I want to draw some attention since this is pinned, (thanks to whoever did that!), to my Many Obami thread. I have just posted on it, about the changed out Candy Crowley that is so obvious on CNN this morning. She is doing stuff honoring veterans. This is not even a "good" lookalike. turned up nose she never had, wrong body, as to fat on it, and face is shaped wrong, period.

It feels like if I am beginning to feel the incoming wave. This last week has been intense. I think I perceive the wave ahead of time. It is very near. Are you ready?

Body sore and vegetation is off the charts. I still don't believe this stuff though. 6 years I've been reading with no results. Very sad for me. Not strong enough I guess.

Dear Nip,
what are your thoughts if any on the the following?

I was scanning thread titles on another site when a thread referencing the upcoming 3 days of darkness caught my eye. the above link states it will happen on the 25th. I don't know anything about Zetas but am very curious as to your opinion.

we have NOT stated When it will happen and we are not going to. We gave the required advance notice on my site, which must be given at least 3 days before hand, but do not read it will happen in 3 days or any biblical interpretation, or any holy days or birth of saints or anything else. it happens when the team above does it. The planet is in dire shape, we had another really short mini stasis very recently, just 24 hours or so, for cleaning. I know because it felt like a very long night, body hurt, and also because if the plants are not in stasis they continue to grow and there reports of all the picking done and then the "next morning" the plants again had almost over grown beans etc. there are clues for those who gardan if we have a short ministasis.

Quoting: **Nobody in Particular**

Hi Candace, referring to your comment above concerning the extent of the recent stasis, compared to some of the differences we see this week 24hrs seems rather short, there are some distinct discrepancies that my g/f and I have both noticed that say it was a bit longer for us. Any chance some of us were put in stasis and then taken off-world or somewhere unseen here for a different purpose? Perplexed...

Well, that would certainly explain the rapid growth of my tomatoes over the past week. They went from looking nice to need to be tied up in two days. I have so many strawberries & carrots that I am gifting them to everyone. Hot peppers are blooming too -- should not be yet in this zone.

For those who understand gardening, what I am saying is that my nightshade family plants (meaning those that grow only at night) have markedly accelerated, and my other veggies have taken quite a jump.

As to the comment on the night shades, I wonder if they will spurt even more during the 3 days?

Quoting: **Lady Jane Smith**

an earlier example where I live in Thornton, CO a suburb of Denver, I went to bed one night with a couple blossoms on the nectarine tree just starting to open and the "next" morning it was fully in bloom, fully open mature flowers. I saw a similar thing on it this past week, where the fruit had grown too much. Also my peony flowers had a sudden spurt too.

Quoting: **Nobody in Particular**

I think I will sprout some sunflower seeds just to watch them grow. Do they have to be outside?

All the plants that grew so fast mentioned in the previous posts were outside I believe.

Does it make a difference during stasis?

Ok if some of you here may wish to join my forum, a couple of you have, you can go to this linky [[link to abundanthope.net](http://link.to/abundanthope.net)] to see how. I don't make the forum linky public. PLEASE in the email you will be sending, explain WHY you want to join, that you are from GLP etc. This is not an open forum.

Its an ordinary forum in some ways. people post the latests in news, quakes, science, and all the rest. It has a lot of boards. Johan has quite a section there, for daily meditation stuff etc. Unlike GLP its organized. there are about 150 members. We used to have more but when people don't login in for 6 months we remove them. Of course I have had to re approve everybody, its not possible to transfer membership from a forum with the data base totally destroyed.

I do request the posting of a mission statement, by everyone, because members must have a mission of some sort. If churches taught that life is a MISSION and people should seek purpose, the world would change. When I first opened my forum dec 6, of 2005, we got over 1000 people posting trash and huge arguments and lots of thugs trying to destroy the place. I closed it for a couple weeks, cleaned it up and made people post a mission statement to gain entry. 900 people never came back, because posting a mission statement was NOT their cup of tea.

Well, this is a messianic forum for those with vision. You will post one. I prefer you even do so in the email you will send me! If you are not a regular reader of my site, do not apply. AH IS the 2nd coming organization and it is going to govern this world after the long stasis, when the planet is back under Celestial oversight. Initially there will otherwise be no government, all man's stuff GONE. WE need people with imagination and a keen idea of what is wrong on this world and what is right.

We lost 7 years of stuff, lots of personal friendly family conversation but lots of tremendous stuff too. I do encourage discussions on topics of importance to this world, like population control..... and all that is gone, so maybe some fresh discussion is warranted anyway. I have problems even with this group currently getting people to discuss solutions that must come in our new world that seem "painful" to look at.

I have yet to build the new section for some of those topics of contention on this world. Maybe I will attempt that today, start building it. We have many sub boards on the forum, things are sorted. We had foreign language sections for translations and so people from other languages could talk, and we don't have that back yet. We for example have quite a few korean members so had a section for them with korean characters.

I do NOT tolerate some of the noxious dissension like you see here on glp. WE have an "inborn" manners code you might say.

Sunflowers can be grown inside if near a sunny window. Just be careful which seeds you buy. There are some sunflowers that grow only 18 inches high and others 12 feet. Just make sure you obtain the type that will fit your space.

I suppose the results I expected were the physical action of words (channeling / telepathy) those associated with this group were putting out. Every so often they get on this huge (highly believable) bandwagon of some sort of immediate action. It always fails to materialize.

Granted, I'm weak willed and short on trust, but after a dozen or so buildups to nothingness makes me sad.

come the proper time you will understand that. This is a most different world. I get "tired" of them too, except I know the reasons for changes made. BE glad, because before 2001,, they were going to evacuate everyone , roll the planet over, and close up shop for a few thousand years while the planet healed. We are working out an inbetween solution to that, and everyone up there on all those boards upstairs has different ideas of the when, the why and the how. Managing the ever changing energies and population response is not cut and dried.

You ones have a lot of opportunity at continual growth during this. Loose the impatience at "being saved" or getting off the place. If you want to stay and serve after the stasis, this is an initially great opportunity to solidify that decision. And an incredible opportunity for your soul growth. This world is a training world for the best of the best of upcoming ones earning their big degrees in whatever their career goals are. Take advantage, its both sickening and fun, depending on what

one is looking at on any one day.

thanks for the replies

I am just growing them as sprouts,

to have sprouts to eat

and to see if there is any speed up in their growth at certain times.

I guess my question is,

will stasis effect plant growth the same if they are inside or outside?

If your outdoor plants that grew so much overnight had instead been inside, would they have grown just as fast?

Siraya : Greetings to All of you, Children of The Light.

I AM Siraya,
Representing Creator Source in Orvonton.

It is my greatest pleasure to confirm that what your Most Esteemed Creator son, Michael of Nebadon has announced, is upon us. From Universal Perspective, call it nano-seconds. His courtesy call to give notice of the days of the darkened sun has brought great joy amongst many dignitaries from all over Creation who have been front row, tip of their seats. And most recently been witnessing the last pieces of the puzzle, chess game if you like, been skillfully manoeuvred, masterminded into place.

What has been sent by Creator Source by His Decree, agreed upon by ALL involved, is making his entry as we speak. The Wave will impact accordingly and appropriately and will propel forward the long awaited finale of the most tedious works your Sovereign has endeavoured upon sofar.

To reach this highest possible level of perfection, with so many variables and constant dealbreakers or unexpected twists and turns at play, this deserves more then merely a quotation in the annals of this Local Universe. This feat, once determined a ' done deal ', will be further studied and adored far outside its enormous frontiers and boundaries. It is the cornerstone many would have rejected, but Your Creator Son accepted this challenge truely against all odds, not knowing its precise outcome by far. It is not the end, what never can be reached as Within The One Creation, cycles come and go, ever expanding Within a Omnipotent, Omnipresent and Omniscient Supreme Intelligent Power, that never stops.

Those in the knowing have reasons to rejoice, while standing firm still, those unknowing will be removed or made aware, much to their surprise. I therefore choose to bring those glad tidings from my heart and equally from Our Creator Source, in the knowing of a lot more work to be accomplished, but glad with where we stand.

I Bless all you Light Warriors and Star Seeds who stood tall no matter the storms. Your work and hearts content has not gone unnoticed at all.

I AM Siraya,
in Service of Creator Source.

Love and Light,
Johan

The problem here is that you cannot tell anyone about this because there is no accountability. If no by date is given then it is very open ended and cannot fail because the can gets kicked down the road indefinitely. If you tell someone that 3 days of darkness is coming and nothing happens this week, month, year, then your warning falls on deaf ears. People won't believe it. If it does not happen this year, then the bringer of this news will be a failure and their words will no longer be heard. An open timeline is just way too easy---- in this scenario- there is no failure.

Very true. These predictions have failed many times over, yet their new ones still get a large amount of people hopeful.

Who knows.

Quoting: **Anonymous Coward 7510834**

They are NOT predictions, they are a record what fleet is planning and discussing. And "fleet", this project is under Michael of Nebadon and a lot of higher ups who are trying to work out something for this sick planet that produces growth without the wholesale destruction of the place and keeps the Mother Gaia in service to those who can continue their journey based on where they are.

Thru this reporting, you have an opportunity others do not have, who are unaware of how things are done upstairs in the oversight of planets and this one in particular. This planet has never "enjoyed" this since of sorts since the days of adam and eve, 38000 years ago and even then the peoples were not aware of the hierarchy other than Adam and Eves immediate supervisors and even then, not much. That was due to the traitorous prince of this world at that time, who was still fully in control and screwed the adam and eve mission, rather literally in the sense of the word, but convincing eve as her superior on this world to violate her contract about introducing the adamic gene line too soon to this planet, the child was Cain. The Prince was not his Father, these sons of god that rule planets are not reproductive beings, but a handsome young man of this worlds best genetics at the time, outside of the family of Adam and Eve. Wasn't the only thing that ruined the racial uplifting and other projects here but significant. Eve and hubby Adam we affected by not having the open circuits to the higher management worlds. This planet was isolated from "heaven" 200,000 years ago and they were working on a sin stricken dark world without adequate backup.

You are being introduced to how its done. This worlds circuits were reopened on whatever that day was called back in 1987. YOu are seeing the first pubic results of that opening which started really with the Phoenix Journal project.

"The problem here is that you cannot tell anyone about this because there is no accountability. If no by date is given then it is very open ended and cannot fail because the can gets kicked down the road indefinitely. If you tell someone that 3 days of darkness is coming and nothing happens this week, month, year, then your warning falls on deaf ears. People won't believe it. If it does not happen this year, then the bringer of this news will be a failure and their words will no longer be heard. An open timeline is just way too easy---- in this scenario- there is no failure. I am not bashing just seeking."

You don't necessarily have to convince people this will happen, nor warn them. The three days will come as a great surprise to many and perhaps that is intentional. Mankind is hypnotized and needs bringing out of his trance with a jolt.

Maybe it's a combination of reading about the children killed in Syria and the cannibalistic story in Florida but I feel so sick inside & my heart is heavy.
Everything is timing & there are lessons but I really wish the 3 Days were here already...

What has to happen for people to really acknowledge that something is terribly wrong?

well the good news per se on CNN today is I guess there is finally something on Obama. They have been planning to assassinate him to carry their plans, but now apparently its removing him, via the birth certificate story and kill list. I was told today something of this sort should appear finally on CNN and is preferable to the other option, its true as to where he was born and his preparation by outside folks for the presidency.

It is sad how many are being grinded away by the way things are in the world. Its a vicious cycle, like a dog chasing its tail around. Person has bad day, takes bad day out on another, who then

releases their stress on another and it just keeps going. Meanwhile many are off in their own little world, revolving around them, talking on their cell phones when people are trying to cash them out at stores, and the list goes on. Too much me me me and not enough US mentality.

Thank you for your words Firmament. Just realized I sounded kind of frustrated when posting :). My impression is that finances will operate very differently from how they do now, which is just one of the reasons for wishing for the 3 Days of Darkness. It would be wonderful to see wealth spread around to all & for people to know truth. It will probably be chaotic and difficult but liberating afterwards though there will be lots & lots of hard work from what Nip has written. Honestly & thankfully, I actually don't worry about money but as a single homeowner I'm very well aware of my responsibilities plus helping friends in need with a place to stay &/or monetarily means I can't just up & quit. However, this is where your wise words come into play: 'things would start to unfold', I love & believe in that concept. Thank you for reminding me. It just seems to me that all people would be able to develop their 'creativity' were they not so caught up with trying to survive. Hope that makes sense.

Much love to you Firmament

and don't read too much into that, it is not directly related to the 3 days. CM told me those it was intended for would know, and that's all I know.

To the AC who posted the Bilderburgers list,, thankyou. Also do NOt assume everyone there is a dark one, for the light also infest the dark! Peter Jennings was one such example. He was on it, and was murdered by cancer for his investigations into 911. He got caught I guess. HE contacted ME 12 hours after his death. We were not able in the times afterwards to post a piece he provided, risk to others. I don't have it anymore anyway. But don't pre judge everyone in places like that, the CFR, the FED and the media.

Quoting: **Nobody in Particular**

Then why post it? I'm sure the entire world governments are hanging in balance on what AH is posting.

It's obvious you are posting to get people talking. If you are aiming for those bad people, you aren't getting your message out.

Why does your 3 days of darkness mimic the Zetas 3 days?

One of you is right. Which on is the question.

Quoting: **Anonymous Coward 7510834**

It doesn't mimic the zeta's last I read there years ago now. If I recall they said it was a pole reversal when Planet x came by. There is no planet x in this.

There are the dark behind the scenes leaders that DO read our material, that is why the targeted material IS POSTED, it flows within the requirements of galactic law.

you partly gave the answer you were searching for to yourself already.

If you could manage to stop worrying about your financial obligations, things would start to unfold.

It is the worry that keeps you from it.

I been there thats how I know.

Thank you for your words Firmament. Just realized I sounded kind of frustrated when posting :). My impression is that finances will operate very differently from how they do now, which is just one of the reasons for wishing for the 3 Days of Darkness. It would be wonderful to see wealth spread around to all & for people to know truth. It will probably be chaotic and difficult but liberating afterwards though there will be lots & lots of hard work from what Nip has written.

Honestly & thankfully, I actually don't worry about money but as a single homeowner I'm very well aware of my responsibilities plus helping friends in need with a place to stay &/or monetarily means I can't just up & quit. However, this is where your wise words come into play: 'things would start to unfold', I love & believe in that concept. Thank you for reminding me.

It just seems to me that all people would be able to develop their 'creativity' were they not so caught up with trying to survive. Hope that makes sense.

Much love to you Firmament

Well I don't remember if I talked finances or not after the 3 days of darkness. Many people are going to obviously be unemployed then, massive change. There is a social welfare program in place for them. Also, all the loans etc will no longer exist during that period, lessening the "need" for money. There is going to be a lot of food distribution, and monthly "welfare" type checks for the unemployed. Even those employed may well have few hours. There is more, but you will all have to wait and see. But nobodies going to starve or be put out of homes during that period. Most will be doing what they can and watching TV.

I think the real estate business is one that will be gone. Its a short period before the big stasis, and it seems people are not going to be doing a lot of moving. You can ponder what other jobs might be lessened, and some companies may be completely not functional. Those "left behind" ARE going to be learning a lot of very new stuff and it will be so new, as to literally shock the shit out of some. It will destroy their paradigms they have created, or simply followed, as if there were no other way to do things.

How exciting!! Perhaps it was something you had posted in the past but my impression was that 'finances' would be different to say the least. My job will be history just by virtue of what it is which is probably going to be true for alot of people.

Wow!, how incredibly liberating for everyone although some will be in shock (I work with alot of 'Corporate' types who are really into their job titles & inflated incomes) but this will ultimately be a

great event.

So many people are so judgemental of others that they perceive as having less money, status or stuff. Never have understood that mind set but this will totally level the playing field.

When I think about knowing the truth about so much if not everything. Boggles the mind. I can hardly wait.

Will the upcoming Venus Transit scenario be a turning point for events to start happening? if you are allowed to say.

the first really interesting crop circle happened in england today. I am lousy at them but its interesting.

[[link to www.cropcircleconnector.com](http://www.cropcircleconnector.com)] One there that has posted already thinks its a clock with a date of Aug 4, at a particular time.

Also a circle in Italy, may 20. They seem to be making more there the last year or so. [[link to www.cropcircleconnector.com](http://www.cropcircleconnector.com)]

The Italy is simple enough, stair way to heaven but I suspect there are other meaning.

there is going to be the removed of the dark ones big time, which is why a lot of businesses are not going to function. Thus lots of unemployment. Banks will run minimally. We will be in charge of the planet then.

Also probably lots of deaths from the pure fear of it and as more new energies stream in afterwards.

Interesting how people are so resistant to any info one tries to share even if it's just some basic info like having some cash, extra food & water on hand. Only a couple of my friends take me seriously but they have also made it clear that they'll be heading to my place :). Others say nothing is going to happen & people have been saying the same stuff year after year. I understand discernment but this seems more like complete denial. Probably fear in some cases I guess.

Noted your previous posting about crop circles where one seems to point out a date in August which I'm hoping doesn't mean we have to wait til then for the 3 days.
Will the new energies allow us to remember where we go next?

my "inner voice" knows its going to happen on Michael of Nebadons "dime" and "time." along with all the other advisers up there. I think they are all more in alignment now, more so than December, I think they are "done" on the extra chances. Khazars did not cooperate with China, and the stasis was delayed over the concept. And all of us involved really still want to engage this huge experiment of global disclosure and teaching, and it can't happen unless a lot of folks are out of the way. "Security" as such needs to be pretty tight on it, as it will not go well in there are significant interruptions. I was informed by S333 (David Righter) at least 2 weeks ago, maybe more, I don't keep a calendar, that the money part is completely ready to go as to supporting those needing it, during the teaching period.

The length of the teaching period will depend on how its going and what Gaia is doing. I am hoping personally for at least 3 months.

extra firm because that is what I can get made with Nigiri. In this case, I cubed it, browned in a tad of black sesame oil, just drops, only one serving and a bit of soysauce. Then added veggies and a ginger terikayi sauce. No rice today, I am cleansing a bit and keep my carbs reduced so I don't need insulin during the process. When I cleanse I get really hungry as was the case today, so I filled up on the stir fry so the tummy would shut up.

Time for Collection By Source thru Hazel

Creation is MY investment and MY gift to MY children. You are the assets within MY creation. Your worth is measureless. You were born into wealth wearing the crown jewels I placed upon you at birth. You then decided to create lives of your own for the sake of experience but always with the promise that you would return to ME with your wealth intact.

I gave you leave to explore the elements of space and time; not to seek out your fortune but to simply experience and interact with MY creation. I expected that you would have invested your assets wisely to enrich your experience and know the WHOLE and ALL of ME, though you appeared to be separate from ME. Many have forgotten their roots and cannot comprehend ME. They have forgotten WHO I AM and where I AM. I AM the long forgotten SOURCE for many and

for others I AM a being wholly separate from them; a ruler who sits above in a place called Heaven waiting to meet out judgment at an appropriate time. The truth being, you were and are never without ME, in spite of the myriad journeys you have taken.

What many of you do not know is that I take the journey with you for it is impossible for ME to be without you and for you to be without ME. The difference is that I AM aware whilst many of you are not. The Creator is always in attendance on creation; forever observing HIS assets as they sojourn in time and space to see whether they are allowing their experiences to rob them of their birthright or whether they are using their birthright to maximise the experiences which will in turn yield returns and enable them to find their way home. I AM constantly nudging you from within that you may recognise MY presence and in so doing your creative 'creator' abilities.

Many have lost memory of their inherent wealth and seek to fill a void with that which is of a material nature, transient, as its worth is meaningless in the place where they must return to. Those who have come into remembrance and knowledge of the treasures they bear within themselves have wisely invested their timeless assets in choices amenable to longevity of spirit. Their wise investments have earned them 'spiritual dividends' stored in their cosmic bank accounts. For it is that which is stored herewith that will determine their next placement.

For those unable to recall their Source and homeland, I have paid special attention to; mercifully recognising that they needed and are in need of assistance. I have sought to purchase their passage home through the ones I have sent time and time again to provide the vehicle for their return. Yet many have spurned this offer in preference to extending their journey. So I watch as these ones gamble their assets on unwise investments and forfeit in the process the most valuable gift bestowed upon their birth; their sovereignty.

There are those who remember who I AM and who know where they have come from yet they have chosen against ME. They have surrendered their spiritual assets in favour of the material and worldly ones and seek to create a kingdom for themselves in a material world that has no reality.

It is COLLECTION TIME. I have come to reap the returns on MY investment. I come to assess how my assets have fared and to determine where next they should be invested. Those who have earned high returns will ascend to places where nature will support the accumulation of greater spiritual dividends.

Those who earned little during their experience as they bought into false doctrines and precepts and in so doing surrendered their sovereignty and freedom for imprisoning chains; will be freed by MY hands and be given another opportunity to regain what they lost in places more supportive to the pursuit of self awareness.

Those whose spiritual coffers are totally bare due to their malignant choices, preferences and investments in barren affairs, will struggle to survive as they flounder for the breath of life. Ever merciful, I offer a lifeline as I extend MY hands offering assistance. I ask them to choose ME as their new partner that I may inject fresh capital of light into deadened assets. A few have accepted this offer in wisdom as they know that they are spiritually bankrupt. I will be their Trustee in Bankruptcy; and so will decide how and from which placement they shall repay their debts and thus begin to regain the assets they willingly abused and lost.

The rest have rejected MY offer. They have chosen to forfeit further investment in experience and thus coldly severed themselves from the Source of their lives. They have rejected life. and in so doing have determined their penalty.

I am not fasting, but anytime one decreases food, insulin must be adjusted accordingly. I am just

doing a needed "cleanse", body wants it, I always know.

Taking insulin increases my hunger and desire to eat so I avoid it, during my cleansing or use only a small amount as I do take in a bit more food now and then. I pay attention to the carbs I consume and take short periods of exercise, when restricted, longer walks don't work.

During the ministasis he will be fine, the body does not operate at that time, it is paused, So he should just continue the insulin during the 3 days of darkness as to his normal requirements. I had a friend once, who had a bad illness and could NOT eat and neither she nor any of her doctors thought to ponder if you don't eat, you need to cut back or stop insulin depending on the person. She had massive undiagnosed low blood sugar which caused her massive headaches and vertigo during that time.

Insulin is always used properly according the how ones conditions vary.

Shortly after introducing NESARA to the world wide web, certain people latched onto the NESARA idea and began promoting a different version of this story.

Supporters of the altered version of the NESARA story believe that NESARA was enacted into law secretly during the Clinton administration, that there are "White Knights" working tirelessly behind the political scenes to inform the world of this secret legislation, and that the altered version of NESARA promises numerous debt forgiveness elements. Originally, the altered story did not dispute the original NESARA acronym used by Dr. Barnard, but as the rumors increased, supporters then also altered the NESARA acronym.

Sadly, this disinformation campaign has reduced the credibility of Dr. Barnard's efforts and today the word "NESARA" is an ill-received word at Congress. To this day Dr. Barnard's NESARA proposal has yet to be introduced into Congress.

There also are claims from supporters of the alternate NESARA that Dr. Barnard and NESARA Institute staff members all work for President Bush or other nefarious "New World Order" organizations. They also claim that NESARA as presented here at this web site is merely a ploy to detract people from knowing the so-called "true" NESARA.

Before investing funds with anybody, one should diligently research the investment plan. That research includes reading literature, conversing with people, and then seriously evaluating the information based upon facts and not pure emotion. The staff at the NESARA Institute empathizes with those who have lost hard earned funds to these schemers and scam promoters, but a life of social liberty begins first and foremost with self-responsibility. Perhaps one day the alternate NESARA story will fizzle and disappear, but as long as people act and respond through emotion rather than intelligence then these scam artists will continue to succeed.

Please exercise some common sense before deciding to support the alternate NESARA story.

beloved the above nesara site is the cia POPPY COCK site.  I KNOW, my webmaster ran the real one, www.nesara.us until Dove lost it and died. WE carried her site on our server. My organization was to be funded under Germain and his global trust, which you can see does exist here:

[\[link to abundanthope.net\]](http://link.to.abundanthope.net) in the charts given to me by Dave Sale, who was a big chief in OITC until it too was destroyed a couple years ago.

Despite all the rumor mill on the new ages sites under control of the CIA, it is not going to manifest now either.

Today is not a day I will watch the video, I have others more important to place my time on. I would also wonder at the WHY you thought need to post this here? This is not a nesara thread. Perhaps because of MY posts in another thread today? I AM the one who knows about this, the others do not. And posting CIA bullshit changes nothing.

Nesara was never to be funded by investments, that was the game of Daddy Bush who saw some opportunity to rip off people. It was to be funded thru the Foundation Divine.

I believe the dark ones are laughing at all these warnings, for there have already been many last warnings for many years already. But I suspect they see no way out so just to make it worthwhile for themselves they may try to take everyone else with them as they go too. Just like Mars they may try to set the atmosphere on fire. Will there be enough time for stasis and evacuation between the moment they set the atmosphere on fire and until everything is fried, as I suspect it does not take many seconds for such a boom to spread across the globe?

Hi everyone, watch my signature files, going to change it every couple days with Walter Russell material. The 2nd one is currently in my file. If you did not notice it before, this is the first signature file I just replaced. Nothing has changed since Walter Russell wrote his stuff. He died about 1969 or so. yesterday without bother to read I am sure, one in another fussed about the long signature

file. I do this for a reason. a way to teach anyone who reads my posts, something different form time to time. I have been collecting them for a few months and maybe publish the collection on the site together.

Matter is light. Nothing is which is not light. We are prone to think that this civilization of ours is an extremely advanced one. On the contrary, man of today is in an exceedingly primitive state of his evolution. He is a bearer of heavy burdens, sweating at heavy labor in the bowel of earth because of his pitiful ignorance of universal power which awaits only his knowledge to render it available for his free use.

Knowledge of the ONE THING will lift the yoke which man has placed on his own shoulders. Faith and Theory regarding the Universal One need have no place in the thinking of man. They are wanderings in the dark. All things are answerable in the light.

Ecstatic man is he who can think in those high octaves of the inner mind that has been termed "spirit." Ecstatic man is inspired man of universal genius, of inner thinking. Inspired man is he to come whose thinking will come from within, in light and it will be an ecstasy of thinking which will produce enduring things. That work which is created in ecstasy of inner thinking can alone endure. Walter Russell From The Universal One, Page 10 Seek on Scribd.com for his books.

This from The Divine Illiad, by Walter russell I may be put next into my signature file.

Page 5 (extract from The 5th Kingdom speech in 1949)

" I am the One Whole, the ALL. " Glorify thou Me, the One Whom I am, for I am ALL, and no other is.

" I, the sexless One, am Unity.

" What I am, thou art, for thou art Me; thou art the Whole.

" Glorify thou thy Self, for in so doing thou art glorifying Me.

" I, the One Whole, am knowing-Mind. I exist to think. All thinking is Light of my knowing but My thinking is not Me.

" I am Creator, creating with My thinking.

" Out of My Light of knowing are My two lights of thinking born as sexed pairs of opposites.

" Mind thinks Mind-knowing. Mind exists to think.

" To think is to create. I create with Light. Nothing is which is not Light.
" I, with man, am creating man in my image.
"What I am, Man is.
" I think, and all things appear in the image of my thinking.
" I think man, and man appears in the image of my thinking.
" Man thinks man, and man appears in the image of man's thinking.
" Man's thinking is My thinking.
" I think idea. Light registers My idea in the two sexed lights of My thinking, and form is born in the image of My thinking.
" Form has no existence, nor have My imaginings. These exist not, for they are not Me. I alone exist; I, the ALL.
" I create my imaged body with the inbreathing of My pulsing universe of Me. " My universe is My image; but My lineage is not Me. " All things are My image, but they are not Me, e'en though I am in them and they in me. "

Today is The Day
By CM thru Johan
Jun 14, 2012 - 6:58:54 AM

This is CMAton, Your Sovereign.

Today is The Day.

We cannot longer tardy and see every truth be turned into a lie and visa versa and tons of total deception keeping the masses incapacitated and utterly ignorant, even at the risk of many innocent lives.

Notice has been given one too many times already. Now We, The Light, take TOTAL CONTROL over Shan, Urantia, Mother Earth, Gaia, ONCE AGAIN.

Those in the knowing are ready as good as can be, others will have to find out through the experience of the three dark days to begin with. This is only hours away.

WE MUST PROCEED as many more alternative routes have proven to lack sincerety and failed due to man's inability to let go of the past, of greed, of blaming, of control, of fear used as weapon, of killing like it is a sport, of lies and deception, etc.etc.etc.

In the mean time, we gathered all the evidence for the courts of Orvonton and our anxious crews stand ready for action.

Without further ado, as Sovereign, I applaud you, those who stood their ground in Light, Love and Truth as We are taking the reigns of my Beloved Final Bestowal Planet once again.

Let this final chapter begin.

Salu. CMAton of Nebadon.

Love and Light,
Johan

ps. A number of messages will simultaneously go out to different scribes to avoid confusion and disbelief. (and as you can see today, they did, the most ever in a day-Candace)

hi NIP, what the meaning of "Today is the day"? what happens in the sky? will devastation happens before three darkenss day? will people leave beore three darkenes day, during, or after?

Quoting: **Anonymous Coward 17953354**

Today is the day is when the big announcements went forth thru several of our telepaths of the beginning of the end, in terms of the confrontation. I would suggest sky viewing, perhaps there will be more show and tell or things observed, and I would also be watching the financial news. I would watch syria as best as CNN will cover it, it was a day of lets go fix syria on the news on CNN

This next wave lap is of importance to that is viewable coming on he tails the on that just left.

Yes, it appears that the decision has been made but the message from Esu states that 'only hold up is Christ Michael giving order'.

My mood last night was so festive & celebratory for no particular reason. Then I checked in on AH to find the latest message. Then I knew why I was so happy.

I can only hope that it will come on at night when majority of people are at home but no doubt they have it all planned and it will be as it should be.

Peace, love & light to all!

As for daytime versus nighttime, there are people on the other side of this planet too.

I have also been feeling great all day today.

And I was also very happy to find so many uplifting messages on the ah website today.

Quoting: **Anonymous Coward 16052185**

True, that's why I just said 'night' because that would be night relative to where one is located. Hope that makes sense :) I pictured them starting the 3 Days of Darkness like a wave sweeping over the globe. I can totally picture it in my mind's eye. This morning when I hit the lightswitch, the bulb flickered so I got really excited but then it came on and stayed on. I was kinda disappointed. Had to tell myself that it will be here soon enough and enjoy the day. Just want it to happen NOW, anybody else feel that way?

I really do feel for people that are clueless and will be in panic and/or fear mode. Being in a big city also means that there will be those who will take advantage of this type of situation. I am

about 25 miles away from downtown LA, not far enough away as far as I'm concerned. This will be an opportunity for us to share info in our communities or to assist in the development of community. It will be a big lesson for everybody. Hope I pass the test.

Today was yesterday as to Johan's piece. There were 7 target pieces yesterday announcing the show was on. I think the one from Sanat and his armies is of particular importance. Johans piece was given the day before yesterday, but not published on purpose until the 7 others were up.

I would pay attention to the financial news big time and have cash, small cash at home, because besides anything else there may be a bank holiday. You can't use plastic then.

Quoting: **Andyjax**

Physical sense back in Lyra a very long time ago. Creator Sons create the angels they need and yes they create the souls of their universes along with the Mother Spirit. That is why they are called Creator Sons. Papa source comes into the picture when the soul earns a Father Fragment.

Actualy in terms of the animal creation process its Mother Spirit that is the life spark to the planets when they are seeded with life. The ascending souls come into existance thru reincarnation thru the animal kingdom. By physical birth in that sense. Most of the souls of earth are fallen beings inprisoned here, and are thus incarnating in new physcial forms with each lie. They are a mix of created angels that entered the Lucifer REbellion and the normal run of the mill galactic thugs that arise from the animal creation process.

I an originally of the animal creation process on another planet in Neadon. LONG ago. So is Esu and the rest of the Kumaras. This group chose to work here in this difficult solar system some time

ago. The kumaras have used just as many bodies as the rest of us I assume over they process of spiritual growth, no difference there. They just didn't start in our earth, they started in Lyra. On many planet, people fuse with their Father Fragments even during a first life, depending on where the planet is. I am here on this planet with people associated even with me from very long ago, if they wanted to return here. I have no idea who my birth parents would have been on my first life. Doesn't matter.

But the Kumaras have stayed together from a very very long time. We will perhaps try to explain more of this later. Sanat is silver ray level and so am I. Oh gawd, got to go attend some gas fumes coming into the house thru the swamp cooler.

I had heart stuff today, perhaps part of the m flare, but these rarely affect me.

Its very obvious at this point they crapped the website. and webmaster doesn't wish to disturb my sleep so if he is aware he won't call me tonight.

As to the Kumara discussion above, for those aware of the mansion worlds as discussed in the UB, many families keep in contact over the long ascension journey that earn them and eventually fuse with their father fragments. Mating is sometime permanent as in becoming soul mates, even though incarnational experiences, souls mates could marry others on planets they are on etc.

My soul mate and I and our destiny guardian angels all made paradise roughy together. It happens, so this kumara clan has stayed together for a rew million years or more.

at any rate Esu told me when he had his FIRST human life, his parents those millions of years ago were Sanat and Anna. But no doubt in their long jounries various roles have been played. This planet because its a prison ward has a lot more re incarnation than normal. It is related to the fact that Caligastia did NOT let anyone Leave here, and there was quite a resurrection to the mansion worlds 2000 years ago for that reason.

Ok the BBB&G's could not effectively take down our server so instead they have taken down the whole data center which we are apart of. So you can not access our server at all at this time. Again we are working on it. This is somewhat expected with all the information we have been given and the warnings given.

Quoting: **!saac**

all humans have basic 2 strand DNA like the animals do. Then there is what is called "junk DNA" by scientists. This is not junk, it is DNA that activates as a person grows spiritually. When there are 12 strands hooked, the kundalini rises to the crown chakra and the person becomes a light house bringing in energy and also feels all sorts of energies others do not detect.

Ahh, so what exactly happens to DNA when it " activates " ?

How does that happen, physically ?

Can you describe the mechanism in a scientific sense for me, I'm having a little trouble picturing it.

What are the strands hooked to ?

If someone had more then 2 " strands " would it show up in a lab test ?

not much I briefly checked it last night when it was new and not again after that.

The green fireballs can be any of several things including craft moving from green glow into cloaking. Ditto orange stuff. Can be meteors or craft. This didn't seem like a meteor shower and the descriptions varied and stuff was seen I remember even in California, so I hope it was show and tell of some sort.

My own skies were half cloudy with nothing of interest the few times I went out to look.

We do not talk the telepathy in other words, all the messages come very independently of each other. There are never any "hints" provided as to what is going to be covered. We on the ground don't get together to decide what should be put out.

There are 6 of us I think that do the target messages, they are not all mine. there were 7 different

I have a global team. Our telapaths from several countries and we have people on my team that are not telepaths. We do NOT for safety's sake list them all on my website anymore.

There is no way I can create everything by myself that WE have produced. I am ot a one man show. I run a global organization of "Messiahs". We are the actual 2nd Coming Organization for this earth, that is partnered with Michael of Nebadon and Esu and we carry the work of many others up there right now also.

Some of this work has been going on for years, the "teaching mission" since oh gosh the late 1800's so to speak. This is more than a teaching organization. When the long stasis is over, man will not be organized for a time, and we shall also govern the world for a time as things stabilize.

My understanding is that they were evacuated because they were sufficiently knowledgeable in the ways of the world for them to understand the situation and go voluntarily in an orderly fashion.

This lot on the surface would freak out if they saw the sky filled with UFOs -- with the dark brothers adding to their fears -- so they need to be handled differently. Hence the Three Days of Darkness and what happens during and after that.

We aren't being left to perish.

we are not abandoned on the surface waiting to perish. Since when. The reptilians were evacuated off for their safety besides other issues in 2007. It is easier to process people when they are taken in groups in that regard. At every disaster like Japan quake, folks are evacuated off then too. All who will board anyway. Those prepared will even be removed by beam me up scotty. The plans are well done and NOBODY in this sense is going to be "left behind" the face the earth changes. That is what the STASIS is about in the first place because man cannot survive them otherwise.

members of my team go frequently to ship, I was up last night for example, I don't think that constitutes abandonment.

The politics of Patience

By Neadonia thru Hazel

Apr 12, 2011 - 1:29:58 PM

The politics of Patience-

Nebadonia

Patience must be allowed to preside in and over your dealings with yourselves and with others. It is the one virtue that cultures staying power and ensures that goals and projects are seen to completion. The Father's patience is all enduring and without distinction. It is His nature and therefore yours.

We in the celestial realms note the impatience that you ones suffer at times. We are sympathetic to your plight on earth as you are confronted with having to address the energies of darkness which continuously attempt to place spokes in the wheels of your progress and success. You feel powerless at times to attend to your holy work in light of the flagrant opposition you must deal with.

We do not judge your impatience dear ones but instead gently seek to refocus you on the inner knowledge which you possess and strength you bear to allow for greater understanding of the benefits that being patient can yield.

The human anatomy is a complex figure and the physical and emotional are so inextricably intertwined that the spiritual sometimes get lost or temporarily forgotten. It is indeed a great task to keep the spirit working for you that you may overcome the physical and emotional weaknesses which assail you at times. This is well understood by US.

However beloveds these are not ordinary times in which you live and you are by no means ordinary. You are not citizens of earth per se but citizens of Nebadon. My desire is that you see the bigger picture that you may comprehend the usefulness of harnessing your patience and using it to your advantage during these caustic times.

Many of you have chosen and have been chosen to incarnate during these auspicious times in your earth's cycle. You have in fact come to lend of your expertise gained through your souls' experiences. You have come to assist in stretching the consciousness of humanity. Whether you choose to believe it or not many of you are professionals at the soul level. What do I mean by this? I mean highly evolved. You have been in the process time and time again through various incarnations and you have had to exercise exorbitant amounts of patience. You succeeded in your past endeavours and have qualified to be here at this time. You are in fact above everything that you experience on your plane for most of you have already conquered worse. The point is that you are in charge of yourself and therefore you decide whether to rule with or without patience.

The key to ruling with patience is your ability to remain connected and anchored in the divine presence from within. If you cultivate in your awareness the need to remain so you will find that impatience will be dissolved with greater ease. This is because you are bonding with a higher energy which allows you to feel a sense of inner calm and reassurance about matters. You are taken back to the point of reality and it becomes easier to shed your impatience when you can appreciate that which is real.

When you indulge in impatience for too long you create a spiritual blockage and you become unable to channel positive energies. The whole world will then appear ugly and you dwell in the thinking that there is no justice. You create a state of unhappiness for yourself and the value of faith and trust becomes diminished.

We speak time and time again of God potential which you all have; and for some at soul level you have already attained that degree of Oneness. Beloved children of Aton this is the time to exercise your God muscles in every area of your lives. The responsibility lies with you and no one else. If another's action makes your unhappy will you choose to dwell in that aura or do you

choose to see with higher vision and understanding? The point being dear ones is that you have a choice. The choice however must go beyond that of being happy or being sad; being impatient or patient. These responses are effects caused by perception. The true choice is to be or not to be that which you truly are- God/Self. At your current level this is the choice you must be making. What do you demand from and off yourself?

Do not treat Michael as separate from you for little do you know or truly appreciate that at soul level you all contribute to the decision making process. The exact decisions you agree with become the exact decisions that you are sometimes uncomfortable with; and it is this which breeds bouts of impatience.

Great joys are upon you all dear ones and as you say- all that is good is worth waiting for. I know that this does not bring you the comfort that you may need at this time but take solace in the fact that you are living in the times prophesied and what you have been prepared for by Michael and the host are very much upon you now. Allow the sequence of the divine plan to work through; for you are experiencing its manifestations currently. This is the time for cementation, for in the prelude to the events you must ensure your anchoring in God. Your efforts must now be attributed to securing yourself in God presence within and securing God's presence within. Be alert to the emotions and feelings evoked at this time by the energies around you. The fight is not over with the dark ones and you must SECURE yourselves in Michael' light and love through your inner awareness. You cannot lapse at this time beloveds; for a momentary lapse could result in an energetic strike by the dark ones against you. You are OUR beloved children whose faithfulness WE have recognised and WE ask you to preserve yourselves during these times.

I will offer you a visualisation that you can do anytime that you feel negative thoughts or emotions beginning its assault.

I want you to remember that you are in control. That control comes from within and therefore nothing on the outside can harm you unless you give it permission to. See Michael standing in your presence. Feel yourself grow in length and breadth and feel the expansion of energy within you. Dwell for many moments in this field of energy; accustom yourself to its power by feeling its pulse. Then I want you to see your entire being as light. In this very moment you have relinquished the physical and you have reclaimed your true body. You are now impenetrable. Remind yourself that you are light and light can never harm itself or others or be harmed. Remind yourself that you are pure and incapable of being contaminated. I want you to remember now your purpose and remember who you are. Hold on to this vision for as long as you need and then when you are ready return to full consciousness. You are now empowered and your behaviour will reflect your feelings.

The aim of this visualisation is two-fold. Firstly to facilitate a connection with Michael and His energy so that you feel it as your own; and secondly to unconsciously allow you post visualisation to respond by recapturing and retaking control.

Beloved children I am Nebadonia, Mother spirit come to offer a helping hand during these challenging times. Patience will build strength, cement your trust, sustain your power and allow you help others confidently in the days that are dawning a new reality.

Be patient with yourself, with others and with the process before you for I say to you that the outcome will have been well worth your wait. It will exceed your expectations. I caveat this statement by saying that I speak in your language that you may understand; for in God's dimension time has no equivalence and is without sequence.

Nebadonia

The opening paragraphs of 'The Message of The Divine Iliad' are gripping Nip. I can hardly wait to read the whole thing. Almost fried my printer when printing out both of the latest pieces from your site. I just feel so excited about everything even though I know it will be chaotic, for awhile at least. Several nights ago while out looking at the sky around 11pm or so I saw a star which appeared to flicker on & off. Then suddenly it seemed to move around in a circular motion & there was another one next to it and they seemed to be cigar shaped. It was like watching movement thru a microscope. It was really trippy, lasting about 5 minutes or so. Left me questioning what I saw. The night sky just seems so active, the more you look, the more you see, if that make sense?

as we publish more of that, including the other one today, the Secret of light, you will see the Divine Iliad explained as he goes as to science. I need to maybe put some more of that in my

I tried to Ignore it....can you?

By KiboDabi

Jun 19, 2012 - 9:42:22 PM

WARNING!.....

I know i just posted and i'm posting more and more and i'm pretty sure there's another one coming tomorrow.....but so much left unsaid with so little time left....IMHO.....and....mind you....under the circumstances...if i'm hurrying in my sense of things...as far as time and space are concerned...then i will still have no choice but to go completely off and attack at will....and then some...on more fronts than they can handle until this thing is finished, over and done with once and for all and for good.....

i was just going to let you guys know that i posted another post on the blog...but...what the heck....here's the whole thing....just so you don't have to go looking for it.....

[\[link to kibodabi.wordpress.com\]](http://link.to.kibodabi.wordpress.com) (the blog it's on, he put it on the forum, thus the intro above.

i tried to ignore it....can you?

Cobra commanders' cheerleader, Gigi, or whatever has posted a history lesson that is grossly

distorted to the point of being filled with meticulous lies.....or so I say.....

Most people, who have little if any idea of who and what the gnostics were and are, automatically fall into some kind of 'ooooohhh, gnostics..' state whenever they see the word.....

Please....

The gnostics, as a sect, were more informed than the rest, but even their writings have been corrupted and if you've ever read the Urantia Book, you'd know.....

For one, they viewed all ETs as Archons simply because their experience was one in which that was all that they were able to come into contact with.....ever wonder why?

Please to be informed that Lucifer was not an archangel.....i repeat...Luicifer was not an archangel....he was a system sovereign. That's like mid-management for you corporate folks....

He was allowed by Christ Michael ATON to fulfill his rebellion against the Paradise Trinity and Christ Michael because it was seen that more good would result than evil.

Yes....i know....it resulted in the great galactic war.....i understand, but sides had to be chosen.

This planet, which fell within Lucifers' territory, was actually way behind enemy lines....so to speak....

In fact, our original planetary prince betrayed the Light and joined the other side, thus handing this planet to him.

This whole system was placed under quarantine by Christ Michael. Ask yourself....are quarantines declared from without or from within the infection? That should tell you something right there.....

Now....

The great galactic war was between those peoples that remained true to the vision of Christ Michael and accepted the being of the Paradise Trinity...and those that didn't.....one of the greatest issues in question was all the time, trouble and energy that was being extended to train people, personalities, beings like you, human beings, to be the gods of the new universes..... This made no sense to Lucifer. He thought it was a waste of time and could be done better than it was being done by giving the higher beings, like him, a more direct hand in the matter....it's not that it was such a bad idea, it's just that he wanted to go it alone and prove that he could do better....his way...he failed. He failed and that failure ruined him to the point that he preferred uncreation to learning to follow the Divine Will of The Eternal Father and His Sovereign Christ Michael of Neadon.

What can you do? He was given every chance to succeed or realize failure and come clean and admit that he couldn't do it and surrender to the perfect will of The Father in all things....and he just couldn't do it.....damn. His loss, his uncreation hurt everybody, including Christ Michael and Source....he could have done so much better and so much more if he had just surrendered to the great truth of life....THE ONE PERFECT BEING KNOWS BEST.

Anyway.....here we are.

We were colonized by the Anunnaki, who proceeded to set themselves up as gods and screw with our DNA and reduce us to the lesser beings that we are today.

However....they did this under specific contract to end their business at the appointed time.....that time came in 1996 when the Treaty of Ancharra was signed, thus ending the Great Galactic War.

The Ancharra Alliance was with the Anunnaki, the Draconians and the fallen angelics and other beings that had chosen their side....the side of Lucifer.....

All that is over now, it no longer applies, but there are those that want you to believe that it still applies and that the dark on this planet are not flesh and blood beings, like you and I are.

When the Anunnaki surrendered and joined the Light, they told their Earth minions that they should be smart and do the same...they didn't.

Too much effort over the course of too many years made them stubborn. They wanted to do everything they could to bring their plans to fruition....silly people...

Things got sloppy for them after that...the internet took off big time, 9/11 was full of holes and an obvious inside job to anyone with eyes to see and a mind to discern...though these people are a huge minority, it was enough to light fires and fires give off light....and heat...so the heat was on.....

Now it's grab as catch can....for all sides of what's left of the war...which is all here, now.....

And I, for one, think it is highly ridiculous to now say that ETs are helping us, when just weeks before...all ETs were evil Archons.....are we really that stupid?

We reincarnated here because of the quarantine, not because of a matrix grid that was designed to keep us in fear, materiality, competition and control. True, it helped, but don't think for a minute that they ever had that much power after the bestowal mission of Christ Michael in Esu, whom you know as Jesus...but that's another post.....

Cc and Gg want you to believe that they hold the keys to the kingdom in their hands and it isn't so. WE hold those keys and those keys open the gates and the doors to unity in consciousness with GOD AND CHRIST as our source and creators...we owe them everything and it's time that we acted accordingly.

All those millions of ships out there, struggling to get us to raise our vibrations, our frequencies, our consciousnesses, our beings, to the highly desired level of clarity and understanding have been thwarted and delayed again and again simply because we, as a planetary people, are reluctant to accept our true place as servants of THE ONE IN BEING.

THEY DO! WHY CAN'T WE?

You think that they're all here just because they want to be helpful? Sure they want to be helpful. It's in their nature. But the fact of the matter is that whole planets and civilizations have been destroyed for being less dark and controlled than we are.

So why?

Because this is a Divine Mandate, that's why!

GET IT THROUGH YOUR HEADS PEOPLE!

This all about GOD and our relationship with HIM and the relationship that HE wants to have with us and if we want to make it to the next stage then we damn well better get with the program and see and hear the truth.....but that's me and you don't have to see and hear the truth I speak or write...it's up to you what you want. This is going to be personal, individual adjudication...it's sorting...judgment...graduation to a higher learning on a better campus or back to school and maybe a few grades to boot...if you're not kicked out entirely...that's all on you.

Your thing.....remember?

One last thing.....

Personally....my opinion is that it's clearly a deception when anyone tells you that it's the Jesuits that are telling the Elders of Zion what to do. The Jesuits are full of Luciferians and Satanists and the core of that is found in the cabal that plagues you and they are ruled by the Elders of Zion.

I know....your thing...they're just victims...Surely the pope is more than happy to blame the crucifixion of Christ on the Romans because he really believes it's the truth....in spite of what the bible says...and all the bankers and lawyers and doctors and media and corporate moguls are Jesuits.....what? You mean they're not? Wow...who knew?

Wage war by deception.....whether that war be physical, mental, emotional or spiritual.....financial, political, medical, military, electronic, informational, educational, religious, racial, sexual, propaganda, philosophical, mystical....occult.....

Wage war by deception...against man and God

Wage war by deception...was not Lucifer the great deceiver?

Wage war by deception....by any means necessary...the means justify the ends...might makes right...

Wage war by deception....meditate on defeating already dealt with and defeated non-physical enemies instead of the physical enemies in front of your face...

Wage war by deception....make your enemy the enemy of your enemy.....and have no friends...

Wage war by deception.....until you win or are finally conquered and destroyed and war is no more

Wage war by deception...until the very end and destroy the world as you are destroyed...

Wage war by deception...the war goes on as long as they continue to be deceived...

Wage war by deception... everywhere, anywhere, any way, every way you can

Wage war by deception...all day every day

Wage war by deception

Wage war by deception

Wage war by deception

Candace: Now this Cobra guy, again this website [\[link to 2012portal.blogspot.ca\]](http://link.to.2012portal.blogspot.ca) YOu can read the recent stuff there, some truth mixed with the bull, Wage War by Deception. Eve had a vision, which I mentioned about the New Agers on the conveyor belt into the mouth of the NWO, well the traffic to this website proves it.

Now go to this transcript of the first part of a recent radio interview with Cobra. Here is a small portion of this, proves the point, as Keenan is an arch enemy involved in the take out of the OITC

So, what's happening now is actually, there is a certain group within the Rothschild and Rockefeller faction that would like to surrender, most likely the central bankers. This is not the whole of the Cabal, this is just one faction.

SC: Yes.

Cobra: They've been negotiating, especially with Keenan. And Drake is in contact with Keenan, and they are negotiating this.

SC: So, when you say "Keenan," that's Neil Keenan who...

Cobra: Yes.

SC: ... I think David Wilcock first said, that had served the liens on not only the Federal Reserve but then the 12 Federal Reserve banks in America, and also some of the central banks within Europe.

Cobra: Exactly.

SC: So, have you been in contact with Drake to find this out, or have you got your own intel sources that give you that information?

Cobra: I have no contact with Drake, I work independently. But I have my own sources, and they said this is happening, this is true.

SC: Okay. So, do you know how the Cabal has stepped forward? Like, what did they say? What did — like who did they — did they just contact Neil Keenan direct and say, "We're interested in making some sort of deal here"?

Cobra: They contacted Neil Keenan, and I think also Drake received a phone call from them. And they just — they are scared, they would like to surrender. And there is no news yet how this all turned out, because they still need to think about it, a few days maybe.

SC: Okay.

Candace thank you for posting the Walter Russel material. I downloaded them and starting printing them. I find it easier for me to read from a book than on screen. Just want to say thank you.

You are getting so near to some real action that will leave you in no doubt that you are about to witness the beginning of the end of the dark Ones. It is all arranged and cannot be held up much longer. Even so you will be surprised at what is about to occur, and astonished that an operation of such size has been mounted. The planning has been meticulous to ensure that the arrests are as far as possible carried out in the least possible time. Be assured that the evidence of criminal actions by each individual has been carefully documented, and is sufficient to uphold the charges that will be made.

The Illuminati are shocked at the speed with which their fortunes have changed, and never thought that they would have to answer for their crimes against Humanity.

Exciting info! So (this might be a dumb question, but...) how will we see this happening? Will it be in the MSM, online somewhere, etc.?

How exactly are the "thugs" getting these warnings? Personnal visits? Email? Telepathic? HOW?

If they are just coming from your site--- then it's a non warning since they could care less. Also, they have been given a final warning many times over the years....Looks like Dad is very compassionate and the thugs could give a rats ass.
