**The NON Houla Massacre**

I don't know if others have posted this here or not, within the syrian threads. It deserves its own thread.

Now go HERE, [[link to eyreinternational.wordpress.com](http://link.to.eyreinternational.wordpress.com)]

and then run to CNN and other media, and use your email lists, write the .gov sites and raise a little "holy hell."

A couple days ago I realized myself I had probably seen this massacre image in the past and sure enough I had too. We have this right in your face on my own website since May 30.

This is CNN's contact page. [[link to www.cnn.com](http://link.to.www.cnn.com)]

You can also click the names of just about any CNN shows in their right side pop down box on their main US site as there are contact forms with their shows.

I would suggest going to well known Iranian new sites and any of interest and sending that linky to them. Its about time people did SOMETHING en masse and then see how CNN might cover this if enough attention is drawn to it.

We were shown these same images on CNN, even though the above linky is about BBC's use of the image. IF you have seen that image on any media, make it know how you feel.

For those in the Zionist run countries, you are going against your own countries PEOPLE if you do not do something about this. This is a big gorilla in the room.

Yes, it's from Iraq, years ago. They are now trying to say it's from Syria today.

There was NO thread I found labeled false images in Houla or with similar title. Doesn't matter anyway, it needs to remain in peoples faces. I pinned it with my own greens. It should be kept pinned by somebody until enough SEE.

Post the linky to your blogs besides spending time sending it elsewhere and confronting media sources using it. People **can** take more action.

It needs more exposure. And the doing of contacting MEDIA about it. I left the linky today on a bunch of CNN contact forms and in a bit I will hit some other media sites. Once in a while what is going on the net hits the media and its fun if nothing else to watch them gag on it and make up more stories that might help some of their audience THINK.

No. It is the desire to OCCUPY the ancient land of israel, the wider area, as these Khazar Zionists who wish to occupy the lands of people than long ago came from the stars there, the original semites and today I can't remember the rest. These areas were settled by people from Pleiades. Lighted people from Pleiades.

These khazars are doing battle against "god". They see that wider area as a fortress of God. They are stealing it from the owners which today REMAIN the descendents of those people of thousands of years ago. This was known long ago in the management realms of heaven, as the Khazars pushed westward or were pushed westward from MONGOLIA. These are NOT the people of "Palestine". They never owned it. The diaspora is a pure lie.

Taking on the Talmud which is evil anyway, does not give a group the right to take over other lands. The Talmud was created after Christ, both versions if I recall, buy other negative ones in the area known as israel today.

It is simply conquest of a planet, the desire for an area that had holy people that settled there but forgot themselves too.

If a "jewish" person has the heritage genetically of those "jewish people" from eastern Europe, they are of Khazar heritage. Not semetic heritage. And if we can teach truth on this planet, your genetic heritage is not necessarily who you are anyway.

This is the same thing that happened in the US of A. The lands were stolen over a very short period of time, from the Red man. Saying that one is a descendant of people a few hundred years ago in the US of A doesn't make one a red man. the Zionists of the 1400's quickly got involved in the "new world". Firm implantation of selves early 1500's.

Stealing those lands now in the Middle East is no different than the land stolen from the Red Man starting in the 1400's. It is the same thing.

The want ALL the land under the former "real israel", which is basically on this map I searched for, after Christ Michael long ago gave me the approximate boundaries in my own atlas, that I traced in pen from his information. The only difference with the map way down on the page below, is that it includes Iraq to the Tigris, and less of Turkey than shown. The portion of Turkey wanted is the south east sector over to the headwaters of the Tigris which does include all of Syria. Those that stole the Talmud, cannot call themselves "semities". They didn't even name themselves "jewish people" until the 1700's! Then added that to the BIBLE to divert christians with additional propaganda, to their service.

I Can see that, the Syria jihads, will be attacking the Russian Military Base, but that will be a mistake because The Russians will just bomb them into the stone age.

On the Houla topic, as the australian poster said, not even the syrian regime is denying it, they only moved the responsibility from the army to pro-Assad militias.

And the fact that there was an error in the BBC service doesn't change that.

On the Nip topic, that is just my opinion, but it comes from reading the nonsense that you write - from the beginning, at the 4wins time, I mean.

**NIP**, I have a suggestion that you begin a thread (when you have time to devote to) with a Q&A basis on:

3 days of darkness  
origins of God  
purpose of humanity

stasis  
consciousness of individuals, collective and planets

etc.

serious questions only

what think you?

Don't I already have one of those at least for some of those topics? I am going to start one when I am finally caught up with my own forum, maybe even this evening, on the Hierarchy and the creation in general. Consciousness IS,, nobody knows when or how it started. Nothing to cover thusly, except IT IS. 3 days of darkness is nothing to spend pages on, everything on it already is in my stasis et all thread. [Thread: Stasis, mini stasis, craft, Jupiter](#)

My thread I plan will touch some of the other. There is no purpose to humanity. Except to evolve! except on this planet, its the prison ward for the lucifer rebellion and the new thread will get to that.

**Sign of the Times Q&A, intensity welcomed, foolishness is not, time may be short...**

For instance, I would like to know more about:

Putin, his role  
Her majesty of evilness and her stolen ring  
What comprises a "team" of who's fighting who...

You can be a little spread out on your threads and I tend to see many posts unaddressed. Understandable of course, however it would be nice for a focused, intense Q&A thread.

Hope you don't mind my suggestion...

Putin, simply an incarnate good guy, who with others continues to prevent the re take over by the khazar bolsheviks of Russian. Genuine Christian, as ina Christ. The big "house" he built has purpose other than for himself, should not mention that here. Lets just say its "good."

Her Magisty, currently an actor. But otherwise, the Khazars took the British throne in the early 1900's along with destroying Russia, and she is born khazar. Enough on that, we sort of like to "live". Obviously thus the reason behind the stolen ring, which however is not the whole ring.

Marcos had it, legit, and it should have gone to his heir. Heir also deaded, Even though its claimed he is alive, another actor. Simple theft of God's stuff on this world. For ones wondering on the Ring, its the alpha omega ring that has been passed down for 38,000 years now, it belonged

to Adam and Eve. For who Adam and Eve were, the simple UB story is enough. They were the first VISIBLE rulers of this world from "heaven." Some of that will be covered in my hierarchy story I assume.

Well as far as posts in other threads, I often to post and run and don't come back. Sometimes I just want to leave the hint, in others if I do too much, too much attention can result.

The heirarchy thread should pul together some stuff. I will be as usual, banning and deleting as needed in it. And likely NOT answer some questions, until it is "time" to answer them.

I probably do have some posts in my main threads unanswered. Shit happens.

...They want ALL the land under the former "real israel", which is basically on this map I searched for, after Christ Michael long ago gave me the approximate boundaries in my own atlas, that I traced in pen from his information. The only difference with the map way down on the page below, is that it includes Iraq to the Tigris, and less of Turkey than shown. The portion of Turkey wanted is the south east sector over to the headwaters of the Tigris which does include all of Syria. Those that stole the Talmud, cannot call themselves "semites". They didn't even name themselves "jewish people" until the 1700's! Then added that to the BIBLE to divert christians with additional propaganda, to their service.

I know. BBC even conveniently puts "**this image can not be independently verified...**" right under the photo.

We all know the news is contrived, Opie. But this image, especially with a disclaimer as to its authenticity is not quite as big a deal as you make it.

its absolutely a great big hairy deal. as I said, it can be the gorilla/elephant in the room for some people to wake them up to the games being played. the "image can't be independently verified" is part of the elephant in the room and possibly medias way of hinting they are using either out of date images from past event to screw peoples heads, or they were made in a "lab" on purpose.

In this case either it was made on purpose years ago and is being reused, or it was genuine years ago and is being reused.
