Hey NIP(or Candace is it?), I'm Adroit. This

I honestly couldn't agree more with OP's concept. Although its not the money thats the problem its our enduring enslavement to the materialistic paradigm that we lovingly embrace as a society and civilization. We love our "things", our useless shit that won't accompany us in the next plane nor help us get there. We are slaves to our own belief systems and capitalistic, consumer based, thought processes/mind programs. The truth is that the money we so desperatley desire is also the figurative double deadbolt lock on our cages and the bars of the cell itself. Unbeknownst to the general slave population we are the slave drivers and masters pushing our minds and bodies to the brink of incapacitation and/or insanity, locking ourselves in our own prisons every night, with the locks on the INSIDE of the doors facing us, & the keys around our necks; literally hanging us with fear of the unknown and uncertainty in the result of necessary change.

Simply put money should only be a means of exchange.

The dollar bill does not say In God We Trust because we put our undying faith in God. No, it says In God We Trust as in In Money We Trust, i.e. money is your God. Just look at a dollar, read the print, and see how you feel. Do you feel as if you are proclaiming something about the money or

your faith?

In a world where having stuff to show off so that you can attract a "mate"(woman) etc. isn't paramount and the physical, emotional, psychological, and spiritual(not religious) state and status of the people IS(paramount), peace reigns. In a world based in this mindset, with the stasis of the people being of the utmost importance, peace reigns over all lands; for the friction caused by turmoil in the human psyche has been thwarted and all the basic needs of said human are met. This type of society works because there is no question of whether or not we have enough resources it works on a system of DEMAND & SUPPLY. We have space which=food and an abundance of water on our planet that literally CANNOT escape our atmosphere=limitless supply, therefore the only question ever asked is how much is needed; and the the needs are met with the supplys(resources) that we have available to the the collective WHOLE.

The rest of the everyday B.S. that has been rooted in our culture as a people and planet are just luxuries.

I'll peruse this thread for info and do my own research, but I actually wanted to communicate with you about some personal experiences as well if possible. My email's public so if you get a chance....

It's either NIP or Candace, Candace is my name, obviously NIP is an abbreviation of my user name, long story behind that one, not worth repeating. But NIP works fine, seems almost like a 2nd name now. Glad to meet you!

I have had too much email, and forget to tend it anyway, so just post here. Maybe tonight I can spend a bit more time on this thread. I wanted to add some comments way above, in my teachings about Johan's comments, just stuff is just together. I might do that first. Going to make my soy milk and back and forth to computer, I don't want to throw out another batch of soaked beans. Only going to do part of them and freeze the rest for later. Don't feel like doing 1.5 gallons tonight but miss it in my coffee and chai tea. have a pinned thread to watch a bit.

When we went off milk right after Fukushima for a while (now we've given up and are back on, but trying to get it from cows on the US east coast rather than west, for less fallout) we did baking with coconut milk. Get the first pressing, it's full of the good fat / grease / whatever you call that tasty stuff. It works well for that.

I don't remember any more, but maybe it worked OK in tea too.

I think we never tried soy milk because most soybeans are GM these days and soy seems to have bad health effects, probably as a result of that. I read on Natural News some reports of bad effects of soy.

I had a sort of image while lying in bed last night, I used to have them but not so much the past couple of years, so I enjoyed this. It's electric and energizing, and I have learned to sustain it for a while, then I usually fall into a good sleep.

But this "movie" gave the impression that I'm leaving at least some of my family, and that things black out in the middle of activity, driving a car in this case. Does the stasis affect everyone at about the same time in a given area? I recall reading that it goes around the earth like a sunrise (or maybe more appropriately, sunset) meaning that everyone in my local area would be affected at the same time, but this vision didn't seem like that, I think it implied that I would be going before some others in my family.

User ID: 4596203

By the way, in the "movie" I was driving a car, but it was slowly on a fairly deserted side road or maybe even a dirt road with no other cars around. So it wouldn't cause my car out of control to hit anything important.

**Esu Comments on Stasis**

By Jess Anthony

Dec 26, 2011

12-24-11

Esu, comments?

Jess, let's talk. Now is the time. We have begun the preparations to start stasis, but it is not ready to activate yet. That moment has not been determined precisely, but everything is in position and can move into action when required. There is a rest mode before the action starts in earnest.

We can speak about the logistics, because I know you are curious. Perhaps others are too. The ships are moving into place to cover an arc of 180 degrees. This allows the ships to move in parallel and work their way around the complete circle of the Earth. The width of the beam they will use is about a degree of longitude. This focus is not a problem, because they can change positions quickly. It only takes a few minutes to trigger a stasis condition in one place. As was said in other situations, the frequency of the beamed energy causes the vibration that activates the cell to be transformed into a frequency that matches the one being beamed. This new frequency is not compatible with the range of frequencies that make up the structure of your physical existence currently. Once this frequency changes, your individual energy frequency moves into a place that has no interaction with where it came from.

This disconnect from current existence frequencies creates the illusion of you being paused. Once you are paused, so to speak, we can maneuver your energy with our range of energy frequencies. We can move you around easily and quickly, if we need to. Energy is fast moving, as you know. We can disassemble and reassemble you with no difficulties.

The notion that you will be beamed up to the ship is more an energy exchange than physical lifting, as you probably imagine it to be. Remember your physical body here is just energy at a specific range of frequencies. You have the belief that it is solid, but it actually is just energy moving. Energy carries information archives and these are used to create your individual definition of identity. You have a template that you build to experience various interactions with other energy patterns. This appears as if you are physically in contact with another person.

We can control the frequencies of your energy packets, so your perception of yourself is the result of what you agree to work within. You also have input into the ongoing shape of your embodiment, and the experiences you undertake influence the body you imagine you inhabit. Your surroundings are determined by you and your perceptions of what you think you should experience. Your reality is what you determine it to be, based on an unlimited number of paths you can take. In the larger sense, reality is all of those options. Once you make a choice, the other options remain options, although you have not followed that path. In your individual situation, no other options exist once you have made a choice. The range of options exists for your next choice, however.

The timeframe is difficult to describe. Once a segment of the globe goes into stasis, time stops at that point. Midnight, for instance, is always midnight because there is no later time to measure it against. In that way, stasis can be imposed in a way that seems almost instantaneous. The explanation doesn't seem logical, I realize, but remember that "time" is an artificial measurement you have constructed to gauge your existence linearly.

Esu, let's go back to the timing. How long will it take in terms of our time measurements? We were told it would be 24 hours, starting in the Far East. Is this still valid?

The time frame is different now. We have more precisely focused beams that can move more quickly than what we told you earlier. We expect to move through the transition in a matter of your minutes. That doesn't seem possible you argue. We can stop your time even before it registers on your perception. The passage of time is flexible and is dependent on the energy involved with the frequency.

I don't have much more to say. This transition will be very quick when it happens. You won't know it is happening until you wake up. We promise you that. There is no way to prepare for it beyond being accepting and at rest.

Once you wake up, you will find many things have changed. You will be changed, as well, and many of your global problems will be alleviated. There is no way that man alone could tackle some of the critical issues that are facing the planet. We don't want these to reach the point they could. It would be very difficult to resolve the crises that would then result.

This stasis is an intervention of sorts to allow Gaia to prepare for the configuration that is necessary. As part of that, many of the toxic situations will be removed by us. This will entail physical changes and destruction of much that man has constructed. That is unavoidable because many of the templates used cannot be acclimated to a higher energy frequency. Stable structures in the third dimension are not so reliable in the fourth or higher. We have to set everything up properly for your true ascension.

I say "we" but man is also a part of this restructuring. Just as the initial creation was coordinated by those with understanding of human DNA and the physical structures that would be needed to activate this range of energy, so can this re-configuring be started by galactic brothers with the intention of allowing man to continue with what has been started. There should be no feeling of

condescension in acknowledging that knowledge and expertise is specialized in different areas. Experts coordinate and lead others to follow in sure pathways. Education and experience are constant, and new information is always being discovered.

I would read other posts and messages and plan accordingly. Adequate information has been provided and Christ Michael Aton's intentions are clear. A galactic timetable is working, and the process for stasis could begin at any moment. There is not more that I can tell you now. You will know when the time is called.

Hi NIP,

I just started reading this thread and I've known what you are about. I am someone who never posts but the other day I tried to post something to you and the thread was deleted.

On Christmas night I couldn't sleep (which is weird because I always go to bed at 10 and sleep great) and found myself laying in bed until almost 3:30 and my eye was directed to a light, which looked like a star, outside the skylight in the roof. I didn't go to sleep until almost 5am with has never happened before. My ears rang a few times!

This light which looked like a star was dancing around in the sky. It was moving in such a manner that someone may not notice unless you were looking at it. It did this for over an hour and I have seen this exact same thing on 2 other occasions. One of these times, I was very young camping and the other was this year right after the New Year. I even tried to convince myself it wasn't happening. None of the other stars in the sky were doing it and I was lining it up with objects to check myself.

After the experience earlier this year I felt very close with nature and my wife blew it off as a "manic" episode. I didn't buy it. I am 33 years old, college educated, super stable, and no history of mental illness.

This is a hard thing because there is nobody to ask without them thinking I am crazy....

...and I know I am not.

Any input would be appreciated. I am located in Utah.

IMHO, I'm glad that it didn't happen before Christmas.

We attended family and friend gatherings that were just beautiful. There was so much love and everyone was very uplifted.

We hosted a gathering at our home on Saturday evening that was comprised mostly of folks with no where else to go.

The messages from CM and company have clearly stated that stasis would take place BEFORE years end.

According to my calendar, 2011 ends midnight this coming Saturday.

So folks, why not hold off on the disparaging remarks till at least Sunday.

they weren't when the planet was in stasis for a week in 1992 when we entered the photon belt. Because people were unprepared their would have been massiv temporary blindness, which could have been permanent in many people. Animals know how to handle such because they have their own "spirit of truth", within the genetic mind that informs them. Man would have shit his pants and then some. So unconnected is he. We have no history of planes cars and trains doing anything of interest at that time. God loves his children more than parents love theirs on this planet. It is not easy to abandon his dark children so he keeps giving them chances. I am very tired of this world and want things change quick, but I think the dark ones are our brothers too, so I tell myself to be patient... It is so hard to continue on with life, but I trust God knows what to do Good-for-All of his children. (sigh!)

Ok The Searching Jones asked this question in my cage rattling thread, and I choose to answer it here:

God Bless you, NiP

What's going to happen to your credibility when 01/01/2012 rolls around and (again) nothing has happened? another excuse?

Well, that will be up to each individual reader and I am not concerned about it personally. The reason is this. You see, I go by this motto which is something that awake people should also adopt. It would make life on planets like this, where you are in some many situations where others try to control you.

*What other people think of ME is None of MY Business. What is MY business, is what I think of MYSELF.*

I found this above in one of the Phoenix Journals, and the owner of that statement is Michael of Nebadon. IT is perhaps the most profound statement I have ever seen on this planet and it brings ME great strength. Obviously Hatonn/CM/ATON had quite a reason to use it in REFERENCE to HIMSELF at the time. He was picked on just like I am here on GLP and other forums I have been on. Not one iota of difference. Everything ones have said in a non supportive way to me, has been also heard by CM, Esu, Germain and all other others who have been public. And every Avatar who comes to any of the many races and cultures on the world experiences the same. It is not that we come to "tune it out". We do not, I do not in fact, for it will set me to thinking in many cases, the "crap" as I call it. It inspires me in fact to do better. But to do better, I MUST STILL STAND IN MY OWN INTEGRITY.

Now you see, somebody in such as position as CM, cannot let derision or the doubt of others affect his work and decisions as the Creator Son of Nebadon. Thus he did NOT allow even what Lucifer and his followers tried to play.

You ones here, many of you, are in training for high management roles in the future creation and even now. CM is already putting Ascending Sons into management, having two SYSTEM HEADS that are Ascending Sons, at this time. Lucifer was a System Head. And System Heads manage up to 1000 planets. An awesome task. And you must adopt the very same statement above. YOU MUST. And in doing so, you will state it often, and assess how YOU think of yourself.

The people of this world must learn Integrity, and you in management training roles, MUST learn to rise above the derision and NOT LET IT BOTHER YOU ONE WHIT. You can add commentary to your equation, in how you handle it, but you do not let it over control you, EVER, if you wish to be a part of all of this YOU ARE PREPARING FOR.

And it is not just what YOU might be preparing for, but its the BEST WAY TO SHOW the WAY on this planet. I ask how many of each of you here, has let others influence YOU because they GOT TO YOUR SENSE of SELF ESTEEM? Very powerful tool of manipulative people, is it not? How many times in your life have YOU BACKED DOWN TO "save face" in some way, or to toss what was important right out the window, and late really kicked your rear for it?

This is a planet to develop souls into a state of SOVEREIGNTY. Until the great majority of people have become SOVEREIGN, we cannot be put on the Galactic Internet. Those of you familiar with James of Wingmakers, read something about that.

THIS IS THE WAY YOU MUST SHOW. ESU SHOWED EXACTLY THE SAME WAY WHEN HE WAS HERE. THAT WAS HIS TEST ON THE CROSS, THE NOT CLIMBING OFF OF IT. NOT MATTER THE DERISION. AND BY NOT CLIMBING OFF THAT CROSS, I MEAN NOT ONLY SAVING HIMSELF FROM BEING HUNG, BUT ALSO WALKING HIS KNOWING AND STICKING TO IT.

Each of you, at some point are going to be heavily tested on this concept as part of your learning and your service. And your deep knowing of who you are. It matters not one whit, its matters not any sort of Jack shit, YOU ARE DIVINE, and YOU STAND IN IT.

So here it is again: **What other people think of ME is None of MY Business. What is MY business, is what I think of MYSELF.**

Now, that begs the question, how do I feel about myself, if stasis does not manifest by midnight on December 31? I feel fine with it. I have come the long journey. What I REALLY WANT, is no stasis until later. Or at worst case, mini stasis with the removal of the thugs, but you see, I remain hopeful certain Thugs WILL COME AROUND. For the Father wishes that NONE BE LOST. And since I am myself in training to become a Creator Son, I wish for exactly the same thing.

You have seen my signature file, about the Brotherhood of man that has not happened. It says I GRIEVE. And indeed I do, because in my heart, I want every single soul on this planet, good, bad, or ugly, to hear the message before the doors are closed. I don't think its going to happen though.

Now some of you are aware of the recent message put out by the telepath i will not name, about the PAPERS that should be signed. SOME DID SIGN, but at this time I am not consciously informed if ENOUGH that are powerful enough to persuade the others, signed. But you see beloveds, IF THEY in these Final hours were enough to CONVINCENough others to participate in the greatest ever developed form this world, something is going to change and I await that in my heart.

There are council meetings as I speak, over this last week and I have been to some and others I carry passworded files in my mind yet to open, because I did spend some family time, and some friends time and some looking and watching and resting time. I made myself spend 30 hours OFF the COMPUTER, which I needed.

I WANT EVERY PERSON ON THIS PLANET TO HEAR THE TRUTH before the necessary cleansing begins. I would not loose a single one. Stasis is a big deal and its a big threat to the dark. Some might just choose to save their souls. We have to have some stasis, its only the case of when.

I hear the big wave frequently. I know its not being modified as much as the last several laps have been. That it might still be modified some is possible. It has been up to the "elites" of this world, because we cannot have the big dream without their support.

Now, how do I feel about ME. JUST FINE, for I KNOW WHAT I DO, I STAND TALL. I KNOW I HAVE RUN THIS PORTION of MY LIFE ETERNAL the BEST I COULD DO. You see, I don't look at "failures" any more as "failures" because I KNOW THEY ARE NOTHING MORE THAN OPPORTUNITY TO CONTINUE the JOURNEY IN GREATER GLORY.

I KNOW I DID NOT MAKE ANY ERROR in TAKING THIS JOURNEY, the ERROR WOULD HAVE BEEN IN ALLOWING PEOPLE TO DERIDE ME AND BE SUCCESSFUL IN DRIVING ME AWAY. THEY HAVE NOT. I KNOW WHO I WORK WITH WITHOUT ANY DOUBT AND I KNOW MY PURPOSE. WE HAD TOO MANY WHO HAVE WALKED FROM THE PHOENIX JOURNAL PROJECT. WE HAVE HAD TOO MANY WALK FROM THE TEACHING MISSION AROUND THE URANTIA FOUNDATION. WE HAVE HAD SEVERAL PLACED IN MANAGEMENT IN AH, WHO WALKED WHEN IT GOT TO THEM. THEY TOOK THE EASY WAY OUT. I WILL NOT.

NOW EACH OF YOU, GO WITHIN, LOOK AT WHY YOU ARE HERE, AND MAKE THAT STATEMENT ABOVE TO YOURSELF. WHO ARE YOU AND WILL YOU STAND IN WHO YOU ARE? TO REACH THE TOP, YOU MUST DEVELOP THE KIND OF SELF ESTEEM YOU NEED. YOU CAN BE WRONG, YOU CAN MAKE ERRORS, BUT WILL YOU STAND IN YOUR DIVINITY ANYWAY? AND SEE THEM FOR WHAT THEY ARE? SIMPLY THEY SHOW YOU WHAT YOU NEED TO KNOW. I THOUGHT ONCE THIS LIFE WAS A FAILURE. AS I MOVED INTO THIS ROLE MORE AND MORE, I REALIZED ALL THOSE "FAILURES", ALLOWED ME TO UNDERSTAND THIS WORLD. AND I AM BLESSED FOR THEM.

MY DEVELOPING ABUNDANTHOPE, NO MATTER WHAT THE CELESTIALS MORE WISE THAN ME, DECIDE AS TO THE WHEN OF STASIS, WAS NEVER A MISTAKE, IT HAS BEEN THE MOST AWESOME OF JOURNEYS. AND I HAVE NO SHAME, AND I HAVE LEARNED OVER ALL OF THIS TO HAVE NO SHAME. ITS ALL LESSONS. I WILL CONTINUE TO RUN THE JOURNEY.

It is possible it will be delayed some, that again is MY HOPE. But we must have the cooperation of the Elite to move forward. And my Love to GAIA is also important, and she herself continues, despite HER depression, to want every incarnated soul on this world to move forward. They can't all stay at this time, but if they get some truth before they are moved to other planets, and adopted by other planetary Mothers, so much the better for her Sisters out there.

I want people to have the opportunity to MOVE of their own accord and choosing. If that cannot happen on my "shift" then I will accept the decisions of those who know more than me, who are longer involved in management.

IMHO, I'm glad that it didn't happen before Christmas.

We will be here. Here is the thing so many souls put this incarnation into the 2011/2012 time loop for something big to happen. Nothing will happen. That is the ultimate lesson for us. It will be an opportunity for many of us to literally grow up on a soul level, energy level whatever you want to call it. We will start to realize a lot of things about ourselves and these supposed teachers/masters and gods. I understand both sides of this game okay I have great empathy I have believed and disbelieved and have finally come to this understanding. The world will really begin for us when we can come out of this cocoon of manipulation not only by ourselves but by beings we gave our power to in hopes of an illusion of something better on this level of reality.

Ignore me okay but put these words close to your heart so you have something when the great nothing happens and you are heartbroken.

OBE is a friend. He runs his own life and stands in his own shoes. He is not required to agree with

me. One thing for sure, IS, this world IS NOT READY FOR THEM TO APPEAR, not matter any date suggested, not even in 2013, maybe not even a hundred years or more, as it goes now. We must, if it is to occur at all, have full honest cooperation with the elite, or enough of them, and that is pending at this time. See my above long post.

Understand that IF the THUGS/ELITE answered sufficiently to the PAPERS and had any success with their piers, it might be delayed a bit, again as to what I talked about, but I don't think that is going to happen. If there is short delays based on the logistics of the event I would not have a problem. If there is a reason it will not happen right by whichever of the 24 hours it is midnight on January 31, there will come an explanation. I for the time being desire and its right to do, to not speculate a lot on it, because I am in trust of the situation. I have taken a more complex journey that you who would judge it have, in that regard. I know more of the issues that have been considered that we cannot cover publicly. But it is surely good news there will be no suffering brought about over an attack on Iran. There is success in that and all of you get some time, be it a day or several to do the pondering I wished you to do when I put up the Celestial thread.

Every DAY is the DAY OF THE LORD. Make it so in your life.

OBE, I am NOT PREDICTING possibilities, I can't fully predict it. There are always variables, always. God waves not one single wand. I put out what we have decided I put out, ditto those very

talented folks on my team that assist with the messages, particularly the intense ones.

You have all, by watching this process, whether you have been here only weeks, or for the whole show since we became public on January 31, 2005, have seen the constant flow and go that must happen. You have been witness to the process of decision making. You have been introduced to many of the decision makers of the higher realms, which include Papa Source himself, that is how important this planet is. Imagine, that a fragment of First Source is within YOU, and you can call the Father PAPA in the first place.

When I first started with with Esu and did not yet have a website and worked by email, a lot of email, up to 100 a day, people would tell me that this made ESU, seem like a best friend neighbor next door and some liked that and some felt it was irresponsible, because they see the Gods, Hierarchy, as unreachable. We have made these ones REACHABLE. Man, despite his ignorance, IS NOT SEPARATE from GOD. For God is found right within him and yet he cannot see that. God must stand up there on a pedestal. We have shown he IS approachable, all that is GOD.

As to a little story I told here in one of my threads recently, when I found out that Hatonn, was Christ Michael returned through using a body that can be appreciated on this world, I was STUNNED. You see, he had become my BUDDY. That is how approachable the CREATOR SON IS. He even flew over my house before I knew who he was, in a little silver craft. That was election day in this country, in November 2004. That same month, I experienced also, just the day before thanksgiving a murder attempt on me to shut this down before we even got started. It did not work. I recovered and the decision was made to go forth, and we birthed the organization more officially with the first piece on Jan. 31, 2005

Someone once said there's a fine line between letting the lowly paid cashier at the toll both know she's an appreciated human being and making the driver in line behind you wait any longer than necessary.

If any of this story of stasis is true, it would seem an extreme amount of patience is being extended to the THUGS.

But perhaps it's all just entertainment to help us get through the long night of eternity. In which case, I say kudos.

Cool thread.

Can you comment on astral awakening? Whats the purpose for me to start to see hints of life beyond my physical body by interacting with the conscious energies in the astral?

Is the astral the same as the super worlds you speak of? I see all sorts of craft there but haven't mastered control of my light bodies yet.

I wish I could just meet the higher beings without all the allegorical stuff. I'm trying to be lucid and strip all my inner emotional projections away from the dream so that it's nothing but fabric

Quoting: **Anonymous Coward 3584341**

the astral plane is not super worlds, it is associated with earth. there are 3 basic levels. the lowest astral "hells" so to speak. Then the "mid astral" of 7 levels. That has been moved out to the moon, because the souls in it could be damaged by nuclear explosions. Also it makes it impossible for them to interact with earth folks right now which is a good thing, since many of them are not very mature yet. Astral realms are "Mental" so to speak, created by use of mind out of astral "matter."

the highest astral realm around earth, is occupied only by extremely advanced spiritual beings who are teachers and the like. These ones vibrate at a level which nuclear energy does not affect. So they are still here. We don't care about the lowest astral, that doesn't survive earth changes and the like anyway. It is regularly cleaned out as folks enter it who are not suitable to move forward and are seeking uncreation anyway.

The "super worlds" are actual WORLDS. Varying in Density but actual worlds. Even the highest of them, the 1 billion in the central universe of Havona, have steams and lakes and air on them. All beings LIVE ON spheres of some sort. The astral realms must be connected to a sphere which is why the mid astral was moved to the moon.

you are awakening because of DNA changes and your guides. This is not astral in nature. You don't interact with the mid astral, but you might with the high astral though. Most of you being awakened are star seeds and associated with craft here. These craft can be anywhere from "non physical" to fully physical. Some can change their energies, some cannot. We have to have purely physical craft for the purpose of evacuating earth should that be necessary, earth human form requires physical craft. As to evacuation many you are being prepared to handle either a levitation

beam, or dematerialization. This image is the levitation beam method. Ordinary darker man cannot board craft, the body would "fry". The soul will board still though, but the effort is to get man off the planet in his current form.

Many of you are being awakened at this late date, mostly to help people board the craft if it should become necessary. time is very limited if an axis shift or similar stuff should occur. there is even less time in nuclear holocaust and most people have to leave by dematerialization in that case and that has not been the best option for these rathe low bodies, but dematerialization will pick up the light soul even the body doesn't go.

It says in the bible folks will prophesy, that is because of the hooking up of the junk DNA some of that is natural, because of the energies we are in, others are being assisted in that because of their roles here at this time. Huge reason people are visiting craft at night in fact, a big hurry up going on.

The folks I work with are on craft and or reside in the inner earth Nebadon headquarters in the Himalayans under roughly Nepal. This is behind the stories you may have heard about craft often seen in that area by folks in that region.

I remember how I entered the portal as well, because I didn't fall asleep but was fully conscious before the state entering/in the portal.

If you entered the portal, you entered the portal, I don't think the dark stopped you after your went thru it, they have no power on that one. I would actually think on trying to read thru this, that part of your maybe not being strong enough may have well be a past life. If you entered the portal, you were successful despite the apparent confusion.

I've been warned about these times by our elders. I've read and heard their words and have ignored much of what you say up until today. I didn't do it because I spite you instead I was just interested in other topics at the time.

Tell me NIP if I hold tight to mother earth and chose to live thru her changes. If I ignore your warnings and others warnings to leave on ships when things get tough what will happen to me?

Did you leave your planet when she was going thru a "rough patch?"

Thanks ahead of time

Quoting: **Anonymous Coward 7830998**

because the plan is to evacuate AFTER stasis starts, NOT an issue for you, either the boarding, or living thru her changes. So many ARE confused which is why at this point the stasis is the option of choice. There would be so many who would not board, nor are they capable of surviving the changes.

If you were interested in other topics, nothing wrong with that. Some people, its not time, or you know enough inside you did not need it.

My last planet which I went to move my energies down partway by becoming accustomed to regular planetary life, was Myrua, which was high 7d 400 years ago and is now early 8d and doesn't not experience rough patches. I am very sure i have left planets in rough patches. Boy I sure do have a lot of wondrous and less than wondrous past life memories.

I am a volunteer to this world, by choice. Until I went to Myrua I lived on Paradise. I still do technically. Its forever my home, no matter whence I travel.

Cool thread.

Can you comment on astral awakening? Whats the purpose for me to start to see hints of life beyond my physical body by interacting with the conscious energies in the astral?

Is the astral the same as the super worlds you speak of? I see all sorts of craft there but haven't mastered control of my light bodies yet.

I wish I could just meet the higher beings without all the allegorical stuff. I'm trying to be lucid and strip all my inner emotional projections away from the dream so that it's nothing but fabric

Quoting: **Anonymous Coward 3584341**

the astral plane is not super worlds, it is associated with earth. there are 3 basic levels. the lowest astral "hells" so to speak. Then the "mid astral" of 7 levels. That has been moved out to the moon, because the souls in it could be damaged by nuclear explosions. Also it makes it impossible for them to interact with earth folks right now which is a good thing, since many of them are not very mature yet. Astral realms are "Mental" so to speak, created by use of mind out of astral "matter."

the highest astral realm around earth, is occupied only by extremely advanced spiritual beings who are teachers and the like. These ones vibrate at a level which nuclear energy does not affect. So they are still here. We don't care about the lowest astral, that doesn't survive earth changes and the like anyway. It is regularly cleaned out as folks enter it who are not suitable to move forward and are seeking uncreation anyway.

The "super worlds" are actual WORLDS. Varying in Density but actual worlds. Even the highest of them, the 1 billion in the central universe of Havona, have steams and lakes and air on them. All beings LIVE ON spheres of some sort. The astral realms must be connected to a sphere which is

why the mid astral was moved to the moon.

you are awakening because of DNA changes and your guides. This is not astral in nature. You don't interact with the mid astral, but you might with the high astral though. Most of you being awakened are star seeds and associated with craft here. These craft can be anywhere from "non physical" to fully physical. Some can change their energies, some cannot. We have to have purely physical craft for the purpose of evacuating earth should that be necessary, earth human form requires physical craft. As to evacuation many you are being prepared to handle either a levitation

beam, or dematerialization. This image is the levitation beam method. Ordinary darker man cannot board craft, the body would "fry". The soul will board still though, but the effort is to get man off the planet in his current form.

Many of you are being awakened at this late date, mostly to help people board the craft if it should become necessary. time is very limited if an axis shift or similar stuff should occur. there is even less time in nuclear holocaust and most people have to leave by dematerialization in that case and that has not been the best option for these rathe low bodies, but dematerialization will pick up the light soul even the body doesn't go.

It says in the bible folks will prophesy, that is because of the hooking up of the junk DNA some of that is natural, because of the energies we are in, others are being assisted in that because of their roles here at this time. Huge reason people are visiting craft at night in fact, a big hurry up going on.

The folks I work with are on craft and or reside in the inner earth Neadon headquarters in the Himalayans under roughly Nepal. This is behind the stories you may have heard about craft often seen in that area by folks in that region.

How close am I to joining you alongside with my brothers and sisters? Because a few days ago I dreamt of entering a portal, it was like the game Pinball, I was the ball, and everything around me was colors shifting/dancing in geometric shapes.

I was close to what I believe was the goal, but the darker force interrupted my process by accessing my mind and played memories from the past.

I remember how I entered the portal as well, because I didn't fall asleep but was fully conscious before the state entering/in the portal.

I remember I had physical pains throughout and I wasn't strong enough and gave up to the darker forces and went to deep sleep...

The physical pain didn't scare me, but it felt like I was struggling, and I didn't like the struggle because I like fun.

Nobody is left to die. Period. That is the beauty of the stasis. Nobody gets "left behind". All has been decided at this point, as to your future, you have decided it. Some have to move, some are staying, according to their soul's desire. The very darkest ones will stay in stasis until they can be processed thru the legal system.

All the children of light will be lifted during stasis for processing to wherever they go in fairly short order. many of you are going HOME. Rejoice. Others are simply changing careers or whatever. One person on my forum knows they are going to Venus for example. To help establish the new society there. There are any number of possibilities open, and I covered some of them way back on this thread, not sure which page, but perhaps either 4 or 8. If someone knows, place the page number. This is NOT BAD and its NOTHING TO FEAR. Many of you will be "dropping" these bodies, or getting them upgraded some depending on the choices you made. This particular body may not work on other worlds, if not, you will get one that does.

This process is a sorting. Only some are going to judgement at some point in the universal courts. The rest of you are just moving, some upwards, some laterally. Some returning to the architectural worlds, some going home to your previous planets, some volunteered to move to Venus, some of your homes are on craft, some of you will move to other evolutionary worlds to take up where you left off here. Some could be "straight across", some could be a "promotion." There are many many planets out there accepting immigrants from this world. If your body will work on those, you go in body, or get upgraded. If not, you get a new body, or some of you will enter those worlds by birth. You do not end. You will not be "left behind" to suffer and die. You are loved and you are son's and daughters of God, and will be treated, no matter the destination you have chosen, as sons and daughters of God.

I have a couple of questions regarding the current situation of the earth (Well it is supposed to be a cosmic experiment):

How long could this planet hold into this present state without major geophysical changes? It seems to me that the galactics are controlling this transformation and this is the reason why we are in a passive or usual state from our limited human perspective. This could be both positive and negative.

Does a real cosmic timetable really exist?  
Sometimes it appears that the real plan is for a gradual transformation, (Which in my opinion could last centuries with the typical human expressions like war, corruption, destruction etc.)

Is the human population learning something in the current dark dominated status quo and passive state?

The business as usual scenarios (Propaganda, Mind Control, Distraction, Money and economic games) along with very gradual and slow geophysical changes (Basically, no groundbreaking changes in years to come)

Are the Higher Universal Hierarchies going to use this experiment to improve protocols and procedures and prevent another earth like scenario on this universe (or others) in a near future?

After so many failed experiments (Including project Immanuel), do we have a chance even if they extend this charade for 50 years or more?

I will appreciate your answers. Thanks!

The stasis pauses time and motion of matter at selected vibrations. ALL OF LIFE on this world is being put into it, because the earth changes and resultant volcanism, and lands sinking and uplifting will harm even the plants. Just pausing a DVD is a way to visualize it. Perhaps "suspended animation". Lots of craft use stasis of occupants during long periods of travel. That was introduced to you if you saw films like star trek, or star wars maybe. I don't recall everything from those. It is used by both spirit beings and humans in travel from one place to another. In the movies, the people in stasis during galactic transport are in co cooning pods.

EVERY ONE OF YOU WHO WAS BORN PRIOR TO 1992 HAS ALREADY BEEN IN STASIS AS I HAVE TOLD IN SEVERL POSTS. You are FINE are you not? Do NOT worry about. It is a pause which is different than "sleep", but you may well feel sleepy as it approaches. Or not. Or an energy signature of some sort perhaps, or absolutely nothing at all.

Dates are unimportant. What is important is what is learned. NIP'S comment below captures how we all should live. Other people's thoughts of you has absolutely nothing to do with the business at hand. It changes nothing. That business still needs to be conducted regardless, and that business is what you have a knowing of within. No one can give you this. It is something you have to go within and find. What other's think of you is unimportant. What do you think of yourself? What is your own selfworth?

"What other people think of ME is None of MY Business. What is MY business, is what I think of MYSELF." NIP

By His grace the only ones we are waiting for is ourselves to overcome our self doubt and self esteem issues and rise above them forging forward regardless of what others think of us. A most challenging task for many, but it does temper the soul with added growth and fortitude. Those that can not or will not allow His grace to flow through their lives and be flexible to his plan shall blow away as the sands in the wind.

Bottom line is. What are you made of? Earth reasoning is inadequate to understand the complete plan in all its minute workings. You use you God mind when you go within and trust what then becomes knowledge to you.

It produces such intense light energy for 5 days, that being inside behind dark curtains is completely inadequate. We have also been in several shorter stasis periods so they can do some cleansing of this heavily polluted atmosphere. If people were aware and in trust, the cleansing could be done out in the open.

## **The joys and the sorrows of tomorrow**

By Uriel thru Hazel

Dec 28, 2011 - 2:34:16 AM

### **The joys and the sorrows of tomorrow- Uriel**

The day of graduation is soon upon you of earth. The mother has notably succeeded and is ready for her ascension. I am sent to herald the news of the coming event that you may ready your hearts to receive your due. Priceless shall be this deliverance and tremors shall ensue to revoke the outdated and corrupt. This event is due to coincide with a magnanimous burst of supreme energy that shall catalyse a capitulation of the brotherhood of darkness to the forces of light. The surge of divine authority shall cull resistance and render corpses of the dark; and the battlefield shall be closed once and for all upon this plane. Spiritual dignity is to be returned to this planet.

The chill should be felt soon in anticipation of the impending scheme that shall collar the fringes of time and bring this cycle to a close. There is great joy to result from this in the earth's favour as she will finally take the podium of freedom. She will be renewed and polished off in preparation for the home coming of those to return. She will bear the eternal torch once again and create a wholesome field for growth. To those of you who have heard the inner call and answered and have focused your life in service; and to those who have awakened to their divinity and shown readiness to ascend in frequency, you shall reap of the blooming fruit assuring freedom and higher growth. They will be the ones to be rewarded with a return to earth. For she shall be as you never knew her, pristine and re created. What rampant joy is to soon fill the hearts of the faithful for indeed the cries of many have been heard and the Creator has answered. Know ye ones that the time upon thee is now and the earth's travail is to come to a quick yet subtle end.

The sadness that shall follow will be for those who could not comprehend their finer frequency or find themselves in the jungle of earthly living. The chances given have elapsed for you ones not prepared to take on a lighter form. Elsewhere you shall find your homes to continue your lessons. Many of you will be left without the familiar and will be required to accustom yourselves to new temperatures. Your lives will not be easier as you must earn your graduation; but many of you shall come to know and accept truth. For those who bear the insignia of the anti Christ, you will find yourselves pleading for your lives before councils too high for your understanding and many shall be relegated to an indefinite period of retreat.

I have before this time cautioned you but you heeded not in your arrogance. Now you shall experience the effects for Michael has spoken. HE who is the very Christ – the unlimited ONE. Remember these words for you are now limited through your earnings. The limited can never survive within the unlimited; but so you have chosen and thus so shall you receive. Rest assured

that the honour of the earth shall be restored as she is purged of you. Compassion has no way forward when it is spent through the continuum of facile rejection. So you have chosen and so you shall receive.

Say your goodbyes little leaders for grandeur has no place in your coming places of existence. We your higher brethren did not want it this way for it is not God's way to punish but to forgive those who seek it. You have punished yourselves through your rejection; so allow clarity now to flow you victims of dark consciousness. You should know our dears that the realm of Angels stand in Oneness and solidarity with the Creator Son and you who distinctly disobeyed through your tantrums against HIS Sovereignty have not prevailed; for OUR strength outweighs yours. You rely on diminutive power bearing no capacity to effect hindrance against the forces of God. The power you wield can only affect the earth and humanity. Fear is not the way of the Creator for fear has no light and God is all light. So know without doubt that these words are not to create fear but simply told in the light of truth of your impending retreat. WE of the host shall bear you to your new place with gladness; that the earth shall find her release from the stringent hold of evil. You shall account for your transgressions. You are to be pilfered from the earth by the host who will come as thieves in the night and once you are eradicated the light will once again dawn on this brilliant creation of Michael.

Lucifer your very comrade and leader who contaminated that which was created in purity is NO MORE. Do you hear? He cannot help you now. He has returned to places unknown for he chose the penalty of un creation. Think about that. Will you follow him into non existence?

Prepare for we are poised and ready to stop the clocks.

### **The Present- Mother nebadonia Thru Hazel**

I am Mother Nebadonia, the Mother Spirit or Universal Mother in union with Michael of Nebadon. I come at this most promising time to bestow a divine gift to you; an offering. It is an unlikely gift and one that you will never expect or perhaps willingly ask for. So that there be no doubt, this offering is for those who live behind the curtain of untruth and dismal reality. It is time however to render again that which has been offered many times before. I am uncertain as to the numbers who will accept it for want of belief BUT I offer it anyway. It is of no material substance and cannot be bargained for or exchanged. Once you receive it you will assume responsibility for it. There is no return element; but I assure you that once you accept it willingly you will never part from it because you will become one with it.

Have I piqued your mortal interest? What indeed can the Mother offer you at this momentous time in your earth's evolutionary cycle? Ponder upon the ailing world you live in where the fabric of all that is elementary is in upheaval. The hope that you ones hold in your hearts for change in the physical world that you created remains very dim as your confidence in the powers to be have been severely eroded.

However, there are ones who in their eternal optimism cannot face truth of the revolting destruction that is a certainty should current dynamics be allowed to continue.

So what is this gift that I offer you? It is the timeless gift -FREEDOM. This gift is offered to those who remain in bondage; who have been blinded by the clever ones without heart. MY children; yes you are also MY children. WE your celestial custodians do weep for you as WE see you chained and burdened by the lies of the deceivers.

This which I offer, you all crave but cannot yet comprehend. For you, freedom means freedom

from worries in the physical world. What WE offer is Freedom of your soul for it is only then that the worries that assail you in your dimension can be mitigated. WE are not bargaining with you beloveds. You have all but sold your souls to the dark forces who prey upon you. WE ask for nothing in return; for when you are free in truth, you will in any event find your truth and return to your light.

You dwell under heavy darkness now. It may appear that you have no control over this BUT you do. You may not individually change the dynamics of what is materialising before and around you but you could assume responsibility for your own freedom by resolving to be free and acting on that consensus.

What is this freedom you may ask? It is the liberation of your mind from the control of the master manipulators. If you don't feel free in your mind it is because you are being controlled or influenced by forces against you. You see dear ones the dark ones know who you truly are but most of you don't know who you are. They know that you bear the fragment of the divine and should the divine in you be free to work, there will only be heaven on earth.

So what they have done is to assert power over your senses that you have come to depend on, and sway you into things and thoughts to make you forget your true selves. Your earth is in bondage because you are in bondage. Do not delude yourselves into believing that you are making the decisions. Many of the decisions being made are foisted upon you and your programming has allowed a willing acceptance. Even those who are seeing truth feel powerless and those who have the courage to act are cut down before their voices can be truly heard. There is no denying however that a fraction of the world's population have seen behind the curtain of lies and are motivated to act. They are to be honoured for their attempts but will be unable to effect any material change for they will not be allowed to.

So you might ask what is the benefit of this gift? Ah, if only the majority will understand the nature of the times they will rise up to accept it. The gift of Freedom if accepted determines your next placement. As free will is your god given choice you are free to say no to this gift. However, I would think carefully about refusing it. Now this is not a gift you can accept for curiosity sake. It is a gift of vast proportion as it impacts upon your soul. Even if you decide to accept it for the sake of it, it will bear no fruit for you. Ponder about this in light of your times and be truthful with yourselves. The fragrance of time is now sorely dimmed. Can you feel the stench of the old leaving?

You who desire to be free will experience this feeling at the heart level and this must be actively followed by a decision at the mind level. When this alignment occurs you will willingly accept this gift and your guides will sweep down and open that cage and thus begins a union of divine proportions which will guide you to a level beyond your current manifestation.

I now come as a dutiful Mother. I come now, for your earth place is to be imminently transformed and those ready for transformation will benefit. A mother never leaves her children unguided but will never resort to force. I will weep for those who reject this offering but will triumph with those who accept it.

You cannot forever live in the realm of the physical; that which you need to be free of is mind control so that your own divine mind can function as it was meant to. Only then will you be free of

what you perceive as physical limitations and issues that appear insurmountable.

I offer you this present boldly and bid you with love to accept it. The circle of the cycle bonds now and the linear facility of time is being caged to allow for graduation. Where will you be?

Mother Nebadonia

Candace: I did not read this until today. But last evening I posted something in my GLP post that relates to it. [What other people think of ME is None of MY Business. What is MY business, is what I think of MYSELF.](#) It is about standing in sovereignty. For until you DO that, you remain enslaved to the mind control of the dark. You remain in the control of the manipulation of others.

I think in my posting yesterday I suggested that I had been told the attack on Iran was scheduled on New years Eve. Where I can do so, I try to find proof or at least plausible suggestion on the net to support such claims. Well thanks to a thread here on GLP because I had made no effort actually, here is some plausible support for my statement.

[\[link to www.time.com\]](#)

here is a paragraph well into the above piece, which constitutes far less than 50% of the piece.

This is your beloved Aton, Sovereign Creator of Nebadon

I have come to you to let you know that the bell rang and the well-anticipated push of the button is upon you, meaning that I am to push it shortly, yes the famous shortly in your time frame means exactly that, shortly.

It is with pleasure that I am announcing the close of the first major period of my correcting time and as you have heard from Uriel the time is upon you. I am most pleased with those who stood steadfastly in the face of enormous challenges and never gave up. Your just reward awaits you and you so deserve it. To those who have not paid attention to the innumerable attempts made to steer them in the right direction, time is up and you too shall reap your just reward , except that it is of a nature different from what you have expected. I am pleased that we have no regret as to what was accomplished and all has been utterly done and nothing else remains.

I will be waiting with open arms for many of you who are true valiant and worthy warriors. A celebration awaits you and you will be pleasantly surprised.

This is the moment that you have waited for and nothing shall change that from this day forth. I am going to bid farewell to many of you for that is what shall be staring you in the face for where you are going will not be anything that you have ever imagined yourselves to be faced with for you are so inebriated with your malice, stubbornness and a truly false sense of importance that is the least that you deserve.

Many times, have I come to you in earnest to see if your heart would mend and see that you change your ways in service to your brethren but, you never saw it differently and you adamantly refused to bend to my will which should also be yours. The sense of power has driven you mad beyond belief that you thought that you could actually govern this world as you see it fit. Poor delusional ones ; with lightning speed will come your just reward and judgement. Enough with you malevolent ones.

My brethren and children, come home so we can celebrate this long journey and then rest before you re-enter in service.

Many thanks and see you soon

Your Sovereign Creator Son, Aton.

Only the "higher ones" will observe the change.

Keep your feet on the ground and think and feel for yourselves. There is a lot going on at this moment.

Take your time to think and relax and have your meditation.

I've been warned about these times by our elders. I've read and heard their words and have ignored much of what you say up until today. I didn't do it because I spite you instead I was just interested in other topics at the time.

Tell me NIP if I hold tight to mother earth and chose to live thru her changes. If I ignore your warnings and others warnings to leave on ships when things get tough what will happen to me?

Did you leave your planet when she was going thru a "rough patch?"

Thanks ahead of time

because the plan is to evacuate AFTER stasis starts, NOT an issue for you, either the boarding, or living thru her changes. So many ARE confused which is why at this point the stasis is the option of choice. There would be so many who would not board, nor are they capable of surviving the changes.

If you were interested in other topics, nothing wrong with that. Some people, its not time, or you know enough inside you did not need it.

My last planet which I went to move my energies down partway by becoming accustomed to regular planetary life, was Myrua, which was high 7d 400 years ago and is now early 8d and doesn't not experience rough patches. I am very sure i have left planets in rough patches. Boy I sure do have a lot of wondrous and less than wondrous past life memories.

I am a volunteer to this world, by choice. Until I went to Myrua I lived on Paradise. I still do technically. Its forever my home, no matter whence I travel.

Thanks again for the answer. Just to clarify..

We can choose to stay here on earth even if it means the earth explodes?

And question about the earth Venus and mercury. Will mercury and Venus move into the sun and earth replace venus' current position and this is why your are attempting to take ppl aboard ships?

NO. ALL LIFE, Plants too must be put into stasis. Why would the planets move into the sun? I have said here repeatedly that some people are moving to VENUS, which is IN earth's orbit, opposite us, and has been terraformed to accept man. We are taking people aboard craft because NO LIFE WILL LIVE thru the changes. It must be in stasis, OR removed to safety.

The earth cannot handle the current population anyway. Its the sorting time and most are moving. How else can you move except by craft? Please avail yourself of the material in this thread. I am

not going to keep repeating myself.

Good evening Candace.

Been reading and reflecting - not posting. I'm trying to stay quiet and observe. Somehow I know that is important for me right now.

I wish that more people could understand how fluid things are; how the possibilities change in each moment we breath. In our human minds it is incomprehensible; in our spirit energy it's a continuous experience. I commend you for having the understanding and conviction to put out what is given to you, without fear of the haters that will condemn because they do not understand that our creator works in the realm of possibilities; that our creator is ever changing and expanding on these possibilities. These possibilities change with the vibration of the inhabitants of this earth. Each time the vibration of the people is raised, the possibilities become more probable and so forth. Our creator does not gamble with our souls and chooses the highest possibilities....ever changing in the hopes to give each one of us a chance at ascension.

However, at this time, I feel this coming closer to an end more than ever before. I can't describe what I feel, but I know it is changing. The possibilities are slowing up. The people of earth are not offering up new possilites at the same rate as before. Those who could be ready are for the most part. There are a few stragglers here and there and the creator will always make room for them...no one who desires to ascend or move on to another location will loose.

Thank you for providing the knowledge entrusted to you. I know it won't be long, but what is "not long" to the hierchy, I can't say. This is how it is and trust in the process is all you can depend on right now. I am getting tired and really am ready for things to shift so I hope "not long" means very soon in human terms.

Quoting: **Anonymous Coward 7769563**

Nobody is left to die. Period. That is the beauty of the stasis. Nobody gets "left behind". All has been decided at this point, as to your future, you have decided it. Some have to move, some are staying, according to their soul's desire. The very darkest ones will stay in stasis until they can be processed thru the legal system.

All the children of light will be lifted during stasis for processing to wherever they go in fairly short order. many of you are going HOME. Rejoice.

Quoting: **Nobody in Particular**

nip ,could you discuss this stasis process, when it might happen, and what exactly it is? sorry to be a drag, ..im just trying to picture it, are we all goign to 'fall asleep' or something?

Quoting: **Anonymous Coward 7769563**

The stasis pauses time and motion of matter at selected vibrations. ALL OF LIFE on this world is being put into it, because the earth changes and resultant volcanism, and lands sinking and uplifting will harm even the plants. Just pausing a DVD is a way to visualize it. Perhaps "suspended animation". Lots of craft use stasis of occupants during long periods of travel. That was introduced to you if you saw films like star trek, or star wars maybe. I don't recall everything from those. It is used by both spirit beings and humans in travel from one place to another. In the movies, the people in stasis during galactic transport are in co cooning pods.

EVERY ONE OF YOU WHO WAS BORN PRIOR TO 1992 HAS ALREADY BEEN IN STASIS AS I HAVE TOLD IN SEVERL POSTS. You are FINE are you not? Do NOT worry about. It is a pause which is different than "sleep", but you may well feel sleepy as it approaches. Or not. Or an energy signature of some sort perhaps, or absolutely nothing at all.

Quoting: **Nobody in Particular**

Hello Candace, if i am not mistaken in the UB there is mention of being put in a stasis like state when being transfered to a morontial world or something to that effect. Dont quote me on that i am going to search for that part. The thought just hit me as i was reading this thread. So I will effort in finding the info. BTW, thanks again.

My last planet which I went to move my energies down partway by becoming accustomed to regular planetary life, was Myrua, which was high 7d 400 years ago and is now early 8d and doesn't not experience rough patches. I am very sure i have left planets in rough patches. Boy I sure do have a lot of wondrous and less than wondrous past life memories.

I am a volunteer to this world, by choice. Until I went to Myrua I lived on Paradise. I still do technically. Its forever my home, no matter whence I travel.

Thanks again for the answer. Just to clarify..

We can choose to stay here on earth even if it means the earth explodes?

And question about the earth Venus and mercury. Will mercury and Venus move into the sun and earth replace venus' current position and this is why your are attempting to take ppl aboard ships?

NO. ALL LIFE, Plants too must be put into stasis. Why would the planets move into the sun? I have said here repeatedly that some people are moving to VENUS, which is IN earth's orbit, opposite us, and has been terraformed to accept man. We are taking people aboard craft because NO LIFE WILL LIVE thru the changes. It must be in stasis, OR removed to safety.

The earth cannot handle the current population anyway. Its the sorting time and most are moving. How else can you move except by craft? Please avail yourself of the material in this thread. I am not going to keep repeating myself.:peace on earth:

But can I chose to not go into stasis and die? Can I choose to not board craft?

having issues on sleeping lately. found the info concerning my last post. It is located on Paper 39 of the Urantia book titled The Seraphic Hosts.

(430.4) 39:2.8 5. The Transporters. All groups of ministering spirits have their transport corps, angelic orders dedicated to the ministry of transporting those personalities who are unable, of themselves, to journey from one sphere to another. The fifth group of the superior seraphim are headquartered on Salvington and serve as space traversers to and from the headquarters of the local universe. Like other subdivisions of the superior seraphim, some were created as such while others have risen from the lower or less endowed groups.

(430.5) 39:2.9

The “energy range” of seraphim is wholly adequate for local universe and even for superuniverse requirements, but they could never withstand the energy demands entailed by such a long journey as that from Uversa to Havona. Such an exhaustive journey requires the special powers of a primary seconaphim of transport endowments. Transporters take on energy for flight while in transit and recuperate personal power at the end of the journey.

(430.6) 39:2.10 Even on Salvington ascending mortals do not possess personal transit forms. Ascenders must depend upon seraphic transport in advancing from world to world until after the last rest of sleep on the inner circle of Havona and the eternal awakening on Paradise.

Subsequently you will not be dependent on angels for transport from universe to universe.

(430.7) 39:2.11 The process of being enseraphimed is not unlike the experience of death or sleep except that there is an automatic time element in the transit slumber. You are consciously unconscious during seraphic rest. But the Thought Adjuster is wholly and fully conscious, in fact, exceptionally efficient since you are unable to oppose, resist, or otherwise hinder creative and transforming work.

(431.1) 39:2.12 When enseraphimed, you go to sleep for a specified time, and you will awake at the designated moment. The length of a journey when in transit sleep is immaterial. You are not directly aware of the passing of time. It is as if you went to sleep on a transport vehicle in one city and, after resting in peaceful slumber all night, awakened in another and distant metropolis. You journeyed while you slumbered. And so you take flight through space, enseraphimed, while you rest — sleep. The transit sleep is induced by the liaison between the Adjusters and the seraphic transporters.

because the plan is to evacuate AFTER stasis starts, NOT an issue for you, either the boarding, or living thru her changes. So many ARE confused which is why at this point the stasis is the option of choice. There would be so many who would not board, nor are they capable of surviving the changes.

If you were interested in other topics, nothing wrong with that. Some people, its not time, or you know enough inside you did not need it.

Important read for those that think anyone can travel anywhere in space when not embodied. I am from Paradise, and I CAN, my higher self that is, not this body I am using. I have gone consciously during meditation, to view Jupiter Sun for example.

Most craft from higher planets and architectural worlds are LIVING CRAFT powered also where necessary by living computers, thus the use I think of the word "transport" angels in the UB.

Hello NIP, I have a question for you.....from what I understand, there is a "waiting game" going on (give or take one emergency situation or another) and that It is ultra important to have as many "dark elites" sign on in order to move forward. CM not wanting to leave behind anyone but also these dark elites will be "going" to some tribunal anyway, no matter "when" the "event" happens.

For centuries upon centuries, these dark elites have enslaved humanity and Earth itself in such horrific standards that I cannot understand the rationale of CM waiting to save the innocent 99% of humanity and the Earth herself for the sake of **hoping** some of the dark souls will "change their tune." Is this ego?

Also, could you tie together the ignition of Jupiter and what the true venue for spreading this message would be...? If you could re-state the message as you perceive it to be in simple, profound intent, what would that be?

Sifting through many "papers" and pages and feelings and intuition can create a myriad of information that will remain dissected unless connected by one with true intent for the non-dark human soul.

Thank you.

### **Time to Attack Iran Why a Strike Is the Least Bad Option**

Author:

Matthew Kroenig

January/February 2012

Foreign Affairs

Opponents of military action against Iran assume a U.S. military strike would be far more dangerous than simply letting Tehran build a bomb. Not so, argues this former Pentagon defense planner. With a carefully designed strike, Washington could mitigate the costs—or at least bring them down to a bearable level—and spare the region and the world from an unacceptable threat.

my thoughts exactly. Man has forgotten Mother Earth's free will. It was selfish to think like that. Our Universal Father loves us all, as well as his Creator Son Micheal loves us all. It is his Mercy that he is evacuating everyone as well as the animal and plant life. and as for me I thank Christ Micheal and our Universal Father for bestowing that mercy upon us. You just have no idea the level of destruction that is going to be happening on the surface (in & out) of Mother Earth so she can transform and become the jewel that she so deserves. I for one would rather see that from orbit.

Goodday Candace, all your threads are wonderful. Glad to be of service as best as i can and I have to thank my guides or my higherself for helping me find that part of the UB. I thought it was going to take a long time but it seems I have help in finding things. Thanks again for the answer. Just to clarify..

We can choose to stay here on earth even if it means the earth explodes?

And question about the earth Venus and mercury. Will mercury and Venus move into the sun and

earth replace venus' current position and this is why your are attempting to take ppl aboard ships?

Quoting: **Anonymous Coward 4430651**

NO. ALL LIFE, Plants too must be put into stasis. Why would the planets move into the sun? I have said here repeatedly that some people are moving to VENUS, which is IN earth's orbit, opposite us, and has been terraformed to accept man. We are taking people aboard craft because NO LIFE WILL LIVE thru the changes. It must be in stasis, OR removed to safety.

The earth cannot handle the current population anyway. Its the sorting time and most are moving. How else can you move except by craft? Please avail yourself of the material in this thread. I am not going to keep repeating myself.:peace on earth:

Quoting: **Nobody in Particular**

But can I chose to not go into stasis and die? Can I choose to not board craft?

Quoting: **Anonymous Coward 4430651**

If you dont mind can you explain why you want to do that.

Quoting: **Andyjax**

When men have allowed to be pushed off their land it has never led to anything good. Free will is another answer.

I've been told differently. I've been told to hold fast to Gaia through everything. She has held on to us. Have faith that she will take us to where we are supposed to be. Like Jung said homo maximus. Even if I die, I will not be taken from her if I can fight it.

The elders have told me it.

You don't understand. When one claims they have made soup, it is of little consequence, and in most cases, nobody cares.

When you start claiming the things you are claiming on such a grand, cosmic scale with such conviction, and want to be taken seriously, you have a responsibility. If you have any integrity, you have the responsibility to provide the reasons why people should believe you and follow what you

say.

At this point, unfortunately, nip, you are a storyteller, nothing more.

**Quote:** "When you start claiming the things you are claiming on such a grand, cosmic scale with such conviction, and want to be taken seriously, you have a responsibility. If you have any integrity, you have the responsibility to provide the reasons why people should believe you and follow what you say."

The reason has always been given: To get to know thyself, to get to know "GOD". No one has to believe anything, her teaching is not about believing, her teaching is about making people aware of whom and what they really are. Hoping many will start their own journey towards "GOD" towards the Truth which is hidden under tons of lies & misinformation.

**Quote:** "Once you find a way to validate your claims, be it via an impartial third party, or respectable well-known source, then you might start getting taken more seriously on here."

The validation needs to be done by you and you only, the source is clear to NiP as it is clear to myself and many others, for it to be clear to you; you would have to start your journey. It's been said a thousand times: the choice is all ours.

During prayer and meditation time this morning I was reminded of something that happened to me quite a few years ago. I was on the way home from a shopping day in Houston, had to be home before the children got out of school, and the traffic was TERRIBLE on the interstate. I took an exit that I thought would give me a short cut but instead it gave me a dead end and a turn around under the interstate going back in the opposite direction. As I saw what had happened, I exclaimed...Ohhhhhh, Lord.....It was not a curse, it was a plea for help from Jesus.....Next instant I, and the car I was in, was M A N Y miles down the interstate going in the correct direction. What is put upon my heart this morning is that if Christ Michael could do that for me then, when I didn't even know his formal name yet, getting me AND a Station Wagon moved in the twinkling of an eye, getting individuals to craft will not be difficult from HIS perspective! Hope this encourages you today and brings a smile to your face! Also I always wonder what the people in the car behind me thought or if they even "saw" what happened...

The proof you seek is not in the outer world, it is in the inner world which is within yourself. You must do the work within. Connecting with your higher self and CM Aton. It is not about believing it is about KNOWING! This knowing is your truth and comes when you have a connection with divine guidance within. It is so easy to ask others for proof or to do the work, when we each have to do it ourselves. NIP is a teacher and very knowledgeable in all she speaks about. Blessings to her in light and love!

We mortal always think that we are the only ones on Earth and to be exact we can do whatever we need or want to any of our brother / sister. But we never take the time to think and to realize that WE ARE NOT ALONE AND IF WE ARE ALONE , THE ONE WE CALL GOD DOESN'T EXIST FOR WE are the worst thing that can happen to Earth. Instead of trying to be intelligent, ponder the fact and wonder this: Who are we really? Where do we come from? and for what purposes? What is the next step?

I know that every animal in that realm has a planet of his own including us who believe that we own the earth. Tsk, tsk...!! Just try to be more intelligent and stop the crap about her. Try to know yourself and you will see how out of line you can be.

it is not a matter of what she thinks but of what you think you know and believe in that counts. Tomorrow will tell.

Wait so is Super Galactic Super Friends Super Fun time happening or should I just keep waiting another 10 years like before...

Heard this all before 1,000's of times nothing will happen.

I do however believe this material can be used to awaken people.

The morning everyone felt all that energy I woke from the dead of sleep at 3 am and never fell back asleep again.

Isn't tonight to tomorrow night the last night before Stasis to occur. I thought it was to happen before the end of 2011?

Cheers!

You don't understand: The "Future" is NEVER written in stone!

Quoting: **ObeWayneKenobe**

A.K.A an excuse when another prediction/prophecy/channeling fails. Maybe people should just stop putting out fear based messages projected from personal egos, and simply provide guidance

and advice on how to live more in love and peace with the world around us, on THIS planet, were we were born and MEANT to be. I am all, I am nothing.

Quoting: **Anonymous Coward 7953408**

If you were about to step in a mud whole, would you not want your friend to point it out to you? The future may not be written in stone, but the "mud whole" is still there!

From my perspective, stasis WILL occur.....it's just a matter of when!

But even THAT can be "changed" my friend.....although it is NOT likely that it will!!! Imho

As I like to clarify when making statements in RL I'll use it here.

As "I" understand it those of a certain destiny vibration will maintain existence on this planet/plane after the stasis. The entire thing will take and she's said it somewhere but just for continuity lets say 100 years or days or whatever the stasis will last longer than a day but those put in it will after all sorts of "Super Galactic Super Friends" help during that time and a family reunion of cosmic proportions.

quite hopefully by the new year, the energies are gradually changing. You won't know it's happened until you are awakened aboard craft. We have to do the evacuation under stasis, otherwise many will not go and perish. It is simply the pausing of life energy, it will stand still. If you were on this planet in 1992, you were in a short stasis then when the planet entered the photon belt. Man was not prepared for that.
