So we should still continue to wait?

Been about a decade with the same message, give us your time and we'll help you understand current circumstances.

The messages transmitted reflect that all of us are on the same level which we are not.

Got anything else besides you need to do better?
Quoting: **Anonymous Coward 6403273**

You'll probably get a long text-heavy response, but maybe I can translate it even before it gets posted.

No. They will post forever and wait forever.
Quoting: **Anonymous Coward 1473848**

Ya know, many had given up on being patient when Jesus was born as a baby over 2000 years

ago. How many decades had they been waiting? Think on that...
I am committed to be found KNOWING that he is faithful and will do what he says...on his perfect timetable, not mine! 🌹🌹🌹

Quoting: **DOK**

So he extends the suffering of all beings throughout this planet because his time table requires we wait patiently while having the most horrendous things imaginable done on all levels?

Do you understand this makes no sense or do I need to expound on it?

If he's a being of pure love why does allowing the suffering of all parties involved constitute helping?

Quoting: **Anonymous Coward 2955373**

suffering is a state of mind for many. This world is to grow souls, and that comes no other way

than by "suffering" actually. Organic evolution of MIND is very slow. thugs are always put on seed planets for that very reason, otherwise the folks will live in the warm areas and prune their bodies for ages, eat the fruit and go no further. No home building, no nothing. They have to be challenged.

An experience of "lack" or suffering is part of living in duality. The only way to escape this suffering is by going beyond relativity and seeking the absolute. This is really basic Buddhist philosophy.

I have no way to record it that i know of any way. If the mac will do that I don't know how, I guess I could get out my monster mac book and see.

GLP often does record podcasts so I hope they will. I plan on using that thread after the podcast to continue the discussion and put notes into it. I don't know where it will go, just something that I decided I would try after listening into the wild and emotional political discussions recently, where if people truly knew some things they could put those beliefs and dedication to cause to better direction. If those who come understand we can talk at least about how some might change their reactions, maybe help others etc. Unless the podcast topic is finished and there is time left, I really don't want to go into these other portions of my work.

Before New Year, we read several messages about the end of the cycle, about Stasis, some of these messages being very explicit, rich with details. All in a sudden, after New Year, these messages stopped, this subject seems to be in a standstill. There is total silence. What happened?

we have hopes for announcements and the chinese are tearing into the khazars and are becoming more cooperative, which may be progress. things are tight. We considered one today but then I went for a walk, and stayed at a friends for about 3 hours and its a bit late now. maybe tomorrow, maybe not. it is difficult to provide updates when massive flux is going on and a bunch of the work must be kept quiet again. We put out that bit about the Kingpin being taken in with others, give it some more time to manifest meanwhile that wave is getting intense, how are all your ears and bodies the last few days?

why not earth courts?

if we are truly spiritual beings, would not a "jury of equals" be available?

in the days prior, we asked for a ruler, and courts, and god established this

now at our time of tribulation why would these spitual rulers not make this obvious to the world, even if they hid their persona

it would make mankind at least feel warm and fuzzy the rightous was being done, and hence elevate the spirit?

not trolling, just asking?

A couple of days ago I got seriously strong tones in both ears. I went and laid on the bed to see what came of it and had a meditation time while I waited. It passed after about 20 minutes. Candace, I have a question about the forthcoming announcements: to whom will they be addressed? In other words, how broad will they be? Are we talking about announcements to Sleeping Joe Average, something just posted on AH, or something in between?

Or can't you say?

Today they start hitting the planet with more energies to help her accept the wave, they did this for 3 days last week, when many of you felt more ear stuff etc. Almost as soon as it started I got so sleepy I had to go back to bed and after my 1 hr nap I was still so sleepy the yawns were producing tears. finally waking up. more or less.

How does WAVE clean the thugs?

Quoting: **Anonymous Coward 9387895**

It doesn't clean anything per se. It raises the vibration of matter. Since the human body IS made of matter, it will affect it, but it does not cleanse the soul of dark folks or anything like that. Those of you of the light have been going to craft for years now, to help your bodies prepare for the wave. The dark don't get that luxury and they won't do so well.

These energies being given Mother Earth's body, are similar to what you have gone thru over the years, except tuned to your dna. You are often separated from your body, and put in an energy field to contain you, while your body is worked on. Some people are not ready to "float" around craft yet, that is the reason for the energy field which some describe as being like in a "jar".

If you are not hearing the music of the spheres easily, try lying down, being in a state of rest and perhaps place one of your ears on a pillow, to blot out other sound. In my case I cannot lie on my left side, so its my right ear, but I have not tried the left, but I do hear all these eartones more on my right than the left, which is what surprised me recently when the left ear got a lot noisier. the "ringing" has increased since my last post. About to make some coffee, I dont want to crawl back in bed.

I don't know what they are doing with them, but they will not be able to interfere. I assume some are being moved off the planet again anyway that people do not know. But the ones I think will be possible seen at least. There has been material prepared on DVD's for years now to show on TV, but how much time there will be is still a little up in the air and it does not appear we will have several months to spend on it. depends some on what the wave does, as it should really increase the quakes and man is not must situated to deal with much massive destruction but again, if things work out, fleet could assist thru some of that for a time anyway, would be interesting learning for the people and I hope for some of that in fact. It would be nice in a way to have open evacuation of people just before somethings manifest.

there was quite a bit of evacuation during the tsunami for example, there was one pretty decent video on the net with many small craft skimming over the area getting people out. Those are presumed dead of course, because they were not returned. It not that they could not be, but man isn't ready and since the planet will have to be evacuated one way or another for the major axis shifting, its ok to not return them.

so during the announcemnt,there will be still dark cabals on the planet?

Quoting: **Anonymous Coward 9387895**

I don't know what they are doing with them, but they will not be able to interfere. I assume some are being moved off the planet again anyway that people do not know. But the ones I think will be possible seen at least. There has been material prepared on DVD's for years now to show on TV, but how much time there will be is still a little up in the air and it does not appear we will have several months to spend on it. depends some on what the wave does, as it should really increase the quakes and man is not must situated to deal with much massive destruction but again, if things work out, fleet could assist thru some of that for a time anyway, would be interesting learning for the people and I hope for some of that in fact. It would be nice in a way to have open evacuation of people just before somethings manifest.

there was quite a bit of evacuation during the tsunami for example, there was one pretty decent video on the net with many small craft skimming over the area getting people out. Those are presumed dead of course, because they were not returned. It not that they could not be, but man isn't ready and since the planet will have to be evacuated one way or another for the major axis shifting, its ok to not return them.

a bunch, several times now. there are after all 3 billion of them, but of course not all are cabal, but that is the number of committed to the dark folks on the planet. In some appearing to be dark may possibly be replacements that they tried to bring in emasse late 2010 into early 2011, I don't remember the dates now, and which caused a major problem, including that issue with the murders in Arizona last year. the Gaby shot in the head was a star fleet copy. That was only one

portion of that story. And perhaps her half way decent recovery was aided. we have covered that so I can speak of it, but not anything else.

Sheldon's work became more corrupted when he moved back to california, I don't read it anymore so I don't have any idea what he is putting out, but his Nesara, by whatever name he has used in the past, suddenly became the NWO agenda of the NAU in this country. I caught that one red handed in one of his posts and have not read him since except rarely if somebody brought one to my attention.

Last week and this week, I have felt unbelievably exhausted!! I wake reluctantly, drink a cup of coffee and am ready to fall asleep for another 2 hours!!!! Yes, I hear the ringing. It changes tones but it is constant, has been for about 2 months. I just can't get over the sleepiness factor right now!!

I'm also very tired the past couple of weeks. I think I've been away on some sort of trip sometimes while I sleep, there's a very pleasant feeling, maybe some nice music, once I saw some scenes as if maybe I was leaving a craft or other thing in the sky, but I can't remember anything that may have happened before on such visits.

They seem to be instantaneous in earth time. One happened during what was supposed to be a 15 minute nap, and I basically the whole nap just drowsing, except for whatever this was.

I woke sometime after midnight last night, and heard a long run of "trumpet" noise. I was nauseated from a harsh return from ship and did not wish to get up to investigate it and I don't know how long it ran before I woke up. But it ran far to long while I listened to have been road traffic or anything like that. It was fairly loud to have carried thru the double windows and heavy curtains of my room.

There are lots of "trumpet noise" postings going up on youtube. People are really noticing this. In most of these videos, the camera is pointed to the sky and waved around, as if the poster is trying to locate the source of the sound.

Re: Stasis, mini stasis, craft, Jupiter

Dear NIP,

I have read the message from Whitney Houston. May I ask you what is Arch-Angel? Where are they reside in Heaven?

Thank you.

The Arch Angels are created by Michael and Mother Spirit of each local universe. They are the highest of the angels created in large numbers in each universe. Nebadon has about 800,000 of them. Generally they are teachers and assistants to other high Sons of God, and work on topics of helping the various Ascending Sons, those souls that arise from the evolutionary animal process on worlds like this. They have a wide variety of careers. AA Raphael for example, is a medical doctor, by our understanding, and operates shoot I am tired, I think 3 medical "hospital" craft here right now. This is the source of those "medical miracles" on in many cases. Also other evolutionary worlds who have incarnates here also may provide medical and other care and assistance for their ones. AA Raphael is my personal physician and without his aid, this job would never have been possible for me to do. I have experienced for example the rebuilding on my pituitary gland which was dead, by stem cell therapy by his team.

Heaven is MANY custom built worlds, having air, water , being made of heavy metals and tons of technology, more elements than planets like earth have, and the matter vibrates at a higher rate than earth matter. All beings, including the angels/spirit beings, LIVE ON WORLDS such as these custom worlds, on worlds such as ours, and on Craft.

Each local universe like ours, has a HUGE custom built capital world with many worlds that orbit it. In general the Arch Angels have a cluster of those worlds. Our capital is Salvington, and it is if I remember about 100 times the size of earth. I am not sure the size of the surrounding spheres. But there are 490 of them. The Creator Son and Mother spirit create a huge number of varying types of "Descending Sons" which we call "angels" in general, which have many many roles. Mother Spirit alone creates many ministering angels, one group is called seraphim, and these ones amongst other roles, are also personal guardian angels.

I have had my own guardian angel for eons and eons now, her name is Andrea. Every Ascending Son (HUMAN from the animals usually), receives a personal guardian Angel once 5d consciousness level is obtained by the individual. These stay with one for eternity. Andrea is aboard a craft, embodied in a special form right now, not only giving me assistance, but also she has a job "resurrecting" bodies, which don't do so well when they are beamed up to ship. A lot of folks were picked up in that Tsunami that hit Japan for example, and if their bodies were a mess from that process, she could resurrect their bodies. It is desired to lift people off IN their bodies for the learning they can have at this time aboard craft. The soul always goes, not an issue, but the body can be another story.

A painter incarnate from someplace interesting has memory of these heaven worlds and has an interesting painting of the construction of the "sphere worlds" in a new nebula. you might want to take a general look at some of his paintings, including those for the Urantia Foundation here: [ttp://antifan-real.deviantart.com/](http://antifan-real.deviantart.com/)

on some worlds, hundreds of miles high yes, depends on the atmosphere, size of planet and technologies people develop and available fuel source technologies. some do not build craft that can life off from surface, so they build tall towers.

Silence

Before New Year, we read several messages about the end of the cycle, about Stasis, some of these messages being very explicit, rich with details.

All in a sudden, after New Year, these messages stopped, this subject seems to be in a standstill. There is total silence.

What happened?

Lord James of Blackheath UPDATE February 16 2012

[\[link to www.youtube.com\]](#)

Lord James of Blackheath, House of Lords February 16 2012

Breaking news Lord James of Blackheath has spoken in the House of Lords holding evidence of three transactions of 5 Trillion each and a transaction of 750,000 metric tonnes of gold and has called for an investigation.

I think there are three possible conclusions that may come from it. I think there may have been a massive piece of money laundering committed by a major government which ought to know better and that it has effectively undermined the integrity of the British bank the Royal Bank of Scotland, in doing so. The second alternative is that a major American department has an agency that has gone rogue on it because it has been wound up and has created a structure out of which they are seeking to get at least 50 billion Euros as a payoff. And the third possibility is that this is an extraordinarily elaborate fraud which has not been carried out but which has been prepared in order to provide a threat to one government or more if they don't pay them off. So there are three possibilities and this all needs a very urgent review.

My Lords, it starts in April and May of 2009, with the alleged transfer to the United Kingdom, to HSBC of a sum of 5 trillion dollars and seven days later, in comes another 5 trillion dollars to HSBC, and then 3 weeks later another 5 trillion. 5 trillion in each case. Sorry. A total of 15 trillion dollars is alleged to have been passed into the hands of HSBC for onward transit to the Royal Bank of Scotland and we need to look at where this came from and what the history of this money is. And I have been trying to sort out the sequence by which this money has been created and from where it has come from for a long time.

February 20, 2012 - White Hats Report #36

From The House Of Lords - The Shot Heard Round The World

Our beginnings could read like a Robert Ludlum spy thriller.

We selected with care a controlled-access, self-contained safe house in Fulham, Greater London, not overlooked but with a viable backdoor escape route to an unseen inter connecting alleyway in case of emergencies, and with a full visual overview of the wide scanning approach road to monitor any parked observers or perceived threat risks. Our emergency escape vehicle was permanently parked up on the connecting alleyway for a fast exit. The house's sun blinds allowed us full vision of external areas, but blocked out vision of the interior from prying eyes. To even the most trained observer, it was a quiet, low-profile, unassuming neighborhood. It was the perfect location for a safe house.

The call went out and from the head count, the purpose and need for an immediate “sit down” was well received. The gathering included old soldiers, both civilian and military, always in the background, always keeping the balance and from all over the world. The subject matter was of concern to every person in the room. The meeting could not be further avoided as the image of the future was becoming clear. Enough was enough.

Most of us had been trained under former Administrations and Regimes and were becoming disillusioned and disgusted with what we were witnessing. Every member of the group came with an impressive background, a broad base of knowledge, vast years of experience and most importantly, intelligence networks.

We all take oaths. Our first oath started with the secret words to gain access to the neighborhood tree fort and graduated to a Code of Honor ... a Code of Honor that, to this day, we gladly live and die for. One of the Codes we have internalized is called Democracy, the same code our Forefathers lost much for, but gave a new world hope from Tyranny, which created the greatest, most gracious country in the world. That Country has slowly been under attack from the inside and it cannot be allowed to happen, not on our watch, not if we have anything to say about it. Something had been growing for years, like a cancer you can inherently feel but you cannot see. Those of us who served the elite did not notice the deterioration as quickly as the others, but on this day we were all on the same page. We all knew a death was about to occur. It was not a sanctioned contract kill... this was far, far different. This was more sinister. It was a move by an extremely small group of former and current elected leaders, special groups and the “elite” attempting to subvert the checks and balances established and enumerated clearly by our Constitution.

How could that be? It would make the former “good guys”, the utmost of satanic villains, the real turncoats against democracy and life, liberty & the pursuit of happiness. What methods would we employ to expose the darkness that we unknowingly helped create through our faithful and dedicated service to our respective countries?

On that day we would sign an Oath.

It was an oath that put us in line with our destiny.

It was an oath that would hopefully save the Constitution of the United States of America and the Declaration of Independence.

It was an oath that would protect the very core of every country in the world, especially those that were the last bastions of freedom on earth.

Out of the backdrop of darkness, we took this Oath to expose the cancer of our former bosses and the elite. We all prayed to our respective God. And on that day, the White Hats were born.

May we live to see this through to the end.

Tiago, I haven't read the new Fullford piece, don't have time right now, but perhaps there is a hint of something interesting in this thread which I have NOT read either that I just saw on the front page here. [Thread: Fulford's latest claim: Gnostic Illuminati has given a March 31st deadline to Committee of 300 to surrender their power !!!!!](#) But I assure you, based on the thread title, that its not "Gnostic" illuminati.

Lord James of Blackheath UPDATE February 16 2012

[\[link to www.youtube.com\]](#)

Lord James of Blackheath, House of Lords February 16 2012

Breaking news Lord James of Blackheath has spoken in the House of Lords holding evidence of three transactions of 5 Trillion each and a transaction of 750,000 metric tonnes of gold and has called for an investigation.

I think there are three possible conclusions that may come from it. I think there may have been a massive piece of money laundering committed by a major government which ought to know better and that it has effectively undermined the integrity of the British bank the Royal Bank of Scotland, in doing so. The second alternative is that a major American department has an agency that has gone rogue on it because it has been wound up and has created a structure out of which they are seeking to get at least 50 billion Euros as a payoff. And the third possibility is that this is an extraordinarily elaborate fraud which has not been carried out but which has been prepared in

order to provide a threat to one government or more if they don't pay them off. So there are three possibilities and this all needs a very urgent review.

My Lords, it starts in April and May of 2009, with the alleged transfer to the United Kingdom, to HSBC of a sum of 5 trillion dollars and seven days later, in comes another 5 trillion dollars to HSBC, and then 3 weeks later another 5 trillion. 5 trillion in each case. Sorry. A total of 15 trillion dollars is alleged to have been passed into the hands of HSBC for onward transit to the Royal Bank of Scotland and we need to look at where this came from and what the history of this money is. And I have been trying to sort out the sequence by which this money has been created and from where it has come from for a long time.

Candace,

would you please explain to us the meaning of the message above?

Thank you.

On these things, we do not put the meaning out publicly Tiago. I will not breach security that is necessary.

There are various deadlines and China which owns the FEDERal Reserve system, and the various Khazar bankers are having at it, and all give each other various deadlines, including fleet. All I can say in a general way.

Hi Candance,

i am new at reading your abundant hope page and i am also new at reading glp. I like the many peaces of lightful messages on abundant but there are some a announcements like the last one, they tell me nothing. I dont see the sense to announce a date and a message without any explanation.

I also read the whole messages about stasis and the information about why it did not happen were not very clear.

In the time near christmas last year i've made a lot of thought about what would happen if that stasis really occurs.I was disappointed about the lack of information from CM and and it took my faith about the whole thing.

So I'm now getting a little angry when I read these unclear announcements.
Maybe you can help me to understand this :)

The one currently on the front page ("new targeted message") isn't aimed at or meant for the general public. Those it is meant for will know who they are.

As for stasis and the announcements, it'll be cooked when it's cooked. The "energetic climate" is clearly changing dramatically at the moment - I'm always pretty conscious of my own moods and those around me, and I can see the effects of whatever we're being hit with very clearly. The "truth telling" aspect is already manifesting at a personal / local scale, and the effect is to bring those who are spiritually on the same level much closer together..

The reason Christians don't just embrace your information is because they are afraid of going to hell. Not only am I afraid of going to hell, I don't want to see anyone else going to hell either. go research Jupiter I have plenty of tangible proof also on financial stuff because of my oitc contacts. I do go to craft which is tangible truth to me, plus the others of my team bring in the same stuff, without me giving any suggestion to them. I avoid that on purpose, so its not just "copy paste" material. It

Christianity is what is it, as well as the people on this planet who must still follow because they know no other way. It is very difficult for people to rise out of everything they were raised with since birth to 'believe'. it is Laudible on a nearly god forsaken planet like this one that god concept is taking place, still not the best, but people do truly FEEL god even if they don't understand to refuse to look at how the cosmos and god works. so that is good news even if hellfire stuff persists and its NOT good though to believe that everyone who did not accept Jesus as their savior is going to hell. That part I cannot comprehend. No matter how hard I attempt to understand it.

What some christians do not realize is this Jesus they believe in, who they want to get here and rule with an iron hand, is the NWO folks. the bible has been tampered with, and due to khazarian, dark techniques period, white is black, light is dark, and so on and so forth. I know they are afraid of going to hell, but why they outgrow that I don't know.

HELL FIRE is a good thing and to be desired, they are being kept believing its a bad place. How sad.

Again is ones have not read this: HELL FIRE is an acronym for HavingEverLastingLife FieryIntelligenceReasonatingEternally. Something grand not something to be avoided at all costs. white is black after all. Reverse a lot of stuff in the bible and some truth will be found.

Hell cannot exist in natures God. this is a prison ward for thugs. Jesus NEVER EVER TAUGHT ABOUT HELL. He did not use the word. Because it does not exist.

Only YOU can take your journey and it needs to start with asking preferably MENTALLY,, although thought precedes voice, but mental minus voice is stronger, and then in time, during meditation or other activities which are quiet, the answers will come. Ask and you shall receive. Answers come usually from the Father Fragment in your mind. He the FATHER within, can only get

an answer in edgewise when your mind is quiet. Light bulb moments are divine answers. many of you have guardian angels that will also make heaven and earth move for you, in the sense they will make connections, like if you want a career change, you may have people contacting you, suddenly see a new ad someplace, and it is you who must walk thru the opened door.

People had got to stop placing god up in the sky and look right within themselves and until they do hear their father fragment, which they will usually label the holy spirit, they will keep putting god up in the sky. I don't know the answer to why they do that. Its a bigger problem on earth than other planets. This is a complex confused planet.

Did you attempt to read any of the material on the net to which I have provided links? In that you might receive help. I can't do the work for you, only you can search for your answers. In preparation for this job, I was often sent to book stores, told where to go and books I should look at often came right out of their place on the shelf. Since man does not yet connect with his higher FATHER Mind within, it has become continuously necessary to put out books.

The best remain, the Urantia Book and the Phoenix Journals. A easy website that came into being with the failure of the PJ project and Spectrum News, is here. Good place to start outside of the material my team has supplied for over 7 years now. [[link to www.wisdomoftherays.com](http://www.wisdomoftherays.com)]

Here is Sirius taken with the 20 gip telescope. Ignore the distortion. This is a plasma light ship from heaven. Sun' do not look like this. are you saying that these words were manipulated?

Mat 5:22 But I say unto you, That whosoever is angry with his brother without a cause shall be in danger of the judgment: and whosoever shall say to his brother, Raca, shall be in danger of the council: but whosoever shall say, Thou fool, shall be in danger of hell fire.

Mat 5:29 And if thy right eye offend thee, pluck it out, and cast it from thee: for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell.

Mat 5:30 And if thy right hand offend thee, cut it off, and cast it from thee: for it is profitable for thee that one of thy members should perish, and not that thy whole body should be cast into hell.

Mat 10:28 And fear not them which kill the body, but are not able to kill the soul: but rather fear him which is able to destroy both soul and body in hell.

Mat 11:23 And thou, Capernaum, which art exalted unto heaven, shalt be brought down to hell: for if the mighty works, which have been done in thee, had been done in Sodom, it would have remained until this day.

Mat 16:18 And I say also unto thee, That thou art Peter, and upon this rock I will build my church; and the gates of hell shall not prevail against it.

Mat 18:9 And if thine eye offend thee, pluck it out, and cast it from thee: it is better for thee to enter into life with one eye, rather than having two eyes to be cast into hell fire.

Mat 23:15 Woe unto you, scribes and Pharisees, hypocrites! for ye compass sea and land to make one proselyte, and when he is made, ye make him twofold more the child of hell than yourselves.

Mat 23:33 Ye serpents, ye generation of vipers, how can ye escape the damnation of hell?

Mark 9:43 And if thy hand offend thee, cut it off: it is better for thee to enter into life maimed, than having two hands to go into hell, into the fire that never shall be quenched:

Mark 9:45 And if thy foot offend thee, cut it off: it is better for thee to enter halt into life, than having two feet to be cast into hell, into the fire that never shall be quenched:

Mark 9:47 And if thine eye offend thee, pluck it out: it is better for thee to enter into the kingdom of God with one eye, than having two eyes to be cast into hell fire:

Luke 10:15 And thou, Capernaum, which art exalted to heaven, shalt be thrust down to hell.

Luke 12:5 But I will forewarn you whom ye shall fear: Fear him, which after he hath killed hath power to cast into hell; yea, I say unto you, Fear him.

Luke 16:23 And in hell he lift up his eyes, being in torments, and seeth Abraham afar off, and Lazarus in his bosom.

So, by my count, there are 15 places in the Bible where Jesus is recorded as using the word "hell"

while He was on Earth.

Now, if you include John's vision in Revelation 1:18--- "I am he that liveth, and was dead; and, behold, I am alive for evermore, Amen; and have the keys of hell and of death"---then, that would put the sum total at 16.

I've been following this thread on and off for the past couple of months whenever I see it pinned here. I follow it because it's interesting. Disclaimer: I'm not a believer or non-believer of anything in this thread but I have had a few personal experiences in the past with things like verified shared dreams, "being on the same wavelength", etc.

The reason I'm posting in this thread is a couple of days ago I received two sentences at the end of a short but intense meditation:

"The government has landed. They have finally landed."

It was an intense burst of thought that was not my own, like someone yelling it at me from a distance and had the same quality as when I occasionally have an intense dream. (The kind that makes you question the reality of it).

For about 10 seconds after "hearing" those two sentences I felt "good" & "at peace" and wondered what government this was that had landed and where. I felt I needed to post it here...but then after glancing at the muted tv where a clip from Syria was on I had doubts anything good had happened and the "good" feelings went away instantly as I wondered if a secret government team may have gone there.

Then I forgot about the whole thing.

I saw this thread again today and while catching up I remembered the message from my meditation and thought it might be something to post here thinking maybe it meant something else.

I've been following this thread on and off for the past couple of months whenever I see it pinned here. I follow it because it's interesting. Disclaimer: I'm not a believer or non-believer of anything in

this thread but I have had a few personal experiences in the past with things like verified shared dreams, "being on the same wavelength", etc.

The reason I'm posting in this thread is a couple of days ago I received two sentences at the end of a short but intense meditation:

"The government has landed. They have finally landed."

It was an intense burst of thought that was not my own, like someone yelling it at me from a distance and had the same quality as when I occasionally have an intense dream. (The kind that makes you question the reality of it).

For about 10 seconds after "hearing" those two sentences I felt "good" & "at peace" and wondered what government this was that had landed and where. I felt I needed to post it here...but then after glancing at the muted tv where a clip from Syria was on I had doubts anything good had happened and the "good" feelings went away instantly as I wondered if a secret government team may have gone there.

Then I forgot about the whole thing.

I saw this thread again today and while catching up I remembered the message from my meditation and thought it might be something to post here thinking maybe it meant something else.

Project Camelot is interviewing John Kettler [[link to johnkettler.com](http://link.to/johnkettler.com)] again tonight at 7 PM PST. While I am not a huge fan of Kerry, she does on occasion do an interesting interview.

I found him interesting because he claims to have direct knowledge of ET/ED's (extra terrestrial/extra dimensional) taking action against the dark. Examples he gives are the disappearing of submarines and Iranian small attack craft. He said that they (ET's) are considering making a huge lawn dart out of one of the subs. Leave it sticking in the ground somewhere so the PTB won't be able to deny it. (IMHO, that would be AWESOME!)

Anyway. as this seems to support some of what Candace has alluded to in that Star Fleet is indeed doing something, many here might find it interesting as well.

Candace, with all respect, I really wish you had tangible proof that everything you say is real. I know you believe it and are not trying to trick anyone, but that doesn't really prove anything. The reason Christians don't just embrace your information is because they are afraid of going to hell. Not only am I afraid of going to hell, I don't want to see anyone else going to hell either. Why should we believe you over the bible? Why is your material the truth and the bible not? I ask that

respectfully.

Quoting: **Melungeon**

go research Jupiter I have plenty of tangible proof also on financial stuff because of my oitc contacts. I do go to craft which is tangible truth to me, plus the others of my team bring in the same stuff, without me giving any suggestion to them. I avoid that on purpose, so its not just "copy paste" material. It

Christianity is what is it, as well as the people on this planet who must still follow because they know no other way. It is very difficult for people to rise out of everything they were raised with since birth to 'believe". it is Laudible on a nearly god forsaken planet like this one that god concept is taking place, still not the best, but people do truly FEEL god even if they don't understand to refuse to look at how the cosmos and god works. so that is good news even if hellfire stuff persists and its NOT good though to believe that everyone who did not accept Jesus as their savior is going to hell. That part I cannot comprehend. No matter how hard I attempt to understand it.

What some christians do not realize is this Jesus they believe in, who they want to get here and rule with an iron hand, is the NWO folks. the bible has been tampered with, and due to khazarian, dark techniques period, white is black, light is dark, and so on and so forth. I know they are afraid of going to hell, but why they outgrow that I don't know.

HELL FIRE is a good thing and to be desired, they are being kept believing its a bad place. How sad.

Again is ones have not read this: HELL FIRE is an acronym for HavingEverLastingLife FieryIntelligenceReasonatingEternally. Something grand not something to be avoided at all costs. white is black after all. Reverse a lot of stuff in the bible and some truth will be found.

Hell cannot exist in natures God. this is a prison ward for thugs. Jesus NEVER EVER TAUGHT ABOUT HELL. He did not use the word. Because it does not exist.

Only YOU can take your journey and it needs to start with asking preferably MENTALLY,, although thought precedes voice, but mental minus voice is stronger, and then in time, during meditation or other activities which are quiet, the answers will come. Ask and you shall receive. Answers come usually from the Father Fragment in your mind. He the FAther within, can only get an answer in edgewise when your mind is quiet. Light bulb moments are divine answers. many of you have guardian angels that will also make heaven and earth move for you, in the sense they will make connections, like if you want a career change, you may have people contacting you, suddenly see a new ad someplace, and it is you who must walk thru the opened door.

People had got to stop placing god up in the sky and look right within themselves and until they do hear their father fragment, which they will usually label the holy spirit, they will keep putting god up in the sky. I don't know the answer to why they do that. Its a bigger problem on earth than other planets. This is a complex confused planet.

Did you attempt to read any of the material on the net to which I have provided links? In that you might receive help. I can't do the work for you, only you can search for your answers. In preparation for this job, I was often sent to book stores, told where to go and books I should look at often came right out of their place on the shelf. Since man does not yet connect with his higher FAther Mind within, it has become continuously necessary to put out books.

The best remain, the Urantia Book and the Phoenix Journals. A easy website that came into being with the failure of the PJ project and Spectrum News, is here. Good place to start outside of the material my team has supplied for over 7 years now. [[link to www.wisdomoftherays.com](http://www.wisdomoftherays.com)]

for Jupiter, here's the truth. It happened, but some will not READ it right. [[link to sohowww.nascom.nasa.gov](http://sohowww.nascom.nasa.gov)] Watch Star Ship Jupiter. it does strange stuff and cannot be the real Jupiter, ditto Venus. Ditto Sirius. Here is Sirius taken with the 20 glp telescope. Ignore the distortion. This is a plasma light ship from heaven. Sun' do not look like this. The distortion is

Good evening NIP.

You posted the text below in Trinity's thread about the observatory today:

sirius is a craft. It is not sirius, I know because the captain of it put on quite a show for me and a friend a few years ago, but not only moving around, but moving about 1/2 the distance to the little star that is below and right of it, when it rises. that is what they do not want you to see I guess. the ray you see is coming out on 4 sides. All craft from heaven will have this, as do stars of high frequency. the beam of particles is well, a beam of particles

I was pretty excited to see what you had to say about this. I wanted to post a question about Sirius to you last night but thought I left enough posts.

I've always know I came from/originate from Sirius. So if Sirius is actually a craft, what would that mean for me?

Can you elaborate a little more about your story of Sirius?

Also, can you tell us anything about Arcturus?

Quoting: **TheOracle**

Oracle, our whole solar system is being moved. so the normal sky that people expect, is created for them, by craft. You can still be from a planet around the real Sirius. And maybe you are from the craft, is also possible.

I would assume a plasma light ship like this, also has a registered name of some sort, and probably NOT Sirius. I just use the term star ship Sirius, et all to name the craft sitting where we expect to see the real deal. Arcturus also must be a craft, with the lights it has. BOY POLARIS is one too and in fact the only way it could sort of stay where it is all the time, over years on end would have to imply its one, but I have also seen it move around too. I am not sure since I don't have my one inch polaris tube up anymore, but if its in the same vicinity as it has been, despite our new equator , that is another proof it sets is course on purpose to stay more or less where it is.

DOK, I agree! amongst the many movements in the night sky, Betelguese delivers consistently. I
have watched it move beyond a reasonable doubt numerous times here in AZ.

I also have seen movement from Sirius, Pleiades, Big Dipper (2nd and 3rd from handle), and
many others - easily you can catch 5-10 on most any given clear night. Also local planets, Jupiter,
Venus, and even Mars. To be sure, I have had others confirm the same, so it is not a question of
DO THEY MOVE, it is a question of WHAT they are and WHY they are doing it at all.

One can only ask: what IS a starship? I have come to realize that it can be interdimensional craft,
a planetary sphere, or even a star. All planets/stars serve their purpose. Sometimes, for those
who use their mind to really LOOK, they will give you a sign to remind you that the electric
universe is not just a network of inter-connected Birkland currents - it is a vast realm of living
beings that house living beings. And they respond as if to know when they are within one's
consciousness. Hmmm.

Something GOOD is about to happen

If our solar system has been moving to a different location and the stars we see are crafts, then will we still be at the disc of our galaxy receiving energy from the galactic center as predicted for this time in history, or have we moved elsewhere in our galaxy or maybe even to a different galaxy, how far away have our solar system moved. If the crafts disappeared would we still be able to see Orion and the Pleiades? How would our view be if the holograms and crafts disappeared, where are we now?

the band of energy from the Milky Center is quite wide and in fact we have moved into it early, started in Oct 2006.

Our sun entered the photon belt in 1992 and the whole solar system has been in it for several years at least. When the sun entered Earth was put in a week of stasis as we were completely unprepared for the brilliance of about 5 days. It would have permanently blinded many people, and fear factor would have been huge.

hi everyone, (sorry not logged in)

last night, around 9 o'clock, we had an all clear sky. Left of the Moon,(from my point of view here in S/W Germany) Jupiter & Venus seemed very bright. Further to the left from Venus I saw another very bright and big Object. It seemed bigger than Jupiter and it was blinking in white & blue.

Has anyone else seen this?

I think the reason that the prediction for end of 2011 did not manifest is because starfleet wanted an announcement period first and therefore needed more time to arrest TPTB in order to get a free passage to make those television announcements without interferences. According to the webbots the discontinuity of life as we know it starts this weekend and that may be due to the beginning of the announcement period of two weeks until the data gap occur in two weeks time from now, which most likely is due to the world being evacuated and put into stasis.

I don't pay them any attention. I have not been informed of any discontinuity of life, that's sort of an oxymoron isn't it? I think because of time constraints, stasis will have to be in place to evacuation, not the other way around. I would surely love if we could have a long enough period for people to choose to voluntarily leave. Depending on everything, sudden evacuation always remains a possibility in these times.

It was surely weird here last night. I went out about 9, before bed, to say "hello" to the elements and members of Star Fleet and at that late hour it was totally overcast, but VERY VERY light outside. Now I know it was not moon light as the moon is a tiny sliver currently (this I know even though it was totally covered up with clouds last night)...but I could have read the mail out there it was so light. NOT like complete day light, but VERY light.

we did yes. and somethings happened that gave rise to hope for that possibility. webbots however, do not make decisions for Michael of Nebadon, the Ancient of Days and Siraya the big head honcho of Orvonton. I don't pay them any attention. I have not been informed of any discontinuity of life, that's sort of an oxymoron isn't it? I think because of time constraints, stasis will have to be in place to evacuation, not the other way around. I would surely love if we could have a long enough period for people to choose to voluntarily leave. Depending on everything, sudden evacuation always remains a possibility in these times.

boy the energies sure have the weather upset in middle Us of A since last night.

It was surely weird here last night. I went out about 9, before bed, to say "hello" to the elements and members of Star Fleet and at that late hour it was totally overcast, but VERY VERY light outside. Now I know it was not moon light as the moon is a tiny sliver currently (this I know even though it was totally covered up with clouds last night)...but I could have read the mail out there it was so light. NOT like complete day light, but VERY light.

Quoting: **DOK**

I have no idea why, I am not even sure I went out. Moon tonight should be 1/2 full.

because of city lights from the constant spread, even when cloudy its light here.

the darkest does happen until well after midnight and even then its not as dark as it used to be.

while up in the mountains for my mini vacation, we had mostly clear nights, until the last night, and it was wondrous to see all that stuff I do not see here in Denver. been at least 3 years since I had the experience of being away from city lights. boy sirius had a show going that night and Jupiter was much much brighter than here.

Wow, I just experienced the same thing about an hour ago. I'm in the Pacific NW, I took the garbage out and it was light out when it should NOT have been! The sun's gone, the cloud cover has been thick and dense all day.....where was the light emanating to keep the whole sky alight?? really weird!

In the case of evacuation, what is the pet policy? <serious question>

they would put the planet into stasis as they don't even think fear of the impending changes would be enough to get people to board. Also so many people's bodies would disintegrate in the beam, the fear and negativity which would scare the shit out of others, and the time limitation if things are bad, so if they anticipate BAD I think the planet will still be put in stasis first to get people off. there are levels of stasis, they only need a superficial level to evacuate.

Not sure which of your threads is best to ask this in, so I'll ask it here.

What do you think of this video:

[\[link to www.youtube.com\]](#)

which says that of all the various writers around the time that Jesus Christ is said to have lived, none recorded any special things happening. Biblically, Jesus Christ is said to have done such remarkable things that surely they would have been recorded.

Likewise, the UB gives a story involving remarkable events like vanishing on a ship. Not sure if it talks about other things like remarkable healings, walking on water, loaves and fishes, but isn't it also remarkable enough in apparently impossible events (like going up to a spaceship) that it would have been written about?

Most people did not write, including Jesus. the only apostle that wrote was Judas. There are records, some from those times, I have read a few released and there have been threads on glp with these, one not long ago in fact, started by Salt. You could go to her profile and find the thread. the vatican holds the others on purpose so I am told. Here is one record, not written

exactly, a picture taken from the akashic records from those times. the older man is Joseph of A. The younger Jesus. In due time, there will be technology to review the Akashic records and that will be definitive.

Few records about much of anything have truly survived those times, and the vatican has many of them. I guess Plato's stuff did, some of it anyway. Its been 2000 years, even the notes by Judas were in not such good shape.

There is also the record of Judas which was returned to the grave and unearthed early 1960's. You can read what was translated of it here. This is the English, translated from the German, from the Aramaic. [[link to fourwinds10.com](http://fourwinds10.com)]

OOPS I did not check the video brb. She is wrong on the writings, the story above, and also several other written "gospels " that were not permitted into the bible but I failed to remember to hear all the video while I had it playing, mind was going to other topics, like you question, and I added to this post at the end, while tuning out the video.

I do not know if the vatican has ever released copies of what it did allow in the NT. The UB coverage of the story is largely based on akashic records of Andrew and others, and those who organized and wrote it CAN view akashic records. Nature on evolutionary spheres RECORDS everything. On electrons, each of which holds up to 3 G as expressed in computer terminology. In a manner similar to TV in a way. There have been in fact DVDs already made by our hosts here OF those records that will be shown at some point to the peoples of earth, and this was part of our planned teaching period I so hope we get to have. These were made not only of the life of Jesus but also the lives and times of the other returned masters.

I think the reason that the prediction for end of 2011 did not manifest is because starfleet wanted an announcement period first and therefore needed more time to arrest TPTB in order to get a free passage to make those television announcements without interferences. According to the webbots the discontinuity of life as we know it starts this weekend and that may be due to the beginning of

the announcement period of two weeks until the data gap occur in two weeks time from now, which most likely is due to the world being evacuated and put into stasis.

NIP< Has you noticed lately a lot of people having problems communicating with each other? I mean, like Tempers flaring up and families getting angry at each other over things that you wouldn't think of?

I was screamed at by one of my sisters with her yelling, "It's always about you!" I was like wtf? I was trying to coordinate her son and my son getting together on a Tuesday and working to put a new roof on my house but evidently, there's more to the situation than meets the eye and now she's taking it out on me. I was wondering if Mercury has gone retrograde lately or something? I know Mars has. What do you know? Thanks.

I'll chime in for you there. Mars always turns retrograde when it comes into opposition to the sun which is pretty much exact right now. on March 5th, Mars is closest to the Earth, about 63 million miles away and is also in its brightest appearance from the Earth's perspective. Mars has a certain energy which can rile people. It will most effect those who have their own stuff triggered by the 13 degrees of Virgo, where it is presently.

Hope that helps.

So does this mean the "soul traps" do not exist?

Quoting: **Anonymous Coward 11931371**

this means soul traps do not exist. Unless your Soul is capable of transversing space minus a transport craft or transport angel, you can't go any place without some help.

All beings once they pass, unless picked up by transport angels or craft, will go into the astral quite naturally. And usually at the level they belong. except once in awhile somebody immature might not go down the so called tunnel and lands up wondering as an earth bound.

Now folks were kept here by Caligastia, I don't know if I have that story in this thread or in others or both, prior to Michael' bestowal. Michael removed Caligastia and took over his job. Evolving souls that reach 3rd circle, or 5d by the time of their passing, are picked up for the mansion worlds since those days, usually anyway, because their guardian angels can decide they should have some more experience here, or perhaps even another evolutionary world.

The mansion worlds have to control population also, so that could be a reason a soul might have some more experiences either in the astral here, another incarnation here or some place else that has "openings". You have real forms and live in real housing on the mansion worlds, so population is managed, even though there is no reproduction on them.

I mentioned recently on my podcast because of pressure about those to be left behind, that the earth will be evacuated for the massive physical changes and vibratory change and thus NO ONE will be left behind. The Astral realms will be closed too, Emptied, so there is going to be a LOT of moving going on.

In ones Life Eternal, you do not move to the next level of experience until the current level is passed. And as to ascending animal origin souls, free space cannot be navigated until one reaches paradise. So there are a lot of ascenders needing transport. Also there are "descendant" created angelic beings who also cannot navigate free space, require transport. They can navigate the atmospheres on planets, if stationed here for example, but not the cold space of even our solar system.

Can I ask why any of these ones above, would have MET him? He worked in small groups and there was no tv, radio and the like. Alexandria was burned also, don't know if that would mean anything or not. There is a LOT of Roman records, about of the Movement that arose after he left the area, and there are records of some of those disciples. Luke wrote copiously but died before all that he had planned to write was completed Luke however, got much of his information from Paul/Saul and many others of the times who had been eye witnesses.

Understand the satanists of this world, will find anybody and do anything to cause distrust of the story, just as is being done to Mohammed AT THIS TIME, admitting he existed and there are plenty of records that he did, but making him into a pedophile. Look at the trash postings on GLP on this one even the last few days.

Mohammeds influence reached far beyond Esu's those 500 years later, around the Mediterrean and Middle East. Esu shown such light, that even during his travels, which took some years before he even got to India, after he crucifixion , he could not stay long because of threats and risk. But yet, at least in India there survives much of his life in that region even within Hinduism of the times as St. Issa.

Also complicating things, is there were 4 great ones all from Thiaoouba there at the same time frame. One went to Japan, so some in Japan think Esu was there. Two were crucified, the other one was pierced in the chest, and did die. So right in the bible you have a messed up story there. I have read a record on the darkness that occurred that is preserved, but where I read it I don't know. You can be very sure the Romans do have the records, stuffed under the Vatican some place. As they did keep records and there have been some leaked I think about Pontius Pilate, etc.

Mary M, Lazarus and Joseph of A and others were set to sea in the Mediterrean on a boat without oars,(death intended) but were guided to southern France, where it borders on the Mediterranean. The point of landing where they all disembarked the boat is well known, and called Saintes Mares de la Mer. [[link to en.wikipedia.org](http://link.to.en.wikipedia.org)] is not a bad read within it. Mary M carried her child SaRa ashore. This detail, Esu told me, on the child and her name. SawRaw is how it is pronounced.

It is not hard to find I think documentation of Joseph of Arimathea. He was a tin salesman who traveled widely in his business and after the Crucifixion, he was very active in Britain, returning there with others after the boat story. His daughter Anna was married to British Royalty at that time already and the King of Britain gave them land where Glastonbury stands and where he, Mary M and others are buried. Joseph built a "church" there 3 years after the crucifixion.

Joseph of A is totally responsible for Christianity, only it was NOT called that, in Europe from those times. It was called THE WAY. There ARE records of that. He was the Guardian of Mary M until she died..

Joseph of A until his death, kept always a group of 12 disciples active in Europe. Joseph of A lived 50 years after the crucifixion. Had there not been the works of this great man in Europe after the crucifixion, what is now labeled Christianity, would have never made its way to Europe. God plans well beloveds.

Lazarus also made the trip on that oarless boat and did great works in France He founded the first church in France. Many others were on the boat too and all kept the story going in various ways, under Joseph of A's guidance.

If this man had not lived, there could not be all that Joseph of A and others on that fated boat that spread like wildfire through Europe. And THAT ALONE should be enough proof.

Plus all the other stories even around the Mediterranean, greece etc. Esu tells me the writings of one of the Pliny's does contain detail, and have been removed from the public view long ago, and the church has them.

Of note, I am adding on Editing here, True British royalty is descended from Anna, Joseph of A's, daughter, but that does not include the current Queen Elizabeth 2. She is a KHAZAR and was not born in Britain and she illegally holds some of the Alpha Omega Ring I have mentioned my thread about my podcast. The latest "targeted message" on AH says:

Targeted Warning Monday March 5

GO HOME, ALL OF YOU, AND TAKE CARE OF THE PROBLEMS YOU HAVE CAUSED OR ALLOWED TO HAPPEN TO YOUR OWN PEOPLE IF YOU CARE FOR THEM AT ALL.

AND IF NOT, OUR NEXT MOVE WILL BE " CHECK MATE, GAME OVER " AND A VERY LONG WAIT WILL BE YOUR WELL DESERVED REWARD BEFORE YOU WILL BE ALLOWED TO PLAY EVER AGAIN, AND THEN ACCORDING TO DIFFERENT RULES ALL TOGETHER. IT IS FOR YOU TO DECIDE NOW. CM

So all of "you" (those to whom this warning is targeted) are to go home and make things right in their domains. In so doing, I infer from my Earthly experience that I can remember, they will retain their positions of power, they may just appear to have "found religion" and make more reasonable decisions from their positions of continued wealth and power.

All I can say is, I hope this doesn't include all those who were "arrested" -- Timothy Geithner, Bill Gates, the Queen of England, etc. I would hope at least they creamed off the top layer (whether those names I mentioned are at the top or not, I don't know of course) and so some new people at least get a chance.

I would just feel it so unjust if those who did so much damage continue to live here in wealth and comfort, even if they have to grit their teeth as they make more publicly useful decisions.

Targeted Warning Monday March 5

GO HOME, ALL OF YOU, AND TAKE CARE OF THE PROBLEMS YOU HAVE CAUSED OR ALLOWED TO HAPPEN TO YOUR OWN PEOPLE IF YOU CARE FOR THEM AT ALL.

AND IF NOT, OUR NEXT MOVE WILL BE " CHECK MATE, GAME OVER " AND A VERY LONG WAIT WILL BE YOUR WELL DESERVED REWARD BEFORE YOU WILL BE ALLOWED TO PLAY EVER AGAIN, AND THEN ACCORDING TO DIFFERENT RULES ALL TOGETHER. IT IS FOR YOU TO DECIDE NOW. CM

So all of "you" (those to whom this warning is targeted) are to go home and make things right in their domains. In so doing, I infer from my Earthly experience that I can remember, they will retain their positions of power, they may just appear to have "found religion" and make more reasonable decisions from their positions of continued wealth and power.

All I can say is, I hope this doesn't include all those who were "arrested" -- Timothy Geithner, Bill Gates, the Queen of England, etc. I would hope at least they creamed off the top layer (whether those names I mentioned are at the top or not, I don't know of course) and so some new people at least get a chance.

I would just feel it so unjust if those who did so much damage continue to live here in wealth and comfort, even if they have to grit their teeth as they make more publicly useful decisions.

Quoting: **Anonymous Coward 4596203**

Am I missing something here? When was Gates, Geithner or the Queen of England arrested? No news about that anywhere!

More dreaming I think.

Hello and much Love to all of you

...although (just my opinion) I think the new targeted message was meant for the same audience as last time....it comes to mind that I to have some "leftovers" that needs to be taken care of.

Quoting: **firmament**

I think it was the 2 witnesses which are not two people, as to the bible lore. China and the Khazars in their current war, but I truly don't know. I think it means put down the arms and go home and take care of the messes at home.

Quoting: **Anonymous Coward 4596203**

well CM would not even explain that one to me. I am not the telepath, another on my team is, I was just told that those with ears to hear would understand it when I inquired.

I woke up to a headache and also there are a couple "trumpets" playing out there, the typical horn noise with some rumbling.

Just before I went to bed, more intense metallic crystalline noises in ears too.

Quoting: **Nobody in Particular**

If anyone here gets "ears to hear" the answer to my complaint -- for that's what it actually is, an objection -- please let me know.

Today's coded message also sounds pretty nice to these folks. Maybe something else is in the "code" but I think a lot of people would agree with me, they didn't come here to be abused together with the rest as a freebie for those in charge. We hoped to be more effective than that.

we did hope to be more effective. A lot of us are dissapointed, hugely, because had kennedy not be murdered and so on and so forth, man could be assisting and learning like crazy in the reconstruction of the planet. But before we came we understood the risks and we are tough old

I remember the day in first grade when my teacher told us that Kennedy had been killed. I think she was crying, or close.

This deal now in the new coded message sounds like what "Hidden Hand" was saying some years ago -- that the dark ones are here on a contract and playing a part. But even he didn't make it sound like suffering for them. Temporally it is not much suffering, to have all that material comfort, freedom from fear of not having enough, etc. I don't believe *anyone* who tells me it's not fun for most of them. I've seen enough people in that position to know for myself.

Hidden Hand's story was that after having done the dark thing here to near perfection, they then would be sent to a service-to-self planet for a period which would be difficult, but then they would be free to come back to the light. The new coded message doesn't say that they have to spend any time on prison worlds though. They can just come back right now I guess.

Not only should these people be punished, they should be seen to be punished. That's a reasonable expectation, and we've been allowed and encouraged to believe that is the natural outcome, the way of karma, crime and punishment, the last shall be first and the first shall be last, etc.

The trend of the past few years is that "justice" has been replaced by, if anything, the phrase "moral hazard". That is an economic term meaning the temptation to cheat. If someone big and important steals from the system successfully, we should change the system to remove that moral hazard. That's it. Talk of taking back what was stolen, let alone punishment, is conveniently skipped. That's wrong.

Anyone up or out there who's listening, like CM, please consider this an objection. Retribution is the way of our world, and we're good enough to expect to see some justice done. I don't see why this cannot be done regardless of the fate of JFK.

And by the way, the thing that will work to slow down the abuses of others is fear of punishment. Fear is needed; these people do not respond to higher incentives that would be feasible. They need to be scared of the punishment they would get if caught.

So it's open season now, I expect, here on earth. If anything isn't nailed down, it's fair game to steal, as the expectation is of no punishment. If there's other stuff going on behind the scenes, fine, but it's been behind the scenes long enough.

The longer this goes on, really the more abuses there will be to correct, or say it's too late to correct, or not even bother talking about correcting when the criminals are welcomed back into the fold, winnings and memories of successful exploitation intact.

Meditation Visions 77-79, March 2012

THE RED LOVE CARPET

RECLAIMING THE TREE OF HEALING

RAKING THE SOIL FOR ANSWERS

Meditation Report 77, 1st March 2012

THE RED LOVE CARPET

The personal cleansing process which always precedes my meditation took the form of a shower of red liquid pouring over me. It came in such huge quantities that it covered the ground where I stood until all land as far as I could see had turned into a carpet of red. I understood that my body, now also red in colour, had adopted and was emitting the vibrations of love, just like the body of the earth. Previously to this event, the face of the earth had been multi-coloured, with isolated patches of red here and there.

Small sinkholes appeared everywhere in the skin of the earth, and the love vibrations from the carpet poured down them right down to the earth's core, heating it until it expanded into an huge white molten mass. The birds in the air, as well as the celestials watching from above and on the ground, were aware of this process, and the birds sang loudly. But many of the people on earth did not really notice. They chattered away, continued with their usual routine and had no real idea of what was going on beneath their feet.

Due to stark contrast, anything which failed to transmute to red showed up very clearly. Dark areas which responded well to the love vibrations changed colours at varying paces, merging with the whole. Those which remained were stubborn black blobs, like burnt shrubs amidst burgeoning poppy fields if viewed from above.

And indeed they were viewed from above by a host of mighty eagles with extremely good eyesight which scoured every piece of land for these dark elements. When they found one, the eagles swooped down, clutched it in one claw and dropped it into a net carried by the other foot. Nothing escaped their eye, and I realised that these eagles were a part of our Creator saying “Do not worry: nothing escapes my eye which is everywhere and all-pervading. Be assured that nothing can be “overlooked” “.

When the contents of the nets were emptied, far away somewhere on the coastline of an isolated island, it became clear that these dark blobs were actually people wearing black cloaks. Their skin was also a faded red, but the cloaks prevented the new energy from reviving them. They were invited to walk along a long red carpet, which they did with great reluctance and a lot of persuasion, and when they reached the door of a large building, they were asked to remove their cloaks.

Most refused. They were ushered in one direction. Those who complied were ushered into a different direction. Both groups were always accompanied by angels. It was clear that both parties were going through a series of courts. Those relinquishing their cloaks were pleading guilty and would be treated more leniently. Those insisting on wearing their cloaks to the bitter end pleaded innocent – if they said anything at all – and were treated with severity. Justice was meted out in accordance with the crime, tempered by the degree of genuine remorse.

Meditation Report 78, 4th March 2012
RECLAIMING THE TREE OF HEALING

I went through a cleansing ceremony during which a white silk veil fell over me, closing together under my feet so that I was inside a sack. Very slowly it was pulled downwards through my body as if sieving out impurities and taking them away.

The image of absolute purity was continued with the image of a tree without leaves. Silver bells hung from every branch, emitting heavenly music. The tree attracted people from all walks of life, and when they heard the music or touched the bark of the tree, they fell into ecstasy. They loved the high vibration or tingling feeling which swept through their bodies.

However, visitors to the tree included those with hardened hearts and desire for power. They noted the effect that the tree exerted, but they went to other places and other people and said that the tree was a fraud, and that they were unaffected. Thus they spread lies across the land.

To stop people from approaching the tree for its healing effect, the men in power issued an order that the tree required extra protection and should be surrounded by a fence. People accepted this as they indeed loved the tree and did not want it to be hurt. It remained a place of great pilgrimage, and because of the many visitors, more and more fences were ordered, again to protect the tree.

When the men in power saw that the number of pilgrims to the tree did not diminish, despite being enclosed and despite its diminished effect, they decided that a wall should be built. This wall was so high that no one could see over it. But the visitors could still hear the very faint ringing of the tree's silver bells. One visitor decided to bring a ladder to the wall so that he could see over it. In time, this was duly noticed, and the men on power decided on a final measure: to place guards all along the outside perimeter of the wall. The guards were chosen from faraway places, and some had never even heard about the tree. They certainly had no idea of what they were guarding. They simply followed their orders. And as time passed, all memories of the tree faded, except in the minds of a few of the older generation.

One young man learned about the tree from an older member of the family and wondered whether it still existed. His common sense told him that there must be something very important beyond the tall brick wall because it was being guarded so closely (And the soldiers also sometimes wondered what terribly dangerous thing they were guarding). Obsessed by old folk tales about the tree, the man set out to find it. After much secrecy and hardship, he was able to burrow underneath the wall and discover that the tree was still alive, still singing, still capable of healing its visitors.

The man revealed his discovery to close friends, who again related it to a close circle of friends, and thus a message spread rapidly through the land, from one trusted mouth to another, and they secretly rejoiced, simultaneously devastated by the degree of oppression to which they and the tree had been subjected. This was like the turning of a tide. The more widely the news spread and the more people bonded on a spiritual and energetic level with the tree (which was still hidden behind the wall), the louder the silver bells on the tree sang. Ultimately, the music was so intense, and the connection to the tree so strong, that the surrounding walls began to crumble. The guards became afraid and ran away, and everyone else climbed over the ruins to reclaim their spiritual heritage. Those elderly people who had always carried the memory of the tree in their hearts smiled gently and knowingly. They had never doubted that the tree was still there. But for the younger generation who had never seen the tree before, it was like a fairytale coming true.

Meditation Report 79, 7th March 2012
RAKING THE SOIL FOR ANSWERS

A great number of despairing farmers and labourers gathered in their fields to discuss why their crop had failed. They decided to carry out extensive investigation into the soil to see whether it

contained anything which prevented growth, and so they got out their rakes and tilled the soil. As they worked, one rake struck something hard, and they uncovered a human skull. The more they searched and the more diligently they combed their land, the more vestiges of war and violence greeted their eyes. They were confronted with bones, armour, bullets and carnage of all descriptions.

Now the farmers were even more devastated than before. They understood that they themselves were the cause of crop failure. They had failed to cleanse the fields and their consciences. The land was burdened by an unrecognised past and misplaced justice. With this realisation, the farmers crumbled inwardly and outwardly, cowering on the ground with their heads in their hands, weeping bitter tears, immobilised by grief.

A group of angels dressed in white wandered through the fields. Whenever they discovered a grieving person, they touched him lightly on the shoulder, releasing him from his paralysed state. Now the farmers were able to look skywards, and they saw a strange flying object like an unknown variety of plane. This plane dropped huge parcels from the air. Inside were thousands of seeds. The farmers were overjoyed to discover that they had been given a new chance – a new lease of life.

This time, the farmers did not hurriedly plant the seeds wherever they could in the hope of a large and rapid harvest. Instead they chose the very best location and sifted every grain of soil beforehand. When they eventually planted the seeds, they did so with ceremony and gratitude, in full acknowledgment of the miracle which is growth.

They attended the seed with love and water, and soon the fields were full of tall sun-flowers which provided beauty for the eye and shade for the resting workers. The farmers looked to the sky often in hope of seeing the strange plane again, but instead they saw the migrating birds, and they realised that the birds mirrored their own journey. They came to the realisation that every flap of the wing counts, just as every careful step taken with respect for the well-being of the seeds counts, resulting in a full harvest.

Hello everyone and much Love to all of you,

Kibo's new piece...I read it at about 5 times.

It left me wondering a bit at first, until I recognized what to me, was the main point.

Love...unconditional...seeks no revenge ever.
Is this not one of the main lessons of all the teaching?
Not to judge nor condemn?

So would it not be funny for CM to change the rules just for the satisfactory of revenge?

Of course I've thought of this, and I think you're wrong. If someone is selfish, others need protection from that one. Not everyone is trustworthy.

Turn the other cheek? No thanks, I believe that was a misquote or a mistranslation.

Now you could say that what I feel isn't real love. For those ones who are doing very bad things, no I don't, but I feel a love for the system and that it will make all things right. But there's some reckoning and fixing to be done, and it won't be done by being all soft and pillowy. I feel oneness with those others, because I'm basically no different, but they aren't trustworthy and need to be corrected.

Sure, from what I'd call a spirit point of view, we are the same spirit or at least of the same stuff. I can understand them because I am the same. But what's the point of playing the incarnation game, involving the more physical manifestation, if some privileged ones are, at the end, not really subject to its constraints. Then it's a lie in yet another way.

That's not fair. And if fairness is not to be expected in ways that can be corrected, then these artificial stages of experience are too difficult and heartbreaking. Really if one takes that to the extreme, then there would be no rules at all, nothing anyone could rely on beyond their own infirmities. So I'm saying this should be corrected. The issue has been identified loud and clear 1000 or millions of times before I'm saying it here, so it should be fixed. It's my expectation.

I think one of our roles here is to report back impressions from the field. Consider an ant colony. As an outsider looking in, one would have no idea what's really going on there, what the life of an ant in general or of specific ants is like. But if you incarnate some ants and listen to their feedback, you can understand better. Well, that's my feedback up the line from this anthill.

ALL are subject to its constraints. There are folks who will face courts and uncreation, there are folks who wish uncreation, dark or otherwise. There will be many who are not going to fuse with the Father Fragment, some of course not ready, but others simply making the irrevocable decision to walk from the eternal journey, it is not for them. Some do tire. And these worlds sort the motivated from the lazy. Dark or otherwise. This completion of 2 trips around the Milky Way since the planet was seeded with life, is one of those points where decisions are MADE by all taking the journey on this planet.

It is simply how things are done, or can be done. That this is a seed planet, prison war, captured planet by method of war, and much much more does cause a different decision process that might be on other planets.

Plus of course Momma making her own ascension in these times, so it is preferable to keep her body, rather than her having to move to another situation. Then we deal with this being the bestowal planet, another kink in it, and this being a totally different reward for the beautiful GAIA who serve far beyond what was required of her. She is going to wear quite a crown of her own.

Oh and I forgot another kink,, this is a training world for Michael Sons and Ascending Sons choosing the career of becoming Creator Sons like me.

Study, think, ask questions, ponder and don't forget those that live by the sword die by the sword, so that some places which seem to ugly on this world, are ones experiencing that sword and usually by their own kind, like gaza and israel.

This is a grand time for CONSCIOUS Soul Growth for people at all sorts of levels in their journey. Use it WELL, because believe it or not, its a GIFT to you ones who are not going to throw in the rag, and even a gift to those who are making a decision to throw in the rag. These harsh planets produce STRENGTH.

Rosies pieces on our site are interesting. Go to her work, not with Seraphim, but her WRITINGS, under her section of AH team writings. She is an old soul but also a well traveled on in this life, and her 100 situations she has, if you read a bunch of those, the concept of what a variety soul situations provide is just plain awesome.

[\[link to abundanthope.net\]](http://link.to.abundanthope.net) her unity Taro material. She seems to have combined 1-50 into a single file. These are so potentially enlightening to understanding situations which produce growth.

You see organic mind grows slowly and MUST be challenged. In the "nice countries" at this time on earth, a lot of folks ARE STAGNANT because life is too easy and too pleasurable. Many species of birds and monkeys are stagnant too, that live in warm easy climates. That is one reason for axis shifts, it forces acclimation to new weather conditions.

how mind is evolved is a fascinating subject to me personally and one reason I spend time here.

Just observing where peoples minds are. Just to learn and just to be appalled sometimes by what religion has done to delay soul growth.

Now two cents from this ant.. :-)

According to the Law of One, the hardcore "service to self" path has the same outcome as the service to others path. At some point they flip to the light.

However, that means full dedication to self, not just part time like most folks. This is the darkest of the dark, FULL "service to self". These ones do provide much teaching that would otherwise be unavailable, as most would not want the job they do.

We must NEVER forget that EVERYTHING is the Father/Mother, Prime Creator. The darkest of the dark are just as much Him/Her as anyone else. We are all the Creator experiencing itself in endless ways.

Endless love.....

It is simply how things are done, or can be done. That this is a seed planet, prison war, captured planet by method of war, and much much more does cause a different decision process that might be on other planets.

Plus of course Momma making her own ascension in these times, so it is preferable to keep her body, rather than her having to move to another situation. Then we deal with this being the bestowal planet, another kink in it, and this being a totally different reward for the beautiful GAIA who serve far beyond what was required of her. She is going to wear quite a crown of her own.

how mind is evolved is a fascinating subject to me personally and one reason I spend time here. Just observing where peoples minds are. Just to learn and just to be appalled sometimes by what religion has done to delay soul growth.
