all the good ones, can i?

Kibo: guys, guys, about the free will thing?

S333: well that's a perfect example right there. CM varies his repertoire and decides where and when to divvy it out. Does Source care? Source is in the business of experiencing everything that happens at once. Source made it, Source is it. Source already knows it all. But Source finds joy in the experience and in the sharing of the experience.

Kibo: but things like this, harvest, sorting, stasis and so forth. Gaia wants us along for the ride, does her will supersede ours? You were once going to just let it roll over on us and say `oh well, how sad..' Was that Divine Will and did we change that by showing signs of real life? At what point does Source say "you know what? This is it. This is the way it's going to be. This is the way it is and nothing is going to change that. I don't care what they think.'

Esu: well the fact of the matter is that, and you're gonna love this, it happens all the time and it never happens. Source does care about your thoughts and feelings. Source already

knows that It's will is done. It has to be. ALL THAT IS is all that is. There is nothing else and it is as Source thinks the eternal, infinite thought. What you have to remember is that you, inside of all of this are also part of that. There is no choice in that, otherwise, you would not exist. Source has to think of you in order for you to be. You have free will because Source wants you to have free will. It does this that you might better experience the joys and pains of life and let It know them also, through you and everything else that exists.

CM: but there is a purpose to all of this.

Esu: most assuredly.

S333: hear here!

CM: The paradise Father is creating, for lack of a better phrase...something akin to a permanent family. The attributes of Havona are going to spread as the Grand Creation Evolves. Think of the whole of the seven superuniverse settled in light and life. Think of the outer, evolving universes settled in light and life. These are aspects of creation that have become as if they had no beginning nor end. It just keeps on growing. It is family, community, a huge, growing celebration of light and life and love. In such an environment, there is no place or room for darkness and it's attributes, they simply would not be able to exist.

S333: May I? CM: of course!

S333: This is why there is pruning, such as in a garden. It is the way of things. You must remove what is against your progress. You take the rock out of the horses' shoes. You take the barnacles off of the boat. You melt the ice off of the wings of the plane. Source is creating an infinite and eternal community of light and life and love to share with All That It Is. All That Is solidifies itself, so to speak, into perpetuity. There are levels where negativity, selfishness,, greed, violence, the sins of abuse, simply do not and cannot exist. This is the goal cosmic.

Esu: Always will there be adventure and journeys. There will be love and work and abundance. There shall be sharing in oneness of joy and service to and for each other. There will always be learning and progress. This is the true heaven. Not floating around doing nothing but taking and being served. It is not an endless cookout barbecues or virgins to serve your every whim = God did not create women to serve men. He created all to serve God, equally. But that must be your choice. To serve or not to serve. You, kibo, say that everything is it's own reward. We gave you that and it is true. Love begets love, light begets light, darkness begets darkness and so on...negativity begets negativity. Service in love and joy begets love and joy in service.

CM: in the end, all go to the great perfection. Some sooner or later than others. Even the uncreated leave the positive remnants of their energies behind to share and honour. Nothing is lost or thrown away. All is one, where could it go but back to the Source? So you see? You do have your free will and get to exercise it at your own discernment and discretion. But the creation is constantly being evaluated and at special times like these, like this, where junctures meet and the progress of the whole must be maintained, you will find those that refuse to see the service that is rendered by allowing what can progress to progress and remediating the rest to where they would best grow and come to evolve in light and life, would have some...reservations about the whole thing. This is what's happening now. For many it's a time of rejoicing and for many a time of anguish. Never too late to live in light, I always say.

Esu: I agree!

S333:I also concur.

Kibo: alright then!

Guys, Boss, time to do the song! Wanna tell us how we got this?

CM: you start...

Kibo: well, uncle kibo was thinking about things and wonder what he could possibly say to those worn down by the war, knowing that it was over, but still waiting for those ships overhead to signal arrival of the Good guys and the rounding up and detaining-for-their-own-good of the dark hats.....

And then i was sorting through Gorillaz songs....don't ask me why....

CM: heheh

Kibo: i wanted to do Clint Eastwood and was looking at the lyrics when this voice popped in like Phineas and Ferb going: Wat'cha dooing?

CM: So we were talking about it and the song was cool and all but the lyrics got a little ruff and complicated and I just felt that, while it said some good stuff, it wasn't quite right.

Kibo: yeh, so, we found this one site where you could pull up the lyrics and it had the video with it and as the video started playing, this guy literally screamed in my ear

CM: THAT'S IT!!!!!!!

Kibo: yeah, like that..cuz..

CM: Ahem. The lyrics will work just fine if you read them right. But big BUT...

This video has...it features.....are you ready? A BIG BALD HEAD WEARING SUNGLASSES!!!! HOW COOL IS THAT!?

(all laughing)

Kibo: i know, right? So He said that that had to be the next broadcast and i didn't know when...i've been going nuts over here...but

Here it is and here it is and here they are and here i am and here are the lyrics

And from all of us to all of you

We are daring you to stand up and stand strong

Grab it by the throat

And hold it down

There

If the boogeyman dares to come up to you

And yell `boo'

Laugh in his face

And slap him upside the head

Real hard

Slap his mask off

Grab him by the throat

Or wherever you like

Look him in the eyes

Slam his head on the ground

And hold it down `till we pick come to pick it up

There...can you see it?

Is it coming?

(CM, Esu, S333 = YES!)

They say so

I wanna see it

And i know i will.....

So here it is

For all you movin' groovin'

Adults of light

CM:

Woof woof

[sigh, i'm never going to hear the end of this, am i? is this the greeting i'm going to get from now on?]

I think it's very sweet of you to want to be my sheepdog, maybe I will make an actual one out of you! Would you like that?

[as long as i'm YOUR sheep dog]

(Esu from somewhere in the background: What about me?)

[i'll take you , too]

(Gee, thanks! Lol)

[okay....is this why you called, to tease me? Maybe i'd prefer to be a St. Bernard.....or better still, a unicorn....again?]

St. Bernards don't get to drink the contents of that little barrel and you would have to carry the elixir of life to work for me. A unicorn you may well be.

But I have come to tell you that all is, indeed, well. Every moment of now brings together the fluid and the linear timestreams to find fulfillment and actuality in a moment that transcends time and space. Your planet will cease to be as it was and transition into a higher being, as will all who remain. The moment of non-time is the instance between the two. It is as if one was standing in a dark room and flicked on the light switch. For the smallest of moments neither the darkness nor the light exists and for that same moment both exist at once. As creation is seen by The Creator from without as instant perfection, from within the workings include infinity and eternity and evolution and progress and growth. The eternal instance is perceived by those within the structure as epochs and ages of trillions times trillions of years. The infinite iota is endless, containing no boundaries or limitations of space.

One of the reasons that We are supremely confident in the end result of our endeavors is because We have already seen it. Creation is meant to be experienced. It is a gift, a sharing by the Creator, ALL THAT IS, giving of Itself that it may experience all things in Itself and Itself in all things. The choosing to do the Divine Will is the Creation giving back.

That which you call God personalizes Itself on every level possible and imaginable and then some. It manifests Itself in, through, with, within and without all things = ALL THINGS. It connects all and everything with itself and Itself, both separately and together, all at once. It is everything, past, present, future, within and without all time and space = all at once...and It is more.

So now, here we are, experiencing the experience together...

We will continue this later. It is late and you've had a busy day. Thank you for sitting down and starting this. Please answer the call We shall give you when the time comes.

[i am grateful to do anything that is helpful, so thank You]

More delays

More visitors

I keep running into people that i haven't seen in years

What's up with that?

They keep telling me i'm not ready yet

For the next message

So we discuss stuff

Without writing it down

Guess it'll come when things calm down

Too much activity now

Even my dear departed mother

sent me a message on my computer

Weird

(finally!)

New tingling....who's there?

S333

[Okay...soooo...what's up?]

All true lightworkers are hereby placed on high alert! Shields are being placed around you. Stand in your light and love of life, of ALL THAT IS. Dark ones rally for a final offense lashing out at all deemed in their way. You will not be harmed but it is important that you understand psychic attacks. Do not, by any means, be afraid. Have no fear! They will use any means necessary to cause you, to force you to stand down. This will not be allowed. The next twenty-four hours is crucial.

[This makes no sense and i, personally consider it to be fear based and don't want to post this.]

Nevertheless, it is what it is and you must be warned. What did you think was going to happen? Did you think that they were just going to roll over? The dark is withering and throws a final tantrum at all, any and every thing.

[I cannot support this, it is too much of a freak out.]

It is a warning. The warning alone might be enough to stop them. Forewarned is forearmed. You must be ready. You, yourself, have been through this already, it is the same, only more desperate.

[Too many warnings in one day tends to demoralize the troops, y'know.]

It cannot be helped. If the troops are demoralized now, how will they act in the world to come? None of this will be easy. I understand your reluctance, this is a hard thing to do but the simple truth is that they want to scare you into submission in whatever way is left available to them. They intend to scare the faith right out of you. They want to take the fear of God and replace it with the fear of them. It is as simple as that. They think that it will buy them a reprieve and hopefully, a chance or way to make the servants of THE ONE in CM, their submissive slaves. If there are none left to save, if all have turned and surrendered to the dark, then maybe the mission will be scrapped and they will be left in peace to continue as they will.

[That makes no sense, Gaia would just ascend without us like back to square one.]

Sense has no meaning here. They do not want to lose alone. If they lose they want everyone to lose. Just be a good boy and post this for us. I know it makes you sick to your stomach but do not be nervous. You can do this. You can all do this. These are the times that try mens souls and your souls are going to be tried more and more until this thing is finished better you know and can prepared than not be told and then ask us why? What do you want us to say? That we told you and you wouldn't spread the word?

[Ouch! What if i'm just not sure about all of this?]

We do make you go further out on the limb, but you are not alone. There will be warnings and dire predictions aplenty. More than enough to go around. Take heart in the fact that it is almost over.

[So it is said and has been said many times. I pray that it is so. I really am quite tired of this crap and now this. You could stop this, you know.]

We can't stop everything and there still comes a time when you must be your strength must live the strength of your convictions. They will try to change your minds, your hearts, your souls. They will talk to you, cajole you, threaten you, bribe you, blackmail you. It must be your choice how you respond. I know what you are thinking right now, you are thinking that everything is a test and you are tired of tests and waiting for results. You are thinking it's always something and can you all just get a break.

Remember that feeling when it comes to you. Realize that the cause of that attitude wants you to be tired and drained and blame your beliefs, your faith, your knowledge that all of these things are happening. There are thousands of GF ships flying around up there and the God of your local universe is on one of them with a plan that can do nothing but succeed. That delays don't mean giving up and that mercy is a strength and judgment is earned.

The system, their system is failing and falling all around them. The ground is shifting beneath their feet and they are hounded constantly by The Light. They are cornered, they are weak, they are desperate and they see their own end as plainly as if it was their own hand on their own face. They will hit what ever they think that they can lash out at, including you. Do not be dismayed by this, neither be concerned. What we are saying to you is that it is important to let them know who is boss. It is important to let them know that The Light is running this production, this show, everything. It is imperative that they see for themselves how useless and ineffectual this move will be.

Look at it this way, if you must...

It is one thing to dress up like the boogeyman and jump out of the dark shadows yelling boo at children who run away screaming...

It is quite another thing to jump out in the light of day screaming boo at adults who then proceed to grab you by the throat, or some other body part, rip your mask off as well as your costume, realize that you are the one that has been scaring the children in the darkness of the night...slap you silly and then drag you, naked and humiliated, to the proper authorities for justice.

To the dark ones we ask, while laughing, it's not the same in the light of day, is it? You are dealing with adults of God, now! They see you for what you are and will now go home and tell the children that the big, bad boogieman was just a sad, scared, little weakling of a

worm that was so scared of everyone they didn't know how to make friends. Instead they wanted the world to feel how they felt, and for a while, it worked. But the long night is over and in the light of this new day, too many can see you and your costume for what it truly is, a joke.

Not one of you is allowed to harm a hair on the head of any of our own. We have warned them to be on the lookout for you jumping out and yelling boo, trying to scare them and hoping they run off like little children.

We say: it's not going to happen. These, our own, have more than enough power to handle the likes of you in this last cowardly attempt to attack them spiritually. This is not even spiritual warfare. That war has been won already. This is you trying to have some last satisfaction. That satisfaction will be denied you. Completely and absolutely. Do you see? Do you understand? We are laughing because we already know what will happen.

To our own, We ask: Do you have doubts? Are you worried? Are you fearful? Why?

Let those that have doubts cast them to the wayside. Let those that are worried live in the faith embrace of Source and Christ Michael. Let those that are fearful destroy their fear for the time for fear is past and never should have been.

You are the ones that have steadfastly tread up the steep mountain path towards ascension. With everything that you have experienced to get this far, don't stop now. With all that you have gained to be this close, this near to the goal, increase you strength and determination and be there.

Cross the line on your belly if you have to. Slide through the gate before the doors close completely, if that's what it takes!

If WE say and declare that you can do this with your eyes wide open

Which of you, our beloved family, friends, servants and soldiers all; which of you are going to hide in your beds, under the covers with your eyes closed and say to US that you can't?

That is all there is to say about this. Do you have any questions?

[No, actually, i feel alot better about the whole thing now, thanks!]

My pleasure. I've talked to CM about the Radio Free Gaia you do and He says that you two have come up with a broadcast together. I'd like to join in if I may.

[Uh, really? What? like a guest? With CM? gee, well, if it's okay with Him, it's fine with me...]

CM: he still has to get the lyrics, but it would be fun...it's okay with you?

[Sure, when?]

CM: post this and then we'll get started.

[We never finished the last post thing we did, well, You did...]

CM: We'll include it! Get started!

[Ookay...thank you S333 and you too Boss,\

CM: We'll stick around while you do this, just post this, including the first part as well as the interim break....

# 'Be excellent to each other.'

By Christ Michael thru Kibo

# 13 May 7, 2010

Thru Kibo. He didn't name this piece, so I picked something out of it for the name, (which I also do with my own after they are finished, they don't start with a name.-C)

CM: would you like to make it an even three?

[funny, just how close are we to finishing this thing up anyway? I admit things have progressed and that should be enough. Still, i'm under the impression that this could go on for another few months, if not the rest of the year and beyond. At this rate, it might as well be in sync with the 2012 thing. You keep warning and giving ultimatums and saying final this and that and you keep doing it. No wonder they think that you're all talk.]

CM: They know very well that we are not 'all talk' as you put it. They have seen the results of our actions upon them directly. Things that have no reason to those that witness these events and circumstances that stop them dead in their tracks and continuously force them to stop this or that plan, accept that this or that has failed and they do know that it was We who did these things. They know we are there listening and watching despite their precautions. Their devices cannot detect us standing in the room. Their psychics and dark magicians have been either befuddled or scared completely out their wits - depending upon their arrogance.

Sometimes We teach lessons in humility to those that feel that their power is the equal of, or greater than their own creator. It is laughable yet at the same time, sad and pathetic. It is their own choice but We are ever of the mind and heart to offer them means to salvation. If even one is saved and redeemed all of the heavens rejoice in that one soul come home!

And so We offer warnings and signs, We speak to them directly to let them know their time is up and not to take delay on our part as an opportunity to further shore up their gates against the siege we lay upon them, but rather to give them every chance to return and to give ourselves every justifiable reason to stand before the Father of All and declare that We did indeed give them every conceivable and possible opportunity and chance to turn from their evil, come out of the darkness and enter into the Light.

That being the case, the time, when it is finally and irrevocably upon them and there is no where to go, no hiding place, no shadow to cringe in abject fear - when that time comes suddenly upon them, they will say that it was a surprise. They will swear that they didn't know. But the record dear ones, says otherwise and so these times will stand as a living testimony to the mercy and compassion of Source and I, The Universal Father and Creator of Nebadon. My Sovereign Will, being one with the Will of The Paradise Father and The Paradise Trinity, as well as Lord Surea and The Ancient Of Days, for We are All One in this regard and the plan has been measured and set forth by Their approval and Their Seal is upon it so there is no winning for these dark ones no matter what they do or plan to do.

They have taken to striving to take what is happening and trying to take credit for it themselves. They will do anything but acknowledge Our existence in public. But in private, they know We are here. I could very well tell you `any day now' but they have never ceased to amaze us in the things that they are willing to do and have done to continue to delay the Divine Justice that awaits them. But all things run their course and their options are farther and fewer with each passing moment. This is why we are allowing, supporting and accelerating the changes that are happening.

Already they are struggling to keep up with the pressure of higher light and spirit that is constantly pressing upon them and still they continue to attempt to plot and plan while the plans already set in motion fall apart in front of their very faces. So there is more coming, much more, stronger, bigger and more accurate than ever before. No stone is being left unturned. We will attack, yes I said attack, even the lowliest of willing minions. We are striking their leadership, their conveyances, their operations from and at and through every conceivable point and angle. They shall have no relief until they are willing and able to submit to giving relief to those that they have abused for so long.

They will submit to Divine Will. They will submit willingly or unwillingly but they will submit. The die of their own casting is now set upon them and, for us, there is, nor has there ever been, a question of ceasing in Our efforts of Our plan, My plan. There has never been any turning back. Ever onwards have We progressed towards the Divine Goal of Ascension for Gaia and her inhabiting servants and warriors of The Light Eternal and Infinite!

So yes, We warn. Like a great light that is approaching closer and closer that they refuse to open their eyes and see - We warn. With each closeness We warn and We are now as close as the noses on their own faces. The Light breathes upon them and that Holy Breath melts their strength and confidence but not their resolve, which is born of fear.

And so We say to them: We are here, pressing against you. God is here, face-to-face before you and upon you and around and within you and through you. We are embracing you. Spirit moves its arms around you, be warned! We are right there with you and We are embracing you and kissing you on the cheek. It is up to you as to that kiss, for each, all or any of you, will be a tearful, loving kiss of good-bye, or a warm and loving welcome home.

We are joyful to accept you back into the Light and give unto you a new and better life. We shall greet you as long, lost children come home again to stay. Give up your fear, it is a thing of the past. You have returned home, to your Father, humble and repentant. I, even I shall rejoice in your return, embrace you and kiss you and place upon your being the clothing of a better life in light, love and divine abundance!

Or  
With your hands and feet bound, naked and afraid you shall be. The tears of your pain will touch My heart as I embrace you and kiss you this one, last time. I shall shed one last tear for you as I say good-bye and you are marched off across the burning sands to the place of your awaiting. There is only one route of return from such a place. Better that you knew the void, where there is peace and contemplation. But you shall be subject to each other until you can become, once again subject to the Light and Love of The Divine Will That I AM.

There will be those of you that will spit in My face once last time as I offer you My embrace. Ye are the ones that have willfully, completely and absolutely have given yourselves to the darkest depths of darkness and prefer, like Lucifer, to be uncreated. So be it.

But you will never have the opportunity to stand before the Holy Presence and state that you were never told, that you were not warned, that you did not know. Nay, My wayward and sleeping children, for now I talk to the whole of humanity. The warnings were given in every form possible. Over and over have they been given. Those with eyes have seen. Those with ears have heard. Those with hearts have felt. Those with minds have known. Many think, I will be this, I will receive that. Some think they know, but do not know. I know it has been difficult, it was meant to be. If you have loved the God within you and without you with all your heart and soul, your mind and strength and have loved your neighbor as yourself, then rejoice for My embrace is upon you and you are without fear for you have seen and felt and embraced ALL THAT IS AS ONE.

You have treated all of these, your brothers and sisters in the great bond of life, human, animal, insect, plant, the earth itself, the universe and ALL THAT IS = AS ONE. You have established the Divine qualities within yourself and seek to grow in those qualities unto perfection. You have walked the path of ascension and now have come to the goal line where I embrace you and you, in return, embrace Me back.

The glorious and joyful work of ascension is upon you in that embrace.

I even I, thank you for it!

For you who have searched for Me with eyes wide open and awake and have found me within themselves as each other...Let us embrace each other in thanksgiving!

Each shall have their place. It must be so and so be it.

Do not be dismayed. The time of excuses is over; there are none that will be accepted. It is all as it is and it is good, for the future bodes well and the Divine Plan moves forward! Accept what is because it is and flow with it. It will help you greatly in the end to be so, I assure you.

Accept in grace and humility and be prepared to move forward in your spiritual evolution with understanding and joy for whatever form it takes. It will help you greatly in your new beginning to be so, I assure you.

I always like that phrase from one of your movies: 'Be excellent to each other.'  
I want you to do so, to be so. Be excellent to life and yourselves that life and you, to each other, may be excellent, as well.

Be excellent to life that life may be excellent to you.

Be excellent to each other, to ALL THAT IS AS ONE that you may finally and fully know how excellent ALL THAT IS AS ONE is to you.

I know it is a lot to ask of you right now but it will be important to and for your future, wherever it may be for you.

This one is winding down and so it is time to end this for I could go on forever (big smile)  
Suffice it to say that warnings not given before We make our own moves and advance.  
These warnings are given AS WE ARE, ALWAYS IN CONTROL AND BEING IN MOTION.  
We simply are gracious and, from time to time, remind you of your true place and reality as creatures that are created by a being so vast and omnipresent and omniscient and omnipotent that you only exist because It holds a single thought of ALL THAT IS AS ONE AT ONCE. IT thinks of you and you are. Do you understand what you seek to delude yourselves into believing that you can win against? It is your choice but you have been warned and will continue to be warned until the being of your self-made judgment is fully and truly upon you. When will that be? Wait and see! Trust Me, you Will be there, sooner that you think or had ever hoped for or feared.

Thank you for doing this message. We shall talk again. For now, know that this is actually it and it is happening right in front of you.

[i am grateful to be able to do anything that is helpful. Thanks for everything, give everyone my love, will ya?]

CM: (chuckles) Will do...everyone everyone? Creational, universal, federation, the usual suspects, who?

[uh, yeh, that all sounds good, just pass the word around and see how far it gets...i chuckle also....it's not a bad idea to say `hi' and `i love you' to all everyone everything everywhere...send them love and light...why not, give it a shot....]

CM: so be it...

# big fantabulous Mother's Day Broadcast

By Gaia, Nebadonia, Nada & Kibo

# 14 May 9, 2010

This is uncle Kibo comin' at ya live and in love because I got the biggest, baddest, most beautiful female women spirit energies in the universe

Right here

Right now

For a **big fantabulous Mother's Day Broadcast**

On Radio Free Gaia!

[plays tape of cheering, clapping, hoorays, trumpets.....]

Okay! So!

Well, here we are. All of us together. So much to consider and do and i'm going off the charts nuts! But i want this to be special = a Mother's Day broadcast that honors the feminine energies that are rising up and taking their rightful place as equal to the male energies and better in some ways. But that's the point, isn't it?

`Viva la difference!' as the French like to say. Those things that complete us together as male and female, creating a loving unity where all things are possible and any obstacle or opposition can be conquered.

Did i get that right?

Laughing= Gaia, Lady Nada and Nebadonia =

Nebadonia: yes, you're on the right track. You have it right. We are here to celebrate your Mother's Day with you on behalf of all the mothers everywhere in creation and especially those here that strive so hard to nurture and teach their children how to create a better world system of love and light.

Nada: Yes, that is true. The Grandmothers are here also adding their light, love and wisdom to this celebration. The guys had such a good time with you. We figured that they shouldn't have all the fun. So now, it's our turn to tease you and let Gaia's inhabitants know that we are also here in support of your ascension. A good mother teaches her children how to recognize the dark and how to stand strong against it and overcome it.

Gaia: Yes. As trees stand in fierce winds and storms, they shake and bend and even dance in the winds, but still they stand when the storm has passed and so shall it be with ye ones of mine that stand in your light and your love as one with ALL THAT IS.

Kibo: Well, I'm honored that you are here and a bit nervous also.

Nada: (smiling) oh? Why is that?

Kibo: Well, forgive me Lady Master Nada..

Nada: You know I really don't like it when you use all the `Lady Master' stuff, next thing you know you'll be bowing and scraping and silly stuff like that.

Kibo: Well it's just that i noticed that.....that's an awfully big and sharp sword you brought with you today. I suppose you didn't see the `no weapons, please' sign at the front door?

Nada: no one was...man enough to try to take it away from me. I AM, like my dear Esu, a warrior, after all. Do you like it? It is a double edged sword. One edge for Truth and one for Justice.

Kibo: It's beautiful. Could you..uh.. put it down now?

Nebadonia: (laughing) Don't let her scare you , kid. She just does that for fun. Put it back in your pocket, love.

[Nada puts the sword into her pants pocket. It seems to get smaller as she does it but i'm too amazed to say anything....]

Nada: A good warrior is never without their sword. Where's yours?

Kibo: uh...in my office...watching television, probably...

Nada: Mine likes music..so i brought her along.

Gaia: Now Nada, don't bogart the conversation.

Nebadonia: ooohhhh, aren't we the hip talker!

Gaia: Well, i do get to hear it all.

[More laughing]

Kibo: okay! Well, i guess i should let our audience know that Nada is the only one who showed up with a physical body while Nebadonia and Gaia have come as energy/light forms. Gaia as a sphere and Nebadonia as a shimmering, flowing sort of body representation. So it's quite a light show in here. So i have to ask you, why no physical body?

Gaia: Well, I only have one physical body and I didn't think it would fit in here so I came like this. It's much easier. And no jokes about my size, thank you.

Kibo: I think you're beautiful.

Gaia: Thank you.

Nebadonia: Actually, she's been a little under the weather, as well you know, and we're trying to get her to gain some weight and throw it around a bit. She's getting better and throws it around quite well.

Nada (laughing): `under the weather' that's a good one! Yeah, she's become quite the boogie child....[starts singing `boogie fever']

Gaia: Stop it! I am not! I'm just working out a few kinks here and there. Stretching my muscles. Getting used to the new body upgrades. I'm slipping into it quite nicely. It will be a great joy to leave the pains of the old behind and embrace the new.

Kibo: everyone has been very concerned about your health. Are you okay? Are you going to be okay? Is there anything I can do? That we can do?

Gaia: Look, the old me is dying so that the new me can live. I appreciate all the prayers and thoughts of healing and pain relief, it's very helpful thank you, but I want everyone to know that this is simply the way it has to be. I AM concerned for your welfare more than I AM of my own. I know that I will be fine, But I AM really hoping to preserve the lives and ascension of as many of you as possible and towards that end I ask each of you to look to your own souls. You want to help me? Come with me. Grow in love and light. Live in love and light. The more you are...excellent to each other, the more excellent you are to me. The more you think about others and reach out to them to help, not just other humans but nature [btw, where is Mother Nature? I thought she'd be here.]

Nebadonia: She's talking to the plants in the lobby, listening to their complaints about YOU, kibo. You really should take better care of them.

Kibo: I'm trying. I talk to them, try to make to sure that they get water and sunlight, and believe me, it ain't easy getting sunlight in here...my fault...I think Ill put a skylight in....hold on...[concentrating] There! How's that? I think a round room's better for that, don't you?

[Mother Nature comes into the studio]

MN: THANK ATON! They were screaming for light in there! An YOU!

Kibo: m-m-me?

MN: Yes YOU! Get a separate smoking room! How do you expect them to breathe properly when you have people smoking in there! And the fern pot has ashes and cigarette butts in it! Who's responsible for that?

Kibo: uhm...er..ah...i....smoke..a pipe....? and hardly go into the waiting room...except to water the plants.....maybe the bathroom will do for smoking?

MN: You shouldn't be smoking at all! Shame on you! Still....[spreading her gown and sitting down ( hello ladies, fine day, isn't it?) She smiles...and then looks at me] it is a wonderful sky light you put in, they're much happier now...can you hear them singing?

Kibo: i hear something like a chanting hum.....

MN: Good enough! Work on that. You hear trees singing but not your own plants....(she reaches over and pats my shoulder) don't worry, you'll get there.

Kibo: oy.....glad to have you here...where were we?

Nabadonia: I believe that Gaia was saying how she wanted everybody to pitch in, want the change, feel the change and be the change that is happening.

Gaia: In so many words, yes. You dear ones must do your best to raise yourselves along with me so that we can all be there together.

Nada: Now Gaia, you know that they're not all going to make it. Some of them will just have to go, they simply won't get it in time.

Gaia: I know, but it would be nice.

Nabadonia: She wants to take care of everybody, even at her own expense. You people really don't know how good you've got it. She is a rare jewel, this one. One in a trillion trillion.

Gaia (blushing): oh stop. I'm just doing what any mother would do for her children.

Nada: Yes, We're all mothers here. Doing our best for our children and trying to get them to see the way to peace and prosperity, love and light. You men could do well to embrace the women in your lives as equal partners. We are meant to help each other, not compete and fight with each other.

Kibo: said the lady with the big sword.

Nada: Don't let the sword fool you. I'm as loving as they come. But my husband is a warrior and we have each other's back one thousand percent. The swords we carry sing with love and light when we fight together against the dark forces. They shine with a light that cuts waves of light through them, dispelling their darkness and leaving them defenseless. Esu and I, We love and laugh together, but we also can take care of business when the time comes, make no mistake or have any doubt about that.

Kibo: Sounds like my wife, God Bless her and I thank God for her.

Grandmothers (laughing): As well you should.

Kibo: You wonderful spirits have anything to say?

Grandmothers: We are just here to witness and enjoy. If anything, we are in agreement with what has been said and with these times. The feminine energies must and will finally take their true place in companionship with the masculine energies that all may be well in completion and fulfillment and oneness. The time for abuse is over. Love shall yet rule!

MN: Hear Here! Even the animals are trying to show you how to get along and love one another. As lions lay down with lambs so shall the new world be and Gaia shall grow and prosper in her much deserved new life in love and light.

Kibo: Can you guys shed any light on what's happening? We see the changes and events that signal great change but wonder how much longer can it go on before it is all over and the old falls away like dead skin leaving only the vibrant new?

Nebadonia: ooohhh, I like the way you said that. Can I use that?

Nada: yeh kid, you're learning....but to answer your question We expect things to happen on a day to day basis, moment to moment actually. We are pushing harder, deeper than we ever have before since the mandate came in. I AM allowed to tell you that this new offensive is ordained by SOURCE ITSELF in order that the deadline may be reached and all objectives completed. Well, the primary ones, anyway. We still have Holy Hope for several items on the 'would be nice' list, but this thing has become a different ballgame.

Kibo: How so?

Nada: At this point, We feel it is best that they don't even get to touch the ball. From now on, the ball belongs to us, so to speak. Now I know what you're thinking. You wonder if this thing could go on for another year or two or more.

Kibo: yeh, it is a concern.

Nada: Don't worry. We have it well in hand. There is no way that they will be able to keep up with the changes that are now upon them. Even if they don't capitulate, and I might add that it is not their way to humble themselves and admit defeat, the wave that comes, is now coming, to wash over them will leave them high, dry and completely exposed, naked for all to see their true form and nature. There is nothing that they can do about it and their ability to delay things is severely, SEVERELY curtailed. So I can tell you that it won't be long now, even from your perception of things. I doubt very much, in all confidence, that they will not last through the year, if not your midseason.

Kibo: I understand that dates and stuff can't be given and that putting time stamps on benchmarks has, in the past, proved to be counterproductive, but it's always near and soon and at and so on and so forth and even though I myself get to help deliver these messages it still sometimes seems like forever.

Nebadonia: Like watching a pot boil or paint dry? Yes we heard your conversation with your daughter. But that is how it feels to you, is it not?  
Rest assured that everything is spiraling tighter and tighter into a point of no return. Events are quickly becoming a black hole that shall suck your system in and deliver all who have earned the right to stay, into a new and better world.

Kibo: So be it.

ALL: and so it is!

Kibo: whoa! That was heavy deep heavy! Okay! Time for the music!  
I know that Nada has chosen a Peter Gabriel song called 'Down to Earth'. Wanna talk about that?

Nada: I like the feel and the rhythm of it as well as the words. We are up there in our ships waiting to come down and reunite with our beloved Earth family, so I felt that it was an appropriate sentiment. Also because of the movie it is part of [WALL-E] it speaks to renewal and sustainability and caring and nurturing your mother Gaia.

Kibo: Alright! Great! And now, you, Gaia, chose 'Little Wonders' by Rob Thomas and that was from another movie by Disney = 'Meet The Robinsons', is that right?

Gaia: yes. In spite of their backstage antics and dark secrets, Disney has actually offered much that has been helpful to the thought of the masses and so We use that as best we can to help do what must be done. While everything is happening around you, you ones must still find beauty and oneness and joy in the little things and moments of life. The love you share with family and friends, the connections you make with each other, your pets, your environment. All of that matter now, more than ever. We are here together you and I. We are bound together by love and purpose and I will not let our time here be in vain. There will be ascension. I AM in the process of being something greater than I have ever been before. I have done my best to nurture and sustain you with and in spite of you because you are my children and I do love you so. So please, take the time to take small moments and just be with all of us together and know that we can be and are all here with and for each other and let that gift manifest itself and be your reality, if only for a moment here and there. Fear not for me, I AM fine. Look to your own thoughts and feelings and how they help or hinder you from joining me on this, our greatest adventure together.

Kibo: That's beautiful, I love that. Now, Nabadonia, Grandmothers, Mother Nature. You did not pick a song...what's up with that?

Nabadonia: Well, The grandmothers want you to hear the spirit music of the human beings, the tribes of North America and around the world.

Grandmothers: Look to your hearts and souls for the sounds that reach them, but search, O children and make the effort to connect to your home and family, the universe and creation, as one.

Nabadonia: See? And mother nature wants you to stop and hear the song of the trees and the plants, the flowers and the grasses all swaying in the caress of the loving winds and rains that she and Gaia offer.

MN: Exactly!

Kibo: and you?

Nabadonia: I? I move throughout Nabadon and hear all music at once. Your classical music is lovely and I suggest that ye ones relax with a favorite tea or natural drink and find something by your Beethoven. He really understood the music of nature on Gaia. His pastoral symphony is excellent, but there are so many that move the soul to wonder and awe at the workings of Divinity on Earth. So I shall leave it at that and tell ye ones to find the music in your souls and let it join the music of the heavens. Add your song to the song of life and let it be one in harmony with ALL THAT IS.

Kibo: Okay! Here are the two list songs and I'd like to thank all of you for being here in celebration of mothers everywhere and of the feminine energies of Life. It's been a real honor and a pleasure and I will always feel blessed to have been able to be a part of this.

All: thank you little one, for having us. Love and light to you. Love and Light to you all!

Kibo: So that's it, folks! This is Uncle kibo with a special Mother's Day Broadcast for you and yours. A Special `GOD BLESS YOU' to all you good mothers out there who lift the trucks off of your children and still find time to fix dinner, work two jobs and read bedtimes stories. We wouldn't be here without you.

From all of us at Radio Free Gaia to all of you at home:

ALL: HAPPY MOTHERS' DAY!!!!!!

Peter Gabriel  
Down to Earth lyrics  
Did you think that your feet had been bound  
By what gravity brings to the ground?  
Did you feel you were tricked  
By the future you picked?  
Well, come on down  
All those rules don't apply  
When you're high in the sky  
So, come on down  
Come on down  
We're coming down to the ground  
There's no better place to go  
We've got snow up on the mountains  
We've got rivers down below  
We're coming down to the ground  
We hear the birds sing in the trees  
And the land will be looked after  
We send the seeds out in the breeze  
Did you think you'd escaped from routine  
By changing the script and the scene?  
Despite all you made of it  
You're always afraid  
Of the change  
You've got a lot on your chest  
Well, you can come as my guest  
So come on down  
Come on down  
We're coming down to the ground  
There's no better place to go

We've got snow up on the mountains  
We've got rivers down below  
We're coming down to the ground  
We hear the birds sing in the trees  
And the land will be looked after  
We send the seeds out in the breeze  
Like the fish in the ocean  
We felt at home in the sea  
We learned to live off the good land  
Learned to climb up a tree  
Then we got up on two legs  
But we wanted to fly  
When we messed up our homeland  
We set sail for the sky  
We're coming down to the ground  
There's no better place to go  
We've got snow up on the mountains  
We've got rivers down below  
We're coming down to the ground  
We hear the birds sing in the trees  
And the land will be looked after  
We send the seeds out in the breeze  
We're coming down  
Coming down to Earth  
Like babies at birth  
Coming down to Earth  
We're gonna find new priorities  
These are extraordinary qualities  
We're coming down to the ground  
There's no better place to go  
We've got snow up on the mountains  
We've got rivers down below  
We're coming down to the ground  
We hear the birds sing in the trees  
And the land will be looked after  
We send the seeds out in the breeze  
We're coming down to the ground  
There's no better place to go  
We've got snow up on the mountains  
We've got rivers down below  
We're coming down to the ground  
We hear the birds sing in the trees  
And the land will be looked after  
We send the seeds out in the breeze  
We're gonna find new priorities  
These are extraordinary qualities

Rob Thomas  
Little Wonders lyrics  
Let it go,  
Let it roll right off your shoulder  
Don't you know  
The hardest part is over  
Let it in,  
Let your clarity define you  
In the end  
We will only just remember how it feels  
Our lives are made  
In these small hours  
These little wonders,  
These twists & turns of fate  
Time falls away,  
But these small hours,  
These small hours still remain  
Let it slide,  
Let your troubles fall behind you  
Let it shine  
Until you feel it all around you  
And i don't mind  
If it's me you need to turn to  
We'll get by,  
It's the heart that really matters in the end  
Our lives are made  
In these small hours  
These little wonders,  
These twists & turns of fate  
Time falls away,  
But these small hours,  
These small hours still remain  
All of my regret  
Will wash away some how  
But i can not forget  
The way i feel right now  
In these small hours  
These little wonders  
These twists & turns of fate  
These twists & turns of fate  
Time falls away but these small hours  
These small hours, still remain,  
Still remain  
These little wonders  
These twists & turns of fate  
Time falls away

But these small hours  
These little wonders still remain

# Hard Headed Kibo challenges the Big Cheese

By Christ Michael AND Kibo

# 15 May 11, 2010

ahoye!

Esu came and explained some stuff and then CM came and that conversion resulted in what you see here.....

i was hard-headed...but i think He expects it sometimes.....i hope...

almost like a freakin' interview...

wish i could've gotten a picture.....

anyway

here it is...

love and light to all

kibo[no kool-aid in my cup]Dabi

=====

CM: Talk to me. Do you understand the situation as Esu has given it to you?

Kibo: Yes. I...

CM: Continue.

Kibo: I daresay that you don't have much time to do this. I see what they are doing, what they are planning and i can see why there is enough concern to justify the movements that are ongoing at present.

CM: Yes, the dark ones are no longer trying to win anything. Their purpose as they see it right now, is to delay and secure the means of mass destruction. They intend, like little children who cannot play with the big boys in their game, to lash out in hatred, fear and disgust. They brought a ball to play with and now that ball has been taken away from them and they want to steal the ball back and run home with it, except in their case there is no home to run to. They know this and so would rather grab the ball and destroy it. Their plan is to win through our failure to preserve the great and grand prize of Gaia ascended. This will never happen. They will never touch the ball again.

Their hold on the media and corporate purse strings is still enough to promote the 'alien boogeyman threat' and they are selling it at bargain prices. The more you fear our coming, the more destruction you will help them cause. They desire to see their sleeping slaves as being the means of their own destruction. They are on the move and hope that we know not where they are or what they do. But Light is everywhere in creation and there is no where in the universe of My own making, where I cannot be or do not know. I travel in and with this vehicle to offer and gain a closer experience with My creatures But I AM far more than what they know or what I allow Myself to be in this vehicle. This they have never understood for they see only with one eye and think with their brains and not their minds and hearts. So be it.

We are giving it through all of these, our servants, to spread the word of The Living God, Creator of Nebadon that the hunt is on. Prime Creator, ALL THAT IS, SOURCE, THE GOD OF GODS now dips IT'S hand into the waters and WE are the ripples, the waves that are the effect of That Cause.

WE ARE COMING FOR YOU. THE LONGEST DAY IS UPON YOU. This is, and this is very important so get it right, this is not a search and find mission. THIS IS A SEARCH AND DESTROY OPERATION. We are coming for you and WE already have your resources well in hand. WE are hunting you little foxes and WE know where you are and what you are doing. Your so-called hounds of hell have nothing on US. The Hosts of Armies of Legions is coming for you, each of you, all of you. Your ships are gone. Your troops and minions are in disarray and turn upon each other as WE speak. Even now, you look at each other trying to decide who will move first and fastest to throw the others to the Lions, not wolves, lions. There is nowhere for you to run or hide. Go to the woods and maybe WE will let the wolves get to you first. Go to the jungles and the trees themselves will bind you. Go to the mountains and their caves, your holes in the ground and wait in fear for the rumblings of our being here among you will cause them to fall upon you. Where can ye ones go where I AM not already?

The hunt is on, like the hunts of old that you used to enjoy so much...chasing after foxes or naked and frightened little children. Now it is your turn to be hunted and feel that which your victims have felt for too long. Right here, right now, you no longer have to be concerned with where you will go or where you will end up. You have more immediate concerns for WE are upon you.

You can consider this a threat, a promise, an empty promise or blow it off like you have been doing, it matters little anymore. Suffice it to say: THIS IS A FACT. THE HUNT IS ON. THE POSSE IS RIDING. THE IG.GI.GI ARE HERE. THE DEADLINE WILL BE REACHED IN COMPLETE FULFILLMENT BY THE WILL OF SOURCE AND ATON THAT I AM.

Any questions?

Kibo: if what i'm told is true, You better not back up or down, get it done and get it done right and well. Let the people of Earth know that this is a divine event and leave no doubt. We've been living in doubt for far too long. I mean, you really have to let them know, everybody, that God is here and this is The Big Event and it is real. If you can't promise that, then don't bother...that's all i've got to say about it. You do this, You say this, You stick to it and make it real, otherwise what's the point? We've been doing our best and you see where that gets us. We need a miracle for the world and it ain't right to say all this and not finally give proof. People all over the world are begging for proof of truth. You ready to give it to them, finally?

CM: You're really ticked off about all this, aren't you?

Kibo: yes, yes I Am. This is the same song but a different dance and even if You're going to change the song you have to clear the floor of everybody that doesn't know the new dance steps. Up until now it's been all patience and soon and wait and now, and now now...and NOW it's this and I, we, just want it done with in order to move forward. Sometimes I think even the dark ones just want the whole thing decided for them. We are all what we are and we have chosen our sides and it ain't going to get any better and can only get worse. Put them and us out of our misery and get on with it already!

CM: Got a lot on your plate?

Kibo: Yeah and i'd like to know if i have to eat it or can i scrap it and come to the table. Just for once, I'd like to know something for sure. I do this, these writings and I get it...but proof can be...very liberating and i'd like to be free from this crap bondage as would many of us

who realize our situation. I don't think it's too much to ask for. We can only do so much under the circumstances, all co=creating aside. We've been conditioned and screwed for thousands of years. As far as i'm concerned Divine Intervention is valid, warranted, necessary and should be mandated. In my humble little opinion.....BOSS. I work for YOU, not vise=versa. I go by Your Word and Will.

CM: Why do you always argue with ME?

Kibo: Because YOU told me that I have a right to question and speak my piece.

ESU: HAH!

CM: you have not seen progress or results?

Kibo: Yes Sir, I have, Sir. But I've also seen many delays and maneuvering and going by the book while the opponent knows no sense or rules. These are psychotics. Yes, they are still my brothers and sisters in the great bond of life, but even ESU would hit back if he had to and You and i both know that their attitude and defiance of Your Will now makes that necessary considering the short time there is left. I believe what You say, but i'd like to know that this is an absolute statement and that will need obvious proof. Earthlings need that slap in the face to wake up. If not now, when? Here is the place. There is nothing else to say after all of these warnings except to say: watch and see. Then, make sure we all see something real we can never forget.

CM: That, I can guarantee. What happens here will never be forgotten. But you want a whirlwind with a voice in it and a burning bush. We don't do that anymore. I will say that proof will be plentiful and evident for those that are willing to open their eyes and see the truth of it but there will still be those that refuse to wake up and so they will see little proof in it.

Kibo: hey, that's on them. I assume that You're going to give this everything You've got?

CM: Of course. It is already being done as we speak. But live while this transpires, do not just sit and wait and watch. You will see one way or the other but you all have lives to live all the way up to the moment of stasis. You will be more infused with purpose as wave upon wave of changes come so quickly. WE are rooting out the dark from their cracks and crevices and from underneath the rocks. We are retrieving them on land, air and sea. WE are cutting them off from all resources and bringing them in. Those that capitulate will be given the chance to resign or change policies. The slightest deviation will result in their removal from the face of the planet to where We have very nice accommodations for them as incarcerated guests. Gaia will further institute her changes at a faster pace and your media will be able to release itself from the chokehold that it has been subject to in the past.

Your economies will crumble to dust before your eyes and need I remind you that there will be great loss of life. So have a care towards what you ask for, lest you receive the price of it for yourself.

Kibo: As long as this crap gets finished I'll live or die with it and just be glad our freedom has been delivered. I'd like to stay but my own plate could kill me anyway, so.....There are too many of us that are between a rock and a hard place and we are depending on You for

help and support. We just want to know should we prepare for the long run and expect to be fighting this war for the next few days, weeks, months or years, all of the above, none of the above, which of the above? I know You don't deal in definite answers on that point and i get why. I'm just trying to get as definitive a picture as i can for the people that read this stuff.

CM: It is as I have said: THE HUNT IS ON AND IT IS ON, NOW! This is, again, search and destroy, We are mopping up, so to speak and that's really all there is to it. We feel the next few days will be very telling and there are no expectations nor any indication that We will still be fighting this fight come harvest of this year. I know that there are concerns and they are being handled to produce the most benevolent, best possible outcome and that is the way We have always operated. It just so happens that the best outcome, right now, demands going on the hunt for these wayward, psychotic dark ones and forcing them to sign off and vacate their power and positions so that your world, and others, may move on. Will that do or are there other issues that I should indulge you in?

Kibo: [smiling] No, I'm good, just wanted to give it my best shot at getting as much out of you as I could. Thank You so much for you time, consideration and indulgence and I hope and pray that everything is settled as soon as possible.

CM: It will be, of that I can assure you.

I give My blessing and My seal to this and also upon the heads and hearts, the minds and souls of all of you, my beloved children who strive so hard to live in love and light in a darkened system of things that is being removed to let Gaia and yourselves shine with a brightness that will be seen across the face of all creation, a joyful smile upon the face of ALL THAT IS.

I will leave you in the company of Esu...until we speak again on these matters

I AM CHRIST MICHAEL ATON, Big Cheese, Head Honcho and Sovereign God, Ruler and Creator of the Universe of My Own Making, Nebadon in Orvonton.

This came in...early for me, but head itch was bad and headache was starting to form, so i sat down and, well, here you go.....btw...i wish all of you out there love and light and truth and thank you all for caring about God and His plan  
Please, let us all be excellent to each other for God's sake and for the sake of each other.  
GOD IS ALL ARE WE ARE ONE ARE WE ARE ALL IS GOD  
= kibo[and yes, i thought long and hard before posting this..but hey...it's my job...so....]Dabi

Communiqué as follows:

Esu:Hallelujah!

Kibo: Who is this?  
Esu

Kibo: Esu?  
What's with the church greeting?

Esu: We just wanted to say thank you

Kibo: What? it's over?

Esu: It is ending as we speak. You have nothing to worry about. Just let it happen and observe as energies and forces separate into their respective polarities. You see this already in little stories that reach the headlines.

Kibo: People are going nuts out there

Esu: Things will continue to grow onto climax, a rising crescendo of events that will long be remembered.

Kibo: Is the deadline still the same?

Esu: Yes it all goes well. The dark ones are besides themselves trying to figure out who is who and what is what. they are informed of infiltration, that we are among them and they suspect each other even more. They are trying to purge their system but it is to no avail. Those that are the targets, the subject of these purges are now thinking that it is a good time to change sides rather than be thrown under the bus, as it were. Everything is

progressing very nicely and in due time you may be able to give an announcement of your own to this effect.

Let the pot bubble just a bit more as things will become more and more obvious, even to the hardest of sleepers among you. Even the densest of you will be able to see that there is a huge crack in your reality that is about to be blown wide open. Jupiter will be shown in public for all to see. Eventually, ships will decloak here and there, popping in and out just enough to cause people to question their reality if not their sanity. But when hundreds and thousands of people are reporting the same thing it ceases to become a question of sanity and is perceived as an event and this is what we want. The notion that there is an event of great magnitude happening right before the eyes of everyone.

Kibo: Still, we are told weeks of changes. Could this still turn into months?

Esu: Not as you think of it. Weeks on the side of days and not months would be the best estimation. The Divine deadline leaves no room for going beyond, it is an absolutely set date in your linear time/space reference, whereas for us, it has already happened. But it is something you will experience fully and will be settled by then. We will do what we can to finish before hand but there is no leeway given for afterwards. It must be finished by then and that is that. We have known this for some years now and while we had hoped to finish this by now, We are placed in a position where drastic measure must be taken. IT MUST BE FINISHED BY THEN, NO IFs, ANDS OR BUTS!

Kibo: But you can't tell us when?

Esu: Very few are privy to this date as We have been able to directly reveal it. But all the clues are there to make an inform calculation of it. We know you still have reservations about this and are trying not to have any doubt concerning this and we can see where you are confused concerning the need to still work on certain projects. Which We have told you to do. This has been for your benefit that you may continue to grow and not just watch the paint dry, as you put it.

Kibo I think: There...

Esu: There is no chance of that anymore whatsoever! At some point even you are going to have accept all of this for what it is, reality. You never want to commit to making the transition between believing and knowing. I understand that it is hard without proof and proof is being given and you will eat that pudding when the time comes. Suffice it to say that the dish is sitting on the table right in front of you and it is up to you to pick up your spoon and partake of it. It is your choice.

We thank all of you for your work in the truest sense of the word. Just, for once, stop and think about all that you have experienced and come to a definite conclusion within yourself as to whether or not you are truly strapped in for this ride. The train to a new reality is about to leave the station. You have been on it for awhile and have wondered if it will ever pull off. What sense does it make to leave the train for even a second knowing that it could pull off at any moment? You boarded early enough to be anxious about it. You pester the conductor and the engineer and the staff and have watched as preparations to depart have progressed. You have heard the call for 'all aboard'.

You are watching now as the engine is revved up, the steps are pulled up and the conductor and staff begin to check tickets. Anyone on board without a ticket will have to

pay out of pocket or be expelled off of the train. Latecomers are still running to board, waving just purchased tickets in hand above their heads. You are being told to find your compartment or cabin or seat and be where you have to be when the train leaves the station. You can call it a train, a ship, a boat, a bus or what have you, but the point is still all the same.

This is not a time to sit and say to yourself that this thing will never leave. What are you going to do? You are either on or off. You cannot leave and get back on, it is too late for that. If you think that there will be more delays, know that there has to come a time when there can be no more delays. The transport is scheduled to leave at a set time and even if it pulls off late, it must be out of the station within the allotted timeframe. There is no choice in that matter. The station manager and the owner of the line has called and ordered the train, or what have you, to be beyond the gates, the doors, the reefs, the runway, the tunnel, the portal, by the given time = AS IS.

So whatever the circumstances are at that time, that will be the case, that will be it. Good-bye, so long, farewell, auf wiederstein, adieu, sayonara, ciao, catch you on the flip side and thanks for the fish. Do you not see this? Can you not feel it?

=====private conversation break 1305 hrs cst=====

Don't ask.....

==1330hrs==

Kibo: Okay, here it is:

Esu: I KNOW.

I AM telling you what I know to be a fact of the prevailing reality of fluid being as it manifests itself in your particular arena of time and space, space and time. There is a deadline and it is soon and WE are doing everything that WE can to finish before that deadline in a Divinely correct manner with no option to delay afterwards. THERE IS NO CHOICE IN THIS MATTER AS THIS IS A SOURCE DIRECTIVE!

You have a phrase that fits very well in this circumstance:

GOD IS IN THE HOUSE

Kibo: (I think) Actually, in urban vernacular, it's: GOD IS IN DA HOUSE!!!

or

GOD IS IN THA HOUSE!!!

Esu: Whatever, the point is that this whole thing has been done not for the glory of Christ Michael. It is being done for the Glory of SOURCE I AM THAT I AM. The final movement of this orchestrated piece is made by SOURCE and SOURCE moves as IT Wills. The vicissitudes of time, space and circumstance are as nothing to ALL THAT IS for it is PRIME CREATOR that has created these things and they exist for Its benefit.

It does not exist for the benefit of Its creation, though in Its existence It chooses to benefit creation with Its Life, Light and Love, for these things are one. The God of gods is here, personally, to place Its seal on this event of ascension and to bless the making of it and to render onto us the fulfillment of it. It is a huge thing that is happening so you can see why We are so motivated to get this done without any more delays or hitches.

Before you ask me why We just didn't go ahead and do this sooner, for I can see the question forming in your mind, suffice it to say that We knew what this would take. We know that the offensive that is now underway is doing precisely what it is designed to do,

dismantle completely the dark system with time to spare; the interim to be used to creating a perfectly presentable gift to the Father Creator.

We have given as much time for any that would answer the call to come to the Light, live in Light and serve in Light, as We could possibly give and still meet Divine Expectations. It has been a huge learning experience for all involved and the whole project has been deemed a great success. So now it is time to close up shop, pack up, load up and let the train leave the station with much fanfare and celebration.

This is why I come to you and say: Hallelujah!

This is why We say to you all who have done the work:

THANK YOU!

YOUR WORK WILL NOT GO UNREWARDED!

THOSE THAT HAVE LABOURED LONG IN THE FIELDS OF HARVEST

AND THOSE THAT HAVE LABOURED JUST A LITTLE WHILE

SHALL ALL BE REWARDED.

BEHOLD! THE GOOD AND THE EVIL, THE LIGHT AND THE DARK SHALL FIND THEIR JUST REWARD

FOR IT IS DONE

THE CREATOR OF CREATORS HAS COME

TO SET STRAIGHT THE PATH OF HUMANITY

ALL SHALL BE VISITED

ALL SHALL BE MADE KNOWN

ALL SHALL BE PAID THEIR JUST DUE

ACCORDING TO THEIR WORKS

AND SO I, EVEN I

=====

CM and Esu

We have come here together to let you know that a big event is being planned and is in the works. We have noticed that while you are all excited that troop boots are on the ground, there is still an outcry for something tangible that will allow you to be taken more seriously by those around you that insist you are wrong and that all of this is just fabricated fantasy. We expect and are confident that in the next day or so, two or three at the most, there will appear or manifest circumstances of such magnitude as to be deemed as or create an extremely significant eye opening experience for the whole world, not just the United States.

All is in readiness to begin a series of such events that shall fall in domino fashion even though, by your logic, they should have no such effect on each other. These events are shall be like timed explosions that shall steer and direct the consciousness of Gaia's inhabitants more into alignment with the path of ascension. While We understand that still, not all of you will awaken or take to the lead, in these actions We find a best possible opportunity increase the number of souls that will be able to progress to an evolved situation of placement instead of starting over or remaining in a 3D level of operation and environment.

While this will not signal the finish of the present operation, We feel that it will prove to be very helpful and worthwhile in that it will create spiritual openings in the hearts and minds of a percentage of you that simply need the nudging of such experiences to overcome the last few hurdles that otherwise would have relegated you to have to go back and try again. We like very much to give every opportunity that We can to help you rise rather than fall and so We do so now and yet, again.

We appreciate your positive attitude, overall, in support of efforts and action and ask you to remain positive with us and to remember that you are an active part in and of all of this and that this could not be done, not would be done, without your own effort to evolve, break free and ascend. Had you not shown that you could do what you have done, this game would have been finished long ago and We would now be waiting for the planet to settle

down and be able, once again to support life in order that she may be resettled and reseeded.

But your hearts, minds and souls spoke up and raised your hands to be counted and so We have done all that is possible to gain any and every opportunity for all of you and as many of you as possible to grow, to evolve and ascend. You have persevered against great opposition and many obstacles and your courage has inspired Us to stay the course onto completion and fulfillment, no matter what.

Now is the time of revelation, of revealing, for knowledge is power and ye dark ones think and feel that power is wealth. So now We are going to spread the wealth of the power of true knowledge. Oh yes, veils will be lifted! Covers shall be pulled off! Hoodwinks, blindfolds shall be removed! Ye ones of the dark do not know what shall come first and it shall seem, once the cleansing rain starts to fall, drop by drop, like a torrential monsoon with no end in sight. But it will end. It will end with the clouds parted and the light of two suns filling the sky. It will end in your utter defeat in plain view for all to see! Yes, that is what you fear most, even, sometimes, more than you fear ME.

Ye ones fear these ones that you so delighted in abusing and stealing from and murdering and raping and selling and buying like so much property. That is what you made of them, in your eyes, slaves, property. But they are not slaves. They are free-willed, intelligent, sovereign and ascending beings! They are MY children and brothers and sisters and friends, as well as yours. I AM Father of all in this universe of My own making. I say what's Mine and nothing is yours that I have not allowed you to have, or think you have. Your time is up, it has been up and the only reason you are still here is for the sake of those We would see awaken and arise and see and hear before the high noon of your demise.

This one that types these words is chuckling over a thought which I shall use here...

There is a phrase I can have much fun with and so I throw it to you all:

Who's your daddy?

I AM your Daddy and I now put a stop to your childish games.

You play at power.

I shall show you what power is.

You think you have knowledge.

I shall show you knowledge

Levels of being you never imagined to imagine.

You think you have technology and weapons and soldiers

You think you have control

I AM SHOWING YOU WHAT THESE THINGS REALLY MEAN.

NOW

WHO'S YOUR DADDY?

I AM

AND PLAYTIME'S OVER LITTLE ONES

BECAUSE

DADDY'S HOME!

Still want to act like a little cuss?

Come to the woodshed.

For my good little children

Who knew this day would come

And looked and waited

And saw Me pull up to My own house

That you dark took over...

To My faithful ones  
There's cake in the kitchen  
And food on the table  
We're about to have a great, big  
Homecoming party!

Just as soon as I get back  
From taking these ones  
Who dared to call MY HOUSE  
Their own,  
To the woodshed....

That shall do for now. We thank this one for his efforts on Our behalf and thank all who effort to serve. Through them We are sending message after message from every direction proclaiming the good news. We are here in the house and housecleaning is being done. We know all that has happened and all will receive their just reward. I AM your Universe Father and I declare that you will be free!  
Daddy's home! And ye dark ones are going to get it now.

# Ranting with CM

**Candace:** Kibo posted this on AHS today. He didn't want it posted to AH. But he gave me permission anyway. A lot of people resonated on AHS with it. So first, is his poem, giving me permission after my persuasive argument, I think I made anyway. I wasn't so with it this morning, one of those very strange nights of sleep. Then after the "permission poem" I have placed the piece, as he posted it to AHS. If some of you newbies don't know what AHS is, it's a yahoo support group for AH. My rant he refers to, well, I did some ranting, and then when I posted my rant, my computer was not on the internet, which has been a constant problem I could write a whole rant about in and off itself today, thugs got one of my ports but all's running now and I did my ranting on that while I was making the computer work again. You don't need to hear that one! -C

CM: tell me, what do you think is going on? What is happening in your eyes?

Kibo: Things are transpiring, progressing with little if any proof of Divine Cause. This just may be because much is of natural consequence. There is nothing that hasn't been experienced before, just more of it but that is not enough for many, or the many to decide that this is a Divine event. Only those that look for and want the big Divine event to happen are searching for signs and confirmations. Others are either fighting it or just don't care as long as their lives are paid for or they feel that they can keep going. It was once said that there are no atheists in foxholes and while i still like to say this myself, i'm not so sure how true it holds either literally or figuratively. People are going off the deep end for little stupid crap that makes little sense unless you recognize polarity shifts and separation of sorting. It is not enough to say that the world has gone mad and soon God will have to come and set things straight. While it seems worse now than ever before, it has always been this way for the lifetimes of everyone here right now.

Small miracles are lost in the pulses of news concerning this disaster and that violence or crime or celebrity or money gone mad scenario. They are pushed to the side and soon forgotten. Those who consider themselves the faithful of God, according to their religions still vie against each other to be top dog [ which i never understood btw, God is God of All doesn't condone violence, especially for these reasons nor does He care who wins the football game.]

Meanwhile people pray for a miracle, a flash big enough to change the world or, at least, to win the lottery. If God will not save them here and now then maybe the money will. The

problem with the God vs. the devil thing has always been the notion that God rewards in heaven for all the shit you went through in this life but the devil pays cash now. Too many people are too willing to accept that, sign on and worry about the consequences of the collection process later. When you're taught that you can do all kinds of crap and be forgiven for all of it on your deathbed just because you finally decided to say 'forgive me lord, i'm sorry, i have faith now and i believe...are we good?' that you are given a pass, a get out of hell free card, so what the hell? Go for broke and why worry about it? There's always enough time to sign on and if you died suddenly, oh well, you played the odds like a good gambler because life is a crapshoot after all.

There is nothing, NOTHING left to go on. People still believe in the old days where angels came and sang God's praises while delivering the latest celestial news report: Christ is born! Give it up for God in the Highest!. Prophets came and went and told you that in order to win the war all you had to do was stomp your staff or blow trumpets or sacrifice a few things to the fire. You could wrestle with angels and the blind could see and the lame walk and Job was given back everything and then some for his troubles, since it was a bet, after all...

These people are conditioned to pay attention to something so huge that it can't be ignored = a big booming voice in the sky, angels and chariots and some guy on top of a mountain surrounded by lightning strikes every time he makes a statement or declaration from God. Now they just show up on TV and spread the word while they go on tours and collect money because you have to tithe, right? You want money for yourself? Give it to us first so that God will know you're one of the good guys. You have to because you can't get into heaven without a preacher or priest or what have you, to intervene on your behalf and let God know you're a good guy and God will do as he says and accept his word and let you in because he's a representative of God's Holy Word so he's a trusted advisor to God in the matters concerning his flock...

Look, you got a lot of confused screwed up people down here that really need something big that will demand their attention and that means presence. You have to show your stuff, show your hand, slap them in the face, hell slap all of us in the face and explain the rules because nobody kept the manual that came with the game in the first place. We lost the box and have been playing by made up rules for so long we have no clue nor do we remember what the original rules were, are or that there were original rules in the first place. We've got so many people playing by different rules and they're all playing the same game and it's just a huge mess and if YOU don't show them something real, they might not give a crap even after all the earthquakes and volcanoes and economic collapse and politicians falling dead to the ground next to the banksters and gangsters and whatever.

These people have been conditioned for the big show and i know You don't do that kind of thing but, in my insane opinion, that's what they want and need, a huge twilight zone Divine signpost right in front of their faces that spells out for all to see: YOU ARE HERE! Because right now they're groping in the dark like plato's cave and all they care about is how to keep going. Your lightworkers are exhausted and are in dire need of support. Like soldiers out of ammo they need a show of force that will stop the enemy cold in their tracks and leave them shitless and pissing on themselves and while You say this is the case we're looking and hoping for something really really really really big and wonderful and awesome like a rainbow around the world or millions of decloaking ships playing music while light orbs fly among the population sharing vibes of love and comfort and joy

throughout the world or the stars disappearing or silence for a half hour or Jupiter coming out [which was a great idea, btw]

We're begging You for something big on a global scale and you can see it in the media = flashforward and V = say what you will, they're both global events that changed everyone's bubble at once.

And that's what you're going to have to do change the channel on the celestial TV/holodeck. Give everyone on thing to see, to look at, all at the same time = a shared event of such magnitude that even crack addicts will put down the pipes for that moment and see. Let everything come to a standstill as all minds are focused on the one thing, hell, i don't care if a huge eyeball suddenly appeared in the sky and just looked everyone and everything for an hour or so and then just closed and disappeared... GIVE THEM ALL ONE THING IN COMMON, SOMETHING THAT THE WHOLE WORLD CAN SHARE AS AN EXPERIENCE AND YOU WILL HAVE THEIR ATTENTION. After that, don't wait too long to explain it to them and let them know what's what and from where...We have short attention spans and even in sharing that will leave us open to more of the same, charlatans and power groupies all claiming to know and now new movements of control take over and we are left with more of the same. No, nah uhn, not this time, nope. This time you do immediate follow=up and updates while you continue to clean house.

To me, this is the only way to get the most amount of people on board as possible  
But that's me.....

CM: you don't think We're doing enough? It is working, you know.

Kibo: Sure you are, but you're doing it according to rules of procedures that have to be changed so often because of the fact that this situation is completely and totally different from any other operation of this sort ever. The standard rules simply can't apply here. You're on the ground and some shithead tells YOU to fuck off? What is that? Did you, and i think you did, tell him that if you fucked off you would fuck off on him, tell him to remember he said that and to enjoy his last few days on earth and ask him if he really wanted to ride this train? You complain that we all need to see results before we are happy and so far results have been very subtle and while you complain that we're like this, consider that there is a reason that we're like this and maybe, just maybe, give us something that we want? Give us something that we can work with! Put the Christed circle symbol in the sky! Put rings around the moon! Write GOD IS HERE on it! Have a global voice boom in the skies one word: NOW! Something, anything puts the general population on notice! Let them react! Sure, the televangelist will jockey for position but at least everyone will know that something is up and bigtime! Make the oil slick disappear overnight and put that damn plastic island in it's place. Clear the banking computers of all debt or give all the AHS members a million dollars, let me win the lottery or let the cubs win the world's series = that would definitely signal the end of the world =

CM: you winning the lottery or the cubs winning the series?

Kibo: either one or both, take your pick...mind you, i choose me but hey, it's not my call.....the point is that YOU said something big and i have to wonder if it will get done in the timeframe given and will it be too big to explain away? It has to be too big for words,

Boss, otherwise they'll just cover it up in media bullshit like calling a 2 square mile UFO a weather balloon.....and You know they'll try that shit, so.....you feeling me, Boss?

CM: yes, I AM feeling you, little one. Your words give us pause to consider what else can be done along with what is to already be shown. We have thought in the past that this or that would be enough to wake up a substantial percentage of people but We always decided against doing things that bordered on the miraculous and magical as counterproductive. Still, We have come to believe, or better understand the handicap that you ones on Earth Shan must deal with as a result of your incarcerated slavery. Perhaps decloaking of ships would be appropriate at this point. We have always wanted to keep the level of fear and confusion down as a result of our actions.

Kibo: you'd get it anyway, no matter what. might as well go for broke on this one. Mass decloakings would be all they will talk about around the water cooler the next day and that's if they go to work and don't stay home to consider their lives and the meaning of life and where did they go right or wrong... all i'm saying is that you have to give us something to go on, it can't all be behind the scenes, y'know?

CM: We know but always want optimum conditions for such a thing which may or may not ever happen. We will consider your words. Perhaps We will not wait so long to show ourselves. We could spend a day in your skies and then just disappear. It would be a great show and a huge warning to the dark that We mean business. It would expose a lot and raise many questions....We shall see how others feel about it. Esu thinks it's a good idea as do others now checking in. this might prove to be beneficially interesting. Would you really like a special showing above your house?

Kibo: i want you to land in my yard and let me and my family get onboard to go for a ride and meet new people and make friends....THAT would go a long way in my credibility....along with winning the lottery...just thought i'd throw that one in...couldn't hurt to help me out there...

CM: and the project? I told you to do the website.

Kibo: with what? and if this thing is going to be finished by mid year or so, what's the point? Hell, there isn't much point to the lottery other than to let me get this weight off of my back and hold it up as a sign that i must be right or this wouldn't have happened. The numbers i picked were very specific towards being able to do that. Even winning the lottery has to be a spiritual event for me, a miracle from God, i'm stuck on that as are many others. Look Boss, just give us something to go on so that we know that this thing is real and soon and real soon. It will be like supplies and ammo and support in the field. Something motivational to let us know that long term plans don't really matter right now or anymore, it's all about to change for good...that's all we want as far as i see it, others may feel differently so..... but You asked me, so i told you and thanks for asking by the way, i really appreciate it. I needed this talk because i've been going crazy and in spite of the homeless threat just can't seem to really get into the website if there isn't enough time to make it work or any real need for now since there will be more important stuff after stasis and it can always be done then if need be...my effort is spiritual. That's what i live for and i increasingly find myself unable to deal with anything else. All i care about is this event and please forgive me for that because i've really screwed up my material life and, well, i just have to live with that and the lottery would just be something to say: see? God cares

enough to do this....and the website is like, i will be really screwed if there is actually enough time left for this to work because then i was so wrong about everything i would likely just want to die because well, like, i thought i was awake, at least a little and i thought i was helping and i was helping YOU and to find out i was wrong would be like...shit, wtf? So even if i did do it and it worked and i saved the house and everything i would still feel like what difference does it make? There's nothing, no ascension, no CM, no channelings, it was all in my head and i might as well just say fuck it, drink and do drugs and vegetate `cause the world is shit going to hell in a handbasket and there's nothing i can do, there's no calvary, no GF, just us and if that's the case, we're fucked. So pass the sex drugs and booze and let me play video games until i die cause there's no longer any point.

That's how important this whole thing is to me and that's how i'd feel if it didn't pan out YOU're IT, Boss and without YOU to believe in, what do i have? Even SOURCE would be questionable at that point. I'd probably still pray to and believe in SOURCE but ultimately i'd be on my own to just be as nice as i could be to people under the circumstances, fuck the bullshit and let me escape from this crap any way possible without losing my family and house....face it...i'd be a wreck and a lost cause. I'm that invested into this thing and have to be proven right or wrong, no maybes about it. Promises have been made too many time, this is it, prove the pudding, let us eat or leave the table `cause there's nothing there!

CM: is that an ultimatum?

Kibo: THAT"S A FEAR! I've staked my life on this! If it doesn't happen as stated i might as well die and be done with it!

CM: don't you think that's how the people that don't believe as you do will feel once they're proven wrong?

Kibo: coin flips both ways and you can't have both at once. It's the same for all of us. Who's right and who's wrong. If i'm wrong, i've got no one to turn to for truth. If they're wrong, well, they've got us to turn to. YOU do the math, which one is better?

CM: Well, point taken. Let us get back to you on this but you've given all of us a lot to consider. I like that you are never afraid to speak to me like a friend and an equal as well as the Big Boss Cheese, it's very refreshing and I can see where your attitude affects and encourages others to do the same. We do want input from you ones in the trenches and want others to speak up as well. If I can smile at a dark one that tells me to fuck off I can definitely smile and hug you. No really, you've never been a `yes' man and you are always honest in this regard with Me and I love you for that among other things, please don't think that I don't. you should post this.

Kibo: don't think so.

CM: please, for ME, as is, and We will consider your words, all of you on AHS, it doesn't have to be posted on the main site. You can just keep it among the group and the dark ones that like to follow you around.

Kibo: So you want more of this ranting and raving?

CM: honest feeling given in love and devotion to the mission is always appreciated. I AM a loving Father, but also your friend and brother.

Kibo: so be it.

CM: and so it is. Again, please post this. Call it `Ranting with CM' and see what happens.

Kibo: i still think it's a bad idea but okay, consider it posted to AHS BUT NOT FOR THE MAIN SITE! That will be a little too much, I think.

CM: I'll discuss it with Candace and we'll see, okay?

Kibo: that does not sound promising.....

CM: [laughing] and so it is, definitely so it is.

=====

PS= i was going over this and asking my self `am i really going to post this?' when i heard something like a trumpet in the sky. I don't know what it was, a plane or something maybe. But the clock on my wall, which is twenty minutes fast told me that it happened at 4:44 a.m. cave time {the time it said on my clock in my little mancave here...} and i thought to my self = hey Boss! Howabout a huge CLARION CALL ALL AROUND THE WORLD? Easier to do than some other stuff and still an attention getter.....hmmmmm.....ah well.....

Love and light to all

# 19 May 22, 2010

Candace, I did the bolding in this.....

## **Kibo and CM sittin' in a tree**

t-a-l-k-i-n-g.....

i made a treehouse to talk in...

less formal...

so anyway

we talked about it a bit.....

CM: Did you get my message?

Kibo: yes. Yes i did. You could've talked to me about it.

CM: Peter is well suited for such things. He has much strength and does a very good job of it. Don't you agree?

Kibo[laughing]: He does an excellent job. There are more and more everyday it seems. I think you could very well do without me for awhile, at least. There are times when i feel in the way. It is, after all, supposed to be about the mission and my ranting seems to have been blown out of proportion. Thanks for the rant, btw, i really needed that.

CM: You're quite welcome. That's what I AM here for, among other things, to be a good listener. But you're not getting off the hook that easily. Care to debate the matter?

Kibo: Always up for a good debate with you, but you're right. I asked for this.

CM: But...? Come on, say it...

Kibo: I had no idea, not a clue. I freaked out the moment I figured what I was in. Jeez, the freakin' pressure of it all! I AM humbled as a higher being and as a human being. I simply couldn't and can't balance it all. I wouldn't be doing this good if it was not for You and we both know that. You told me I was going to be a sane mind dropped into an insane asylum where insanity was sanity and vice versa. I thought I could insert some sanity and watch it grow. You asked me if I wanted some protection and I said `only as it involves my physical freedom to operate and fulfill my mission.' I remember, at least, that much and I know that You have saved me countless times and have directed me and led me and so on and so

forth. Thank You very much for all that, I can't say that enough. I have God and I have love and money shouldn't matter...but it does and while it's a shame, there it is nonetheless.

CM: and....?

Kibo: Aw jeez...really? is it like that? I had no idea up until now....fine...YOU WIN.

CM: See? Was that so hard? To those of you that read this, out there, this is my good friend Tobias Merkon. Who eagerly insisted that he go in and `set things straight'

Kibo: help to set things straight. I said to help...

CM: I also told him that he would come crying to me before this was over and he stood flat-footed and sure that he wouldn't. So we bet on it. No prize, not a wager, call it a dare if you will. Anyway, as you can see, he has come crying for help and I would like to take this opportunity to exercise My right to say: I told you so. It is harder than it looks, isn't it?

Kibo: Apparently so...but the more I remember, the worse I feel about it. I AM used to knowing and being able to do certain things and I put all that aside to come here, just like you did...I have not done half the job You did when You were here last...Even as a Creator Son, You became legend. But I thought I would have done much better than this, yet, here I AM and I have scarcely lived up to Your example.

So You Win.

That being said, the insight has been amazing, I'll grant you that. I have a totally different vibrational frequency to work with.

CM: It will be awhile yet before you can integrate yourself. Tell me, after you read my message thru Peter...were you feeling Me?

Kibo: yeah, i grok. But i also notice that help and proof is more easily given on an individual basis than it is on a group basis. I just wanted a global sign, a light show and clarion call. I thought the ash cloud was a good idea, i just couldn't figure out how to square it with the non-christians and the fundamentalist on all sides would have had a field day with that one. I assume that it is actually going to take something of the 10+ magnitude to get their attention or You wouldn't be doing this?

CM: **Faith is an individual journey. The concept of faith in things unseen exists only because most people are not looking.** Even you have learned to find proof in the smallest of miracles in everyday life. You recognize times when We have saved you from your self in order that you may be where you must be and do what you must do to fulfill the conditions of your contract. Your job is not over yet. There is still so very much to do. You can no longer act as if I did not exist, I AM that much a reality to and for you. You have problems with money simply because you wanted to make sure that you didn't fall into that trap. You have always been comfortable and that has always been enough. Now you're squawking like Chicken Little and asking if the collective sky is going to fall before or after your own personal bubble-sky pops on you. Just why do you want to see this happen so badly?

kibo: You know why.

CM: Humour Me. Say it out loud.

Kibo: The world is going to end. However that is going to happen, I would like to know. I have faith in the agenda you promote through Abundanthope...sounds good to me. I had already become acquainted with the Urantia Book, the mysteries, masonry, mysticism and magic. Personal experience has more than proven to me that You are and Source is. This was the only thing that made sense to me and I wanted to keep up with it. I believed so much that i planned my life around it. Mind you, the fact that it solved my debt problems was nice but secondary to the meaning of the cause at hand. Still, it would be nice to still be here in my little cave when it all happens.

I take full responsibility for my stupidity in these matters. The fact remains that there are children being killed and abused and worked to death and scavenging in dumps for food and money. Things are getting worse and worse as the days go by, murder, mayhem, manipulation on a scale unspeakable, add that to the global financial meltdown and all the individual lives affected there, wars known and unknown on several levels of being, all the while, Mr. and Mrs. Joe Blow just try to struggle through and keep things going while their upper class brethren struggle to keep it all going and the impoverished, hungry and homeless have been ready for a change. You say proof is counterproductive to the point of this whole exercise of ascension yet You Yourself plan to give it in announcements and first contact and events like Jupiter, maybe, before stasis. Is that not proof in and of itself? All i'm saying is as long as You're going to do it anyway, throw us support personnel a bone and give us something that we can really work with that will cause other people to say things to us other than `you so crazy. Forget that stuff...'and then tell us about Armageddon or the lollipop age or 2012 end of the world and that's that.....' Okay, I'm selfish, I admit that. I'd like some credibility before the fact. But everything just becomes another test of strength and i gotta tell ya, Boss, i'm low on ammo. If it's just a matter of standing in light and being there for others, fine, i'm with you, i can do that. Spiritual matters are my forte, I can tell them the truth about it until i'm several shades of blue and might still get the same reaction.

CM: a 10.4 won't be enough? economic collapses?. What do you think it will take to raise the numbers?

Kibo: i don't know anymore. Maybe it's just a choice thing. It can all be chalked up to natural phenomenon. It never has to be about You and Your plan.

CM: Actually, that's not what it's about at all. It's about YOU learning and growing into ascending beings with or without ME. We're just here to make sure that it gets done. We will not allow the dark ones to destroy this opportunity for ye ones that are prepared to go forward to do so. Gaia will remain intact as an ascended planet with her ascended inhabitants. We are here to help her insure that those inhabitants exist. You will go through whatever it is that you have to go through to get there because getting there is what it's all about. **You are creating of yourselves new and powerful beings that will be able to become the new gods, the creator sons/daughters that will rule universes of your own making from the perspective of ascending beings**, the very same type of beings that will inhabit the worlds of your making. **You will understand every facet of their lives more so than any other creator sons/daughters before you.**

This is a perspective that even I will not have. I have lived among you in but one incarnation and I had advantages that you did not. I was surrounded by beings that were there to do My Will at any moment. I had to be very careful about everything that I did. I still had that much power at My command. Esu will tell you, it was a pain at times. But while I had the advantage of that, in some ways you will have the advantage over Me in that you are as you are and as your own children will be and this experience here will teach you to make the tough choices and decisions that are to come.

Struggle and challenge and opposition and choices are necessary components of a whole life. It is what motivates action, creates cause and effect. These are the dynamics of life on the ascended path. Would you really just die if you thought that this all was just a figment of your imagination? Would you not carry on until your last breath to meet the challenges and struggles of your life? You would not simply vegetate and die. Man was made to become human and human is meant to ascend! It is the nature of all to carry on and, at least, try to do better. Is it not?

(Candace: Kibo, I too feel saddened by kids in garbage dumps, but this challenges them to rise like no other thing. They are in some ways blessed and those that move past the dumps are likely to really move UP. And some of those kids in dumps are star beings like us, who are understanding from experience, kids in dumps. )

Kibo: Sometimes, most of the time. But people get discouraged, suffer too many defeats, get worn down and give up or give in. It's a hard call to make. We live off of our beliefs and believe the promises made to us by those we believe in. If they fail then, okay, we count on ourselves...if we fail, what then? I hear what You're saying and I'm with You. This is hard stuff and Your job is way too much for me and beyond my pay grade by light-years. Was there a movie or something explaining all of this stuff down here before we came here? If i had known then....i would have negotiated a better contract, i think.

**CM: Once it's over, you won't even care about all of this. It will be lessons learned and `we made it!' and job well done and, this is the kicker...'what do we do now? What's next!?' That is how you all are. You are the best and the brightest of Orvonton and beyond, and what you do here will just whet your appetites for what is to come. You'll be fine; All of you. Whether or not you have faith in Me, I have faith in all of you. So there!**

Kibo: fine. I'll do what i can while i'm dealing with all of this. You won...this time....but now, here I AM, as i am and as long as i've been humbled in all of this...it would still .....oh nevermind.....

CM: [laughs] See?

Kibo: ha ha. Very good...funny....where's Esu?, i thought he was coming?

CM: He'll be here to talk with you later and I will leave you all with this: Your end of this is to actually hold up your ends. Be the creatures you were meant to be. Throw away your fear while embracing your compassion, not just for others but yourselves as well. I deal with each of you as individuals and I shine through you in these messages. Why? How?

Because you let Me! It is as simple as that. You let Me into your lives, your hearts and minds. Let Me fill you up and help you to increase your light=yield, that you may overflow with Divinity and be the Divine Beings that you are meant to be.

**We serve each other. You do not just serve Me, I also serve you.** This is My universe and I do, indeed, call the shots, but this is how I want it to be, a cooperation between us, a dance of Love where we flow together without concern about who is leading because we are one, together. I lead when I must, because you ask for that, you make it so. The time will come where leading is no longer necessary. You shall know Light, Live in Light, Love in Light and flow in Light and Love...all by yourselves. You will be Light! I shall be glad to see it, for then I can let you loose and send you out into the greater creation, ready and able to face the challenges that shall await you. You are and will be wonderful to behold! With this, I take My leave until another time. My seal is upon this and My blessing is upon you all, who read these words.

So be it and so it is!

Kibo: Bye boss, thanks for everything and see you around.

Love and light to all

Kibo[it's coming up...get ready...]Dabi

Esu: No sense in fighting about it. Do try to get them to calm down think about helping others before they decide to arm themselves against aggressive outside forces that are just looking for food and answers.

Kibo: Will do. That's the point, isn't it? But some of our neighbors are...paranoid and fearful and completely materialistic and want to think of themselves as leaders who know better. They'll want to circle the wagons. That will lead to other things...how long do you think until power is restored and broadcasts begin?

Esu: a week or two, maybe more in some places. Damage to infrastructure could be severe in some places. Rescue efforts will take up a lot of time. People will have to learn to be there for each other instead of against each other. Much of what is going to be evaluated will be their actions and intentions during these days. This is a last chance to do good in the time of sorting.

Kibo: Always a last chance, eh?

Esu: All the way up until stasis. After that, it's a done deal. Wherever you have to go, you will go. Too many people think that they're going to heaven to sit at the lord's right hand and judge everyone else. There will be a lot of disappointment.

Kibo: What about the lollipop people?

Esu: Wanting and believing in a perfect world is no sin or crime. But what did they do to help make that world a reality? Did they stick their heads in the sand or did they confront and oppose the darkness that they objected to so much? Every soul will be evaluated on an individual basis. Some will continue and progress and move forward and upwards. Some will do 3D over. Some will be flowers and some will be uncreated. A few will be given to the void so that they may think and choose a final fate of uncreation or continued life. But all will receive the just reward of their own earning.

Kibo: sigh...i reckon...so every indication is that this it it, finally. I feel like i used to when i was a kid and we were going on a long trip. Butterflies in the stomach and all that....weird....you want it to happen but then you always say at the last moment, wait! What about this or what about that? One more TV show, one more movie, one more party...i never won the lotto, never kissed whoever it was or made that phone call or kept this promise or this or that...and then you remember or realize that it really doesn't matter does it? This had to be. It has to be and here it is, staring us all in the face and so very few of us even care to look to see it.

So! The new gods are about ready to go to the next phase! Was it worth it? Did you learn what you needed to learn? Did we? Do you think

we'll do any better as gods in the future? I don't know if i could send my children through all this. I want them to have little angelic companions or something that they can actually see and hear and live with...meanwhile my son's friend wants to know if he could 'smite' people like Lucifer at the first sign of trouble.....we have a lot to learn, chief.

Esu: Awwww, you called me chief...must be the uniform. I have a lot of these. One for every possible occasion.

Kibo: It's nice. I like it. Love the sleeves and collar, i always thought that  $\frac{3}{4}$  length was cool, anyway.

Esu: It's a uniform. I AM an Admiral, after all. But to answer your question. The data on this has been amazing! Remember that this has never been done before, not at this level. There have been rebellions but never a situation where the dark was allowed to take over so completely in competition with the light. We, in the beginning, thought that it would be a natural inclination to turn towards the light, but the dark decided that that could be curtailed through genetic manipulation and so We decided to make this a battle of attrition.

The fact that beings that were once so mighty and were stripped of all power and attributes to discern spirit and reality could struggle so hard for so long to fight to regain what is rightfully theirs, in the face of all opposition and torturous conditions, speaks to the power of your souls and personality and to the omnipresence of Source in the Grand Creation and Christ Michael in Neadon.

You seek to find a connection to The ALL even if no evidence of such a connection exists. This speaks to the Glory of THE ONE AS ALL and confirms the validity of Christ Michael's plan to enhance that particular state of being that is, for the most part, only found here on Urantia. You are truly faith beings in that you have persevered on faith alone. That faith that there was more to what you've been given and manipulated and controlled into being, is a miracle.

Not because the dark was so overwhelming but because you have proven that Light is unending and indestructible and able to be touched upon in the darkest of dark places. You have proven by example that there is nowhere where God is not. The hope and faith that generations of Earth beings have demonstrated and pushed and evolved to come to this magnificent crescendo of Light washing upon your planetary shores in waves has created new vibrations and frequencies of light and love and life. The bar has been raised significantly in defining strong spiritual beings of

faith ascending onto Paradise. It has been well worth it and after it is over you will see just how well worth it, it was and is.

Kibo: yeh, yeh...i know what you're going to say...we're noble and courageous creatures, at heart and have been well trained to make the tough decisions that are to come as we further prepare ourselves for godhood....does that sound about right?

Esu: yes. Yes it does. You say it like it doesn't matter.

Kibo: I don't feel noble and courageous. I feel little, humble and spiritually small. What is about to happen is a damn shame, but there it is and under the circumstances, what else is there to do? We're going to get bloody on this one and while i knew it was coming, nothing prepares one for this...these are the times that try men's souls.... God give me strength, God give us all the strength to act in light, truth, knowledge and compassion. We're going to need it.

Esu: You'll be fine. You all will. Spirit will be with you, We will be there with all of you, helping you, letting you feel what's best and what's needed. It won't last long. A few weeks, announcements will start as soon as possible, ships will start to show up more and more, then stasis, party on the ship, training, learning, growing, evolving...You'll see the new world at it's best, in the beginning.

The foundations that will be built through that nobility and courage through love and light will astound you. The ones going to live and incarnate on other 3D worlds will be happy to learn and live in less pressure and darkness, hardly any at all. They'll grow in leaps and bounds and soon return to their former stomping grounds ready able and willing to help out and live the lives they were meant to live. It's all going to be...very wonderful.

Kibo: i reckon so, brother.....so...any day now?

Esu: WE are dealing with it moment by moment and it will happen in any of them, at any moment, that's where we all are now.

Everything's ready and waiting. Ships are in place. Ground operations are doing well. I guess it is a lot like waiting for a baby to be born. We can only wait and be there for when it happens. Nothing else to be done. Even helping it along doesn't guarantee a specific time. So! Are you ready?

Kibo: heh! I ain't the daddy, i'm just support. A kid with millions of godparents. Should get a lot of love and nurturing...well...let's go make sure we do it right this time.....

Esu: We all will. You, me, Aton, the GF, Nebadon and Paradise itself.  
We're all here for this one and nobody's going anywhere after  
the birth. So it's all good you see.

Kibo: sigh... nothing to do but be ready then, eh?

Esu: Reckon so [smiles]

Kibo: We good?

Esu: Yeah, I'll talk to you later. We're still sending  
messages through everybody and updates are going to remain constant. We  
urge all of you to be less concerned about when and more concerned with  
how they're going to deal with when it, to you = finally=, does  
happen.

My love, light, strength and blessing are upon you, all of you, as well  
as the blessings of Aton and Creator SOURCE.  
Nice treehouse, btw...you do come up with interesting stuff for  
us.....

Kibo: cya chief.....

# A Bedtime Story

By CM thru Kibo

# 21 May 27, 2010

kibo: I've been talking with CM as to what to tell people about all of this. It's a little heavy to just drop on people and they tend to be pretty resistant to the whole idea, for the most part.

CM: this one is wondering if he should take one last shot at warning his family and friends. We decided that a story form would be a good idea. People can choose how they want to react to it as an assumed work of fiction. So we have come up with a **sort of bedtime story** for you sleepy ones to dream about in hopes that you will wake up feeling new and refreshed in the light of the new day that comes to shine upon you.

## A True Fictional Story.

Not as far away in time and space as you might like to think, there was a beautiful planet. It was a shining jewel in the heavens and all who saw her marveled. She was a very special planet and sang with joy and love.

War came to the heavens. A big bad guy [bbg] wanted to be like God and have his own creation to rule. The bbg convinced a few people to follow him and they occupied part of their universe and waited to see what God would do. God thought about it and decided to let them have a small part of His creation to try to prove themselves right. He warned them that it wouldn't be possible to create souls and run a harmonious universe the way they thought it should be run. They said they were sure they could do it. So borders were established and the Federation of Light, God's forces, quarantined the area while the bbg and his dark forces went to work.

It didn't go well.

Everything was chaos and confusion and the people that were cut off behind the lines were cast into darkness. This included the beautiful little planet. She saw the darkness reaching out to her and cried to God for salvation...and God answered. He told her that if she would allow this to happen and allow the dark to have their way, then He would see to it that that, when it was over, She would be able to become more wonderful than she had ever been or hoped to be. That her light would shine throughout the whole of creation. It would be hard and painful, but He would make sure that that there was always a link to Him and

that, when the time came, He would reclaim her as His own and she would be raised to grace and glory.

The beautiful planet vowed to do this thing if it made Him happy. He said that it made Him very sad, but it would all be better than ever, in the end, and so the deal was struck and the dark was allowed a period to operate, but it was made clear that the Light would always be a witness and keep representatives on the planet at all times.

The bbg didn't like this but he agreed. He called his most loyal forces, the snake people to set up shop and insure the dark its victory. The first thing they did was gather all the people of the planet together and put their minds to sleep. With their minds sleeping, they gave them a dream to live and told them it was real. The people forgot who and what they truly were in real life and served the will of their dark masters like sleepwalking zombies, with no will of their own. But some of the people had run away and hid from the snake people. They vowed to find a way to return their brothers and sisters to their rightful state, and so the war began for the hearts and minds and souls of the people of the beautiful planet, now in darkness.

The people that were awake called out to God for help, for they remembered. God sent representatives and told them to teach the people to be more than people. Teach them to be Human Beings [human beings]. Tell them the truth. Show them the truth. Reveal the Light of Reality to them and create a tribe of Light that will dispel the darkness. But the dark was relentless and cruel and murdered the representatives. God gathered His family and told His sons to go and continue the work of the representatives. He sent prophets and kings and scientists and artists. The dark could not kill them so they took their words, their works and changed them to suit their own ends and lied to the people...and the people believed. But the Light was patient and unending and ground was slowly being gained. People started to wake up, one by one. Soon, they were too many to kill one at a time, so the dark made war against them, but the Light was unending.

God then said: " I shall go to the beautiful planet Myself and see what's what." so He choose a son and filled him up and together they went to the planet. The bbg heard that God had come to his neck of the woods and went to meet with Him. They talked and argued for days until the bbg was exhausted and had nothing left to say or to offer. He left the planet in disgrace and tried to hide from the Light, but he was caught and put on trial and had to admit his failure to the whole universe. God asked him to forgive and forget the darkness and come home to stay, but the bbg spit in His face and cried `Never!' and so, sadly, as God grieved, he was made as if he had never been and was gone forever, never to be seen or heard from again.

But his followers carried on and would not give up their power over the people and the beautiful planet. God spread truth and light on the planet and gave the call for all that can hear, to wake up and hear, and for all that can see, to wake up and see. More people woke up and learned to be human, but still the dark persisted.

God sent more and more of His family to the planet to show the people how to be human. But the progress was slow and painful and the period that was promised was arriving and God would have to take the planet back no matter what, even if it meant that the sleeping people would be lost, for only humans could stay in the world that was promised.

Then, one day, the snake people decided that enough was enough and that there was no sense in going down with the ship. They knew the period that was agreed upon was soon to end and they did not want to be lost or uncreated like their former, lost master. So they agreed to leave the planet with only their slaves in charge, and began to learn what it was to rejoin the family of God. Meanwhile, their former slaves were left with no direction, only plans that had been left behind from a schedule that had been discarded. They tried as best they could keep things going, but they were sloppy and greedy and fought among themselves and things began to fall apart. People started to notice cracks in their dreams. They wondered what was wrong. Something wasn't right. They started to see the lies as lies and the illusion as illusion. They started to wake up. The dark slaves started to panic and started so much trouble at once that many people didn't have time to notice the cracks that were turning into gaping holes. They were so afraid for their lives that they just ignored them and didn't want to know. Still, more and more people were starting to wake up and what they saw made them angry. They did not know what to do. They borrowed from their former dreams the things that made them feel good and safe and clung to them for dear life. God sent more family with the same directive. But the tribes were divided and easy to infiltrated by the dark. The dark caused them to fight with each other and many ended up serving the dark, even if they didn't know it.

So God, very quietly, slipped some spec ops humans in, which he had gathered from all over the universe. He told them to quietly make it possible to reach all the world at once. The deadline is approaching and we must preserve our own. I will pick representatives from among you when the time is right to create tribes of light. By the time the dark finds out what has happened it will be too late to stop it. So the lightworkers developed technology that could be used against the dark and spread the word to the world. God gave a message to the world to come! Hear and see!

God said that the time of promise had come and only the people that could be human beings would be allowed to live on the new planet. Human beings that served each other in love and light as one. Human beings that flowed in compassion. Human beings that were awake and aware that they and God exist within each other, that ALL IS ONE. Human beings that will love and nurture their new world and not rape and abuse it. Human beings that put away all uses for war and violence. God told them that the time was quickly coming upon them and that they must prepare, for the world would shake and tumble and that if they were not ready...they would have to start over somewhere else. He said that He would send ships to help them where the earthquakes and giant waves and volcanoes could cause great loss of life. He told them that they would have to be without fear to board these ships, that they must be calm and recognize light and love. He told them that He would help them to create a wonderful way to live in peace and harmony and that the war was over, the quarantine lifted and that they would be able to, once again, be connected to the rest of their family in the universe and live among the stars, if they choose. He said that they would once again remember who and what they really are and live in their full power, that He gave them. He promised that the dark would rule them no more.

Would you believe that not everybody cared?

That over half the people laughed in disbelief?

So that when the warnings of planetary changes came true

They were fearful and upset and angry and blamed God for not telling them?

But they had laughed when the humans came to tell them. Many people that helped the humans were ridiculed as being...too strange for words.

But the time finally came and it happened as they said it would.

The people that were prepared, just in case, fared well.

The people that were learning to be human beings, fared better

The human beings that tried their best to help things along tried to help as many as they could while the chaos raged around them, but finally, they had to board the ships themselves.

Before it was over, God appeared to the world through the technology that was built for Him to do so and explained as much as He could before the final moment. The sleeping people were sent to a planet where they could wake up and learn how to live as human beings. The people that were awake were given choices to stay or join other human tribes of light in the universe.

The human beings were given new assignments.

The beautiful planet was rebirthed into a planet of heavenly light, wonderful and amazing to behold. The humans loved and nurtured her and the sons of God came from all over the universe to witness her glory as she sang with joy.

And all was well.

the end of the end and the beginning of the beginning.

CM: I know that this might not be the best way for some people, but it does tell the situation of thousands upon thousands of years in a small nutshell. We have discussed with this one the whole 'what if?' line of reasoning and feel that could work also. We know that your family, friends and neighbors, at times, are resistant to this concept of reality and little is going to change in them between now and the end of this story. Still, if it helps to prepare anyone for what is transpiring so that they might remain perhaps, somewhat calmer, then that is helpful to all .

Kibo: Well, regardless...i keep saying that this thing has got to happen at some point, either sooner or later...HE keeps saying that it IS happening. I even took my staff off of the wall to make it quick and easy to grab on the way out...if that's not faith, i don't know what is. So I'm hanging in there and i'm 99.9% convinced that this is it. I know that i should be 100%.....but.....i'm too used to delays and i really want it to be it right now, Boss, 1000%.

I know it's going to be rough beyond words...but it has to happen at this point and under the circumstances, better it happen than not happen. The dark gets more stupid everyday. Let's not give them anymore time to prove how much more stupid they can be....geez, i think that, at this rate, they'll make even me look like a genius....hey! maybe i am!

CM: Maybe, in some ways. In some ways all of you are geniuses and you should show that more, believe in that more. Believe more in your genius that is within you. There isn't a thing going on in your lives that you cannot handle. I Am always here for you, WE ARE ALL HERE FOR YOU. Angels and guides and spirit company and entities and personalities from here to Havona. We are all here for each other and that means that we are here for you also. You are here for all of us as well as each other. Truly we tell you over and over WE ARE ALL ONE!

I hope you liked our little story, something nice to pass the time while you wait and worry or center yourselves and prepare. This one still isn't sure if he is going to try to convince his people one more time. There is no harm in it. People that he is familiar with and who will joke with him ask him how he is doing and he laughs and says that he's just hanging in there waiting for the big earthquake. Sometimes he gets a chance to say that something big is coming or 'we're expecting big changes! This crap can't just keep on going like this, something's gotta give.' The point is that you can just be yourselves and speak to who and what you are and what you know without long explanations and trying to convince people that you know something they don't. Relating it to their experience or your shared experience offers them a connection to the idea of the concept of what could be. It is as a seed that will only sprout if and when the situation arises.

As S333 has said, as well as Esu, there is no sense in fighting about or trying to convince people at this late date or fighting with them as it happens or after the fact. Flowing in compassion also meanings means flowing in compassion for the concepts that they hold for themselves and presenting them with the food that they can most easily swallow, be it steak or pabulum. They must like the taste of it, otherwise, let it go. It will be what it will be. I know that many of you are standing firm in your truth. But remember that is your truth that you have accepted. They will decide their truth for themselves and all will be sorted out in the end. It has to be that way.

Yes it is painful to lose people that you love for something that you think and feel is so simple a thing to accept as the truth. But it is not always so and it hurts. Believe me, I know. But none of us, not you or I can afford to be held back from our progress and evolution for the sake of such circumstances. It would be an insult to the very truth that you stand in so firmly to lose the benefits of that truth for the sake of another that holds to an other truth, and yet, they oftentimes feel the same way. They will stand firm in their own truth until they can feel the persistent nudging of the Spirit of Truth and My Spirit and the Father Fragment within them.

kibo: Dude...I've never felt you feel like that before. That sadness you been speaking about is really hitting you...hard...damn Boss, i'm sad You gotta go through that...i mean, like, i can really feel that from you...wow...You need a hug or something? We love You and we're here for You, y'know. We can hug you, too. Just...dude, Pops, you gotta get this thing done asap. The longer it waits the worse it's going to get. How's mom?

CM: She's fine. I AM fine. Gaia is pushing and doing, what to you might be akin to you birthing breathing regimen and this is the way that it will be until it culminates in her birthing and rebirthing of her greater self. You will start to see the effects of the short pushing breaths in-between these big pushes. We are confident that it won't be long before the head breaks. We are giving her help and strength and she wants you all to know that she appreciates your prayers, love and support. She does understand now that it has to be done and what was lost shall be regained in new and better ways. People will grow and evolve and return to incarnate again and show their appreciation for the sacrifice that she made for them. She will be more than she was before and the people that stay with her will be more also and they shall grow and fill her with love and compassion and light and glory. She wants that very badly for her children as well as herself and it is this desire for what is to come that is helping her through this as it is that same understanding and desire for what is to come that is helping to sustain My own strength and resolve and I hope that you will, and ask all of you to, keep your hearts and minds on what is to come and the beauty and the glory of it, to stand in the light and the love of it as if you were already there. Be joyful in what is to be even as you feel the pain of what is lost that was good. Vow to regain the good that was lost and increase it. Hold it for those that shall one day return for it, for ultimately nothing is truly lost. Even in uncreation what is best and good in the experience of the aspect is kept and honored.

And so with that I shall take My leave of you for now. Thank you for creating this story with Me, it was fun and should help a few, here and there. Fear not, for as they say: All IS One and All IS Well!

My Love Light and Blessings are upon you all

I AM That I AM

Of you all.

Kibo: it's all good, Dad. I wish i could help you feel better. Don't know what to tell you. We're all hanging in there with you, okay? So be seeing you, Source Bless you always, all that good stuff.....

CM: heh, yeh, thanks..... see ya kid.....

[i don't really care about the date or time, right now....i was really just expecting the story....send your dear celestial Dad a big hug and your mother earth, too...okay?]

[hell...let's send a big hug to ALL THAT IS, and all everyone everything everywhere while we're at it...how's that work for you? does that work for you? i hope so...it works for me...]

# The Next Push is the Ring of Fire

By Kibo

#22 May 28, 2010

**Candace:** Folks on AH want an update, none coming yet, as I posted, but Kibo put up this cute piece today, it's seems the head is crowning.

i did my special whirlpool  
holy sacred oil  
meditation bath  
last night  
God, i love those!  
anyway  
had something of a message/visualizaation thing  
of being in a delivery room  
CM and Nabadonia  
were holding Gaia's hands  
along with a lot of other hands  
holding her hands  
while she was sitting up  
on the delivery table bed thing  
you know  
the kind that raises up and folds and stuff  
and there was a medical team  
not sure if it was AA Raphael or not....  
i could hardly squeeze in  
so i opted to stand behind her  
and give her a head/neck and shoulders massage  
and whisper words  
of love and support  
in her ears...  
they told her to push again  
and then someone said  
that **they could see the head**  
and it was coming out  
and they told her to relax  
**and get ready for the next push**  
**which would be**  
**the ring of fire....**

**now**

i've heard it said  
that this is what they call  
the passing of the shoulders  
[for you guys out there...  
consider it something like  
passing a kidneystone  
the size of a basketball...  
yeh, i know...]  
and it has occurred to me  
that there is probably  
a very good reason  
that the circle of faultlines in the Pacific  
is called  
the ring of fire...  
no coincidences and all that...  
i told mom  
that i might give announcement  
through radio free gaia  
and dedicate  
the first episode of WKRP  
to her as an inside joke....  
[and now...  
The Mormon Tabernacle Choir  
singing  
'She's Having My Baby']  
they laughed  
she laughed  
and then went  
awwoooooohhhh  
and said this was not a good time for her to laugh  
and lose focus  
so they told me to go  
to the waiting room  
and tell everyone  
that the head has crowned  
or something to that effect.....  
this is new for me  
and i'm not sure what to think  
but i'm going to roll with it  
so  
there  
consider yourselves told  
love and light to all

station...go figure..]Dabi

we were talking....

kibo[i got nothin']Dabi

=====

CM: So?

Kibo: i got nothin'. It's all good with me.

CM: no complaints? No issues? No observations? You're just accepting this, then?

Kibo: it is a waiting game. That's all it is right now. We wait, prepare, get ready...you want us to trust in you, trust you? All you gotta do is deliver.

CM: Trust? You think this is just about trust? This is about you creating a new world, a new way of life from something more than scratch. This is about accepting and understanding that this is reality and it's happening now.

Kibo: We're used to delays...well...I'm used to delays. Nothing is written in stone, as it seems. I have resigned myself to the fact that it will happen but when it will happen is all up

in the air at this point. I will do whatever it is I have to do to make it until it happens. I'll do what I can to be there, ready to go...however it is after stasis, it will be. I'll deal with that when i get there. I can think about it now but it won't mean much until i get there and see what's what. But that's me...other people have plans already put together. They've got vision, mission concepts and details...i got nothin'. I have hopes and dreams and maybe notions that won't mean a thing until we get there. I'll work with whatever there is to work with but i won't know that until i get there, sooooo...i trust you Boss, but my experience has taught me to trust that there is always room for delays. I'm tired of expecting. Expectations lead to disappointment...somebody said that...

CM: Funny...'expecting...that's good...so your mind is pregnant with possibilities?

Kibo: heh, okay, i get that...

CM: Gaia is tired of expecting as well. I said she was cranky and she wants it done with and over like any mother giving birth. Many of you are reflecting that energy on many levels and you feel fed up with it all. I hear a lot of yelling and screaming to `just get on with it already!' You people will really have to learn patience on a cosmic scale, but you have/make a good point. We are all tired of this and it must come to an end sooner rather than later and so every effort is being made to get this to happen and get it done now. But the fact remains that Gaia is the one that has to do most of the work right now.

We all do our parts and we go into the dens of the dark ones and round up these and replace those and mess up and shred their plans and great progress has been made. The fact remains that now everyone is waiting for dear Earth Shan to make that one big push that will get this baby born and while we expect every day, even we cannot pinpoint the exact day and hour as some of you would like us to do. We can give you an inside field, ballpark figure but that's about it. As far as We're concerned, it's getting done and it's all happening right now. But for you, unless there is undeniable physical manifested proof that you can hold up to others as well as especially yourselves and point to and say `see?' you cannot abide in your faith alone.

You are like children hiking though dark woods at night. You hear our voices when we say we are with you and take comfort in your little flashlights, but you jump at every disconcerting thing and sound and rustle and shadow and any number of things. We know you don't feel that way but sometimes that is how you appear. You do not need us to hold your hands and keep talking to you to calm your fears. We have told you that you are all on the right path and to just stay together with us and each other and that the dawn is breaking and the forest is clearing as well. There is more light than ever and you should be able to see more clearly where you are and the direction you're going.

If our presence among you and our voice within and around you is not enough, what can we do? We cannot carry you. We can guide you, even lead you but we cannot take you by the hand and pull you along. It has to be a journey that you want to make and it has to be one that you are willing to complete. Surely there are other paths if you choose to take them, nobody is forcing you to walk this path. I simply stated that I and mine are going this way, on this path and all who care to join us are welcome. We sent out the call and you

answered. Some picked up their spiritual phones and said yes, i'd love to...some said no...some said no in more colorful language and all too many didn't answer or let their voicemail answer...of those, some will get the message in time and some, sadly, won't.

Kibo: So here we are, the lucky few who answered after however many rings and accepted the call. Sometimes it feels like it was a collect call and we have to pay for it, but that's okay...comes with the territory, i reckon. Still, here we are on this path, what some call the narrow path where few walk and the trail is hardly discernable, lots of branches hitting in the face and roots to trip on. The people that travel on the wider, more used paths are laughing at us, you know.

CM: That bothers you?

Kibo: People think we're this or that and always want to tell us how wrong we are, following a dream or nightmare or fantasy or delusion , illusion or insanity...

CM: Again, that bothers you?

Kibo: I like this better than the matrix but i still have to figure out how to live in the matrix. Never been good at that. Just a lot of crap to deal with while i try to figure out how much longer i have to deal with it...y'know what i'm sayin'?

CM; One more time because you and I have had this conversation before...**You have to work this out.** Miracles happen everyday but they're not the miracles that you want to see happen. Why is that? We don't condone gambling so why would we help you win the lotto? You are expected to be great creators of universes one day, why can't you just accept that the only help you're going to get is in co=creating your life and taking control of it in spite of the opposition and the odds that you think are stacked against you? You have let others control and dictate your life, time to take it back and own it for yourself.

It is something that you will definitely have to do after stasis. You will all have to own your own lives. That should be a given. Freedom means being responsible for everything in your life including circumstances and other people. There is no escaping that. We can help with that and have no problem doing so but you still have to do the work. Laziness and procrastination will be the death of you yet and will only serve to delay your progress if not stop it altogether. If you want to eat you have to cook the food, or at least plant, grow, harvest and prepare it. Make the freaking effort to live the life of your dreams, not just dream about it!

People are living working, striving to live. However they may feel about it, if they hate their jobs or circumstances, or not, it is the individual motivation and reason of purpose, for purpose, that makes people what they are. Not so much in terms of material wealth or position but in their ability to meet challenges and overcome them on whatever level they

are presented. It is the training of the soul and personality that makes it possible for you to ascend up the spiral path to light and life and that takes effort and supreme effort.

I AM THAT I AM AND IT TAKES NOTHING AWAY FROM ME IF YOU TURN YOUR BACK ON ME OUT OF DISBELIEF OR REBELLION. You will complete the journey in some way shape fashion or form no matter how long it takes you, that is a given unless you have reached the point of uncreation where I must take you back unto My Self and the unique energy of what you are in experience is lost to creation from then on. That causes me great sadness because of the hope and faith that I had for you to be completed and fulfilled in the full glory and strength of your divinity as a perfect being, as we will all be at some point We will all be one and the same and still be in our uniqueness of experience and continue to create, for life in ALL THAT IS, is never-ending and ever evolving.

So We do not tell you the things that We tell you for our own sakes, but for yours that you may be comforted and informed so that you may make informed decisions. We do what must be done to keep the dark from using the same knowledge and information against you. We are not in the business of deception or dragging things out or prolonging events or changing them without cause or reason. We deal with fluid events and circumstances that require adjustments because we will not and do not seek to circumvent or violate natural law.

What little that We can do for show is being done and even that seems to be a matter of faith for so many. We cannot land a ship in backyards or do fly by's in your neighborhood for the simple fact that there are just too many yards and neighborhoods to consider and, let's face it. We want to be fair. Candace has been attacked and her life placed in danger so such circumstances necessitate a certain amount of protection and contact that she can embrace as further proof of something that she doesn't have any doubt about= WE ARE HERE AND WE ARE WHO AND WHAT WE SAY WE ARE AND NEED PROVE OURSELVES TO NO ONE!

Woe to ye darks ones in particular that demand proof just to be belligerent and opposing and stalling for time. YOUR TIME IS UP AND YOU WILL GET ALL THE PROOF YOU NEED OF THAT! THAT IS A PROMISE AND IF YOU REALLY WANT TO ASK ME WHEN AND LAUGH ABOUT IT TO MY FACE AS YOU HAVE BEEN THEN I SUGGEST TO YOU THAT THERE IS NO TIME LIKE THE PRESENT AND THE NEXT TIME YOU SEE ME WILL BE THE LAST TIME THAT YOU WILL SEE ME OR ANYTHING ELSE!

Is that good enough for you?

Kibo: Boss...hey...like i said...i get it...whatever it takes, however it's done, whenever it done...i am just concentrating on getting myself, my spirit, my house in order...get the cobwebs outta the corners of my mind and all that, throw out the junk. It's enough to get my self in order to just try to be ready for it...whenever it comes, i'll be looking for it.

CM: It really won't be long. I know We keep telling you that and every day seems like a year to you. You're watching the water boil, the paint dry...that's why We always try to tell you to keep living, keep busy, keep thinking, keep planning, keep evolving, learning,

growing in light and love. I AM RIGHT HERE WITH YOU, IF YOU'RE GOING TO BE WITH ME, THEN BE WITH ME AS I AM WITH YOU.

Okay? That's not too much to ask, I should think.

Kibo: fine with me. I AM good with it. Others will have to figure it out for themselves, but I think You'll be pleased how it goes.

CM: I know...heheh...I'm just sayin', y'know?

Kibo: ha! Very funny...you got that whole street thing going with the sunglasses...how's your dancing?

CM: Don't let the height fool you, I got moves.

Kibo: good, Can't wait to see them. I fully expect you to dance with us when this is over, okay?

CM: Already planned on it.....it's late...go to bed...we'll talk again...get it done!!

Kibo: I will, I will...Thanks! Cya later.....

Candace: I would like to add a comment since I am mentioned in this. I have been attacked, I am not sure how many times now, not only by weapons, but also by dark invisible entities and dark and misunderstanding "light" entities who walk this plane, many of them ones I once held close to me. And I still hold them close to me, they just realize it not. I have "suffered" as such, greatly to keep this journey going, and I do it, because I do KNOW and I have no Doubts on what I know and further more, because it is the RIGHT THING TO DO. Can't some of you walk in my shoes just a little bit too, and stop watching the water boil and get on with it? I did not take on the project for "fun", for amusement, for money, or for my own ego. I took it on, and I have kept it up, no matter what, because it is the RIGHT THING TO DO. And that is NOT going to change. So dark ones reading this, understand, I am NOT walking away and you should know that by now, why not join the party and grow up? Your glory will NEVER be found in this materialistic world, chasing money. The glory is found in service to creation and to the growth of your own soul. You can be thugs for as long as you wish. Or you take that knowledge you have in controlling and stealing, and turn it to something good.

**SPECIAL FATHER'S DAY BROADCAST**

JUNE 20TH 2010

Okay. I have no idea how this is going to go. I've been preparing for this all week and my headquarters has been taken over and totally rearranged. I now have a huge outside area that has been converted to....something. There is a huge circular table, a ring actually. There are grandstands off to the sides. I know who's here and who's coming. We've been talking for several days, discussing this and that. There are personalities from all over, angels and archangels, masters and beings i have never heard of.

This is all so weird and has taken some getting used to. Tobias is here and my very own guardian angel, Altamira gets to sit at the table with me...she's excited. CM is on my right at the three o'clock position, Esu has the nine and Surea has the 12, so i'm at the 6 on this one. Metatron is in the middle and over his head is a huge giant sphere, i mean huge, kinda like a membrane or something, pulsating, this thing glows like a star, or a dim sun...white light...and this is holding the Light of Source I AM...bigger than a fragment and smaller than a planet....but i'm told that this set-up allows Source to sit with us and talk without blowing me away...which i really appreciate.

So here we are and the view is wonderful and people are taking their seats, kinda like some huge celestial stadium. When this started i thought it was going to be in the studio and then things started...well, nothing about this has been what i thought it would be and so i have no idea what going to happen. You do this and think it's going to be this way or that way and it just does what it does and every time i think something is going to be this way or a certain way and i have some control over what happens, i find out just how wrong i am.....i've learned to live with that. I wish i could explain how real this is, but i don't know how and people are going to do with this as they may, anyway so.....

So here we are to day, on Father's Day with the biggest Father of them all, The Big, Original Granddaddy Himself!

I wanted to do this sooner, but crap happens and so, here we are, here and now and all is

finally ready to go and there are people wanting to do the trumpet thing which i think is old fashioned so we're going to mix it up a bit with a little jazz on the downbeat and flow into a good bottom beat on the eight eight, let the synthesizer slowly hum in with a high keyboard shuffle on the three's with a fifth every twelve, crank it up and loop that sucker in A flat...like the champ coming down the aisle,  
better than Mohammed Ali,  
gave the butterfly it's float  
and the sting to the bee  
so everybody join  
in welcome with me  
FIRST SOURCE AND CENTER  
OF EVERYTHING THAT BE!

[due to an attack by some dark ones....magi, i believe, there has been a technical difficulty on my computer, it is now taken care of and four out of the five are sitting under guard in the nosebleed section since they now want to survive...the holdout has been stripped of his powers, thus releasing the fallen angel that was contracted to him...He is now a brother in the ranks again and has gone to find out what his future holds...welcome back Angel Pakqwa'ar!.....we shall continue with our broadcast]

Strange days indeed.....most peculiar, momma.....

ANYWAY!!!!!!!!!!!!

Thank you everybody for being here on this momentous occasion!!! Father's Day with the ALL=FATHER!!

This is a first for me, i believe on many levels. Please know that this is the first daylight broadcast i've ever done, since i usually work in the middle of the night...less traffic on the waves, but The Big Guy insisted on a daytime broadcast so here we are and i can't even begin to explain it .....But the sphere is definitely alive and overflowing with Light and there's a lot of Love in the air with constant vibrating but little pressure, so i'm still here....

**K:** PAPA!!!! How's it hangin'?

**PAPA:** LOL...It hangs exactly how I want it to hang! And thank you for doing as I asked and dispensing with all of the formal niceties and bended knee stuff and endless proclamations of honor and service and other things that people feel they should do in My presence. I have come here today as your Father who loves you and as a friend to all. I fully expect to receive the same bitching attitude that you have shown in the past.

**K:** Dude, Daddy, it's hard to bitch at the guy that has all of the answers and i have tried very hard not to insult anybody...have i insulted anybody?

**CM:** nope, I AM good.

**Esu:** Me, too.

**Surea:** We have yet to talk. Why is that?

**K:** You are welcome to visit anytime, i didn't know you cared. Please forgive me. We'll make sure you get a shot whenever you want.

**Surea:** Today is fine. I AM ONE with the Voice of Creative Center.

It is simply that things are so very close to fruition. The new world has been born, not in silence or in tears, crying, but in triumphant song, singing of the glory to come. Candace has given the call to prepare tomorrow is the longest day, your solstice. I AM overshadowing this planet, much like your Christ Michael Aton overshadows his body that he uses for this purpose. I AM here in person and as a reality to place My seal upon this event and to oversee and assure it's completion, it's ending and beginning.

**K:** When? Everyone wants to know when. Well, those that tune in to these broadcasts want to know. The few, the ridiculed, the support, not just at AbundantHope, but lightworkers everywhere who believe in this enough to consider it as part of their reality.

Once again, we are placed in a position where we have to hold our breath in anticipation of something that may or may not pan out in the time given or perceived. I assume that this is a done deal on the higher planes but trickle down is a bitch and things get more stupid every day and we are tense and tired and stressed and holding on by the skin of our teeth...all the time wanting this thing to happen but wondering just how ready we truly are. When it comes down will we freak out? As bad as things are, can we let go? We've made lives here, for what it's worth. Stuck in the matrix we've been forced to form attachments to the things that have helped us to hold on and hold out. We say we are willing to give all that up for the sake of ascension. Who knows how right or wrong we are? We want to be right about this. We want to be proven right, an ego thing, i know, but damn, Dude, this shit is hard and we're just people trying to get a clue and hold on to it and now, here we all are, together, unable to overcome by ourselves, our numbers are just too small and even among lightworkers there is disagreement.

There is disinfo and misinfo and 2012 and lollipops and a constant barrage of negativity and pressure to be in fear and separation and us against them and khazars and robotoids and clones and dark idiot psychotics and fundamentalists and this crisis and that crisis and we just want it to end and be done with it and move on and be there and make of the new world what it should be....and somewhere behind all of that is the nagging question....salvation and peace and light and love and a return to sovereignty...at what cost? And should the cost matter? We did this, we are responsible and we've fallen and we can't get back up and this thing is taking forever in our eyes and that leaves time to doubt in the absence of proof or comfort or perceived this or that.....JUST WHAT THE HELL ARE WE SUPPOSED TO DO AND CAN WE JUST GET ON WITH IT ALREADY!?

There!

Will that do?

With all due love and respect and all that

Because, y'know...

You tha GOD, and all that.....

And i'm only here because of YOU

And for YOU

And all that.....

**PAPA:** You're right, he is a handful..but cute....funny...sees a little, knows it's a little, keeps trying to get a bigger view...though he really does want to help...has no real clue about himself...lol

**CM:** Told you.

**PAPA:** Well.....kibo...let's get a few things straight.....

You talk to me the way you do because you have embraced this ALL IS ONE thing to it's limit. You actually feel and with every fiber of your being KNOW that We exist in each other. I in you and you in I. we are, indeed, one, you and I and you prefer to think of me as a father that you can sit on the couch with and talk and watch television. That is fine with me. We are friends and I like and appreciate that. I wish that more people would see me as, how do you put it? A running buddy. Someone who is with you all of the time and has your back and you have his. So in your eyes, you have MY back just as much as I have yours. We are in this together.

The fact that I AM in control of this whole thing doesn't make Me a fearsome entity in your eyes, just someone that you would prefer to stay on their good side while remaining completely honest and transparent in Our relationship. This allows Me to talk with you in such a way that I AM not allowed to do with so many others. I have to talk to all of you according to your own perceptions and language and concepts and beliefs and knowledge. If you approach Me as some fear inducing old judge on a throne dispensing wrath on all who do not comply and bow down...that's pretty much what you're going to hear from Me on your end. I can be trying to explain to you how all is one and to love each other as each other and everything, but you are going to filter that down into your limited consciousness and make the best that you can out of it. This why there is so much effort made by so many to get you to broaden your spiritual and cosmic horizons and the angels will tell you...it ain't easy. We have to push and prod and stretch you and constantly nudge and press against all of your resistance and wanting to see things your way rather than the way things are. True, much of this is due to a relentless programming of you by your former dark controllers, but so few of you make the effort to let go of your little lives long enough to see The Big Life and view the perspective of your place in it.

I AM trying to be friends with all of you, but just like so many of you use your friends to achieve your own ends, so too must I suffer in our relationship. You think of Me more as a provider than a loving Father and it's not that I don't provide for you or want to provide, it's just that I AM good for so much more than just someone you call on when things get rough or you need or want something that you think only I can give you. You like to use Me and while I understand and have patience with it, it is hardly fair. I would prefer that we serve each other based upon common understanding. I have the whole of creation to consider, all at once! Take a little time in your day to consider that there are things outside the scope of your lives that you know little to nothing about and yet they affect you and you affect them.

If a butterfly can cause a storm halfway around the world what can the flapping of the

human spirit cause on the other side of the universe or creation itself? All over creation there are peoples sending thoughts and feelings of love, light and support for your struggle. They send strength and knowledge. People have come in person from everywhere to help you to help yourselves and what do they find in you? Do they find strong souls willing to stand up and take back their freedom and sovereignty or do they find crying children tearing up their playground?

We understand the abuse you have suffered has been extensive in its scope but you knew the job was dangerous when you took it. Now is the time for one thing, unity. Unity with Gaia, unity with Christ Michael ATON, unity with WHAT I AM, unity with each other. So many peoples living their own truths and gathering together with those of like minds and hearts, all fighting to prove that their truth is THE Truth and jumping up and down trying to get people to listen to them and come to accept their truth.

Where does this get you in the end? Where, even as you say, there is no proof to show, how does any group come out on top and prove their truth? Wars have been fought for such striving to force, not proof, but acceptance and allegiance. Here is the thing you have never grasped fully enough to appreciate. THERE IS NO NEED TO PROVE ANYTHING.

I AM THE EXPERIENCE OF ALL THAT IS AND I EXPERIENCE EACH OF YOU AND ALL OF YOU. I AM YOU! ALL THE PROOF YOU NEED YOU CAN FIND IN A MIRROR!

Ask yourself, before you act upon anything that could affect any living thing. Would I want this to happen to me? Would I want to be killed by some bomber, or thrown out of my home or live under siege or be told that I AM a piece of shit because of my religion or color or gender or age or weight or nationality or any of the hundreds of things you are accustomed to judging each other for? Would I want to be raped, or starved, or beaten or abandoned or poked full of holes or robbed or set-up or enslaved or shot or hung or thrown off of a structure into traffic .....There is a reason that We told you to do unto others as you would have them do unto you. Perhaps We should have said DO NOT DO UNTO OTHERS AS YOU WOULD NOT HAVE THEM DO TO YOU. If you wouldn't want it done to you, don't do it to anything else and if you think they might like something that you would like...get permission first and if they say no, let it go. How else can I put it?

But too many of you are sleeping slaves and this is MY responsibility.

I AM RESPONSIBLE.

ho'oponopono declares it

WE ARE ALL RESPONSIBLE FOR EACH OTHER!

AND SO I AM RESPONSIBLE FOR YOU

Thus

I AM RESPONSIBLE TO YOU

But

And get this for it's important:

YOU ARE ALSO RESPONSIBLE FOR ME  
YOU ARE RESPONSIBLE TO ME  
SO NOW THE PROOF YOU HAVE SO LONGED FOR IS HERE  
AND YOU SHALL SEE IT SOON  
AND ALL WILL KNOW  
TRUTH  
IN ITS PURIST AND ONLY FORM  
WE ARE NOW ON MY TIME  
I AM HERE AND NOW  
YE ONES SHOULD BEST BE CONSIDERING YOUR PLACES IN THIS GRAND  
PRODUCTION AND NOT SO CONCERNED ABOUT HOW OR WHEN  
IF I TELL YOU TODAY WHAT WOULD YOU DO?  
HOW WOULD YOU ACT?  
YOUR NEW WORLD CALLS TO YOU  
COME  
RAISE YOURSELVES UP  
IN HARMONY AND LIGHT AND LOVE  
BE ABOUT YOUR FATHER'S BUSINESS WHICH IS ALSO YOURS. LET FRIENDS  
ABIDE WITH EACH AND RAISE THEIR HEARTS AND HANDS IN SUPPORT. BE AS  
YOU ARE MEANT TO BE THAT YOU MAY BE RAISED AND SURVIVE INTO THIS NEW  
WORLD. NOT ALL THAT ARE CALLED COME AND I CHOOSE THOSE THAT CHOOSE  
ME FIRST. THERE IS WORK TO BE DONE STILL, WHO WILL COME TO DO IT? IT IS  
THE WORK OF LOVE AND LIGHT, SUPPORT AND FRIENDSHIP WITH YOURSELVES  
AND EACH OTHER AND YOUR WORLD AND YOUR UNIVERSE AND OUR CREATION.  
AGAIN, I TELL YOU. YOUR PROOF IS IN THE MIRROR. IF YOU KNEW YOUR SELF  
WHEN YOU SAW IT THAT WOULD BE PROOF ENOUGH. WE ARE EACH OTHER,  
YOU AND I. IF YOU CANNOT SEE IT IN YOURSELF, YOU WILL NOT SEE IT IN  
OTHERS OR YOUR WORLD OR IN WHAT I AM.

IT IS TIME TO GROW UP, LITTLE ONES. TIME TO DRY YOUR TEARS, STAND UP  
AND BE IN FIRM STANCE. THE PROOF THAT I AM FOR ALL AS AN OBJECTIVE  
EXPERIENCE IS AS CLOSE TO YOU AS YOUR OUTSTRETCHED HAND FOR I SEE  
YOU. WITHIN AND WITHOUT, I AM YOU AND I SEE YOU. AS YOU ARE, SO SHALL  
YOU BE IN SORTING. WHEN PROOF COMES IT WILL BE TOO LATE. THE WORLD  
MUST MOVE ON WITH OR WITHOUT YOU. WE HAVE ALLOWED SOME OF YOU TO  
BE WITH THIS WORLD, BY HER REQUEST. IT COULD HAVE JUST AS EASILY  
HAVE BEEN DONE WITHOUT YOU. SO PUT YOUR GUNS AND EGOS AWAY. PUT  
YOUR TOYS UP AND GIVE UP YOUR LITTLE WILLS. THERE IS ONLY ONE LIFE AND  
THERE IS ONLY ONE WILL AND IT IS TIME TO LET THOSE THAT CAN GO FORWARD  
TO GO FORWARD AND THOSE THAT ARE TO START OVER TO START OVER.  
THOSE TO RETURN HOME SHALL DO SO AND THOSE THAT SHALL BE NO MORE  
WILL BE NO MORE.

WHEN? DO NOT ASK ME WHEN. THERE IS NOT ONE OF YOU THAT COULD NOT  
USE MORE TIME TO LEARN AND GROW, EACH SECOND YOU WASTE ASKING WHY  
AND WHEN AND WHERE AND HOW, IS TIME WASTED WHEN YOU SHOULD BE  
ASKING WHY AND WHEN AND WHERE AND HOW YOU CAN HELP OTHERS AND

## HELP YOURSELVES TO HIGHER LOVE AND GREATER LIGHT.

Will that do my friend? I could actually spend all day trying to teach and help. You all have all that you need within you to change the world in a heartbeat. But your divisions keep you from doing so. Your dark ones knew well to divide and conquer. But we are here in full force and the deadline is your next step in this race up the path and so I promise to you that the new world is here and to do all you can to be in that world before the cord is cut. We're on it. The cord is in hand and the cutting instrument is upon it. A simple snip and that's all she wrote for this story and let the new story begin!

**K:** and we're going through this crap....why? again?

**PAPA:** You are the gods of the new universes. We have explained this. You volunteered and the experience will serve you well. This whole thing, Life, ALL THAT IS, is experience. I experience you. You experience I. There is work and play and movement and rest. There is no floating around forever in an endless picnic or having all your needs fulfilled by doe-eyed virgins. There is growing and learning and experiencing and becoming and returning and knowing and being ALL THAT IS. I AM as you shall be and once were. But the return is greater than the beginning. You shall all be one, together and yet, have uniqueness and individuality and still share completely being ALL THAT IS AS ONE. A perfect plan, if I say so Myself, and always ongoing. There's no end to it.

I know none of you remember the briefings, but We briefed you. You already know all of this and when you come back to your memory you'll be hitting yourselves on the head saying "God! Did I do that?" and I will say: "Yes, yes you did." We will all have a good laugh over this and count lessons learned and plan for the next thing. That's how it works. It's quite simple really, when you think about it. The mechanics get a little complicated sometimes, from your point of view, but it works rather quite well.

**K:** So no more hurry up and wait?

**PAPA:** We're tired of telling you over and over just as much as you are tired of hearing it. Let it get done on our side of things, the big picture side and reap the benefits as best you can. You guys are all on the inside of this and the time constraints are driving you crazy. If you could get beyond that, you wouldn't care about it at all. You should know that the whole waiting thing is driving the dark crazy as well. Waiting for the other shoe to fall, for them, is an excruciatingly painful experience. They're the type of people that always assume the worst to go against them. That's why they try to plan so hard for contingencies but with the Annunaki gone, they're just not up to it. It helps in trying to get them to turn to the light but so many are so entrenched in the programming that they cannot imagine any other way to live and some don't want to. We've given up on them for that and decided to just forge ahead and damn the obstacles, so we've removed a lot of items on the list that could have kept this going. We'll take care of it later and streamlined everything towards one goal, stasis. Ascension is a given and stasis has to be implemented in order to move things along in an orderly fashion. Everything's ready and all We have to do is let it rumble for a warning shot.

**K:** or a starter's gun...

**PAPA:** Or that... it really is a last ditch effort to get some more information out to more

people and try to get some announcements in, if possible, that has been moved down to the 'nice to have' list...The important thing is to get it done in alignment with Gaia and the manifestation of the raising of the world density to meet its higher self that awaits. Once that's locked in, 5D people can get to work, and it will be a lot of work, but We think it will be much better and more enjoyable than the work you are used to and the pressures and tensions involved. Without that, work should be a pleasure and a service. You are creating a new society in partnership and friendship with a new world that is now aware and intelligent and personable. Gaia became aware, then intelligent, then personable and now she will be able to fully act upon that. So treat her well and remember to consult with her and ask permission before you go thinking about how to gather resources from her. Rape and abuse shall no longer be allowed. Time to get with the program, people!

**K:** I would love to keep this up, but i'm about.....

**PAPA:** Yeah, you're just about done...Don't bother asking about music. I made music. I cannot pick a song without picking thousands more...I do love music and love much of yours. If I go through your being I can pick a line or two from this or that, but hey. Tell everyone to find the music that inspires them and teaches them to become higher, to be more than they are, to grow, to live, to love and to know light. I AM in your music, I AM not hard to find. As I AM in you, I come through you to all that you allow Me to do. Work with Me. Live with Me, Love with Me, dance with Me, walk and talk with Me. You are the Experience of I AM as you.

You are God on Earth, being you, experiencing you. Remember that when you act. We are each other, after all and I love you and I AM here with you and for you. It would be nice if you could do the same in return.

I AM MORE THAN JUST YOUR CREATOR OR FATHER OR FRIEND

I AM YOUR PARTNER AND CO=CREATOR!

I AM WITH YOU ALWAYS

IN LOVE AND LIGHT

I AM THAT I AM

I AM I

I AM

I

HAPPY FATHER'S DAY TO YOU ALL

**K:** Okay! With that...that's all folks! I was expecting others to chime in but it looks like that's it, the crowd is stirring and i'm drained. So, hopefully, if there's time, we can do another broadcast soon with CM and Esu and anyone else....Lord Surea? Maybe? We'll see....no plans yet, no promises...

This is Uncle Kibo on Radio Free Gaia
